'Weekend Riders' Bike 323 Miles To Mackinaw

by Kathy Brown

When they signed up for the DALMAC Lansing to Mackinaw four-day bicycle tour, "We didn't realize until that day we arrived in Lansing that we'd be riding 80 miles in a day, peddling eight hours a day," said Harry Sabourin, audio-visual coordinator at Tecumseh High School.

"We were what you'd call weekend riders," added Ron Frenzen, Tecumseh High Industrial arts teacher.

"The farthest I rode was twice out to Shamrock Junction in Clinton, and Adrian," Sabourin added.

But after the 520 km trip (323 miles), averaging 130 km (80 miles) a day in the DALMAC tour, places like Shamrock Junction "would be just a morning ride," said a blase Sabourin.

"We vowed we'd all stick together and finish it together," said Sue Shaw, fourth grade teacher at Britton-Macon School and Sabourin's fiancee. She, too made the bicycle tour.

The trio's all-important booster was Sarah Frenzen, Ron's wife, who eight months pregnant, could not bicycle but followed the local bicyclists in their own "sag wagon."

Sarah met them each night at the appointed campground so that they did not have to wait in line with the other 425 bicyclists to unpack their tents, sleeping bags and clothing.

"It was an adventure," Sarah stated.

DALMAC is the Dick Allen Lansing to Mackinaw Bicycle Tour that was held Aug. 30 to Sept. 3 this year. The tour originated in 1971 by State Senator Dick Allen, then a state representative sponsoring bicycle legislation.

The original objective of the ride was to bring favorable attention to pending bicycle legislation. Since then, DALMAC has become a leading national bicycling event that promotes bicycling as a viable, healthy means of transportation and recreation in Michigan.

This year more than 425 bicyclists made the tour. Normally, registration is limited to the first 350 people. A total of 700 applications were received this year.

The Tecumsehites heard about the tour individually from friends, and humorously, one of the enthusiasts that informed them missed the trip himself due to late registration.

"What's neat is that you get to see all levels of cyclists," said Sue. This year the oldest cyclists to complete the tour was 73 years old, and the youngest was only seven, said the bicyclists. Several families make the tour.

"One guy trained by riding 1,700 miles since June. Another rode across Iowa," said Frenzen. At night, there were 200 tents in one spot.

DALMAC began its tour at the State Capitol Building and progessed 80 miles that first day to Mt. Pleasant. The second day, the riders left the flat lands of central Michigan and entered the rolling hills of the north central part of the state. Kirtland Community College, tucked away in the woods north of St. Helen, was the destination that night.

The third day, the route went through woodlands of northern Michigan, across the AuSable River and along beautiful Sturgeon River to Wolverine. The three riders earned a League of American Wheelman National Half-Century Patch by completing the first 50 miles of the day in six hours.

The fourth day, riders followed the scenic Shore Drive north of Harbor Springs.

At the beginning of the trip they say they averaged 8 1/2 mph, at the end of the trip, they averaged 12 mph.

At Wolverine, the quartet said that they had the best meal of the trip. It was prepared by a local group of band boosters as one of their annual fund raising projects.

A registration fee paid to DALMAC included four evening meals, two continental breakfasts, camping facilities, baggage transport, bridge crossing toll and official DALMAC '79 patch.

The entire trip was marked by arrows. Bicyclists are also provided with a map booklet, similar to the Trip-Tiks, familiar to members of the Automobile Club of Michigan.

The evening before Labor Day, the riders crossed the "Mighty Mac", the world's longest total suspension bridge, spanning the Straits of Mackinac, a total of five miles, connecting Michigan's Upper and Lower Peninsula.

This event is the only time during the year that northbound motor vehicle traffic is stopped to allow bicyclists to cross in two shifts.

After they completed the bicycle tour to St. Ignace, the Tecumseh riders made the Labor Day Bridge Walk, an annual event that is led by the governor.

What kept them going?

"Perserverance," said Sue Shaw. "We kept thinking about the big breakfast we promised ourselves when we got to the Mackinaw. We felt proud that we didn't walk a hill or never took a ride in the sag wagon," she stated.

The sag wagon was intended for riders with an irreparable breakdown with last attention to riders who were simply tired.

Fortunate for the Tecumseh people, they had no repair more serious than a bent rim.

Spirit in the towns along the backroad route was also high. Since many communities have become accustomed to the tour coming through their towns, they welcome the riders with signs offering free water and lemonade and in some cases, line the streets to watch the bike parade.

What will the Tecumseh riders do for an encore this winter?

"Cross-country ski," said Sabourin, "but not to the Bridge," he added hastily.

KEEP ON BIKIN' — Sarah Frenzen, at left, rode "sag wagon" while Ron Frenzen, Sue Shaw and Harry Sabourin biked the 323 miles to Mackinaw with DALMAC. Ron models the flourescent orange "fanny patch", used to identify the riders. PHOTO BY KATHY BROWN

Ask Voters for One Mill

Monday, Oct. 1, registered voters in the Lenawee Intermediate School District will vote on a proposed millage for special education.

The proposal, the only one to be voted on that day, requests one charter mill to be used specifically for the education of handicapped children.

According to Bill Ross, Lenawee Intermediate School District Superintendent, funds from the proposed millage are needed for three primary reasons:

First, Lenawee County has a large number of children with "hidden handicaps" who are not now being served.

Children with these "hidden handicaps" may have learning disabilities, be emotionally impaired or have mild mental retardation.

Second, the Milton C. Porter Education Center (the county school designed to serve the needs of the severely handicapped child) must be expanded to include:

(1) a multi-purpose room, (2) facilities for serving hot lunches (currently, the Porter Center is the only school in the county that does not have a hot lunch program), (3) a bus garage (for the maintenance of a fleet of 15 buses that travel in excess of 330,000 miles per year), (4) therapy rooms, and (5) a media center.

Third, current programs need additional funding to offset inflationary erosion.

All registered voters in the local district of the Lenawee Intermediate School District (Addison, Adrian, Blissfield, Britton, Clinton, Deerfield, Hudson, Madison, Morenci, Onsted, Sand Creek and Tecumseh) are eligible to vote in this election.

The actual ballot language to be voted upon Oct. 1 will be:

"Shall the one and one-half mill limitation (1.50 on each $1,000) on state equalized valuation on the annual property tax previously approved by the electors of Lenawee Schools Intermediate School District, Michigan, for the education of handicapped persons be increased by one mill ($1.00 on each $1,000) on state equalized valuation? Yes ____ No ____"

On election day, ballots may be cast in school polling locations at each local school district from 7 a.m. to 8 p.m. Absentee ballots may be obtained at the superintendent's office in any local school district.

The Lenawee Intermediate School District provides diagnosis, education, and serves children who are mentally retarded, physically handicapped, blind or with limited vision, deaf and hard of hearing, emotionally impaired, learning disabled, speech and language handicapped, hospitalized and homebound, handicapped pre-schoolers, and multiply handicapped.

Ross pointed out that the one mill would cost $25 a year to a property owner whose home is worth $50,000. He also indicated that, if in the future the full mill was not required, the Intermediate Board would not have to levy it. "The Board has done this in the past," Ross said.

Assistant Superintendent for Special Education George Eidson said, "The greatest difficulty we face in this election is communicating the needs we have in Special Education.

"If people understand our needs and take the time to vote on this issue, I know our program will continue to serve the young people and also serve the additional young people in our area who need special help, but who are not now receiving the help."

If your brand new car is 'totaled' will your insurance company pay you for a brand new car?

Some insurance companies think a new car is a used car the minute you use it to drive out of the dealership. Not Auto-Owners.

With Auto-Owners, if you have an accident anytime within 90 days and your new car is a total loss, we'll pay you the total cost of your new car. And with Auto-Owners, your new car is covered immediately, automatically, under your previous policy.

So if you're about to get a new car, talk to us at Auto-Owners. Maybe you should get a new insurance company, too.

Win Boston Invitational

The Tecumseh boys cross country squad captured top honors Saturday in the New Boston Invitational, taking first place in a field of 22 teams.

THS finsihed with 104 points Monroe CC was second with 145.

Scott Betzoldt finished for the Indians and 10th overall with a 16:28 clocking. D.J. Biscupski was 15th at 16:45.

Tim Day came in next for THS at 16:50, a 20th place. Ben Binder was 26th and Nick Osburn was 33rd.

The THS girls finished third in the meet in a field of 13 teams. They posted 146 points while Airport literally ran away with first.

Karen Egli was the top finisher for the Indians. She was sixth overall with a 21:02 time.

Leslie Oliver was 28th at 23:19, Jill Schmidt was 33rd, Nancy Comfort was 35th and Jody Schmidt was 42nd.

Just two days before the invitational, the boys beat Milan 19-36 while the girls lost 19-46.

Betzoldt was again first for the Indians and first overall. He posted a 17:08 time. Day finished third at 17:21.

Biscupski was just seven seconds behind Day. Binder followed in fifth place just behind Biscupski at 17:42. Osburn was sixth at 17:56.

Egli again finished in first for the THS girls, but posted an overall fourth place against Milan with a 21:55 time.

Jill Schmidt was ninth at 21:16, Jody Schmidt was 10th at 27:40 and Anne Smoke rounded out the scoring.

THS Golfers Beat Ann Arbor, Saline

The THS golf team recorded two victories this week - one because they played very good golf and one because the other team played very bad golf.

Wednesday, the golfers beat class A Ann Arbor Huron 156-165 on Huron's home course.

Ron Smith led the golf attack with a 38, but teammates Mike Zettel and Mark Walters were just one stroke behind. Greg Scheuerman finished out the scoring with a 40.

Monday the Indians meet Saline in Indian territory and won after carding a score 21 strokes higher than against Huron.

Tecumseh shot 175, and that score was four strokes better than Saline's.

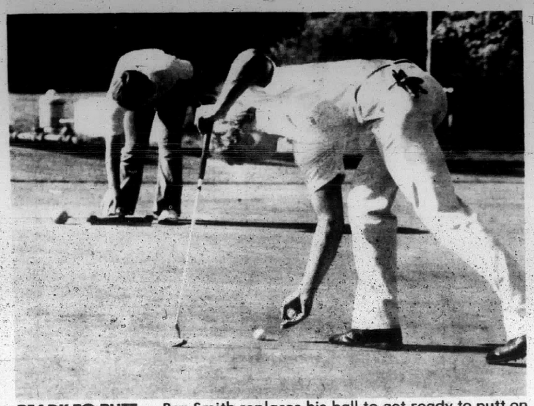
Smith was low for THS with a 40. Scott MacDonald hit 42, Scheuerman hit 45 and Zettel carded a 48.

The THS squad is now 3-1 for the season.

Thank You

The Tecumseh varsity cheerleaders would like to thank all the Indian fans and especially the parents for supporting the football team.

The girls urge fans to watch for new cheers in the future, and hint of new cheers to come designated for adults.



READY TO PUT — Ron Smith replaces his ball to get ready to putt on number 11 against Saline's golf squad Monday. The Indians beat Saline and Ann Arbor Huron this week with Ron leading the way in both matches, shooting a 38 and a 40.

Indians Bow to Flat Rock

The Indian football team played a good football game defensively and offensively Friday against Flat Rock, but the score doesn't reflect that playing as costly offensive and defensive errors allowed the Rams to win the Huron League opener 14-7.

The Indians put points on the board first against the Rams when quarterback Tim Todd scored on a one yard sneak to cap a 69 yard drive. Todd was five of eight in the passing category during the drive. Tim Steuwe's extra point kick made the score 7-0.

The Rams then countered with a score as a costly Indian fumble put the Flat Rock squad on the Indian's 15 yard line in the second quarter. The Rams passed into the end zone and added an extra point kick.

Again an error led to the Rams scoring, this time just before the end of the first half. Flat Rock blocked an Indian punt and then took the ball on the Indian 32 yard line. They scored on a six yard pass. A second extra point finished the scoring at 14-7.

Neither team threatened in the second half.

Overall, Tecumseh held an offensive advantage, gaining 105 yards on the ground, 122 in the air, for a total 12 first downs. Flat Rock had 129 yards on the ground and only 20 yards in the air for six first downs.

In passing, the Indians were 12 of 36 with three interceptions. Flat Rock was two for eight with one interception.

Kevin Salters was the leading rusher for the Indians with 38 yards in three carries.

Clinton Girls Open Season

The Clinton girls basketball team opened its season on a sour note as they were edged by Saline 42-40 Tuesday night.

The Redskins jumped off to a 6-0 lead and were ahead nine to six at the end of the first quarter. CHS controlled the tempo of the game during the first half and started the second half leading 22 to 17.

Clinton did not score during the first six minutes of the third quarter and Saline made just about every shot they took and outscored the Redskins 16-0. Down 35 to 27 starting the last quarter, the girls started a [illegible] the score at 36 with three minutes left in the game.

With Saline leading 42-40 and 15 seconds left in the game, Brenda Cark took a good shot which just rolled off the rim and a Saline player grabbed the rebound and that was the game.

Coach Bob King was pleased with his teams ability to fight back after being behind by 11 points. He felt it showed this years team has a lot of character.

King substituted freely giving several younger players game experience, which he feels will help his team throughout the season.

According to King, Clinton must shoot better (around 35% from the floor) and control the back boards to be successful this season. (Saline outrebounded CHS 44-31).

Three seniors led in scoring: Kris Pratt had 10 - Karyn Coward had nine and Barb Winder had eight.

The Redskins travel to Britton Thursday. Their next home game is against Manchester, Sept. 25.

WHAT A CATCH — Phil Conklin took this photo of Tecumseh's Debbie Rogers when the Spartans opened against Illinois. Debbie is a third-year member of the State Cheerleading squad and a co-captain.

CHS Cross County

Clinton's Cross Country Team captured two of the top three spots, but Vandercook had better team depth to defeat the Redskins 24-34 Tuesday at Vandercook.

Tom Nighswander won the meet with a time of 17:20. Teammate [illegible] captured third in 18:23.

Vandercook captured second place and won the meet by taking fourth through seventh places.

Mark Arquette was eighth, Mark Rochowiak 10th, Jack Thompson 14th, Chris Kruchkow 17th, and Don Krauss 20th.

Clinton Cross Country Team dropped its opening LCAA meet Thursday to Addison 24-34. The defending champion Redskins showed much improvement over their first two meets.

Senior Nighswander won his second consecutive meet, running 16:15 for the three mile course. This is Tom's fastest time on the Rustic Hills Home course.

McNeil was fifth (17:25), Arquette finished sixth (18:d16), Thompson was 10th (19:11), Rochowiak was 12th (19:51), Kruchkow was 14th (20:08), Krauss was 16th and Steve McKay 17th.

Clinton Cross Country Team competed in the Ann Arbor Greenhills Invitational Friday afternoon.

The Redskins finsihed ninth in the 12-team field with 250 points. Springport won the meet.

Nighswander led the Redskins by finishing in eighth place out of over 80 runners. Tom's time was 16:48. Matt McNeil finished in the [illegible] of the [illegible].

Finishing out the scoring for Clinton were Arquette, Thompson and Rochowiak respectively.

Chris Kruchkow finished 21st out of over 40 runners in the JV race.

The Clinton squad traveled to Onsted Tuesday and lost 19-37.

Nighswander finished fourth with a 15:36 clocking on the short course. McNeil was fifth at 16:25.Arquette was eighth with a 17:34 time. Thompson followed right behind at 17:39 and Rochowiak finished 11th at 18:10.

Britton JV's Beat 'Creek'

Britton JV's defeated Sand Creek's JV team 18-12 last week.

Leading rushers were: Tracy Gibbs, 76 yards, two touchdowns, Gregg Northdurft with 63 yards, and Mike Gonzales with 58 yards and one touchdown.

Leading tacklers were Jim Schroeder with 12 and Rich McWilliams with nine.

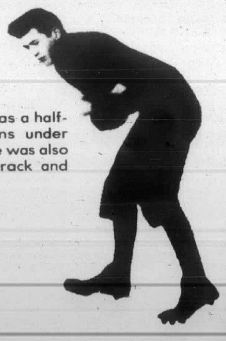
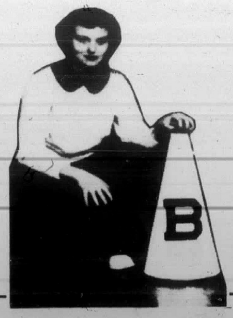
ROD AND LOIS



Back in 1945, Rod was a halfback for the Indians under Coach Fred Raizk. He was also a member of the track and baseball teams.



In the early 1950's at Britton High School, Lois Clement was a cheerleader as a sophomore, the school's drum major for the band.

CRAIG AND SUSIE

Susie was an All-Stater here when the girls took the Class B Championship. A senior now at Central Michigan U., she's a member of CMU's State Volleyball Team.

A few years ago, Craig held the THS pole vault record and was named among the best in the state. Besides track, he was an outstanding member on the gridiron.

SCORES THREE — Jim Slatick scores the second of his three touchdowns against Sand Creek Friday night. Britton beat the Aggies 24-0.

FUMBLES BALL — Bob Zimmerman loses the ball on a keeper but an alert CHS offense recovered the ball.

Indians Open On Sour Note

The Indian girls opened their cage season on a sour note Saturday when they met Addison on Tecumseh territory and lost 74-42.

The girls played even up basketball against Addison the second half. They scored 16 and 13 points to the Panther's 17 and 15.

In all the girls committed 38 turnovers, most of them coming against the man-to-man full court press.

The Indians came out the second half ready to play basketball and shot more against the Panther zone. Defensively the girls tightened up.

The Indians were led by Kathy Kruger with seven points. Kris MacDonald and Kathy Steuwe each added six.

The local squad hit 37 percent of its shots and grabbed 31 rebounds. MacDonald had was high with eight rebounds.

Addison shot 49 percent from the floor and brought down 42 rebounds.

Veteran Vic Lawson was sitting in for injured Diane Nelson and handled the coaching responsibilities.

CHS Golf

Last Wednesday the Clinton golfers traveled to Addison where their host team set a new school record on its way to a 149-166 non-league win.

Tom Eddy topped the Redskin scoring with a 42. Steve Porterfield added a 43, Rick Peterson shot 45 and [redacted] 46.

Thursday Onsted went up against the Redskin squad and went away with a 160-178 home victory.

Peterson and Eddy led the Redskins with 41's. Mark Dettling shot shot a 47 and Clark hit 48.

TCC Golf

Emily Skinner and Lee Smith were in charge of the low gross, low net and low putts tournament Sept. 12. They presented prizes to the following winners.

Maurine Hannibal, 1st low gross; Allee Collins, 2nd low gross; Harriet LaVoy and Ann Dodd tied for 3rd low gross.

Gloria Schwartz, 1st low net; Marty Owen, 2nd low net; Ruth Hanna, 3rd low net. Mary Hanna had low putts. Emily Skinner and Allee Collins had chip-ins.

Britton Blasts Aggies, 24-0

Britton blasted Sand Creek's Aggies, 24-0, in the two team's Tri-County Conference opener Friday night.

According to Coach Randy Salisbury, just about everything went right for Britton, and that's how it looked to the fans as the Tories dominated all but the last few seconds of the entire game.

Defensively the team played extremely well as a unit, just as they did a week ago. Friday they held Sand Creek to a total of 70 yards, 39 on the ground and 31 in the air.

Offensively, Salisbury had three backs that played well Friday and the offensive line is making them look better each game. The line keeps improving and literally blew the Aggie's defense off the line Friday.

Offensive stats in the game don't even compare. Britton had 15 first downs, Sand Creek 6.

Britton's main three backs gained 109, 81 and 40 yards. Jim Slatic was the top gainer with 109 yards in 20 carries.

John Montalvo's 81 yards came in 14 carries and David Bruce added the 40 yards in 11 carries.

And it was Slatick who hurt the Aggies the most, scoring all three touchdowns and one of the three extra point runs.

Slatick's first score came in the first quarter when he literally bounced off the right side of the Aggie line and ran 31 yards for six. Montalvo added two more on the run after.

Slatick went seven yards in the third quarter for the second score and then added two more himself.

His third score came in the same frame from six yards out. Montalvo ran in the extra points.

The Aggies threatened only once and that was at the end of the fourth quarter. Sand Creek carried the ball 49 yards but Britton held on until the clock ran out.

Defensively, Wally Armstrong had 11 tackles while Montalvo and Bruce had nine. Greg Fanslau grabbed two interceptions and had seven tallies.

Freshmen Win Two

The Tecumseh freshman football team's record is now 2-0 after the young Indians beat Monroe CC 18-0 last Wednesday and Chelsea Tuesday 16-2.

Jim Erb is leading the rushing and scoring stats with two touchdowns against CC. John Walper has had two interceptions defensively and is running the ball well from his offensive back position.

Joins Squad

Central Michigan's two-time state championship volleyball program will begin its 1979 season Friday and Saturday with Tecumseh's Susie Brown returning to the team.

Brown is one of two returning seniors to the squad that opens its home play Oct. 2.

Jodi Smith Sparks Team

Jodi Smith came off the bench the second half Thursday to score 14 points and led Britton to a 53-49 come from behind win over Manchester.

Smith sat out much of the first half with an injured ankle. Without their big gun, the Tories were down 15 points at that mid way point.

Coming out in the third quarter, the Tories held Manchester's Dutchmen scoreless the first six minutes and went out to outscore their opponents 13-6.

With the score at 31-39, the Britton squad went on to catch and pass the Dutchmen with 22 points to the visitor's 10 points for a Tory victory.

Amy Rohrs had 15 points for the Tories. Jamie Smith had 10 points and 10 rebounds. Jill Smith had 10 points. Jody Smith ended up with 18.

Addison Downs Clinton, 6-0

Addison connected on a 41 yard pass late in the first half to score the only touchdown of the game Friday as Clinton lost 6-0.

Other than the Addison score, neither team made any threat in the game. Addison picked up only seven first downs and Clinton picked up three. Redskin's first, first down didn't come until there was 5:23 left in the game.

There was one good point for coach Don Eaton, the Redskin punting game. Eric Rockwell punted the ball away eight times for an average 32 yards.

Offensively, Addison picked up 111 yards to CHS's 43. They were two for seven passing with two interceptions. Clinton was three for six with one interception.

Defensively, Clinton's Warren Green at the linebacker position and Keith Kinard at middle guard led with 14 and 13 tackles.

The loss puts Clinton a 0-2, 0-1 in the LCAA.

Adrian Starter

Lyndon Hughes, a six-foot-three, 212 pound graduate of Tecumseh High School has joined the Adrian College team as a starting receiver. Hughes is a sophomore and is in the lineup as a tight end.

Eloise Adams likes people. Which is a good thing because she has come into contact with thousands of people in the five years she has been a teller at our Herrick Park Office. She strongly believes that the customer always comes first. And she proves it, every day by treating each individual like a person, not a number.

Eloise is an involved member of the Tecumseh Community too. She and her husband Bill (a local dentist) have raised three children and seen them all graduate from Tecumseh High School. She is a member of the Hospital Auxiliary and the First United Presbyterian Church. She likes to keep busy . . . usually doing something for someone else.

So, the next time you stop at the Herrick Park Office, look for Eloise Adams. She almost always has a smile on her face because she believes a smile says a lot. So do we. Eloise is just one of the hard-working people at USB who cares about you.

School Board Votes To Reduce Millage

CLINTON — Board of Education voted to set the millage at the Sept. 12 meeting as required by law.

Total operational mills approved by the voters was 26.82. Due to Headlee amendment, rollback factor reduces millage to 26.5288. Board approved this figure.

Debt retirement was set by the board at 3.85 mills.

Board corrected the amount approved to be borrowed against state aid. Amount is $445,265.

Enrollment was 1,255 Sept. 12, with the breakdown: 455 elementary; 404, middle school and 396, high school.

For every child under last year's enrollment figure of 1,301, there is $1,465.74 less in revenue. But the state will reimburse the district 63 percent of 40 percent of the funds paid out last year as set forth in Section 21, state aid formula. The district will lose about $52,000 in revenue. This is approximately one mill.

This is the first time Clinton has had declining enrollment.

Richard Egli was present to give a short slide presentation on the need for the additional operational mill being placed on the ballot Oct. 1 by the Intermediate School District for the county special education program.

Board voted to lower to $1 the per semester tuition for non-residential students.

Science department request for new textbooks was approved at a cost of $400 for 40 texts.

Present CETA program will be in effect until Oct. 1, and cost of program was included in budget, at $23,000.

A tentative budget was voted, pending the school enrollment official count, which it is hoped by the board to reach 1,261.

Contract including a six percent increase was ratified by the board for the bus drivers, the Intermediate Union of Operating Engineers, effective Oct. 1.

Seniors Plan Center Meeting

CLINTON — Shamrock Senior Citizens will meet Thursday at the Smith-Kimball Community Center for crafts, cards and games from 10-11 a.m. Blood pressure checks will be made during that hour. At noon, a salad potluck will be featured. Dr. Edwin Wight and his dogs will provide entertainment.

Files For Hearing

CLINTON — A petition for a hearing has been filed by Thelma Ritter former treasurer of Clinton Village with the Bureau of Workers Disbility Compensation.

Mrs. Ritter, 56, was elected to the post of treasurer for the first time in 1970, and was last elected for a two year term in March of 1978.

Her duties as treasurer with a salary of $40 per week, were supplemented by other village office clerical duties and salary.

Village records show recurring illness requiring leaves by Mrs. Ritter prior to her 1978 election.

Her request for hearing states that her claim as disablement from occupational disease which occurred on or about November 1978.

"That the injury of disablement occurred at Clinton, Michigan in the following manner, unusual stresses, strains, and physical and emotional pressures while employed as village treasurer, in the process of changing over computer systems which culminated in undue and unusual physical and emotional stresses and strains."

The nature of her disability is listed as "aggravation, acceleration, precipitation coronary disease, et seq., emotional stresses and strains."

She last worked for the village, Nov. 20, 1978. She has not recovered and she has not returned to work, according to the peition for hearing filed by her attorney Joseph I. Conklin.

More Booths

CLINTON — Since the Fall Festival supplement went to press for this week's insertion in area papers, several more reservations have been received for booth space.

As of Sept. 13, there are 87 arts, crafts and concession booths scheduled.

Chairman Jeni Harris predicts a total of at least 120 by Festial weekend, Sept. 28, 29, 30.

In addition various Clinton merchants will have their merchandise on display, with many specials offered.

Co-chairmen for the arts and crafts is Pat Kwapis, Gae Miller, Mary Jane Richards and Jerri Scheland.

Those who signed up for booths recently are: Arbuckle Equipment, snowmobiles and garments; JoAnn Dettling and Irene Karapas, Greek pastries; Cynthia Luoma and Viola Hewitt, pine cone arrangements and miniatures; Clinton Little League, car tickets; Village Hair Forum, Sandra Stobbe giving haircuts; Bill and Chela Chandler, Shaklee products; Don's White, assorted crafts; Jane Ollila and Nancy Rose, cross stitch; Nutty Gourmet Shop, Food and gift items.

These crafts persons will come from a variety of towns, Lansing, Milan, Manchester, Fenton, Riga, Taylor, Ann Arbor, Adrian, Rives Junction, Belleville, and many others from nearby.

Plan Tournament for Horseshoers

CLINTON — Double elimination horseshoe tournament will be sponsored by the Clinton Horseshoe Club, Sunday, Sept. 30 at 1 p.m. at the Firemen's Cabin.

There will be an entry fee of $5 a pair, and there will be cash prizes.

No registration — just come on down.

Air Show Attraction Is Set

CLINTON — There will be another feature attraction at the free air show, Saturday, Sept. 28, from 5 to 6 p.m. during Fall Festival.

Art Patstone will fly a breathtaking series of high performance climb-outs, loops, hammerheads and high speed passes, in a rare 1973 Messerschmitt-209.

The 37-year-old bachelor is employed at Chrysler Proving Grounds. He comes from an aviation family, had his first 15 minutes at dual controls in a flight when he was five years old.

He has an engineering degree from Chrysler.

He has clocked some 700 hours in the air and has qualified for commercial, glider and multi-engine flying.

His Messerschmitt-B-0209 is a two-seater, German sport plane, designed in 1969.

Only 100 planes were built, and Patstone's plane is one of the first 10 to come to the States.

The plane's 150-hp engine is stressed for airobatics, with foldable wings and optional retractable nosegear, and was originally a military basic trainer.

Patstone will join three other air show events, in a one hour performance over the Clinton High School athletic field, Kehoe Rd., Saturday, all free of charge.

Other features are the Dave McKenzie airobatic show in a home-built bi-plane; 12-man Blue Birds of Tecumseh in a parachuting team show from three planes, and the ascension of Phil Glebe's hot air filled balloon.

Visit Son

Mr. and Mrs. Lawrence Gunn recently visited with their son, Michael at Richton Park, Ill., and they were his guest at the National Material Handlers Show at McCormick Place, Chicago.

Michael was recently promoted to market planner in the International Truck Division of Allis Chalmers. He is also a student at Northwestern University, Chicago, working on his masters degree in marketing and finance.

Caravan To Spread Word About Festival

CLINTON — The Fall Festival '79 committee will form a caravan to Ann Arbor, Sunday, Sept. 23 at 2 p.m.

They will take the Clinton Belle, the three cars and car tickets, flyers and posters.

Anyone who would like to join the caravan is to be at the Belle, located next to the Boron station at 2 p.m.

Co-chairmen of the Fall Festival George and Mary Lancaster, will be interviewed by Winifred Olds on Saturday, Sept. 22 on Channel 10 WILX-TV at 1 p.m.

On Sept. 26, Radio WPAG 1050's Ibcy Dobson will interview George Lancaster Jr. and Jeni Harris, arts and craft chairman, tell about the festivities of Clinton's big weekend.

5th Regiment Band To Play at Festival

CLINTON — History and pageantry from the Civil War period and from across the last 200 years will come to Clinton when the 5th Michigan Regiment Band performs at Fall Festival '79.

The band will perform in concert from 12:30 to 2 p.m. Sunday, Sept. 30, in front of the Clinton Middle School on Tecumseh Rd. They will also march in the grande parade beginning at 2:30 p.m.

This unique international touring organization recreates the musical heritage of Michigan through its special performances across the country and Canada, under the partial sponsorship of the Michigan Council for the Arts.

Dressed in Civil War infantry, artillery, and naval uniforms, this famous unit will bring its full regiment band, regimental and historical color parties, landing party of regimental dancers, and the regimental fifes and drums.

The organization was formed in the fall of 1973 under the auspices of the Howell Bicentennial Committee, and has since been recognized and received major funding from both the Michigan Bicentennial Commission and the Michigan Council for the Arts.

It is a national Bicentennial project as well, and has represented the nation repeatedly in Canada at the Canadian National Exhibition, Ontario Place in Toronto, Fort York, and Fort Henry at Kingston, Ontario; and at Chapleau, Ontario where the unit performed official ceremonies for the Canadian government.

Noted for its close attention to historic detail, both in uniforming and performance, the unit recreates the band or the 5th Michigan Volunteer Infantry Regiment which served with the Army of the Potomac from 1861 through 1865.

Fitness Class Uses Aerobic

CLINTON — Fitness Fantasia is the YMCA's aerobic fitness program. It combines exercise, simple dance steps and music to move every muscle and give the same cardiovascular (heart and lung) training as jogging.

This nationwide program is designed to improve heart and lung capacity and efficiency as it improves flexibility and muscle tone. It's a fast and fun way to get in shape.

Fitness Fantasia classes will meet twice a week in Clinton on Tuesday and Thursday evenings for six weeks beginning Sept. 25.

The one-hour classes will start at 8 p.m. in the elementary multi-purpose room.

Pre-registration is Sept. 20 from 7 to 9 p.m. in the Clinton Elementary School.

Call 456-7871 for information.

Plan Final Paper Drive

CLINTON — Saturday, Sept. 22, there will be a paper pickup in Clinton from 10 till 12 noon.

This will be the final newspaper drive of the year. Support girls athletics by donating old newspapers and magazines.

Bag or bundle them and place them on the curb in front of your house.

Call 456-4435 if you live out of town and want your papers picked up. Papers may be dropped off at 217 West Church St., Clinton, before Sept. 22.

Book Bargains at Library

CLINTON — Clinton Township Library will again offer discard books, magazines and records at a booth in front of the library, during Clinton's Fall Festival.

Special Ed Mill Vote

CLINTON — More than 225 children residing in the Clinton Community School District are serviced by the Lenawee County Intermediate Special Education programs.

The county Intermediate School District is seeking a millage increase of one mill, Oct. 1, for operation of special education programs. This will be a charter millage proposal, and it will continue until voters change it.

Use of these services comes close to home, when a few statistics are translated into children you may know in Clinton's school district.

There are 12 children from Clinton at the Porter Center; two for day treatment (pre-school); one deaf; 20 using resource center for special materials; 13 in middle school and 28 in elementary school, who have been serviced by the county social worker; 25 learning disabled (identified); 75, who have been tested or retested by a psychologist, and 75 who are in the speech program.

Mrs. James Chellman is the chairman of the information committee in the Clinton area, working to explain the millage proposal to school district voters.

School Seeks Mediator

CLINTON — Efforts were being made Tuesday to set up a meeting with the State mediator and the negotiators for the Clinton Education Association and the Clinton Community School Board, in an effort to resolve the salary differences separating the two groups in contract settlement.

The teachers are in the second year of a three-year contract, signed last fall, that has an opener clause for salary.

At the board meeting, Sept. 12, attended by 25 members of the faculty, CEA president, Candy Martin Shade addressed the boad with the following statement:

"We, the bargaining team are upset over why the Board has been stalling in negotiating a contract and we want to know why we have not received our money, with today being Sept. 12. Basically, why no contract?"

Vice-president Zimmerman replied, "The board has no comments at this time and will take this into advisement."

Members of the board, who were not on the negotiating team, were brought up to date on status of negotiations at an executive session later in the evening.

27 Youth, Adults Travel 327 Miles

CLINTON — There were 27 youngsters and adults, who participated in the Wheels For Life Bike-a-Thon for the benefit of St. Jude Children's Research Hospital, Saturday in Clinton.

A total of 327 miles was traveled, with routes along Sunset Dr., and Clinton-Macon Rd.

Sponsors have one week to turn in their contributions, so a report of the sum raised will be given next week, chairman Mrs. George Schroeder said.

Billy Paynter, 10, went 29 miles; Jess Paynter, 9, went 24 miles; Steve Karapas, 9, rode 24 miles.

Joanne Reeve rode 16 miles accompanied by her two youngsters, Dana, 10 and Donavan, 13.

Beth Bowman and Sheila Scott rode 20 miles.

The money riders earn will help continue St. Jude's life-saving study of childhood cancer that has become so important to children all over the world.

Immunizations

CLINTON — An immunization clinic will be held at Clinton high school library, Thursday, Sept. 20 from 2:30 to 6:30 p.m.

The clinic is being conducted by the Lenawee County Health Department.

Any parent who has a child lacking immunizations (including pre-school children) may either bring their child or children to this clinic or take them to the doctor of their choice.

State now requires that all children must have updated immunization by Feb. 1, 1980, or they will not be allowed to continue school attendance.

Kelly Is Finalist

CLINTON — Kelly Macrae, a senior at Clinton High School, has been named as one of 15,000 students who qualified as semi-finalists in the National Merit Scholarship Program.

Kelly received this honor based on her excellent test scores on the PSAT test.

Over 1.1 million students took the PSAT qualifying test in October of their junior year.

Semi-finalists who advance to the finalist standing in the competition, will be considered for approximately 4,300 merit scholarships to be awarded in the spring of 1980.

Kelly is one of the top students in her class at Clinton High.

She is also active in Spanish Club, Girls Varsity Club, National Honor Society, band, voleyball and track. She plans to attend Michigan State University, where she will study veterinary medicine.

Kelly is the daughter of Mr. and Mrs. Barry Macrae, 11890 N. Adrian Hwy.

School Board OK's Purchase

BRITTON — At Thursday night's School Board meeting, approval was given to the athletic department to purchase approximately $740 worth of junior high football equipment.

Monthly bills totaling $16,089 were approved for payment by the board.

The board accepted the offer of United Savings Bank of Tecumseh for a 6.2% interest rate on a loan of $142,711 to be borrowed against anticipated state aid.

The board ratified the salary schedule that their bargaining team had negotiated with the teachers.

The teachers have not yet voted on the increases.

The board has approved one year salary increase of 8 1/2 percent for steps one through 10, with 10 being the 11th year of employ; and 9 1/2 percent increase at steps 11, 14 and 19, the 12th, 15th and 20th year of employ.

The teachers are in a third year of a three-year contract with opener clause for salary. Non-economic portion of the contract expires at end of June 1980.

Helen Finds Mysterious Message

BRITTON — Helen Osterhout of 273 W. Chicago Blvd., Britton, was standing in her driveway talking to a neighbor, last Saturday, when she found a partial balloon with a string and note attached.

Upon reading the note, she found that it was sent from a Sunday School Rally in Grand Rapids Sept. 9.

The note asked if the finder would send a prompt reply. Jennifer VanLente of Grand Rapids and from the Fairview Reformed Church was the sender.

Helen answered the note Sunday and is waiting for her reply.

Library Receives New Books

BRITTON — The Britton Branch of the Lenawee County Library has recently added many new books to their shelves.

A wide variety of adult books including eight Ian Fleming, many mysteries, and even a needlepoint project book has been added.

In all, 63 adult books are new, two teen books, 15 junior books and 20 easy books for children.

School Menu

MONDAY — Hamburg on bun, baked beans, cheese slice or relish, pudding and milk.

TUESDAY — Turkey and gravy, mashed potatoes, cranberries, bread and butter, applesauce and milk.

WEDNESDAY — Bologna (cheese stick) or peanut butter sandwich, chicken noodle soup or chili, crackers, pears and chocolate milk.

THURSDAY — Goulash, cole slaw, biscuits with butter, apple and milk.

FRIDAY — Tuna salad or peanut butter sandwich, buttered corn, celery sticks, whipped gelatin and milk.

Britton-Macon Enrollment Is Low

BRITTON — Enrollment in the Britton-Macon School District has declined for the fourth straight year.

Total enrollment to date in grades Kindergarten through 12th grade is 580 pupils, compared to 597 last year, 604 in 1977-78 and 612 in 1976-77.

Unofficial count of students enrolled this year includes 268 elementary students, grades Kindergarten through six and 312 secondary students, grades seven through 12.

Official fourth Friday count, which state uses to determine aid, will be Sept. 28.

School district receives about $1,467 in state aid per student, said Supt. William Saxton. The state also provides a factor to help school districts recover some aid on declining enrollment. Saxton predicted that the Britton-Macon School District will lose about $44,000 in state aid over last year.

Due to the Headlee amendment, approved by the electorate in November, the millage was rolled back .4284 mills. Total operational millage for Britton-Macon schools is 26.57 mills plus .86 mill for debt retirement.

Debt retirement was lowered from 1.25 mills due to increased valuation, said Saxton. Present school district SEV is $29,135,730.

Area Youth Complete Reading Club

BRITTON — The Summer Reading Club has finished recently, with the following people having read 10 books or more during the summer at the Britton Library.

Marty Blatchford, Linda Carlton, Todd Clark, Tonia Cook, Melanie Cowen, Jeremy Frazier, Kathy Frazier, Janeille Grady, Joanne Grady, Margie Hillebrand, Nancy Hutchins, David Jordan Michelle Jordan;

Martha Kormos, Jennifer Kosarue, Tobey Kurowicki, Marcia Linn, Wendee Niblack, Ann Peters, Kenny Peters, Rhonda Reeck, Alex Reeves, Jenny Reum;

Anique Secord, Jolene Siebart, Monica Siebarth, Ann Wagner, Mark Wagner, Miki Weyher and Tonya Williams.

Those children who were in the Read-To-Me Club that finished were:

Joy Burnett, Christina Clark, Timothy Clark, Derek Cowen, Denise Frazier, Joey Jacobs, Melissa Jordan, Chad Kurowicki;

Thomas Peters, Noel Reeves, Timmy Ringersma, Joanna Trapp, Matthew Trapp and Jill Wagner.

A party was held for the winners and each one received a certificate and an iron-on decal for their T-shirts saying "All Aboard the Summer Express to Reading Adventure." The group enjoyed movies, games and refreshments.

What a difference a Bilco Door makes!
Here's the way to add new beauty to your home. Replace that wooden hatchway with a modern, all steel Bilco Door. It's ruggedly built, weathertight, and so easy for everyone in the family to use! What's more, it will make your basement more secure against intrusion. And it will pay for itself many times over by saving repair and replacement costs.
If your home was built without the convenience of a direct basement entrance, ask us for Bilco's new how-to-do-it book "How to Add Valuable Living Space to Your Home."
Stop in and see our display. We'll give you free literature on how to do it. Or, we can suggest a man to install it for you.

Reviewing Revised Site Plan

(Continued from Page 1)

that the request be denied by Council.

Before the recommendation came to Council, however, Day returned to the commission last week with a revised site plan.

He told Council Monday night that the major changes were a plan for a dedicated street—a thoroughfare—instead of cul-de-sac or self-contained drives as in the previous plan, and moving the development south and west from the Seminole Street neighbors.

Day said he hoped it would make the planned use of the land "more appealing."

The commission did not act on the new site plan. Instead, it wanted Council to make a decision on the commission's initial recommendation.

"We thought that this should be considered as a separate request," Harry Stanifer, commission chairman explained.

Day emphasized that his original request was for rezoning only, and that had not changed.

Some Seminole Street residents appeared at Council meeting Monday night and indicated that a new site plan did not change their opposition to the rezoning request.

However, they approved of the commission's approach to wait for Council's decision on the first recommendation on the rezoning request before the commission acted on the new site plan for the same rezoning request.

But the Seminole Street neighbors wanted to know what protection they would have had if the commission changed its recommendation to council before the residents themselves had a chance to have a public hearing.

City officials told the audience that, as in the city's zoning request procedure, a new public hearing will be held by the commission before it makes its recommendation on the new site plan for the rezoning request.

Further, before Council renders a decision on a request for rezoning, it must have three readings of the ordinance and a public hearing, to be advertised 15 days before the hearing date.

Little Progress

(Continued from Page 1)

city became aware in March that the county wanted to hold harmless agreement, absolving the county from liability, before the county reimbursed Tecumseh.

City then requested EMT owner Richard Payne to present cost estimates for professional malpractice insurance for his business.

Mayor Mead said that the county has not changed its position requiring a hold harmless agreement and city has not heard from EMT on the insurance figures the city requested.

EMT attorney Richard Roble said he is waiting "to see if we can't work out a reconciliation." He said he is getting insurance information, requested by the city and is interested in discussing service from a site closer to Tecumseh. "This affects the people, it should not be a political battle," said Roble.

Jumper Dies

(Continued from Page 1)

Parachuting Services, said Perlinski "was one of the safest jumpers we ever had. Just a fabulous person."

Perlinski was attempting a parachuting stunt called a "two man stack" in which the top parachuter sits atop a second parachuter, then glide to separate landings.

Lang said Perlinski and Larry Fetter of Wauseon, Ohio jumped from about 9,500 ft. Perlinski's shoot opened at 3,000 ft. and the two attempted a canopy hook-up at about 1,500 ft. when the front of Perlinski's pack hit the back of Fetter's pack and the air was knocked of Perlinski's chute.

The two became "wrapped up together and agreed to cut away," their main chute, said Lange.

Fetter's reserve chute opened at 300 feet. Perlinski's reserve chute "streamed and did not open," Lang told.

Lang, who was piloting an aircraft at the time of the accident, said he believed a "thermo condition" caused the accident since other witnesses told Lange that Perlinski was thrown back up into his chute.

"These were two experienced people, doing something they knew how to do," Lange commented.

Perlinski landed in a cornfield southeast of the airport and was conscious at the time, apparently with two broken legs, a possible broken pelvis and internal injuries, Lange stated.

Perlinski was taken by amublance to Herrick Memorial Hospital then later transferred by helicopte to University Hospital, Ann Arbor where he died in emergency surgery, Lang said.

Lang stated that this was the fourth death related to a parachuting accident since Parachuting Services started operation in Tecumseh 16 years ago. The last fatality, previous to Saturday's accident, happened six years ago in 1973.

Lange added that a record of more than 7,200 jumps have been made at Parchuting Services this season.

Services for Perlinski were 10 a.m. Wednesday at Holy Name of Jesus Church in Detroit.

Perlinski was a full time employee of the Jump Shack in Farmington, Mich., a suburban manufacturer of parachuting equipment. He worked at Parachuting Services in Tecumseh on weekends for the past four years.

An army veteran, Perlinski started jumping while in the service in Georgia.

Leonard Clark Retires

Leonard D. Clark, Tecumseh Plant resident comptroller, was honored at the local facility with a special luncheon in recognition of his retirement from General Motors following 39 years of service with the Fisher Body Division.

William H. Siegmund, plant manager and host for the event, which was attended by management personnel, presented Mr. Clark with a special retirement certificate and retiree pass in commemoration of the event that becomes effective September 1.

Mr. Clark's transfer to the Fisher Body Tecumseh Plant as resident comptroller occurred on August 1, 1973.

Although born in Flint, he grew up in Greenville, Pa., graduating Penn High (1935) and Thiel College (1939), where he received a bachelor of science degree in economics.

Additional post graduate study was taken at Polytechnic Institute (Cleveland) and Ohio State University.

While at Tecumseh, Mr. Clark has been a member of the Lenawee County Chamber of Commerce and Gloria Dei Lutheran Church with service as treasurer to the church council for three years.

Mr. and Mrs. Clark (Margaret) are the parents of two daughters, Mrs. Linda Coleman of Syracuse, N.Y. and Mrs. Nancy Marshall of Gaithersburg, M.D., and reside at 2896 Coachlite Drive.

Appointment of William C. Baker as resident comptroller at the Fisher Body Tecumseh plant has been announced by Tyler H. Barrett, divisional finance manager.

He succeeds Mr. Clark.

Leonard Clark receives congratulations from plant manager William H. Siegmund.

CHRONIC CRASHERS

are Inflating your insurance rates

The Problem: A few bad drivers make Michigan highways dangerous . . . and cost you a lot of money. They are the chronic drunk drivers, the habitual speeders, the motorists with suspended or revoked licenses.

They're responsible for a disproportionate number of accidents and deaths in Michigan. And you're paying the price through auto insurance.

What We're Doing: We would like to see these irresponsible drivers become pedestrians or passengers. The insurance industry supports tougher enforcement of existing laws — and new laws that would help even more.

What You Can Do: Help us bring these chronic crashers to a screeching halt. Ask your legislator to push for a new "Habitual Offender" law. It's on the books in other states and it works.

Reader Writes

To the Editor:

Some of us that were concerned about the Community Center took the time and effort to sweep the broken beer and pop bottles up.

Now we would really appreciate it if it could possibly stay this way from now on.

We even picked up McDonalds trash off picnic tables and surrounding areas.

The people of this area and town wanted some tennis courts and another park. Now that they have it, all they are doing is making a dump out of it.

It is too bad that they cannot teach their own children any more respect for public property than this.

We were taught respect for things at home, whether it was ours or someone else's.

We are not a bunch of older people either. We are in the age group that goes to the Community Center. So if you wish to continue going down there, please keep the place clean. If you don't, it will be closed down and then there will be no place for us to go.

Thank you,

6th Annual

Fall Festival

1829 - Clinton, Michigan - 1979

Fri., Sat., Sun. - September 28, 29 & 30

Special 6th Annual Edition

Welcome

Come share in Clinton's Sixth Annual Fall Festival, Sept. 28, 29 and 30.

Celebrate the 150th anniversary of the settlement of the community in a clearing on the Old Sauk Trail. Enjoy a stroll along its maple shaded streets, and be enhanced by the many displays of creative crafts.

There are planned activities of interest to all, two parades, and air show, rodeo and a magnificent display and demonstration of the Lost Arts of earlier generations, in the historic old Smith-Kimball Community Center.

All three days will be filled with exciting sights, and most of the activities are without cost.

You'll see all your friends here, and make some new ones - since all roads lead to Clinton the last weekend in September.

WIN A CAR AND GAS, TOO — Winning ticket at Clinton's Fall Festival '79 will take choice of one of three automobiles and will get 1,000 gallons of gas with it. Choose between a 1979 Ford Fairmont wagon from Geo. Underwood Fordland; TC3 Horizon from Irish Hills Chrysler-Plymouth or a Chevrolet Citation from Underwood Chevy-Olds; Pontiac.

Win Spectacular Prizes At Clinton Fall Festival

Clinton's big Fall Festival prize ticket sales benefit, not only the winners, who get super prizes, but the local organizations, and participating churches, which receive half of the proceeds from each $1.00 ticket they sell.

The three cars are on display at fairs and other events for weeks before the festival, and displayed on Clinton's main corner.

Some 19,000 tickets are already distributed and a rising thermometer at the State Savings Bank records the growing ticket sales.

This year the seller of the winning car ticket will win a 7-day trip for two to Honolulu, Hawaii.

Second prize is a three day trip for two to Las Vegas.

Third prize is an AM-FM radio combination 40 Ch. CB.

Drawing is after the big parade Sept. 30 at the grandstand in front of the Middle School.

Winners do not need to be present to win.

Co-chairmen for the car ticket sales are Joe O'Donnell and Don Geiger.

Here's a list of the organizations selling car drawing tickets. Help your favorite group by buying your tickets from them.

Clinton Little League, Horseshoe Club, Little Indian Pre-School, Inc., Clinton High School Choir, Beta Sigma Phi Iota Epsilon Chapter, Spanish Club, Clinton Rotary, Tecumseh Child Study Club, Elementary PTO, St. Dominic's Catholic Church, Clinton United Church of Christ, Middle School Art Department, Clinton Jaycees, Chamrock Senior Citizens, Riverside Cemetery Chapel, American Legion, Frederick E. Pieper Post, Clinton Alumni Association. All local merchants have tickets, too.

Homecoming Day Is Friday

Annual Homecoming events of Clinton Community Schools is scheduled for Friday, Sept. 28, 2:30 p.m.

Beginning with a big parade, at 2 p.m. Friday, led by the high school band and featuring all the class floats and high school football team and cheerleaders.

Homecoming king and queen candidates will ride in the parade and class float contest entries wil be paraded.

Homecoming game with Hudson will be played at 8 p.m.on Hartman field.

King and queen will be crowned and high school band will perform at half time show. Float winners will be announced.

Homecoming Dance for the high school students will be held at the Middle School at 10 p.m.

Jaycees Sponsor Two Big Dances

Clinton Area Jaycees will sponsor two big nights of dancing again this year.

There will be dancing in the big tent at Memorial Park from 9:30 p.m. to 1:30 a.m. Friday. Midnight Riders will play.

Saturday dancing will get under way at 9 p.m. to the music of Luke Schaible's band of Manchester.

Flying Rifles Parade Sunday

U.S. Navy Flying Rifles Drill Team will be a new feature of the big parade on Sunday, Sept. 30.

The team was formed in 1953, and comes from Memphis, Tenn.

The nine men and women, and color guard, a total of 19 personnel, will be coming to Clinton on Saturday, and will be housed in local homes overnight.

The drill is performed with 14 lb. Springfield 03 rifles, welded shut so they cannot fire, and with usable fixed bayonets.

Thrilling Air Show Saturday at 5 p.m.

Fall Festival visitors will be gazing skyward Saturday, Sept. 29, when a spectacular one hour air show is staged at the Clinton High School athletic field, Kehoe Rd., at 5 p.m. Show is co-sponsored by Clinton Chamber of Commerce, Clinton Township and Village of Clinton.

Dave McKenzie of Wyandotte will present a 15-minute airobatic show using his home-built Great Lakes bi-plane. This is the second most powerful Great Lakes bi-plane ever put together, he says.

The show will include inside and outside loops, rolls, spins and combinations of these. Announcer will be Jim Roberts.

McKenzie, 42, has flown in air shows all over, including the Marion Ohio Air Show, and Detroit City Air Show, recently. The civilian trained pilot has been flying air shows for 10 years. He is a flight instructor out of Grosse Ile Airport.

He says airobatic flying is "wonderful therapy" after his routine work as a product designer for Ford Motor Co. He's married and has a son and daughter.

* *

Blue Birds of Tecumseh, a three aircraft, 12-man parachuting team will stage a half-hour show targeted at the Clinton High School athletic field around 5 p.m. Sept. 29.

First plane will fly at 4,500 ft. and drop four chutists doing a canopy work on a target on the field.

Second plane at 5,500 ft. will drop four jumpers in an exciting new stack canopy effect. A chutist will stand on top of the chute below him, with others stacked above, and landing in a sequence.

Third plane will fly at 7,500 ft. will drop four chutists performing with manuevers.

Participating parachutists, all of the Tecumseh Parachuting Service, include Bob Spicer, Tecumseh; Randy Hernandez, Tecumseh; Lynford Beard III, Tecumseh; Bill Yeider, Adrian; Chico and Kathy Martinez, Ypsilanti; Mark Rials, Tecumseh; Gary Garr, Swanton, Ohio; Nancy and Bob Domeier, U of M students, of Clinton; Phil Green, Tecumseh; and Gerry Markland, the currant overall accuracy and style champion in Michigan.

Also jumping wil be Dave Sauve, of Mason, chief jump master, first in Michigan with 4,000 jumps and 11th in U.S.

Jump planes will be flying from Meyers Airport, Tecumseh.

* *

While the airobatics and parachuting shows are taking place, Phil Glebe of Ypsilanti, will be filling his seven stories tall nylon hot air balloon at the CHS athletic field.

He'll use a propane burner to create the hot air balloon, then take off from the high school athletic field about 6 p.m.

Glebe has been a commercial balloon pilot for two years.

When hot air balloon goes up, the pilot is at the mercy of the winds, Glebe explained. It is unlike a gas filled balloon will travel an unlimited time.

Hot air ballooning has caught on with the public in the last 10 years. Michigan has about 50 balloonists, third or fourth largest number of the states.

Clinton Celebrates 150th

Clinton - 1920's

A Capsule of Clinton

Early settlers who came here from New York via the Erie Canal named this community in honor of DeWitt Clinton, the governor of their native state.

First settled in 1829, Clinton became an important center of trade because of its location on the Chicago road at the River Raisin.

Only a decade after its settlement, the village had ten general stores, several blacksmith shops and a hardware store.

Five religious groups organized and school was established; four years later a flouring mill began operation.

A railway with wooden rails constructed about 1837 ran for a few years and by 1857 it had steel tracks.

In order to utilize local wool production, village businessmen organized the Clinton Woolen Mills in 1866 which employed many area people until closing in 1957.

Clinton Inn - Main Stop On Old Sauk Trail

The Sauk and Potawatomi Indians first traversed this main thoroughfare as a portion of the Sauk Trail. It became a military road after Congress appropriated funds in the 1820's for survey and construction of a route from Detroit to Chicago.

Built about 1830 on this site, the Clinton Inn served travelers on the Chicago Road who journeyed by state coach, covered wagon and horseback.

Originally called the Eagle Hotel, the Inn became the Union Hotel during the Civil War and lodged soldiers coming to and from the front.

Walter Hubbel Smith purchased the Inn in 184. His daughter and heir, Mary Ella Smith, sold the building in 1927 to Henry Ford who moved it to Greenfield Village. There the Inn was restored and reopened in 1929.

The Fisk House From 1876 Atlas

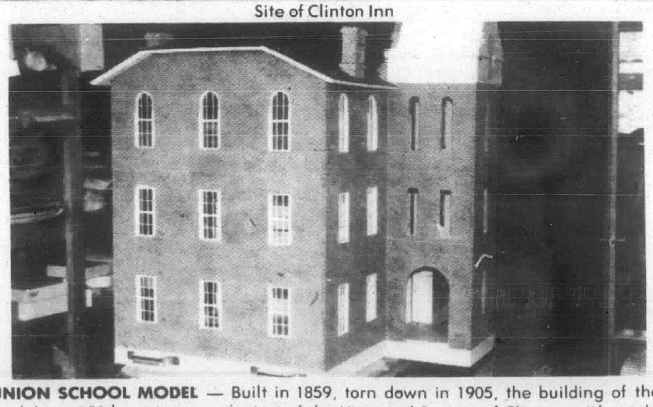
Own a Piece Of Historic Clinton - Fisk House

On Saturday, Sept. 29 at 2 p.m. the present owners, Steve and Mary Bowman, will conduct a sealed auction sale of their home located at 206 East Michigaa Avenue.

The house was built between 1881-1850 for the Fisk Family and stayed in the family until the Bowman's purchased it in 1972.

The home would make an ideal residence - business combination, is located on a 3/4 acre lot and the house has over 3,000 square feet. For appointment and details call 517-456-7614.

We retain the right to accept or reject any and all bids.



UNION SCHOOL MODEL — Built in 1859, torn down in 1905, the building of the model is a 150th anniversary project of the Historical Society of Clinton, with workmanship by Carl Woodward and Jon Bowles, shown, and Ben VanDeMark, not shown. Original school bell, given to the Society, will stand in one side of model, which will eventually be placed in Lenawee County Historical Museum. It will be displayed at Clinton's Fall Festival.

Nearly 40 Artisans "Do Their Own Thing" at Fall Festival

China Painting

Everyone is fascinated by watching creative people engaged in their unusual crafts, and the Lost Arts Show provides and opportunity for nearly 40 artisans to "do their own thing" for your amazement.

Lost Arts demonstrations will be going on at the Smith Kimball Community Center on Saturday from 10 a.m. until 5 p.m. and on Sunday from noon until 5 p.m. Jackie Gibbard and Mary Ann Hunter have arranged this event.

John and Mary Wooden of Ypsilanti will be demonstrating the art of "catalogne" (rag) weaving as practiced in colonial and pioneer America on a 100 year old loom.

Weaving is considered the oldest of the craft arts, dating to the Egyptians. The "catalogne" technique pre-dates the discovery of North America. The Woodens have been practitioners of the craft for more than 25 years.

Henrietta Lindsley will be demonstrating the craft of tatting as she was taught by her mother. The knot used in tatting is the same as that used by fishermen in making their nets. Mrs. Lindsley feels the art is being revived as many magazines now feature projects with tatting instructions.

Joyce Del Giudice of Clinton will be demonstrating china painting. Joyce has been painting since January of 1976. This art was introduced to this country in the early 1800's. The paints were brought to this countryfrom Germany for a lady in Ohio who began painting and then taught others.

Basket weavingis another very old craft and will be demonstrated by Kathryn Rockol of Ann Arbor. Ms. Rockol has received blue ribbons for her baskets that are hand woven of split and reed.

Bull Riding Is Featured At Rodeo

If ever an event captured the undivided attention of the rodeo fan, the bull riding is it! It is the most exciting — and the most DANGEROUS event in the rodeo or in any other sport. Among animals, bulls are the quickest with action for their size.

The rider must stay aboard eight seconds, while holding on with one hand to a loose rope behind the bull's shoulders. The rider is not required to spur, but he gets more points for doing so.

The bull's bucking ability is also judged. Once the cowboy makes an eight second ride, another problem arises. He must get off and away from the mean, man-hating animal.

Rodeo clowns risk their lives at this time to take the bull's attention to their own body and give the cowboy a chance to get to safety.

Other events to be featured at Clinton's Fall Festival Rodeo will be bareback riding, saddle bronc riding, cowgirl barrel racing, calf roping and steer wrestling.

This is the last of the Midstates Rodeo Association competitions of the '79 season before the finals in Marion, Ohio.

Local riders among the 100 participating riders include Brent Powell, presently the top bull rider in Midstates, and Roger Walden of Clinton, who is in the top ten in saddle bronc riding.

The show will go on rain or shine.

HE'S ON TOP — Clinton's Brent Powell, presently the top bull rider in Midstates Rodeo Association, will be riding to hold onto that lead, at the Sanctioned rodeo provided by the B Bar J Rodeo Company of Brooklyn, during the Fall Festival '79 in Clinton. Show times are Saturday, Sept. 29 at 3 p.m. and Sunday, Sept. 30 at 1 p.m. at the Clinton Elementary School playing field. Tickets at the gate will be $4 for adults; $3 for children 14 and under; and five and under free. Advanced sale tickets are $1.00 less.

Harlan-Huntzicker Trampoline Act

Harlan-Huntzicker Perform Daring Act at Fest '79

Dennis Harlan and George Huntzicker, both world champion artists, will be thrilling Fall Festival visitors with their daring comedy act, Saturday, Sept. 29 near the grandstand at the Middle School.

Although the trampoline act is lighthearted, the feats performed require serious training.

George Huntzicker earned his title in 1971 in the World Championships in Berne, Switzerland.

Dennis Harlan took the world championships in 1972 at the World Invitational in Lafayette, La.

Both attended the University of Michigan and have made numerous television appearances, including the ABC Wide World of Sports.

Showtimes to be announced Saturday, the day of the AFTERNOON FREE SHOWS ON THE GRANDSTAND.

Food Treats For All All Clinton Festival

All kinds of food are offered in booths and special events during the three days of the Festival, from carry along munchies to sit down dinners including fish fry, pig roast, apple festival, pancake breakfast and chicken barbecue.

FISH FRY

Folks come early for the annual Fish Fry at the United Church of Christ, Friday, Sept. 28. Serving will begin at 4 p.m. to accomodate the more than 400 persons who line up for the deep-fried haddock fish, cheese potatoes, cole slaw, cake and beverages.

APPLE FESTIVAL

St. Dominic's Altar Society have earned a reputation for mouth watering apple pies and their Apple Festival of cider, donuts, ice cream and caramel apples served on the Community Center lawn, makes this a popular place.

PORK ROAST

Clinton Area Jaycees have Keilbasa and sauerkraut lunches in their beer tent at Memorial Park, Friday and Saturday till noon.

Just after midnight, Friday, they'll start roasting several 200 lb pigs on revolving barbecue spits. When the tantilzing aroma begins to filter throughout the village, about noon Saturday, lines will begin to form for the pork sandwiches served in the beer tent on picnic tables.

PANCAKE BREAKFAST

Sunday morning at 7 a.m., the Clinton Rotary Club will serve a Pancake breakfast in the tent at the Memorial Park.

Meanwhile, Rotarians will be preparing some 1,200 chicken halves on a 50-ft. long charcoal grill to serve along with cole slaw, chips, rolls and beverages.

FOOD BOOTHS

Everywhere you look, you'll see food, food, food, and few can resist the tasty treats.

There will be egg rolls, by the Ladies aux. of Dundee Sportsman Club; Keilbasa and mushrooms by the 1925 Keilbasa Factor of South Lyon; the famous tacos and homemade candy by the Clinton Spanish Club; the Abercrombie's will be back with their barbecue ribs and chicken; Middle School Art Club will again have their molded waffles.

There will be popcorn and hot cider by the Clinton Band boosters; honey products by Ray Kussmaul; German Pretzels by Maxine Gruber; and hot pretzels and hot ham sandwiches at United Church of Christ lawn; cocoa and coffee; biscuits and honey by Michael Domeier; tacos and elephant ears by the Church of Jesus Christ of LDS, Adrian, and a Cinderette food booth will feature sandwiches.

No one goes away hungry from Clinton's Fall Festival.

Going, Going, Gone

Clinton Ghamber of Commerce will sponsor its annual auction in conjunction with the Fall Festival '79, at 1:30 p.m. Saturday Sept. 29.

Location is new this year, at the State Savings Bank parking lot on W. Michigan Ave.

Chairman of the event, Bob Camburn, reports there will be an assortment of furniture, antiques, and miscellaneous items.

Anyone having merchandise to donate to the Chamber may leave it at First Federal Savings barn, but call 456-7408before you come.

Petting Zoo for Kids Of All Ages

A petting zoo is a popular place for youngsters during the Fall Festival, Saturday and Sunday.

Located on the northwest corner of the Smith-Kimball Community Center lawn, will be a friendly assortment of goats, baby pigs, calf, rabbits, puppies and kittens.

Arrangements for the display of animals is made by the 46 members of the N. Franklin Hustlers 4-H Club and their leader, Mrs. Tom Adams.

Ventriloquist To Perform

Eddie Jaye and his comedy friends

Eddie Jaye, Troy ventriloquist, plays straight man to a smart aleck crow, Carlton D. Crow. The crow is no dummy—he gets most of the laughs in an act which has tickled audiences at the Michigan State Fair, and recently at Lenawee County Fair.

He tours with the Cavalcade of Country Music, and has appeared on Mike Douglas and Merv Griffin television shows.

Carlton the Crow is the Don Rickles of the animal world, insulting members of the audience stealing laughs from Jaye in a show that appeals to all ages.

Jaye and his corny crow will appeal to all ages.

He will appear on the grandstand show, Saturday, with time to be announced.

This is part of the day of free grandstand shows during Clinton's Fall Festival.

RAISIN AT SCENE 5 HOURS

Charge Arson in $80,000 Fire

Lenawee County Sheriff's Department is investigating arson in the fire that all but gutted the brick home of Virginia Murray, 5818 Green Hwy. in Raisin Township early Sunday morning.

The cause of the fire "is arson," and was determined by the Michigan State Police fire marshal division of Jackson, said Detective James Yeutter of the sheriff's department.

No one was injured in the fire. Mrs. Murray is currently living in Florida. A renter, Sandy Vogel, left the home at 7 p.m. Saturday, according to a report from Raisin Township Fire Chief Carl Wagner.

Total damage was estimated by Wagner to be $80,000, $50,000 to the structure and $30,000 to contents which included "numerous antiques," said Wagner.

Wagner said that the township fire department was called to the scene at 4:38 a.m. Fire was under control in two hours, but Raisin Township firemen remained on the scene a total of five hours.

Twenty-six men and seven pieces of equipment responded, said Wagner.

Chief Wagner said that there was nothing found to indicate the fire was from natural causes. It appeared to have started in the living room.

START FOUNDATION CAMPAIGN — Drive chairman, Roger Proctor, and his assistant, Harvey Schmidt, will head Tecumseh's drive to raise $94,745 this year after meeting with divisional campaign chairpersons Tuesday morning. The goal, set by the Foundation's board, is the largest ever for Tecumseh and area. In the past, officials have received generous support and are seeking the same again this fall. Proctor and Schmidt are pictured here with division heads who will be largely responsible for another successful drive. (PHOTO BY KENT DOWNING)

Two Are Recovering; Hearing Is Scheduled for Accused Murderer

A Tecumseh man and his half-brother are reported making progress toward a normal life, almost a year after they were critically wounded in a shooting spree that left five people dead and two wounded.

Tommy L. Brown, 29, of Tecumseh—a paraplegic since Oct. 1978 — is moving this weekend into a new home on Britton Hwy., Britton. The house if fully equipped with wheel chair ramps throughout.

His father-in-law, Dave Stiles, reported that the new home was made possible by a pension plan and a generous settlement from St. Paul Insurance Company. Prayers from members of the Tecumseh Friends Church and kindnesses of many local people also aided in his recovery, Stiles said.

Brown resides on Cairns St., with his wife, Cheryl, and sons Tommy, 9; Timmy, 7 and daughter, Terri, 5.

Brown was president of St. Lawrence Boring-Milling Inc., Ypsilanti, where the shooting incident took place.

Another employee of the company, Bobby Baker, 26, of Westland, was also injured in the same shooting incident. He is reported to be recovered more completely, although he still gets about with a crutch. He expects to return to work soon.

Billy Hardesty, accused of killing five persons, including his parents and wounding the two half-brothers, Brown and Baker, is scheduled to appear Oct. 9 and 10 for a competency hearing before Washtenaw County Circuit Court Judge Ross W. Campbell.

According to Lynwood Noah, senior assistant Washtenaw County prosecutor, Hardesty has twice been declared competent to stand trial by psycologists at the Center for Forensic Psychiatry, but Hardesty's attorneys have asked for futher psychological testing.

Hardesty is accused of killing five persons and wounding two others in an overnight shooting spree last Oct. 18 and 19.

Police believe Hardesty killed his parents in VanBuren Township, Wayne County, Oct. 18, before going to an Ypsilanti bar in Washtenaw County where he fatally shot two men, one from Canton Township and another from Belleville.

Early Oct. 19, Hardesty went to his ex-father-in-law's tool and die shop in Ypsilanti, police said, where he killed a fifth person, his former brother-in-law, and wounded Bobby J. Baker, 26, of Westland and Tommy L. Brown, 29, of Tecumseh.

HARRY HANS

Harry Hans Is New Trustee at Adrian C.

Harry L. Hans of Tecumseh, general manager for compressor manufacturing of the Tecumseh Products Company, was elected a trustee of Adrian College Saturday.

As an at-large member of the Board of Trustees, he will serve until July 1982.

Hans joined Tecumseh Products as a junior engineer in 1956. He also has served as assistant project engineer; product design engineer; assistant general manager of the firm's Marion, Ohio plant; general manager of the Tecumseh Division; and assistant to the company's manufacturing vice president.

He was appointed general manager for compressor manufacturing in August 1979.

A native of Fort Wayne, Hans studied chemistry and science at Wabash College (1951-53) and received a B.S. in chemical engineering from Purdue University in 1956.

Hans is a member of the Board of Directors of Junior Achievement in Lenawee County. In 1977 he served as campaign chairman for the Tecumseh Community Fund Foundation.

He and his wife, Marilyn, have four children.

Chamber Announcing Board Candidates

Tecumseh Area Chamber of Commerce will meet Thursday, Oct. 4, 7:30 a.m., at Don's Beef Buffet.

Among the topics to be discussed include the plans for the Christmas promotion and the Oct. 31st chamber drawing.

Also, the nominating committee will announce those nominated to serve as candidates for directors in the upcoming election.

Meeting is open to the public.

Quit Puffing Clinic Will Start Oct. 14th

The five-day plan stop smoking clinic will be conducted in Tecumseh by Dr. Gordon Guild.

Dates are Oct. 14 through 18, 7-8:30 p.m. at Herrick Memorial Hospital conference room.

To register, call Dr. Guild at 423-7458, daily except Thursday; or evenings, 423-4586.

WHERE SHALL WE PUT THIS ONE? — The query is not uncommon at the media center that is jammed with educational materials used by special and general education teachers across Lenawee County. Janet Robinson of Tecumseh, curriculum resource specialist, and clerk-aide Orvetta Lanczki explained that a new media center would be possible with the special education millage. Last February's heating bill for the one time portable classroom, now the media center, was over $700. (PHOTO BY KATHY BROWN)

Special Ed Millage Vote Next Monday

Lenawee County voters — including registered voters in the Tecumseh, Britton and Clinton school districts — will go to the polls Monday, Oct. 1 to vote on the request of the Lenawee Intermediate School District for one mill charter millage for county-wide special education programs.

All polls will be open from 7 a.m. to 8 p.m.

In Tecumseh, they are located in the Tecumseh High School vocal music room at 307 N. Maumee St.

In Clinton, the polls are in the Clinton Middle School. Britton-Macon voters will go to the Ridgeway Township Hall at Main and College Sts. in the village of Britton.

Underway for $94,745

Tecumseh Community Fund Foundation drive officially started Tuesday when officials brunched Tuesday morning at Don's Beef Buffet.

Division drive chairmen, whose goal will be $94,745 this year, met with Roger Proctor, general chairman, and Harvey Schmidt, co-chairman. Their slogan to help Tecumseh meet its largest goal is, "Three C's of Tecumseh: Concern, Cooperation, Commitment."

Past donations have provided funds for handicapped children's summer camps, softball field bleachers, replacement seats for football stands, football and basketball score boards, furniture for senior citizens, tennis courts, Tecumseh Public Library, Tecumseh historical documentation, emergency equipment for Raisin Township, and place for teens summer activities.

Division chairman this year are:

James Robideau — industrial, assisted by Ed Walters and Tom Houghtby.

Kenneth McElroy — special gifts, assisted by Todd Herrick.

Mary Bowers — residential, assisted by Lilly Robison.

Gene Cooley — Tecumseh schools.

Richard Erb — commercial, assisted by Mike Volpi.

Dr. Carlton Cook — professional, assisted by the Rev. Dane Ruff.

Paul Preston — public employees, assisted by William Groover and Burt Smith.

Marten Vegter is the accounting coordinator, and John Pratt, bank coordinator.

1st Fed Moving Into New Office

First Federal Savings of Lenawee will start business Monday in its new Tecumseh office at W. Chicago Blvd. and Occidental.

The Adrian based financial institution will close its doors for the last time Friday at its downtown location, one which it had occupied for over 20 years.

A grand opening at the new office is planned for early October.

First Federal's downtown building has been sold, but identification of the purchaser is not expected for another week or two.

12 Bands Here for Oct. 2 Festival

Twelve bands, representing each of the school districts in Lenawee County, are expected to perform their colorful routines during the 33rd annual Tecumseh Marching Band Festival Oct. 2.

Program will begin at 8 p.m. on the Tecumseh High School football fields.

An admission will be charged.

'Kiss Me Kate' Cast Selections Complete

Selections have been made by director Willie B. Morgan for the cast of, "Kiss Me Kate", the fall musical production of the Tecumseh Players.

The show will open Oct. 25 at the Tecumseh Community Center Class Room.

Willie B. Morgan of Ann Arbor, will direct Betsy Graham of Deerfield as the female lead, Lilli.

Jim Bone of Tecumseh will play her ex-husband, Fred, who wheels and deals and complicates Lilli's life.

One complication is Lois, the second lead in the revival. Fred has romantic interests in Lois, portrayed by Heather Beatty, but there is a boyfriend.

The boyfriend is Bill, played by Reavis Graham. Reavis is Betsy Graham's real life husband.

Everyone in Fred's revival becomes involves with Lilli and Fred's firey tempers on and off stage. The subsequent confusion is fun and laughs for the audience.

The cast is made up of, Marty Bagdon, Dick Lewis, Claudio Gonzales, Carlton Cook, Howard Furry, and Jo Ann Dalgard.

Completing the cast in the singing and dancing chorus will be Donna Andre, Lisa Bush, Beth Comfort, Becky Hite, Richelle Marks and Diane Marsh.

Willie holds degrees in theatre and speech, a BA from the University of Richmond, a MA from the University of Virginia, and graduate studies at American University and the University of Michigan.

Presently associate professor at EMU, his most recent credits are: "Exit The Body," and "Li'l Abner," with the Tecumseh Players, and "Overtones" with the Ypsilanti Players.

Musical director is Helen Bendes. Tecumseh and Croswell audiences are familiar with her musical talents. She is Tecumseh Junior High/Elementary choir teacher.

Kathy Williams is the choreographer. Kathy appeared in "Bells Are Ringing," Tecumseh Players last musical, and in Croswell summer stock, "Godspell." She's now going on her third year as speech and English teacher at Adrian High School.

Seats are assigned and reservations may be made by calling Claudia Daugherty at 423-5160. Tickets may be purchased at the door.

Gil Purse

It's Called human interest

Gil Purse understands the feelings of others. And he shows respect. He knows that a funeral not only must be a fitting tribute to the deceased, but also, more importantly, must provide a meaningful expression of love and honor.

These are human interest qualities that distinguish Gil Purse as a friend who knows all the ways to be helpful when help is needed most. People are more important to Gil Purse than anything else.

City Awards Construction Bid

Dunbar Construction Company received the city's contract Sept. 17 for construction of a restroom at the Tecumseh Community Center.

Company bid $4,956 for work that includes walls, partition and moving a door but does not include plumbing.

Councilmembers thought that the bid was high, but they were informed that it was the only bid submitted to the city from contractors notified of the invitation to bid.

City sent specifications and request for bids two weeks ago to contractors listed in the Yellow Pages. Some replied they do not submit bids.

In order to qualify for a $5,000 federal grant for the project, the city needs to be under contract with the project by Sept. 30. City must also match the funds. City was denied a request for funds two years ago.

Council did not act on the one price quotation received for the plumbing. It was in excess of $5,000. City may decide to seek alternate bids for the plumbing.

The restroom will be designated as a women's restroom and be designed to accommodate the handicapped.

Present Slides

Bonnie Berkley from the Lenawee Intermediate School District presented a slide program on the proposed millage for the special education for handicapped children at the second meeting of Iota Epsilon.

Mary Forgacs was hostess at a business meeting followed with members discussing plans for selling raffle tickets on a quilt and crocheted pillows at the Clinton Fall Festival.

Tickets can be purchased at Rena Fitzpatrick's in Clinton. Handmade crafts will be sold by the group at the festival also. Next meeting will be held Oct. 3 at the home of Carla Lorenzen.

"May I Recommend A Book For You To Read?"

In this column we usually answer a question that represents a concern expressed to me. This time we would like to recommend an excellent book by Dr. Elisabeth Kubler-Ross, **Questions and Answers on Death and Dying.**

This book presents many of the questions which have been asked of Dr. Kubler-Ross by people who have heard her lectures, attended her seminars or workshops on caring for the dying. The answers found in this book relate mostly to adults.

Death is still a subject all too often avoided in thought and discussion, not because we do not care, but because we feel so helpless and find too many unanswered questions about this final parting. This book can provide a thoughtful and constructive guide.

We have a collection of books on this subject of death-and-dying which might be helpful to you, especially if you have a close friend or relative who has died or is close to death. Please consult us whenever we can serve you.

News From The Tecumseh Chiropractic Life Center

Dr. W.C. Elwartowski

Dear Doctor,
Why does it take so long to notice chiropractic improvements?

There is a wide gap between "death's door" and robust health, and only those who have made the long journey can realize just how much it takes to move from the misery of illness to the joy of robust health.

Good health is not restored overnight. The time required for recovery varies with the seriousness of the disease or condition suffered by the patients. Regardless, the long road back from illness can be discouraging and disheartening.

Chiropractic, however, holds new hope for speedier, more pleasant journeys on the road to recovery. Regular chiropractic adjustments to keep the nerve system in tune help nature in her healing process.

By removing pressures and interference with the proper flow of vital nerve energy, the chiropractic helps nature combat recurring disease and disorder, allowing the full healing power of the body to be utilized in the recuperative process.

Gentle chiropractic adjustments make "the road back" more pleasant and hasten the day of return to robust health.

And once that healthy, happy feeling is restored, chiropractic is invaluable in maintaining the rosy glow.

For further information on this question, or if you have other related questions, feel free to write Dr. Elwartowski at 101 S. Pearl St., Tecumseh, MI 49286.

If your brand new car is 'totaled' will your insurance company pay you for a brand new car?

Some insurance companies think a new car is a used car the minute you use it to drive out of the dealership. Not Auto-Owners.

With Auto-Owners, if you have an accident anytime within 90 days and your new car is a total loss, we'll pay you the total cost of your new car. And with Auto-Owners, your new car is covered immediately, automatically, under your previous policy.

So if you're about to get a new car, talk to us at Auto-Owners. Maybe you should get a new insurance company, too.

Pratt-Cheever Vows

Stephanie Kay Pratt, daughter of Mr. and Mrs. David Pratt of Clinton, and Lee R. Cheever, son of Lois Cheever and the late Russell Cheever of Tecumseh, were married Saturday evening at the United Church of Christ in Clinton.

The Rev. Roy Wagner performed the ceremony.

Kristen Pratt was her sister's maid of honor, and Gary Hannibal was the best man.

Bridesmaids were Karie VanTuyle and Lisa Snyder of Clinton, Judy Saylor of Hillsdale, Becky Kulenkamp, cousin of the bride from Evansville, Ind., and Linda Kordie of East Lansing.

Groomsmen were Tom Feight of Tecumseh, Don Myles of Adrian, and Edward Hamilton, cousin of the groom from Adrian.

Ushers were Eric Pratt, brother of the bride of Clinton, and Steve Hamilton, cousin of the groom of Adrian.

Jason and Kimberly Hannibal were the ring bearer and flower girl.

The bride wore an antique ivory gown trimmed with Brussells lace and a crystal pleated skirt. Her attendants were dressed in peach gowns with crystal pleated skirts and carried colonial bouquets of rust and peach flowers.

Fred and Sandy McCrate were the host and hostess.

A reception was held at the new American Legion Hall in Manchester.

Barbara Winder and Anne Karapas cut the wedding cake.

Beth Erickson was in charge of the guest book.

The couple is honeymooning in Colorado and upon return, will reside at Little Stoney Lake.

The groom's parents hosted the rehearsal dinner at the Golden Nugget.

Crescios Honeymoon in Niagra

Adrian College chapel was the setting for the marriage of Linda Kay Oliver and Donald Joseph Crescio Sept. 8, 6 p.m.

The Rev. Wayne Owsley, pastor of a Monroe church, officiated the ceremony for the daughter of Mr. and Mrs. John E. Oliver, 412 E. Shawnee St. and the son of Mr. and Mrs. Joseph D. Crescio, of Ypsilanti.

Kerwin Leader of Blissfield was organist. Candy Harrington of Adrian was soloist.

Candelabras with carnations in the shades of the rainbow and a symbolic unity candle decorated the altar.

For her wedding, the bride wore a white dacron polyester gown featuring a high neckline of silk venise lace and an empire waistline with matching lace.

The bodice featured white rosebuds and pearls. The back had self-covered buttons with a sheer ruffle extending from the center and forming short ruffle sleeves.

The chapel train had a wide sheer flounce with venise lace. The front of the shirt was trimmed with lace flowers and silk rosebuds and pearls.

Her jewelry was a gold heart necklace, a gift from the groom.

She wore a fingertip length veil edged in matching lace and featuring a small lace cap.

Her bouquet was composed of white carnations, roses and stephanotis with ivy.

Cindy Oliver of Tecumseh was her sister's maid of honor, wearing a light blue gown of Nyesta nylon with high neckline, blouson style and butterfly sleeves.

She wore a Juliet style picture hat and carried a bouquet of silk flowers in a rainbow of colors.

Bridesmaids were Shawna Armstrong, the bride's niece of Copperas Cove, Texas, attired in pink; Becky Oliver, the bride's sister of Tecumseh, attired in light green; Joann Crescio, the groom's sister of Ypsilanti, attired in lilac; Shirley Wells of Port Clinton, Ohio, attired in peach and Debbie Stephenson of Tecumseh, attired in yellow.

Heidi Heimerdinger, the bride's niece of Clinton, was flower girl attired in an aqua gown. She wore a wreath of silk flowers in a rainbow of colors in her hair.

Heather Heimerdinger, the bride's niece of Clinton, was attired as a miniature bride.

Randy Weaks of Ypsilanti was best man.

Ushers were Jeff Lynch of Tecumseh; Steven Schneider of Milan; Jeff Weaks of Ypsilanti; Larry Roy, the groom's cousin of Dearborn Heights; Dave Crescio, the groom's brother of Ypsilanti. Michael W. Armstrong II, the bride's nephew of Copperas Cove, Texas, was ring bearer.

A dinner was held at the Adrian Armory. Crystal hurricane candleholders with a white floral centerpiece decorated the bride's table.

Special guests included Margaret Armstrong, the bride's sister from Copperas Cove, Texas; Mr. and Mrs. George Matthews and son, Gabriel, cousins of the bride from Hope Mills, N.C.; and SSgt. Michael Armstrong from Germany.

Darci Pearcy, the bride's cousin of Adrian, passed the guest book. Judy Meadows served cake assisted by Janet Cruse, both sisters of the groom and Laura Murphy of Tecumseh.

Mr. and Mrs. Barry Heimerdinger of Clinton, the bride's sister and brother-in-law, were hosts at the reception.

The bride's sister, Margaret Armstrong, poured coffee and Gretchen Schneider of Milan, poured punch.

The bride is a 1973 Tecumseh graduate and a 1973 graduate of Patricia Stevens Career College, Toledo, Ohio. She is a secretary at Lenawee Agency, Inc., Adrian and displayer for Home Interiors and Gifts, Inc.

The groom is a 1973 graduate of Ypsilanti High School and a 1977 graduate of Cleary College, Ypsilanti. He is an accountant for Hoover Universal Saline Die Casting in Saline.

After a wedding trip to Frankenmuth, Mich. and Niagara Falls, Ontario Canada, the couple will live at 1833 W. Valley Rd., Adrian.

The rehearsal dinner was hosted by the groom's parents at Bonanza Steak House, Adrian.

Adrian Tour October 7

The first "Town and Country Historic Home Tour" being hosted by the Lenawee County Historical Society will be held in Adrian Sunday, Oct. 7 from 1-6 p.m. beginning at Adrian City Hall, E. Church St.

Nine residential and commercial historic buildings, in the city of Adrian and 10 miles south of the city in some of America's richest farmland, will be open for public tour.

Seven of these are in the State St.-Dennis St. historic district, which in the National Register of Historic Places because of its rich diversity and quality of 19th century homes.

Four different styles of architecture will be shown: Greek Revival, Italianate, Queen Anne and Georgian Revival.

The district is protected by a city historic district zoning ordinance and by the strong feeling for preservation that many of the residents of the area have.

Contributing to promotion of the tour is Tecumseh's own Pat Lamb, who is second vice-president of the county historical society and past chairperson for Tecumseh's Promenade the Past home tour.

Janet Trowbridge of Tecumseh was artist for eight of the sketches on the county historical society home tour and has been artist for the Tecumseh home tour as well.

Tickets are available at Lenawee County financial institutions including United Savings Bank, First Federal Savings and Commercial Savings Bank in Tecumseh.

Or for more information, readers may contact the Lenawee County Historical Society at the museum in Adrian, 265-6071.

CHRIS BAKER

Special Fund for Chris

Chris Baker, seven year old son of Paul and Linda Baker, 8347 Welch Rd., is in University Hospital, Minneapolis, Minn.

Since he was five years old, Chris has needed blood transfusions. At first, he received them about every 10 weeks, to offset his inability to produce his own blood. Lately he has needed blood about every two weeks.

At this hospital, he will receive an intervenous drug treatment for 10 days. This is a new procedure which has been done on six people.

If this treatment fails, there is the possibility of a bone marrow transplant being done, with his mother as bone marrow doner, his father as blood donor.

The personal housing expenses and the large medical expenses of the treatment will be burdensome upon the parents.

To aid the Baker family contributions may be sent to the "Chris Baker Fund", United Savings Bank, Tecumseh.

Contributions may be made at branch offices, just ask the teller to call the main office for the account number.

Arrangements for the fund have been made by friends of the family, David and Rose Hayes, 408 E. Pottawatamie and Gary and Barbara Williams, Welch Rd.

Chris' three sisters and baby brother are being cared for by family and friends.

Dear Total Image
My hair is dull and split at the ends, yet I have oily hair near the scalp. I shampoo every day and use a conditioner. What can I do to help my hair?
Helen B.
Tecumseh, Mich.

Dear Helen:
Sounds to me like you need to take care of both scalp and hair. Correct brushing and scalp massage are important ingredients for today's fresh and wholesome look. Brushing is essential to remove daily build up of dush, dirt, loose hair and flaky scalp. It also distributes natural oils from scalp to hair ends.
To brush correctly, bend head down start at the nape of neck and work towards the forehead. Then head up repeat starting from forehead brushing upward towards the back of head. Use a natural bristle brush if you can. Natural bristles are similar in composition to hair, retain moisture so they do a better job of spreading oil through the hair, impart greater sheen and smoother texture than a synthetic bristles. Never brush vigorously it will help break off dry split ends. Hold brush firmly against scalp and draw brush in smooth strokes outward to ends.
At night before bed is a great time for daily brushing.
If you have a problem please let us hear from you. Write Village Hair Forum 104 E. Main Manchester Mi 48158 or call either one of our two locations.
Thank You
Sandy

First Federal Celebrates 90th

The 90th anniversary of the founding of First Federal Savings of Lenawee was celebrated recently at a dinner ceremony, reports Allan C. Graybiel, president.

Highlight of the evening was when 20 Lenawee County citizens, 90 years of age or over, were honored.

"The celebration was a great success," remarked Graybiel. "We were pleased at the enthusiasm generated by the attendance of our special guests."

Several speakers paid tribute to First Federal Savings of Lenawee during the ceremonies held at Richie Hall on the campus of Adrian College.

A "Proclamation of Tribute" was presented by the city of Adrian, and a similar proclamation from the State of Michigan has since been received by First Federal Savings of Lenawee, largest financial institution in Lenawee County with assets of over $138 million. It serves southeastern Michigan with six offices.

HONORED BY 1ST FED — Twenty Lenawee County citizens, age 90 and over, were guests of First Federal Savings of Lenawee at a recent dinner marking the company's 90th anniversary. Those in attendance were, left to right standing, Mrs. Arley Knapp, Belva Hazzard, Mrs. Pearl Knapp, Harry Vischer, Rex Forrister, Ernest Knapp, Marshel Mudge, Murray Heldman, Leo Brenot, Madge Milliken and Will Porter. Seated, were Nellie Hahn, Ray Lembrick, Harry Randolph, Clifford Hardy, Robert Hess, Carrie McDermont, Lena Filter, August Marks and Phyllis Robinson.

ORDINANCE S.110

Regular meeting of the City Council for the City of Tecumseh, County of Lenawee and State of Michigan, held on this, the 17th day of September, 1979 at City Hall at 309 East Chicago Boulevard, Tecumseh, Michigan at 7:30 p.m.

PRESENT: Mayor Mead, Councilwoman Bowers, Councilmen Cook and Tressler.

ABSENT: Councilmen Easton and Palmer.

AN ORDINANCE TO PROVIDE FOR THE MANAGEMENT OF THE TECUMSEH CIVIC CENTER AND TO PROVIDE FOR THE CREATION OF A BOARD OF TRUSTEES.

WHEREAS, the City of Tecumseh has received a substantial gift the purpose of which is to construct and operate a civic center for the citizens of Tecumseh, and:

WHEREAS, the City Council for the City of Tecumseh deems that the operation and management of such a civic center would best be undertaken by a Board of Trustees in which the powers necessary and incident to the operation and management of such a civic center would be lodged, and

WHEREAS, it is the intention of the City Council to establish such a Board of Trustees:

NOW, THEREFORE, THE CITY OF TECUMSEH ORDAINS:

SECTION I

There is hereby established a Board of Trustees (hereinafter referred to as the "Board"), for the Tecumseh Civic Center, the purpose of which Board will be to govern the operation of the Tecumseh Civic Center. Said Board is hereby vested with the power and authority necessary for the care, management and preservation of the Tecumseh Civic Center and to make all rules and By-laws required to carry into effect the powers herein vested. Said Board shall enforce any ordinance of the City of Tecumseh now or hereafter made for the management of the Civic Center.

SECTION II.

There shall be seven members on the Board, all of whom shall be residents of the City of Tecumseh, Lenawee County, Michigan. Members of the Board shall be appointed by the Council for the City of Tecumseh for a full term of office of 3 years, provided, however, that two of the initial members shall be appointed for one year terms and two of the initial members shall be appointed for two year terms.

Members of the Board shall be appointed from the following groups:

1. One member from the Tecumseh City Council.
2. One member from the Tecumseh School Board.
3. One member from the Tecumseh Players Theater Group.
4. Four members who are residents of the City of Tecumseh, Lenawee County, who are not members of any of the aforementioned groups.

The first appointments made from the City Council and the School Board shall fill the one year terms, and the first appointments from the theater group and one at large member shall fill the two year terms.

Members of the Board may be reappointed after their terms expire, but may not serve more than two full terms. The terms of office of the members of the Board shall begin as of the date of appointment. Members of the Board may be removed from their positions at the discretion of the City Council. Any vacancy occuring in the membership of the Board for any cause shall be filled by a person appointed by the City Council for the unexpired term. Such appointments should, to the extent possible, continue the groups represented on the initial Board. Members of the Board shall serve without compensation, but shall be entitled to reimbursement for expenses reasonably incurred while pursuing Board related activities.

SECTION III.

The Board shall elect from its membership a Chairman, Vice-Chairman and a Secretary-Treasurer, whose terms and duties shall be fixed by the By-laws of the Board. The Chairman shall preside over the Board and shall have the right to vote. The Vice-Chairman shall, in the absence or disability of the Chairman, perform the duties of the Chairman.

At least four members of the Board shall constitute a quorum for the transaction of its business. Unless otherwise specified by the City of Tecumseh Council, the Board shall meet at least monthly. The By-laws shall provide for the calling of special meetings, with reasonable notice provided to all Board members, by the Chairman or by at least three members of the Board. All meetings of the Board shall be open to the public and any person or his duly constituted representative shall be entitled to appear and be heard on any matter before the Board before it reaches a decision on any matter under consideration.

The Board shall keep a record which shall be open to public view, of its By-laws, resolutions, proceedings and actions. The concurring affirmative vote by a majority of members present at any duly constituted Board meeting shall constitute approval of plan or actions before the Board for review or for the adoption of any resolution, motion or other action by the Board. The Board shall submit an annual report of its activities to the City Council.

SECTION IV.

The Board shall have full authority to appoint and employ for compensation a Manager for the operation of the Civic Center and shall prescribe his duties. The Board shall have the authority to discharge such Manager when in the discretion of the Board, it is for the best interest of the Civic Center. The By-laws of the Board shall specify the terms and duties of the position of Manager.

SECTION V.

The fiscal year of the Board shall be from July 1 to June 30. The Board shall submit its proposed budget to the City Council no later than the first day of March which immediately precedes the fiscal year covered in said budget request. The budget so submitted shall be deemed approved by the City Council unless the Council notifies the Board of any specific objection on or before the May 31 immediately following the Board's budget submittal.

SECTION VI.

All monies received by the Board, except gifts, grants, devises and bequests received in accordance with Section VIII of this ordinance, shall be deposited in the United Savings Bank of Tecumseh, Michigan, or other such institutions as the City Council may designate, or authorized by State of Michigan Statutes, and the same shall be deposited in a known fund and designated as the Tecumseh Civic Center Fund. The Board shall have authority to pay operating expenses of the Civic Center from such funds by checks or orders signed by the Manager or by the Chairman and one other appointed member of the Board of Trustees.

SECTION VII.

The Board shall, within fifteen (15) days of any Board meeting, whether regular or special, submit minutes to the City Council covering the activities and discussions held at such meeting, including but not limited to a report of all monies received and disbursed by the Board.

SECTION VIII.

The Board created under this ordinance shall have the power to receive in trust monies or property by way of gifts, grants, devises or bequests fo Civic Center purposes. All monies and property which may be received by said Board by way of gifts, grants, devises or bequests, for Civic Center purposes, shall be held in trust by the Board subject to the terms and conditions on which the same may be given, granted, devised or bequeathed. The same shall constitute a trust fund and if in money, shall, unless otherwise expressed by those making such gift, be invested by said Board as a permanent fund in United States Bonds, State of Michigan Bonds, Municipal Bonds, certificates of deposit or a specially designated savings account in a duly accredited state or federal institutution, or other investments as authorized by State of Michigan Statutes. The interest thereon, after fulfillment of any donative conditions expressed, shall be used in the operation and/or improvement of the Civic Center under control of the Board. No part of such gifts, grants, devises or bequests shall be used or appropriated for other than Civic Center purposes.

SECTION IX

Sealed bids shall be obtained for the purchase of all materials, supplies, equipment and improvements, that are in excess of Five Hundred ($500.00) Dollars. No expenditure in excess of Five Thousand ($5,000.00) Dollars shall be made by the Board for equipment, improvements or additions to the Civic Center or grounds without the express prior approval of the City Council.

SECTION X.

This ordinance shall be effective 15 days after adoption and publication thereof.

The foregoing ordinance was offered by Councilman Cook and supported by Councilman Tressler.

YES, Mayor Mead, Councilwoman Bowers, Councilmen Cook and Tressler.

NO, none.

ABSENT: Councilmen Easton and Palmer.

Thru My Window

BY MARDA GENE DUNCAN

It started out to be a good day, then quickly accelerated into an exciting and extra special time. Shortly after lunch a potentially tragic situation occurred and we spent the next few hours worrying and wondering. Had there been a murder or not? Finally we knew.

If this all sounds like a plot of an old Agatha Christe mystery, it isn't. It is simply a day Mom and I spent watching chipmunks.

How strange it seems, after years of never having chipmunks around, to suddenly have them appear every several days. On this particular day we were excited to see the little guy hard at work even before we had our breakfast.

He was busy at the near-my-window feeders thus giving us excellent close-up views. What a cutie and how smooth and silky his fur looked.

The job of the day was apparently building up the cache of food for winter. Last week we watched this process fromt he back porch which was fine but to be so close to the action was even better.

As he stuffed more and more into his cheek pouches we were absolutely amazed. Amazed at how much they held and amazed at how they puffed out.

When full, it looked as though the little guy had the worst case of mumps ever. He also reminded Mom and me of Dizzy Gillespie and how his cheeks swell as he plays his trumpet.

When his cheek pouches were full and not another thing could be tucked in, he took off for home. And surprisingly, because he certainly never had any trouble getting up to the food trays, he spent all day trying to figure out the best route down.

Sometimes he climbed through the busy yew, and this really did seem the best and most logical way, but other times he would struggle down the pole or awkwardly scramble down the supporting grop or even jump into the northern most yew and stretch from branch to branch as he worked to the ground.

We wondered if perhaps full cheek pouches made him a bit clumsy in some situations?

Mom and I were watching with amused amazement at how quickly the little guy filled his cheek pockets and remarking how agile his tongue must be because he ate directly from the pile of food and seldom used his hands/paws.

Suddenly over the opposite corner of the tray came another chipmunk. Two together! Wow, just what we had been hoping to see. It's a good thing we happened to be looking when we were, for it did not last long.

The newcomer was quickly chased off, he must have been taken out of the area for it was some time before one came back.

Then disaster struck or at least we feared that it did. All at once the chipmunk on the feeder stood up straight and froze. For some seconds he did not even twitch a whisker.

About then a cat came from beneath the yews. At this the chipmunk jumped from the feeder tray.

The cat turned and raced after the little fellow. Our hearts were in our mouths and then the worry set in. Had the cat caught him or not.

At long last, and it was well over an hour which is a long time when people are worrying, we saw a chipmunk on the feeder. Thank goodness.

Of course we only saw one and there were two around but we hope the cat did not catch 'lunch'.

In fact, let's hope he decided this was not a good neighborhood and moved on.

I realize that it is the nature of cats to prey on birds, chipmunks, et cetera; however, when we entice freeloaders to come and dine at the Duncans' cafeteria we don't intend for them to become meals for any cat who happens by.

It looks as though we might be in for a session of stray cats because the morning after our full chipmunk day, Mom found the drapes to find a cat sitting on the near-my-window feeder. Birds and chipmunks beware!

Reports for Duty

Marine Lance Cpl. Kirk D. Blasius, son of Douglas D. and Sue E. Basius of 9234 Murphy Road has reported for duty with 2nd Marine Division, Camp Lejeune, N.C.

A 1976 Clinton graduate, he joined the Marine Corps in February 1977.

Welcome Wagon

Welcome Wagon opened its 1979-1980 season Sept. 20.

Guest speaker was Cal Poppink, Assistant Superintendent of the Lenawee Intermediate School District. He explained how the Intermediate School District acts as a service agency for all the schools in Lenawee County. The district provides services, such as; curriculum planning, data processing, Vo-Tech center, instructional media center and special education.

Poppink also used a slide program to illustrate why the Intermediate School District is asking for a one mill increase in taxes in the Oct. 1 election.

The additional mill is necessary to expand special education to children with "hidden handicaps" not now being served. The mill will also provide for an addition to the Milton C. Porter Center, the county school for the severely handicapped child.

The Welcome Wagon membership approved the appointment of Pat Nicholson to the position of first vice-president and Chris Huss as corresponding secretary.

A basket woven of fiber by Linda Casteller was given as a door prize to Victoria Preble.

The hostesses for the evening were Betty Preston, Diane Proctor, Nancy Anklin and Anita Cainsak.

Welcome Wagon will hold its third annual service auction and bazaar at its next meeting on Oct. 18 at the United Savings Bank - West Chicago office.

A variety of handmade items and services will be auctioned off by Mary Ann Bone and Patsy Littlefield.

An international luncheon and card party will be held on Oct. 24, United Nations Day. Readers who are new to the community or know of anyone who is, may contact Patsy Littlefield, 423-2035, for further information about Welcome Wagon.

Tea Welcomes New Members

The 85th year of the Tecumseh Monday Club began Sept. 17 with the annual Friendship Tea, held at St. Peter's Episcopal Church.

The president of the club, Naomi Sallows, welcomed 68 members and guests.

Honored guests were members of the Clinton, Britton and Macon Women's Clubs.

Also present was Agnes McIntyre, a past president of the Muskegon Women's Club, a sister of Helen Sisson.

Mrs. Sisson, program chairman, introduced Ward Bush, a senior from Britton High School, who presented piano solos, "Behold the Man" by Jimmy Owen and "Chopin's Prelude No. 15".

A brief version of the "Wizard of Oz" was performed by students of the Tecumseh Dance Workshop, directed by Jo Cooley.

The Southeastern District meeting of the State Federation of Women's Clubs will be held Oct. 27 at the United Methodist Church in Adrian.

Members are asked to remember Ivah Mulvaney, a patient in Herrick Memorial Hospital. Her birthday was Sept. 22.

Geraldine French and Freida Sisson presided at the tea table, which was centered with a floral arrangement.

Next meeting of the club will be the annual Fall Luncheon Oct. 1 at St. Peter's Episcopal Church, beginning at 1 p.m.

Linkletter at Croswell

Croswell Opera House Town Hall Lecture Series opens the 1979-80 program, Sept. 28, with Art Linkletter, star of radio and television for more than 30 years.

Linkletter will be the first to appear in the Town Hall's new approach of both morning and evening presentations.

This season the morning series at 10:30 a.m. at the Croswell Opera House will be followed by a luncheon and style show at the Lenawee Country Club.

Further information is available by phoning the Croswell Opera House at 263-5674.

Garland Assigned

Pvt. Michael S. Garland, son of Mr. and Mrs. Monroe Garland, 3755 Black Hwy., recently was assigned as an Infantryman with the 87th Infantry in Mainz, Germany.

Rik, Lynn Kureth, a veteran actor who has been involved with theatre groups in Kalamazoo, Tecumseh, Jackson, Greenfield Village and Garden City, was recently honored by Will-O-Way Repertory Theatre in Bloomfield Hills. At final curtain of his last performance as Lazar Wolf in Fiddler on the Roof Celia Merrill Turner, Director of Will-O-Way appeared on stage and told the audience, "This marks the first time in our 30 year history that we have made an on-stage award. We wish to present this certificate to Rik in appreciation for the contribution he has made to the success of our production".

Raise $3,000

Nearly $3,000 in pledges were received by 62 equestrians, who rode in the Horse-a-thon, Sept. 16, sponsored by the Lenawee County Sheriff's posse and the Lenawee County 4-H Horse and Pony Clubs.

Proceeds will benefit the Association for Retarded Citizens of the county.

Dr. Ronald Curtis, a Tecumseh dentist, was the organizer for the Sheriff's posse.

Dr. Curtis had great praise for the riders, saying they were the "neatest, most orderly and most compatible group he had worked with."

Charted route was 12 miles long from the fairgrounds to the Larry Wilson Farm on Sutton Rd., where the ARC served cookies.

The riders then returned to the fairgrounds where they were served hot dogs and potato chips.

Karl Jacobs of Clinton provided horse drawn wagons to give rides to the Association children.

Those who participated want to repeat the event next year, but extend the tour to 16 miles.

Board Appointments

Tecumseh School Board finalized committee appointments Sept. 17.

William Macbeth, board president, will chair the finance committee. Pat Tressler and Jim Records are also on the committee.

Records joins Tressler and Alan Beatty on the personnel and special affairs committee. Records is chairperson.

The policy committee will be chaired by Dr. D.L. Phelan with Dean Jones and Dean Sheldon rounding out the committee.

Sheldon will in turn chair the building and grounds committee with the aid of board members Jones and Beatty.

Guest Lecture

Edwin G. Leever of Winter Park, Fla., offers a bold Christian approach to economic challenges in his upcoming lecture, "Prayer Is Effective in Our Economy" to be given Sept. 24 at 8 p.m. in Lenawee Vo-Tech Center.

First Church of Christ, Scientist is sponsoring this one-hour lecture which is open to the public without charge.

50th Wedding Anniversary

CARL RIEVE

Mr. and Mrs. Sherman E. Cole, 1002 Willow St., were honored on the occasion of their 50th wedding anniversary.

A dinner was hosted by their only daughter and son-in-law, Ardyth and Ralph Mohr of Adrian, at the Country House, Sunday.

Among the 20 guests attending were Mr. Cole's sisters and brothers-in-law, Mr. and Mrs. William Damon of Tecumseh and Mr. and Mrs. Robert Harter of Saline; Mrs. Cole's sisters and brothers-in-law, Mr. and Mrs. Ralph Daniels of Adrian and Mrs. Harry Hardwick, Toledo, Ohio; and her brother, William Biehl, Blissfield.

A wedding cake was served at the dinner. The party returned to the home of the honored couple for a social time, after the dinner.

Ruth Biehl and Sherman E. Cole were married Sept. 21, 1929 by the Rev. S. Chalmers in the First Baptist Church, Adrian. They lived all their married life in Tecumseh. They are members of the Grace Lutheran Church.

Mr. Cole retired from the city of Tecumseh Fire Department in 1976. Mrs. Cole retired from General Telephone Co., Tecumseh offiie, in 1974.

Besides the one daughter, the couple has three grandchildren and one great-grandchild.

Two Return from Alaska

Mr. and Mrs. Wilmer Kiser returned recently from three weeks in Alaska where they visited their daughter, Elizabeth West and three grandsons in Anchorage. Their daughter is assistant chief zoning inspector.

50 Years of Marriage for Nasers

Patty and Harold Naser of LaMesa, Calif. celebrated their 50th wedding anniversary Aug. 31 at an open house in their honor.

About 40 friends and relatives attended the open house hosted by the Nasers' children, Tom and Carol Naser of LaMesa and John and Sharon Naser of Grand Haven, Mich.

The former long time residents of Tecumseh moved to the LaMesa area 11 years ago. Harold is retired from the Tecumseh Products Company and Patty taught school for 16 years in Tecumseh.

The couple was married Aug. 31, 1929 in St. Peter's Episcopal Chuuch in Tecumseh.

Harold's brother, Dr. James Naser and his wife, Grace, of Mechanicsburg, Penn. also attended the reception.

The Nasers have six grandchildren.

AN EQUAL OPPORTUNITY LENDER

Special Education Vote Monday

(Continued from Page 1)

Absentee ballots are available at the respective superintendents' office in Tecumseh and Clinton until 5 p.m. Friday, Sept. 28 until and until 4 p.m. in Britton.

The one mill charter levy if approved will be used for the first three years for capital improvements to the Milton C. Porter Education Center.

It will also be used to offset inflation threatening existing programs and enable expansion of programs to an estimated 1,000 children in the ISD with some degree of learning disabilities who are not now being served.

The millage will also have an impact on local school districts, since the additional millage will enable ISD to repay local districts like Tecumseh and Clinton nearly 100 percent for state and federal mandated special education programs that the local districts operate in cooperation with ISD.

"Whether or not the millage passes, there will still be the (legal) pressure to expand these programs," pointed out George Eidson, ISD, Assistant Superintendent of Special Education.

New laws require that schools provide services to all handicapped children starting at birth to age 26 — children with mild as well as moderate and severe handicaps.

A recent study conducted by 50 Lenawee County Citizens and special education expects indicated need to serve an estimated additional 1,000 such children with "mild handicaps."

This would be accomplished through ISD programs in the local school districts.

A charter millage means that the ISD board will be able to levy that legal limit for as long as necessary or until the voters change the legal limit through another election.

A charter millage will enable the ISD to make capital improvements without borrowing funds, thereby saving interest payments, explained Bill Ross, ISD superintendent. He added that in the past, the ISD board has not made the full levy if it has not been needed.

Last special election millage request was in 1969, 10 years ago.

Currently, the Lenawee Intermediate School District Special Education levy is 1.5 mills. If the additional one mill proposal is approved, the total levy for special education would be 2.5 mills. On a $50,000 property with State Equalized Value of $25,000, the additional one mill would mean $25 additional taxes in a year, or a total of $62.50 in taxes for special education.

Regarding the capital improvements at the Milton C. Porter Center ISD officials state that while present number of classrooms at the Sutton Rd. facility are adequate, there are certain deficiencies in the campus that serves 160 severely mentally and physically impaired students.

These building deficiencies are:

A lunch room facility. The Center is the only school in a county whose physical facility restricts a hot lunch program.

Physical education gym. The current gym is 1,230 sq. ft., not much larger than a good-sized classroom. It restricts more than one activity at a time. Physical education is an integral part of the school's curriculum for the severely handicappedd students.

Therapy and conference rooms. Currently physical occupational and speech therapists vie for the same space. Since there is no central hallway in the floor plan of the classroom, building — a gift to the ISD — administrative offices are accessible only by walking directly through other offices.

Conferences are held in classrooms after school because of lack of space.

Existing media center is actually two portable classrooms that is jammed with educational materials. Heating and cooling costs are extremely high — last February's bill was about $700, said ISD officials.

Limited room in the media center makes it difficult for efficient use of materials by special education and general teachers.

Bus Maintenance facilities. Since the Tecumseh district has been unable to continue all maintenance and administrative services to the ISD bus fleet, a bus maintenance facility is needed for the special education program.

The 15 special education buses which log over 330,000 miles per year, are important to the program at the Milton C. Porter center since they transport students to and from the center from the 800 sq. miles of Lenawee Intermediate School District.

Special equipment on the buses include hydraulic lifts for students in wheel chairs.

Other facility problems include secretarial stations in entrance hallway of the Porter Center which affects productivity. And since the classroom building and gym are separated by a parking lot, handicapped students must walk between the facilities, thus creating a dangerous problem for students with perceptual problems.

Sanders at Sea

Navy Ship's Serviceman-Seaman Rickey R. Sanders, son of Jewel Francis of 9625 Tecumseh Clinton Road, is currently on a deployment in the Mediterranean Sea.

He is a crewmember aboard the destroyer USS Manley, homeported in Mayport, Fla., operated as a unit of the U.S. 6th Fleet.

Sanders joined the Navy in February 1976.

TIM BALDWIN

Tim Gets Hockey Scholarship

Three-year letterman Tim Baldwin will play his college hockey at University of Wisconsin, Superior, Wisc. next year. He received a hockey scholarship.

Baldwin, a 6-2, 200 pound centerman, has three years of varsity hockey experience and was second in team scoring this past year with 43 points. His scholarship is for varsity hockey.

Baldwin will be remembered by many hockey fans for scoring the fastest three goals in tournament play when he scored three times in the less than one minute left in the game against Fraser High at Flint, in the state semifinals last year.

Tim Baldwin was born in Tecumseh to Diane and Dewey Baldwin, residents of Sault St. Marie, Mich.

He is the grandson of Mr. and Mrs. Ormand Socks of Tecumseh and Irene Baldwin of Clinton. His great-grandmother is Rose Service of Tecumseh.

Tecumseh Area Complaints

Most complaints investigated by Tecumseh police the past week were alcohol related, but several also involved vandalism.

Resume is:

Sept. 20 — A two by three foot window was removed at the Tecumseh Parks building with some damages to the window frame.

Sept. 20 — Eric Long, 28, of 7421 Clinton-Macon Rd., told officers that he was northbound on S. Occidental Rd., when a young subject threw a rock through the right rear window of his vehicle.

Sept. 21 — Stanley R. Downing, 18, of 9679 Nortley Hwy., was arrested for driving on a suspended license, and his passenger, Kelly D. Paxton, 18, of 4931 Comfort Rd., for being a minor in possession of alcohol.

Sept. 21 — Donald W. Clark, 26, of 6143 Shepherd Rd., was arrested in the 200 block of E. Pottawatamie for being a disorderly person.

Sept. 22 — Dennis N. Clark, 26, of 2474 Valley Rd., was stopped for speeding on S. Evans St. and then arrested for drunk driving.

Sept. 22 — Thomas Landrum, 6, of 903 River Acres, suffered a dog bite and was treated at Herrick Hospital.

Sept. 23 — Henry S. Hamilton, 62, of 1107 W. Russell Rd., was charged with drunk driving after being observed driving left of center.

Sept. 24 — A 12-inch by 36-inch window was broken by a rock at Tecumseh Acres school.

Sept. 24 — Steven M. Burgess, 22, Dundee, was arrested on a warrant for a conservation violation from the Pontiac State Police post. He was a passenger of a vehicle driven by Steven A. Lampkin, 20, Dundee, who was arrested as a disorderly person after becoming belligerent at the local police station.

Sept. 26 — Randall E. Reitz, 25, Britton, was cited for drunk driving after he was observed weaving on his motorcycle on N. Pearl St.

Accidents

Just four traffic accidents occurred on city streets the past week and all were minor.

Last Thursday, Larry S. Lisenbee, 20, of 213 W. Logan, pulled out of Adrian St. and was struck by Leanne V. Gubbe, 21, Lee Villa trailer court, on W. Chicago Blvd. He was charged with failure to yield.

Kathryn A. Davis, 37, of 3609 Osburn Dr., was southbound on N. Evans Thursday when an unknown driver pulled out of Burt St., struck her car, and then continued north, leaving the scene of the accident.

Friday, Patricia A. Barth, 36, Deerfield, was attempting to park in downtown Tecumseh when she struck a parked car owned by Eileen W. Maynard of 212 W. Kilbuck.

Also Friday, Janet E. Rundell, 19, of 6788 Schull Rd., was attempting to change lanes on W. Chicago When she had a minor mishap with Charles S. Adair, 32, Battle Creek.

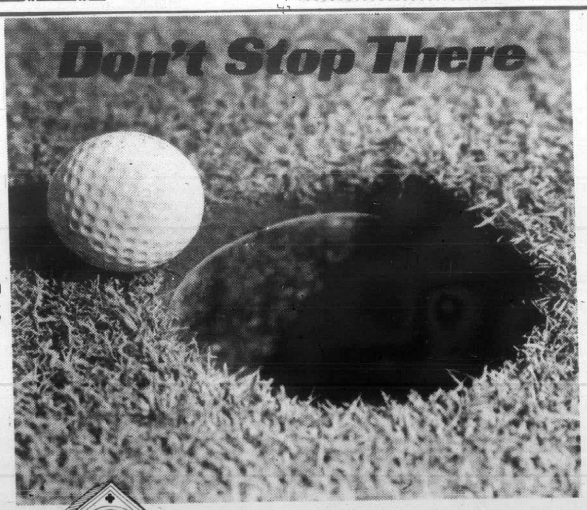
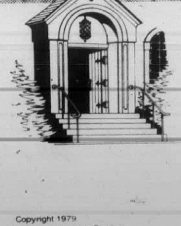
Don't Stop There





What a disappointment! You had a a tremendous drive, the perfect chip shot, and a brilliant putt; then your ball stopped a hairsbreadth from the edge of the cup. The birdie you thought was yours didn't materialize.

Of course, it's only a game, it doesn't really matter. But blighted hopes are not always so trivial. What if something really big passes you by? Suppose you don't get that promotion, your son's scholarship is given to someone else, an important client changes his mind, or the stock market wipes out your investment? Where do you turn? Where do you find strength to meet life's disillusionments?

Spiritual values are constant. Fortunes may shift and change but your Church stands firm. The truths and inspiration you find there give meaning, purpose, and stability to your life.

Memoriam

In loving memory of our dear son, Ricky Frank Horton, who passed away 16 years ago September 29, 1963.

We miss you in the winter, the summer, spring and fall,
The fall is when you left us, and that is the loneliest time of all.
Forever loved and still greatly missed by Dad, Mother and family. 9-27c

In loving memory of my father Neil E. DePuy who passed away four (4) years ago today Sept. 26, 1975. Still sadly missed by his daughter Lenore Coates and family. 9-27p

Piano Solos Entertain Club

The first fall meeting of the Tecumseh Music Club was held at Camp High Scope, with Catherine Weikart as hostess, assisted by Irene Davis.

David Compton, who was awarded the junior scholarship by the club this past year, presented a program of piano solos.

David Caterina, the recipient of the senior scholarship played a trumpet solo, accompanied at the piano by Mrs. Louis Caterina.

Members and their guests then enjoyed a program of musical chairs, conducted by Phyllis Weikart of the U of M Physical Education Department.

This involved the entire audience with exercises which were performed while sitting in their chairs or standing behind them.

This program of exercises is designed especially for those confined to a chair or older persons.

Following the program refreshments were served by the hostesses.

Next meeting of the Club will be the international potluck supper Oct. 9, beginning at 6:30 p.m. in the home of Mrs. Caterina.

Visit Grad

Mr. and Mrs. David Squires and daughter, Peggy of Macon and Mr. and Mrs. Leon Squires of Britton spent two days in Indianapolis, Ind.

They attended the graduation exercises at Lincoln Technical Institute for Michael Squires, son of Mr. and Mrs. David Squires. He graduated with a degree in automotive-diesel technology.

ELIZABETH A. LOWE

Lowe Receives Masters Degree

Elizabeth A. Lowe, daughter of Mr. and Mrs. Robert N. Lowe of Sarasota, Fla. (formerly of Tecumseh) received a Master of Arts degree in journalism and communications Aug. 25 from the University of Florida in Gainseville.

She specialized in television production, employed by WUFT-TV for two years.

She also directed live programs for WUFT and instructed beginning television production students.

Currently, she is attending Radio Engineering Inc. in Sarasota, studying for a 1st class FCC license.

Ms. Lowe is a 1972 Tecumseh graduate and a 1975 graduate of the University of Michigan.

Presents Slides

George Eidson, assistant superintendent for special education in the Intermediate School District, visited the Tecumseh School Board Sept. 17 and presented a 11-minute film on the proposed one mill increase county-wide for special education.

Film portrayed how money will be spent to expand special education in the local schools, expand the facilities at the Porter Center and how it will offset inflationary pressures.

Votes are asked to vote on the one mill increase Oct. 1.

Beef Dinner Coming Up

St. Elizabeth Church in Tecumseh is sponsoring its 25th annual Roast Beef Dinner Oct. 14, in the school hall.

Dinner includes generous portions of roast beef, mashed potatoes and gravy, green beans, squash, cole slaw, rolls and choice of homemade desserts.

A drawing is held in conjunction with this event. Prizes are a Sharp Carousel Microwave Oven or a AMF Moped, 13" Portable Color T.V. or a Lazy Boy Rocker-Recliner.

Drawing will be held at 5:30 p.m. the day of the dinner, Oct. 14. Ticket holder need not be present to win.

Drawing tickets and advance dinner tickets may be obtained at the church rectory, 506 N. Union St., Tecumseh.

For more information call the rectory at 423-2447.

Take-out orders for the dinner are available by calling 423-4501 during the scheduled dinner hours.

VOLUNTEERS HONORED — Jean Bick, site manager for Tecumseh senior citizens greets Mayor Aden Mead and Chairperson Nancy Nichols of the Lenawee County Commissioners. Honor 3

Principal Clarence Lacny announced that three Tecumseh High School seniors have been named a commended student in the 25th annual National Merit Scholarship program.

A letter of commendation from the school and National Merit Scholarship Corporation (NMSC) was presented to Carolyn Cubberly, Pam Meeks, and Kim Phelps in recognition of outstanding performance on the PSAT-NMSQT, the qualifying test for the merit program administered nationwide to high school juniors in October 1978.

Although the commended students did not qualify as merit program semifinalists — the only participants who will continue in the 1980 competition for merit scholarships — each Tecumseh youth has shown exceptional academic promise, stated a spokesman for NMSC.

5 Degrees

Tecumseh area residents were awarded degrees at the close of the summer session at Siena Heights College.

Ward Scott Niblack of Britton received an associate degree in pre-mortuary science.

Tecumseh residents receiving degrees were Ann Melissa Lee Fox, master of arts in elementary education with specialization in art education;

Donna Belle Cubberly, bachelor of arts in planned elementary program;

John W. Frownfelder, bachelor of arts in management, food service, lodging and institutional management;

Edith Irene Holms, bachelor of arts in management, business administration and management.

Tories Down Ida, 22-8

Britton's Tories continued on their rampage Friday night, downing Ida 22-8 with 289 offensive yards in an non-conference game.

Ida scored first Friday when the Tories fumbled on their first possession. Kirk Silvers passed 16 yards down field to Tom Grodi to cap Ida's 52 yard drive and only score.

After that score, Britton took the kickoff 60 yards in 17 plays for six points. David Bruce hit pay dirt for the for the Britton squad from one yard out. Jim Slatick's run after added two points to tie the score at 8-8.

Slatick got the second touchdown for Britton in the second quarter after the Tories drove 74 yards in 11 plays. Slatick ran the ball in from six yards out. The point after attempt failed to end the score at half 14-8.

Going out in the second half, Britton almost completely dominated the game, running off 42 offensive plays to Ida's 11. Ida was only down six points, but just couldn't catch up simply because they couldn't stop the Britton offense to get the ball.

Britton scored again at the start of the fourth quarter after they drove 84 yards in 20 plays. They were stopped, however, on the one yard line.

Ida then took over and Greg Fanslau and Wally Armstrong tackled the Ida tailback behind the goal line for a two point safety for the Tories.

Ida kicked off and Britton returned down field 49 yards for their final score of the game. Bruce capped the five play drive with a 27 yard run into the end zone. Extra point failed.

Slatick was the top ground gainer for the Tories with 100 yards in 21 carries. Bruce added 96 yards and John Montalvo added 71. Montalvo led the defense in tackles, picking up 15 solos.

In all, Britton gained 15 first downs to Ida's seven. Tories had 273 yards on the ground and they were two for three passing for 16 yards. Ida had 67 yards on the ground and they were four for eight in the air for 54 yards.

Tories Beat Wildcats

The Tory basketballers ran up an easy 65-35 victory over Pittsford's Wildcats Tuesday, shooting 43 percent from the floor and dominating the boards by a 36-26 margin.

The Tories were actually down 15-13 at the end of the first quarter, but then caught fire and literally blew Pittsford out of the game in the second frame. Tories outscored their visiting team 21-4.

Pittsford began a come back with a 15 point third quarter to the Tories nine points, but Britton countered with a completely dominated last quarter, 22-1.

Jodi Smith paced the Tories with 29 points and 10 steals. Amy Rohrs also hit double figures in each category with 10 points and 12 rebounds.

BRITTON WINS — The Tories won a very close match against Clinton Thursday 45-44. Above, Britton's Shannon Skelton and Clinton's Brenda Cark fight for a rebound just out of Barb Winder's (42) reach. At right, Karen Coward tightens up against Amy Rohrs with Kris Pratt and Karyn Coward waiting at left. Britton's Jody Smith led all scorers with 23 points. Game story is on page 15.

THS Runners Beat CC, Airport's Next

Tecumseh's cross country teams traveled to the Jackson Invitational Saturday with the boys taking fifth place in a field of 18 and the girls taking 12th in a field of 22 teams.

Lumen Chrisi took first in the boys division Saturday with all class B schools competing. The Indians ran well against some of the better teams in the state.

Scott Betzoldt finished first for the Indians and 18th overall with a 16:03 timing. D.J. Biscupski was 22nd, finishing just five seconds behind Betzoldt.

Nick Osborn came in 39th with a 16:30 time. Ben Binder was 44th at 16:36 and Tim Day was 51st at 16:52.

The girls competed against all classes in their 22 team field and each local runner ran better times than ever before this year.

Karen Egli and Anne Smoke turned in the best times for the Indians, finishing 38th and 40th respectively with 20:31 and 20:36 times.

Leslie Oliver was 73rd at 21:58, Jill Smith was 90th at 22:54 and Nancy Comfort was 93rd at 23:05.

Tuesday night, the Indians found out just what they were made of as they beat one of the league favorites, Monroe CC, by a 23-35 margin. Tuesday they play the other league favorite, Airport, and that match could very well set the mood of the league championship, even this early in the season.

Tuesday, the boys didn't take first or fourth, but they cleaned up the rest of the top seven spots to beat the visiting team.

Betzoldt finished second overall with a 16:14 timing. Biscupski was right behind for third at 16:35. Day was fifth at 16:48.

Osburn and Binder both slipped into the 17 minute category with 17:05 and 17:09 times respectively for sixth and seventh places.

The boys are now 5-2, 2-0 in the league.

The girls didn't have as much success as the boys Tuesday. They lost a match against Monroe St. Mary, 20-40.

Anne Smoke finished second for the girls at 21:03. Egli was sixth at 21:53 and Comfort was ninth at 23:11.

Eby finished 11th for the Indians and Mary Smoke rounded out the runners in 12th place.

The girls are now 0-3.

Smith Hits 34, 35 to Lead THS

Ron Smith literally attacked the Jackson Northwest course Wednesday, leading the Indians with a 34 for an eight stroke win over Jackson. Indians won 155-163.

Greg Scheuerman and Andy Eidson also each broke 40, shooting 39's to aid the win. Mike Zettel carded a 43 to round out the scoring.

The JV Indians also won, beating Northwest twice, 173-192 and 190-206.

Saturday the Indians traveled to the Clinton Invitational. They finished fifth in a field of 16 Class A and B golf teams.

East Lansing won the tourney with a 149. The Indians carded 155 in the best ball event.

Smith and Scheuerman shot 76 as a team and Zettel and Steven Behnke combined for a 79.

Monday the Indians continued to play good golf, but fell short of a hot Monroe team, 153-157. The meet was the Huron League opener for Tecumseh.

Smith again led the team, and all golfers, with a 35. Behnke carded a 40 for the Indians and Scheuerman and McDonald each fired 41's.

The young Indians, the JV's won their match easily by a 50 stroke margin, 150-200.

The Indians are now 4-2 overall.

Errors Cause Clinton Loss to Wildcats

Clinton led 8-6 in the third quarter Friday night, but a costly Redskin fumble on their 29 yard line set up a final Onsted score and win, 12-8.

Clinton actually out-played the Onsted Wildcats Friday getting 10 first downs to Onsted's six, 149 yards rushing to the air to Onsted's zero.

Clinton struck pay dirt first with a 64 yard drive with quarterback Randy Weirich grabbing the spotlight. He threw a 25 yard pass to Mike Krauss and Weirich also went the final four yards for the score. The run for extra points failed.

Onsted then countered with six after Randy Hutchinson intercepted a Clinton aerial and ran it back 40 yards with just 21 seconds left in the first half. Onsted's Fred Cauley went the last three yards for the 6-6 score. Extra points pass failed.

Clinton's defense then came through with a safety in the third quarter when Scott Thilo sacked the Wildcats' quarterback on a blitz.

The Clinton offense coughed up the ball again, however, this time on a fumble on their 29 yard line. Onsted's Cauley ran the final three yards to finish out the scoring at 12-8.

Chuck Kilgore lead all offensive figures with 113 yards in 30 carries for Clinton.

Clinton was three for nine passing, losing two of the passes on interceptions. Onsted was zero for five. Clinton lost two balls on fumbles, but recovered one while the Wildcats had four loose balls and lost one.

Girl Basketballers Beat Lumen Christi

The Tecumseh varsity girls' basketball squad lost a game to Huron Tuesday, but they also won their first game of the season this week, beating Lumen Christi Thursday, 40-34.

Against Christi, Kris MacDonald had a very hot night, scoring 20 points for Tecumseh.

The girls were actually down 8-11 at the end of the first quarter and out scored Christi by only one point the second frame. The third quarter was still close as Tecumseh took a narrow one point lead, 29-28.

Then in the fourth quarter, the Indian defense tightened up and the offense cut down the number of turnovers and the Indians took a 11-6 point advantage for the final 40-34 win.

Last Tuesday was a different story for the girls as they lost 76-32.

The Indians were down at half 36-15 after sinking only two goals from the field and a four point third quarter nearly wrapped up the victory for Huron.

The girls began to play better in the fourth frame, scoring 13 points to Huron's 12, but time just ran out before Tecumseh could put up much of a fight.

MacDonald again led in the scoring with nine points. The varsity is now 1-2.

The JV's played both nights, but lost their games to put their season record at 0-3.

At Huron, the girls lost 28-53 with Cheryl Salters taking top honors offensively with six points. With Lumen Christi, the girls lost by 10, 32-42.

They played a better game against Christi, but shooting percentages for the girls remained too low to win.

Leading the defense for the girls are Kim Creswell, who is the high rebounder in all three of the games, and Linda Drazic.

The girls varsity and JV squads travel to Ann Arbor Huron Thursday. They play at Flat Rock Tuesday.

130 Join Fun

Soccer in Tecumseh?

Yes, the sport has hit the town for the first time and organizers Karen Harper and Dave Biscupski, local elementary physical education teachers, have proven that it is a popular sport here.

Over 130 fifth and sixth grade boys and girls are participating in the program. Children come from all six Tecumseh elementary schools and they play two games each week at the Russell Rd. fields.

One practice clinic was held prior to the start of the season and now the regular season is underway for three weeks.

The children play two, 20 minute halves with a five minute halftime. Regular soccer allows substitution only at half, but these young players substitute freely so all play and all are rested.

Seven players play at a time, instead of the regular 11 in regulation play. The lower number aids in skill development and other objectives are accomplished accordingly while the children have fun.

The two organizers and 10 coaches also see the kids developing good sportsmanship, and competition between schools has been eliminated. There are no standings and no championship teams.

Important though, it's not much fun to lose every game. Every team in the program has won at least one game this season and that keeps the children's interest and spirit high.

The PE techers also report that it is easy for them to tell who is participating in the program when they travel to the schools for regular classes. Improvement has been great for such a short period.

Coaches include: Spurs, Gary Harper; Cosmos, Sue Pieh; Kickers, Tom Meyer; Wingers, Pat Mannino; Booters, Jim Brown; Whitecaps, John Orozco; Rowdies, Chris Harsh; Express, Linda Baaske; Gems, Annabelle Bock; and Racers, Gail Elliott.

JV's Beat Ida, 28-0

The Britton JV squad defeated Ida Saturday 28-0.

Leading rushers for the Tories were Tracy Gibbs with 132 yards and three touchdowns and Jim Schroeder with 115 yards and one TD.

Kent Kimerer and Gregg Nothdurft each had six tackles and Kimerer also had one interception.

The JV's record is now 2-0. Next game is Sept. 27 at Deerfield.

CC Rolls over Indians

Friday night started out just perfect for the Indians. It was their home opening game on a brand new $160,000 track-football field and the local favorites took the opening kick off 69 yards in eight plays for the first touchdown.

The rest of the night, however, was certainly far from a perfect night for the Tecumseh squad. The Indians lost a badly lopsided 36-13 game to Monroe CC.

The offense for the Indians scored twice in the first quarter with good passing and rushing mixed for a total 13 points. From then on, however, the Indians had to fight for even a few yards in the air or on the ground and never really threatened.

Defensively the Indians never did click as they allowed five Monroe CC touchdowns. Every time the Falcons gained possession of the ball, they either scored or fumbled. Luckily CC fumbled six times and the Indians recovered the ball five times.

CC gained a total of 462 yards on the ground and 30 in the air. They threw two complete passes and the rest of the time, they ran up the middle or ran the option for big ground gains.

The Indians gained 68 yards on the ground and 101 in the air. Quarterbacks Tim Todd and backup Todd Danforth threw 38 passes, connecting on 11 with one interception.

Monroe never did have to punt while the Indians punted five times for a 36 yard average.

The first score Friday came after Tecumseh's Tim Todd connected on two of three passes, 12 yards to Mark VanBuren and six to Scott Gilpin. Kevin Salters added a 13 yard run.

A personel foul against CC for 15 yards and a five yard penalty for offside helped the Indians even further as Salters added the final six yard run for the score. Tim Steuwe's point after kick was good.

Monroe came right back with an eight point effort, marching 70 yards in eight plays. Paul Haddin went his final four yards for the first of his five touchdowns.

The CC squad forced the Indians to punt on their next series and then Haddix broke for open field on the next play to score his second TD from 53 yards out.

The Indian offense bounced right back on their next possession, scoring six points on 17 plays from 62 yards out.

Again the CC defense helped the Indian cause, roughing the kicker when the Indians were forced to punt in that series. VanBuren ran for 13 yards while Todd connected with Scott Hans for a 10 yard reception. VanBuren scored on a 16 yard run. Extra point run failed.

The second quarter was quieter for both teams, but CC did have one touchdown called back on an offensive holding penalty. The Falcons also took the ball down to the Tecumseh 14 at the end of the half, but the score remained CC 16, Indians 13 as the clock ran out.

Coming out in the third quarter, CC fumbled the ball on the Indian 18, and the Indians took over only to punt away. Two plays later Monroe scored their third touchdown on 13 and 17 yards runs.

The Indians received the ball and faked a punt to attempt a first down, but failed. CC fumbled on the Tecumseh 15 and then the Indians returned the favor mid field with a pass interception.

CC bounced easily into the end zone two plays later from 16 yards out for the first of two, fourth quarter scores.

CC fumbled again on their next possession in Indian territory, but the Indians failed to convert and the Falcons scored their last six points on a 49 yard drive in five plays.

Tecumseh had one more chance to score when Monroe fumbled on the Tecumseh 38. The Indians eventually marched to the Monroe 40 late in that fourth period, but time just ran out for the Indians.

The Indian's record falls to 0-2 in the Huron league. They host Airport Friday night.

Clinton Third at Hillsdale

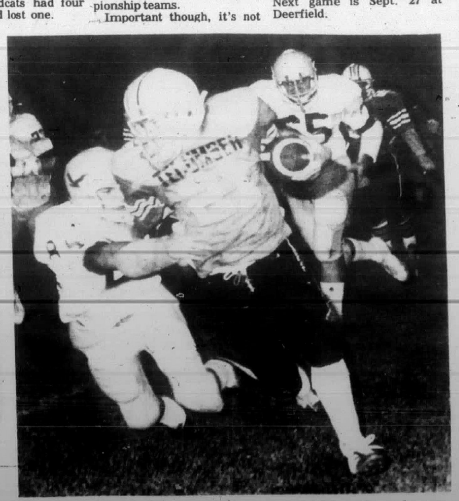
Clinton cross country team competed in Division I of the Hillsdale College Invitational Saturday.

The Redskins have won the team championship the past two years, but were third this year in the five team field. Springport was the team champion.

Clinton got fine performances from Tom Nighswander who finished fourth and Matt McNeil who was eighth. Tom's time was 17:28, Matt was clocked at 18:18 over the three mile course.

Other Clinton runners amongst the 35-man field were Mark Arquette 17th, Jack Thompson 20th, Mark Rochowiach 23rd, Chris Kruchkow 27th, and Don Krauss 28th.

Clinton will be at home Thursday at 5 p.m. against Hudson.



OUCH THAT HURTS — The Indians suffered their second lose of the Huron season Friday night when Monroe Catholic Central literally ran right over the Tecumseh team. At right, Kevin Salters attempts to get around his left end. Above, 69, John Southern and 80, Scott Gilpin bring down a CC tailback. Andy Geshwiler was one bright spot on the local team though with 20 assists and four solo tackles on defense

Assessment Tests Are Scheduled

CLINTON — All students in the fourth, seventh and tenth grades will begin taking the Michigan State Assessment tests the last week of September.

The purpose of the tests is to provide information on the status and progress of Michigan basic skills education to the State Board of Education, the legislature, local educators, teachers, students and parents.

The program assesses an important, but limited, number of minimal skill objectives in reading and math.

The results of these tests will be available to staff, students and parents.

New Party Store Opens

CLINTON — Something new has been added to the Tri-County Oil Company business at the corner of W. Michigan Ave. and Bartlett Rd., just west of Clinton.

A convenience store with a full line of party supplies, snacks, milk, groceries, and soon to come, beer and wine, has been installed in the main building at the service station.

Also featured are fresh baked donuts daily, as well as hot coffee.

Allen and Juanita Brooks, of Tecumseh and son, Terry and his wife, Angie, of Evans Lake are operators of the fuel business, which has been located on this corner since 1961. There are four employees.

The senior Brooks' took over the former Frank Gilman's Standard Oil business in 1954, and have operated a bulk fuel business since then.

Car Ticket Sales Reach $10,400

CLINTON — Ticket sales as of Sept. 21 are at $10,400.

Any organization that has an excess of unsold car tickets please turn them in at Fall Festival Headquarters - Lancaster's Agency so that they may be re-distributed for that weekend.

Car ticket stubs and money should be turned into headquarters during the weekend.

Plan Big Parade for Fall Festival

CLINTON — Over 100 units have confirmed their appearance in Clinton's Grand Fall Festival Parade, Sunday at 2:30 p.m.

Parade viewers will see many Clinton people participating in the parade - CHS Marching Band, Homecoming King and Queen and Court, Clinton Cub Scouts, Jaycee Auxiliary members, American Legion Color Guard and numerous antique cars and equestrian units.

Out of town units will include the 5th Michigan Regiment Band, Plymouth Fife and Drums, Celtic Pipes and Drums, Adrian "Maples" Marching Band, Tecumseh "Shawnee" Marchers, Krazy Kar Klowns, several units from the Moslem Temple Shriners, The Navy Flying Rifles from Memphis, Tenn., an authentic Circus Calliope, Lenawee and Washtenaw County 4-H Clowns, Mr. Up and Down and many surprises.

To make the parade more enjoyable for all, parade officials ask that viewers stay behind the barriers that will be set up on W. Michigan Ave.

Many units will perform throughout the parade route and cannot do their routine properly without space to perform.

PARADE ROUTE - North along Tecumseh-Clinton Rd. to Church St., then east to Currier, north to US 12, west along Michigan Ave. to Division St. and east on W. Franklin St.

PRIME VIEWING SPOTS - Currier St., Church St., Tecumseh-Clinton Rd., US 12 east of the stop light and Division St. west of the light.

NO PARKING ON SUNDAY ON BOTH SIDES of the following - Tecumseh - Clinton Rd., E. Church St., Currier, US 12, Washington, Litchfield, and Edgar Sts.

NO PARKING ON THE SOUTH SIDE of the following - Clark, Locust, Tyrell, Gibson and Bartlett.

The parade committee would like to thank the following for their sponsorship of parade units: First Federal Savings of Lenawee, Frosty Glaze, Foutch Real Estate, Hoover Construction, Kosmyna Chiropractic Clinic; Day Construction, Tri-County Logging and Marty Glenday of Production Products of Jackson.

Thank yous also to J&C Family Foods, Gary's Drive-In, all of the families that will house the members of the Flying Rifles and the TBC-CB Club who will coordinate with the State Police, Clinton Fire Dept. and the Hillsdale, Washtenaw and Lenawee County Posse's in parade control.

Howard and Betty Oesterling will be announcing all of the parade festivities from the reviewing stand on Main Street.

Seniors To Meet for Cards, Crafts

CLINTON — Senior citizens will meet at 10 a.m. Thursday at the Smith Kimball Community center for crafts, cards and games until noon.

A bag lunch will begin then and be followed by "This Is My Life" by Helen Hendershot and Erna Scheytt.

CLINTON COMMUNITY CHOIR — For several years, Clinton folks have given their time to rehearse for months to present entertainment at the Annual Fall Festival and other special occasions. They'll be on stage, Saturday, at 8 p.m. at the outdoor stage. Director is Peg Geiger. Shown are: front lr, Mary Lancaster, Ann Ingraham, Sandra Papsdorf, Sharon Scott, Kathy Beardmore, Elaine Beardmore; second row, Peg Geiger, Jean Winter, Laura Scott, Joan Foster, Janet Hilderly; third row, Terry Calhoun, Mary Houghton, Virginia Clark, Pam McGahey, Rose Mary Terry, Sandy Swift; fourth row, Charlie Steffens, Irene Steffens, Fred Miller, Chuck Mende, Kim Greenfield, Ed Schmidt, Karen Hawk. Not present, Joy Clark, George Lancaster, Cyn Geiger, Rex Geiger, Alison Bailey, Kim Swift, Ed Aluk, and Carolyn Harris.

Clinton 12th in Invitational

Thursday the Clinton golf squad hosted Blissfield and lost a 174-204 LCAA match.

Tom Eddy was low for the Reskins with a 42. Greg Parker finished second for the Clinton team with a 51.

Gram Morden added a 52 and Steve Porterfield shot 54.

Thursday's match at Morenci was postponed and will be rescheduled later.

Saturday the Clinton squad played in their best ball Clinton Invitational and finished 12 in a field of 14 Class C and D teams.

Eddy and Rick Peterson shot a 91, and Rick Peterson and Brian Dettling carded an 88 for a total 179 score for Clinton.

John, Mary Hoelzer Named Co-Chairmen

CLINTON — One reason Clinton's Fall Festivals have been so successful, is the extensive, long-range planning, including the naming of co-chairmen.

Before this year's event has even taken place, the co-chairmen of next fall's festival have been announced.

They are John and Mary Hoelzer, life-long residents of the village.

John is a partner in the Irish Hills Locker and Mary is a co-manager of the Learning Thru Fun pre-school nursery, in Clinton.

Plan Disco Jazz Show at Estates

CLINTON — The Sally Covell Dancers will present a disco jazz show Sept. 29 at the Water Wheel Estates Club House beginning at 4 p.m.

Show is free and will feature the new group, "The Boogie Brothers".

Among the dancers are Debbie and David Reiner, the team that won first place at the Lenawee Fair Disco Contest in the 12 last years and under category.

Fourteen other dancers will present their routines.

CHS Girls Lose 2 Squeakers

Last week Clinton's girls basketball team dropped both of its games to Deerfield 41-37 and Britton 45-44. The losses (all non-league) leave CHS with an 0-3 record, still looking for its first victory of the season.

Against Deerfield, the Redskins started out strong but fell behind near the end of the first half as Deerfield led 18-15.

Three baskets by senior Kris Pratt sparked Clinton and at the start of the fourth quarter, they led by five 29-24. Deerfield came back behind the excellent shooting of guard Velvet Smotherman, who hit for 10 points outside of Clinton's zone.

With 1:40 left in the game the score was tied at 37 each, but Clinton could not score again and lost 41-37.

Very cold shooting by the girls cost Clinton a chance for victory as they only made 23 percent of their shots (18 of 78).

Senior forward Barb Winder led the team in scoring and rebounding with 12 points and 12 rebounds.

On Thursday Clinton traveled to Britton and lost a heart-breaker to the Tories 45-44.

Coach Bob King felt his team outplayed Britton and deserved a better fate. "On defense we played very well, especially during the first half when we held them to 14 points and Jody Smith (Brittons all county player) to just three free throws," said King.

The Redskins led 18-14 at the half as both teams started slowly. The lead see-sawed back and fourth for the remainder of the game and the fine play of Jody Smith during the fourth quarter pulled the game out for Britton.

Jody finished as the leading scorer for both teams with 23 points, which included 12 points in the fourth quarter.

Clinton had better balance but came up just short as Renee Peterson had nine points, Barb Winder and Brenda Cark with eight each, Karyn Coward had seven and Carrie Merillat with six.

Coach King cited juniors Renee Peterson and Carrie Merillat for their fine play and said that his defense is improving game after game.

Clinton's next game is at home with Manchester this Thursday and one of the best class C teams in the state, Addison, will be here Oct. 1. Home games start at 5:30 p.m.

Antique Cars Are Coming

CLINTON — Bridgewater Car Club will have a display of antique automobiles here during Fall Festival days.

The place where they will be parked will be announced on the loud speaker downtown.

No Funds for Police

CLINTON — Clinton Village Council learned from the financial committee report that the budget will not permit any extra funds for additional police protection this year.

Other matters discussed at Monday's meeting concerned routine business.

J.R. SMITH, EQUESTRIAN CHAMPION

Tecumseh Yields Equestrian Champ

J.R. Smith, 12, son of Mr. and Mrs. Max Smith, N. Adrian Hwy., won three world championship events in the Fourth Annual Pony of America competition at Berrien Springs, Sunday, on his riding pony Pitter Patter.

J.R. earned the world championship title in English pleasure, 12 and under; open jumping, 12 and under; and POA hunter, over fences. He also placed in several other classes.

He's been riding since he was seven. He's the only one in the family to participate in horse shows, and he trained his nine-year-old pony, a small Appaloosa, by himself.

He is in the eighth grade at Tecumseh Junior High.

FRANK SLADEN

To Visit Local Rotary

Governor Frank J. Sladen Jr., leader of Rotary International District 640, will make his official visit to the Tecumseh Rotary Club at 12:15 p.m. Oct. 9, reported by Speck Simmons, 1979-80 president of the club.

The local club is one of 47 in District 640, which comprises Wayne, Monroe and Lenawee counties in Michigan, and Essex County in Ontario. There are more than 2,500 Rotarians in these 47 clubs.

Rotary International was founded 75 years ago in Chicago by Paul Harris and a few other business friends who recognized the need for an organization to help promote the concept of service to others, better ethical values in business, and friendship and fellowship for the members.

Sladen, owner of a retail book store in Grosse Pointe Farms, has been a Rotarian for 21 years. As training for his present position, he served all key offices in his own club in Grosse Pointe and then, several important chairs in the district.

First Baptist Holds Annual Family Picnic

The First Baptist Church, Milwaukee Rd., had its homecoming family picnic Sept. 9, following the worship service.

There were 120 in attendance to enjoy the potluck dinner and games.

The "dunk tank" was the main attraction. There was also much participation in horseshoes, volleyball, baseball, jarts, with apple rolling, bag race, and tug of war for the younger children.

The event was planned by the diaconate board with Hank Hart as coordinator.

Sunday was also the beginning of the fall classes of church school for all ages.

A new program is planned for children kindergarten through fourth grade beginning at 11:30 a.m. each Sunday for a period of study on their level.

Sue Osburn and Pam VanSickle will direct this group.

Fifth through eighth grades will meet at the same time with Carol McLeod for a new choir.

Sept. 10, the Women's Missionary Society held its first meeting of the fall.

Following the business meeting a program, "camp experiences," was given.

Those persons attending the Amelcan Baptist Camp at Green Lake, Wisc., and the Detroit Baptist Camp near Lapeer told of their experiences this past summer.

Sixteen persons attended these camps. The Women's Missionary Society will help monetarily anyone at First Baptist participating in this program.

Sept. 11, the officers of the Women's Missionary Society, Ardith Sebring, Jennie Rader, Hilde Dick and Lois McLeod, attended a leadership development conference at Valley Farms Church, Lansing.

The fall rummage sale will be at First Baptist Milwaukee Rd., Oct. 4-5, 9 a.m. - 5 p.m.

Most rustproofers won't touch used cars.
We rustproof them twice.

Tuff-Kote's exclusive 2-Step System.
At Tuff-Kote, we think we rustproof used cars better than anyone else in the world. That's because we rustproof every used car twice with our exclusive 2-Step System.

Step 1. Penetrant.
Tuff-Kote's unique Penetrant creeps down to the bare metal to help stop existing rust. And that's important. Especially in used cars where rust has been forming for some time.

Step 2. Sealant.
Second, Tuff-Kote applies a special sealant. It locks out salt, moisture and corrosive elements to keep new rust from starting.

Used car warranty.
Tuff-Kote's 2-Step System is so effective at fighting rust, we guarantee our work on most used cars with a 2-year, limited warranty. See your dealer for complete details.

YMCA Buses Youth to Adrian Center

Did you think that the YMCA located in Adrian was only for Adrian? Then think about this.

Every Friday for the past three years as many as 55 elementary boys and girls have participated in what the "Y" calls its Tecumseh Bus-In program.

Youngster are picked up after school and chauffered to Adrian for Sports and Swimming, then they are returned to their schools where the parents are waiting to transport them home.

Youngsters in grades one through five are eligible to register in the program on a first come first served basis. The Bus-In program is publicized in the elementary schools through the distribution of registration forms and the cooperation of the local principles, teachers, and school secretaries.

Parents are asked to complete the form and return them to the "Y". The modest cost of the program is based on staff, building utilization, and transportation.

With the rising cost of gasoline the program enables both "Y" members and non-members to participate in the youth activities because of furnished transportation.

The YMCA is supported in part with United Funds from the Tecumseh Community Fund.

ORDINANCE NO. 4.700
RATE AND MANDATORY CONNECTION ORDINANCE

AN ORDINANCE TO PROVIDE FOR THE OPERATION OF THE LENAWEE COUNTY SANITARY SEWER SYSTEM NO. 1 ON A PUBLIC UTILITY BASIS UNDER THE PROVISIONS OF ACT 94, PUBLIC ACTS OF MICHIGAN, 1933, AS AMENDED, AND TO PRESCRIBE THE RATES TO BE CHARGED FOR THE USE OF SAID SYSTEM: TO PROVIDE FOR THE MANDATORY CONNECTION TO SAID SYSTEM AND TO PROVIDE FOR OTHER MATTERS RELATIVE TO SAID SYSTEM:

THE VILLAGE OF BRITTON HEREBY ORDAINS:

Section 1. It is hereby determined to be desirable and necessary, for the public health, safety and welfare of the Village of Britton (the "Village"), that the Lenawee County Sanitary Sewer System No. 1 (Village of Britton) be operated by said Village as lessee of Lenawee County and the Lenawee County Drain Commissioner as County Agent under Act 342 of 1939, as amended, on a public utility rate basis in accordance with the provisions of Act 94, Public Acts of Michigan, 1933, as amended.

Section 2. Whenever the words "the System" are referred to in this ordinance, they shall be understood to mean the complete Lenawee County Sanitary Sewer System No. 1 (Village of Britton - Township of Ridgeway), including all sewers, pumps, lift stations, treatment facilities, and all other facilities used or useful in the collection, treatment and disposal of domestic, commercial or industrial wastes, including all appurtenances thereto and including all extensions and improvements thereto, which may hereafter be acquired and are situated in the Village.

Whenever the words "revenues" and "net revenues" are used in this ordinance, they shall be understood to have the meanings as defined in Section 3, Act 94, Public Acts of Michigan, 1933, as amended.

Section 3. The operation and maintanance of the System shall be under the supervision and control of the Lenawee County Drain Commissioner subject to the terms of the contract dated August 10, 1978, between the County of Lenawee (the "County") and the Village. Pursuant to the terms of such contract the Village has retained the exclusive rights to establish, maintain and collect rates and charges for sewer collection and disposal service and in such capacity the Village Council may employ such person or persons in such capacity or capacities as it deems advisable and may make such rules, orders and regulations as it deems advisable and necessary to assure the efficient establishment, maintenance and collection of such rates and charges.

Section 4. Rates to be charged for service furnished by the System shall be as follows:

SEWER USE CHARGES

Sewer uses charges shall be based on the water utilitized by each premise and shall be at the rate of $9.50 per month for the first 6,000 gallons of water so utilized. All usage in excess of 6,000 gallons of water per month shall be at the rate of $1.30 per 1,000 gallons of fraction thereof. The minimum rate, however, per premise including those premises not connected to the Village's water system shall be $9.50 per month per residential equivalent.

CONNECTION CHARGE

A. **Direct Connection:** Each direct connection to the System shall be charged a fee of $2130 per single-family residence. Provided, however, that the connection charge shall be credited in an amount equal to but not greater than the sewer benefit assessment attributed to such premise in the village.

B. **Indirect Connection:** In order to defray their proportional share of the necessary oversizing of trunks and pumping stations each indirect connection to the System (premises not connecting directly into lines financed by the issuance of Lenawee County Sanitary Sewer System No. 1 Bonds shall be charged a fee of Five Hundred Dollars ($500.00) per single-family residence.

C. **Equivalent User Factor:** Each premises other than a single-family residence shall pay either a direct or indirect connection charge multiplied by a factor representing a ratio of sewage use by such class of premises to normal single-family residential use.

D. **Payment of Connection Charge:** Connection charges as set forth above shall be due and payable upon connection to the System. Said charges, however, may be payable on yearly installments not to exceed forty (40) in number. Interest at the rate of 6% per annum shall be charged on the unpaid balance of said connection charge from time to time remaining unpaid. If paid in installments, the first installment of said connection charge shall be payable on connection and all subsequent installments plus interest shall be payable on July 1 of each succeeding year.

E. **Riser Charge:** Where no special assessment benefit for riser costs has been levied, permises connecting to the System shall deposit with the Village Clerk upon application for connection to the System a sum sufficient to provide for the cost of such connection. Such sums shall be certified in writing as part of said application for connection to the Village by an independent registered professional engineer.

SPECIAL RATES

For miscellaneous or special services for which a special rate shall be established, such rates shall be fixed by the Village Council.

INDUSTRIAL COST RECOVERY CHARGE

The Village Council shall establish a system of industrial cost recovery charges applicable to any user of the System consistent with the terms and conditions of the Federal Grant financing part of the cost of the system which charge shall be collected, held and used in the manner required by said Federal Court.

BILLING

Bills will be rendered quarterly on March 1, June 1, September 1 and December 1, payable without penalty within thirty (30) days after the date thereon. Payments received after such period shall bear a penalty of five per cent (5%) of the amount of the bill.

ENFORCEMENT

The charges for services which are under the provision of Section 21, Act 94, Public Acts of Michigan, 1933, as amended, made a lien on all premises served thereby, unless notice is given that a tenant is responsible, are hereby recognized to constitute such lien, and whenever any such charge against any piece of property shall be delinquent for six (6) months, the Village official or officials in charge of the collection thereof shall certify annually, on March 1st of each year, to the tax-assessing officer of the Village the fact of such delinquency, whereupon such charge shall be by him entered upon the next tax roll as a charge against such premises and shall be collected and the lien thereof enforced, in the same manner as general Village taxes against such premises are collected and the lien thereof enforced.

In addition to the foregoing, the Village shall have the right to shut off sewer service to any premises for which charges for sewer service are more than the (3) months delinquent, and such service shall not be reestablished until all delinquent charges and penalties and a turn-on charge, to be specified by the Village Council, have been paid. Further, such charges and penalties may be recovered by the Village by court action.

Section 5. No free service shall be furnished by said System to any person, firm or corporation, public or private, or to any public agency or instrumentality.

Section 6. It is hereby determined and declared that public sanitary sewers are essential to the health, safety and welfare of the people of the Village that all premises on which structures in which sanitary sewage originates are situated shall connect to the System at the earliest, reasonable date as a matter for the protection of the public health, safety and welfare of the people of the Village, and thereof, all premises on which structures in which sanitary sewage originates are situated or become situated and to which sewer services of the System shall be available shall connect to Said System within ninety (90) days after the mailing or posting of notice of such premises by the appropriate Village official that such services are available. Said notification and enforcement of this Section shall be in conformity with Act 288 of the Public Acts of Michigan of 1972.

Section 7. The rates hereby fixed are estimated to be sufficient to provide for the payment of the expenses of administration and operation, such expenses for maintenance of the said System as are necessary to preserve the same in good repair and working order, to provide to the payment of the contractual obligations of the Village to the County pursuant to the aforesaid contract between said County and the Village as the same become due, and to provide for such other expenditures and funds for said System as this ordinance may require. Such rates shall be fixed and revised from time to time as may be necessary to produce these amounts.

Section 8. The System shall be operated on the basis of an operating year identical to that of the Village.

Section 9. The revenues of the System shall be set aside, as collected, and deposited in a separate depositary account in the United Savings Bank of Tecumseh, Britton Branch, Britton, Michigan, a bank duly qualified to do business in Michigan, in an account to be designated SYSTEM NO. 1 (Village o Britton) RECEIVING FUND (hereinafter, for brevity, referred to as the "Receiving Fund"), and said revenues so deposited shall be transferred from the Receiving Fund periodically in the manner and at the time hereafter specified.

A. OPERATION AND MAINTENCE FUND

Out of the revenues in the Receiving Fund there shall be first set aside quarterly into a depositary account, designated OPERATION AND MAINTENANCE FUND, a sum sufficient to provide for the payment of the next quarter's current expenses of administration and operation of the System and such current expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order.

B. CONTRACT PAYMENT FUND

There shall next be established and maintained a depositary account, to be designated CONTRACT PAYMENT FUND, which shall be used solely for the payment of the Village's obligations to the County pursuant to the aforesaid contract. There shall be deposited in said fund quarterly, after requirements of the Operation and Maintenance Fund have been met, such sums as shall be necessary to pay said contractual obligations when due. Should the revenues of the System prove insufficient for this purpose, such revenues may be supplemented by any other funds of the Village legally available for such purpose.

C. REPLACEMENT FUND

There shall next be established and maintained a depositary account, designated REPLACEMENT FUND, which shall be used solely for the purpose of making major repairs and replacements to the System if needed. There shall be set aside into said fund, after provision has been made for the Operation and Maintenance Fund and the Contract Payment Fund, such revenues as the Village Council shall deem necessary for this purpose.

D. IMPROVEMENT FUND

There shall next be established and maintained an Improvement Fund for the purpose of making improvements, extensions and enlargements to the System. There shall be deposited into said fund, after providing for the foregoing fund, such revenues as the Village Council shall determine.

E. SURPLUS MONIES

Monies remaining in the Receiving Fund at the end of any operating year, after full satisfaction of the requirements of the foregoing funds, may, at the option of the Village Council, be transferred to the Improvement Fund or used in connection with any other project of the Village reasonably related to purposes of the System.

F. BANK ACCOUNTS

All monies belonging to any of the foregoing funds or accounts may be kept in one bank account, in which event the monies shall be allocated on the books and records of the Village within this single bank account, in the manner above set forth.

Section 10. In the event the monies in the Receiving Fund are insufficient to provide for the current requirements of the Operation and Maintenance Fund, any monies and/or securities in other funds of the System, except sums in the Contract Payment Fund derived from tax levies, shall be transferred to the Operation and Maintenance Fund, to the extent of any deficit therein.

Section 11. Monies in any fund or account established by the provision of this Ordinance may be invested in obligations of the United States of America in the manner and subject to the limitations provided in Act 94, Public Acts of Michigan, 1933, as amended. In the event such investments are made, the securities representing the same shall be kept on deposit with the bank or trust company having on deposit the fund or funds from which such purchase was made. Income received from such investments shall be credited to the fund from which said investments were made.

Section 12. The owner of a single family residence, which residence has been assessed a connection charge, may submit a hardship application to the Village seeking a deferment in the partial or total payment of the charges for benefits provided for herein, based upon a showing of financial hardship, subject to and in accordance with the following:

(a) The owners of the premises shall, under oath, complete a hardship application provided by the Village Council, and file said application, together with all other information and documentation reasonably required by the Village, with the Village Council not less than 60 days prior to the date of the annual installment due. Any such deferment shall be for that annual installment only. An application shall be completed and filed by each and every legal and equitable interest holder in the premises, excepting financial institutions having security interests in the premises.

(b) Hardship applications shall be reviewed by the Village Council, and after due deliberation of hardship applications, the Village Council shall determine, in each case, whether there has been an adequate showing of financial hardship, and shall forthwith notify the applicant of said determination.

(c) An applicant aggrieved by the determination of the Village Council may request the opportunity to appear before the Village Council in person for the purpose of showing hardship and presenting any argument or addition evidence. A denial of hardship following such a personal appearance before the Village Council shall be final and conclusive.

(d) In the event that the Village Council makes a finding of hardship, the Village Council shall fix the amount of deferment of partial or total charges so imposed, and in so doing, shall require an annual filing of financial status by each applicant, providing that upon a material change of financial status of an applicant, said applicant shall immediately notify the Clerk of the Village so that a further review of the matter may be made by the Village Council, provided further that the duration of the deferment granted shall be self-terminating upon the occurrence of any one of the following events:

(1) A change of the applicant's financial status which removes the basis for financial hardship;

(2) A conveyance of any interest in the premises by any of the applicants, including the execution of a new security interest in the premises or extension thereof;

(3) A death of any of the applicants.

(f) Upon receiving a determination of the Village Council deferring partial or total charges imposed, the owners of the premises shall, within one month, execute a recordable security instrument on the premises to the Village, as the secured party, payable on or before the death of any of the applicants, or, in any event, upon the sale or transfer of the premises. Said security interest shall be in an amount necessary to cover all fees and charges required under the Ordinance, and all costs of Installation and connection, the consideration for said security interest being the grant of deferment pursuant to this Ordinance.

Section 13. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

Section 14. All ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Ordinance are, to the extent of such conflict, hereby repealed.

Section 15. This ordinance shall be published once, in full, in the Tecumseh Herald, a newspaper of general circulation within the boundaries of the Village and qualified under State law to publish legal notices, promptly after its adoption, and the same shall be recorded in the Ordinance Book of the Village and such recording authenticated by the signatures of the President and Village Clerk.

Section 16. This ordinance shall become effective immediately upon its adoption.

The foregoing preamble and ordinance was offered by Nelie Denny and supported by Jerry Dicks.

AYES: Phyllis Below, Janet Furgason, Jerry Dicks, John Keran, Nelie Denny.

NAYS: None.

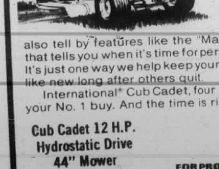
Cub Cadet...
still living up to its reputation
...your long-range bargain



You can tell it by the automotive-type chassis and the direct drive transmission with no chains or belts. Tell by the quiet—cushioned engine mounts; extra insulation plus a super-sized muffler. And by the traditional 3 year trade-in value. You can also tell by features like the "Maintenance Minder" that tells you when it's time for periodic maintenance. It's just one of the way we help keep your Cub Cadet running like new long after others quit.

Britton Homecoming Held This Friday

BRITTON — Homecoming festivities will be held in Britton-Macon Schools beginning at 4 p.m. Friday with the Homecoming parade.

Floats are being planned by each grade level, seventh through 12th grade. Album titles are the themes for the floats.

Also in the parade line-up will be the homecoming king and queen for each grade level, with the announcement of the senior king and queen and the winning float at half-time during the football game.

Others in the parade line up will be the police, flag carriers, marching band, Boy and Girl Scouts, Blue Birds, Camp Fire Girls, Cheerleaders, F.F.A. prince and F.H.A. princess and fire truck.

Homecoming game will start at 7:30 p.m. and the first priority according to Principal John DeLine will be "to beat Deerfield."

At half-time the marching band, directed by Meri Schoof, will perform a program, followed by the name of the winning king and queen and float.

Homecoming dance will be held immediately following the game at the school gymnasium with music provided by Jam Pact until midnight. For admission prices, check with the school. Alumni of Britton-Macon are invited to attend also.

Bill Holmes Named F.S.A.

William M. Holmes, son of Mr. and Mrs. William Holmes, 410 Seminole Dr., has been named a Fellow of the Society of Actuaries (F.S.A.).

To be named a Fellow, Holmes successfully completed nine examinations administered by the Society on the mathematical basis of insurance and its specific applications to life and health insurance, pension, and other private and governmental benefit plans.

Achieving Fellowship is comparable to receiving a Ph.D. degree in mathematics.

Actuaries are mathematicians who study and evaluate contingencies which affect human beings, like birth, marriage, sickness, accidents, retirement and death.

By mathematically calculating the chances of these contingencies occurring, actuaries then design and price insurance, pension, and employee benefit programs which provide financial protection for people.

The Society of Actuaries, the largest professional actuarial organization, advances knowledge of actuarial science, maintains high standards of competence and professionalism, and conducts actuarial education and research programs.

Holmes is an assistant actuary with Covenant Life Insurance Company, Hartford, Connecticut. He is a 1969 Tecumseh graduate. Holmes now resides at 6 Lemay St., West Hartford, Conn. with his wife JoAnn.

Tecumseh Post Cards Available

Postcards of Tecumseh are available once again through the enterprise of Peg Aebersold of Tecumseh.

The color photography was done by Peg with assistance in design by Bob Bagdon of Clinton.

Four scenes of Tecumseh are the Presbyterian Church, Community Center, Chamber of Commerce welcome sign and an east view of Chicago Blvd.

Cards are available at Pinch a Penny, Schmidt's Rexall, In Things, George's Market, Castlewood Bookstore, House of Hallmark, Ken Ray.

Peg said that she was prompted to enter the post-card business by her mother, Helen Aebersold, who had several requests for Tecumseh postcards while she was manager at the House of Hallmark.

Peg, who is a sewing machine operator at Fisher Body in Tecumseh, is also known locally as an artist.

She plans to release a set of four postcards with Clinton scenes hopefully in time for the Fall Festival there. Those scenes will include the Clinton Belle, Clintonian Inn, downtown Clinton and Wamplers Lake.

'Sunshine' Available

Everyone likes sunshine and the warmth it gives.

There's a lot of sunshine around the First Baptist Church these days as the Christian girls singing group, "Sunshine," has begun rehearsing for this season.

This group includes girls between grades fourth through 12 and is interdenominational. It's headquarters is at the First Baptist Church.

Under the direction of Carol McLeod, the group is beginning its sixth year with nine new girls joining this year which gives a total of 22 voices.

The group is rehearsing for its first concert Oct. 14.

The program, "Parable of the Trees," is a musical drama with dialogue.

For information on obtaining "Sunshine" for a concert call Carol McLeod, 423-3482; Marti Clark 423-7894 or the Rev. Kenneth Boyd, 423-3110.

What's It Like To Have a Chimney Fire?

It's no fun. If it doesn't burn the house down, it will probably wreck your chimney and scare you half to death. Here's how it happens:

Begin with one dirty chimney — let's say a fireplace not cleaned for a couple of years. The soot lining the chimney flue is saturated with flammable stuff called creosote. (More detail on creosote is available in any dictionary.) It doesn't take much to ignite creosote — a newspaper fire sending flames up to the damper is enough.

Once kindled, creosote burns with joyous abandon. In a matter of seconds the fire spreads up through the flue creating a draft that only helps things along. At this point your average chimney fire begins to roar and howl, sending the occupants of the house running for cover.

If you run, you'll be treated to a real fireworks show. As the creosote fire builds and intensifies the heat melts the mortar between the brick. The red hot mortar actually drips into the flue only to be caught up in the tremendous updraft and these little fire balls shoot out the chimney and onto the roof. If you're lucky, the chimney will fall apart destroying one end of the building — if you're not, this miniature volcano can bring the whole house down.

However, if you stand your ground, a chimney fire can be controlled. Pull out the fire in the fireplace with an extinguisher or sand. Cover the opening with a wet blanket, call the fire department, and hope for the best. But it should be pointed out that having your chimney cleaned is a lot easier on the nerves than the sand and wet blanket method.

NEW FIRST FED OFFICE — Officials from First Federal Savings of Lenawee along with representatives of Tecumseh officially opened the institution's new Tecumseh office Tuesday morning. Lenawee County's largest financial institution moved from downtown Tecumseh to its new office at W. Chicago Blvd. and Occidental over the weekend. Participating in Tuesday ceremony were Cal Zorn, Tecumseh city manager; Dr. John Dawson, former Adrian College president and First Federal director; Kenneth Wassink, chairman of the board; Bud Ellsworth, representing the builder, Krieghoff-Lenawee Co.; Allan Greybiel, First Federal president; Donald Sunderland, director; Opal Dickinson, office manager; Virgil Tucker, director, and Aden Mead, mayor of Tecumseh. Vandals, Litter Forcing Park To Close after Dark

Park litter and vandalism have prompted Tecumseh City Council to go on record Monday night backing Tecumseh Police Chief Merlin Mowery to close Satterthwaite Park anytime he feels it is warranted.

Chief Mowery said that beginning Tuesday evening, the city police will enforce closing the park from sunset to sunrise.

The park, located on the east side of the city on M-50, has been notorious in the past several weeks for attracting groups of up to 100 people, most aged 17 and older although some are younger.

Park littering and vandalism were the major problems cited by Council in Monday's action.

Chief Mowery explained to Council Monday that the present park ordinance enables the police to close the parks at sundown, but the lighted tennis courts — originally intended for night tennis playing when built in 1978 — have apparently attracted after hours groups.

The situation "has worsened in the past three weekends," Mowery reported to Council.

Councilmember Jay Tressler's comment summarized Council's concerns:

"A group in and of itself should not be discouraged," said Tressler. "What should be discouraged is loud, boisterous, profane behavior."

Current city ordinance requires groups to receive a park use permit from the Parks and Recreation director.

In a related action, City Council postponed action on a revised park ordinance to permit Tecumseh [illegible] and Recreation Board an opportunity to review the proposed ordinance changes at its Oct. 4 meeting.

City Pays EMT Bill, Says Ambulance Problem Is with County Request

Tecumseh City Council authorized payment Monday night of $2,373 to EMT Ambulance for four months service, from May to Aug. 31.

Action was taken on a letter from EMT attorney Richard L. Roble asking for payment under the contract to provide Tecumseh based service to the community. EMT withdrew its local ambulance Aug. 31 for economic reasons.

With this payment, Tecumseh completes its contract agreement to pay EMT a $1 per capita subsidy for Tecumseh based service. City previously paid EMT $2,373 for the first four months of the year.

EMT is still serving Tecumseh and other communities north of Tecumseh, such as Macon and Clinton Township, with ambulance service from Adrian.

In his recommendation to Council to pay the bill, City Manager Cal Zorn stated, "As I see it, our difference is not with EMT but with the county over the hold harmless clause."

Unless the county changes its position — which county officials indicate is unlikely — the city of Tecumseh will not receive reimbursement for its payments to EMT because Tecumseh has not signed a hold harmless statement, exempting the county from liability in the event of a suit.

City Attorney Greg Forsthoefel said that, before EMT receives payment, he requested a letter from EMT attorney Richard L. Roble stating that EMT is aware of no action against the ambulance company for service it rendered while under contract in Tecumseh prior Aug. 31. EMT had threatened to sue if the city did not pay the full amount for the previous service.

Last year's official enrollment of 3,607 included deaf and orthopedic students, of which there are 32. They are not included in this year's total.

Must Register by Oct. 9th

Tecumseh city residents who are not registered voters have until 8 p.m. Tuesday, Oct. 9 to register at city hall to vote in the Nov. 6 city council election.

City Clerk Vera Gardner announced her office will be open from 8 a.m. to 8 p.m. that day to register voters.

Absentee ballots for the election are now available. Deadline for those voted outside the clerk's office is 2 p.m. Saturday, Nov. 3 and deadline for those voted in the clerk's office is 2 p.m. Monday, Oct. 5.

City voters will elect three council members.

Receive Audit

Tecumseh City Council received the audit report for fiscal year ending June 30, 1979. Firm of Moore, Smith and Dale completed the works with minor suggestions for city accounting procedures.

Roland E. Smith, CPA with the firm told council, "Nothing came to our attention...to indicate any improper or illegal actions."

Airplane Stolen at Meyers Airport

A 1975 Cessna turbo twin-engine plane was stolen at Al Meyers Airport, probably between the hours of 6:30 p.m. and midnight Monday.

The plane, owned by Bill McHarg, Warren, was here for repairs and new paint to the extent of $6,500. As of Wednesday, police had not been successful in contacting the owner.

Detroit Metro Airport authorities report no planes left the airport here after midnight that would have shown up on radar. Toledo Express Airport officials are checking their records, including any planes which may have landed for refueling.

The plane reportedly had just enough gas for approximately one hour flying time.

Wes Plattner, 609 S. Pearl St., reported the plane missing to Tecumseh police Tuesday morning.

Theft has been reported to the Federal Bureau of Investigation, which is now in charge of the case.

School Busses Rocked, 1 Student Is Injured

Vandals threw rocks through windows on two school buses here Tuesday, and in one incident a Hudson student was injured.

Mike McElroy, 15, of Hudson was a passenger on a bus driven by Linda D. Morse, Hudson, who was southbound on N. Evans. In the vicinty of Moore Lumber Co., a rock was tossed through a Hudson school bus window, injuring young McElroy.

He was taken to Herrick Hospital for removal of glass fragments about his eye.

Also Tuesday, Charlotte P. Tiede, Adrian, Madison school bus driver, was eastbound on E. Chicago Blvd. when a rock was thrown through a bus window near the Community Center.

Vandals also are suspected in breaking a window at J-D Interiors Monday, ripping a screen at the Nina Swick apartment in Pawnee Court, and setting on fire a Kreighoff-Lenawee Co. porto-jon at a building on N. Maumee St.

Other complaints handled the past week were:

Sept. 27 - Thomas Counts, 615 W. Cummins, reported a bicycle taken as did Brenda Ray, 12, of 703 S. Pearl St.

Sept. 29 - Lynn P. Sebring, 24, Adrian, was arrested for drunk driving after being stopped on N. Evans St. for driving on the wrong side.

Sept. 30 - Michael E. Sackett, 31, Adrian, was arrested on Raisin Center Hwy. after speeding on S. Evans St. He was cited for driving on a suspended license.

Oct. 1 - Deborah Cojeen, 23, of 404 Outer Dr., reported two hubcap covers stolen from her vehicle.

Oct. 1 - Cal Damon of Cal's Tog Shop reported a coat stolen from his store.

Oct. 1 - Herbert D. Linker, 56, Toledo, was picked up on a warrant on charges relative to child support.

Oct. 2 - Rocky Lee Cole, 25, Sand Lake, was arrested on disorderly person charges after fighting near the Wrong Way Pub. He was subdued by officers taken to the county jail, where he posted $100 bond.

Post Office, Bank Closed Monday

Due to Columbus Day, Monday, Oct. 8, Tecumseh Post Office will be closed. Mail will be available for post office box patrons only.

United Savings Bank will also be closed.

However, sources for Commercial Savings Bank, First Federal Savings and Loan and Tecumseh City Hall said that they will be open on the federal holiday.

Confirms Drillers Discover Oil on Allen Farm

Oil has been discovered on farm property owned by Mrs. Charles Allen, 5390 Allen Rd., she confirmed Wednesday morning.

Apparently, drillers discovered the oil more than three weeks ago and are moving in measuring equipment this week.

Location of the drilling is off Murphy Rd., just south of the Allen's woods.

Mrs. Allen, a lifetime resident of the area, commented, "I really haven't gotten very excited about this yet. I just hope I have enough oil for the winter."

Products Elects Detroit Banker New Director

At the Sept. 26 meeting of Tecumseh Products Company's board of directors, Dean E. Richardson was elected to fill the vacancy created by the death of Roland A. Mewhort.

Mr. Richardson will join the board, effective Nov. 1, He is chairman of the board of Manufacturers National Bank of Detroit and Manufacturers National Corporation.

He received his bachelor's degree from Michgan State University in 1950 and his law degree from University of Michigan in 1953.

Three Traffic Accidents, Three Are Ticketed

City police investigated only three traffic accidents the past week, but in each mishap drivers were cited for violations.

Mark S. Maschino, 24, Britton, was cited Saturday for an improper left turn after an accident with James R. Barnes, 17, of 116 W. Patterson, at the intersection of N. Ottawa and E. Logan St.

Monday, Daniel E. Bladuf, 36, Genoa, Ohio, was charged with disregarding a red light after a collision with Charles R. Goodacre, 47, of 721 Seneca, at the intersection of E. Chicago Blvd. and Maumee.

Donald L. Dowling, 21, Adrian was cited for failure to stop within an assured clear distance after running into Sally Ann Carpenter, 802 River Acres Dr., at Russell Rd. and Occidental.

Tecumseh Voters Lead County in Approving Special Ed Millage

Tecumseh voters led the county with the greatest percentage of "yes" votes to approve the one mill charter levy for special education, requested by the Lenawee Intermediate School District.

Voters of the Intermediate School District approved the millage request by a vote of 3,822 "yes" to 2,101 "no".

Approximately 13 percent of the voters in the ISD voted Monday. About 10 percent voted in Tecumseh, Clinton and Britton districts, about the same percentage as in recent school elections.

Millage passed in 10 of the 12 school districts in the ISD.

Tecumseh voters said "yes" to the millage with 679 votes. "No" votes tallied 194.

In Clinton and Britton, voters also approved the millage. Clinton had 198 "yes" and 118 "no". Britton polled 88 "yes" and 40 "no".

William Ross, superintendent of the Lenawee Intermediate School District commented: "With the additional millage we will be able to do the three things we said we were going to do."

Those are: capital improvements to the Milton C. Porter Education Center for the approximate 150 severely mentally and physically impaired students, expansion of programs for the mildly handicapped and hedge on inflation's impact on existing programs.

Ross said, "The majority (of the millage) will be used for programs for the mildly impaired. In the next three to five years, we will expand classroom units in the local districts to serve those children with learning disability, the mildly emotionally impaired and the mildly mentally impaired not now being served.

"This will be the major impact after the construction at the Milton C. Porter Center is completed."

Construction plans at the Porter Center include a cafeteria, therapy and conference rooms, media center, bus maintenance facility.

In addition the 1,300 students currently served in the special education programs in the ISD, an estimated 1,000 mildly handicapped students will be served through the additional millage.

Ross thanked the voters, ISD board and staff and local district special education committees.

Breaking Ground for Auditorium on Oct. 14th

Official ground breaking ceremony for Tecumseh's new civic auditorium will take place at the site on Sunday, Oct. 14th, at 2 p.m.

Cal Zorn, city manager, says some 15 to 20 city officials will participate along with others.

Public is invited to attend. Site is on N. Maumee St., across from the high school.

Accepts Clauda's Bid of $5,500 for Plumbing

The lone bid of Clauda Plumbing and Heating of Tecumseh in the amount of $5,500 for plumbing at the Tecumseh Community Center restroom was accepted by Tecumseh Council Monday night.

City received a matching federal grant to help complete the work. Dunbar Construction received the bid for carpenter work at a previous meeting.

HOW MUCH ABOUT DEATH CAN A CHILD UNDERSTAND?

The young child of three to five usually understands little of death and seems to be disturbed about it for only a short time or for short intervals.

The child from five to nine may express guilt remembering past feelings and quarrels with the deceased. They will be very much influenced by the way in which adults in the family behave during the death and funeral.

Of utmost importance to children of any age is that they receive the support of a loving adult to help sort out their feelings, assure them that they are in no way responsible for the death, and encourage them to share their feelings with you.

If you have a question feel free to contact us. Sometimes we can be of help in lightening your load in these intensely personal situations.

Jagelka-Berry Vows Spoken

White gladioli and pompons decorated the altar of St. Elizabeth Catholic Church for the wedding vows of Mary Beth Jagelka and Jeffrey Alan Berry Sept. 22, 7:30 p.m.

Msgr. Vincent Howard officiated the ceremony for the daughter of Robert F. Jagelka of Blissfield and Sallie F. Jagelka of Mesa, Ariz. and the son of Mr. and Mrs. William R. Berry of Adrian.

Pat Patten was organist and Kathy McDermott was soloist.

Candelabra provided the setting at the altar and white satin bows marked the pews.

For her wedding the bride wore an ivory voile gown with antique lace.

Her headdress was a picture hat trimmed with matching lace and fashioned with a bow and ivory veil.

She carried baby's breath, carnations and pompons centered with an orchid.

The bride's mother served as matron of honor wearing a yellow satin gown. Her hair was accented with baby's breath and she carried an arrangement of mums and carnations with lavender ribbons.

Bridesmaids were Linda Budwit, the bride's sister of Tempe, Ariz. and Chari and Lori Jagelka, the bride's sisters of Mesa, Ariz.

They were attired in lavender gowns with lace caps and carried an arrangement of mums and carnations with yellow ribbons.

Kenneth Berry of Adrian was his brother's best man.

Ushers were William R. Berry Jr., the groom's brother, Michael Doughy of Tecumseh and Steve Winstead of Britton.

A reception for 250 guests was held at the Tecumseh American Legion Hall. An arrangement of lavender and yellow flowers and lavender candles decorated the bride's table.

Special guests included Mr. and Mrs. Kenneth A. Smith, the groom's grandparents of Seneca; Mr. and Mrs. Frank Jagelka of Bay City and Mr. and Mrs. Theodore Doan of Essexville, the bride's grandparents.

Mrs. Danny Moorhead, the groom's cousin of Adrian, made and cut the cake.

Mr. and Mrs. Robert J. Jagelka of Hudson, the bride's brother and sister-in-law were hosts.

Mary Harris and Kit Hollister poured punch.

The bride is a 1978 Tecumseh graduate. The groom is a 1973 Tecumseh graduate, attended Siena Heights College and served three years in the United States Army. He is employed at the Ford Motor Company, Milan plant.

The couple will reside in Tecumseh.

Nancy Ries, James Harden Exchange Vows

The Norman C. Ries' farm in Tipton, was the setting for the marriage of Nancy A. Ries and James R. Harden Jr. Sept. 29, 7 p.m.

The Rev. Max Bailey, retired pastor of the Tipton Community Church, officiated the ceremony for the daughter of Mr. and Mrs. Norman C. Ries, 8300 Wisner Hwy., Tipton and the son of James Harden of Adrian and Joyce Harden of Hudson.

Mrs. Lester Munger was organist. Jeff Betz was soloist.

For her wedding, the bride wore a gown she designed of white satin, chiffon and lace. It featured a full satin slip with spaghetti straps and straight neckline. The chiffon overdress had a round neckline with angel sleeves, trimmed with a seven inch lace w[illegible] repeated at the hem[illegible] of the full skirt.

Her necklace was a gift from the groom. Her waist length veil was trimmed in lace. She carried pink roses, white carnations, baby's breath and ivy.

Susan Gould, the bride's sister of Morenci, was matron of honor wearing a light blue gown with full skirt, spaghetti straps and square neckline. The jacket of sheer white material tied at the waist and had puff sleeves.

She wore a white floppy brimmed hat with light blue satin bow. She carried a bouquet of white carnations, blue daisies, baby's breath.

Bridesmaids were Ann Larrowe of Clinton attired in peach; Sherri Maxey, the groom's cousin of Valparaiso, Ind., attired in yellow.

Cari Harden, the groom's sister of Hudson, attired in plum; Carey Yeager, the bride's cousin of Tecumseh, attired in aqua and flower girl Lindsey Yeager, the bride's cousin of Tecumseh.

David Houghton of Addison was best man.

Ushers were Randy Wright of Tecumseh, Jeff Maxey, the groom's cousin of Valparaiso, Ind.; Kenny Houghton of Sommerset; Bill Harmon of Adrian and ring bearer, Jon Ries, the bride's nephew of Tipton.

A reception was held at the bride's parents' home following the ceremony. Flowers in rainbow hues, matching the bridal colors, decorated the bride's table.

Larry and Lona Ries, the bride's brother and sister-in-law and Jerry and Vicki Spise, the groom's cousin, were hosts at the reception.

The bride is a 1978 Tecumseh graduate and is a bank teller at Northern Indiana Bank and Trust Company, Valparaiso, Ind.

The groom is a 1979 Addison High School graduate, employed at Emil Perrotta Construction.

The couple resides at 785 Juniper Rd., Apt. 31, Valparaiso, Ind. 46383.

News From The Tecumseh Chiropractic Life Center

Dr. W.C. Elwartowski

Good health, once restored, can be preserved through regular chiropractic care.

Likewise, a good "maintenance program" employing regular, scientific chiropractic checkups and adjustments can provide that "ounce of prevention" necessary to keep that healthy, happy feeling.

The body functions on orders from the brain, through the vital spinal cord to the multitude of tiny nerve fibres which radiate from the spine through all parts of the body. The spinal cord and the nerve fibres carry the vital nerve energy which maintains proper, normal and efficient functioning of the body's muscles, glands and organs.

Impingements, or pressures, on the nerves caused by subluxations in the spinal column create bodily disorders and disease. The pressures restrict the flow of the necessary nerve energy, the body parts cannot function efficiently.

The chiropractor scientifically locates and removes the offending pressures, and nature heals from within to restore health. By periodic chiropractic adjustments the efficient flow of nerve energy is maintained, the body functions normally and disorder and disease are warded off by the healthy body.

Prevention, allowing the body to protect itself with its own natural powers, eliminates the necessity for "the long road to recovery" after disease strikes.

For further information on this question, or if you have other related questions, feel free to write Dr. Elwartowski at 101 S. Pearl St., Tecumseh, MI 49286.

Indians Lose Second Match, 1-2 in League

The Tecumseh golf squad split a pair of Huron matches this week to put their league record at 1-2, the first time since 1973 that the Indians have lost two league matches in a season.

Wednesday, the Indians easily beat Airport 157-208.

Greg Scheuerman led the Indians with a hot 33. Ron Smith finished second for the THS squad at 37. Scott McDonald hit 43 and Steve Behnke shot a 44.

Grosse Ile was a different story Monday as the visiting five shot a 159 at the Indians. Tecumseh carded a 184.

Smith hit a 39 for the Indians to finish one stroke behind Grosse Ile's number one man. Mike Zettel shot a 40, Behnke hit 42 and Scheuerman shot a 43 to round out the scoring.

Girls Explode for 2 Easy Wins

After dropping its first three games by very close scores Clinton exploded for two easy wins this week in girls basketball.

On Tuesday CHS claimed its first victory of the season by defeating arch-rival Manchester 79-48. "It's about time' observed Coach Bob King, as Clinton's offense finally got on track by scoring its highest number of points in two years.

Clinton's full court pressure broke the game wide open during the third quarter as they scored 30 points to take a 68 to 39 point lead. Barb Winder and Kris Pratt scored eight apiece to lead the attack during the third quarter which also saw the Redskins make 12 straight free throws, a school record.

Outscoring Manchester in every quarter, Clinton coasted to a 79-48 win. "According to King his team really needed this win as they were starting to doubt themselves and this game should boost his team's confidence.

Senior Co-captains Winder and Pratt led the Redskins in scoring with their career highs of 22 and 20 points respectively. Brenda Cark and Barb Winder led the team to a large rebounding advantage 39-23, as they both hauled down 10 rebounds.

Junior guard Carrie Merillat had another good game running the offense, scoring eight points, handed out six assists and she had eight steals.

Thursday Ann Arbor Gabriel Richard traveled to Redskin Country and CHS made the Fighting Irish their second victim with an easy 62-34 win.

Clintons' press worked again as the girls jumped out to a commanding 35-14 halftime lead. Senior Karyn Coward scored nine points in the first quarter with her aggressive style of play.

Substituting freely during the second half, Clinton still outscored their opponents with a balanced scoring attack.

Forward Coward scored her career high as she led the Redskins with 12 points. Pratt added 10 points, Carrie Merillat had nine points.

Barb Winder led in rebounding with 12 and Brenda Cark had nine as the Redskins controlled the back boards for the second straight game.

The Redskins offense is starting to develop and the defense is getting stronger with each game according to Coach King. The team is now working well together and should improve with each game as the season continues.

Clinton's season record is now 2-3.

Next game is at Onsted Oct. 9. Clinton will play Dundee at home Oct. 11. JV game will start at 5:30 p.m.

Drop 3rd Huron Game

The Indians played a better football game this week than last, but the outcome was the same as the Tecumseh squad dropped its third straight Huron League game. The Indians lost to Airport 30-21.

The local favorites scored first Friday night on a two yard run from Andy Geshwiler with 3:10 gone in the second quarter. Tim Steuwe's extra point kick made it 7-0.

The 71 yard drive took the Indians just six plays, including a 47 yard run from Mark VanBuren and 14 more yards on the ground from Geshwiler in three plays.

Airport then retaliated with two scores following Indians mistakes to make the score at half 12-7.

The first score came with only 1:13 left in the half when the Indians fumbled a punt on their own 38 yard line. The Jets took the ball in three plays later on a 22 yard pass.

The second Airport score came on the Indian's next play from scrimmage when Indian quarterback Tim Todd's pass was intercepted midfield. Airport scored with another pass three plays later on the last play of the half.

Airport and the Indians scored in the third quarter, Tecumseh on a 37 yard drive with seven plays. Todd got credit for the THS score on a seven yard run. VanBuren again highlighted the drive, gaining 24 yards on three carries.

With the score then at 18-14, Airport ahead, Todd scored again for the Indians midway through the final period. The one yard run and kick after gave the Indians a 21-18 advantage.

In that 29-yard scoring drive, the Indians ran 10 plays with steady running and a 10 yard pass from Todd to Scott Hans. Costly penalties made the drive actually longer than 29 yards.

Then Airport came back still again and made the score 24-21 with 5:14 left in the game.

With plenty of time left to ease across the last core of the evening to win, the Indian strategy fell away as the offense fumbled the ball to the Jets on the second play after the kickoff.

The Jets scored with 2:23 remaining in the game to finish the scoring at 30-21. The Indians did have one more drive, but dropped the scoring pass in the endzone.

VanBuren led all Indian backs with 111 yards in nine carried.

Statistically the Indians had 175 yards rushing, 92 passing while the Jets had 217 rushing and 137 passing. Tecumseh was eight for 18 passing with two interceptions. Airport was nine of 14 with no interceptions.

Britton Loses Homecoming Game

Britton just let the Deerfield Minutemen play too much offense, the Tory defense just wasn't consistant enough and key offensive mistakes led to a 14-12 homecoming game loss for Britton Friday night.

Deerfield had 14 first downs and Britton had 12. Both teams completed one pass on three attempts while Deerfield gained 211 yards on the ground and the Tories gained 227 on the ground and 17 in the air. Deerfield gained nine yards in the air to nearly even up the statistics for the first time this year in a Britton game.

The Minutemen's first TD came on the second Tory fumble of the evening and second Deerfield recovery of the night when Jim Slatick lost the ball on the Tory's 27. Five plays later Deerfield went in from one yard out for the score. Their extra point run was good for two more points.

After that first quarter score, the Minutemen hit paydirt again in the third quarter when they ran a kickoff back to their 45 yard line. They scooted into the end zone on a 25 yard run. The extra point kick attempt failed to make the score 14-0.

Britton didn't panic, keeping their conservative play and it paid off with 5:03 remaining in the third quarter. Slatick ran the final 35 yards for the score. The attempt at the two-point after run failed however. New score: 14-6.

Deerfield then returned a favor to Britton at the beginning of the fourth quarter and they fumbled and the Tories recovered on their own 35 yard line. Again Britton fumbled and Deerfield recovered.

The Tory defense then held on the Tory 23 with 7:15 left in the game. Britton started a drive with Montalvo going the last yard to make the six points.

In that series Slatick had a 34 yard run shorted to 12 on a clipping penalty and then Slatick countered with a 17 pass catch from quarterback Chris Kimerer. A face mask penalty and a three yard run from John Montalvo set up the score.

With the Tories then down by two, Britton's Montalvo took the ball for a two point conversion attempt, but Montalvo was stopped short on an excellent solo tackle from Deerfield's Tracy Duval.

Britton tried an onside kick, but the Minutemen recovered to end the game.

Slatick led the Tory offense with 199 yards in 17 carries.

It was the first loss for the Tory squad, now with a 3-1 record overall and 2-1 in the league.

Tories Win 2, Now 6-0

The Tory girl basketballers notched two more victories this week to up their record to 6-0.

Thursday Jodi Smith hit a career high 34 points to lead Britton past Sand Creek 61-43.

Smith hit 10 of 14 from the floor in that game and was 14 of 18 from the line to beat her previously season high scoring of 33 points last year.

The Tories scored 29 points in the first half behind Smith's 18 while the Britton defense held Sand Creek to just 14 points in the first 16 minutes of the game.

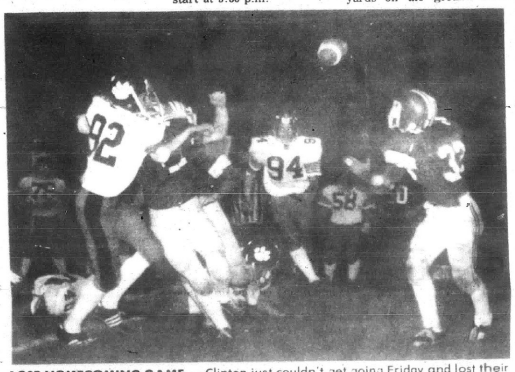
The Tories finished the game with 32 points the second half for an overall 19 goals in 43 attempts for 44 percent.

Monday Smith hit for 26 points as the Tories beat Waldron 77-28 in a non-league game.

Freshman Jami Smith also hit double figures with 13 points. Jami and Jodi had nine and eight steals respectively.

Shannon Skelton and Jodi had eight rebounds apiece to lead the defense.

The squad as a whole hit 30 of 64 attempts for 46 percent.



LOSE HOMECOMING GAME — Clinton just couldn't get going Friday and lost their Homecoming game 20-0. Above, Scott Thilo reaches for a CHS pass. PHOTO BY JOHN SEAY

Tigers Maul Clinton, 20-0

Clinton's offense just couldn't get rolling and their defense couldn't stop Hudson Friday night as the Redskins lost their homecoming game 20-0.

Clinton managed just 127 yards offensively while Hudson massed 307 yards, 232 on the ground and 75 in the air. CHS had 12 yards in the air.

Both teams had trouble hanging onto the ball, Clinton fumbling eight times and Hudson four. Both lost the ball three times. The Redskins also had three passes intercepted, Hudson's Tigers two.

Neither team scored in the first quarter, but Hudson put seven points on the board in the second frame on a one yard down. In the third quarter, the Tigers scored again, this time on a 54 yard run. The run for extra point failed to make the score 13-0.

Hudson's final score came in the last quarter on a 21 yard run and the extra point kick made the final score 20-0.

Chuck Kilgore led the Redskin offense with 61 yards in 14 carries. Also offensively, Bob Zimmerman and Jeff Bowman combined for 12 yards on 10 pass attempts. Three were completed.

Defensively, guard Keith Kinard led with 13 tackles and tackle Chris Doublas also hit double figures with 10.

Clinton's record is now 0-3. They travel to Blissfield Oct. 5.

CHS Runners Lose Two

Clinton cross country team lost to Hudson Thursday by an 18-40 score.

Hudson captured first and second then rapped the meet up by taking the fourth through sixth places. Hudson is undefeated in the LCAA.

Matt McNeil led the Redskins by taking third place in a time of 17:07. Jack Thompson was seventh (18:32) and Mark Rochwiak was eighth (18:55). McNeil, Thompson and Rochowiak all had their best times of the season.

Finishing out the Redskin scoring was Mark Arquette, 10th, Chris Kruchkow, 13th, Steve McKay, 16th, and Don Krauss, 17th.

Tuesday the Clinton squad traveled to Blissfield and lost a close contest, 25-30.

Nighswander finished second for the Redskins with a 16:28 time. McNeil was third at 16:56.

The last three runners slipped to seventh, eighth and 10th places. They were Arquette at 18:23, Thompson at 18:27 and Rochowiak at 18:52, respectively.

Jets Slip By

The Tecumseh cross country team ran a very good race against Airport Tuesday, but came up short as the Jets slipped by the Indians by one point, 28-27.

All five Indian runners ran their best times of the year, but Airport finished in the number two, three and four spots to just beat the local favorites.

The Jets were picked to win the league this year, and with any luck, Tecumseh can still tie them for first if the Indians beat them in the league meet.

THS could even win overall if another Huron team upsets the Airport five before the league meet.

Scott Betzoldt finished first with 16:01 clocking. D.J. Biscupski was fifth at 16:22 and Nick Osburn was sixth at 16:36. Ben Binder finished seventh at 16:38 and Tim Day was ninth with a 16:48 time.

The girls also lost to Airport, 39-17.

Anne Smoke finished fourth at 20:53. Karen Egli was seventh at 21:47 and Nancy Comfort finished ninth, 22:41. Rounding out the times were Jill and Jody Schmidt in 10th and 11th places at 22:43 and 24:43 respectively.

Airport's girls are among the strongest runners in the state with their number one finisher blazing all runners Tuesday with a 20:14 time.

The Tecumseh squads host Jackson Thursday with the girls traveling to Manchester and the boys to Brighton Saturday.

Earlier in the week, the girls captured their first win of the season in a triangular meet against Jackson Northwest and Eaton Rapids Thursday.

Scores ran, Jackson 21, Indians 47, and Eaton Rapids 67 with the THS runners beating Rapids and losing to Jackson.

Anne Smoke finished in the top spot for the Indians, taking a fourth place in 21:17. Karen Egli was fifth at 21:28 and Nancy Comfort also stayed in the 21 minute area with a 10th place finish.

The 21:42 clocking by the young freshman Comfort was her best time of the year. Jill and Jody Schmidt finished up the scoring in 13th and 15th places.

JV's, Varsity Lose

Both the Tecumseh varsity and JV girls' basketball teams hope to forget this last week as each team lost to Ann Arbor Pioneer Thursday and Flat Rock Tuesday.

Thursday, the varsity Indians could put only two free throws through the hoop the first quarter and found themselves down 16-2. The girls out scored Pioneer the second quarter 16-10, but were still down eight points.

They could not catch up as Pioneer hit 12 and 28 points to the Indians' six and 11 the last half.

Kris McDonald was the high scorer with 18 points.

The JV's lost their match by just four points to Airport, 37-41. Tracy Walters was the high scorer with 14 points.

The JV's scored only 10 points the first half, but came alive with 27 in the second half. They were just too far down to win.

Tuesday, the varsity had the same first quarter problem as the girls only hit the basket for three points. They were down 12-3 and again out scored their opponents in the second quarter, 11-7.

With the girls down then 19-14 at the half, the Indians managed only four and fourteen points in the second half to drop the game by three points.

Donna Bohannon was high for the Indians with 11 points.

The JV's lost their match by five, 32-27. Walters was high with seven. The young Indians were ahead 15-9 in the first half, but they lost their momentum in the second half as Flat Rock took over.

Dave Bilkie Leads in Goals

Tecumseh's Dave Bilkie led Ferris State to a 4-1 victory over Northwood Institute this week at Midland, scoring two goals in 27 seconds.

Dave, a junior, leads the team in goals, scoring five in the team's first six games of the season. Ferris is presently 4-2 for the year.

If your brand new car is 'totaled' will your insurance company pay you for a brand new car?

Some insurance companies think a new car is a used car the minute you use it to drive out of the dealership. Not Auto-Owners.

With Auto-Owners, if you have an accident anytime within 90 days and your new car is a total loss, we'll pay you the total cost of your new car. And with Auto-Owners, your new car is covered immediately, automatically, under your previous policy.

So if you're about to get a new car, talk to us at Auto-Owners. Maybe you should get a new insurance company, too.

Clinton Awaits Rescue Truck

CLINTON — At the meeting of the Clinton Township Board Monday, Supervisor Frank Gignac announced that the Fire Department's rescue truck is to be ready in about two weeks.

Board received communication from County Clerk Pat Johnston, concerning the Public Act 54, which permits school districts to register 18-year-olds in school.

Board voted to join Michigan Township Association for one year.

Zoning Board will meet Monday, Oct. 22 at 7 p.m.

Harry Comstock reported on the Sept. 25 meeting of the Riverside Cemetery Board.

Charles Wilson reported there were no building permits issued this month.

Steve Earns $264 in Ride

CLINTON — Special recognition of Steve Karapas is being made by Arlene Schroeder, chairman of the recent Bike-a-thon for St. Jude's Children's Research Hospital.

Steve, a nine-year-old, biked a record 24 miles and raised the sum of $264.65 for the benefit event.

Mrs. Schroeder thanks all the parents, sponsors, and Mr. and Mrs. D.J. Thayer of REACT, and Jack Dillon, chairman of REACT; and for prizes donated by Rossow's Hardware and Court's Village Pharmacy.

Others who assisted were Rev. Thomas Kruchkow, Mrs. Martin Scott, Mrs. D. Young, Mrs. L. Harrison, Mrs. Pat Schneider, Mrs. S. Bowman, Mrs. Nick Holt, Mrs. T. Kiest and Mrs. W. Earl.

CLINTON — Persons who reside in the Clinton Community School District and work outside the community are reminded to mark their United Fund donations to be returned to the Clinton United Fund.

Doing this will insure that the contributions will be used in the local area for all the more than 15 services benefiting from the Clinton United Fund.

Jerry Langowski is this year's fund drive chairman in Clinton.

A goal of $15,000 has been set for the drive which will be from Oct. 8 to 26.

Local businesses will be canvassed next week by members of the United Fund board, and members of the Shamrock Senior Citizens.

Donations may be made to the Clinton State Savings Bank, Rossow's Hardware or the Clinton Township Library.

Festival Facts and Fancies

By Maxine Calhoun

CLINTON — The heavens smiled on Clinton's Fall Festival '79 with mid-70's weather all three days, and only a slightly overcast sky early Friday.

So balmy was the weather, in fact, that most visitors returned wearing summer attire — adding to the holiday mood.

With no fog or wind to hamper, the 135 booth spaces (a new record) were all set up early Friday morning, and several hundred people were still drifting around to look at them until nearly dark. Couldn't help noticing how happy folks looked.

The quality and variety of booths improves each year.

There were many more people than usual watching the Homecoming float parade Friday afternoon.

Saturday's events were outstanding, with good crowds reported at the B-Bar-J Rodeo, and throughout the day and evening for the stage shows, and the air show.

Warm weather permitted the Lost Arts displays to be spaced out on the Community Center lawn for easier viewing.

New Friends

Wasn't it fun watching the little tots make new friends as they gently patted the frisky little kid goats at the 4-H Petting Zoo on the Center lawn?

Old Friends

Many old friends renewed acquaintances as they gathered at the Middle School lawn to view the stage performances or as they squeezed through the masses of folks along the main streets viewing the booths.

Wasn't it nice that the ground was dry and warm enough for the overflow crowd to sit there after dark to watch the show? Bright moonlight added glow to scene, too.

Excellent sound and light equipment added much to the quality of the performance by Clinton's many talented singers, and of the guest entertainers who charmed the audiences.

High in the Sky

Did you see the spectacular parachute tableau Saturday afternoon? The colorful chutes wafted downward in that wonderful clear, blue September sky, just over tree top level.

Besides the scheduled aerobatics, visitors were offered helicopter rides over the town. What a sight that must have been, to see so many people in Clinton all at once.

Guessing Game

All sorts of estimates of the crowd's size are being heard, but, perhaps the closest is 25,000 for Sunday's parade, and perhaps 10,000 for Saturday.

Feeding the Multitude

Fish fryers at the United Church of Christ tried their best to feed the multitude, but the fish ran out when about 600 had been fed, a new record for the annual event which involves almost the entire congregation in one way or another. They were sorry to have a turn some folks away after 6:15 p.m.

++

Apple Festival sponsored by the St. Dominic's Catholic parish dispersed 200 homemade apple pies, 35 gallons of cider and 36 gallons of ice cream. A busy crew of women kept making fresh candied apples in the center kitchen and they used up six bushels of apples!

++

A first for festival weekends, more iced tea than coffee was sold at the pretzel and ham sandwich booth at the United Church of Christ.

When a two day planned supply of sandwiches was sold out Saturday, a quick re-order was made of ham and buns and a pre-worship service, sandwich making bee by the church ladies saved the day on Sunday.

Project netted $1,000 profit for the church, with nearly 800 sandwiches and over 1,000 pretzels sold.

++

Clinton Schools Spanish Club grossed $1,800, selling twice as many tacos as ever before.

++

Clinton Jaycees sloshed over 1,000 gallons of beer across the tables Friday and Saturday, served two roast pigs, 100 smoked pork chops, and untold quantities of Kielbasa, as they hosted two nights of dancing until the wee hours of the mornings, grossing around $9,000 before expenses.

++

Sunday morning, a fresh crew of Clinton Rotarians served a pancake and sausage breakfast at the Memorial Park site, and at the same time fired up the charcoal for a chicken barbecue. That project grossed about $4,400.

Flight Plan Foul-up

It's to be hoped that the Navy gets its flight plans straightened out before the country has a real emergency, if Saturday's mix-up is any indication of their efficiency.

Months ago, parade chairman, Jim Pittman had made arrangements to host the Navy Flying Rifles, some 25 servicemen and women in local homes for one night. Some plane problem occurred and the plane from Texas was cancelled, so all the hosts were notified their guests weren't coming after all.

Then, Saturday, it was learned that the were coming — and no one was home to get the messages. The Navy finally got its act together, a bit late in the day, and they did present their precision drill at 9 p.m. under the street lights, Saturday night. A quick collection of sleeping bags, and hospitality of the United Church of Christ, provided the drill team a place to sleep. Oh, yes, the three Navy women were housed in local homes.

Shriners Spark Parade

Viewers dubbed Sunday's parade the "best one in the area" as the one-and-a-half hour spectacular wove through village streets, so long it had to be disbanded before it returned to its starting point.

Nearly 400 Shriners from several chapters of Michigan added to the hilarity of the parade with their numerous units of bands, marchers, clowns, and comic antics in toy cars, and cowboy and Indian bedecked motorbikes.

Please tell Jim Pittman what a great parade he put together.

Gift of Appreciation

Joe O'Donnell, who has been chairman, co-chairman or assistant of car ticket sales in all the Fall Festivals, was honored, along with wife, Ellen and children, at the conclusion of the drawing, Sunday. He was presented with a plaque replica of the historic Clinton Belle, another feature he had loaned for the town's use. The O'Donnells are planning to move to Tennessee in the spring, and Joe's enthusiasm for the Festivals will be sadly missed.

Morning After

Early Monday morning, little folks from Clinton schools were seen busily picking up and bagging the trash on the school gounds, as the villagers struggled back to normal.

Now, Clinton can start thinking about its next 150 years!

Mr. and Mrs. Raymond C. Potts of Britton will be honored at an open house Oct. 7, at the Water Wheel Estates from 2 p.m. until 5 p.m., celebrating their 50th anniversary. The event will be hosted by their four children and their spouses.

Bessie M. Dowling and Raymond C. Potts were married at St. Joseph's Rectory Oct. 5, 1929 by the late Father A.C. Schneider.

They are the parents of four children, Raymond Gene Potts, Norma James, and Mary Robertson of Adrian, and Blanche Irene McKimmey of Clinton.

Mr. Potts was active in Adrian's Little League baseball, Junior Achievement, and retired from Kewaunee Scientific in 1974.

Mrs. Potts worked at the J.C. Penney store and taught school in Adrian until her retirement in May 1973.

Several years before they retired they planted and developed the Red Apple Orchard in Britton where they now live.

Mr. and Mrs. Potts have 22 grandchildren and 19 great-grandchildren. Friends and relatives are cordially invited to attend. The couple requests gifts be omitted.

A mass was celebrated Sept. 30, in their honor at St. Joseph's Church with their entire family in attendance.

CHS Golfers Lose 2

Clinton's golfers lost two matches this week. Thursday the varsity lost to Addison 185-185 and Monday Onsted beat the Redskins 181-188.

Thursday Addison ran its record to 9-0 at the Redskin's expense while Clinton now drops to 0-8 in the LCAA league.

Tom Eddy shot the low for Clinton, a 44 while Steve Porterfield hit 45 and Greg Parker and Brian Dettling each hit 48.

Monday Eddy was again low for Clinton with a 41. Porterfield was second with a 47, Rich Peterson hit 48 and Dettling carded a 52.

ARSONITIS

is Inflating your insurance rates

The Problem: Arson. It's costing you a lot of money. Arson accounts for 20-30% of the price you pay to insure your property.

But even more important is the cost in human lives. Incendiary fires kill about 1,000 people each year.

What We're Doing: Insurance companies have pushed for new laws to beef up arson investigation. We sponsor information programs to make consumers aware of the problem. And we fund a reward program to put arsonists behind bars.

What You Can Do: Join the fight. Ask your legislators to continue working for tougher laws and better funding for arson detection. Notify law enforcement authorities if you suspect arson was (or will be) committed.

Holloway Happenings

HOLLOWAY — The Friendly Neighbors Farm Bureau members had a dinner meeting at a restaurant Wednesday evening.

Esther Pinter was a guest.

Hester Wooster told of the organization of the first meeting of Friendly Neighbors Farm Bureau, which was at the home of Mr. and Mrs. Hawley Wooster, March 20, 1946.

Lawrence Smoll led the discussion on "Gasoline Production: Will Farmers Grow Fuel?"

The use of gasohol improves engine performance and gas mileage according to tests conducted by the Automobile Club (AA) of New York. Engine noise was eliminated and cars start easier.

The study concluded that a mixture of 10 of 15 percent pure alcohol with unleaded gasoline improves gas mileage by 11 percent with a mixture of 25 percent alcohol and unleaded gasoline.

The Farmers Petroleum Cooperative introduced gasohol in Michigan this year.

Seymour Warner gave the minute-man report on "Workmen's Compensation," followed by a reading by Hester Wooster, "The Modern Little Red Hen."

Gladys Warner invited the group to her home in October.

++

Virginia Meyers hosted the Around the Block Extension Club at her home, with Sarah Lowery as co-hostess.

Frances Machan called the meeting to order. The yearbooks were completed and dues paid by member present.

The new officers are: chairman, Frances Machan; vice chairman, Jan Fagan; secretary-treasurer, Virginia Meyers; historian, Ruth Calhoun; project leaders; Anabel Cadmus and Bette German.

Commiteee chairmen, appointed by the president, sunshine, Wilma Silberhorn; membership, Diana Wagner; safety and traffic, Betty Green; international, Vonda Fisher; health, Eileen Mitchell; family life, Hope Sawyer; cultural, arts, Jean Glenn, who is also council member. Refreshments, with a social hour followed the business session.

TOYS GALORE — Vena Drow, proprietor of the newly opened toy and hobby store "Toy Corner", stands before a small sampling of her merchandise. Toy Corner is located in the Bidwell building.

Britton Beats Deerfield JV

The Tory JV squad beat Deerfield's JV's this week, 20-0.

Leading rushers were Jim Schroeder with 159 yards in nine carries and he had two touchdowns. Greg Nothdurft scored one TD, and he had 88 yards in 17 carries. The Tories totaled up 335 yards on offense.

Leading tacklers for the young Britton team were Steve Lutz with eight and Garry Wilcox with seven.

The JV's are now 3-0 and host Madison Oct. 6.

ISD Sets School "Free Meal" Policy

The Lenawee Intermediate School District announced its policy for free meals and free milk or reduced-price meals for children unable to pay the full price of meals and milk served under the national school lunch, school breakfast, special milk program and U.S.D.A. donated foods program.

Local school officials have adopted the following family size and income criteria for determining eligibility.

Family size and qualifying income levels for free meals and free milk and income qualifying levels for reduced price meals are respectively:

One, $4,590; $4,591-$7,160.
Two, $6,040; $6,041-$9,420.
Three, $7,490; $7,491-$11,680.
Four, $8,940; $8,941-$13,940.
Five, $10,390; $10,391-$16,200.
Six, $11,840; $11,841-$18,470.
Seven, $13,290; $13,291-$20,730.
Eight, $14,740; $14,741-$22,990.

Each additional family member: $1,450 for free meals and free milk; and $2,260 for reduced meals.

Children from families whose income is at or below these levels are eligible for free meals and milk or reduced-price meals.

In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to mental or physical condition of a child, and disaster or casualty loses are urged to apply.

Application forms are being sent to all homes in a letter to parents.

Additional copies are available at the principle's office in each school.

The information provided on the application is confidential and will be used only to determine eligibility. Applications may be submitted at any time during the year.

To discourage misrepresentation, a signature is required to certify that all information furnished is true and correct.

A statement on the application also warns that application is being made in connection with receipt of federal funds and that school officials may, for cause, verify the information in the application, and that deliberate misrepresentation of information may subject applicant to prosecution under state and criminal statues.

Foster children may be eligible for these benefits in certain cases. To apply in such cases, the family should contact the school.

Children of unemployed parents may qualify for free or reduced-price meals and /or free milk if total family income including welfare payments, unemployment compensation and sub-pay benefits falls within prescribed family income guidelines.

In the operation of these programs, no child will be discriminated against because of race, sex, creed, color or national origin.

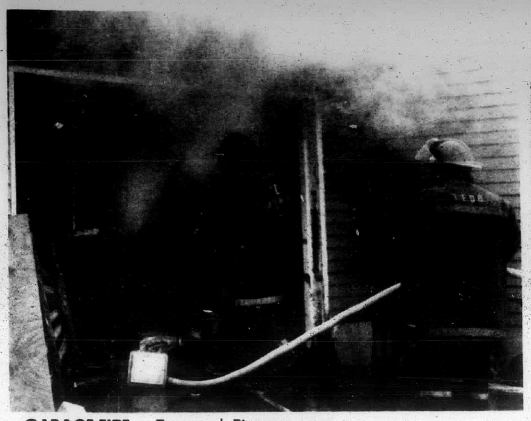
Under the provisions of the policy, the following persons will review applications and determine eligibility in the Tecumseh area:

Britton-Macon Schools, John DeLine, principal, and Margaret Brown; Clinton Community Schools, Richard Wegner, superintendent; Tecumseh Public Schools, Natalie McMinn; Lenawee Intermediate School District, Juanita Davis, administrative assistant; Boysville, Brother Michael Becker.

A dissatisfied parent may request an appeal of the official's decision either orally or in writing to:

Cal Poppink, assistant superintendent, Lenawee Intermediate School District, 4107 N. Adrian Hwy., Adrian, Michigan; phone, 265-2119.

The policy outlines a hearing procedure: Each school and superintendent's office has a copy of the complete policy available to an interested person.



GARAGE FIRE — Tecumseh Firemen were called Sept. 27 6:45 p.m. to a garage fire at the home of Donald Clark, 606 Sutton St. Damage to building was $7,000 and damage to contents was $3,000. One fireman was treated and released at Herrick Hospital for smoke inhallation. (PHOTO BY JOHN SEAY)

Thru My Window

BY MARDA GENE DUNCAN

Not by the wildest stretching of the imagination will this article ever be called timely. However, if just a slight hint of my disorganization were known and if the disreputable state of my files were suspected, it would be easy to see why I hesitate to put articles away for use next spring or summer. They might never be unearthed again.

The first bit of information to be shared is about the pretty white-throated sparrows. They are such handsome sparrows with such lovely songs and, when they begin to return from the south, it really does seem that spring is at hand.

There has always been a slight confusion about these birds though. Some look exactly as the books say they should, snowy white head stripes alternating with bold black stripes. No trouble here.

On the other hand, there are birds with white bibs who have the same head stripe pattern except that the white is tan and the black a dark brown.

Females? The duller colors would indicate that except both sexes of white-throated sparrows are 'dressed' the same. Many books show immature white-throats as having brown and tan head stripes but the spring appearance makes the timing wrong.

Besides, the immatures do not have the pure white bibs and their breasts are faintly striped whereas the adults' breasts have soft gray upper parts and lighter lower parts.

The mystery might have been at least partially solved several weeks ago when a little four page publication came across my reading table. Called "The Raven" and published for the Algonquin Provincial Park in Ontario, its first article dealt with these sparrows.

They claim there are two color phases of white-throated sparrows, one with tan and brown striped heads and the other with white and black stripes. No one seems to know why.

But as so often happens, one question is answered but the answer poses another question. The people at the park have no explanation for the two color phases nor can they explain whey the white striped males almost always select tan striped females and vice versa. Now that really is a rather mind boggling mystery.

Getting back to more timely things brings me to a short item in the September issue of "Audubon" magazine. In discussing the two color phases, red and gray, or screech owls the question always arises, why.

Researchers at Cornell University may have discovered part of the answer. They found that the gray phase screech owls need substantially less energy to survive extremely cold weather than do the reds. Thus when food is difficult to obtain, those who can get by on shorter rations stand a better chance of surviving.

But again, one answer poses another question. The explanation is logical for why there are more gray screech owls in the northern are of their range but it does nothing to help answer the questions about why there are few red screech owls in the southern portions of their range. And in the west they are nonexistent.

Now getting back to more untimely things brings me to a short item in the September/October "International Wildlife." It was a super issue devoted entirely to animal behavior. Interesting why some things are done and some things aren't done.

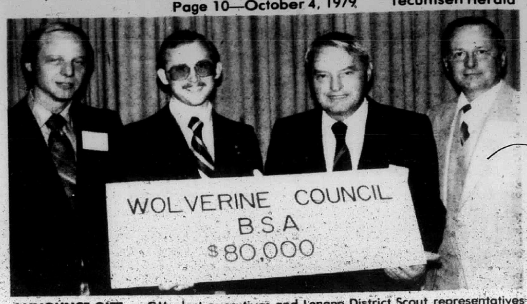
And talking about the fireflies, which are not flies at all but beetles, they were saying that it is a complex chemical process which produces the light.

Transparent skin allows this 'cool luminescence' to be reflected out. There are well over one thousand species of fireflies and each has its own particular pattern of light flashing. The flashing is done, of course, to attract mates.

But dirty tricks are not confined solely to politics. In one species it has been discovered that the females have learned and can imitate the precise flashing code of another species.

"After luring in the eager males with a few sexy blinks, the alien females devour them, flashing lights and all."

GM Gives $80,000 for Scout Center



ANNOUNCE GIFT — GM plant executives and Lenape District Scout representatives gathered Oct. 2 to announce GM's $80,000 corporate gift for a new Wolverine Council headquarters. L-r, Ron Reeves, district chairman; Dennis Rice, district scout executive, both of Lenape (Lenawee) District; William H. Siegmund, Fisher Body-Tecumseh plant manager and Fred Meissinger, Chevrolet-Adrian plant manager. (PHOTO BY K. BROWN)

General Motors announced Tuesday a contribution of $80,000 on behalf of the General Motors Foundation to the Wolverine Council, Boy Scouts of America campaign to construct a new scout council headquarters in Ann Arbor. The contribution is payable over four years.

In local ceremonies Tuesday, executives of the Fisher Body-Tecumseh and Chevrolet-Adrian plant and representatives from the Lenape District of the Wolverine Council gathered at the Fisher Body plant to make the announcement to Lenawee County.

Sharing the announcement were William H. Siegmund, Fisher Body-Tecumseh plant manager and chairman of the Adrian-Tecumseh plant city committee and Fred Meissinger, Chevrolet-Adrian plant manager and members of the plant city committee: John L. Harrison, Bill Baker, Neil Hickok; and Edwin F. Walters.

Scouting representatives were Ron Reeves, district chairman/Lenape District and Dennis Rice, district scout executive/Lenape District.

The Wolverine Council of Michigan, Boy Scouts of America is a non-profit corporation of the State of Michigan, serving the scouting communities of Lenawee, Livingston, Monroe and Washtenaw counties and city of Flat Rock in Wayne County.

Last year, the service center developed and directed programs for about 8,700 registered youth members and 3,000 adult volunteers.

The new facility will be built on Huron Parkway, north of Washtenaw Ave. in Ann Arbor, a central location for the service area. Ground breaking for the 6,000 sq. ft. one story building will be held before Thanksgiving with occupance in fall of 1980.

"An investment in youth is extremely worthwhile. We feel warm and comfortable about doing this because it is in the best civic interest," said William Siegmund, Fisher Body-Tecumseh plant manager and chairman of the Adrian-Tecumseh plant city committee, speaking about the corporate gift. "We are proud of the work in scouting in this area."

Dennis Rice, district scout executive/Lenape District commented, "This gift puts us over $425,000, well on our way to our $490,000 goal. We thank you also for the support and help GM employees give in working with young people in scouting."

"This is a key cornerstone (contribution) to making this facility a reality," commented Ronald Reeves, district chairman/Lenape District." Scouting is made up of volunteer support in time, talent and money. We thank you also for your time in a labor of love."

He pointed out the new Wolverine Council headquarters will serve to train adult leaders for the scouting program in the four-county area.

The General Motors Ypsilanti, Milford and Adrian/Tecumseh Plant City Committees are located within the Wolverine Council, BSA service area, and executives representing each GM Plant City Committee were present at the presentation of the first installment payment.

The seven GM facilities within the Wolverine Council boundaries, Hydra-matic Division; GMAD-Willow Run; GM Parts Division, Belleville; GM Air Transport; GM Proving Ground, Milford; Fisher Body-Tecumseh and Chevrolet-Adrian, employ more than 23,000 persons.

Wilson, Murray Active in Nursing Roles

Two Tecumseh women, Mrs. Harold Wilson and Virginia Murray, are engaged in leadership roles in the field of medicine.

Mrs. Harold (Lorraine) Wilson of Red Mill Drive completed a year of teaching graduate students at Wayne State University. This spring she taught renal physiology. She was admitted to the PhD program in physiology and nursing at WSU and will be a full time student this fall.

A book she co-authored, entitled "Pathophysiology" won the American Journal of Nursing Book of the Year award. The review is in the January issue of AJN. That book is also among the top three best sellers in the health professions division (including medicine, nursing, dentistry, etc.) of McGraw-Hill.

Mrs. Wilson was also featured as the main speaker at the regional nephrological nursing conference in Detroit in May.

Virginia Murray of 56.8 Green Rd. has graduated from Northwestern University's School of Nurse Practitioners in Evanston, Ill.

After a year of internship at the University of Miami Health Service, Coral Gables, Fla. 33124, she will be involved in the primary medical care of students at the university.

During the year, she was a student advisor to the sailing club, gave a seminar on stress for students and faculty at both University of Miami and Northwestern.

She mentioned her favorite task is serving as a member of the University's task force on alcoholism prevention.

Virginia recently visited her sons, Robert in San Francisco; Mark in Adrian; Paul in Kalamazoo and Peter in Grenada, Miss.

At a sports medical conference in Chicago, Ill., she said she met Vic Lawson of Tecumseh, sitting behind her.

What's It Like To Have a Chimney Fire?

It's no fun. If it doesn't burn the house down, it will probably wreck you chimney and scare you half to death. Here's how it happens.

Begin with one dirty chimney — let's say a fireplace not cleaned for a couple years. The soot lining the chimney flue is saturated with flammable stuff called creosote. (More detail on creosote is available in any dictionary.) It doesn't take much to ignite creosote — a newspaper fire sending flames up to the damper is enough.

Once kindled, a creosote burns with joyous abandon. In a matter of seconds, the fire spreads up through the flue creating a draft that only helps things along. At this point your average chimney fire begins to roar and howl, sending the occupants of the house running for cover.

If you run, you'll be treated to a real fireworks show. As the creosote fire builds and intensifies the heat melts the mortar between the brick. The red-hot mortar actually drips into the flue, only to be caught up in the tremendous updraft, and those little fire balls shoot out the chimney and onto the roof. If you're lucky, the chimney will fall apart destroying one end of the building — If you're not, this miniature volcano can bring the whole house down.

However, if you stand your ground, a chimney fire can be controlled. Put out the fire in the fireplace with an extinguisher or sand. Cover the opening with a wet blanket, call the fire department, and hope for the best. But it should be pointed out that having your chimney cleaned is a lot easier on the nerves than the sand and wet blanket method.

Benedicts Celebrate

BRITTON — Mr. and Mrs. Lee Benedict of 7003 Britton Hwy. were honored Saturday evening by their children at a 25th anniversary dinner at the Hathaway House.

Marjory Bruce and Lee Benedict were married Oct. 2, 1934 at the Britton Congregational Church by the late Rev. O.E. Priest.

The Benedicts have six children, Mrs. Dennis (Debra) Shiels, Mrs. Mark (Sheri) Maschino, Mrs. Gary (Tracy) Wonderly, Terry, Michael and Leslie at home. They have two grandsons.

Parade, Royalty Make Memories

BRITTON — Despite the loss of Friday night's game, Britton fans enjoyed the annual Britton Homecoming.

All the floats were designed to fit the theme of "Album Titles."

Third prize of $5 was awarded to the 10th grade for their fine float entitled "Crystal Ball."

Second prize of $10 was awarded to the 7th grade for their float entitled "Cat Scratch Fever" and first place of $25 was presented to the 8th grade for their float entitled "State of Shock."

The other entries were: 9th grade's "Point of No Return," 11th grade's "Weekend Warriors" and 12th grade's "Welcome To My Nightmare."

A parade of kings and queens followed the float competition.

Jackie Bortel and Mike Benedict were the FHA Princess and FFA Prince, Teri Moss and Chris Reau were the 7th grade queen and king, Cheryl Hunt and John Monagin were the 8th grade queen and king.

Dianna Bush and Mike Gonzales were the queen of the freshman class. Julie Grounds and John Armstrong were the 10th grade queen and king and Lori Stewlow and Jeff Rohrback were the junior class queen and king.

Each year the football team selects three candidates for Homecoming Queen from the senior girls. This year the girl's basketball team selected three candidates from the senior boys to compete for Homecoming King. The student body also elected one boy and one girl by ballot.

Connie Rowe was elected the Homecoming Queen and Chris Kimerer the Homecoming King. They were crowned by last year's Homecoming Queen and King, Sue Vallie and Jeff Osterhout.

The queen's court were: Kim Bolke, Judy Frayer and the king's court were: Brad Rowe and Randy Dusseau.

Following the game, the student council sponsored homecoming dance in the gym.

Baptized

BRITTON — Jeremy David, infant son of Mr. and Mrs. Robert Westrick of Temperance, was baptized Sunday by the Rev. Kenneth Reeves during the worship service at the Grace United Methodist Church.

Sponsors were Mr. and Mrs. Clyde Cisio.

Recognition was given to all the Sunday School teachers and the Christian Education Department, with each person receiving a carnation from the education charirman, Virginia Crutchfield.

BRITTON ROYALTY — Chris Kimerer, Homecoming King and Connie Rowe, Homecoming Queen, reigned during half-time during the Tories' game with Deerfield. Sue Vallie, 1978 Homecoming Queen at right, crowned her successor. PHOTO BY DEANE ERTS.

Granddaughter for Homer Halls

BRITTON — Mr. and Mrs. Homer Hall of Britton are grandparents of a little girl, Angela Christina Hall of Austin, Texas.

She arrived Sept. 16 weighing 7 lbs. 8½ oz. Her parents are Elmer and Norma Hall and sister, Vanessa.

Cards of Thanks

We wish to express our sincere and heartfelt thanks to our daughter and son, Ardyth and Ralph Mohr Jr. for honoring us with a wonderful 50th anniversary dinner at the Country House, Sept. 23. Also to our grandchildren and great grandson, for helping in so many ways to make the day so beautiful. Our thanks and appreciation to our sisters and brothers for making this day an eventful one for us. Our thanks to relatives, friends and neighbors for the gifts, cards, flowers and calls. We would like to add a special thanks to Ardyth for the beautiful "Blessing" said for us and all present. May the "Blessing of the Lord" be with all.
Sherman and Ruth Cole 10-4p

Chester Beach and family would like to thank all our friends and neighbors for all their kindnesses, foods, cards, flowers, etc. while our loved one Macy was in the hospital and after her death, please accept this until we can thank you personally.
Chester Beach
and family 10-4p

Our 65th wedding anniversary was more special because of the remembrances of friends and relatives. Thank you for the cards and gifts.
God bless you.
Leo and IlahSmith 10-4p

Memoriam

In loving memory of my dear dad, John I. Jones who passed away three years ago Oct. 5, 1976.
As I awoke this morning a tear was in my eye, I dreamed I saw my dad up in heaven so high,
I told him that I loved him, That I missed his smiling face,
And that no one could ever fill his vacant place.
Dearly loved and still greatly missed by his loving daughter, Lee Horton and family. 10-4c

In memory of Jack O. Bater, who passed away Oct. 6, 1975, sadly missed by his mother, Pauline Bater, his sister and her husband, Barb and Bill Beckey, also his brother and his wife, Charlie and Joyce Bater. 10-4c

Macon Notes

By Phyllis Thomas

MACON — Jason and Eric Moore, sons of Richard and Joyce Moore of Jackson, were guests Saturday night and Sunday of their uncle and aunt, Dean and Mary Lou Moore and family.

++

A blue carnation on the altar Sunday morning announced the arrival of Ryan Robert Ruhl, son of Mr. and Mrs. Richard Ruhl of Tecumseh. He was born Sept. 28 at Bixby Hospital, weighing in at 8 lbs., 6 oz. Grandparents are Harold and Jean Ruhl.

++

Jim and Phyllis Thomas hosted a family gathering Sunday, honoring their son, John, whose 16th birthday was October first.

Spending the weekend were their daughter, Judy, of Ypsilanti and grandson, Joshua Thomas of Grass Lake.

Sunday callers were Phyllis' mother, Mrs. Rupert Hadley of Plymouth and her brother, Ernest Michael Gilbert, currently of Everett, Wash., who is visiting in the area for a few weeks.

During the afternoon, Mrs. Hadley and Phyllis attended the bridal shower of Trudy Sally, daughter of Mr. and Mrs. Walter Sally of Saline, held at the Saline Township Hall.

Carl and Helen Thomas joined the birthday celebration Sunday evening.

METHODIST CHURCH

Thursday — 1 p.m. — Faith Circle will meet at Mary Lou Moore's.

Thursday — 7:30 p.m. — Chancel Choir practice.

Saturday — 1 p.m. to evening — Council of Ministeries Retreat.

Saturday — 6 p.m. — Area youth are to meet at the church and go to Pioneer High School in Ann Arbor to attend the Youth for Christ Concert.

Oct. 20 — Annual Bazaar and Smorgasbord Supper. Help and food are needed; please contact Emogean Morden, Helen Kappler or Hallie Jane Mehler about what you will be able to contribute.

2 Nominated to All-American Band

Thanksgiving in New York and the smell of roses at the Tournament of Roses Parade may await Randall MacGeorge and Kimberly A. Phelps of Tecumseh High School.

They were nominated to the 1979 McDonald's All-American High School Band, announced Cathy Culbertson, McDonald's Store Activity Representative (STAR) for Tecumseh and Adrian.

Randy, a trumpeter, and Kimberly, a flutist, both in the Shawnee Marchers, will be notified in October if they will join the McDonald's All-American High School Band for its 1979-80 performances.

Annually, the All-Americans march in two celebrated parades — the Macy's Thanksgiving Day Parade in New York City, and the Tournament of Roses Parade in Pasadena, Calif. This year, the band will also perform in a special concert at New York City's Carnegie Hall.

The band was formed in 1967 to honor top-ranking high school musicians. Every year, 102 students are chosen — two from each state and the District of Columbia.

All nominees like Randy and Kim, are elected by their individual band directors on the basis of musical honors and solo contest ratings.

Paul Lavalle, former music director of Radio City Music Hall and director of the Band of America, directs the All Americans.

MCDONALD'S NOMINEES — Randy MacGeorge and Kim Phelps, center, receive congratulations from Tecumseh band director Jimmie Rice at left and McDonald's STAR representative Cathy Culbertson. The band members were nominated to the McDonald's All-American Band. (PHOTO BY K. BROWN)

Kathy Brown Questions Five Raisin Candidates

The following are questions asked of Raisin Township candidates. Their replies correspond to the numbered questions.

1. Name, age, address, occupation, number of years a Raisin Township resident.
2. What qualifies you for this position? List any experience in politics, leadership or management.
3. Why are you seeking office? What do you hope to accomplish if elected?
4. What is the biggest challenge facing Raisin Township? How do you propose to seek a resolution?
5. As a member of the township board, what would influence your decision more on an issue facing the township: A. The number of people that oppose a certain issue publicly at a township meeting or B. The information you perceive to be in the best interest for the welfare of the entire township, including those present and not present to voice an opinion? Explain [redacted] briefly.
6. Should the assessor's job be executed by the supervisor or a professional assessor? Under what circumstances should outside help be used for assessing purposes?

Raisin's Special Election next Tuesday

Raisin Township voters will go to the polls next Tuesday in a special election for three township offices.

It will culminate a period of government unrest for the township, which recalled three officials — Robert D. Moore, supervisor; Marjorie Comfort, clerk; and Dr. Robert Murray, trustee — in an August recall vote.

A race is not involved for the supervisor's position. Louis Rebottaro, Republican, is unopposed.

Chris Ruggirello, Republican and present clerk, is being challenged by DeLight Sieler, Democrat.

In a race for the trustee post, William R. Berry, Democrat, and Bernadine Potts, Republican, are the candidates.

Nearly 50 percent of the township's 2,400 registered voters went to the polls in August. A smaller turnout is expected here next Tuesday.

Polls will be open from 7 a.m. to 8 p.m. at the two township voting locations, the Holloway fire station-Precinct 1, Holloway Rd.; and the Raisin Township hall, Precinct 2, Gady and Occidental Rds.

Each candidate was interviewed by Kathy Brown of The Herald. Resume of the question-answer discussion is

New Minister at St. Peter's

The Rev. Gary Seymour of Rocksprings, Wyo. has accepted the position as rector of St. Peter's Episcopal Church.

He and his wife and two children are expected to arrive later this month. The church anticipates the Rev. Seymour's first service in Tecumseh Nov. 4, said Charles Goodacre, senior warden of the church.

1979 HOMECOMING — Tecumseh hosts Gibralter Carlson here Friday night in the school's annual homecoming game, and if the Indians are lucky, maybe they can snap a four-game losing streak. Regardless, the game's halftime show will feature the crowing of the homecoming queen, who will be selected from one of three seniors, Karen Egli, Wanda Meadows or Chris Maddox, freshman, Lori Fasbender, sophomore; and Diane Lemanski, junior.

6 Running for Chamber Board

Six nominees were announced for four vacancies on the Tecumseh Chamber of Commerce Board of Directors.

Nominees announced last Thursday during the Chamber's meeting were:

Terry Casteel, Castlewood Book Shop; Robert Dubler, Proctor's Shoe Store; Doug Eggleston, Eggleston Jewelry; Marten Vegter, C.P.A.; Mike Volpi, Gaston's Jewelry; Larry Wood, Commercial Savings Bank.

Vegter and Volpi are incumbents. Other board members with expiring terms are David Blanden, D.S.S, president and John Damelio, Chamber drawing coordinator from August Co.

Additional names of candidates for directors can be nominatd by petition. Deadline is Friday, Oct. 12.

Additional petitions must be filed with nominating committee chairman Lincoln F. Lloyd at United Savings Bank, 423-8373. Petitions must bear signature of at least five percent of the qualified members of the chamber.

Program Is Planned for 'Civic' Ceremony

The Tecumseh High School Marching Band and Tecumseh Players will perform during ground breaking ceremonies for Tecumseh's Civic Facility.

Ceremonies are public and will begin at 2 p.m. Sunday at the North Maumee Street building site, across the street from the high school.

The city's 566 seat auditorium is a gift to the city from a Michigan foundation. The theater will have a capacity for full theatrical productions and can be used for movies as well.

Refreshments will be served at city hall immediately after the ground breaking ceremony.

GRAND OPENING — United Savings Bank will officially open its fifth branch Monday on Russell Rd., across from the city's industrial park. The attractive branch, built for future expansion, office will feature drive-up facilities. Pictured in front of the new branch are Kenneth McElroy, bank's chairman of the board, Randy Smith, Mary Jane Winzler, office manager, William Danley and Lucille Dull. Mrs. Dull and Mr. Smith will work with Mrs. Winzler at the new facility.

Commission Schedules Hearing on Revised Plan

Tecumseh Planning Commission has set Nov. 20, at 7:30 p.m. at city hall, as the date for a public hearing on the request of builder Ed Day to rezone 30 acres of property, commonly known as the "Fuller property", from single family to multi-family development.

Day submitted a revised plan for the property and requested reconsideration of his request for rezoning after Planning Commission recommended Council veto the original rezoning request.

Council asked the Planning Commission to consider the revised plan for the development.

The major change in Day's land use plan is for an access street from West Chicago Blvd. instead of making Seminole Drive the major thoroughfare and moving the development south and west from the Seminole Dr. neighborhood.

Day is seeking to rezone the residential property to build federally subsidized housing, including a senior citizen complex and multi-family development, in the area bounded by Seminole Dr., N. Democrat and W. Chicago Blvd.

COMMUNITY FUND INDUSTRIAL DIVISION — Jim Robideau, second from right is the general chairman of the Tecumseh Community Fund Industrial Division. Other coordinators are Ed Watters and Dick Nelson of Fisher Body-Tecumseh and Tom Houghtby of Tecumseh Products. Not pictured is Ray Jackson, president of the United Products Workers Union at TP. Industrial division has largest goal, $53,000. Contact these men to make lump sum or payroll deduction contributions.

1st Report of Drive

The Tecumseh Community Fund Foundation has reached four percent of its $94,745 goal or $3,789, reported Roger Proctor, Tecumseh United Fund drive chairman.

Proctor said that the figure represents a report from six of seven divisions.

"We ask residents that have been contacted to please fulfill their committment to the drive and send in funds as soon as possible," Proctor said.

About payroll deductions, Proctor explained, "Weekly payroll deductions make giving easier. Workers living in Tecumseh can have their payroll deductions sent back to Tecumseh by earmarking the contributions for the Tecumseh Community Fund instead of the plant's general United Way fund."

Monies collected from the Tecumseh United Way drive are used to support Tecumseh and Lenawee County organizations such as:

The Tecumseh Recreation Department, Tecumseh Scout Council, Tuckabatchee Council of Camp Fire Girls, Boys Scouts of America Wolverine Council, Jobs for Teens;

Special projects such as the community ball parks, high school football scoreboard, senior citizen center kitchen;

YMCA of Lenawee County, American Red Cross, Catholic Social Services of Lenawee County, Community Action Center, Family and Children's Services of Lenawee County, Goodwil-LARC, industries, H.O.P.E. handicapped programs;

Lenawee Humane Society, Lenawee County Mental Health Services; Salvation Army.

The 23 additional state and national agencies of the United Way of Michigan are also supported.

Oct. 9 — Timothy L. Lapham, 19, of 902 Murray Dr., was warned about letting two dogs run loose.

Accidents Are Minor

City streets remained fairly safe the past week when local police investigated just four accidents.

Resume is:

Oct. 4 — Alice G. Johnson, 70, 212 N. Union, was cited for failure to yield after a mishap with Nancy E. hang, 19, of 209 Pine St., on Herrick Park Dr.

Oct. 5 — David M. Kilvington, 15, Armada, was cited for improper lane usage on a small motor bike after he was hit on N. Evans St. by Judy A. Brosamer, 17, of 4721 Holloway Rd. Kilvington sought his own treatment for minor injuries.

Oct. 8 — Gloria A. Kittle, 37, 402 Seneca and school bus driver, hit and broke an outside mirror on a parked truck, operated by Chester Boot, 57, Garden City. Accident occurred in downtown Tecumseh.

Oct. 9 — Valden O. Bidle, 59, of 703 S. Union, was cited for failure to yield after an intersection accident at E. Pottawatamie and S. Oneida with William R. Southwell Jr., 24, of 4707 Rogers.

Hearing Set

(Continued from Page 1)

About 18 persons attended Tuesday's Commission meeting.

John Long, Seminole Dr. resident, identified himself as chairman of a newly formed Tecumseh Homeowners Association that is organizing to protest the zoning change from single family to "multi-family."

The group is circulating petitions city-wide against the zoning change and said that anyone may contact it to circulate petitions or join the protest.

The group has also retained Attorney Gary McRae of the firm of Foster, Swift, Collins and Coey of Lansing.

The Tecumseh Homeowners Association plans to meet Oct. 15, 7:30 p.m. at the Chris Neilson home on Seminole Dr.

Roberts - Fagan Are Wed

First United Presbyterian Church was the setting for the wedding of Deborah Roberts of Adrian and Gregory Fagan, Oct. 6. The Rev. Edmond Watkins performed the ceremony.

Parents of the bride are Mr. and Mrs. Gary Roberts of 206 N. Maiden Lane. Groom's parents are Mrs. Eleanor Fagan and Richard Fagan, both of Adrian.

MR. and MRS. GREGORY FAGAN

Mrs. Geraldine Eaton was the organist. Soloist was Lisa Fisher.

Given in marriage by her father, the bride wore a gown of white satin and organza, styled with an empire waist, lace inset yolk with ruffled trim, lace trimmed long sleeves and a chapel train, made by the bride's mother.

Her fingertip veil was trimmed in matching lace. She carried a bouquet of white roses, daisies and miniature carnations.

Bridal attendants were Martha Dana, of Detroit, and bridesmaids, Wendy Molnar and Sondra and Susie Roberts, sisters of the bride, of Tecumseh. Their identical gowns were blue floral print with bodices trimmed with lace and three tiered skirts, made by the bride's mother.

They carried bouquets of blue tipped carnations, daisies and baby's breath.

Best man was Paul Dazey, of Adrian; and ushers were Scott Jesse, Adrian; David Roberts, bride's brother, of Tecumseh; and Gerald Anderson, of Adrian.

Reception at the church fellowship hall was attended by 150 guests. Hosts were Mr. and Mrs. Tom Sanderson and Mr. and Mrs. Gerald Eaton. Cake was served by groom's sisters, Val Fagan, Georgia Wilson and a friend Elois Elroda.

Bride is a 1976 graduate of Tecumseh High School. She is employed at Mr. Ed's in Adrian. Groom is a 1970 graduate of Madison High School and is employed as manager of Ponderosa in Adrian.

Groom's mother, Mrs. Eleanor Fagan, hosted the rehearsal dinner at her home in Adrian.

MR. and MRS. MARK KOHLER

Robison - Kohler Nuptials Pledged

Patsy J. Robison and Mark C. Kohler recited their marriage vows before the Rev. Ronald D. Baldman in the St. Paul United Church of Christ, Saline, Sept. 29.

The bride is the daughter of Mr. and Mrs. Ted Robison, Saline, and the groom is the son of Mr. and Mrs. Clarence Kohler, Saline.

Organist was Magdaline Lasee, Saline. Soloist was Mrs. Jean Wilton, Chelsea.

The bride wore a white satin A-line gown with a sweetheart neckline accented with appliques on bodice and cuffs. Her veil was finger-tip length.

She wore a silver wedding symbol necklace, a gift of the groom's mother. The bridal bouquet was of light blue carnations and white roses with dark blue star flowers.

Debra Feldkamp of Saline was the maid of honor, wearing a light blue gown accented with dark blue velvet. Her hairpiece was of baby's breath, and she carried a bouquet of white roses, with light blue carnations and star flowers.

The bridesmaids, Mrs. Alice Zahn of Saline and Mrs. Russ Weiner, sister of groom, of Ypsilanti, were gowned identical to the maid of honor.

Best man was Steve Kohler, brother of groom, of Saline. Ushers were Jeff Kohler, of Saline, brother of groom, and Russ Weiner of Ypsilanti, brother-in-law of groom; Carl Graham, Saline; and Ron Kohler, Saline, cousin of groom.

Reception at the Peerless Gear Union Hall, Clinton, was attended by 350 guests.

Bride attended Washtenaw Community College and University of Michigan, Ann Arbor. She is employed at Interstate United Corp., Saline, as a bookkeeper. She is a 1977 graduate of Saline High School.

Groom is a 1975 graduate of Saline High School and is employed at Chrysler Proving Grounds, Chelsea.

Upon their return from a wedding trip to Pennsylvania, the couple resides at 10780 Macon Rd., Saline.

Rehearsal dinner was hosted by the groom's parents at Big Daddy's, Saline.

Press Women Tour Tecumseh

Members of the Michigan Women's Press Club will be briefed on Tecumseh's efforts in economic development and historic preservation this weekend during the MWPC fall conference Oct. 12-14 at Adrian College.

The press will tour downtown Tecumseh Saturday morning and visit the home of Mr. and Mrs. Gordon Lamb in Tecumseh Township to see a home in the process of restoration.

During the afternoon session, beginning at 1:45 p.m. in Knight Auditorium of North Hall at Adrian College, Tecumseh's Nancy Nichols, chairperson of the Lenawee County Commissioners, will speak about unique programs in Lenawee County.

Paul Preston, Tecumseh's Assistant City Manager, will brief the press about economic development along with Mike Marshall from the Lenawee County Economic Development Corporation.

Lynn Cook, Tecumseh Planning Commissioner, will present Tecumseh's efforts in historic preservation. Dr. Martha Bigelow, director of the Michigan Historic Commission, will be a special guest to discuss "Government's Role in Historic Preservation and the Arts."

The theme panel — "The Media's Role in Grassroots Government" — will begin at 2:15 p.m. and feature Suzanne Geha, Channel 7 Action News WXYZ-TV Detroit; Dave White, news director, WJR radio and W. Edward Wendover, publisher, Plymouth-Canton Community Crier.

Members of the community are invited to the afternoon session beginning at 1:45 p.m. in Knight Auditorium, North Hall of Adrian College, located on Williams and Madison Sts.

The public is also welcome to a free program at the Croswell Opera House beginning at 8 p.m. in Adrian.

The 12th anniversary of the Croswell Fine Arts Association will be celebrated with highlights from the 1979 summer stock season. Richard Egli of Tecumseh is coordinator. Reservations are necessary. Call 263-5674. The press women are special guests.

Kathy Brown of the Tecumseh Herald and Grace Kaledo of the Croswell are coordinators of the MWPC conference.

Several Tecumseh area businesses have contributed to the hospitality for the press weekend.

Engaged

The engagement of Penny Mueller to Ralph Bartlett is announced by her parents, Mr. and Mrs. Donald Mueller of Macon.

Mr. Bartlett is the son of Mrs. Virginia Bartlett of Shrewsbury, Miss. and Hollis Bartlett of Thompson, Conn.

A Nov. 24 wedding is planned.

Artrain Coming

Tecumseh Area Chamber of Commerce will support the visit of the Artrain to Tecumseh with up to $500 for expenses.

Decision was made at last Thursday's Chamber board of directors meeting.

The Artrain is a touring art museum — the only one of its kind in the nation — housed in six specially designed railroad cars. Working artists as well as art collections are presented.

Date for the Artrain's visit has not been confirmed, but will be sometime next spring or early summer.

The Chamber hopes it will be in Tecumseh during Promenade the Past, May 17-18. The Chamber has already decided to repeat its downtown antique sale for that weekend.

Cost to bring the Artrain to Tecumseh is $2,000. This covers such items as site preparation, housing for the staff and a fee to the Artrain for diesel fuel to run its electrical generator.

This is the train's only visit to southeastern Michigan outside of its Detroit visit and it is expected to draw a large crowd in Tecumseh.

Santa Parade Plans Snowball

Santa Claus is still looking for an office in downtown Tecumseh, but he has found one to receive his young visitors during the pre-Christmas season at Tecumseh's McDonald's, reported Jan Fox, chairman of the Chamber's Christmas promotions.

Plans for a parade for Santa's arrival Sunday, Nov. 25 at 2 p.m. are also progressing.

A sleigh from Bill Feight will be used on a flatbed truck for Santa's arrival.

The Tecumseh American Legion and Auxiliary and the Girl Scouts have indicated interest in marching in the parade. Musicians for the parade are still being sought to add a marching beat.

Tecumseh area youngsters 12 years of age and under will have an opportunity to participate in Santa's parade in a special way. The Tecumseh Area Chamber of Commerce has plans for a Snow King and Queen to be selected from this age group. Details will be announced.

Other Tecumseh area groups, particularly musicians, are invited to contact the Chamber Christmas promotion committee to register parade unit entries. Call Jan Fox, chairman, 423-5760 or co-chairman Don McCallum, 423-3106.

In other Christmas promotion plans, Jimmie Rice, Tecumseh High School band director, has volunteered the school's 75 member choir to lead a Christmas sing-a-long in downtown Tecumseh when Santa arrives.

Rice also offered to have four band ensembles available to perform Christmas selections indoors of Tecumseh stores. The units are the saxophone, clarinet and flute quartets and the brass quintet.

Buttons for store employees will be available with a shop Tecumseh slogan. Santa Claus will also distribute buttons with the slogan, "I Met Santa in Tecumseh."

Next Christmas promotion meeting is Oct. 25, 7:30 a.m. at Don's Beef Buffet.

Firemen's Ball Saturday, Oct. 20

Tecumseh Firemen's Ball will be Oct. 20 from 9 p.m. to 1 a.m. in Tecumseh United Producsts Workers Union Hall.

Music will be by the Sound Garden.

Setups will be furnished and there will be door prizes.

OK After Surgery

Beth Dobrosky, 13 year old daughter of Mr. and Mrs. Donald Dobrosky, is doing fine after surgery last Thursday at Shriners' Hospital in Chicago.

Her father Don said that she is expected to come home in six weeks.

Meanwhile, cards and letters would be appreciated at her address: Shriners Hospital, 2211 North Oak Park Ave., Chicago, Ill. 60635.

Teaching Class at Adrian College

Inexpensive ideas for achieving moods and changes in interiors will be the focus of interior design, an Adrian College continuing education course meeting from 7 to 9 p.m. Wednesday Oct. 17 and Oct. 24.

During the class, Barry Seidel, instructor, will offer tips on how to decorate a room, an apartment or a whole house. He also will discuss specific decorating problems class members may have.

A professionally trained and experienced interior designer, Seidel will conduct one class on campus and the other at his store, Merkel-Seidel Home Furnishings in Tecumseh.

To register or for more information about the course, contact the Office of Continuing Education at Adrian College, (517) 265-5161, ext. 276. Registration is requested before the first session.

Chamber Sales Lag

Ticket sales for the Tecumseh Area Chamber of Commerce Oct. 31 drawing will have to improve significantly in the next two and a half weeks if the Chamber is to meet expenses this year.

John Damelio, drawing chairman, urges Chamber members and groups now selling tickets to accelerate their efforts and make money returns promptly.

Volunteers are needed to sell tickets at the supermarkets and local factories. For more information, contact Damelio, 423-4331.

Prizes this year are a $1,000 Tecumseh shopping spree, choice of color, portable television, microwave oven or Moped bike from Gambles; Meyers Canoe and $100 gift certificate from Trickey's.

If your brand new car is 'totaled' will your insurance company pay you for a brand new car?

Some insurance companies think a new car is a used car the minute you use it to drive out of the dealership. Not Auto-Owners.

With Auto-Owners, if you have an accident anytime within 90 days and your new car is a total loss, we'll pay you the total cost of your new car. And with Auto-Owners, your new car is covered immediately, automatically, under your previous policy.

So if you're about to get a new car, talk to us at Auto-Owners. Maybe you should get a new insurance company, too.

Friends Host Speakers

Guest speakers for a special missionary service Oct. 14 at 11 a.m. at the Tecumseh Evangelical Friends Church will be the Rev. and Mrs. Dale R. Neff and the Rev. Rudy Herman representing missionary work in Indonesia.

The Rev. Neff and his wife, whose missionary service has covered a span of more than 25 years, have served in Japan and Nigeria, West Africa. They have been missionaries in Indonesia since 1971.

The Rev. Neff said, "None of the fields on which I've served has given such a challenge and opportunity as Indonesia. This island republic, with it's population of some 140 million people, has one of the heaviest concentrations of people in the world. In recent years, there has been a very encouraging response to the Gospel message."

The Rev. Rudy Herman, assisting the Neffs in the service, is a living example of the redeeming power of the Christian message. Until 1972, his life was filled with black magic, street gangs, smuggling, and nite-club entertaining. But his testimony now states that "Christ changed all that." His musical talents are now dedicated to be used in evangelism among his people in Indonesia.

His organization, Way of Hope, is attempting to give hope to orphans, deliquents, and drug addicts.

In addition, the Rev. Herman is involved in evangelism and church planting. His testimony and musical ministry in the meetings have been a great blessing to people in the U.S. whose only contact with missionary work thus far have been through missionary slides.

The Rev. and Mrs. Neff are currently in the U.S for a four month furlough sharing in person with their constituency and plan to return to Indonesia in December.

DONALD DOBROSKY

Don Dobrosky New Director

Donald Dobrosky, 6561 Shull Road, was elected recently to the board of directors of the United Cerebral Palsy Association of Michigan.

Don has been active for many years in the Adrian-Tecumseh area in the development of services for pesons with cerebral palsy and others with developmental disabilities.

The United Cerebral Palsy Association of Michigan is a member of the United Way of Michigan.

It provides financial support for programs and projects which improved the quality of life of persons who are handicapped throughout the state.

Don, owner of Doby's Donuts, is also an active member of the Tecumseh Area Chamber of Commerce and as a musician.

Lodge Gives to 2 Funds

Florence Arnold, noble grand, presided at the first fall meeting of Tecumseh Rebekah Lodge Tuesday evening.

A memorial was conducted and the charter draped in memory of Dorothy Peters, a deceased member.

A donation of $25 was made to the Muscular Dystrophy fund and $10 was given to the Rebekah Camp fund in memory of Erma Mericle of Ypsilanti and a member of district #10.

Georgianna Bush, secretary of district #10 announced a visitation of the district to be held in Temperance Sept. 26. Plans were made to attend this event.

UNICEF Is Not Same

There has been some confusion about UNICEF drive and the United Fund drive in Tecumseh. The two are separate organizations.

UNICEF is the United Nation's Children's Fund and is not supported by United Way.

Contributions to the Tecumsh Community Fund Foundation are not used to support UNICEF.

Entertaining

"Ray and Ed" of Tecumseh will entertain at Taco Night, Oct. 12 beginning at 7 p.m. at the Summerfield VFW Post 6509 at 3977 Sylvania-Petersburg Rd. in Petersburg. Dancing will begin at 9 p.m.

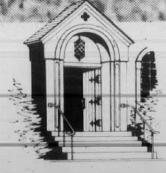
KINGDOM HALL, 2750 E. Monroe Rd.
Connie Dew, Joe Anderson, elders. Service 9:30 a.m.



What a disappointment! You had a a tremendous drive, the perfect chip shot, and a brilliant putt; then your ball stopped a hairsbreadth from the edge of the cup. The birdie you thought was yours didn't materialize.

Of course, it's only a game; it doesn't really matter. But blighted hopes are not always so trivial. What if something really big passes you by? Suppose you don't get that promotion, your son's scholarship is given to someone else, an important client changes his mind, or the stock market wipes out your investment? Where do you turn? Where do you find strength to meet life's disillusionments?

Spiritual values are constant. Fortunes may shift and change but your Church stands firm. The truths and inspiration you find there give meaning, purpose, and stability to your life.

Celebrating Association's 12th Saturday

Friends of the Croswell Opera House and Fine Arts Association will celebrate the Association's 12th Anniversary on Oct. 13 at 8 p.m.

A program including highlight selections from the musical season of the past summer will feature performers from "Brigadoon," "Godspell," and "Funny Girl." The review will be followed by a reception with light refreshments, and tours of the facility.

Special guests attending the function at the Croswell Opera House will include Dr. Martha Bigelow, Director of the Michigan Historical Commission, and members and guests of the Michigan Womens Press Club who will be meeting in conference here that weekend.

The program is coordinated by Richard Egli of Tecumseh Robert Soller will stage it.

Reservations are necessary. Free tickets for the event can be obtained by phoning (517)263-5674 between 9 a.m. - 5 p.m. weekdays, or by picking them up at the Croswell business office.

Gloria Dei Observing Youth Sunday

Youth Sunday will be observed in the Gloria Dei Luthern Church Oct. 14.

At the 10:30 a.m. service the reorganized Junior Choir will sing and the service will be dedicated to the spirit of the International Year of the Child.

At 3 p.m. the Michigan Synod of the LCA will have its district meeting with the representatives of 10 other Lutheran congregations present.

The program will feature Dr. Howard Christensen, Synod President, speaking on the theme "Parish Changes in the 1980's."

The afternoon service will be conducted by the dean of the district: Pastor William Paul of Temperance with the assistance of the host pastor and the Junior Choir.

Family Returns to Florida Home

Mr. and Mrs. Michael Robison and daughter, Adrienne, returned to their home in Naples, Fla. from Metro Airport after spending two and one-half weeks with relatives in the Tecumseh area.

They stayed at the home of her parents, Mr. and Mrs. Allen Cutler of Britton. They also visited her sisters, Mr. and Mrs. Robert Hoekstra of Britton and Mr. and Mrs. Harold Broderick of Tecumseh; his parents, Mr. and Mrs. Bob Robison of Tecumseh and his grandmother, Mrs. Leo Robison of Adrian.

Thru My Window

BY MARDA GENE DUNCAN

This is going to be so full of guesses and conjectures that perhaps I should not even be writing it. However, three hawk happenings in three days deserve some kind of comment. It was all most exciting. And puzzling.

Hawks are apt to be confusing, no news about that. They never seem to look like the books say they should and what would appear to be a very definite identification mark in the field (in my case window pictures) hardly shows up on the color plates.

And one of my favorite tricks is to study the illustrations, settle on the one which closest matches what I saw and then discover that never in the wide wide world would it ever be seen in southern Michigan. But for all this hawks are exciting.

It is unusual for us to see these birds of prey at this time of year. Most often they come around when the weather is cold. I'm not complaining though, the early appearances were totally unexpected and thus even more thrilling.

It is started on a Sunday afternoon. During a lull in the football game I glanced outside just to see if anything was happening. Wow, it certainy was!

Unfortunately Mom was involved with a telephone conservation and could not share the pleasure or confirm what I was seeing. What I was seeing was a small hawk.

Poised to land in the top of the mulbery tree, his wings were up in a V, his legs tensed and thrust forward, his tail fanned open. Suddenly something happened, he changed his mind, veered away from the tree, and was out of sight.

My lasting impression was his smallish size, perhaps a bit larger than a mourning dove. The under side of his wings, body, and tail was light, almost a creamy white.

I could see no markings but this quite possibly was due to the light. Bright, almost harsh sunshine, could very easily have washed out and breast streaking or tail banding.

What I believe I saw is a sparrow hawk. The female, who is always slightly larger than her mate, is about 13 inches long. They have whitish underparts and rusty-red markings on their tails but, as mentioned before, the bright sunshine could have blotted out these markings.

Besides, I was so excited that I am sure I did not look as closely and carefully as I should have.

The next day while eating dinner Mom and I heard a strange noise. It was loud and something neither of us recognized, we could not remember ever hearing anything like it before.

It almost sounded as though a bird or animal was screaming in fright or pain. It was so close that Mom did not open the porch door for fear that whoever was hollering could somehow have gotten on the porch.

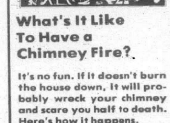
Instead she went to the back door, stepped outside and heard it. When she walked into the yard, silence.

The next morning a flash of action caught my eye, a bird landed in the mulbery tree. It was slightly larger than most of our birds. By the time I called to Gertie T and explained what was happening, the bird took off and sailed by the window.

Again, it was too fast and too unexpected for either of us to look for what we should have. However, we were both left with the fleeting impression of a sparrow hawk. And suddenly there was that call Mom and I had heard the day before.

A quick trip to the bird book shelves and the record in the back of the National Geographic's "Water, Prey, and Game Birds" was put on the record player. Yes indeed, the harsh almost shrill scream of the sparrow hawk was exactly what we had heard on two separate occasions. How exciting!

If this earlier-than-usual action is any indication of what the fall and winter bird watching will be, it could well turn out that we are in for an interesting and busy time.



What's It Like To Have a Chimney Fire?.

It's no fun. If it doesn't burn the house down, it will probably wreck your chimney and scare you half to death. Here's how it happens.

Begin with one dirty chimney - let's say a fireplace not cleaned for a couple years. The soot lining the chimney flue is saturated with flammable stuff called creosote. (More detail on creosote is available in any dictionary.) It doesn't take much to ignite creosote - a newspaper fire sending flames up to the damper is enough.

Once kindled, a creosote burns with joyous abandon. In a matter of seconds the fire spreads up through the flue creating a draft that only helps things along. At this point your average chimney fire begins to roar and howl, sending the occupants of the house running for cover.

If you run, you'll be treated to a real fireworks show. As the creosote fire builds and intensifies the heat melts the mortar between the brick. The red-hot mortar actually drips into the flue, only to be caught up in the tremendous updraft, and these little fire balls shoot out the chimney and onto the roof. If you're lucky, the chimney will fall apart destroying one end of the building - If you're not, this miniature volcano can bring the whole house down.

However, if you stand your ground, a chimney fire can be controlled. Put out the fire in the fireplace with an extinguisher or sand. Cover the opening with a wet blanket, call the fire department, and hope for the best. But it should be pointed out that having your chimney cleaned is a lot easier on the nerves than the sand and wet blanket method.

When someone else runs into your car, have you run into bad luck with your insurance rates?

Not if you're insured with Auto-Owners. Unlike some other insurance companies, Auto-Owners won't automatically raise your rates just because you run into bad luck. Even if the bad luck is your fault. Our rates are based on long-term performance.

Auto-Owners' auto policies have other unique extras, too. Like up to $200 coverage on most personal possessions stolen from your car. Up to $300 in substitute transportation expenses. Discounts for 2 or more cars on the same policy. Discounts to most retirees. And more.

If you aren't getting all this from your present policy, you ought to talk to your independent Auto-Owners agent.

Raisin Candidates Reply

(Continued from Page 1)

Christine Ruggirello

Township Planning Commission, past president of the Sutton School P.T.O., and I'm actively involved in the Tecumseh Indian Fan Club.

3. Having been involved in the business of the township, as a deputy clerk, I have become personally involved and interested in the future of Raisin Township and I hope to continue to be part of the progress and future of the township as its elected township clerk.

The township clerk should be accessible to its residents and if elected, I would like to provide a schedule of township office hours that will permit all citizens the opportunity to conduct business.

4. One of the biggest challenges facing our township is the change to a Charter Township. In reply to seeking a resolution to this challenge, I don't consider it a matter of resolution but rather it's a matter of adjustment in a positive way.

5. Special interest groups should not dictate the direction to which the township takes on any issues. If elected, I shall keep in touch with all citizens of the township and my position on issues confronting the township will be that of the majority of the residents.

6. Anyone running for the office of township supervisor must accept all responsibilities and obligations of the office set forth by state and township mandates. With respect to the use of outside professional assessing services. I feel it should be limited to those circumstances which deal with special commercial or industrial assessing situations not commonly experienced by township government.

DeLight Sieler

4. I believe the biggest challenge in our township is lack of complete communication. Communication between our last administration and the taxpayers of our township was not sufficient. I believe hearing the voice of the community, and their viewpoints, is important, in order to make an honest, correct decision. We are a growing township with growing problems.

5. As a member of the township board the information we perceive will be used for the best interest and welfare of all the people and the township present and not present at our meetings. The voice of the people is important in any government. I believe personal contact is a necessity in order to hear their viewpoints and their view.

6. I believe a supervisor should become or be a certified assessor. If our township grows too big for one assessor to get all the assessing completely done, we should have someone in our own township be a certified assessor to help in some of the commercial assessing.

Bernadine Potts

an immediate long range problem to provide for the population growth through utilization of the high density growth area thus maintaining the agricultural land. The immediate problem is to restore the confidence of the people in the board; to heal the wounds and to progress with harmony.

5. Certainly the number of people opposing an issue have the right to be heard. But it can't be simply the case of the squeaky wheel getting the grease. The hallmark of democracy is the idea that the minority opinion is respected and given a voice. But in the final analysis, the members of the township board must act on what they perceive to be the best interest of the entire township population through direct or indirect communication.

6. I feel the job of assessing should be done by a qualified supervisor.

William Berry

American Legion Post four years, and Commander of the Post two times; Past Chef de Gare of Lenawee County 40 & 8 Voiture, and correspondent of the Voiture three years;

Currently editor of the 40 & 8 monthly bulletin and hold an office on the state level; served four years in the United States Air Force during the Korea conflict. Married and have three sons.

3. I have created an interest since the first of the year. I recognize some of the problems in Raisin Township that we all face. I can, if elected, contribute toward the harmony and compatibility of our township board as representative of the people of Raisin Township.

4. There are a lot of challenges facing Raisin Township in the future. But at the present time, I think securing the confidence of its citizens is important. The issues facing Raisin Township should be brought out so the citizens, taxpayers, can have an opportunity to state their comments.

5. My decision on particular issues would have to be in the best interest for the welfare of the entire township.

6. Assessing of properties is becoming more and more complex. However, with schooling a supervisor should be able to handle the assessor's job. Some outside help may be required for commercial or industrial areas. But scrutiny in spending our tax dollars must always be kept in mind.

Louis Rebottaro

people are talking about. What will be accomplished will depend on what the budget will bear.

5. I believe in majority rules. I want the people to let me and the board know what they want. Public officials ought to be a servant of the people.

6. I plan to do the assessing. I'm already enrolled in school for the assessor's job. The classes are held at Britton, sponsored by the Lenawee County Equalizaton Office. It is a 10-week class for level one assessor. This is my fourth week. I plan to go on the level two assessor classes. I will seek expert advice when I need it.

THS RUNNERS — From left, Scott Betzoldt, D.J. Biscupski, and Nick Osburn run against Parma Western in Thursday's meet. The Indians won 20-45. (PHOTOS BY JEFF VANORSDOL)

THS Boys 3-1 in League, Girls Push Record to 2-1

The Tecumseh boys cross country team beat Grosse Ile Tuesday while the girls won by forfeit to push their records to 7-3, 3-1 in the league and 2-5, 2-1 in the league for the girls.

At Grosse Ile, Scott Betzoldt finished second overall to pace the Indians in their 23-37 win. Betzoldt finished the course at 16:11.

Right behind was D.J. Biscupski with a third place 16:17 time. Ben Binder was fourth at 16:47, Tim Day was sixth at 17:07 and Steve Dangler was eighth at 17:19.

The girls ran for times with Anne Smoke finishing first at 20:30. Jill Schmidt's time was 21:08, Karen Egli was at 21:28 and Nancy Comfort hit 21:53.

Saturday the boys traveled to the 10-team Brighton Invitational. The girls ran in the Manchester Invitational.

At Brighton, the boys fared in their grade class with Betzoldt taking third overall in the junior division at 16:47. Tim Day finished 11th in the juniors and Biscupski was ninth overall in his senior division at 16:54.

At Manchester, the girls finished fourth overall with Smoke taking fifth at 20:32. Egli was just five seconds behind for eighth place and Comfort finished 14th at 21:16. Jill Schmidt also finished in the top 20 medal winners with a 21:42 clocking for 17th place.

Earlier in the week, the boys beat Jackson Parma Western by a 20-45 margin while the girls lost 35-22.

Jackson took the number one spot in that Thursday match, but the Indians then finished their top six ahead of Jackson's number two man.

Biscupski was second overall at 16:25 and Binder was third at 16:40. Betzoldt was fourth at 16:46, Osborn was fifth at 16:46 and Day finished sixth with a 16:49 time.

Tecumseh's sixth runner, Steve Dangler, finished seventh with a 17:33 time. All eight Indian runners finished ahead of Jackson's number four man.

The girls lost their match with three girls still unable to run in that Thursday match due to injures.

Smoke finished third at 20:33. Egli was fifth with a 20:48 clocking. Jill Schmidt finished eight at 22:21, Nancy Comfort was seventh at 22:20, and Mary Smoke finished 12th with a 25:16 time.

Dr. W.C. Elwartowski

"Man's eternal search is for an everlasting youth filled with the joy of healthy, happy living.

No means has been found to extend life beyond the mechanical limitations of the human body. When the body ceases to function, life ebbs away.

Disorder and disease rob man of many years of useful and happy life. Simple care of the body, preventive maintenance, can prolong the time when normal wear and tear will destroy life.

Regular chiropractic care to assure that the nervous system is functioning efficiently in response to nerve impulses from the brain through the spinal cord to the millions of tiny nerve fibres throughout the body is an excellent "preventive maintenance" program.

Through scientific examinations and competent adjustments, the chiropractor maintains thenervous system and permits efficient operation of the nervous system. Nerve energy reaches its proper destination, and nature is able to perform her healing miracles in the body.

With efficient bodily functions maintained, the glow of happiness remains, unhampered and undiluted.

Interceptions Spoil THS Hopes

The Indian footballers played their best game of the year Friday night, but two poorly timed Tecumseh interceptions ruined the Indians' chances for a victory as Grosse Ile's Red Devils won 30-13.

The Indians were down just 16-13 Friday with two and a half minutes left in the game and the ball rested on the THS 20 yard line. Tim Todd, who had been passing very well all night, threw a pass that was intercepted, however, and the Red Devils ended what seemed to be a certain Indian scoring drive.

The local favorites then expected Grosse Ile to run the clock out, but were caught by surprise with a Red Devil touchdown pass on the very first play after the interception.

Grosse Ile then kicked off and again intercepted a Todd aerial and took the pass right in for their last TD from 29 yards out.

In all, the Red Devils scored on two interceptions, one fumbled punt and the stubborn Indian defense held them to just one scoring drive.

And while the Indian defense held the host team to just 87 yards on the ground and 144 in the air, the Tecumseh offense chalked up 104 more yards, with 75 yards coming on the ground and 260 in the air.

After Grosse Ile's initial possession and only driving score of the game (61 yards in five plays), the Indians put six points on the board in the first quarter. The 87 yard drive took six plays.

Scott Hans, who caught six Todd passes during the night for 172 yards, got credit for the TD with a 30 yard catch for six points. Kevin Salters, leading rusher for the night with 75 yards, also had a 30 yard run in the drive. The attempted extra point pass failed to put the Indians down by two, 8-6.

The Red Devils scored again, this time in the second quarter on a fumbled Tecumseh punt on the Indian 13 yard line to make the score at half 16-6.

Tecumseh came back with seven points in the fourth quarter on a 55 yard pass from Todd to Hans and Tim Steuwe's extra point kick was good to make the score 16-13.

The Indians' drive actually covered only 50 yards, but Todd was caught five yards behind the line of scrimmage the play before the TD pass.

Grosse Ile's two interceptions and following TD's then ended the scoring for the final 30-13 Red Devil win.

Offensively, Todd threw for 230 yards for the Indians on 17 completions in 33 attempts. The Indians had 10 first downs, Grosse Ile 8.

Defensively, Scott, Schafer was the top player with four assists and five solo tackles.

The Indians host Carlson for their homecoming game this Friday, a game the Indians are going to have to play especially well to win. Tecumseh is presently 0-4 in the league while Carlson has lost only once.

RUNNING ONE, TWO — Tom Nighswander and Matt McNeil have been two consistant top runners for the Redskins this year and proved their running abilities again Tuesday as they led Clinton to a 15-47 win over Morenci. THS JV's, Varsity Split

The Tecumseh girls basketball teams started out bad this week, with the varsity and JV's losing to Monroe St. Mary's Thursday, but both squads bounced back and beat Airport Tuesday.

Thursday, the varsity lost 38-61 with Kris McDonald leading the team with 15 points, eight rebounds. Donna Bohannon also hit double figures with 11 points and four rebounds.

The girls actually had a close game going with a 20-20 tie five minutes before half. Monroe started to pull away, but the game was still close until the third quarter when Monroe's shooting and Indian turnovers put the game out of reach.

The JV's lost 26-51 with Cindy Anschuetz putting six points in the basket for the young Indians.

The JV's also had a close game going, with the Indians down by two at the end of the first frame. The Monroe squad scored 21 points the second quarter, however, to pull out of reach.

Tuesday was a different story for both teams as the varsity won 60-35 and the JV's won a squeaker, 37-36.

McDonald again led the team. She hit for 22 points and pulled down 17 of the team's 41 rebounds. Bohannon was right behind with 12 rebounds and 16 points.

The Indians started with an effective press, got the lead, and sustained it most of the game. The girls got cold in the third quarter, but Airport never really threatened as the THS girls reestablished their dominance in the last quarter with 20 points.

Credit for the JV's one point win goes to Tracy Walters, who scored 15 points for the young Indians.

Walters also sunk the two winning free throws for the young Indians with one and a half minutes left on the clock.

Airport had one last chance to tie, and even win, with their team down by one point, and their leading scorer shooting two at the charity line. The girls missed both for the THS victory.

Kim Creswell was the high rebounder for the THS team with nine.

Beat Morenci Runners 15-47

The Clinton Redskin runners beat Morenci 15-47 in the first half of double dual meet Tuesday, and lost to Napoleon 20-41.

Tom Nighswander finsihed second for Clinton with a 16:33 time. Matt NcNeil was right behind in sixth place at 16:51.

Mark Arquette was 16th at 18:27. Chris Krouchkow was 19th at 18:39 and Mark Rochowiak was 20th with a 18:40 time.

Second in Two Invitationals

Friday, the Indian golfers traveled to the Jefferson Invitational and finished in second place with a 315 score. Grosse Ille finished in first in the 12-team tourney after edging the Indians by just two strokes.

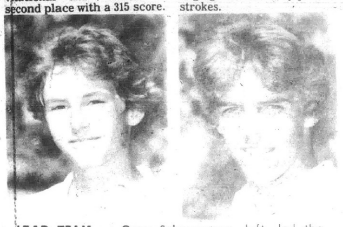
Greg Scheuerman was low for the Indians with a 77 and Ron Smith was just one stroke back at 78. Scott McDonald and Mickey Hyatt each added 80's to round out the scoring.

Then Sunday at Bedford, the Indians finished second again, this time Bedford played the poor host and won their own invitational.

Tecumseh's four shot 353 with Smith leading the way with an 82. Mike Zettle followed with an 89, Schuerman hit 90 and McDonald finished with a 92.

Monday the Indians pushed their league record to 3-2, 7-4 overall with a 155-165 win over Monroe Jefferson.

Smith again led the team, shooting a hot 35. Scheuerman added 38, Zettel a 41 and McDonald hit 41 also.



LEAD TEAM — Greg Scheuerman, left, led the Indians with a 77 Friday while Ron Smith, right, shot 82, 35 Saturday and Monday for top honors.

CHS Loses

The Addison Panthers, one of the best girls basketball teams in the state, downed a stubborn Redskin team, 55-34 last Monday.

The final score is misleading as a scrappy Clinton "five" gave the unbeaten Panthers all they could handle the first three quarters. Clinton ran out of gas in the last quarter as their fine guard and ballhandler Carrie Merillat fouled out and Addison outscored CHS 18-5.

Clinton jumped off to an 8-2 lead before Addison called a time out. The Panthers, minus two of their regular starters, came back but Clinton still led 12-9 as the first quarter ended.

The Redskin press bothered Addison for awhile but they adjusted and thanks to Teresa Nieto's 12 points in the second quarter, Addison grabbed the lead 27-21.

The third quarter saw Addison outscore Clinton by two and they had an eight point lead, 37-29, starting the final quarter.

The Nieto sisters were just too much for the Redskins to handle as they accounted for 43 of Addisons 55 points.

For the Clinton Redskins, Barb Winder scored 10 points and had eight rebounds. Karyn Coward added eight point.

Clinton's season record now stands at 2-4 overall and 1-1 in the LCAA.

Golfers Post 2 Wins for 3-8 Record

The Clinton golfers notched two victories this week, one against Blissfield Thursday and one against Morenci Monday to up their record 3-8 in the LCAA, 7-11 overall.

Against Blissfied, the Redskins's shot a 181 to beat their opponents by nine strokes.

Tom Eddy, Steve Porterfield, and Rick Peterson each shot 44's for the Redskins. Greg Parker, Brian Dettling and Kirk Ragay all shot 49.

Against Morenci, the Redskins shot 199 to Morenci's 202 in LCAA action.

Porterfield was medalist for the match with a 45. Eddy added a 46, Peterson a 49 and Greg Kosky a 59.

Britton Bounces Back, Wins 38-16

Britton's Tories bounced back after last week's loss to defeat the Madison Trojans Friday night 38-16.

Offensively, the team moved the ball very well with Jim Slatic getting 280 yards rushing in 16 carries. David Bruce came off last week's injured list to carry the ball 10 times for 97 yards and John Montalvo carried 10 times for 49 yards.

The offensive line also did an excellent job opening holes for the Tories as did quarterback Chris Kimerer with a couple fakes that left the Trojans looking around for the ball.

Defensively, Montalvo led the team with 13 tackles. Jeff Rohrback added 11 and David Bruce and Doug Case each had nine tackles.

The Tories scored three of the first four times it had the ball Friday and then added two more scores immediately following the half to put the game away.

Their first score came from Slatick on a 27 yard run following a Deerfield turnover. The second score came after a Madison punt with Slatick going the last three yeards on the ground.

The last Britton score of the first half took just three plays from 75 yards out, hindered by a clipping penalty against the Tories. Bruce and Slatick each had 37 yard runs in the drive with Slatick scoring on his.

The Trojans scored once just before the end of the half and then recovered their onside kick to begin the second half. They punted, however, and the Tories moved 85 yards in nine plays with Slatick again scoring, this time from 13 yards out.

Bruce then got the call on the last drive and went 10 yards for the final Tory score to cap a 85 yard, nine play drive. Madison scored one last time in the fourth quarter to end the scoring at 38-16.

Britton had 17 downs, 378 yards on the ground and three yards in the air. Madison had 14 first downs, but only 97 yards rushing and 72 yards in the air.

Britton Girls Suffer 1st Loss

The Britton girls basketball team suffered its first loss of the season this week when it traveled to Whitmore Lake Thursday and lost 43-41.

The Tory squad was down 28-20 going into the last quarter when the girls caught fire and put 21 points in the basket, one more point than the first three quarters combined. The rally fell short, however, to put the girls' record at 6-1 overall and 2-1 in the league.

Jodi Smith led the fourth frame attack with 13 of her game high 20 points in the last quarter. Jami Smith hit for six of the other points.

The Tories travel to Whiteford Thursday and host Summerfield, Oct. 16.

Sign Up Now for Basketball

Sign ups are now going on for the basketball program at the YMCA of Lenawee County. Registration is limited to 216 boys and/or girls. For more information, call 263-2151.

CHANGING SCENE — Sidewalk construction behind shops in Tecumseh's northeast business block is underway and progressing - sometimes! One large section behind Hanna's Insurance and Eggleston's Jewelry had to be torn up because of improper grade. When work is completed and other preparation work finished, the city hopes to complete blacktopping the parking lot.

Young Torres 4-0 in League

Tracy Gibbs stole the show this last week as the Britton JV squad upped its record to 4-0 at the expense of Madison.

The young Tories won 32-6 with Gibbs leading the rushing with 82 yards, three touchdowns and two extra points. The Tory offense gained 300 yards in all.

Also offensively, Jim Schroeder and Mike Gonzales gained 52 and 48 yards rushing respectively while Tom Morgan caught two passes 55 yards and one TD.

Defensively, Garry Wilcox, Steve Lutz, Kent Kimerer, Rich McWilliams and Wayne Harris all had six tackles.

Next game is at Summerfield Oct. 13.

Blissfield Beats CHS

Blissfield's Royals put one score across the goal line in each of its Homecoming game's quarters Friday night to hand Clinton a 26-7 loss.

Clinton's score came in the last quarter with 3:40 left in the game. Ken Semanske got credit for the six points with a seven yard run while Eric Rockwell's extra point kick was good.

The Redskin score came on a 57 yard drive, including a 29 yard option to Semanske.

Offensively, Chuck Kilgore was the leading rusher with 84 yards in 19 carries. Rockwell, a sophomore, also shined on offense, averaging 38 yards per punt.

Defensively, Keith Hartung was the leading tackler with 10.

Statistics were close in the game with Clinton getting 10 first downs, 153 yards on the ground and 17 in the air. Blissfield had eight first downs with 100 yards on the ground and 116 in the air.

Three turnovers hurt the Redskins Friday with Blissfield recovering two fumbles, intercepting one pass and getting 57 charity yards from Clinton penalties.

Blissfield's scoring came on a three yard run from Bob Menchaca in the first quarter, a 40 yard pass from Tim Spotts to Todd Perin in the second frame, a seven yard run by Menchaca in the third and a final 42 yard run by Menchaca in the fourth quarter on a Clinton fumble.

CPR Saves Lives Speaker Claims

CLINTON — Mrs. M.D. Boss of the American Red Cross, gave an instructive program for the meeting of the Clinton Woman's Club, Oct. 3.

She illustrated her talk with film and the use of a dummy, demonstrating the Cardiac-Pulmonary-Rescusitation (CPR) challenge.

The film raised the question of what to do in such cases as: when a person chokes; has a heart attack; is on fire; or falls down stairs.

She explained that except for highways and streets, the home is the locale for more accidental deaths, than any place else.

In such life threatening emergencies, who will live, depends on the spectators. One can safety-proof lives by taking a Red Cross first aid course, Mrs. Boss said.

Mrs. Daniel Goodman, the new president, opened the business meeting with the salute to the American and State flags.

Three of the four new members, Mrs. Thaddeus Cieciek, Mrs. Thomas Kruchkow, Mrs. Charles Surratt and Mrs. Roy Wagner, were present.

Former president, Mrs. James Chellman, was commended for making the attractive year books.

Meeting dates have been changed to the first Wednesday of each month, to avoid conflicts with other meetings.

Meeting opened with the serving of dessert by the social committee, Mrs. Harold Davis and Aldena Miller.

Next meeting will be Nov. 7 at 12:30 p.m. at the Smith-Kimball Community Center, when Mr. and Mrs. Herman Daldin will present a travelogue.

Little League Tops in Sales

CLINTON — Secret of success of the Clinton's Fall Festival may be the opportunity for so many area organizations to raise fundss through selling car drawing tickets.

They can earn half the proceeds of their own ticket sales. Those who sell the most earn the most as shown on the following list of total ticket sales by each group.

Clinton Little League had an astounding record of $5,766 in ticket sales, making them the sales champions. This means the League will have $2,883.00 to use for their own projects.

$1 Million Expansion Project Is Completed at Budd Company

CLINTON — Budd Company president J.H. McNeal led the list of company executives and union representatives during dedication ceremonies Oct. 4 of the new expansion at the Clinton Budd Company plant.

Host for the ribbon cutting and walking tour of the expanded facility was Clinton plant manager R.C. Blaine.

The $1 million expansion started in June and was completed in September. It added 25,600 sq. ft. inside storage area and 9,600 sq. ft. outside storage and staging area.

The expansion provides the local wheel and brake plant an opportunity for expansion of its manufacturing capacity, explained G.G. Silcox, Clinton plant employee relations manager.

Improved trucking facilities, 20 percent expansion of parking spots and 50 percent expansion of bike parking spots were also included.

This marked the first expansion at the Clinton plant since it was located on 248 acres at 11700 Tecumseh-Clinton Rd. in 1967.

Total plant size is now 180,000 sq. ft. About 200 workers are employed at the plant which machines and assembles disc brakes components for cars.

Other officials attending were:

D.P. Williams senior vice-president, operations; K.P. Knudsen, group vice president, Wheel and Brake; R.S. Wrona, office of senior vice-president; G.J. Schuster, general manager, Wheel and Brake division; J.D. Davis, production manager, Clinton.

Union officials

S. Averill, International Rep., UAW Region 1-C; H.G. Adkins, president UAW, Local No. 39;

D.A. Katsambouris, vice-president; D.L. VanRiper, chairman, bargaining committee, S.I. Williams committeeman and G.D. Scott, committeeman, all of Local No. 39, UAW

The Budd Company, with corporate offices based in Troy, Mich. was founded in 1912. It is a worldwide supplier to automotive, trucking and railway industries.

WALKING TOUR — During Thursday's dedication of the Budd Company new addition to its Clinton plant, shown are l-r, R.C. Blaine, Clinton plant manager; J.H. McNeal, president of Budd Company, Troy, Mich.; H. Adkins, president UAW Local 139; and D. VanRiper, plant chairman, UAW Local 139.

Heartbreaker

The Clinton JV football squad lost a heartbreaking 7-6 decision to Blissfield Thursday.

Tim Moore led the team with 135 yards rushing, a pass interception, and a touchdown on a pass from Tony Rady.

The young CHS squad faces Morenci Thursday.

CLINTON TLC — Andrea and Tracy Young of 512 Sunset Dr. in Clinton cared for and nurtured this pumpkin to it's present weight of 186 lbs. They said they gave it lots of "tender loving care." The pumpkin was displayed at the Clinton Fall Festival.

State Police Cut Clinton Village Service

CLINTON — Village Council has been notified by Clinton State Police that due to reduced staffing at the Clinton post, they will not respond to citizen request for police, unless the complaint is of a serious nature.

Clinton Village residents are asked to call the local police, and State Police will continue to provide answering service for patrol. Number to call is 423-7800.

State Police will respond to an injury accident or if a felony crime is committed, when local police are not available.

Staff at local post has been reduced to 16 men who patrol 15 townships.

Clinton Village uses the services of Frank Becker's police patrol out of Britton, with two men alternating shifts in Clinton.

Jennings and Sons was the only bidder for the used dump truck and sale was approved at $150.

Mowery and Hunt had requested to purchase a strip of ground near their properties, former right of way of the railroad, now owned by the village, that is adjacent to the cemetery. Council decided not to sell the property at this time.

A village ordinance will be drawn up to protect property from further encroachment of the cemetery.

New Members

CLINTON — Two couples were received in membership at the United Church of Christ, Sunday, by the Rev. Roy Wagner.

They are: Scott and Sue Anderson, by reaffirmation of their faith. Their children are Sean, Tracey and Matthew.

Carl and Doris Kemner, by transfer of membership from Emmanuel United Church of Christ. Their children are Eric and Michael.

The congregation greeted them at a coffee hour after the service.

The church choirs gave a performance of the folk musical "Tell It Like It Is" at Shalom Lutheran Church at Pinckney, Sunday evening.

The Annual Harvest Festival family potluck dinner and mission auction will be held Sunday, Oct. 14 at noon.

Shamrock Events

CLINTON — Shamrock Senior Citizens will meet at the Smith-Kimball Community Center beginning at 10 a.m. for games, cards and crafts Oct. 11. At noon, there will be soup. Carl Anderson will speak about recollections of a State Trooper.

Oct. 15 crafts, games and cards will be held in the morning with a bag lunch at noon.

Herman and Ruth Daldin will present "This Is Our Life."

Oct. 25, 10-12 will be regular activities and a bag lunch will be held at noon. Halloween Party will be held. All must come in costume. Stan Gibbard will speak about European travels.

Tipton Topics

By Lillian Luce

TIPTON — The 88th annual convention of the Pythian Sisters of the Grand Jurisdiction of Michigan was held at the Sheraton Inn in Jackson Sept. 27-29.

Those attending from Tipton were Mrs. Richard Platt, delegate from Minnehaha Temple No. 43 and Mrs. Lyle Whelan, past grand chief of Michigan and Margaret Gilhouse, district deputy of District 5.

Mrs. Platt was on the registration committee. Mrs. Whelan and Anna Brown of Vicksburg were on the installing team that installed the new officers on Saturday afternoon as pages.

Margaret Gilhouse was installed as the new Grand Guard for the coming year.

Attending the installation Saturday afternoon were Leota Evans and Florence Kronberg.

Macon Notes

By Phyllis Thomas

MACON — Mr. and Mrs. Robert Osborne welcomed a new grandaughter into their family Oct. 5. Amy LaVina Haines was born to Bob and Linda Haines of Milan at St. Joseph Hospital, Ypsilanti, weighing in at 7 lbs. 4½ oz.

Big sister, Renee, almost four years-old waits with her other other grandparents, Mr. and Mrs. Melvin Schroeder.

This makes 10 great-grandchildren for Mrs. Elton Osborne, also of Macon. A pink carnation on the altar marked the new arrival to the village.

++

A blue carnation on the altar announced the arrival of Lawrence Bradley Biskner, born Oct. 6 at St. Joseph Hospital, Ypsilanti, to Larry and Judy Biskner, "Brad" weighed 8 lbs, 8 oz. at birth. Maternal grandparents are Ed and Gladys Mueller, also of Macon. The Biskners live on Ford Highway in the the Village.

A NEW LIFESTYLE — Jim Tressler and his wife, Ann, waited 44 years, eight months and two days for his retirement from the Tecumseh Products. Tressler senority record is beat by only one current TP employee. (PHOTO BY K. BROWN)

Waited Almost 45 Years

by Kathy Brown

The first Sunday after his retirement from the Tecumseh Products Company was one that Jim Tressler of 501 W. Brown St. had planned to enjoy watching the ball game.

But the 150 friends, relatives and neighbors that showed up for his surprise retirement party Sept. 30 couldn't pass up the chance to congratulate Jim after his 44 years, eight months and two days at the Tecumseh Products.

Only one current employee beats Jim's seniority record by two days, according to a company spokesman in personnel.

Jim was among the first to be hired by the Products when it came to Tecumseh from Hillsdale 45 years ago.

The party was hosted by Jim's wife, Ann and their children, Tom Tressler and Mrs. Carl (Mary) Cross of Tecumseh and Patricia Tressler of Ann Arbor. The Tresslers have one grandchild.

Among the special guests were Jim's brother, Joe Tressler of Tecumseh, his sisters, Kay Miller and Marian Folk, both of Dearborn and sister-in-law, Flora Tressler of Detroit.

Detroit-born Jim Tressler started at the Products at age 20. He spent his last 28 years assigned in hermetic check (unit analyst).

"I've seen the plant grow, section by section since 1934," said Tressler. "I've witnessed the time when there were 4,500 to 4,700 people working at the Tecumseh plant. Now there are approximately 1,800 employed."

The Products has three other compressor plants — in Marion, Ohio; Somerset, Ky. and Tupelo, Miss. — that employ about 6,750 employees.

"We're going to play it by ear," said Tressler about his post-retirement plans. "I look at it this way. I can either sit in my rocking chair or have adventure and do the things that I've never done before," he said philosophically.

Ann Tressler said that keeping the party a secret was a neighborly effort. Neighbors Herb and Betty Dillon helped stash gallons of pickles and cole slaw for the party. Other party accessories for the buffet were stashed in the Tressler attic.

A 10-speed bicycle and gift certificates were among Jim's retirement tributes from friends and family. And there may be "more surprises ahead," hinted his wife.

Among the souvenirs of the day were a symbolic clothespin rocking chair and two posters of congratulations.

But the tribute that delighted the couple most, was the number of friends that turned out. "I deeply appreciated the part of my fellow co-workers," said Tressler. The Tresslers are the kind of folks that count their friends and family among their richest blessings.

7 Churches Participate in Drive

Tecumseh's drive for UNICEF will be conducted from Gloria Dei Lutheran Church this year, Monday, Oct. 22 from 5 p.m. to sunset.

Six other local Christian churches — First Baptist Church, Missionary Baptist, United Methodist, St. Elizabeth, St. Peter's and the First United Presbyterian Church — will participate in this event.

Each church will provide drivers for the children. Drivers and children are asked to be in Luther Hall at Gloria Dei Lutheran Church at 5 p.m.

After a warm hotdog lunch, the children will trick or treat for UNICEF. They will have special UNICEF collection boxes in orange and black to receive donations.

UNICEF is the United Nation's Children's Fund. Donations are used to help the sick and hungry children in more than 100 countries of Asia, Africa and Latin America.

Letter to Editor

To the Editor:

How about a "Good Deed Award" in the form of acknowledgement?

I've been on sick leave as a secretary from Herrick Park School since the beginning of the year.

Today after school (Oct. 1) a group of teachers from Herrick Park School showed up at my home with ladders, buckets and sponges and washed every window in our house.

Don't ever underestimate the great people in our town. We hear only of the destructive things that are happening day after day.

I challenge anyone to find a nicer, more thoughtful and considerate group than "My" Herrick Park family!

Tipton, Sutton Serves 100's

Scott Joplin music, straw hats, colorful vests and sleeve garters helped set the atmosphere during the second annual Tipton PTO Ice Cream Social and school open house Oct. 3.

Principal Tom Sura said that sixth grade students hosted the event. They greeted and served 460 people. There are 169 students at Tipton school.

Mothers provided the more than 430 cupcakes that were served with slices of ice cream and a variety of toppings from a sundae bar, provided by the PTO.

Oct. 2 was the date for the Ice Cream Social at Sutton School. The old fashioned theme prevailed there, too. About 700 were served at Sutton School by the sixth graders there. Event was held in cooperation with the PTO.

SERVING TECUMSEH AND AREA SINCE 1850

VOL. 129 OUR 139th YEAR—NO. 12 | THURSDAY, OCTOBER 18, 1979 | FOURTEEN PAGES—25c

Officials Question Emergency Runs

After Monday's Council meeting adjourned, four council members discussed their concern about the apparent increased number of calls for Tecumseh's Rescue Squad outside the city to areas under contract with EMT Ambulance.

Council members asked city manager Cal Zorn to discuss these concerns with the Lenawee County Sheriff's Department which does the dispatching for emergency medical services.

Although the city does have reciprocal aid agreement with townships in the area, the cost to the city for each rescue run is $550.

EMT Ambulance, which has service contracts with several of Tecumseh's neighbors, has been dispatching its ambulance from Adrian since EMT removed its Tecumseh based ambulance Aug. 31.

Nevertheless, EMT Ambulance is supposed to serve its contracted units of government within 15 minutes.

The latest of such rescue calls was made by Tecumseh's Fire Department Rescue Squad Tuesday afternoon in Ridgeway Township.

Lenawee County Undersheriff Art Kerr said a two-car accident occurred at 3:05 p.m. on Ridge Hwy. about 2/10 of a mile north of M-50. Three persons were treated for injuries at Herrick Hospital.

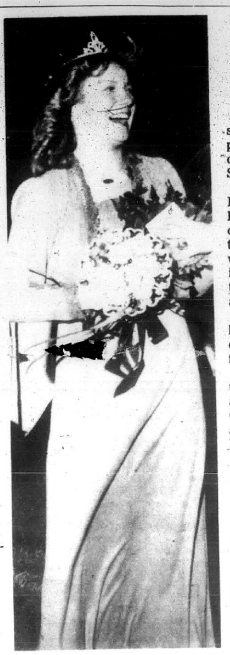
Two adults were admitted and a young passenger was treated and released.

According to Sheriff's department report Karen Sue Ray, 27, of Adrian was southbound on Ridge Hwy. when she attempted to slow down on the wet road. She lost control and skidded into a vehicle driven by Constance Peeples, 34 of 5998 Centennial Rd., Tecumseh.

Ray was cited for violation of the basic speed law.

The two adults remain hospitalized at Herrick Hospital. Mrs. Peeples' daughter and passenger, Marcy Ann Peeples, 9, was treated at Herrick Hospital and released.

Tecumseh rescue squad was on the scene, said a fire department spokesman. According to the sheriff's department report, EMT and Alert Ambulances transported the trio.



Wanda Meadows, senior, reigned as homecoming queen last Friday night when the Indians beat Gibralter Carlson, 20-17, in overtime. See the floats on page 14.

Presents Downtown Development Plans

Block meetings with merchants in central business district began Wednesday morning to present the city's suggested program for development and beautification of downtown Tecumseh.

Paul Preston, Assistant City Manager, presented the plans which the city hopes building owners will use when seeking remodeling plans.

The plan is for a visual theme that focuses on preserving and maintaining the historic building faces, using unobtrusive signs and street furniture.

Goals of the plan are to make downtown the focus of the community, allow for a mixture of compatible land uses, include a variety of housing and commercial opportunities, encourage good traffic and pedestrian circulation and create a pleasant aesthetic atmosphere.

Related objectives are adequate parking, pedestrian comfort and economic use of downtown properties while preserving the historic 19th century character.

Planned improvements are redeveloped parking lots, new pedestrian walkways and landscaping, similar to what has been done by city and merchants in the Ottawa St. parking lot.

11 Businesses In Promotion

Eleven Tecumseh businesses are participating in a "Budget Stretching Value" promotion from now through November. Those participating are:

- Gambles
- Green's Clothing
- Ace Hardware
- Lawson TV & Appliances
- Tecumseh Office Supply
- Kitchen and Fabric Centre
- Clauda Plumbing & Htg.
- United Savings Bank
- Carl's Radio & TV
- August Co.
- Bidwell Exchange

Their ads are on pages 8 and 9. Feature of the promotion conducted by Wm. A Leigh Associates, includes photos related to each business.

$500 Is Asked for Christmas Free Parking

Tecumseh City Council offered the Tecumseh Area Chamber of Commerce "free" off-street parking from Nov. 25 to Dec. 24, during the Christmas shopping season, if the Chamber is willing to pay half of the revenue that will be lost to the city, or at least $500.

Council's offer was made Monday night in response to the chamber's request for extension of free off-street parking from 16 days to 30 days. Last year the free parking was granted from Dec. 8 to Dec. 24, about a week longer than usual.

Council's concensus was that it wants to meet its obligations for improvements in the Ottawa St. parking lot with meter revenue instead of money from the general fund. City has spent in excess of $70,000 to enlarge and landscape the Ottawa St. lot.

In related business, the city is applying for a parade permit for a Chamber of Commerce Santa parade downtown Tecumseh Nov. 25.

Rep. Jim Hadden Plans Town Hall Meeting Oct. 25

Tecumseh and area folks will have an opportunity to find out what's going on in Lansing next Thursday night when State Representative Jim Hadden will hold a town hall type meeting at the high school.

The meeting will be held in the chorus room and will start at 7:30 p.m. Public is invited.

Rep. Hadden will have a few opening remarks and then open the meeting up to questions from the floor.

Hadden is assistant Republican Whip, vice chairman of the social services and youth committee, and serves on the insurance, roads and bridges, and colleges and universities committees.

Subdivision Work Starts Off Burt St.

Work has begun on the first section of Courtland Place, a planned community development on a 46 acre site north of Burt Street in the city of Tecumseh.

The owners are Tecumseh Group Inc., with Tecumsehite Richard T. Heglin as president. Selders Excavating has been contracted for the first phase of the project, which is scheduled to be completed in the spring. Selders will work on the roads, curb and gutter, sewer and water and site preparation.

Twenty-seven single family homesites, located on three private courtyards, will be available in the first section.

All city services and the latest in underground utilities will be available. When completed, Courtland Place will provide approximately 100 single family home sites built along 16 cul-de-sac private drives and also the possibility of townhouses in a later development phase.

The master plan provides for an attractive park-like setting.

The planned development approach was the combined effort of the developers, city officials, Tecumseh Planning Commission and United Savings Bank.

Complete development is estimated within the next four to six years, and may provide housing for approximately 700 people.

Pass Petitions in Opposing Zoning Change

Tecumseh Homeowners Association has already collected 230 signatures opposed to a change in zoning to the area on the northwest side of town commonly known as the "Fuller Property."

Petitions are being circulated city-wide and may be signed by any Tecumseh city property owner or taxpayer, explained Mrs. Chris Neilson, a member of the new homeowners group.

Mrs. Neilson explained that the petitioners are opposed to any change in the single family residential character of the area bounded by the city limits on the north and west, by Union Street on the east and West Chicago Blvd. on the south, excluding those areas previously zoned.

Tecumseh Planning Commission will have a public hearing Nov. 20 on the request to rezone approximately 30 acres of the "Fuller Property" from single family to multiple family for federally subsidized housing. The petitions are expected to be presented at that time.

Mrs. Neilson said that the Tecumseh Homeowners Association is the first in the community. Membership is city-wide. Elections and by-laws will be adopted at meetings to be announced.

$2.3 Million Senior Complex Loan in Limbo

After 18 months, the fate of Tecumseh's pre-application for a $2.3 million mortgage loan for a proposed 122 unit senior citizen housing project is still in limbo.

Paul Preston, Assistant City Manager, said that the state office of Farmers Home Administration (FmHA) has reached a decision, but the state officer will not reveal that decision until Congress appropriates the FmHA budget.

FmHA is a federal agency of the United States Department of Agriculture. FmHA specializes in assistance to rural rental housing projects in rural communities.

Preston said that he has received nothing in writing from FmHA regarding the current status of the mortgage loan pre-application.

The city's market survey for senior citizen housing showed that about 70 percent of all renters will need some amount of federal subsidy due to income levels of potential applicants.

City is waiting to hear not only about the mortgage loan, but also on the number of federal subsidies that will be available for senior citizen renters.

Orchard Terrace Housing Corporation, a non-profit corporation, will manage the project proposed for eight acres of land at Adrian and Pottawatamie Sts., just south of west of M-50.

Jens Touborg is president of the non-profit housing corporation, composed of 25 local residents.

Raisin Elects 3 to Board

Unopposed Republican candidate Louis A. Rebottaro was elected supervisor of Raisin Township in a special election Tuesday with 559 votes.

There were no write-in votes in the election to fill the offices of supervisor, clerk and trustee created by the Aug. 21 recall of Supervisor Robert D. Moore, Clerk Marjorie Comfort and Trustee Robert Murray.

Christine Ruggirello, who has served as clerk since the August recall, was elected clerk in Tuesday's election. Ruggirello received 344 votes over Democratic candidate DeLight Sieler with 311 votes.

William R. Berry was the only Democrat elected to office in the special election. He received 356 votes. His Republican challenger, Bernadine Potts, received 295 votes.

About 656 votes were cast in the election, or about 27 percent of the 2,400 registered Raisin Township voters.

5 Candidates at Luncheon

Tecumseh voters will have a chance to meet Council candidates next Tuesday noon at a luncheon at St. Peter's Episcopal Church.

"Meet the Candidate" forum is being sponsored by the Tecumseh Area Chamber of Commerce and the Tecumseh Rotary and Kiwanis Clubs. The luncheon meeting will start at 12:15 and is open to the public.

Ticket reservations are requested and may be made by calling the Chamber office, 423-3740. Cost is $3.75.

Five candidates are in the Council race to be decided at the Nov. 6 election. Candidates are Harold Easton, Richard Montcalm, Sandra Casper, Michelle Worley and Bill Frownfelder.

Resigns Position

June Stone has resigned from the Tecumseh Planning Commission effective immediately, Tecumseh City Council was informed Monday night.

Anyone interested in serving the planning commission may contact Tecumseh City Hall at 423-2107.

CIVIC FACILITY GROUNDBREAKING — Mr. and Mrs. Kenneth G. Herrick took a turn at the shovel Sunday for the groundbreaking of Tecumseh's 556-seat civic facility to be located across from the high school on North Maumee. Among the officials present were (l-r) Mayor Aden Mead, William Frownfelder, chairman of the civic facility study committee, Tecumseh Players president Mary Ann Bone and school Supt. Robert Duhan. About 200 people turned out for the festivities, including Shawnee Marchers and Tecumseh Players. (PHOTO BY KATHY BROWN)

Chuck Osburn Was in Business 30 Years

Funeral services were held Saturday afternoon for Raymond C. Osburn, 60, who died Friday morning at his home at 231 Park St. He had been ill and in failing health for the past three years.

A Tecumseh businessman for over 30 years, "Chuck" or "Charlie," as he was commonly known, was a lifelong resident of Tecumseh.

He joined Schneider Bros. Chevrolet-Buick auto agency shortly after World War II.

In the early 1960s, he joined his brother, Jack Osburn, in what is known now as Osburn Real Estae and Ins., located on N. Evans St.

He was born on Oct. 16, 1918 in Ridgeway to Raymond C. and Purnell (Lowe) Osburn. On Oct. 24, 1942, he married Pearl Elaine Brown in Kahoka, Iowa.

Chuck graduated from Tecumseh High School in 1935 and from Eastern Michigan University in 1939. At EMU, he was captain of the track team in his senior year, and a member of the Arm of Honor Fraternity.

A veteran of World War II, he entered the service in July 1941 in the Army Medical Administrative Corps. He attained the rank of captain and was discharged in 1946.

He was a member of the First United Presbyterian Church, Tecumseh American Legion Post and the Elks Lodge in Adrian.

He was preceded in death by his parents.

Survivors include his wife, four sons, Raymond Charles Jr., Waterford; Jeffrey B., Goffstown, N.H.; Mark D., West Gloucester, Mass; and R. Kevin, Pittsburgh, Pa.; two sisters, Mrs. Carl (Pat) Kennel and Mrs. Lowell (Jean) Edwards, both of Tecumseh; two brothers, Jack Osburn, and James Osburn, all of Tecumseh; and five grandchildren.

The Rev. Edmond I. Watkins officiated at the services, which were held at the Purse Funeral Home. Burial was in Brookside Cemetery.

He was born July 4, 1903 in Carlton, to Reid and Clara (Datcher) Woodward. He graduated from Carlton High School in 1920. He married Marian Beedon Aug. 20, 1924. She survives. They celebrated their 50th anniversary in 1974.

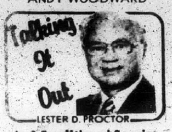
Upon graduation he started working in the Carlton State Savings Bank at the age of 17, where he worked for 15 years. In 1939, he moved to Clinton and worked for 13 years at the Clinton State Savings Bank.

In 1952, he moved to Tecumseh, where he worked for 20 years in the United Savings Bank and became vice-president. He retired in 1968 and since, has spent his winters with his wife in Bradenton, Fla. He was all packed to leave for Floriada Oct. 16.

He was a charter member of the Carlton Rotary Club, charter member and past president of the Clinton Rotary Club, and also a member of the Tecumseh Rotary Club. He was very active in Boy Scouts as a leader in Clinton. He also served on the Clinton School Board.

Survivors are one daughter, Mrs. Harold (Diane) Buttrell of Port Huron; five sons, Robert of Torrance, Calif., Kenneth of Lansing, Harry of Villa Park, Calif., Arthur of Lakewood, Colo., and Jerry of Lakewood, Calif.; 21 grandchildren, one great-granddaughter, Sarah Buttrell; one sister, Mrs. Jack (Dorothy) Gibby of Portsmouth, Va.; one brother, Roscoe Woodward of Detroit.

He was preceded in death by his parents and one sister, Ruth. The Rev. Alan Gray officiated.



LESTER D. PROCTOR

Is A Traditional Service Needed?

It is - if we are to retain the dignity and pride as set by our national character.

It was Blackstone, the noted English statesman, who put it so well when he said: "Show me the manner in which a nation or community cares for its dead and I will measure with mathematical exactness the tender sympathies of its people, their respect for the law of the land, and their loyalty to high ideals."

Whole nations are saddened and go into mourning when their leaders die. Recently, the United States mourned one of its favorite senators, Minnesota's Hubert H. Humphrey - whose traditional and full-service funeral was of national significance. On Memorial Day and Veterans Day and to render tribute to national leaders who have died, we fly our American flags at half-staff. We observe these traditions with patriotic and religious ceremonies. They, are, in effect, national funeral ceremonies, indicates Dr. Arthur Freese ("Help for your grief" 1977). He feels these national rituals periodically help our country deal with death, and we agree.

We will be glad to discuss this in detail with you.

Services were Oct. 5 in West Chester, Pa., for Bertha M. Luce, formerly of Tipton, who died Oct. 1.

She was born May 28, 1889.

Burial was in Green Mount Cemetery, West Chester, Pa. Arrangements were by the Joseph E. Boyd Funeral Home.

One Year Old

Fabulous Friends 4-H Club of Tecumseh is now one year old

The club meets the third Monday of every month in Tecumseh Friends Church.

There are many projects to offer. This is a family oriented club, encouraging parent participation.

Any youth nine years old by Dec. 31 of 1980 is eligible to join 4-H. Questions can be directed to community leaders, Mr. and Mrs. Russel Rieve, 431-2176.

MR. and MRS. PETER MICHAJLENKO

Celebrate 50th

Mr. and Mrs. Peter Michajlenko celebrated their 50th wedding anniversary, Oct. 15 in Toledo with their family.

Efrosine Bydoc and Peter Michajlenko were married Oct. 15, 1929 in Pottava, Ukraine.

They are the parents of three children, Oleg Michajlenko of Ann Arbor; Mrs. Larry (Vera) Matzinger of Toledo, Ohio, and Alla Limes of Tecumseh. There are eight grandchildren.

They moved to Tecumseh in 1953. Mr. Michajlenko retired from Tecumseh Products in 1971.

Reports For Duty

Marine Pfc. Brian K. Maupin, son of Chauncey T. and Linda R. Maupin of 201 E. Logan St. has reported for duty with Marine Aircraft Group 36 on Okinawa.

A 1978 Tecumseh graduate, he joined the Marine Corps in July 1978.

Solar Heat Is Topic

"Solar Heating for Homes" will be discussed at Tecumseh Public Library Oct. 23, at 7 p.m.

This informal, free program is designed for homeowners who are thinking of installing a solar heating system, but want to know more about how they work.

The presentation will include detailed descriptions by two speakers of their own home solar water heating systems.

Deborah Harris, librarian, notes, "One speaker's view is as an insider (contractor and dealer); the other is an informed do-it-yourselfer.

Both points of view are valuable to people considering solar heating for their homes."

The speakers will be Howard McMullen of Tamarack Heating-Plumbing in Saline and Anthony Amrhein of Tecumseh.

Both men are well-informed about solar heating. McMullen has been a heating and plumbing contractor for 26 years.

He became interested in solar heating while attending the National Solar Energy and Trade Show in 1975.

Since then he has tried to learn all he can about solar heating [illegible] books, periodicals, conferences and trade shows. A member of the Michigan Solar Energy Industry Association and the Michigan Solar Energy Association, McMullen has spoken at classes and workshops.

He has installed four solar water heaters in Saline-area homes in addition to converting his home to a solar-woodburning system.

Slides showing his solar heating system will be shown.

Currently, he is working on several other solar water heater jobs and is involved in the construction of another totally solar home in the Saline area.

Anthony Amrhein designed, built, and installed his own auxiliary solar water system for his home on Billmyer Highway in Tecumseh.

Amrhein, an electrical engineer and the plant energy conservation coordinator at Ford in Saline, will emphasize the do-it-yourself approach.

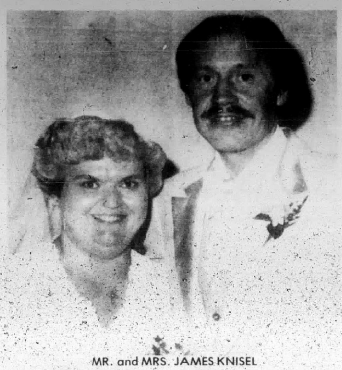
He will tell how and where he got the information and materials he needed for his system. He will also share the problems he had as a do-it-yourself builder.

In addition to describing the basics of solar heating and their own systems, the speakers will tell homeowners how to evaluate the solar potential of their homes.

Factors such as space limitations, architecture of the house, and feasibility will be discussed. They will also point out some of the pitfalls of solar heating, such as unscrupulous dealers and contractors.

The library will provide a display of its solar heating materials and various handouts. Information on state and federal tax credits for installing solar heating and sources of additional information will be available.

Homeowners who attend "Solar Heating for Homes" should be ready with their questions. This will be a good chance to learn more about solar heating and to decide whether it's right for them.



MR. and MRS. JAMES KNISEL

Wedding Bells for Frost and Knisel

A candlelight service at St. Paul's Lutheran Church, Blissfield, Oct. 6, was the setting for the marriage of James Knisel of Britton and Karen Frost of Palmyra.

The Rev. Vernon DeVantier performed the ceremony.

The bride's parents are Mr. and Mrs. Gene Frost of Palmyra. Groom's parents are Mr. and Mrs. Harvey Knisel of Jasper.

The organist was Marcella Brieschke. Accompanying her on the piano was Ruth Gigax, sister of the groom. Soloist was Kay Bowman.

The bride approached the altar wearing a white polyester gown styled with an empire waistline and trimmed with white roses. She wore a fingertip veil.

The dress was made by the bride's grandmother, Ruth Sprunk. Bride carried a bouquet of white carnations, stephanotis, and pink roses.

Maid of honor was Mary Phillips of Oklahoma. Bridesmaids were Adrene Frost of Toledo, sister-in-law of the bride, Carol Bower of Clinton, and Mary Jo Gigax of Blissfield, niece of the groom.

Their identical gowns were a deep rose Qiana trimmed with white eyelet lace, made by the bride. They carried bouquets of pink and white carnations and silk violets.

Best man was Howard Kafer of Adrian. Ushers were Dennis Brainerd of Adrian, Wendall Potes of Tecumseh; and Don Frost of Toledo, brother of the bride.

Scott Knisel, son of the groom was junior usher and Troy Knisel, son of the groom, was ringbearer.

Reception was held at First United Methodist Church in Adrian for 200 guests. Hosts were Mr. and Mrs. Bob Panter of Traverse City and Mr. and Mrs. Dave Priest of Alpena.

Bride has a BS in education from Eastern Michigan University and works as a substitute teacher throughout Lenawee County.

Groom is a graduate of Davis Business College of Toledo. He is a bookkeeper at Production Credit Association in Adrian.

Groom's parents and sister, Janice Knisel, hosted the rehearsal dinner at their church parish hall.

Bride and groom will reside at 6349 Sutton Rd. in Britton.

Churches Collect For UNICEF

Grace Lutheran Church has joined seven other Tecumseh churches for the special UNICEF Trick or Treat for donations Oct. 22 from 5 p.m. to sunset.

Children will meet at Gloria Dei Lutheran Church about 5 p.m. for a warm hotdog lunch.

Six other local Christian churches — First Baptist Church, Missionary Baptist, United Methodist, St. Elizabeth, St. Peter's and the First United Presbyterian Church — will participate with drivers and children for the UNICEF drive.

UNICEF is the United Nation's Children's Fund. Donations are used to help the sick and hungry children in more than 100 countries of Asia, Africa and Latin America.

Resignation

Tecumseh School Board accepted the resignation of Laurel Hanalainen Monday night.

Mrs. Hanalainen is a high school English teacher and will be leaving at the end of the nine-week marking period.

Eardley Is Guest Speaker

Ward Eardley, director of Tecumseh Parks and Recreation Department, was the guest speaker at the Sept. 27 meeting of the Tecumseh Lions Club, held at the Cedar Shack.

After dinner, Ward presented the Tecumseh Chapter with a framed certificate of appreciation for sponsoring a team in this year's Youth Baseball League.

He discussed the recreation program in general, outling some specific programs and answering questions.

TECUMSEH PRODUCTS WEEK — City officials joined Tecumseh Products executives this week to proclaim Tecumseh Products Week in honor of the 45th anniversary of the Tecumseh Products, world's largest manufacturer of hermetic compressors. Pictured from left are City Manager Cal Zorn, TP board chairman Kenneth G. Herrick, Mayor Aden Mead, TP president William Macbeth and Councilman Jay Tressler. TP sales in 1978 were over $770 million with 16 divisions and three subsidiaries, two of which are located in foreign countries. TP employs over 10,000 nearly 2,000 in Tecumseh alone. TP also manufactures gasoline engines, transmissions, transaxles, differentials, injected molded plastics, centrifugal pumps and exhaust mufflers.

Board Raises Credits

Tecumseh School Board raised the number of credits necessary to graduate from 18 to 20 Monday night and raised the art, music and physical education classes from one half to one credit.

The 20-credit requirement requires students to carry five classes each year. This year's freshmen, the graduating class of 1983, already carry the five classes and will be the first grade level affected by the change in high school policy.

Credit requirements in each subject area, English, social studies, and so on, will remain the same.

Board officials cited the recent school audit and the University of Michigan survey as reasons for the change. Both showed Tecumseh High School actually had a number of students that were not full time because they were not taking five classes or were taking vocational training in Adrian and two classes instead of three.

UNICEF DRIVE — Children from seven Tecumseh churches will join in the special door-to-door drive for UNICEF Monday, Oct. 22 after 5 p.m. to dusk. L-r are Nicole Hagen, 7; Erica Hagen, 6; Tania Cutajar, 6; Kimberly Cutajar, 5; Chuck Christensen, 9 and Dale Wonderly, 7. They carry special orange and black donation boxes. HERALD PHOTO

Celebrate 4-H Week

Tecumseh area 4-H members are joining those 5.2 million members across the nation to celebrate National 4-H Week, Oct. 7-13.

There is a continuing need for new volunteer leaders, especially to start new 4-H clubs and teach projects.

Lenawee County has 2,012 youth involved in 4-H with approximately 45 local clubs.

The clubs serve youth aged nine through 18 of which 812 live on farms, 1,086 live in towns under 10,000 and 214 in towns and cities of 10,000-50,000.

Club sizes range from five to 150 members. There are 183 long-term special interest groups. About 2,400 youth are reached by short-term programs.

Adult leaders number 612 in Lenawee with 220 teen leaders.

The students are dedicated to "clearer thinking, their hearts to greater loyalty, their hands for larger service and health for better living."

Among the Tecumseh area clubs are the following groups and their advisors:

Britton-Macon, Mr. and Mrs. Fred Long; Caballeros, Dean Daly; Tecumseh Equestrians, Gary Allshouse; Generation Cap, Mrs. Terry Butler; North Franklin Hustlers, Mrs. Tom Adams; Tecumseh Topnotchers, Mrs. Henry Philo; Tipton Jets, Gerald Munger; North Adrian Ramblers, Mary McKie; Tecumseh Cowpokes, Mr. and Mrs. James Tilton; Fabulous Friends, Mr. and Mrs. Russell Rieves; Corral Champs, Mrs. Richard Waters; Tipton Teamworkers, Mr. and Mrs. Waters, Mr. and Mrs. Vernon Fry and Mr. and Mrs. Virgil Erickson.

Petition Seeks Graduation Speaker Change

Tecumseh high school senior Phil Conklin presented a petition of 176 signatures, 29 of them faculty members, to the school board Monday night requesting a policy change toward graduation speakers.

Conklin explained that he felt the local ministers should still participate in the event and were a valuable part of tradition, but he also cited an opportunity this year to get Democratic US Senator Carl Levin as a speaker.

Conklin requested the review in time for this year's speaker, but explained that the petition was most important as an idea, a change that could come any time.

School Supt. Robert Duhan responded that such a change in policy warrents looking at the entire graduation program and recently a discussion with the ministry. Present policy was set in 1962 and has not been reviewed since.

Conklin received mixed initial response with high school principal Clarence Lacny voicing opposition.

Board Sets Tuition Rates

Tecumseh School Board set tuition rates Monday night for students wishing to attend Tecumseh schools while living outside the district at the maximum rate allowed by law.

The maximum has been set as policy for a number of years now, with this year's costs of $274.28 for elementary students and $337.87 for secondary students.

Tecumseh policy does not allow tuition students to attend elementary grades, but seniors who completed their junior year in the Tecumseh school system may finish out their schooling at high school for the set fee.

Final Week For Drawing

The final week approaches for sale of the Tecumseh Area Chamber of Commerce drawing tickets. Drawing coordinator John Damelio needs volunteers to sell tickets at the local shopping centers and plants. Call him at 423-4331.

Sales must continue strong this week for the chamber to recuperate its expenses. Prizes are a $1,000 shopping spree, Meyers canoe, $100 gift certificate and choice of Moped, color portable TV or microwave oven. Drawing is Oct. 31.

Antique Lecture Tickets Available

Season tickets are available for the 29th annual Antiques Lectures at Henry Ford Museum and Greenfield Village in Dearborn.

Series includes firearms, machinery, folk art, pots and pieces, bottles, stoneware, kitchen implements.

What's It Like To Have a Chimney Fire?
It's no fun. If it doesn't burn the house down, it will probably wreck your chimney and scare you half to death. Here's how it happens.
Begin with one dirty chimney - let's say a fireplace not cleaned for a couple years. The soot lining the chimney flue is saturated with flammable stuff called creosote. (More detail on creosote is available in any dictionary.) It doesn't take much to ignite creosote - a newspaper fire sending flames up to the damper is enough.
Once kindled, a creosote burns with joyous abandon. In a matter of seconds the fire spreads up through the flue creating a draft that only helps things along. At this point your average chimney fire begins to roar and howl, sending the occupants of the house running for cover.
If you run, you'll be treated to a real fireworks show. As the creosote fire builds and intensifies the heat melts the mortar between the brick. The red-hot mortar actually drips into the flue, only to be caught up in the tremendous updraft, and these little fire balls shoot out the chimney and onto the roof. If you're lucky, the chimney will fall apart destroying one end of the building - if you're not, this miniature volcano can bring the whole house down.
However, if you stand your ground, a chimney fire can be controlled. Put out the fire in the fireplace with an extinguisher or sand. Cover the opening with a wet blanket, call the fire department, and hope for the best. But it should be pointed out that having your chimney cleaned is a lot easier on the nerves than the sand and wet blanket method.

Thru My Window

BY MARDA GENE DUNCAN

Almost all of the birds who change their addresses twice a year are long gone from this area. Oh, a few stragglers and late travelers may be lingering but, for the most part, the fall migration to the south is over. As always we seem to miss the robins most. They are such an important part of the summer bird watching that the yards are quite empty without them.

I know birds fly south early but it always comes as a surprise to realize exactly how early. I am never ready for summer to end anyway and the early departure of some non-year-round residents really shakes me up.

However, from the birds' point of view this early departure makes good sense. Most of them have arduous flights to their wintertime residence and, to make the trip successfully, must be in tiptop shape.

This means leaving when the food supply is adequate — actually more than adequate, it must be good that the birds can readily eat their fill plus a little bit more.

Just before the long trip the travelers gorge themselves building up fat to sustain them. Small warblers, who normally weigh in at a whopping 0.4 ounces, may double their weight before taking off on flights which might be as much as 1,500 miles long.

And since these birds fly at about 30 miles per hour, just think how long they are in the air. Many make nonstop flights too. (What do they say about oh, my aching wings!)

Geese and other birds usually only add about 50% more weight. But they do not fly nonstop — in fact, with their frequent layovers for resting and eating, sometimes their trips must be almost leisurely.

The smallest of our birds, the tiny ruby-throated hummingbirds, are great weight-puter-oners I understand.

They would have to have super energy sources upon which to draw because these fragile looking birds fly across the Gulf of Mexico. From Florida to the Yucatan Peninsula there are no rest areas.

Statistics about birds migration are always rather mind boggling as far as I am concerned. Warblers nesting in Alaska log approximately 8,000 miles on their trip to Africa.

Golden plovers, also nesters in Alaska, winter in the Hawaiian Islands which are 2,500 miles away.

Wheatears make an over-the-water flight of 2,000 miles when they leave southern Greenland and only make landfall when they hit the northern coast of Spain. By the way, isn't wheatear a marvelous name though! They are interesting looking, too — about six inches long. The winter birds are brownish with large white rump patches but, during the mating season, the males are a lovely blend of grays, blacks and whites.

However, these birds breed in the far, far north and winter in tropical Africa so really, the chances of us seeing one on our near-my-window feeders [illegible] my hat is off and all honors should be given to the Arctic terns. These graceful birds with the slender bodies, long narrow wings, and forked tails nest in the Arctic and winter in the Antarctic. It is about a 9,000 mile flight but the birds enjoy two summers each year. One of the smartest ideas I've heard about in ages.

The mystery of how birds navigate on their long migration flights has challenged mankind since there were men to note that birds did migrate. We have a few answers but they in turn have opened more questions.

A guidance system based on the stars or the moon or the sun requires a rather accurate clock and calendar. This coupled with an awareness of the earth's magnetic fields plus phenomenal sight and incredible hearing are all part of or at least partially part of how birds find their way from one sport to another.

For all we know there may very well be other components of which we have no knowledge. (In other words, we humans do not know quite as muc as we like to think we do!)

'Tory 11' Defeats Summerfield 47-27

Britton's offense picked up 456 yards on the ground Friday as the Tories defeated Summerfield in a Tri-County game, 47-27.

The Tories scored first in the first quarter after Jim Slatick broke for open ground and ran the ball in from 27 yards out for six points.

Summerfield came right back however, and scored from one yard out on a run. An extra point kick put them ahead, 7-6.

That score did not stay up on the board long, as Britton marched right back and David Bruce scored from eight yards out on a run. Slatick's two point run after made it 14-6.

Summerfield scored again to end the first quarter on a one yard run and their extra point run failed. Summerfield then trailed 14-13.

Slatick scored again for the Tories to begin the second quarter. He ran 51 yards for the TD and Kimerer's extra point run was good for two points.

Summerfield returned a Tory kickoff 90 yards for an immediate score to still hold the game close, 22-19.

Britton's Slatick then broke the game open with a 16 yard run to end the half at 30-19. Summerfield just couldn't catch up after that point.

The Tories added two points to their score in the third frame on a safety when Summerfield's punter fell in the end zone. John Montalvo also scored for the Tories on a three yard run and he ran the extra point run in for a total 10 points that quarter for the Tories.

David Bruce then scored for Britton on a five yard run and Montalvo kicked an extra point to end the scoring for Britton.

Summerfield scored once more on a five yard pass for the final 47-27 Britton win.

Slatick led the Tories rushing with 216 yards, but Bruce and Montalvo also hit triple figures with 110 and 100 yards respectively.

Overall, Britton had 20 first downs to Summerfield's 14 while Summerfield gained 158 yards on the ground and 111 through the air. Tories gained 456 on the ground, zero in the air.

Defensively, Montalvo and Bruce paced the Tories with 12 and 11 tackles.

Britton plays at Whiteford Friday. The Tories are 3-1 in the league while Whiteford is 4-0.

CHS Runners Place 10th

Clinton's Cross Country team competed in the Hudson Invitational Saturday. The Redskins finished 10th in the 12 team field.

Matt McNeil led the team finishing 22nd in a field of over 80 runners Matt's time was 17:15. Behind Matt was Tom Nighswander in the 28th spot in a time of 17:29.

Other Clinton runners finishing well back in the pack were Mark Arquette, 71st, (19:04); Chris Kruchkow 72nd (19:04); Jack Thompson, 76th (19:28); Mark Rochowiak 78th (19:41).

Krauss was 22nd (20:26); and Steve McKay, 29th (21:51) out of over 40 JV runners.

The top 20 runners were awarded medals a well as the championship team (Tecumseh) and the runners-up (East Jackson).

REGIONAL WIN — Tecumseh's golfers captured the regional title Friday, their fifth qualification for state tournaments in six years. Pictured are, front, L-R, Dan Hall, Ron Smith, Andy Eidson, Steve Benhke. Back, Coach Paul Cunningham, Mike Zettle, Greg Scheuerman, Scott McDonald and Mark Walters.

THS Golfers Win Regional Title

The Indian golf squad captured the Class B regional golf title Friday as the Indian "four" shot a low 319 at the Monroe River Raisin Golf Course.

The regional championship is the first for the Indians since 1976 and it adds to an already impressive list of THS golf achievements these past few years.

In 1974, the golfers tied for third in the regionals. In 75, they were third in the regionals, but first in the state and in 77, the golfers were second in the regionals to qualify for state competition in four of the last five years.

And in the last five years, the golfers have been Huron League champions with titles in 78, 77, 76, 75, and 74.

This year the golfers are 4-2 in the league and will not win a Huron League title unless Wednesday's league meet is unusually odd enough to unseat Grosse Ile with a 6-0 record and Catholic Central with a 5-1 record.

Still, coach Paul Cunningham does have one of the finest groups of golfers the Indians have ever had with the proof emerging these past two weeks in a regional title. And the Indians have had four different medalists in five matches, a very well balanced team.

Last week, Ron Smith and Greg Scheuerman finished ahead of the pack to lead the Indians to wins. This week Scott McDonald led the Indians to a win over New Boston Wednesday and Mike Zettle was the regional medalist.

At the regionals Friday, Zettle fired a 76, tying with Grosse Ile's Jeff Sfeddo in the 18 hole event. Zettle won the medalist honor in a playoff.

Smith shot an 80 to add to Zettle's score with Scheuerman carding an 81 and McDonald an 82.

Jackson Lumen Christi was just one stroke behind in the event at 320 to take second place at the Class B tournament.

Wednesday, McDonald carried the hot sticks for the Indians with a course tying record of 36 at the local country club.

Following McDonald were Smith with a 40, Dan Hall with a 41, and Scheuerman with a 44 to wrap up the 161-183 win over New Boston.

The JV squad also won its match Wednesday with a 191-203 score to up their record to the 11-3 mark for the season.

Redskins Beat Onsted, 52-24

The Clinton Redskins traveled to Onsted Jast Tuesday and came home with an easy 52-24 LCAA victory.

CHS threw a full court press on the Wildcats and the game was decided by halftime. Senior forward Barb Winder keyed Clinton's attack by scoring 12 points, leading the Redskins to a 36-10 halftime advantage.

Coach Bob King felt his team played very well on defense and also controlled the backboards. Karyn Coward led her team with 12 rebounds as Clinton out-rebounded Onsted 52 to 30.

Co-captains Winder and Kris Pratt led all scorers with 18 and 11 points.

Dundee came to "Redskin Country" on Thursday and escaped with a 59-58 win over Clinton.

The final score indicates just how close the game was throughout. Clinton stormed into a 14-6 lead but Dundee scored eight straight to tie the score at the end of the first quarter 14-14.

Each team scored 15 points in the second quarter and at halftime the teams were still tied at 29-29.

The remainder of the game saw the lead go back and forth.

With eight seconds then left on the clock and Dundee leading 59-58, Clinton brought the ball down the floor where guard Pratt put up a good shot but missed. She rebounded the ball closer to the basket and her last second attempt rolled around the rim but wouldn't go in.

Winder led Clinton in scoring with 19 points and 11 rebounds. Pratt played very well, scoring nine points and she had nine steals.

Clinton's overall record now is 3-5 for the season, 2-1 in the league.

CHS Squad Loses, 26-7

Ken Semanske scored once for the Redskin's in the fourth quarter Friday, but that was not nearly enough as the Clinton squad fell victim to the Morenci Bulldogs, 26-7.

Clinton trailed just 12-0 at the half way point, but Morenci added two TD's the last quarter with one extra point pass for a 26 point total.

Clinton would not be shut out, however, and Semanske ran in from 10 yards out to put six points on the board for the CHS squad. Eric Rockwell kicked the extra point for the final 26-7.

Leading the Redskins in rushing was Chuck Kilgore with 61 yards in 18 carries. Also offensively, Bob Zimmerman attempted one pass and Semanske attempted three, but none of the passes were completed.

In all, Clinton had 105 yards rushing and zero yards passing while Morenci covered 251 yards on the ground and 92 in the air on six complete passes in 15 attempts. The Redskins had five first downs, the Bulldogs 19.

Defensively, Zimmerman led the Redskins with 10 tackles and one fumble recovery. Chris Douglas was right behind with nine tackles and Keith Kinard, Warren Green and Keith Hartung each had eight tackles.

Clinton is now 0-5 in the league.

Tory Girls Now 7-2

Britton split a pair of Tri-County basketball games this last week, beating Madison Tuesday 47-34 and losing to Whiteford Thursday 42-49.

Tuesday, the Tories showed balanced scoring with four girls getting eight points or more. Shannon Skelton was the high scorer with 10.

Jami Smith added nine points, Jodi Smith was held to eight and Amy Rohrs scored eight also.

The game was a close 7-6 match at the end of the first quarter, but Skelton sank six points to help the Tories pull away to a 21-13 halftime lead. The Tories then finished with 12 and 14 points to Madison's six and 15 for the 13 point winning edge.

Jodi Smith was the high rebounder with 11 boards while the Tories held the overall edge with 42 to Madison's 23.

Thursday was a different story for Britton as the Tories just couldn't hit the shots and managed to sink only 30 percent of its shots to Whiteford's winning 45 percent clip.

Jodi Smith topped the scoring for the Tories with 16 points.

In that match, Britton was tied with Whiteford at the end of the first quarter, 13 all, but then fell cold as they managed only seven points the next two quarters to be down 37-27. Britton out-scored their opponents 15-12 the last quarter, but that wasn't enough for the Tory win.

Britton is now 7-2 overall, 3-2 in the league.

THS Posts 20-17 Win for Homecoming

Things went well for the Tecumseh Indians this week as the football squad notched their first league victory in their homecoming game against Gibraltar Carlson Friday night.

The Indians won in overtime, 20-17, after a 14-14 fourth quarter finish sent both Carlson and Tecumseh to the 10 yard line to decide the game's outcome.

Carlson took the ball on offense first and gained four yards on their first play from scrimmage. The Indian defense then set Carlson back two and two yards again on second and third downs to force Carlson into a field goal attempt.

Carlson hit the field goal from 24 yards out to lead 17-14.

Tecumseh then took the ball on their 10 yard line and Tim Todd's first pass attempt fell incomplete to make it second and 15 after an initial illegal procedure penalty sent the Indians back five yards.

Todd then connected with Kevin Salters on a 13 yard pass and the Indian's Andy Geshwiler then took the ball in for six points on a two yard run for the final 20-17 Indian victory.

On the way to that initial 14-14 tie, the Indians scored first after Tecumseh kicked and held Carlson. The Indians then scored on their first possession on a six play, 59 yard drive.

Mark VanBuren ran 32 yards for the touchdown and Tim Steuwe's extra point kick made it 7-0.

In that series, the Indian quarterback Todd, connected with Scott Gilpin and Scott Schafer on 10 and 11 yard passes for big yardage gains.

Gibraltar then recovered an Indian fumble late in the first quarter and Carlson connected on a 31 yard pass play to tie the score at 7-7 after the extra point kick was completed.

In the second quarter Carlson again took advantage of an Indian mistake, an interception, to eventually pass a final eight yards to lead 14-7.

Quarterback Todd then sneaked in on a keeper from four yards out in the fourth quarter to cap a seven play, 72 yard scoring drive.

Again Todd gained big yardage on the drive passing, connecting on 43 and nine yard aerials to Scott Hans. Steuwe's kick tied the score up 14-14.

Tecumseh's defense that second quarter tightened up considerably to keep Carlson from scoring, but Gibraltar did threaten once, only to lose the ball on a fumble to the Indians.

The Indians also had a chance late in the fourth quarter to put the game away with first and goal with their ball on the two yard line. Penalties and offensive yardage losses set the Indians back, however. An attempted 31 yard field goal didn't even get off the ground after a bad snap made the kick impossible.

Statistically Todd was 10 for 20 passing with 174 yards total in the air. On the ground the Indians gained 102 yards with VanBuren gaining 65 on seven carries.

Tecumseh had 14 first downs to Gibraltar's 13, while Carlson had 177 yards on the ground and 74 in the air.

The Indians play at home Friday against Monroe Jefferson.

League Battle Here Tuesday

Tecumseh's cross country teams posted two easy wins Tuesday as the boys downed Monroe Jefferson 17-41 and the girls won 17-38.

Each THS team took the first through four places and then finished out their scoring with a seventh place finish for the victories.

Ben Binder finished first for the boys' team with a 16:45 time. Nick Osborn was second at 17:01 and D.J. Biscupski was third with a 17:07 clocking.

Scott Betzoldt was fourth, also at 17:07, and Dale Bohannon came in seventh with a 17:41 time.

With the Jefferson win, the boys pushed their record to 9-3, 5-1 in the league while the girls raised their mark to 3-2 in the league.

Anne Smoke finished first for the girls in 20:24 in their Jefferson meet with Karen Egli just behind at 21:20.

Nancy Comfort was third at 22:46 and Jill Schmidt finished fourth at 22:49. Mary Smoke was seventh at 25:35.

Saturday, the boys traveled to the Hudson Invitational and took first place in a field of 12 teams.

The Indians scored 79 points with East Jackson following with 85 and Hillsdale took third with 88 points.

Betzoldt took top honors for the THS squad with a second place finish at 16:08. D. Biscupski also finished in the top 10 with an eighth place, 16:34 time.

Binder finished 11th at 16:42, Osborn was 26th at 17:26, and Steve Dangler and Kirk Jubenville finished 32nd and 33rd respectively.

Earlier in the week, the THS boys and girls each beat Carlson. The boys won 17-45 and the girls 23-32.

Tecumseh finished eight runners in the top nine places in the boys' race with Betzoldt finishing ahead of all other runners at 16:41.

Biscupski was second at 17:01, Binder was third with a 17:02 time, and Osborn was fifth at 17:28. Juvenville and Dangler tied for sixth with a 17:35 time. Dale Bohannon and Fred German finished eighth and ninth.

Anne Smoke ran very well to finish first for the girls in their match. She ran a 20:21 race.

Egli finished third with a 21:38 time. Comfort was fourth at 22:17 Jill Schmidt was fifth at 22:18 and Jody Schmidt was 19th at 24:32.

Thursday both teams finish their dual season in a meet at New Boston Huron. Saturday the girls travel to Potterville and Tuesday Tecumseh hosts the Huron League Meet.

In that Tuesday meet the THS boys are in a must win situation with one loss. Airport may be tied with the Indians going into that meet, if they lost this week.

But if Airport won, they are without a loss in the battle for the league championship.

Varsity Wins 1, Loses 1

The JV basketball team notched two victories this week while the THS varsity split with Grosse Ile and Carlson.

Thursday, the Indian varsity lost to Grosse Ile after poor shooting in the second quarter put the game almost immediately out of reach for the girls.

The Indians were up 11-9 in the first quarter, but then the girls scored only one point the second and found the team down 20-12 at half. Tecumseh just never caught fire and Grosse Ile went home with a 33-28 win.

Kris McDonald was the high scorer in that game with 10 points while Donna Bohannon added eight.

The JV's won their match by one point, 37-36.

Tracy Walters gets credit for that win with the Indians taking the ball to the hoop with 11 seconds left in the game for the win. Tracy sunk the basket for the one point edge and was high for the team with 12 points. Kim Creswell also scored well in the game.

The young Indians were down five points with less than one minute to go and still pulled the victory out in that Thursday game.

Tuesday was a different and rewarding story for the varsity as the girls left the Carlson team with an easy win 60-33.

McDonald was again the high scorer for THS with 21 points and she also had 12 rebounds. Bohannon added 19 points and 11 rebounds of the team's total 41 boards.

The girls started with a very effective full court press on Carlson. They led at the first quarter 24-8 behind the hot shooting of Bohannon with 11 points.

They stretched their lead by three points at half and then coasted to the win.

The JV's won their game 53-44 with Creswell leading the way with 16 points. Walters also hit double figures with 12.

The girls were down 11-5 in the first quarter, but broke the Carlson half court trap and out scored the visiting team 21-15 the second frame. The local girls then out scored Carlson by a 14-10 and 13-8 margin in the second half to take the nine point win.

The girls meet Monroe Jefferson on their home court Thursday and then travel to New Boston Huron Tuesday.

Honoring Pat

The Tecumseh Fan Club will honor Tecumseh Indian Football Coach Pat Connors Friday, Oct. 19 after his 202nd football game in Lenawee County.

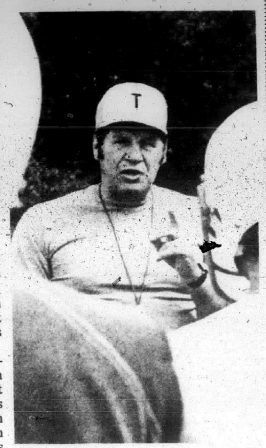
Pat's friends and athletes, past and present, are invited to attend the open house at the Tecumseh High School Cafeteria after the game between Tecumseh and Monroe Jefferson. Coffee, cider and donuts will be served.

Pat has a lifetime coaching record of 133 Wins, 64 Losses and 3 Ties. In 1974, Pat was honored as Class B Regional Coach of the Year, selected by Michigan coaches.

From known records, Pat has had 12 All State, 46 All Conference and 16 All County players.

In 1962, he was rated number 2 in Class D at Deerfield, where Pat started his coaching career 24 years ago.

He coached four sports in Deerfield, including seven seasons in football. Next at Boysville, Pat coached football for four seasons from '63-'66. He came to Tecumseh in 1967 as assistant for six years to Tom Fagan, now coach at Ypsilanti. Pat is in his 13th season of coaching at Tecumseh.



Pat Connors - As we know him best: Coaching.

Tom Eddy Named To Second Team

Tom Eddy was named to the LCAA second team Wednesday as the Redskins participated in the LCAA golf tournament at Clark Lake.

Clinton finished in sixth place at the meet with a 370 score and finished in sixth place in the league.

Taking top honors at LCAA tournament was Addison with a 319 and the Panthers topped the league with 17 total points after the dual season and LCAA tournament.

Eddy, who shot an 86, was joined in the 80's by Steve Porterfield Wednesday. Porterfield fired an 87. Rick Peterson added a 96 and Greg Parker carded a 101 to round out the scoring.

Bilke Scores Six Goals

Tecumseh's Dave Bilke led Ferris State to a 7-2 win over Grand Valley's soccer team this last week and broke the school record by scoring six goals in one game at the same time.

Bilkie has recorded 15 goals so far this season, just one off the school record in that category. Ferris has four games yet to play this season.

Members of the Tecumseh Historical Commission and friends will gather to recognize Mrs. Kline's efforts in community activities.

Accidents Minor

All seven traffic accidents here the past week were minor, but two drivers were cited for violations.

Sunday, Troy A. Tkachak, 18, Petersburg, was southbound on Rogers Hwy. and failed to make a curve south of M-50. His car struck two trees and some bushes before coming to stop against a tree, 221 feet after he left the road. He was cited for careless driving and leaving the scene of a property damage accident.

On Tuesday, Coy R. Collins, 303 Cairns, was cited for driving too fast after hitting a parked truck on Shady Lane.

Other accidents were:

Oct. 10 — Ronnie L. Henkel, 16, of 411 W. Kilbuck, was turning at W. Pottawatamie and S. VanBuren when his foot hit the gas pedal instead of the brake. His car jumped a curb and hit a tree.

Oct. 10 — Robert T. Cote, 16, of 9103 N. Union, backed out of a drive on Bidwell St. and struck a parked truck.

Oct. 11 — Robert J. Runstom, 36, Plymouth, was eastbound on E. Chicago when another motorist caused him to swerve down an embankment near the Community Center.

Oct. 15 — Ruth E. Miller, 77, Grass Lake, was westbound on W. Chicago when her car was struck by Edward P. Solarski, 24, of 1200 E. Munger, at Union St.

Oct. 15 — Erva M. Manley, 18, of 216 E. Kilbuck, was backing at the high school lot when she struck a parked car belonging to DeArle Brugger.

Offer Workshop

BRITTON — Thinking about raising a steer or two for the freezer and a friend?

This is the time of year when most feeder calves are sold, giving you the greatest choice.

Many times it is better to feed several calves instead of one, since calves competing for feed will eat better and gain faster.

"Everything You've Always Wanted To Know about Raising A Few Steers," a workshop for the small or inexperienced beef producer, will be offered by the Cooperative Extension Service, Oct. 25 at 7:30 p.m. at Britton-Macon High School.

Bill Ames, Washtenaw County Agriculture Agent, will offer advice on calf selection, feeding, housing, and general management as well as answer questions from workshop participants.

Whether you plan to raise a few steers for home consumption, for market, or for a youth project, this workshop will offer an opportunity to gain basic information and to have specific questions answered.

For further information, please contact Becky Clark at the Extension Service, 263-8831, ext. 269.

Take 18-Day Bus Tour.

BRITTON — [illegible] Frayer, Stella Wagner, Dorothy Hindes and Edna Bortel recently returned from 4,300 miles, 18-day bus tour of the Gaspe Penninsula, Maritime Provinces and New England States.

Some places they visited were: Ottawa, the nation's capital, Quebec City, Montreal, St. Lawrence Seaway, Perce and Pierced Rock. They continued on to New Brunswick, Bathurst and on a ferry to Prince Edward Island.

They visited Charlotte Town on to Nova Scotia, Cape Bretton Island, Baddeck and took the Cabot Trail and on to Sidney.

They crossed the Canso Causeway to Hallifax and New Brunswick.

Leaving Canada, they went on to Portland Maine, through New Hampshire, Mass., New York and returned to Canada via Niagara Falls.

There were 47 on the trip, 10 from Michigan.

LWML Is October 25

BRITTON — The Lutheran Womens' Missionary League (LWML) will be held Oct. 25 at Emmanuel Lutheran Church, Britton.

The rally will begin promptly at 10 a.m. with opening worship by host Pastor Thomas Trapp.

The theme for the rally is sowing the seed. There will be a business meeting, reports and Christian Growth Inspiration on the morning agenda.

The luncheon wil be served by the ladies of Emmanuel, after lunch and fellowship, our speaker for the afternoon will be Lovelle Rehberg from Milan.

She will speak on her visit to the mission fields in New Guinea where she visited this last summer.

The rally will conclude at 2:30 p.m.

The Monroe Zone consists of 10 Lutheran Church's in the area that meet for mission rallys every spring and fall. The Rev. David Hollender from Holy Ghost, Monroe is our counselor.

Baby sitting will be provided in the nursery.

Announce Granddaughter

BRITTON — Ruth and Charles Miller of Britton are the grandparents of a little girl, Robyn Denise, born at Herrick Hospital Oct. 5.

Parents of Robyn are Robert and Sharleen Rodgers of Britton.

Robyn has a brother, Robbie, 21 months old.

BRITTON — The Grace United Methodist Church is sponsoring a roller skating party, Oct. 29 with profits going to the "Chris Baker Fund."

If anyone is interested in attending the party at the Skate-Adium you can call Sharleen Burgess at 451-8117 for further details.

Circle Holds Fall Meeting

BRITTON — Eight members of the Sunshine Circle met at the home of Frances Eberhardt Oct. 2 for thier first fall meeting and noon potluck luncheon.

Following the lunch, a business meeting was conducted by Nancy Wilson, president of the circle. Routine busines[illegible] ducted.

For devotions, Marion Olds chose the theme "Love for Enemies" from "Today's Devotions."

The program for the meeting was an action of articles brought by circle members. Nancy Wilson acted as auctioneer.

Board Reviews 1979-80 Budget

BRITTON — The 1979-1980 budget was reviewed and adopted Oct. 11 by the Britton-Macon school board.

Total receipts, including the cash balance, are $1,060,057. The total expenditures amount to $1,026,834.

The tuition rates for the 1979-1980 school year were approved. They are $115, for elementary students and $170 for high school.

The mileage reimbursement rate was increased to 17 cents per mile. It had previously been 15 cents.

The board approved the purchase and installation of fire tube turbulators for the boiler. The turbulators are supposed to increase the efficiency of the boiler from eight to 15%.

Make Final Plans for Supper, Bazaar

BRITTON — Final plans have been made for the annual Turkey Supper and Bazaar to be held Nov. 1 at the Grace United Methodist Church on M-50 in Britton.

Coordinators of the event are Mrs. Raymond Bird and Mrs. Lewis Wagner.

Mrs. Kenneth Reeves and Mrs. Ellsworth Robison are in charge of the craft and what-not-shop.

Mrs. William (Nancy) Gibbs is in charge of the Holly and Heartside shop (Christmas).

Mrs. Delta Croll is handling the bake shop.

Coffee and cookies will be served to guests at a puckihuddle earlier in the day under the direction of Mrs. Allen Bower.

The bazaar hours are 10 a.m. to 8 p.m. The turkey supper will be from 4:30 p.m. to 7 p.m

Proceeds from the bazaar are used for the Chelsea Methodist Retirement Home.

Area Teachers Picket Board of Education

CLINTON — More than 20 teachers picketed outside the Board of Education office, Oct. 10, prior to the board meeting, to publicize their lack of a contract settlement.

Board recognized the teachers who represented the Lenawee Clinton Education Association.

LCEA President Candy Martin-Shade and Earl Beach made statements appealing to the board of education for a fair and just settlement, and stating how the teachers feel they are being treated by the board and administrative staff.

Board made no comment at this time.

Board went into executive session to discuss teacher negotiations and budget.

After the board returned to regular session, Superintendent Richard Wegner remarked that the Attorney Joe Mosier has reassured him that the Unfair Labor Practice Changes are trumped up charges and haven't any merit.

LCEA's attorney, Lynwood Beekman requested that the hearing on these charges be [illegible] to a future date rescheduled.

Supt. Wegner noted that the first set of charges were not filed correctly. The LCEA filed under the CEA, an association that no longer exists as an independent bargaining unit.

Board authorized Wegner to purchase material and equipment for fencing and backstop, and dugouts, as needed at the baseball field, with cost approximately $8,000.

Board approved the hiring of Barbara Basinger for the half-time kindergarten postion.

Receives Honor

CLINTON — Laura Scott, a senior at Clinton High School, has received a letter of commendation from the National Merit Corporation for her outstanding scores on the PSAT test taken last year.

Laura ranked in the top five percent out of over one million high juniors who took the test.

Laura is an outstanding student and plans to attend Michigan State University.

Her parents are Mr. and Mrs. Martin Scott, E. Michigan Ave.

Kelley Macrae was named a semi-finalist earlier this month in the National program, for scoring the top half of one percent on the PSAT test.

Reports for Duty

CLINTON — Technical Sgt. Gregory M. Duffield, son of Mr. and Mrs. Cledith Waters of 210 Locust St., Clinton, has arrived for duty at Bolling Air Force Base.

The sergeant is a 1970 Clinton graduate. His wife is Janice.

Discusses Old School

CLINTON — Historical society of Clinton will hear Milton Porter talk about the old union schools in the area at the group's meeting Oct. 18 at 8 p.m. in St. John's Episcopal Church parish hall.

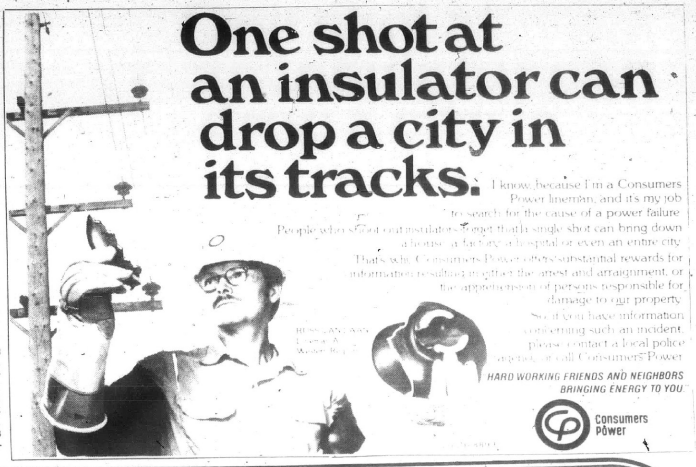
One shot at an insulator can drop a city in its tracks.


I know, because I'm a Consumers Power lineman, and it's my job to search for the cause of a power failure. People who shoot out insulators forget that a single shot can bring down a house, a factory, a hospital or even an entire city. That's why Consumers Power offers substantial rewards for information resulting in either the arrest and arraignment, or the apprehension of persons responsible for damage to our property. So if you have information concerning such an incident, please contact a local police agency or call Consumers Power.

TECUMSEH & BRITTON

LIKE OLDER HOMES, BUT NOT THEIR PROBLEMS? The lovely features of this older home includes bay windows, large sunny kitchen with lots of cupboards and natural woodwork. There are few worries with the new copper plumbing, ten year old roof, aluminum siding and some rewiring. Economical to heat as well! Three bedrooms, two baths, utility room on first floor and one car garage. Priced to sell at $41,900.

TWO BEAUTIFULLY LANDSCAPED acres surround this lovely home. The very desirable features include two large bedrooms, two baths and family style kitchen. The unique suspended circular fireplace adds a cozy glow to the 18'x24' family room. The formal dining room features cove ceiling, and extras that are included are 34'x50' barn, two car garage and 16'x34' inground pool. See for yourself and be pleasantly surprised.

Cards of Thanks

Mr. and Mrs. Raymond Potts Sr. wish to thank all of their friends, who in anyway helped them to celebrate their golden wedding annniversary. Special thanks to Fr. Frank Williams and Sisters Faith and Annette for our beautiful church service. Our thanks also to Fr. Chester Tomaszewski and Fr. John Gussenbauer for their kindness. Last but not least we wish in a special way to thank our four children and all the grandchildren for their hard work in making this a most memorable occasion. May God bless all of you.

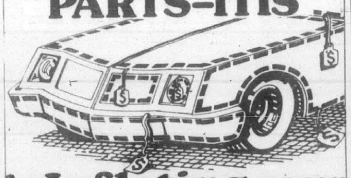
PARTS-ITIS



is Inflating your insurance rates

The Problem: Back in 1972, it cost about $150 to replace the hood on a new standard size Chevrolet. Today, it costs over twice that much. And it's not just hoods. Overall, the price of auto replacement parts has jumped 141% since 1970. And guess who pays the higher bill? You do. Through your auto insurance premiums.

What We're Doing: We can't stop inflation, but we're trying to offset its effect. Insurance companies support a number of programs which help prevent accidents. Also, to keep costs down, we continually monitor efficiency of auto repair work.

What You Can Do: Above all, drive safely. Keep your vehicle in proper operating condition. Park defensively. You may be able to reduce your premium by choosing higher deductibles. If you own an older car, consider dropping the collision and comprehensive coverages.

New Ceramic Shop Opens in Tecumseh

Karen Holdridge and Twila Dotson are business partners in K&T Ceramics that opened for business this week at 910 W. Chicago Blvd. in Tecumseh.

The business grew from a hobby that the two shared together for about four years. Instead of seeking employment, they decided to go into business in their hometown. Currently there is no other ceramic shops in Tecumseh.

The women met through their husbands, who both work at Ford Saline plant.

In less than two months, the two women have formed their business and set up shop in the building formerly the home of Gibby's Pizza and Pastie Pride.

The ceramic shop offers greenware, bisque, paints, supplies and classes. Eventually finished pieces will be available for sale.

Karen's husband is Patrick Holdridge. They reside at 507 Orchard Lane with their children Stacy, 12, Troy, 8, Jennifer, 2. Karen also has two stepdaughters, Wendy and Julie.

Twila Dotson and her husband, Randall, have five children. They are Brenda, 14; Tammy, 12; Roger, 11; Ricky, 8 and James, 3. They live at 1001 Murray Dr.

The Holdridge family has resided here about nine years and the Dotson family, about eight years.

College Night

Lenawee County Counselors are sponsoring a College Night Oct. 23 at Adrian Senior High. More than 50 colleges, universities and other institutions, as well as branches of the service, will be represented.

Program will have three sessions of 35 minutes each.

Halloween Set for Oct. 31st

Halloween will be observed Wednesday Oct. 31, when all the ghosts and goblins can take part in the City Recreation sponsored programs.

Thanks to all the volunteers, Board of Education, Tecumseh Kiwanis Club, Senior Citizens, Recreation Playground Leaders, Herb Hoag and all others including the Tecumseh Community Fund.

The city sirens will be blown at 6 p.m. denoting the start of activities and will again be blown at 8 p.m. denoting the conclusion of trick or treating in the city of Tecumseh.

The Recreation Department requests that all parents insure the youngsters are wearing clothing that may be seen in the dark and carry a flashlight.

Parents should accompany all youngsters on their Halloween rounds.

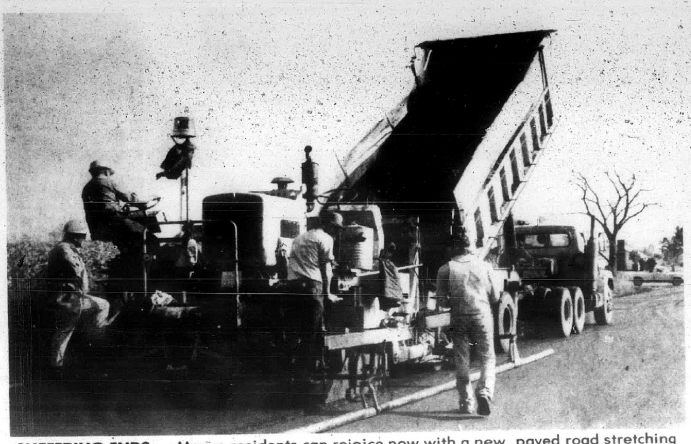
The following schedule will be in effect for Halloween '79, Oct. 31:

Pre-Schoolers costume party will be held at the Community Center Wednesday, Oct. 31 from 1:30 to 3 p.m. Mothers are requested to stay with children while at the Community Center.

Elementary Age will have a costume party at Patterson School on the same evening, Wednesday, Oct. 31 from 6:30 to 8 p.m.

There will be bobbing for apples, a costume contest, and see "Ol Farmer" Herb Hoag, demonstrate the lost art of working with a homemade apple cider press.

Junior High Halloween record hop — Bring your favorite records and dance at the Halloween Special Dance at the Tecumseh Community center, Wednesday, Oct. 31 from 7 to 9 p.m. Donuts and cider will be served. Casual dress. 25 cents admission. 7th and 8th graders only.



SUFFERING ENDS — Macon residents can rejoice now with a new, paved road stretching through their village. They've waited six years, and mainly because they fought to save their trees - and who can blame them for that? Dirt, gravel and impassable road conditions are now something of the past. (PHOTO BY KATHY BROWN)

A Long Six Years

by Kathy Brown

MACON — Macon residents were rejoined with the rest of the world this past week with the paving of nine miles of Clinton-Macon Rd. from Clinton Township limits east to Ridge Hwy.

George Hillard, Lenawee County Road Commission superintendent never sounded so pleased to talk to the local press as when he joyfully answered questions this week about the progress on the road.

Paving of the road was held up for over six years, first by litigation to save the trees along the road, then because of delays in the delivery of construction materials.

Macon residents were forced last week to park their cars by the Macon Methodist Church and walk to their homes and neighbors during the paving, reported Tecumseh Herald correspondent Phyllis Thomas.

Hillard said that so far, the base course has been put down. "Wearing course" is now being spread.

Construction with gravel shoulders and lining of the road should be completed by the first week of November if weather permits, said Hillard.

However, Macon residents may have to wait until next spring for the gala street dance they have been planning to have to christen their new road and to celebrate their sesquicentennial year.

But at least "they'll have a good road to drive on this winter," said Hillard. And it will sure be easier to get home for the holidays.

VOLPI'S JEWELRY — Mike and Joan Volpi, at left, with Ruth Hanna are new owners of Volpi's Jewelry, formerly Gaston's. (PHOTO BY KATHY BROWN)

Three Buy Gaston's

Gaston's Jewelry Store, 110 E. Chicago Blvd., has new owners and will have a name change soon.

New owners are Mike Volpi and his wife, Joan, with Ruth Hanna. New name will be Volpi's Jewelry, Inc.

The business was purchased from Douglas and Bruce Milkins of A.B. Milkins Jewelry of Wyandotte.

Volpi worked for Milkins for four years, the last 18 months as manager of the Tecumseh store after Milkins purchased it in August 1978 from the Paul Danglers and Jim Palmers of Tecumseh.

Volpi has been in the jewelry business for nine years.

New owners will retain the store's services, including the services of Paul Dangler as designer and jewler.

Ruth Hanna, a long-time Tecumseh resident, joined the Volpis at Gaston's 18 months ago.

Another store employee is Myra Raupp.

Mike Volpi is treasurer for the Tecumseh Rotary Club, served as a director and is a nominee for the board of directors of the Tecumseh Area Chamber of Commerce. He is also a member of the Orchard Terrace Housing Corporation for proposed senior citizen housing in Tecumseh.

The Volpis, who moved a year and a half ago from Monroe, have two children, a daughter, Shauna, 5, and a son, Paul, 2.

Gaston's Jewelry is one of Tecumseh's oldest businesses, founded Oct. 16, 1900.

'Kiss Me Kate' Opens Oct. 25

The Tecumseh Players production "Kiss Me Kate," directed by Willie B. Morgan of Ann Arbor, will open Oct. 25 at the Tecumseh Community Glass Room, 703, E. Chicago Blvd.

Musical director is Helen Bendes of Tecumseh and choreographer is Kathy Williams of Adrian.

Opening night traditionally is senior citizen night with people 65 and over being admitted for only $1.

The musical comedy continues Oct. 26, 27, Nov. 1, 2 and 3. Curtain is 8 p.m.

Reservations for the show are made by calling 423-5160, (alternate numbers only- 423-2770, 423-4768).

Tickets may be purchased at the door. Program advertisers, patrons, and season ticket holders are urged to make early reservations.

Betsy Graham of Deerfield will star in the lead female role, Lilli. Betsy, a Blissfield elementary music teacher, has several years experience in musical direction, and acting at the Croswell Summer Musical Theatre, Albion College, Bedford Schools, and Tecumseh Players.

She will be remembered as Julie Jordan in "Carousel" and as Mrs. McAfie in "Bye Bye Birdie" of the Croswell summer productions. She is presently working on M.A. in voice performance at EMU.

Jim Bone of Tecumseh will play her ex-husband, Fred. Before moving to Tecumseh, Jim was actively involved with the Windsor Light Opera Association, in Windsor, Ontario; Civic Center Theater in Detroit, and Stage Crafters in Clawson. He's performed roles in "Oklahoma," and "Paint Your Wagon." Until now, he was involved in helping backstage for the Croswell Players and Croswell Summer Theatre. He is employed at U of M Hospital design office.

Heather Beatty of Tecumseh is Lois, Fred's romantic interest. Orignally from St. Louis, Mich. Heather is a talented Tecumseh High School junior.

She has appeared as Maggie Anderson, in "Brigadoon," and was in the chorus for, "Funny Girl," Croswell summerstock. She was also in Tecumseh Players, "Bells Are Ringing."

Lois's boyfriend, Bill, is portrayed by Reavis Grahm. Married to Betsy, in real life, he teaches 6th grade science at Bedford Schools, and has been active in Croswell Summer Musical Theatre, Albion College, Perrysburg and Bedford Schools.

He has appeared in "Funny Girl," "My Fair Lady," and "Bye Bye Birdie," of the Croswell summer productions.

Two comedy jewels are Bob Schulz and Jo Ann Dalgard. They play the zany gangster team.

Bob Schulz from Adrian is a newcomer to the Tecumseh stage. He has appeared in the "King and I," at Siena Heights College.

Ann Dalgard recently had the role of Mrs. O'Mally, in "Funny Girl," but she is best remembered by Adrian audiences in "Hot' L Baltimore" as April Greene.

Another favorite is Dr. Carlton Cook, who has the part of Gremio. Dr. Cook was one of the "founding fathers" of the Tecumseh Players in 1960.

He has been particularly appreciated in his comedy roles, such as Madam Lucy in "Irene."

Another familiar face is Howard Furry, as Harrison Howell. Howell is a wealthy, politician and fiance of Lilli. Furry was Inspector Barnes in, "Bells Are Ringing."

Line Snaps, No Power for 1,700 Customers

A Consumers Power line between Trickey's and Lou Masters' office on N. Evans St. snapped about 9:45 Wednesday morning, leaving downtown Tecumseh without electricity for over an hour and some without power until 11:20 a.m.

Exact cause of the primary power line to break is unknown, but some 1,700 customers of Consumers Power went without electricity.

Lights flickered three or four times before power completely quit. Mr. Masters reported a ball of fire from his office window just as power ended. The broken line started a small fire at the base of a pole next to Trickey's. Tecumseh firemen were called and extinguished it.

Traffic was re-routed around the area, and local police manned intersections where traffic lights normally would have controlled traffic. Tecumseh schools, residents and businesses as far west as M-52 were without service.

Some stores closed their doors during the outage as they were unable to conduct business.

Plan Junior High Open House Nov. 7

The annual Tecumseh Junior High School open house for parents will be held Nov. 7 at 7:30 p.m.

The program has been planned to allow parents to follow the schedule of their child through a typical school day.

Six minute class periods have been arranged for each subject. The first period will begin at 7:30 p.m.

Pickups Start Monday

Distribution of leaf bags started Monday, Oct. 22 at city hall.

Pick up will not start until Monday, Oct. 29. City will try to follow regular pick up days as closely as possible, but asks for resident cooperation and patience.

State Representative Jim Hadden will be in Tecumseh this Thursday evening to speak with Tecumseh and area residents about problems and issues concerning citizens and legislators. Most of the program at the town hall type meeting will consists of a question-answer period with those in attendance. Meeting is this evening, Oct. 25th, at 7:30 in the chorus room at Tecumseh High School.

$42,000 Raised

Tecumseh Community Fund Drive is just shy of reaching 50 percent of its goal this week, reported drive co-chairman Harvey Schmidt.

Forty-four percent or $42,109 in pledges and donations have been received toward this year's $94,745 goal.

Residential division leads with 73 percent of its division goal, followed by the industrial division with 61 percent.

Lagging are the special gifts division with only 10 percent of its goal and the commercial division at 16 percent.

Drive ends Nov. 6, only eight working days away.

What Effect Does Pre-Planning Have On Survivors?

Generally, there are strong benefits to your survivors! Consider the impact of pre-planning on your survivors: will they understand you want your own wishes carried out and not theirs? That you may wish to economize in your choice of service, casket, etc., instead of putting the choice in their hands when they are under great stress and shock?

Will they understand that you want a certain specific order of service? A particular portion of scripture read? Your favorite music? Your designation of minister? And, of course, that you insist on paying for it yourself, sparing them the emotional and financial burdens?

Many of those for whom we have pre-planned funerals have solved these difficult considerations. They have involved their families in the decision-making process. You, too may wish to invite members of your immediate family to discuss pre-planning with you and with one of our professional funeral counselors.

Once having made your funeral arrangements, your sense of security and accomplishment may be comforting and valuable to you and your loved ones.

She graduated from Britton High School in 1929 and obtained a bachelor of science degree from Eastern Michigan University in 1958.

Mrs. Kniffen taught in the local area schools from 1931 to 1956 and then at Bradock Elementary School until 1975.

She was preceded in death by two brothers and one sister.

Surviving in addition to her husband are one son, James L. of Britton; one daughter, Mrs. Judith A. Drake of California; two sisters, Mrs. Margaret Spohr of Britton and Lelia McCarbery of Adrian; and three grandchildren.

The Rev. Richard Case officiated. Burial was in Ridgeway cemetery.

ARCHITECT'S RENDERING — Tecumseh's new auditorium is under construction and officials anticipate its completion late next year. Seating capacity will be 566. Groundbreaking ceremonies were held Oct. 14th.

Musical Opens This Thursday Evening

(Continued from Page 1)

Marty Bagdon has returned to the Tecumseh stage to play the part of Hattie in "Kiss Me Kate." She will kick off the musical with the audience pleaser, "Another Op'nin, Another Show," Cole Porter's famous song.

Marty had a lead in the Tecumseh Players' first musical, "Girl Crazy" in 1963. Over the years she has provided invaluable help backstage with wardrobe, tickets and props.

Other actors in the show are Claudio Gonzales, another Tecumseh High School student, as Paul; Dick Lewis, from Tecumseh as Baptisa; Don Maschino of Adrian as Ralph; Bobby Bradley as stage doorman, and the cabman is played by Guil Rothfuss of Brooklyn.

The cast is completed with the dance members Donna Andre, Lisa Bush, Beth Comfort, Becky Hite, Richelle Marks and Dianne Marsh.

Other well-known songs in the musical are, "Wunderbar," "So In Love", "Too Darn Hot," and "Brush Up Your Shakespeare."

Susan Santer of Dundee will be technical director, supervising the crew of many. She's an active member of the Tecumseh Players, on the board and as librarian. Susan was director of the comedy "Love Is Contagious," and stage manager for "Bells Are Ringing."

While the cast spends several days rehearsing the show, the tech crew is engaged in a bigger production which won't even take a bow.

Creating the sets for the show are crew members Bill and Susan Santer, Bert Cook, Majel Comfort, Rosanne and Martie Frolich, Jeff Noe, Elizabeth Pray, Heather, Loren and Connie Beatty, Casey Girard, Maggie Yerman and Ricki Speller.

The crew has spent many long hours painting and building the set.

Co-ordinating all the Shakespeareon costumes is the task of Dianne Marsh and Donna Andre, with assistance from dedicated Tecumseh Players and cast members.

A large assortment of prop items must also be obtained, and newcomer Jackie Knoblauch, with the help of Vesta Rothfuss, has spent endless hours seeking certain items or creating ones themselves.

The lights during the show will be handled by Bill Frownfelder, and Twila Girard and Bill Santer will operate the sound equipment.

Elizabeth Pray will be the stage manager and is responsible for the operation of the show from the time the curtain goes up. Refreshments will be served.

Girl Scout troop led by Maggie Yerman from the Tecumseh area will earn their service pin points by selling refreshments and intermission. Proceeds will be used for community projects.

Britton Youth Is Injured

BRITTON — A Britton man was treated for injuries and admitted at Herrick Hospital early Wednesday morning following a single car accident that occurred on Britton Hwy. near Kniffen Rd.

Dan Sparrow, 18, of Britton was hospitalized. He was a passenger in a vehicle driven by Richard Wright, 20, of Milan.

Wright was northbound on Britton Hwy. when he lost control of the vehicle, went off on the east side of the road and apparently rolled over, according to Lenawee County Sheriff's report.

Wright received minor injuries. He was charged with driving under the influence, said a sheriff's department spokesman.

Turn Clock Back 1 Hour This Sunday

It's time to change our clocks again, at 2 a.m. Sunday, Oct. 28.

The rule to follow is Fall—back, Spring—ahead, so move those hands back one hour before you go to bed Saturday night, and you may make it to church on time, Sunday.

Be a Cal's Gal...

Go Stag.

Don't stay home this winter. Insulate yourself with a jacket like White Stag's "Tundra" and you can go everywhere in warm comfort, because it's filled with a blend of 80% down, 20% feathers, plus an extra layer of polyester. Horizontal quilting and shirred cuffs and waist give it a super "puffy" fashion look.

Harold Easton Is Proud of Tecumseh

. . . AND WHAT OTHERS SAY ABOUT HAROLD EASTON.

Harold Easton has served the citizens of Tecumseh for approximately 20 years as their Mayor and Councilman. Not only does he have more knowledge about our community and its affairs than any other elected official, but he has made himself available to the electors when they have questions. He has been a friend and worker for all residents at the city government level. His experience and record can not be matched by any other candidate. For 20 years, he has been recognized as Tecumseh's outstanding leader.

Here Are Two Ways You Can Prearrange Funeral Services

By completing a simple form, you may file a record of your funeral service preferences at Purse Funeral Home. When death occurs, your family will know exactly how to proceed.

The second plan enables you to pay for services in advance so that your family will not be burdened with this expense during bereavement.

For more information on prearrangement, without cost or obligation, call or visit Purse Funeral Home this week.

MRS. JEFFERY ARTHUR

Nuptial Mass Celebrate Vows

[redacted] at St. Joseph Catholic Church, Maybee, united in marriage Trina Ann Bruck and Jeffery Arthur Matthews, Oct. 13. The Fr. Casmir Wiercioch performed the ceremony.

Parents of the couple are Mr. and Mrs. Henry Bruck, Dundee, and Mr. and Mrs. Walton Matthews, 201 Washington St., Clinton.

Mrs. Grace Stein was organist. Mrs. Judy Wielfaert was the soloist.

Given in marriage by her father, the bride wore a gown of white organza with chantilly lace and venice lace trim. Bodice featured a Queen Anne neckline and bishop sleeves with lace ruffled cuffs.

Lace-trimmed panels flowed into a chapel train on the A-line skirt. Her veil was held by a Camelot headpiece. Her opal necklace was a gift of the groom and she wore her great-grandmother's wedding band. She carried a cascade of carnations, roses and baby's breath.

Maid of honor was June Bruck of Carleton, cousin of bride, wearing a yellow gown and carrying a matching long stemmed rose.

Attendants were Dianne Prince, Milan; Barbara Bruden, Dundee; Margie McGuire, Maybee; and junior bridesmaids, Lori Matthews, Colorado Springs, Colo., niece of bridegroom; Kasi Bruck, Maybee, niece of bride.

Denise Bruck of Maybee, niece of bride, was the flower girl.

All the attendants were identically gowned in nile green gowns of chiffon knit with scoop necklines, bishop sleeves and A-line skirts. They wore picture hats to match their dresses and carried matching long-stemmed roses.

Ring bearer was Brian Matthews, nephew of groom.

Best man was Tracy Matthews of Tecumseh, brother of groom.

Ushers were Ronald Matthews, Colorado Springs, brother of groom; Dennis Bruck, Maybee, brother of bride; Edward Bancroft, Clinton.

Bride is a 1977 graduate of Dundee High School and is employed at St. Joseph Mercy Hospital, Ann Arbor, in radiology.

Groom is a 1974 graduate of Clinton High School and is employed as an electrician lineman for the Village of Clinton.

The couple has returned from a trip to Washington D.C. and Atlantic City, N.J., and they are at home at 120 Loomis St., Clinton.

Rehearsal dinner was hosted by the groom's parents at Little Dixie, Monroe.

'77 Grad Joins Marines

Marine Pfc. Mark R. Oliver, son of Ray and Kathleen Oliver of 210 N. Union, has completed recruit training at the Marine Corps Recruit Depot, San Diego, Calif.

A 1977 Tecumseh graduate, he joined the Marine Corps in March 1979.

Make Home in Ypsilanti

Joanne Rhine, daughter of Mrs. Anna Rhine of Detroit, and Reed Skinner, son of Mr. and Mrs. Max Skinner, of Tecumseh, exchanged wedding vows Oct. 20, during a candlelight ceremony in St. John's Armenian Church in Southfield.

The Rev. Al Mitchinson and Fr. Nick Farina performed the ceremony.

Bride wore a traditional white gown and carried a white orchid.

Maid of honor was Susan Mienkiewcz. Matron of honoc was Gloria Dobbie. Bridesmaids were Susan Rhine, Barb Dumas and Suzanne Kwiecien.

Bridal attendants wore wine Qiana gowns styled with accordian pleated skirts and blouson bodices, and they carried baskets of dried and silk flowers.

Best man was Randy Skinner. Ushers were Thomas Rhine, Rory Skinner, Ray Kwiecien and Rob Skinner.

Reception was held at Mercy College, Detroit.

Bride is a 1969 graduate of Cody High School, and Eastern Michigan University and is a sales representative for General Mills.

Groom is a 1968 graduate of Tecumseh High School, and Eastern Michigan University. He is an independent trucker with Michigan, Nebraska [redacted]

Mr. and Mrs. Skinner reside in Ypsilanti.

Reside in Illinois

Joy Lynn Pearson and Robert Berry Scott were married at noon Oct. 6 at the Berean Baptist Church in Adrian with the Rev. Myron Williams officiating.

Parents of the couple are Mr. and Mrs. Charles Pearson Jr. of Treat Rd., Adrian and Mr. and Mrs. Robert Scott of Elton Hwy., Tipton.

The couple was attended by Jackie Scott as maid of honor and Sam Schmidt as best man.

A reception was held at the Country House restaurant after the wedding.

Mr. and Mrs. Scott will make their home in Karnak, Ill.

MR. and MRS. RICHARD JENNINGS

Siena Chapel Nuptials

Rosary Chapel at Siena Heights College was the setting for the nuptial vows of Christine Kansas and Richard Jennings Oct. 13 at 4 p.m.

Fr. Louis Komorowski officiated the ceremony for the daughter of Mr. and Mrs. Thomas Kansas of Adrian and the son of Mr. and Mrs. Donald Jennings of Tucson, Ariz.

Barbara Kansas of Adrian was her sister's matron of honor.

Bridesmaids were Pam Starr of Tipton, and Kathleen Baader of Chicago, Ill.

Robert Jennings of Tecumseh was best man. Ushers were Thomas Kansas and John Kansas of Adrian.

A reception followed the ceremony at Archangelus Lounge at Siena Heights College.

The bride is an office clerk at Uarco business offices in Adrian. The groom was recently discharged from the U.S. Navy.

Both are Tecumseh High School graduates.

The couple resides at 1203 Division St. in Adrian.

Kathryne Debuts

Scott and Pam Adair, 315 N. Shawnee, announce the birth of a daughter, Kathryne Robertson Adair, Oct. 3 at Herrick Hospital.

The child is only the third girl in the Adair family in 134 years, and the only grandchild on both sides of the family.

Grandparents are Dr. and Mrs. Robert L. Adair, Lorain, Ohio, and Mrs. Joseph D. Kaufmann, Cincinnati, Ohio.

Adams—Purkey Nuptials

First Baptist Church in Tecumseh was the setting for the marriage of Judith Adams and David Purkey Oct. 13 at 7 p.m.

The Rev. Kenneth Boyd officiated the ceremony for the daughter of Mr. and Mrs. Don Detar of Belleville and the son of Mr. and Mrs. Robert Purkey of 209 N. Pearl.

Janet Champanois was organist. Tammy Rhoades of Manchester and Kathy Johnstone of Tecumseh were soloists.

Vases of gladioli, carnations, fall flowers, orange bows and candles.

For her wedding, the bride wore a double knit ivory gown with an empire waistline. She wore a four tiered fingertip length veil.

Her diamond necklace was a gift from the groom.

She carried orange roses and ivory carnations in her bouquet.

Terry Long of Tecumseh was matron of honor wearing a rust print Qiana gown. She wore baby's breath and carnations in her hair and carried rust shaded carnations with fall accents in her bouquet.

Bridesmaids were Annette Naugle and Debbie Adams, the bride's daughter, both of Tecumseh.

Lori Long, the daughter of the honor attendant, was flower girl attired the same as the bridesmaids. She carried a basket of matching flowers.

Donnie Adams, the bride's son, was ring bearer.

Greg Long of Tecumseh was best man. Ushers were Kent Naugle and John Wotring, both of Tecumseh.

A reception was held at the American Legion post with music by Bob Butler and the DJs. Fall arrangements decorated the bride's table.

Linda and Ellie Pipkins acted as hosts for the reception.

Wanda Iffland cut the wedding cake. Barbara Wotring passed the guest book.

The bride is employed at DST Industries in Clinton.

The groom is employed at Uniloy in Manchester and the Tecumseh Fire Department.

Tecumseh Area Complaints

Larceny at Lawson TV and Appliances resulted in a loss of over $1,000 in tape recording equipment, related accessories and a color TV Friday.

There was no evidence of forced entry into the shop, and the owners told police they were not exactly sure when the equipment was taken or how it was taken. Items missing include a tape recorder, cassette recorder, TV and am/fm stereo.

Vandalism dominated the balance of the police report for the past week. Resume of complaints is:

Oct. 13 - While the Richard Meyers family was away from their home at 512 Nokomis, a rock was thrown through two pane glass windows. Neighbor reported the vandalism.

Oct. 17 - Ester McLain, 55, of 118 S. Ottawa, was arrested for shoplifting at Ken-Rays. She was stopped in a parking lot with a box of geritol under her arm.

Oct. 17 - Leonard K. Osburn, 28, of 6775 Wisner Hwy., and Bradford C. Brown, 4198 Kopkie Rd., were cited for having open intoxicants in a vehicle.

Oct. 17 - Roger K. Meyers, 17, and Rudoph P. Weirich, 18, and two juveniles, all of Clinton, were cited for being minors in possession of alcohol.

Oct. 18 - Mervin Maynard, 1209 Shady Lane, reported two plate glass windows broken at his residence by a rock.

Oct. 19 - David Southwell, 4397 Comfort Rd., reported a tire slashed on his vehicle.

Oct. 19 - A door to a storage building near the swimming pool at the high school was kicked in, ruining the door. Two subjects fled officers into a woods near Herrick Park Dr. Nothing was believed taken from the building.

Oct. 19 - Paul R. Halasz, 17, of 1251 E. Monroe Rd., was charged with being a minor in possession of alcohol.

Oct. 20 - Jeannette Lee, 7, of 231 E. Cummins, suffered a dog bite on her upper left arm. She was treated at Herrick Hospital.

Thru My Window

BY MARDA GENE DUNCAN

Bring on the Indian Summer Days and please, let's keep them as long as possible. But, whatever the weather is, the mood on the near-my-window feeders suddenly shifted several weeks ago.

Gone are the busy times of summer when the birds were working so hard to feed their new families and so too are the hectic hoarding days of fall behind us.

Oh, there will still be brief bursts of working to fill up the pantries but primarily the patrons of the feeders show us the no-nonsense attitude of winter feeding.

Officially Old Man Winter will not make his appearance for a long, long time but our birds, squirrels and chipmunks know he is coming.

The chickadees are ever so busy lately and what a joy to be able to speak of them in the plural. Our highest count so far has been four at one time. Cute to see as well as hear.

As they flitted from tree to tree, from bush to bush, with numerous side-trips to snack at the sunflower seeds on the food trays, they talked to each other. Their shrill high-pitched little voices clearly said, "Chick-a-dee,dee,dee."

They looked grown-up too. It was a good summer, we saw more young chickadees than ever before. They were comical looking, so thin and almost scrawny.

Their feathers were far from smooth, too. Mature now, they are smooth and soft looking bundles of feathers with disproportionately large black heads.

The stormy days of winter are never so bad if we can have these cheerful and carefree free spirits visiting the feeders.

The trim and neat tufted titmice and the upside down white-breasted nuthatches are reminding us of what is coming too. The other day Mom saw four nuthatches exploring the trunk of our neighbors' cherry tree.

And the gray titmice seem to know when fresh seeds are put on the food trays. They are not daily regulars yet but our fingers are crossed that soon they will be.

If nothing else told us what time of year it is we would know it after one look at the fox squirrels. They are big and fat now, their diet of rich fall foods is resulting in little rolls of fat.

They have a well-fed, self-satisfied look. And their fur coats are thick and luxurious. Perfect protection for what is coming.

The chipmunks — yes on warm sunny days we still see them — do not seem to have put on much extra weight. However, their coats are becoming noticeably thicker and their colors seem richer.

By the way, when a fox squirrel visits the ear of corn just after the chipmunk has left, the difference in their size and agility is brought home with such an impact that we all chuckle.

The big squirrels are giants and their movements seem so cloddish — ordinarily we think of fox squirrels as rather fast and well co-ordinated.

At this time of year a question about bluejays always arises. Do they migrate or not? We have them 12 months a year of course, but also each fall there are reports of large flocks of bluejays. This would indicate that perhaps they were getting together and settling on flight plans.

Well, the general consensus seems to be that these brightly colored birds do indeed migrate.

It is not a long flight, the population from one area merely shifts to the south a bit and a more northern group fills in the area just vacated. Thus our winter bluejays are probably not the same one who summer here along Evans Creek.

The redbirds, the cardinals, are as breathtakingly bright and colorful as are the fall leaves. For much later than usual we had juvenile cardinals around, their topknots were skimpy, their necks poorly feathered and even their bills dull and dark. Nothing like that do we see now.

There seems to be a few females but oh, how gorgeous are the two males. They simply could not be a richer red. They are beautiful now, but imagine how they will show up on a snow filled feeder.

Marda, enough of that!

Family Researchers Meeting

Jim Lindsey talked about his eight great-grandfathers at the October meeting of the Lenawee County Family Researchers. The group met at the Betty Chatfield home in Adrian; 18 members were present.

The group voted to join the Federation of Genealogical Societies. It also voted to buy three books on immigrant ancestors, an English research book and volume of "The Atlantic Bridge to Germany."

Next meeting is Nov. 6, 6:30 p.m. at home of Linda Chatfield, the west corner of Shepherd Rd. and Tipton Hwy.

Hadden Opposes Tax on Checks

State Representative Jim Hadden has urged his constituents to write legislative leaders in Lansing to make them aware that Michigan consumers oppose a proposed 10-cent tax on every check cashed.

Hadden said he is calling for the letter-writing campaign to House Speaker Bobby Crim (D-Davison) and State Representative George Montgomery (D-Detroit), the bill's sponsor, to advise the officials of the widespread opposition to the plan.

Under the plan introduced this summer, persons who cash checks would be charged a 10-cent tax.

For instance, if an employee cashes a paycheck, he or she would be taxed 10 cents on that check. If a businessman receives his receipts in checks, he would be taxed for easy payment made to him.

The money derived from the tax would be used to fund that the state's home heating assistance program this winter.

Hadden has called the bill "utterly ridiculous" and claimed that the new tax would burden "every resident of Michigan with higher banking costs while causing inflation at an even faster rate."

"By having these letters sent to the people who want this bill passed, we'll be letting them know that there are very few people who favor a new everyday nuisance tax," Hadden said.

Ticketed for Carelessness

Richard Petrosky, 24, of Ypsilanti, was ticketed for careless driving when he failed to see the stop sign at the intersection of Russell Rd. at Rogers Hwy.

Petrosky's vehicle crossed Rogers and went into the ditch.

May Take Test

John Pobuda, guidance director at Tecumseh High School, has announced that sophomores, juniors, and some seniors will be able to join over one million other students around the world in taking the Preliminary Scholastic Aptitude Test-National Merit Scholarship Qualifying Test (PSAT-NMSQT) this fall.

The test, cosponsored by the College Board and National Merit Scholarship Corporation, is an important step in making college plans.

Scheduled for October 27th at Tecumseh High School, the PSAT-NMSQT measures verbal and mathematical aptitude — two abilities important in doing college work — and gives students a chance to find out what the Scholastic Aptitude Test (SAT) is like.

By taking the PSAT-NMSQT, students can center the competition for scholarships administered by the National Merit Scholarship Corporation and ask to participate in the College Board's Student Search Service, which gives students an opportunity to hear from colleges that they might not otherwise know about.

Dr. W.C. Elwartowski

Dear Doctor,
Does Workman's Compensation provide for Chiropractic Services?

Yes. Workman's Compensation laws provide you with freedom of choice of health care for job related injuries.

A terrific toll in suffering, pain and anxiety is exacted by on-the-job injuries.

Loss of income to the worker and loss of production to the employer are other tolls exacted by such injuries.

Because of the staggering losses attributed to job associated injuries continuing campaigns are waged by worker organizations, industry and the government.

Care and treatment which will return the workman to his job with the least possible loss of time and income are most desirable.

Back injuries account for one-tenth of the total time loss injuries in American industry. It is in this field that chiropractic is rendering the greatest service to labor and management.

The chiropractor provides the most effective, least expensive methods for getting the injured person back on the job. Chiropractic adjustments employing modern scientific skills, reduce suffering, time loss, and the possibility of permanent injury.

Progressive employers labor organizations and state agencies realize the value of and depend on competent chiropractic care in cases involving on-the-job injuries.

For further information on this question, or if you have other related questions, feel free to write Dr. Elwartowski, at 101 S. Pearl St., Tecumseh, MI 49286.

Plan Immunization Clinic in Tecumseh

The Lenawee County Health Department will provide another immunization clinic at the Tecumseh High School Cafeteria on Nov. 8, from 2:30 to 6:30 p.m.

Students under 18 years of age must be accompanied by a parent.

If the parents have records of immunizations not on file at the school, these records should be brought to the clinic.

The school is required to have for every student a record of adequate immunizations (or a legally signed waiver for medical or religious conviction).

As of Feb. 1, 1980, inadequately immunized students will be excluded from school in accordance to the State Health Department's regulations.

Parents in all Tecumseh Schools will be notified of insufficient records on file at the schools.

Elementary school students were invited to attend a similar clinic held in June, but if they have not had their records updated in the school, they may take advantage of this clinic.

Admissions Reps Visit THS

Admissions representatives from Michigan State University, Western Michigan University and Hillsdale College visited Tecumseh High School the past week.

These representatives met with senior students who are interested in their colleges and gave the students information on admissions, college programs, costs, financial aid and scholarship opportunities.

They stressed the importance of getting as much information as possible so that the right decision is made by the students.

Adolopho Mata of Michigan State told the students about the growing concern of colleges regarding "Senioritis".

Mr. Mata said that Michigan State will withdraw it's admissions approval if a senior shows a decrease in academic achievement in the senior year.

If your brand new car is 'totaled' will your insurance company pay you for a brand new car?

Some insurance companies think a new car is a used car the minute you use it to drive out of the dealership. Not Auto-Owners.

With Auto-Owners, if you have an accident anytime within 90 days and your new car is a total loss, we'll pay you the total cost of your new car. And with Auto-Owners, your new car is covered immediately, automatically, under your previous policy.

So if you're about to get a new car, talk to us at Auto-Owners. Maybe you should get a new insurance company, too.

DAVE WILLIAMS, Tecumseh street superintendent explains how city's newly purchased 2,000 gallon tanker and tractor system knifes sludge into the ground on Bill-myer Hwy. farm. (PHOTO BY KATHY BROWN)

Idea Saves Money, Complaints

by Kathy Brown

Money. Everybody would love to have more these days. Especially Wayne County and Chrysler. Everybody would love to save more money. Especially taxpayers.

That's why this story is important to you if you pay taxes in the city of Tecumseh.

It's a story about saving taxpayer money and dumping sludge. But if you were told it was about dumping sludge, you might not have read this far. So keep reading, because it's mainly about saving your taxpayer money.

About a year ago, the city of Tecumseh stopped dumping sludge from its wastewater treatment plant.

Sludge is a wet grayish black muck that is left after—well—after sewage is treated.

Sludge can be a stinker of a problem for any city, especially if the city has to stop hauling it and start stockpiling it to the tune of 4,500 gallons per day.

The city of Tecumseh stopped hauling its sludge last year because folks started to complain about the smell when it was spread in liquid form on local farmers' fields.

The sludge was stored in the city's three drying beds and one of three digester tanks. The plot thickened.

One way to get rid of the odor is to knife the sludge into the ground. "The idea basically came through Dave," said City Manager Cal Zorn. This method is used on hog farms.

Dave is Dave Williams, Tecumseh Street superintendent, city employee for about 25 years.

The new method meant different equipment. After about a year of shopping, the city discovered that the system it needed would cost about $100,000 new.

But instead of purchasing new equipment, Dave scouted this area of southeastern Michigan and nearby northern Ohio for some good used equipment for the city.

The result of Dave's scouting expedition was that four pieces of the necessary equipment were purchased for $20,000, one fifth of the cost of the new equipment.

The four pieces are a 7,000 gallon transport tanker and truck cab to haul the sludge to the fields. Also a 110 h.p. farm tractor and 2,000 gallon disposal tank that hauls the sludge onto the field and knifes it nine to 12 inches in the ground. The furrows are then easily disked by the farmer.

Because the city has its own maintenance department, the life expectency of the equipment will be "at least seven years", estimated Assistant City Manager Paul Preston. He pointed out that earlier this year, the city received half the purchase price for two trucks in a city auction, a testimony to the work of the city's own maintenance crew, the oft times unsung heros.

"We hadn't hauled in over a year," explained City Manager Cal Zorn. "It only took a couple of days to eliminate the emergency we had," with the stockpiling sludge.

Because the new plant's field transport tank has a 7,000 gallon capacity, the city saves time and energy making one trip instead of four with the previous 1,500 gallon transport tank.

"A lot more land is open to us now. Farmers are interested to take the sludge now that it's buried," added Zorn.

The sludge, high in nitrogen, has soil nutrient value. Pre-tests and post-tests taken for the city by an independent lab keep a check on the amount of heavy metals from the sludge in the soil, a concern of the state and local governments, farmer and consumer.

So this scenario has a happy ending for several people. You the taxpayer saved money on the equipment. The farmer is more willing to take the sludge. The neighbors aren't bothered by the offensive odor.

The city also benefits in a few other ways. The equipment makes sludge disposal possible on a variety of soil conditions. The larger tanks mean fewer trips, thereby saving energy. A flatbed truck, once used to haul tanks of sludge, is now freed for use as a salt truck in the street department. Also the equipment can be used to clean the city's storm sewers.

Now, if only a bit of Tecumseh's ingenuity could be used to solve Wayne County's and Chrysler's problems so easily.

STORY HOUR — Lauren Pray, 3, of Tecumseh, befriends Mel Dewey, sock animal of Tecumseh Public Library, while she enjoys a picture book in the reading tub. The library hosts pre-school children for a regular story time each Wednesday at 1:30 p.m. Also, first graders in Tecumseh Public Schools receive a class tour of the library with children's librarian Mary Beth Reasoner. It's all part of the library's plan to encourage young readers. (PHOTO BY KATHY BROWN)

Letter to Editor

To the Editor:

I would like to thank all the many friends who stopped at the open house following the Jefferson game last Friday.

I felt very honored that so many would take their time to come in and visit with us. It was a lot of fun and we thoroughly enjoyed ourselves.

A special thanks to the Indian Fan Club, Harry Hans, John Judkins and Don Brazee for their efforts in setting up the program.

To be recognized for doing what you thoroughly enjoy is truly a double blessing.

Thanks again to all of you,
Sincerely,
Pat Connors

Eugene Cooley, Assistant Superintendent of Tecumseh Public Schools, is chairman for the School division.

Holloway Happenings

HOLLOWAY — Edna Wetherall hosted the meeting of the Raisin Sparkettes, with 13 present. Members of the Britton Fire Department Auxiliary were guests.

Betty Hannah presided at the business meeting. Members were informed of the Feather party, which was moved from Nov. 3 to Nov. 10 at the Raisin Township Fire Department on Occidental and Gady Rd.

The coffee committee is Betty Hannah and Sandy Sisty; substitutes are Pat Funk, Donna Irwin, Edna Wetherall and Jennie Smith.

A tentative date has been set for a visit to the Coleman Foundation. Donna Irwin presented the calendar books, which are to be sold with part of the profit going to the Auxiliary.

Hospitalized

RIDGEWAY — Julian Strong of Ridgeway was recently hospitalized for unexpected surgery. Get well cards would be appreciated.

Mr. Strong was scheduled to present the Oct. 25 meeting for the Tecumseh Area Historical Society on railroads. The meeting was cancelled.

Next historical society meeting is Nov. 29 on chimney rebuilding and flue liners, and includes a visit from a chimney sweep.

Marie Schauffele, reported on the Christmas decorations. She was elected to make a wall hanging decoration for the dance, to be raffled.

Next meeting will be hosted by Lois Withrow Nov. 13.

++

The Raisin Sewing Circle met Friday for a 1:30 p.m. meeting with Mrs. Fred Frye. President Mrs. Harold Johnston presided. Roll call and reports were given by Trudy Johnston.

Quilt blocks were distributed to be sewn. Lap robes and bibs will be made and presented to the nursing homes in December.

Velma Whittemore was the auctioneer for a miscellaneous auction.

Election of officers for two years followed: president, Dorothy Mitchell; vice-president, Velma Whittemore; secretary-treasurer, Veda Jaqua; assistant, Irene Rouget; historian and reporter, Margaret Mitchell; sunshine, Verda Bates and Charlotte Marks.

Twenty-five guests were present Sunday evening for a surprise birthday party for Lavern E. Moll. A buffet was served.

Berry, Lavern's son entertained the group with slides from his collection of flowers and mushrooms of Michigan, fish and tropical flowers of Florida.

Britton Trick or Treating Is Wednesday

BRITTON — Trick or treating for Britton will be Wednesday, Oct. 31 from 6 p.m. until 7 p.m.

The fire siren will sound at 6 p.m. to signal the beginning of trick or treating. It will sound again at 7 p.m. to let everyone know trick or treating is over. At that time everyone is to go to the high school gym for the judging of costumes.

Judging will be for most original, ugliest and prettiest.

Only Britton area children and adults are eligible for the costume judging. Parents are urged to not let small children go out by themselves.

All trick or treaters should wear something that will help them be seen better at night.

Everyone is urged to help make it a safe and happy Halloween.

15-Year Old Is Accident Victim on Hoagland Road

MACON — A fifteen-year-old passenger was a victim in a single car accident early evening, Oct. 20 in Macon Township.

Dead on arrival at Bixby Hospital, Adrian, was Roger Waltz, 15, of Erie, Mich. He was a passenger in a car driven by 14-year-old Clarence Murdock, 11261 Welch Rd., Britton.

According to report of the Lenawee County Sheriff's Department, Murdock's vehicle was northbound on Hoagland Rd. near Welch Red. at 6:45 p.m. Saturday when he lost control and went into a ditch. Waltz was thrown from the vehicle.

Murdock was treated and released for serious injuries at Herrick Hospital.

Finishes Course

TIPTON — Pvt. Joseph W. Kukral, son of Mr. and Mrs. William J. Kukral, 9941 Nortley Hwy., Tipton, recently completed an administration course at Fort Jackson, S.C.

Andrea's Hawaiian Dream Comes True

Cinderella stories do come true.

Just ask Andrea Tarr, sophomore at Tecumseh High School who last year won a trip for two to Hawaii, a trip she has dreamed about making and saved for since she was only eight years old.

ANDREA TARR

The trip was a "birthday gift" from Andrea's sister, Laura Galloway. Laura purchased a Tecumseh Area Chamber of Commerce raffle ticket last year and wrapped it as her sister's birthday gift.

Little did the girls realize that Andrea's number would be the lucky one selected for the top prize in the 1978 chamber drawing.

There's still time left to make wishes come true this year for either yourself or a loved one.

The Tecumseh Area Chamber of Commerce 1979 drawing will be held Oct. 31. There's still time to purchase tickets from members of the chamber. The Tecumseh Herald also has them available.

John Damelio of August Company is ticket sales coordinator and sold the winning ticket last year.

This year's top prize is a $1,000 Tecumseh shopping spree — just in time for Christmas shopping. Second prize is choice of a portable color television, Moped bicycle or microwave oven from Gambles. Third prize is a Meyers canoe and fourth, is a $100 gift certificate courtesy of Trickey's Department Store.

If you haven't purchased a ticket yet, better hurry. As you've already read, they make lucky birthday presents.

Let's see now, there's Uncle Jim's birthday, and Mike has always wanted a canoe. Mom could use a microwave...

'Children: Victims Of the Law' Is Newlin's Subject

Henry Newlin, Tecumseh attorney, will speak on the subject of "Children: Victims of the Law" at the next Aquinas Forum at Siena Heights College in Archangelus Lounge Oct. 25 at 7:30 p.m.

The presentation will primarily concern divorce and child custody laws in Michigan and other states.

Public is invited.

Vital Statistic Section Moves

The vital statistics section of the County Clerk's office will move to the third floor of the new judicial building Oct. 25, reports County Clerk Pat Johnston.

It will be open for public business on an emergency basis only on that date and thereafter, all matters pertaining to the County Clerk will be handled in the new office quarters.

This includes copies of births, deaths, applying for marriage licenses, notary public applications, etc.

Plan Croswell Fashion Show

"Fashion Round The Clock," the third annual style show produced by the Croswell Opera House, will be presented at 8 p.m., Oct. 25. Tickets can be obtained from committee members or at the business office of the Croswell Opera House, 263-5674.

Twelve local stores will participate with Ann Gray and Jim Ochs on commentary. Barbara Hood is chairperson.

Present In-Service Workshop

Britton-Macon teachers; Pam Dafoe and Elizabeth Cheever concentrate on trying to make a "cat's cradle" with a piece of string. The exercise was designed to show how tasks which are simple for some are complex for others.

Learning what it feels like to be handicapped was only one of the experiences which local educators had at Herrick Park Elementary School in Tecumseh recently. The event was an in-service workshop concerning the "least restrictive environment" for children.

The first session of the three-session workshop was attended by 57 teachers, administrators and parents from Britton, Clinton, Onsted, and Tecumseh.

The workshop series is one of three being held in various parts of Lenawee County by the Professional Development Policy Board (formerly the Professional Development Advisory Council).

Purposes of the workshop include better understanding of the laws about the handicapped and how these laws affect regular education classrooms, and developing procedures to aid individualization in the classroom.

Instructors for the workshop are Dr. Martha Carroll and Barbara McConnell of the University of Toledo.

According to Max Carter, director of instructional services of the Lenawee Intermediate School District, the workshops are held in several county locations to make it easier for teachers to attend.

"Attendance is voluntary," said Carter, "and after a full day of school, we want to make it as easy as possible for educators to attend. Besides, we've had a full house at all the classes so far."

MR. and MRS. JOHN FORGACS

Forgacs Celebrate

RIDGEWAY — Mr. and Mrs. John Forgacs of Ridgeway celebrated their 25th wedding anniversary Oct. 13 with a dinner at Leutheuser's and a surprise party at the Cow's Palace in Britton.

The party was given in their honor by their children, Mr. and Mrs. Robert Forgacs of Columbus, Ohio, Daniel and Patricia at home. They were assisted by Mr. and Mrs. Clarence Schroeder and daughter, Mary, who also furnished the hall.

The party consisted of 100 relatives and friends from Indiana, Illinois and Michigan.

Mr. and Mrs. Forgacs were married in Whiting, Ind. Oct. 16, 1954 and have resided in Ridgeway since.

Fun Nite Saturday

BRITTON — Britton-Macon School is having a Fun Nite, Oct. 27. Hours of the Fun-Nite are from 4-8 p.m.

Posters announcing the events were made by the first, second and third graders and are displayed in the area stores.

Raffle tickets are being sold by the fourth, fifth and sixth graders, with the top prize of an AM-FM stereo. Over 50 door prizes are to be given away at the event.

The teachers are sponsoring a dinner starting at 4:30 p.m. with a variety of foods.

Chairperson of the Fun Nite is Judy Kelly.

Fall Annual Supper, Bazaar

BRITTON — Members of the Emmanuel Lutheran Church, 9950 Ridge Hwy., Britton, are preparing for the annual fall Mission Supper and Bazaar. Event will be at the church Nov. 3. Serving begins at 5 p.m.

Lois Schmidt, kitchen chairman, will be assisted by Beverly Whelan. The menu this year includes roast turkey and dressing, mashed potatoes, gravy, buttered corn, cole slaw, cranberries, rolls and butter, pies and dessert cakes, coffee, tea and milk. Eleanor Price will have charge of the dessert area.

Gail Ash will be chairman of the dining room area. She will have couples serving tables. The festive meal will be accented with fall table arrangements and bazaar items.

Those attending the Mission Supper are asked to enter through the main church entrance where they will be greeted by hostess Alys Miller.

As whole tables are available downstairs, supper guests will be called by number and seated by Gail Ash.

According to Ardyth Schroeder, publicity chairman, there will be advanced ticket sales this year. General chairman for tickets is Cora Kempf.

Lucille Scheffler is in charge of advanced tickets. To reserve your advanced ticket, call Lu Scheffler at 423-3303. Lining up the helpers is telephone chairman Mary Furgason.

Proceeds of this Mission Supper annually benefits: Children's Friends Society-Bay City; Lutheran School for the Deaf-Detroit; Bethesda (Lutheran Home for the Retarded).

The Youth Group, in charge of Mr. and Mrs. Donald Whelan and Mr. and Mrs. Terry Faust, will have a baked goods sale.

The bazaar and bake sale starting at 10 a.m. will have a variety of stocking stuffers for Christmas, dolls, refrigerator stick-ons, Christmas tree decorations, pot holders, baked goods, artificial arrangements, and small live plants.

Ida Helm is in charge of this area, and will be assisted by Beverly Whelan, Lucille Scheffler, Irene Miller and Louis Pollitz. Contact Ida to contribute items.

According to Lutheran Women's Missionary League representative Alys Miller, bazaar proceed benefit the Michigan District Concordia Scholarship Fund, seminary scholarship, world hunger, new missions, Lutheran Bible Translators, A Ministry of the Printed Word through Chaplin, Library.

The L.W.M.L. convention held in summer of 1978 in Lansing, voted to sponsor these projects in the amount of $58,000 for the 1978-80 projects.

The project funds are derived from 75% of mission "Mite Box" offerings of the League membership, from the state of Michigan.

Twenty-five percent is sent to the International League for their goals.

Buelah Squires will be chairman of the card and book display. She promises to have on hand a large assortment of items.

Dorcas Class Holds Meeting at Center

BRITTON — The regular meeting of the Dorcas Class of the Britton Congregational Church was held in the fellowship center of the church Oct. 18. Theo Willis and Mary Oliver were hostesses for the potluck dinner.

Following dinner a business meeting was conducted by Helen Osterhout, the president.

The secretary's, treasurer's and sunshine committee's reports were read and approved.

Other routine business was transacted and plans made for husbands to be guests at the November meeting.

Mae Willis gave the devotions and program. She read scriptures from II Timothy and an article "A Good Run". Then she read the poems "God's Love" and "He Loves You" from Helen Steiner Rice's book "Somebody Loves You."

Glowing Years

It was their Golden Anniversary. And, as Granddad placed his arm around Grandmother he said, "The years have been good to us."

"You have been good to the years," someone replied.

What a perfect description of their marriage. They cherished each day and filled it with love. They faced every week as a new adventure in useful living. They counted the months with patience and crowned them with firm commitment. They made the years glow with their confident trust in God.

Thus they lighted the hearth-fires of faith in the lives of their children and grandchildren.

Long after our grandparents are gone, the years will still glow with the faith they kindled in a dozen other hearts.

Indian Fan Club, 300 Guests Honor Coach Pat Connors after Game

by Kathy Brown

Two hundred games as a high school football coach represents a lot of time in a man's life. It means 24 years of coaching in Lenawee County for Pat Connors, Tecumseh Indian head football coach.

He was honored Friday, Oct. 19 by the Tecumseh Indian Fan Club and about 300 guests, including former high school athletes and their families with a program and social hour at the high school cafeteria.

The evening included a tape recorded message from Tom Saylor, one of Pat's quarter backs from Deerfield High School, where Pat started his coaching career.

Tom, who coached Hudson's famous winning Tigers, is now head coach in Angola High School in Indiana.

Pat spent seven years in Deerfield where besides football, he also coached basketball, baseball and track and started th[illegible] wrestling program. In the summer, he whipped the school district's summer recreation program into one of the best in the county.

John Judkins, coordinator for Friday's get-together and one of Pat's half-backs at Deerfield, said he remembers when "Pat used to lime the fields and crawl up the poles to change the lightbulbs. In 1956, he built a seven man blocking sled out of railroad ties. Have you ever pushed one? And he drove the bus, too."

Pat next coached 4 years at Boysville, "a coach's paradise" explained his wife, Sharon, "because the school was a boarding school where a coach could work and eat with his team. He knew their schedules."

Pat came to Tecumseh in 1967 as an assistant coach with Tom Fagan, now at Ypsilanti High School. Pat has served as Tecumseh head coach for the past seven seasons. Pat's staff which he called "excellent and dedicated".

What makes Pat coach?

"I really enjoyed competing and playing and coaching is a way to stay in contact with it. It's not so much a job. It's what I am," Pat declared.

"Coaching satisfies a competitive urge. I compete with the other coach. It's separate from what the kids are doing," Pat explained. "Coaches are an aggressive lot. There's no way you can stand still. You have to keep hustling.

"Personal courage" is what Pat likes most about coaching. "Seeing anybody perform under pressure is a real thrill for us as human beings," he said.

Especially in a tough play or a tough year, "I know that in the end, these young men get more out of it when they've been tested. And believe me, we've been tested this year."

Pat spoke frankly about Tecumseh's 2-4 league and 3-4 overall record this year.

"Every team is a very complex mixture. Everybody worked hard this year—the kids and the coaches—from the first day. For some reason, the chemistry has just not been right. I feel that you play with the kids that show up. If you don't do well, you work harder."

With daily practices, evening games for frosh and jvs and varsity, plus Monday night movies of the varsity game and scouting other teams on weekends, the coaching job requires a lot of Pat's hours and energy.

What's life been like these past 24 years being married to the coach?

Sharon Connors shared her experiences.

The couple will celebrate 25 years in life together Jan. 22, 1980.

"I knew what he was pursuing, but I had no idea it meant I'd have to orient my family to the fact that nobody had better die, get married or have a baby during football season," she said laughingly.

During his first year as coach in Deerfield, Pat lost his wedding band on the field. "I knew he was married to it when he lost his wedding band on the field," said Sharon.

When Pat and Sharon met, "I knew nothing about football," Sharon confessed. "He was a tackle at Toledo University. I asked him how many touchdowns he made. He said he didn't make any. I thought 'What earthly good are you?'

"I didn't know that there were certain players that made the touchdowns. I thought they were the ball hogs. I've come a long way since then," Sharon added.

She even has a "mother-in-law" story to share. "My mother from Toledo spouted out one day "Why is Past wasting his time teaching in a place like Deerfield. Why isn't he coaching at Notre Dame?"" Sharon's dad was a Notre Dame grad.

"There's a standard joke around our house that maybe some year we'll have it ready for winter," Sharon said. The first day of football camp in mid-August Pat manages to "finish" his home improvement chores.

Pat is "super en[illegible] about working outdoors chopping wood for their wood stove and fireplace in their 60-year-old home on Clinton-Macon Rd. in Macon.

Handyman Pat added a room to the house a deck and garage and designed the living room with wood beams and fireplace with bricks from the historic Tecumseh Strand Theater.

Since Pat coaches wrestling right after football, he has coaching pressures on him the entire school year. "That's a lot of pressure to be under for a long time," commented Sharon. That's why summer vacations are strictly family time.

Camping is the family's holiday. It affords closeness as well as well as an opportunity to get away from it all.

The Connors family includes sons Patrick, an instructor at Boysville; Michael, who is married and has a son Michael Patrick with his wife, Linda, in Florida; and Tim, Tecumseh High School sophomore. Daughter Kristin is a sixth grader at Ridgeway School.

All three boys played under their father. Mike made all-state. Tim, now on the varsity, played in his dad's 200th game.

"I treated my sons just like any other kids," said Pat. "It's a fun thing to do as a parent and coach, a fun thing to share. Maybe I've been a bit harder on them, because I expect them to have a better understanding."

"Pat's always told them that just because he's their father, he wouldn't give them any advantages and he wouldn't punish them either if they had the ability," remarked Sharon.

What about daughter Kristin? She's a ball girl. A ball person runs a dry ball out to the teams after each play. It's a tough job in wet weather. It requires speed and attention."

"She's quick, commented Kristin's father. She's also tough, as her mother revealed, "She'll never complain because her brother told her she couldn't do it." Kristin also participates in soccer and gymnastics.

"We have no superstitions," [illegible] "Pat is never one for gimmicks. He's always been interested in the individuals. He has a genuine interest in the kids. We've made some very lasting friends through football.

For in the 24 years that he's coached young people and she's been an enthusiastic booster, Coach Pat Connors and Sharon have been part of good high school memories for the players, the classmates and the fans for almost 25 years.

DONNA BOHANNON SHOOTS WITH KRIS McDONALD IN BACKGROUND.

THS Varsity Splits

Thursday both the JV and varsity girls basketball teams beat Jefferson while Tuesday the varsity lost and the JV team beat New Boston Huron.

Thursday, Donna Bohannon scored 21 points to lead the Indian offensive attack on Tecumseh's way to a 52-41 win. Therese Rapin and Kathy Kruger each added 10 points to the winning cause.

The Indians put full court pressure on Jefferson and capitalized on Monroe turnovers to take a 13-7 first quarter lead. They stretched that lead to 30-20 at half.

The girls out scored Jefferson 17-6 in the third frame and then fell off to score only five points in the fourth quarter. Jefferson scored 15 points that same frame, but it was not nearly enough to upset the Indians.

The JV's won 32-13 behind even team scoring. Kim Creswell led with seven points while Tammie Klingonsmith had six.

The JV's started playing well and led 15-5 and 20-5 in the first and second quarters, but then fell off as Jefferson was unable to threaten the Indian lead.

Kris McDonald dropped 16 points in the bucket against New Boston, but it was not enough as Huron outscored the Indians 51-43 for the win.

Bohannon added 10 points to also hit double scoring figures for the Indians and Kruger added nine points.

The Indians tied their press against New Boston, but were unsuccessful and poor shooting hurt them offensively as Huron took a slight 23-21 half time edge.

Huron pulled away in the third quarter with a 14-5 point edge and a Tecumseh come back fell short as the girls scored 17 points the last quarter.

The JV girls won their game 37-20. Creswell again led the scoring, this time with 11 points.

During the period covered by this report, July 1, 1978 through June 30, 1979, a total of 3590 full-time resident pupils were enrolled with another 17 full-time equivalency in Adult Education. There were no non-resident pupils. To serve these pupils the District employed a staff of 157 teachers. In addition the District employed an additional 13 staff members holding valid teaching certificates. The total amount paid for instructional salaries was $2,974,824.00. The number of full time equated certificated employees totaled 170. The ratio of 3607 pupils to employees holding a valid Michigan teaching Certificate was 21.2 during the 1978-79 school year.

Minimum and maximum teachers salaries were as follows:

DEGREE	MINIMUM	MAXIMUM
Bachelor of Arts	$11,448	$18,649
Master of Arts	12,621	20,561
M.A. plus 15 Semester Hrs.	13,252	21,589
Specialist Degree	13,915	22,668

The District operated 123 classrooms in eight buildings: ten portable classrooms and five support facilities which are valued at approximately $16,000,000.00. School owned equipment and furniture is valued at approximately $1,480,000.00.

To the best of my knowledge and belief, this report accurately reflects the financial status of the Tecumseh Public School District for the fiscal year 1978-79, Rule 340, 351 of the General School Laws and the State Board of Education.

Indians Edge Jefferson 28-22

The Indian football team notched their second league victory in a row Friday night as the Tecumseh squad edged Jefferson 28-22.

The Indians had the first opportunity to score Friday when Scott Schafer, who had kicked off to the Jefferson Bears, recovered a fumble at the Jefferson 25. The Indians could not move, however, and had to turn the ball over.

Two possessions later, the Bears marched 71 yards in nine plays and scored on a 11 yard run. The kick after gave the Bears a 7-0 lead in the second quarter.

Mark VanBuren countered on the kick off and ran up the middle of the Jefferson "11" for a 88 yard scoring run for the Indians. Schafer's extra point kick tied the score up 7-7.

Jim Quinn then recovered a Bear fumble on Jefferson's first play from scrimmage following the kick off and the Indians marched 36 yards in three plays for their second score of the game. Schafer's kick for the extra point was good.

Kevin Salters got credit for the second score, running 21 yards around his right end for six points and Van Buren helped the scoring cause with an 11 yard run.

The Indians scored seven more points before the half after the team stopped Jefferson on their next possession and Schafer partially blocked the punt, with the ball falling only seven yards forward for the Bears.

The Indians scored three plays later on a 64 yard drive with quarterback Tim Todd connecting with Salters on a 52 yard pass for the score. Todd also connected with Scott Hans on a 12 yard pass in that series.

Jefferson then turned the momentum around and scored as they intercepted a deflected Todd pass and took the ball in from the Tecumseh 35, six plays later for six points.

Jefferson tightened that 21-13 half time Indian lead in the third frame when they marched 59 yards in 10 plays on their first possession in the quarter. The extra point run failed.

Tecumseh was unable to move the ball in that third quarter, but Jefferson moved the ball again in the beginning of the fourth as they took the ball from their own 25 down to the Indian six yard line.

The THS squad forced the Bears into a fourth and three situation at the six and Jefferson attempted a field goal. The Bear's kick was good to lead 22-21 with just over 10 minutes left to play.

The Indians then came alive and turned the momentum against Jefferson after the kick off. They marched 69 yards in 10 plays for the final score of the evening. Schafer's extra point kick finalized the score at 28-22.

Todd got credit for the score for the Indians as he sneaked over from the one for six ponts and the young quarterback also connected on two long passes for a total of 42 yards in the series. He hit Hans for 22 yards and Salters for 20 yards.

Statistically, Tecumseh had nine first downs, 108 yards rushing and Todd was seven of 17 in the air for 184 yards. Jefferson dominated the stats with 19 first downs, 216 yards rushing and they were five of 14 in the air for 114 yards.

Tories Split Pair

The Tory girls' basketball team split a pair of games last week, losing to Deerfield Thursday and beating Summerfield Tuesday.

Tuesday, Jamie Smith dropped 19 points in the basket to lead the Tories while Jody Smith added 11. Amy Rohrs scored nine points and grabbed 14 rebounds on Britton's way to a 48-38 win.

The Tories were up only 18-15 the first half as both teams were slow to start, but then Britton caught fire in the third quarter and scored 20 points, two more points than they scored the whole first half.

They held Summerfield to 13 that quarter and then both teams sank 10 points the fourth frame to finish the scoring for the Britton win.

The Tories were 44 percent from the floor while Summerfield never really did catch fire and hit only 23 percent of its shots.

Thursday was a different story for the Tories as the Deerfield Minutemen could do nothing wrong and the Britton squad could do nothing right on its way to a 54-33 loss.

Britton sank the first two points of that Thursday game, but then Deerfield came right back to lead at the end of the first quarter 12-8.

Briton continued to struggle for points and put only a nine, six and 10 points on the score board while Deerfield finished the game with 14, 13 and 15 points for the 54-33 win.

Jodi Smith and Shannon Skelton led the Britton scoring attack with 10 points, while Skelton also had 13 rebounds.

Teams Are 4-0, 3-1

Tecumseh Junior High is in its second year of interscholastic girls basketball. So far the seventh grade team is sporting a 4-0 record while the eighth grade team is 3-1.

Both teams are coached by Mr. Pomy and assisted by Mrs. Armentrout. The girls are playing an eleven game schedule which includes 10 games with five teams from the Southeastern Conference.

Both teams have defeated Saline, Ypsi Lincoln, and Dexter while the seventh grade team also defeated Milan. The eighth grade suffered its first defeat.

The leading scorer on the seventh grade team is Kris Deatrick with a total of 38 points followed closely by Renee Solarski with 26 points. The team leader on the floor has been Lydia Marks, helped out by Amy Palmer and Mikeal Maynard.

The eighth grade team is paced by Lisa LaVoy's 34 points and backed by Chris Clark and Brenda Spagnoli with 17 and 18 points respectively. Also helping the team defensively are Kris Long and Tammy McMahon.

Freshmen 6-1

The Tecumseh freshman football team beat Ypsi-Lincoln Tuesday night, 34-18 to raise their record to 6-1.

The freshman's only lose was to Lumen Christi and they are 5-0, first in the SEC league. Last game of the season is Tuesday at Milan, 7 p.m.

Lose by 1

The Hudson Tigers traveled to Clinton last Tuesday and went home with a victory as they eked out a 40-39 win over the Redskins.

The loss dropped Clinton's league record to 3-2 and 3-6 overall. This game marked the fifth time this season CHS has lost in the last few seconds.

Hudson jumped off to an 8-0 lead and they led 12-7 at the end of the first quarter. Both teams appeared sluggish during the first half and Hudson led 17-15 starting the third quarter.

Clinton perked up and grabbed the lead 28-25 going into the last quarter. The Redskins were unable to hold the lead however and with :13 seconds left were behind 40-39.

Clinton rebounded a missed free throw and moved the ball down the floor but lost the ball on a turnover and with it a chance for victory.

According to Coach Bob King his team was flat on offense and defense. "We were out rebounded, had too many turnovers, shot only % (17 of 62) from the floor and 30% from the free throw line and when a team plays like that you don't deserve to win and we didn't."

Senior forward Barb Winder led both teams by scoring 16 points and hauling down 16 rebounds.

Clinton plays at Morenci on Oct. 25 and at Dundee on Oct. 30. JV games start at 5:30 p.m.

Smith 3rd at State

The Tecumseh golf squad finished its league season Wednesday and played in the state meet Saturday, slipping to third place in the league and slidding down to a tie for 19th place in the state meet.

It was not a good week for the young golfers, but the team overall still finished better this year than in the past on paper. The squad carded better scores at all the wrong times.

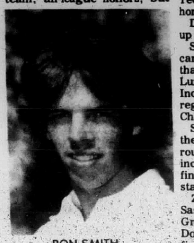
Overall, the THS team finished 8-4 and they posted a 4-2 league record.

At the league meet Wednesday, the Indians posted an excellent 317 score with all four of its top golfers elected to the all-league team.

Grosse Ile shot unbelieveably good golf, finishing a full 10 strokes ahead of the Indians for first and Monroe CC carded a 315 for second place.

Scott McDonald and Ron Smith tied for third for the Indians overall with 77's. They were elected to the first team all-league. Mike Zettle and Greg Scheuerman shot 81 and 82 respectively to make the second team.

Micky Hyatt shot an 84, but as the fifth man his score did not count. His 84 also would have allowed him second team, all-league honors, but league rules allow only four Tecumseh team members the honor.



RON SMITH

Dan Hall shot an 86 to finish up the playing for Tecumseh.

Saturday, the Indians carded a 357, 41 strokes worse than at the league meet, Lumen Christi, a team the Indians beat twice in the regular season, won the State Championship.

Smith took top honors for the Indians, shooting a fine round of 77. His 38-39 score included a triple boogie and he finished third overall in the state.

Zettle carded a 90 at the Saskaton Golf Course in E. Grand Rapids, while McDonald hit 94 and Scheuerman finished with a 96.

JH Football

Tecumseh Junior High football is winding down another intramural football season.

The year began with 125 boys playing on five different teams. At present there are 90 boys still participating on two heavyweight and three lightweight teams.

This year the heavyweight teams (beginning at 110 lbs.) coached by Mr. Lawson and Mr. Poley, played two games. Each team won one game. Then the coaches put all the boys back together and chose new teams to play two more games.

The lightweight teams, coached by Mr. Crocker, Mr. Palmer, and Mr. Duritsky, also play four games, two each against the other teams.

The boys are playing tackle football with full equipment and get the chance to play on the high school field with hired officials. This gives them the opportunity to familiarize themselves with the game of football and learn some of the basic rudiments of the game which is the goal of the junior high program.

Having intramural teams allows a larger number of the boys to participate and then hopefully a larger interest in created that would not otherwise be there.

Final Meet

Clinton Cross Country team lost its final dual meet of the season to Manchester by a 25-36 score Thursday.

Veterans Tom Nighswander and Matt McNeil looked impressive, capturing first and second place respectively. Tom's time was 16:44, Matt ran 16:51 over the three mile Manchester course.

After that the lack of depth and inexperience that has hurt the Redskins all season showed up again as Manchester captured the next nine places.

Mark Arquette was 12th (18:55), Mark Rochowiak was 13th, (19:43) Don Krauss was 14th (20:40) and Steve McKay was 17th. Clinton finishes 1-5 in the LCAA and 1-9 on the season.

JV's Win

The Clinton JV football team defeated Grass Lake Thursday 34-26.

Clinton trailed 20-0 early in the second quarter, but rallied to tie the score at 26-26 with less than two minutes left to play.

Jeff Bowman then broke off guard for a 60 yard TD run and Tim Moore added the extra two points on a pass from Tony Rady for the final 34-26 win.

1 Win, 1 Tie

The Britton JV football squad beat Whiteford this week 28-6, but tied the final score up with Summerfield last week, 16-16.

Against Whiteford, Tracy Gibbs gained 92 yards rushing and had one TD and one extra point. Mike Gonzales had 62 yards rushing and two TD's and Gegg Nothdurft gained 54 yards and accounted for one Tory TD.

Last week, Gibbs had 77 yards and one extra point, Gonzales had 49 yards and one extra point and Jim Schroeder had 47 yards and one TD.

The Tories are now 5-0-1 with their last game of the season on Oct. 27 at Whitemore Lake.

BHS Tied for 1st

Britton's Tories continued on their rampage Friday night as they met previously undefeated Whiteford at Ottawa Lake and left with a sound 55-20 victory.

The loss slips Whiteford to 4-1 in the league and ties the top slot up with the Tories and Deerfield, also with 4-1 Tri-County marks. Madison is in fourth place at 2-3.

The Tories scored seven times while piling up 20 first downs, 401 yards rushing and 60 Yards in the air. Quarterback Chris Kimerer went three for five in passing.

Whiteford had 10 first downs, 185 yards rushing and 35 yards in the air on two completions in seven passing attempts.

John Montalvo ran for two of Friday's TD's, the first of the evening from 20 yards out and the fourth of the night from three yards out.

Kimerer also connected on passes with end Greg Fanslau for two Tory scores, a first of the [illegible] the To[illegible] Fanslau hauled down the second Britton TD from 26 yards out and scored the sixth Britton TD from nine yards out in the third quarter.

Jim Slatick also scored twice that evening on his way to the game leading 203 yards. Montalvo added 107 yards rushing and David Bruce had 65.

Slatick scored the third Tory touchdown on a seven yard run and the last visiting TD of the night with a 66 yard run in the last quarter.

David Bruce scored the fifth touchdown for Britton on an eight yard run just before the first half ended.

On defense, Bruce, Wally Armstrong and Montalvo all had good games.

Lose, 21-0

Grass Lake scored twice in the second quarter and once in the last quarter Friday night to hand Clinton a [illegible] loss.

The stats were nearly even in the game, but each team getting 10 first downs. The Redskins had 170 yards rushing and zero in the air while Grass Lake had 93 yards on the ground and 84 in the air for 173 yards total offense.

But while the stats were even, the breaks went to Grass Lake as Clinton turned the ball over twice in the first half.

With 10:27 left in that first half, a Grass Lake guard first picked up a Clinton fumble and ran 43 yrds into the end zone.

Then Grass Lake came right back and blocked a Clinton punt on the Redskin's 18 and the Grass Lake quarterback took the ball in from the one yard line four plays later.

Grass Lake's sole drive came in the last period and covered 54 yards in 12 plays with their quarterback again sneaking over from the one for the six points. Each extra point kick was good Friday.

Chuck Kilgore led the Redskin's balanced offensive attack with 50 yards rushing in 10 carries.

Boys 2nd, Girls Finish 3rd Overall

Tecumseh hosted the league meet Tuesday with the boys cross country team taking second place and the girls fifth.

Scott Betzoldt and D.J. Biscupski each grabbed all-league, first team honors with fifth and seventh place finishes respectively Tuesday.

Betzoldt's time was 15:57 and Biscupski ran the three mile course in 16 flat for the Indians.

Scores then dropped off for the Indians as Nick Osborn made the all-league, second team [illegible] 14th place finish at 16:46.

Ben Binder was 15th at 16:49 and Tim Day was 22nd at 17:13.

Overall, Airport won the meet with 56 points and took first in the league. The Indians were second in the meet with 63 points and finished second in the league.

Anne Smoke captured first team, all-league honors for the girls on their way to a fifth place finish in the meet and they tied for third overall in the league with Grosse Ile.

Smoke ran a 20:02 Tuesday race and finished sixth overall. Karen Egli was 16th for the girls with a 21:05 time and Nancy Comfort was 20th at 21:45.

Leslie Oliver finished 26th at 22:22 and Jill and Jody Smith finished 28th and 29th at 23:28 and 23:35 respectively.

Thursday the runners traveled to New Boston Huron and both teams scored a win.

The boys won 22-37 behind the first place finish of Betzoldt at 16:11. Biscupski was six seconds behind for second [illegible]

Osborn finished in fifth with a 16:44 time. Binder was sixth at 16:49 and Day was eighth at 17:20.

The girls won 18-38 with Smoke finishing first for the THS team at 20:35. Egli finished in second place at 21:32.

Finishing fourth for the Indians was Comfort at 22:42 and JillSchmidt Fan fifth with a 22:43 score. Oliver ran a sixth place time of 23:42.

All the runners compete at the regional meet Saturday at Sturgess

Cards of Thanks

We would like to express our appreciation to all those who helped us in this time of sorrow with the passing of Andy Woodward. Particular thanks go to Ken and Dorothy Pieh and all those who sent food to the house. Also thanks to the Rev. Allan Gray for the services and the Tecumseh United Methodist Church women for the luncheon for our family.

Will Decorate Community Center

CLINTON — Historical Society of Clinton has again been asked to decorate the Community Center for the annual Chamber of Commerce Christmas Walk, Sunday, Nov. 25.

Mrs. Charles Helgren suggested using the "Year of the Child" theme for the decorations. Committee named for the project will be Mrs. Helgren, Mrs. Robert Way, Mrs. Otto Strauss and Barbara Bower.

Mrs. James Chellman requested someone to discuss Clinton's history with her 35 Girl Scouts. Mrs. Bernham Fraley volunteered to do this.

Mrs. Martin Scott reported on finding some old newspapers and ledgers in the Dave Arnold attic, which pertains to Clinton history. The items have been turned over to the Society.

Carl Woodward, Jon Bowles and Ben VanDeMark were thanked for their work on the miniature Union School house replica, and presented with jars of maple syrup in appreciation.

Volunteers are being sought to work on furnishing the miniature school rooms.

The stained glass has been restored in the Smith-Kimball Community Center, a project initiated by the Society, and completed by the cooperation of the Center Board and others.

Next meeting will be Nov. 15.

Choir Works to Raise $20,000

CLINTON — Clinton high school Women's Chorale is seeking to raise $20,000 by next spring in order to participate in a chorus competion in Hawaii.

Project to raise the funds includes a work program this fall.

Off jobs of babysitting, car washing, yard raking, or part-time jobs by businesses are being solicited by the young women.

Persons who hire the girls may set their own fees for payment.

To hire one or more members of the chorale, call 456-4336.

Shell Station Is Robbed

CLINTON — Wildwood Shell Station, Tecumseh Rd., Clinton, which has only been open for a few weeks, was the scene of an armed robbery, Oct. 20 at 7:15 p.m.

John David Thomas II, the attendant told Clinton State Police and local police officers, that he was working alone, when he was approached by a white male, who demanded the money at gunpoint.

Taking some $400-500 in cash, the robber fled in a dark blue late model Thunderbird with a tan top, and carrying Ohio plates, headed toward Tecumseh.

A subsequent road block failed to turn up the suspect.

Thomas described his assailant as a white male, 5'5" to 5'9", wearing a dark blue, baggy windbreaker, and with blond-brown hair.

Shamrocks Plan Dinner and Party

CLINTON — Shamrock Senior Citizens will meet Nov. 1 for crafts, games and cards at 10 a.m.

There will be a special pre-Thanksgiving potluck dinner at noon, with the turkey furnished.

At 12:45 p.m. there will be featured Mid-Eastern dancing by Kathy Fisher of Onsted.

Shamrock Senior Citizens will meet for a Halloween party Oct. 25. Costumes optional. Games and prizes will start at 10 a.m. at the Smith Kimball Community Center. Soup will be served at noon. Stan Gibbard will be the speaker at 12:30 p.m.

Treated at Hospital

CLINTON — Paul Keith, 46, 206 Clark St., Clinton, was treated at Herrick Hospital for minor injuries received when his vehicle struck the rear of an automobile driven by Edna Barker, 40, of 9103 N. Union St., Tecumseh.

Mishap occurred on US-12, 300 ft. east of Matthews Hwy., on Oct. 19.

Clinton State Police investigate the accident.

Book Fair at Library

CLINTON — The Clinton Elementary Library will have a Book Fair Dec. 3-7 in the Clinton Elementary School.

The fair will be open the night of the Dec. 3 PTO meeting and will continue through that week.

Virginia Proctor, librarian, announced that the Walden Book Store, Adrian, will supply the books. They can be purchased on the spot, so that children will be able to receive them at that time.

The profits will be used for library materials.

An advisory board consisting of staff members Bemy Basinger, Mary Lancaster, Arlene Schroeder, Virginia Clark, Mark Houghton, and Principal Margaret Bless will assist the librarian in the selection of these materials.

Joy Raczkowski and Norma Zimmerman are also assisting in the library this year.

Mayor Stroll Plans to Leave

CLINTON — Although he has not submitted a formal resignation as yet, Mayor Clayton Stroll informed Clinton Village Council that the Nov. 5 meeting will be his last, since he and wife, Ruth, are moving to Leslie.

Stroll has lived in Clinton for seven years, and has served as the village president for nearly three full terms, six years, in April 1980.

Dr. Richard Dixon is mayor pro-tem. Next primary election is in February, and regular election in March. Procedure for filling the vacancy is being investigated.

Council voted to extend the wastewater treatment plant contract from Oct. 1979 to July 30, 1980, since road and outside ground work cannot be completed in December, when the plant is expected to be put in operation.

A rate increase is contemplated for electrical and sewer service, to be adopted at the next meeting on Nov. 5. Interested parties are invited to attend.

Rate increase is necessary because of [illegible] sewer plant and increased fuel costs.

Council discussed classification and wages for the new sewer plant employees.

Representative of Clear Cablevision of Redford Township was present to present brochures and information concerning the offer of Cable TV for the Clinton area. Council's future planning committee was asked to study the company's plan.

Fire Board recommended a sum of $2,800 be placed in next year's budget for painting of the interior of the fire barn. Council agreed.

Misses Curve Driver Killed in Accident

CLINTON — Donald L. Adams, 27, of 312 Edward J. Dr., Clinton, was killed instantly when he failed to negotiate a curve on US-12, west of Case Rd., in Saline Township, shortly before midnight, Oct. 16.

Adams was apparently traveling at a high rate of speed, when his westbound car ran off the roadway on the northside and struck a utility pole, then went down into a ditch and sideswiped some trees.

Saline Rescue unit was called to pull the driver from the vehicle, where he was pinned.

Clinton State Police investigated the accident.

Adams, formerly of Ann Arbor, had no relatives in the area. He had recently moved to the Clinton address where he was a roomer.

VOTE NEXT TUESDAY

5 in Race for Three Council Seats

Tecumseh city residents will go to the polls next Tuesday, Nov. 6, to elect three Council members, each for two-year terms. It's the only issue on the ballot.

Since only one of the candidates is an incumbent, there will be at least two new members, beginning in January 1980 when the terms take effect.

Harold E. Easton, 55, mayor of Tecumseh for 16 of his 20 years on city council, is the challenged incumbent.

Two of the other four candidates have sought public office before. They are William Frownfelder, 54, manager at Ace Drill in Adrian and currently chairman of the Tecumseh Civic Center Study Committee, and Michele A. Worley, 33, chairman of the Tecumseh Historic Commission.

Richard Montcalm, 32, Tecumseh Junior High School assistant principal and Sandra S. Casper, 38, homemaker and mother, active in school affairs, are the new political challengers.

The two council members who are not seeking reelection are Aden Mead and Len DeMoss. Mayor Mead announced last January that he would not seek election after serving six years on council, two years as mayor.

Len DeMoss resigned two months ago when he moved from the area after serving four years on council.

Polls for Tuesday's election are located at the Tecumseh Community Center and Tecumseh Fire Station. They will be open from 7 a.m. until 8 p.m.

Absentee ballots, voted outside the clerk's office, will be available at city hall at 309 E. Chicago Blvd. until 2 p.m. Saturday. Absentee ballots voted in the clerk's office will be available until 2 p.m. Monday.

Five Respond to Questions

1. List name, age, address, occupation, community activities. How long a Tecumseh resident?
2. Why are you seeking office?
3. What are your priorities for the city of Tecumseh residents expressed to you?
4. What concerns about city government have Tecumseh residents expressed to you?
5. What have you done to familiarize yourself with the role of council member and city operations?
6. What do you think is the biggest challenge facing the city of Tecumseh in the next two years? What contribution would you like to make?

SANDRA CASPER

1. **Sandra S. Casper**, 38, 411 Seminole Dr.; mother and homemaker. Resident for 32 years. Graduated from Tecumseh High Schol in 1958. Attended Jackson Business University. Secretary-bookkeeper in local manufacturing concern for 11 years.

Husband, Jim, is an accountant and computer services manager with Schippers, Kinter & Robertson, Certified Public Accountants. Daughter, Sally Ann, age 9, attends Patterson Elementary. I am active in school affairs.

2. I am seeking the office of council because I am a highly ambitious and energetic person with the determination and endurance to achieve a positive goal.

I have the time and ability to evaluate the issues and to take a sincere interest in listening to the needs of the voters.

HAROLD EASTON

1. **Harold E. Easton**, 55, 701 Center Court; Retail gasoline dealer - 34 years.

Community activities: Mayor, 16 years; Councilman, four years; Tecumseh volunteer fireman, 34 years; Herrick Memorial Hospital Board of Trustees, 22 years;

Past President Rotary Club; Member First Baptist Church; 4-H Leader; Tecumseh Masonic Lodge; American Legion Underwood-Orr Post 34; former county supervisor.

Tecumseh resident: 43 years.

2. I believe with my knowledge and experience in city government, this will enable me to make significant contributions to the city government and the community.

3. My major priority is to continue to provide the services of local government to the people without increased taxes.

WILLIAM FROWNFELDER

1. **William Frownfelder** 54, 809 River Acres Dr.; manager Ace Drill Corp.; Present activities: Civic Center Study Committee chairman, Tecumseh Players, United Presbyterian Church elder, Tecumseh volunteer fireman, Tecumseh Masonic Lodge, Lenawee County Shrine Club;

Past activities: Town Meeting Organization -chairman, city planning commission, Little League baseball, Boy Scouts, 4-H Club. Tecumseh resident 26 years.

2. I am seeking a seat on the city council because I have the time to devote to the office and feel I am qualified for the job. I have been active and concerned about our community for a long time, both through structured organizations or as an individual citizen.

3. I don't believe in setting priorities as such because I think the need at any given time will and should decide which course of action is best.

RICHARD MONTCALM

1. **Richard Montcalm**, 32, 408 Seminole Dr.; assistant principal, Tecumseh Junior High School. Tecumseh resident for 7½ years.

Active member, Tecumseh Kiwanis; active member St. Elizabeth Church; charter member Orchard Terrace Housing Corporation for proposed non-profit senior citizen housing; Past chairman for Community Fund; past chairman for Michigan Week, education activities.

2. I saw a need for someone who was concerned to put forth time and effort for the people of Tecumseh. As a former summer part-time employee of the city, I have always been interested in the workings of Tecumseh's city government.

At this time I feel I have the time, and certainly the concern, to devote to doing a good job.

MICHELE WORLEY

1. **Michele A. Worley**, 33, 710 W. Chicago; Tecumseh resident, six years.

Currently an active volunteer in local governmental and community organizations, such as treasurer, Tecumseh Area Historical Society; co-chairman, Promenade The Past Tour; chairman, Preservation Commission, member of Historical District Study Committee; member Tecumseh Hospital Auxiliary.

Past instructor Washtenaw Association For Retarded Children; finance clerk University of Michigan.

2. I am seeking office because I have a genuine and sincere interest in Tecumseh. I want to protect and preserve the values which are associated with and present in our small community.

Adults Invited To Aid Police in Youth Group

Adults are invited to an information meeting Tuesday, Nov. 6 at 7 p.m. at city hall to learn more about formation of a Law Enforcement Explorers Scouting Group.

Tecumseh Police Department will sponsor the scouting program designed to give boys and girls, aged 14 through 19, some exposure to law enforcement as a career.

Tecumseh Police Chief Merlin Mowery said that interested adults are needed to serve the Explorer Scouts and police sponsors as an advisory council. The adults advisors may also provide support such as transportation.

Through a high school survey, about 30 young people previously expressed interest in forming such a scouting group.

Tuesday's meeting for adults will be in city council chambers Interested adults are urged to attend.

4 Are Elected New Directors of Chamber

Terry Casteel, Robert Dubler, Doug Eggleston and Mike Volpi are the four newly elected members of the Tecumseh Area Chamber of Commerce board of directors.

They will be announced to the chamber at its board meeting Thursday, Nov. 1 at 7:30 a.m. at Don's Beef Buffet.

Included on the agenda will be the 1979 Christmas promotion.

Fund Campaign Needs HELP!

"Help" is the plea this week from the Tecumseh Community Fund Drive.

The fund is reporting only 60 percent of its $94,745 goal in the fourth week. Drive concludes Nov. 6, next Tuesday for the 20th anniversary of the fund.

Readers are reminded that over 90 percent of the donations are directly returned to Tecumseh and Lenawee County service agencies

"Every contribution counts," reminds drive chairman Roger Proctor.

This year, due to inflation's impact on families, several smaller contributions from people, especially from first time donors, will be appreciated. Together, these smaller contributions can help offset the difference in reaching the Tecumseh Community Fund goal.

Payroll deductions earmarked for Tecumseh instead of with the general plant fund, can help make it easier for employees to give the gift they want over a longer period of time. Such contributions will also help the fund meet its goal.

DIVISION	GOAL	PLEDGED	PERCENT
Industrial	$53,000	$32,525	61
Commercial	12,500	9,407	75
Professional	3,500	1,845	53
Schools	5,000	3,835	77
Residential	2,350	1,850	78
Public			
Employees	1,650	778	47
Special Gifts	16,745	6,950	42
Total	$94,745	$57,190	60%

Last but not least, "We ask those who have already given to reconsider their gift and perhaps fill in for those that find inflation harder to cope with," said chairman Roger Proctor.

Paul Hohenstein Retires as Products Treasurer

Paul C. Hohenstein, treasurer and an officer of the Tecumseh Products Company for over 25 years, has retired, effective the end of October.

He came to Tecumseh in March 1954 from Detroit, where he had been associated with the Hudson Motor Car Company, and before that, as assistant treasurer of Copco Steel Company.

Mr. Hohenstein became treasurer of the Products at the time that the late Ray Herrick announced several corporate changes, including Mr. Herrick's resignation as president of the company and the appointment of the late Joseph E. Layton as his successor. Mr. Herrick continued as chairman of the board.

In 1954 he also became a member of the board of directors, and in 1971, he became a corporate vice president. He will continue to serve as a director.

Besides serving on the board of Herrick Memorial Hospital for over 20 years, Mr. Hohenstein's memberships and activities have included the Tecumseh Country Club, Tecumseh Club, Grosse Point Yacht Club, Detroit Boat Club and the Masonic Lodge and Lenawee Shrine Club.

Receives 'Tribute'

Approximately 100 Tecumseh and area residents attended State Representative Jim Hadden's town hall meeting last Thursday night at the high school in what had to be judged a successful venture for the state legislator.

It may have been a first here for any elected state official to conduct such a meeting. Hadden has another town hall meeting this Thursday evening at Morenci and will be in Blissfield the night of Nov. 8th.

Before addressing the residents and responding to a number of questions from the audience, Rep. Hadden gave Scott Fenner a "Special Tribute" from the State of Michigan for saving his sister's life in a home accident.

Scott, 13 years old on June 22, 1978, carried his sister, Dina, to a

Local Police Complaint Resume

Alcohol related incidents and vandalism again have dominated the Tecumseh police report for the past week. There were four arrests due to alcohol and three complaints involving vandalism.

Resume is:

Oct. 24 - Ricardo Calzada, 28, of 907 Murray, was picked up for violation of probation.

Oct. 26 - Jeffrey D. Goetz, 21, Clinton, was arrested for driving on a suspended license.

Oct. 26 - Robert A. Feriend, 30, of 4219 Haviland Court, was arrested for driving while license was suspended.

Oct. 26 - Gregory B. Hyatt, 19, Britton, was charged with being a minor in possession of alcohol.

Oct. 26 - Norma L. Myers, 415 W. Chicago, reported a window broken at her home.

Oct. 28 - John C. Sigg, 18, Jenison, was observed crossing lanes of traffic on E. Chicago Blvd. He was stopped on Rogers Hwy. and charged with drunk driving.

Oct. 28 - Sharon R. McCombs, 26, of 733 S. Union, was stopped on S. Evans St. and charged with drunk driving.

Oct. 28 - Albert S. Blake, 24, of 104 W. Pottawataime, was stopped on W. Chicago Blvd. for speeding and then cited for drunk driving.

Oct. 29 - Joan Wallace, 1006 Murray, reported her mail box damaged.

Anthony W. Helms, 21, Britton, was picked up on a warrant arrest for contempt of court.

Oct. 29 - Tania M. Chessor, 18, of 216 E. Kilbuck, was arrested on a warrant for failure to appear in court.

Oct. 30 - George J. Moralli, 48, of 5503 Macon Rd., was arrested for violation of probation.

Oct. 30 - Vale Venia, 9833 Tecumseh-Clinton Rd., had estimated damages of $600 to her car.

Accidents Are Minor

All four traffic accidents on city streets the past week were minor, except for one in which a three-year-old suffered minor injuries.

Friday, Charles H. Lanz, 38, Petersburg was driving the wrong way on E. Shawnee and struck a northbound auto driven by Brenda L. Miller, 37, of Clinton, on N. Ottawa at Shawnee.

Lene S. Miller, 3, suffered minor injuries. Lanz was cited for driving the wrong way.

Two other accidents occurred Friday, including one which killed a deer. William L. Hannibal was on E. Chicago near Rogers when a deer ran in front of his vehicle. The deer, dead at the scene, inflicted damages to Hannibal's car.

'Kate' Enchants Tecumseh Audience

by KATHY BROWN

"Kiss Me Kate", the musical comedy currently offered by the Tecumseh Players, is a musical masterpiece with music and lyrics by Cole Porter.

You'll surely recognize the haunting melody and lyrics of "So in Love Am I", the zippy transition tune "Too Darn Hot" and pick out a few favorites from the evening's repertoire, performed by the capable Helen Bendes musical director.

You're peepers and ears will op'n up when Marty Bagdon belts out "Another Op'n Another Show." And if Marty's spirited voice doesn't get your attention, the legs in the chorus certainly will.

Members are Donna Andre, Bobby Bradley, Lisa Bush, Beth Cornfort, Becky Hite, Richelle Marks and Dianne Marsh.

"Kiss Me Kate" is a play within a play. It is based on the Taming of the Shrew by Shakespeare. "Off stage," the plot is about a romance that never died between Fred Graham, played by Jim Bone of Tecumseh and his former wife, actress Lilli Vanessi, played by Betsy Graham.

"On stage" Fred is Petruchio, an opportunist suitor who vows to tame the shrew, Katharine, played by Lilli, and win her dowry.

Betsy Graham of Deerfield is enchanting as the female lead Lilli. She is no stranger to Tecumseh audiences who have heard her lovely voice in such roles as Julie Jordan in "Carousel" at the Croswell. You can really see the fire in her eyes when she sings "I Hate Men".

Jim Bone as the male lead portrays the role of Fred Graham with a romantic charisma. Jim's talent has been showcased in the Detroit area.

Their combined stage experience sets the tone for a polished performance by the Players for which you can still make reservations for Thursday, Friday and Saturday.

Bob Schulz and Jo Ann Dalgard are the audience's favorite comedy duo as the gangsters that look out for the big boss' financial interest in the production.

Heather Beatty of Tecumseh proves her acting and singing skill as she has grown from the role of the ingenue into the role of Lois Lane, an actress with a resume that includes some off-stage experience.

Reavis Graham as Bill Calhoun is her current love interest.

He is not as convincing as the gambler that signs his director's name to a $10,000 debt, but he excells as Bianca's handsome suitor, both in manner and voice.

Heather and Reavis join with Dr. Carlton Cook and Claudio Gonzales for a winsome quartet "Tom, Dick or Harry," in which Heather, as Bianca, Katharine's younger sister, yearns to be married. The number is a decided audience favorite.

There are other Players' favorite in character roles:

Howard Furry of Tecumseh portrays Lilli Vanessi's fiance and is appropriately stuffy and stodgy.

Guil Rothfuss makes a cameo appearance as a "cabbie", a trademark from a former play.

Dick Lewis as Baptista, Katharine and Bianca's father, is a bit too mechanical and therefore somewhat disappointing in this performance.

Others contributing to the evenings entertainment are Don Maschino as stage manager and Bobby Bradley, stage doorman.

The costuming department should also take a bow for a colorfully coordinated show. And where would it all be without the tech crew, working quietly and smoothly backstage.

In all, it seems the Players are polishing up their act in preparation for moving into the new Tecumseh civic facility which will hopefully be next year.

As an enjoyable prelude to your evening of family entertainment, you should catch Al Bender on piano at Don's Contented Sole Thursday, Friday and Saturday before the show. Al combines the best of old and new tunes and makes the ivories and Old English atmosphere come alive.

Is It Important To Attend A Funeral?

Yes, it is, and for a variety of reasons.

First, it shows you care. Your being there is appreciated by the members of the family. You can help just by offering to help and meaning it. By attending the funeral, you help share the grieving - and grief-shared is grief-diminished.

Of course, if you were out of town or incapacitated during the funeral period, your not attending is understandable. In such a case a telegram, letter or phone call helps the family understand your plight.

Visiting the bereaved to offer your assistance and condolences is proper conduct. In fact, many mourners may feel it your **obligation** to observe this custom out of respect for the family or friendship for the deceased.

If you fail to observe these simple social amenities, you may be unintentionally cutting your ties with the family of the bereaved. It behooves you to attend, to visit, to console the bereaved.

If your brand new car is 'totaled' will your insurance company pay you for a brand new car?

Some insurance companies think a new car is a used car the minute you use it to drive out of the dealership. Not Auto Owners.

With Auto Owners, if you have an accident anytime within 90 days and your new car is a total loss, we'll pay you the total cost of your new car. And with Auto Owners, your new car is covered immediately, automatically, under your previous policy.

So if you're about to get a new car, talk to us at Auto-Owners. Maybe you should get a new insurance company, too.

Flint-Frownfelder Exchange Vows

Michelle Lorraine Flint and David Perry Frownfelder were married by the Rev. Edmund Watkins in the First Presbyterian Church, Oct. 13. The bride is the daughter of Kay Russell, Water Wheel Estates, Clinton.

MR. and MRS. DAVID FROWNFELDER

The groom is the son of Mr. and Mrs. William Frownfelder, 809 River Acres Dr., Tecumseh.

The bride was escorted to the altar by her brother-in-law, Roscoe Flack of Clinton. She wore a white full-length dress styled with layers of lace cascading from the waist, and a bodice featuring a square neckline edged in ruffled lace.

Her finger-tip length veil was held by a sequined Juliet cap. She carried a cascade of baby's breath, and fall flowers.

Mrs. Roscoe Flack, sister of the bride, was maid of honor.

Bridesmaids were Margene Frownfelder and Mrs. Terry Lighthall, sisters of the groom.

Becky Flack, niece of the bride, was the flower girl, dressed as a miniature bride.

The attendants wore velour princess style jumpers in maroon, gold and brown, respectively, and they had white lace blouses. Their gowns were made by the bride.

Best man was John Frownfelder, of Toledo, Ohio, brother of the groom, and the groomsman was Douglas Spade, Adrian. Ushers were Terry Lighthall, Tecumseh, brother-in-law of the groom; and Steven Barkway, Adrian, and Lothair Hardesty III, Union Lake.

The reception was held at the Peerless Gear Union Hall, Clinton.

The bride is a 1972 graduate of Ann Arbor-Huron High School and is employed at JoAnn Fabrics, Adrian.

The groom is a 1970 Tecumseh graduate and he is news director of WLEN Radio, Adrian.

The couple will reside in Adrian.

Engagement of Julie Ann Aten to Dan L. Exelby is announced by her mother, Mrs. James Mull 2420 Occidental Hwy., Adrian. Her father was the late Robert Aten. Bride-elect is a 1977 graduate of Tecumseh High School and is employed as a nurses aide at Herrick Hospital. Mr. Exelby is the son of Mr. and Mrs. Willard Exelby, 205 N. Main St., Britton. He is a 1975 graduate of Britton High School and is employed at Cap Beverages, Adrian. Wedding is planned for fall of 1980.

MR. and MRS. JAMES KORSNACK

Bahamas Retreat for James Korsnacks

St. John's Episcopal Church, Clinton, was the setting for the wedding of Andrea Marie Phillips and James Joseph Korsnack, Sept. 29.

The Rev. Russell J. Cooper performed the ceremony.

Parents of the couple are Mr. and Mrs. Alvah H. Phillips, 212 W. Cummins St. and Mr. and Mrs. James D. Korsnack, Temperance.

Mrs. Geraldine Easton was organist.

Given in marriage by her father, the bride wore an empire gown, with long lace sleeves, scoop neckline and a skirt ending in a flounce and a train. She wore an opal necklace and her mother's engagement ring.

The bridal bouquet was a nosegay of white carnations, white roses and blue forget-me-nots.

Rosanna S. Cook, of Toledo, Ohio was maid of honor in a royal blue Qiana gown. She wore a fresh flower comb in her hair and carried a nosegay of white daisies, blue tipped carnations and yellow roses.

Identically gowned, the bridesmaids were Alison A. Phillips, of Tecumseh, sister of the bride; and Susan Byrne, Ann Arbor.

Best man was Steven T. Dermer, Toledo; Thomas Korsnack, Temperance, brother of groom; Kenneth Symington, Cincinnati, Ohio; and Douglas Kalvin, Houston, Texas.

Reception at the church Lyster Hall was attended by 135 guests. Assisting at the reception were Emilee Hillman and Mrs. Shirley Hillman, cousins of the bride; Mary Hooseman, Mrs. Jan Wilson-Bunge and Mary Eovald.

Bride received a BS from the University of Michigan in April, and is presently attending the University of Toledo studying nursing.

Groom received a BA from Columbia University and an AMBA from the University of Michgian and is presently employed for Arthur Anderson of Toledo.

Rehearsal dinner was held at Don's Beef Buffet.

Upon their return from Nassau in the Bahamas, the newlyweds are living at 3161 Northwood, #33 Toledo, Ohio, 43606.

News From The Tecumseh Chiropractic Life Center

101 S. Pearl Tecumseh

Dear Doctor:

What can chiropractic do for people who suffer from grand mal epilepsy seisures?

Epilepsy is a disease of the nervous system. The brain stores energy which is released as impulses flowing along nerves to all parts of the body.

In a grand mal epileptic attack, large amounts of energy are released uncontrollably all at once resulting in spasms and convulsions throughout the body. Following this burst of energy, the body is exhausted and in a stupor, or a period of relaxation usually follows.

In time, through Chiropractic adjustments of the spinal column, the epileptic can have proper nerve transmission restored from the brain to the body.

The chiropractor will carefully examine the patient for spinal subluxations, which is a vertebra out of place, that may be pinching or irritating nerves causing problems within the body. Then s(he) will skillfully and gently align the patients spinal column to alleviate the nerve pressure and allow the body to heal itself.

For further information on this question, or if you have other related questions, feel free to call 423-7360 or write Dr. Elwartowski at 101 S. Pearl St., Tecumseh, MI 49286.

Seniors Plan Craft Sale

Tecumseh Senior Citizens will have a Craft and White Elephant Sale Nov. 8 and 9 at the Tecumseh Community Center from 10 a.m. to 2:30 p.m. both days.

Proceeds will go back into the senior citizens program at the center. There is no admission charge. Browsers are welcome.

A variety of handmade items, including crocheted crafts, ceramics and potholders, will be available. These items will make ideal Christmas stocking stuffers, the seniors suggest.

'Grandparents' Are Sought

The Foster Grandparents program is seeking someone in the Onsted area to work with children with special needs.

Senior citizens are also needed to work with the mentally retarded and physically handicapped.

Persons must be 60 years of age and willing to work four hours a day, five days a week. Benefits include an hourly stipend which is tax free, a hot meal provision and mileage reimbursement.

For more information, readers may call Cindy Stock or Jean Ausderau, 263-8831, ext. 364.

WIN BIKES — Christine Perry and Brian Carlson are two happy children this week after winning the girl's and boy's bicycles from the United Savings Bank's grand opening drawing Oct. 20. Also pictured are Dave Robinson and Mary Jane Winzler, office manager of the newly opened Russell Rd. branch. Other winners in the drawing were Mr. and Mrs. Louis Machan, M.R. Robinson, Catherine Bartenslager Ruby Trettin and Bonnie Brooks.

FIRST ALBUM — Ron Jordan of Tecumseh made his first record of his original country songs, "Gotta Find Peace of Mind" in Nashville, Tenn, with Nashville musicians. Flip side of the record is his song, "Just as Long as You'll Let Me." Album cover was photographed in Adrian's Island Park. Jordan has been singing for 14 years and playing in a band, Night Moves, along with Roger and Randy Austin, also of Tecumseh. Jordan has a wife, Donna, and two children, son Perry and daughter Danielle.

First Christmas Bazaar

Welcome Wagon will hold its first Christmas Bazaar Nov. 17, from 9 a.m. to 6 p.m. at the Tecumseh Community Center, 703 E. Chicago Blvd.

Thirty participants will sell a variety of items, such as, decorated eggs, coopercrafts, quilted items, dolls, dough art, metal sculpture, sketches, handpainted china, pillows and Christmas decorations.

Exhibitors will be coming from various parts of Lenawee County as well as from Ann Arbor, Monroe, Toledo, Dayton and Columbus, Ohio.

Organizations participating are Boysville, Child Study Club, Assembly of God Y's and the Lions Club with a Sight Mobile.

General chairperson of the bazaar is Luisa Calkins. Publicity is being handled by Chris Huss and Tina Woltil.

Refreshments will be available at minimum charge.

Call Tina Woltil for more information 423-4539.

Campaign Starts at Junior High

Several activities are happening at Tecumseh Junior High School, reports student council advisor Stan Legenc.

Eighth graders have started their campaign for class elections.

Though the election will actually be held among eighth grade class members, the entire junior high school is participating in a simulated national election with campaign speeches at a general assembly, posters, vote wooing that will culminate in the primary and general election.

The 23 members of the student council are sponsoring a canned food drive for Associated Charities of Lenawee County.

Cans are to be brought to the school before Thanksgiving, when they will be distributed to families in need throughout Lenawee County, by Associated Charities.

Students will participate in a T-shirt day Thursday, Nov. 1 with a prize for the "neatest" T-shirt school-wide.

Superb Sound will provide the music at a junior high school Thanksgiving dance Nov. 16. Student council is sponsor for the event.

Hadden Draws 85 at Town Hall Meet

Essential insurance legislation, recently passed by the State House of Representatives will benefit all Michigan residents, State Representative James Hadden R-40th district told about 85 residents who attended a Town Hall meeting Thursday night in Tecumseh.

During the meeting — the first of three scheduled in different quarters in the district over the next few weeks — Hadden also explained the legislative process; encouraged citizen participation in shaping new laws; and discussed numerous issues with local residents, including the state's bottle bill.

The meeting was held at Tecumseh High School.

Hadden was eager to explain essential insurance legislation. The measure passed the house in a closed vote just a few days before.

A former insurance man who sits on the house insurance committee, Hadden helped to draft the legislation, and played a large role in pushing it through the house.

"I think the passage of this bill is a victory for the people of Michigan," Hadden said. "Now, insurance policies will be available to virtually every auto owner and home owner at reasonable rates. Sex and marital status will no longer have an impact on the rates that people pay for their insurance, either."

Hadden explained that the measure will eliminate most "redlining" — the practice by some insurance companies of refusing to insure certain companies of refusing to insure certain potential policy holders because of where they live — and remedy many of the defects in the state's present no fault law.

He noted that good drivers will still receive fair rates under the legislation.

"All insurance companies will have the option of establishing 20 territorial base rates, he explained. "The maximum discrepancy in rates between any two policies in the state can only be 125 percent, however, the difference in the rate between neighboring territories cannot exceed 10 percent."

One citizen at the meeting drew applause when she praised the state's bottle bill.

Hadden agreed and said he believes Ohio — whose border is just 20 miles from the building where the town hall meeting took place — should also pass similar legislation.

"The bottle bill has worked wonderfully in our state," Hadden said. It has cleaned up our roadsides and enabled us to save valuable resources through recycling.

Since the law has worked so well in our state I would like to see it enacted in Indiana and Ohio as well.

Other issues discussed included workers compensation; wetlands; public employees right to strike legislation; reorganization of Blue-Cross Blue-Shield; the revamped juvenile code; the financial crises in Wayne and Bay Counties; welfare reform; and a possible tax checks.

Hadden will conduct another town hall meeting Thursday, Nov. 1 in the Morenci High School cafeteria beginning at 7:30 p.m.

Auction Brings $300 to Coffer

Welcome Wagon held its third annual service auction and bazaar Oct. 20.

A variety of handmade items and services were auctioned off to the members by Mary Ann Bone and Patsy Littlefield.

The auction was organized by ways and means chairperson, Luisa Calkins. The auction receipts totaled $301.

Money earned by the club is donated to various civic and charitable causes.

The hostesses for the evening were Shirley Mansdorfer, Janet Morgan, Sandy Ellison and Marlene Petry.

A pumpkin decorated by Pat Nicholson was given as a door prize to Linda Casteller.

Welcome Wagon's next general meeting will be Nov. 15 at 8 p.m. at the United Savings Bank - West Chicago office.

Nancy Feldkamp of R-Bon's will give a cosmetic demonstration. A turkey raffle and blind raffle will also be held.

Readers who are new to the community or know of anyone who is, may contact Patsy Littlefield, 423-2035, for further information about Welcome Wagon.

$800 Raised for UNICEF

Dear Editor:

Thank you Tecumseh for being so generous this past week. We collected $800 for UNICEF which will go a long way towards helping the world's poorest children.

They rely on our community and thousands like it across the country for the funds which UNICEF translates into good food, basic health are, education and clean water.

A special thanks to the Tecumseh Kiwanis Club and the Kroger Co. for furnishing the hot dog lunch to our UNICEF Trick or Treaters and drivers.

Sincerely,
Joyce Manwaring

Assistant Cashier
If you asked Nancy why she likes her job, she'd tell you that it's because of the people . . . customers and co-workers. Banking is a service industry. If you don't like people, you're in the wrong field. We think Nancy Fraley has found her niche at United Savings Bank.
Nancy is Branch Manager at the Herrick Park office. She's been in banking a long time. She came to USB after 14 years at National Bank and Trust in Ann Arbor. Why did she re-locate after all that time? Because the Tecumseh area is where Nancy, husband, Ralph and their family live. It's home.
At United Savings Bank, we think we can serve you a little better when you know us a little better. So get to know Nancy Fraley a little better. She's just one of the hard-working people at USB who cares about you.

Three Travel to State Meet

Scott Betzoldt, D.J. Biscupski and Anne Smoke qualified for state competition Saturday as the Indians competed in the regional meet at Sturgis.

The Indian boys finished fourth in the meet behind Holt, Lumen Christi and Charlotte. The top three teams from each region go as a team to state competition and the indians just happened to be in the region with three of the top four rated teams in the state this year.

The runners from the top three teams are then taken out of the standings, and the next top 10 runners from the region earn the right to run in a separate individual race for state honors. Here Betzoldt, Biscupski and Smoke qualified.

Betzoldt finished 11th for the Indians with a 15:57 time. Biscupski finished 18th at 16:15.

Nick Osborn was 29th at 16:45, Ben Binder was 43rd at 17:10, Tim Day was 54th at 17:25, Kirk Jubenville was 60th at 17:32 and Steve Dangler finished 82nd at 17:59.

Jackson Northwest finished in first in the girls' division with Tecumseh finishing 10th in the 19 team field.

In the girls' division, the top five teams go to state competition and then the top 10 girls travel to the individual state race.

Smoke finished 19th for the girls with a 20:13 time.

Karne Egli was 37th at 21:08, Linda Oliver was 69th at 22:48, Jill Schmidt was 75th at 23:05 and Jody Schmidt was 95th at 24:30. Mary Smoke finished 100th.

State competition is Nov. 3 at Spring Lake.

FIFTH — The Tecumseh girl's cross country team finished in fifth place in the league Anne Smoke qualifying for the state finals coming up this Saturday. The girl's squad this season included front l-r; Karen Egli, Jill Schmidt, Nancy Comfort, Mary Smoke. Back l-r; Anne Smoke, [redacted] Oliver, [redacted] Coach Young. Not pictured is Julie Zettle.

Youth Topple Pins for Lung Disease Donations at 10 Pin

Additional funding for a summer camping experience for asthmatic children will be the goal as area children topple pins for pledges at Ten Pin Bowling Lanes, Nov. 10.

Darwin Creger is the chairperson for the "Bowl Down Lung Disease" event, which benefits the American Lung Association of Michigan.

Students who bowl in any junior bowling division are eligible to participate. Sponsorship forms for young bowlers are available from the coach at the lanes. Bowlers should seek as many sponsors as possible to base a pledge on the number of pins scored.

Three trophies will be awarded to top fund raisers in each league.

The event will help to fund the American Lung Association of Michigan's programs in adult and child lung disease, smoking and health, environmental health, professional education and research, and in particular, the camp for asthmatics.

For further information about the event, call (313)955-1030 or Ten Pin Lanes.

SECOND — The Tecumseh boy's cross country team finished their season in second place last week. Among the athletes in this year's squad are front l-r; Dale Bohannon, Tim Day, Scott Betzoldt, Nick Osborne, Ben Binder. Back l-r; Mike Stormes mgr., Rick Smoke, Fred German, Kirk Jubenville, D.J. Biscupski, Steve Dangler and coach Young. In Saturday's regional competition Betzoldt and Biscupski qualified for state finals to be held this Saturday.

Clinton Finishes Football Season Winless

The hapless Redskins went down for the last time this season to the Dutchmen from Manchester. The 29 to zip score however does not adequately reflect the effort expended by Clinton's intrepid eleven. Freshman Bob Zimmerman gave an outstanding account of himself defensively with 11 tackles to his credit.

The rest of the defensive squad, the goal line defense in particular, made the Dutchmen work for their points for the first three touchdowns, all three of which were scored on brutal one or two yard drives to paydirt.

In the last quarter an aerial attack from the flying Dutchmen netted them another TD and in a last desperate drive the Redskins pushed to the 11 yard line but were unable to banish the zero from their side of the scoreboard.

Britton Blasts Whitemore Lake, Shares Title with Deerfield

The Britton Tories clinched their share of a first place tie in the league Friday night against Whitmore Lake 46-12. Britton went into the game 4-1 in the league, tied for first place with Deerfield. Had Deerfield not defeated Whiteford that same night, the Tories would have had first place to themselves, but of course Deerfield had a way of spoiling things for the Tories.

Jim Slatic led in the ground gobbling with 211 yards gained in 15 carries. Slatic slipped into the end zone twice for the Tories with two extra points to his credit. David Bruce added more than two-cents-worth to Slatic's tally with 87 yards gained in 10 carries and two TD's to his credit. John Montalvo abetted the rushing game with 70 yards in six attempts and one TD. The last indignation was administered to Whitmore by Brad Rowe with his nine yard sprint to paydirt.

Chris Kimerer, the Tories' quarterback, deserves a large measure of credit for his team's success not so much for his ground gaining ability but for his organization of the offense and good faking ability. Through his slight-of-hand with the pigskin he has more than once drawn off all pursuit to allow the carrying back a clear road to glory.

The defensive game was as well played as the offensive game. Dave Bruce and John Montalvo were the leading tacklers with 12 apiece followed by Chris Bart with nine and Greg Fanslau with eight. The defense held the Minutemen to only 154 yards gained compared to 382 yards gained by the Tory offense. The Tories found it unnecessary to punt during the entire game.

The Tories now stand on a 7-1 record overall and will play North Adams at home Friday.

Indians Bow Out in League Finale to New Boston, 28-6

The Tecumseh Indians had their scoring opportunities Friday night, but they just did not take them as New Boston Huron rolled out 343 yards on the ground on their way to a 28-8 win.

Friday's game was Tecumseh's last Huron League game, with the 1980 season opening up in the SEC. Friday's loss slips the Indians to a 2-5 mark in the league to finish seventh in the eight team league.

Huron scored first Friday night as the Indians fumbled on their third play from scrimmage following the opening kickoff. New Boston took possession on the 50 and took the ball in for a score on a three yard run.

Huron scored again in the first quarter, this time following an Indian punt from the Tecumseh five yard line. The punt traveled 15 yards and Huron had little trouble taking the ball in from 20 yards out.

The Indians threatened twice in the second quarter. The squad first drove to the one foot line of Huron, but then fumbled away to New Boston.

The Indians then forced Huron to punt from the 12 yard line and Andy Geshwiler blocked the attempt to give the Indians the ball back at their five yard line.

Tecumseh attempted four passes to score, but all fell incomplete and the score remained 12-0 at half.

Huron scored in the third quarter after the Indian's held New Boston after the opening kick. The Indians drove to the 14 yard line and then a Tim Todd aerial was intercepted and Huron drove the ball 86 yards for a TD, scoring on a final 46 yard run.

Huron then kicked to the Indians and Tecumseh's drive led to a score this time with Geshwiler going the final two yards for the score. Kevin Salter's two points after run was good.

The Indians marched 64 yards on 14 plays in that drive with the big play coming on fourth down from the Indian's 43. Tecumseh faked a punt and Salters hit Dave Duhan on a 32 yard pass for a first down.

Huron took the Indian's kick and marched down the field for the final score of the game.

Offensively, the Indians had 12 first downs, 32 yards on the ground and Todd was 11 of 30 in the air for 141 yards.

Huron had 21 first downs with 343 yards on the ground and they were four of nine in the air for 17 yards.

Defensively Scott Schafer, Duhan and Jeff Butler led the team in tackles.

The Indians host Harper Creek Friday, their last game of the season. Harper has temporarily replaced Adrian on the schedule and boasts good size and a 4-4 record.

Varsity, JV's Lose

Tecumseh's girls basketballers had a tough week as the varsity and JV's dropped two games each.

Thursday, the varsity lost 51-40 to Flat Rock with Donna Bohannon dropping 12 points in the basket in the Indian's losing cause. Kris McDonald, Rose Lytle and Kathy Kruger balanced out the scoring with eight points each.

Flat Rock controlled the inside game on the girls while Tecumseh chipped away at the basket from the outside and kept within one at half, 29-28. Then the girls got in foul trouble or fouled out and the Rams went on to easily outscore the local girls 10-2 in the last quarter for the win.

The JV's lost 30-20 and found the team in immediate trouble after scoring only three points the entire first half.

Their second half was better with 17 points, but not nearly enough overall as turnovers and bad shooting percentage cost them the game.

Tuesday, the varsity hit a hot 50 percent from the floor against rival Monroe St. Mary, but took only 26 shots as Monroe won 54-31.

The Indians were bothered by the Monroe press and fast breaks and never could catch up after they found themselves down 26-10 at half.

High scorer for Tecumseh was McDonald and Kruger with eight. High rebounders were McDonald with 11 and Bohannon with eight of the team's total 30.

The JV's lost their Monroe game 43-35.

They were down 26-11 at half, but then closed the gap to four points with two minutes left in the game. Monroe took over, however, and made the young Indians turn the ball over, and take bad shots to go down for the final loss.

Kim Creswell led the Indians scoring with 10 points. Tracy Walters added six.

The varsity is now 4-9, 3-6 in the league. JV's are 5-8, 5-4 in the league.

CHS Ends Season

Clinton's cross country team participated in the LCAA League meet Wednesday at Wolf Lake and moved up a place in the standings by finishing fifth.

The team had finished sixth in the dual meet standings.

Tom Nighswander and Matt McNeil both earned All-LCA honors by finishing in the top 10 places. Tom was a repeater on the all-league team from last year.

Tom finished third in 17:19.

Other Clinton runners were Mark Arquette 34th, Mark Rochowiak 37th, Steve McKay 42nd, and Don Krauss [redacted].

Addison took top LCAA League honors.

Saturday at regional competition at Hudson, Nighswander finished 23rd with a 17:40 time and McNeil was 39th at 17:58. Neither qualifed for state competition.

Susie Joins CMU Practice

Susie Brown, a senior now at Central Michigan and daughter of Lois and Rod Brown, returned to the Mt. Pleasant basketball team this last week for tryout practice.

Susie plays point guard for squad and is looking forward to helping improve last season's 10-7 record.

BM Tories Split

In basketball action Tuesday night the Britton girl's team rolled to an easy victory over Sand Creek after falling behind in the first quarter 8-7.

The Tories outshot the Aggies 48 percent to 29 percent and rebounded 26 to Sand Creek's 23.

High scorer for the Tories was Jody Smith with 21 points followed by Jamie Smith with 10.

The girls from Britton did not fare as well in their non-league game Thursday against Grass Lake. The game was dominated by the Tories until the fateful last minutes when two late baskets dashed the Tories' hopes.

A low percentage from the free throw line hurt the Britton effort. They could hit only a cool 50 percent of their foul shots.

Jody Smith again led the scoring attack sinking 23 followed by Jill Smith with 19.

The loss puts the Tories at 9-4 overall.

Redskins Now 4-2

Clinton's girls basketball team upped its league record to 4-2 overall mark to 5-6 with two victories last week over league foes Blissfield and Morenci.

At Blissfield Coach Bob King started his second team and they performed well, holding the Royals to a 0-6 first quarter lead.

The first team played excellent defense and shut out Blissfield during the second quarter. However, the Redskins could only mark three of 25 shots and they led 12-9 at halftime.

Clinton came out with a full court press and scored 10 straight points to grab a 26-14 lead starting the fourth quarter. Substituting freely Clinton went on to win 34-24.

Senior co-captain Barb Winder led Clinton in scoring with 14 points, thanks mainly to Renee Peterson's fine passing and seven assists.

Clinton out-rebounded Blissfield 47 to 24 as Winder led all rebounders with 14.

The Redskins traveled to Morenci last Thursday and came home with a 35-28 victory.

Both teams started slowly and were tied 7-7 going into the second quarter. Pressure by the Redskins caused Morenci into several turnovers and Clinton played good defense to lead 19-12 at intermission.

Each team scored 16 points during the second half as both teams were hurt by cold shooting, turnovers and fouls. Clinton wound up with a seven point victory over Morenci 35-28.

Winder and Carrie Merillat tied for scoring honors with eight apiece. Brenda Cark added seven. Winder and Cark led the rebounds with seven each.

New Smoking Policy for Patients

Herrick Memorial Hospital enacted a new smoking policy for patients, effective Nov. 1, 1979, consistent with the recommendations of the Public Health Department and the Joint Commission for Accreditation of Hospitals.

No smoking will be allowed in bed by any patient. No smoking will be allowed in any semi-private room.

Patients in semi-private rooms will be allowed to smoke in patient lounges as their conditions permit.

Patients will be allowed to smoke in private rooms, as long as they do not smoke in bed.

Other provisions of the smoking policy which have always existed, but will be enforced consistently include the fact that visitors are not, nor have they ever been, allowed to smoke in patient rooms.

This dates back to a 1975 policy, but it was poorly enforced because so many patients smoked in their rooms.

Employees will also follow existing smoking policies with greater care. The smoking policy states that visitors and employees may smoke only in the following designated areas: patient and employee lounges, the cafeteria at designated tables, conference rooms and private offices.

Reasons for the change in the patient smoking policy and the consistent enforcement of the existing policy for visitors and employees include the fact that for safety reasons, patient smoking in bed is a fire hazard and strictly forbidden by the hospital's regulatory agencies.

Another contributing factor is the number of patient transfers to facilitate smokers sharing rooms with smokers, and non-smokers sharing rooms with non-smokers.

A number of patients have become upset when they were moved for this reason. Perhaps the most important reason involves the fact that as a health institution, and the hospital has a responsibility to the community to promote good health practices, said hospital officials.

"The hospital board, administrative personnel, medical staff, and nursing personnel sincerely hope that the public will accept and perhaps even welcome this decision which was made with the best interests of the many "publics" we serve taken into consideration," said a hospital statement. "Your cooperation and patience is solicited and will be appreciated as every courteous attempt will be made by the hospital staff to expedite the acceptance of the new smoking policy."

Monday Club Lunch

Seventy members and guests attended the annual fall luncheon of the Tecumseh Monday Club Oct. 1 at St. Peter's Episcopal Church.

The luncheon was served at individual tables decorated with the symbols of fall. A large basket of fruit and vegetables, flanked by candles centered the officer's table.

Arrangements for the tables were designed by Marie Creger, Cecile Smith and Frieda Sisson.

Naomi Sallows, president of the club, welcomed the guests and introduce the officers for the coming year.

They are first vice president, Geraldine French; second vice president, Ann Waterman; recording secretary, Miriam Nixon; treasurer, Vera Driffill and corresponding secretary, Shirley Dibble.

The program was conducted by the Past Presidents of the Club. Nine past presidents were introduced by Julia Titley.

Mrs. Titley presented a brass quintette composed of Randy MacGeorge, trumpet; Keith Beasley, trumpet; Pete Vavrinek, french horn; Ann Russell trombone and Mike McCann, tuba.

Helen Sisson then introduced the speaker, Jon Young of Lansing. Young, a graduate of the U of M, acquired his first teaching job in the Tecumseh Schools in September 1936. He spoke about humorous experiences.

Southeastern District meeting will be Oct. 17 at the United Methodist Church in Adrian. Also the Club will have its color tour Oct. 18 and visit the Eckrich Packing Plant near Quincy.

The transportation committee, headed by Elizabeth Wilson, ask that members meet at St. Peter's Episcopal Church at 9:30 a.m.

Thru My Window

BY MARDA GENE DUNCAN

Well, at least it didn't happen as soon as usual. Often when I make a definite statement about why something is or is not done, Mother Nature's kids contradict me the next day. This time they waited a week to challenge one statement and ten days for another. So you see, I am gaining on them.

The first cocky and adamant remark was something to the effect that most of the birds who trek southward in the fall were long gone and the ones we perhaps missed the most were the robins. Nothing wrong there, we had not seen any robins for many, many weeks and we did indeed miss them.

Then came that dark and dreary Friday with lots of wind and occasional rain showers. After a late breakfast and before I was sitting up in a reading position, I suddenly noticed that the trees and bushes out of the south window were absolutely alive with rather large dark birds.

Large in comparison to the chickadees, tufted titmice, and upside-down white-breasted nuthatches who had breakfasted with us.

The way they were flocking to the barberry bushes and Prettyman's large beautiful cottoneater made me first think of cedar waxwings. No, they were too large with too long tails, too dark and not upright enough. I called Mom.

She went to the front window and immediately announced that we were invaded by robins. My bed was rolled half way up and I could see what she meant. The yard and road as well as everything else were alive with milling birds. How exciting.

We can only figure that this was a late departing group from north of us. They "fueled up" on the ripening berries and, I suppose, juicy insects scratched up from under the fallen leaves. As for size and color they were definitely larger and darker than our usual robins.

The dark day could possibly have accounted for some of the color but I seriously doubt that it was an important factor. I would quicker think that what we were watching was the visible proof of the old axiom that birds near the northern border of their territorial range are apt to be darker and bigger.

Now come the chipmunks. I said we still saw them on warm sunny days which was true. Some days after dictating we enjoyed a marvelous stretch of almost unseasonably warm and sunny days.

The chipmunks visits were few and far between; however, when a weather front flew through and brought a dark dreary day, very windy and with a shocking drop in the temperature, that was the day we had chipmunk action galore.

And, as with all of our chipmunk watching, there were new things to discover. When one was harvesting corn, hanging on to the cob with all four feet and wrenching off kernel after kernel we were surprised to see that his stiff bristly tail was almost prehensile. It did not actually grasp enough to pick up an object but it certainly wrapped around the curve of the corn cob enough to give support. Also leverage.

Then we started noticing a confrontation between the chipmunk and bluejays. The little guy hurriedly filled his cheek pouches with first sunflower seeds and, when the trays were empty of these big flat seeds, turned to corn.

Two jays were loudly squawking and making quick harrassing visits to the near-my-window feeders. They were meant to be harrassing but, in actual fact, the chipmunk was only moderately worried.

Finally we realized that the birds were far more interested in the fat cheek-pouched tiny animal than the bill-of-fare the food trays offered.

We can't be sure, of course, but after watching the action off and on most of the afternoon, it almost seemed that the bluejays were following the chipmunk. Could they have been staking out his cache, getting ready for a raid?

Usually the chipmunk's pantry is in little side rooms off the main underground tunnel but this tiny character was taking a new route, he was running just under the edge of Diepenhorst's creek bank. Could he have been careless enough to merely scratch through the leaf mold and deposit his treasures where conceivably a bluejay could help himself?

Time will tell — or maybe it won't.

Invited to 'Bananas'

The public is invited to a performance of "Bananas" at the Croswell Opera House, Adrian, on Nov. 9 at 9:45 a.m. and 12:45 p.m.

"Bananas" is a live musical production of the Southern Educational Theatre of Biloxi, Miss. It specializes in Vaudeville song, dance, music and comedy.

Presentation is by the Junior Town Hall through the Detroit Institute of Arts Detroit Youtheater touring program.

Usually students in the county schools fill the opera house to capacity but due to scheduling quirk, Nov. 9 is an inservice day when school will not be open.

A neighborhood party including pre-schoolers, mothers and fathers is suggested. Tickets are available at 263-5674.

Fine Arts, Crafts Tea

Lenawee County Federation of Women's Clubs is sponsoring its second annual fine arts and crafts tea at the First United Methodist Church Nov. 29 on Maple Ave., in Adrian.

Women from the Tecumseh area will be attending.

Public is welcome from 11 a.m. to 4:30 p.m. Coffee, tea, sandwiches and cookies will be served beginning at 11:30 a.m.

Exhibitors should call Opal Schwyn, 263-5088. Proceeds are for music scholarships.

City Council Candidates Respond to Questions

Sandra Casper

3. My priorities for the city of Tecumseh would be to maintain our rich heritage and charm of the past and progress to insure future growth for our upcoming generations.

4. The concerns about city government that Tecumseh residents have expressed to me have largely been regarding city developments; proposed senior citizen housing, multiple family dwellings, maintaining and beautification of community facilities.

5. A resident of 32 years has made me aware of city operations. I have attended council meetings and public hearings. Adept reader of local newspapers, city charter, land use plan. Listening to residents of our community and also past councilmen express their opinions.

6. The biggest challenge facing the city of Tecumseh in the next two years is to carry out the goals and objectives of the land use plan.

The contribution I would like to make would be to evaluate the issues that arise and determine policy which would enhance our city. We have a unique community here in Tecumseh. It would be a challenge and an opportunity to be a part of the governing body of the city.

Harold Easton

4. The only recent concern that has been expressed to me is the lack of local based ambulance service. I believe we have a moral obligation to provide this service to the citizens of Tecumseh. Surely, a solution will be forthcoming.

5. I have studied the city charter thoroughly. I attend council meetings faithfully and discuss problems with the City Manager. To further enhance my knowledge of city government, I read publications from The Michigan Municipal League and have always made myself available to the public to hear its concerns at any time.

6. The biggest challenge facing the City of Tecumseh, is to continue city services without increased taxes. I am against a tax increase, but I know this will be extremely difficult in the face of the inflationary trends.

As I see it, this can only be done by broadening the tax base. This can be accomplished by attracting new business, industry and multiple housing construction in appropriate areas. This type of development increases the tax base without need for expense or added city services.

I would continue to make available to business and industry, city land at a fair price and grant legal tax relief to those qualified.

William Frownfelder

The objectives or goals, if you will, which I see as needing attention are three-fold.

First, I want to see the new civic center structured so it is well organized with a vigorous, active operating committee. I believe the time for appointing the committee is now. The council has established the ground because of my past involvement in the program, I can help shape policies necessary to make this building the real asset it can be without an undue burden on the taxpayers.

The next objective is the safety of our citizens and their property. A strong, responsive police force properly backed and respected should be maintained.

Lastly, I think our recreation department needs and should have more direct citizen input. An advisory committee could aid greatly in formulating the type and extent of activities the city wants and will support.

4. The biggest concerns expressed to me by many Tecumseh residents lies in my objectives. Beyond these is a real underlying concern of funding the present services being enjoyed by us now.

The cost of government is high and we must be fully aware of these costs. We must also realize that whether we like it or not, local government bears the brunt of the so called "had enough tax" syndrome, because is the only direct area of rejection most of us have.

We must give the best we can for the lowest possible cost.

5. I have been familiarizing myself with problems now under consideration by attending meetings, talking with council members and city officials. I can see no real problem of moving into an active council member but am always open to suggestions.

6. Generally speaking, I think Tecumseh has much to be proud of and a great future ahead. I think I can and want to contribute to the betterment of our city. I welcome the support and assistance of everyone and know I can do the job the people of Tecumseh want and need.

Richard Montcalm

3. I feel that housing for the elderly, controlled city growth, and more community activities are all key issues.

4. Basically the same as in three above — that is housing for elderly, more recreational activities for all ages, and planned city expansion.

5. As previously mentioned I was a city employee for four summers and so have already worked with many of the people in city government. I've spoken with several present council members, as well as the city manager and assistant manager concerning the responsibilities of a council member.

Planned city growth, which would include attracting new businesses, promoting adequate housing for the elderly, new home development, and continuing high quality city services.

I am willing to listen to all sides of a story, garner all the facts possible, and make decisions accordingly. I will make myself available to city residents to hear their opinions before acting on major issues.

Michele Worley

3. My first priority for Tecumseh is to provide the residents with the unbiased representation they expect and deserve from their city government. I am prepared to devote whatever time and energy required to accomplish this objective.

My second priority is to insure decisions made by council are truly responsive to the needs and interests of all our residents and can be financially managed in a period of ever increasing inflation.

4. Specific concerns expressed to me by Tecumseh residents include: the current trash collection system; the proposed public housing project development; vandalism at city parks; increased city taxes without increased or improved city services.

If elected, I am prepared to explore whatever action necessary to resolve these issues to best serve the residents of Tecumseh.

5. I have been a candidate for council in the past. I have been active in community affairs since moving to Tecumseh and I am currently chairman of an active city commission. I am thoroughly knowledgeable of the role of council member and city operations.

6. The biggest challenge facing the city of Tecumseh in the next two years is inflation. The ability of city government to continue to provide services at least equal to present quality without raising taxes to the point that many of our residents will be unable to pay. Only outstanding leadership in the coming months can insure such hardships from becoming a reality.

I advocate growth and progressive government, but not at the risk of taxing our residents out of their homes.

I feel that new programs, projects and city expenditures should only be undertaken if our residents are genuinely willing to pay for them. My job as councilman will be to voice those concerns and act accordingly.

A Vote for William Frownfelder for the Tecumseh City Council on Tuesday, November 6 Will Be Appreciated.

ABOVE ALL, PLEASE VOTE!

Thank You, Bill Frownfelder

Harold Easton Is Proud of Tecumseh

. . . AND WHAT OTHERS SAY ABOUT HAROLD EASTON.

Harold Easton has served the citizens of Tecumseh for approximately 20 years as their Mayor and Councilman. Not only does he have more knowledge about our community and its affairs than any other elected official, but he has made himself available to the electors when they have questions. He has been a friend and worker for all residents at the city government level. His experience and record can not be matched by any other candidate. For 20 years, he has been recognized as Tecumseh's outstanding leader.

Retired Teachers Visit Apple Hill

Twenty-four educators and guests of Alpha Delta Kappa, Beta Chapter, met at Apple Hill Oct. 10.

Apple Hill is the home of Mr. and Mrs. Milton Porter of Adrian.

This meeting was held in the Porter's one room school in special observance of Alpha Delta Kappa Week.

Juanita Becker acted as the teacher of the one room school. School was opened with the pledge to the flag, the Lord's Prayer, and singing of America.

Eleanor Roesch played the pump organ for groups singing. The group read the poem "October's Bright Blue Weather" by Helen Hunt Jackson.

Readings were given by Jeanne Belcher, Thelma Frayer, Jane Hill and Alice Raymond. Alice Raymond acted out the role of the truant school boy.

The total years taught by those present was found to be 720 years.

Milton Porter and Mae Hudson each taught 47 years.

Cider and donuts were served by a committee consisting of Evelyn Ludwig, Dorothy Price, and Irene Wisner.

Guests toured the fascinating home of Mr. and Mrs. Porter.

Beta Kappa has an afghan to raffle off Dec. 12.

The afghan was crocheted by Bertha Marrow.

The money raised will be used for a scholarship to a senior graduate entering the field of education.

A dinner honoring Frances Sapp was held Oct. 17 at the Country House.

Frances and Charles Sapp are moving to their northern home at Alger.

Frances was the first president and a charter member of Beta Chapter. She was presented with a gift from Beta Chapter.

Nov. 3 several members will attend a state president's council at Long's Convention Center in Lansing.

In Novemer the meeting will be held in the Big Boy Birch Room. Laurie Costigan will demonstrate Better Homes and Gardens' crafts.

Deployed to Mediterranean

Navy Signalman Seaman Brian T. Knight, son of Bob D. and Norma I. Knight of 302 Maple St., recently departed for a deployment to the Mediterranean Sea.

He is a crewmember aboard the ammunition ship USS Nitro, homeported in Earle, N.J., and operating as a unit of the U.S. 6th Fleet.

During the cruise, his ship is scheduled to participate in training exercises with other 6th Fleet units and those of allied nations. Port visits will be made in various Mediterranean coastal cities.

The Nitro is 512 feet long and carries a crew of 316 officiers and enlisted men. She is designed to provide rapid transfer of missiles and munitions to other ships and normally carries two cargo helicopters for replenishment.

A 1977 Tecumseh graduate, Knight joined the Navy in August 1977.

Plaques Tell Home's Story

Vistors and residents alike often comment how lovely the many older homes in Tecumseh are, but few people know much more about the homes than the fact that they are old.

The Tecumseh Area Historical Society has initiated a project to give old home admirers a bit more information.

Wooden plaques are being made to mount outside of the homes. The plaques will tell the viewer at a glance when the house was built, for whom, or in some cases, with whom the house is identified.

The sepia and dark brown plaques are free for the asking to owners of any area structure over 50 years old.

The plaque must be mounted on the exterior of the structure where it will be visible to passersby.

Those interested in receiving a plaque will need to know when the house was completed and for whom it was built.

"Promenade the Past" receipts have made this project possible.

Requests for plaques may be made to any Tecumseh Area Historical Society Board Members: Harvey Schmidt, Theresa Powers, Ray Puffer, Michele Worley, Patty Beardslee or Edna Smith.

If you're not certain about the information needed, the historical society may be able to direct you to a source.

Legion Auxiliary Holds Meeting

BRITTON — The Auxiliary to the Glenn H. Daykin's Post 155 of the American Legion of Britton held their second organizational meeting Oct. 23 in the Ridgeway Township Hall.

Ten ladies were present at the first meeting held in the school Home Economics room and the following were elected to hold offices for one year:

President, Mrs. Thomas Cadmus; vice president, Mrs. Daniel Wiemer; secretary Mrs. Carl Tiede; treasurer, Mrs. LaVern Weyher; sergeant at arms, Mrs. Laverne Eccleston; and chaplin, Mrs. Harold Osterhout.

At last week's meeting, Mrs. Ronald Mastie was appointed to serve as historian and Mrs. Paul Rowlands as publicity chairman.

The Auxiliary will meet the fourth Tuesday of each month at 7:30 p.m. with the meeting place to be announced later.

Membership chairman Mrs. Wiemer asked everyone to contact wives, mothers, daughters and granddaughters of the present Legion members as well as non-members who served in the Armed Forces during World Wars I and II, the Korean War or Vietnam War or Veterans of one of these wars who has died since honorable discharge from war service, or women who are veterans of those wars.

Anyone joining the group with dues paid in the next 30 days will become a charter member.

President Cadmus asked that each member come to the November meeting with ideas for a fund raising project.

Touch Calling Available Soon

BRITTON — Touch calling service for Britton telephone customers will be available by the end of October.

An addition to the Britton central office has provided 300 lines of touch calling equipment. The touch calling service will provide 10 push buttons instead of the conventional rotary dial on telephones.

"This $25,300 project is necessary to meet our customer's demands for touch calling service in the Britton exchange, and will ensure the necessary facilities for future request," said Les Moench Jr., division manager for General Telephone.

Church Women Hold Rally

BRITTON — The Lutheran Women's Missionary League of the Monroe Zone met at Emmanuel Lutheran Church, Oct. 25 for its Fall Rally with 130 women and pastors present.

Pastor Tom Trapp, host, had the opening worship service, based on the confession of faith and the singing of hymns.

Alys Miller welcomed the women to Emmanuel.

The business meeting was called to order by president Betty Gruber. She introduced guests, Helen Geinapp, president of International LWML and Viola Gruber, president of the Michigan District.

These women encouraged members to use mite boxes faithfully and pray that projects might be completed by 1981. Both women were presented with a corsage and given a standing ovation for being our guests for the day.

The Christian Growth Committee presented a skit and Bible study based on Galations 5:7-9.

After the meeting, luncheon was served in the dining room. Mrs. Lavelle Rehbert of Milan showed slides of a trip to New Guinea. Lavelle spent a month with an adopted missionary and his family this past summer.

The Rev. David Hollender, council, gave closing devotion on "Lord, Make Me an Instrument of Thy Peace".

The next rally will be April 24, 1980 at East Ida.

Mother-Daughter Tea

BRITTON — The annual Mother-Daughter Tea for the Britton Camp Fire and Blue Birds was held Oct. 14 at 7 p.m. in the school study hall.

The 100 persons present sat at tables decorated with fall arrangements. Fifth grade Adventure girls served the refreshments.

The welcome was given by Kristy Faust.

Nina Bower, president of the Leaders Association, led the Camp Fire blessing and also other group singing.

She introduced all groups, leaders, assistant leaders and sponsors.

The Blue Birds said the "Blue Bird Wish" and sang "Pretty Little Blue Bird." The Camp Fire girls sang the Camp Fire Law.

The entertainment was short skits.

"Oh! Bubble Gum" by the 5th grade girls.

"The Mortgage on the Cow" by the 6th grade girls.

One and only nose band playing "I'm A Little Teapot," by the 4th grade girls.

Dressed like a clown was their leader, Cindy Stutzman, who directed the nose band. "Oh! Where Has My Little Dog Gone" by the 9th grade girls with their leader Mary Crawford, also portraying a clown.

Nina Bower closed the evening with prayer. Table decorations wee given to 14 persons in a drawing.

Immunization Clinic, Nov. 5

BRITTON — The Lenawee County Health Department will hold an immunization clinic in the Kindergarten room at the Britton Macon school on Nov. 5 from 3 p.m. to 6 p.m.

Britton JVs Crowned Champs

Britton's JV football team was crowned the league champions for the second year in a row this week as they downed Whitmore Lake 34-12 for the title.

Leading rushers were Jim Schroeder with three TD's and 158 yards and Tracy Gibbs with 157 yards and one TD.

Gregg Northdurft added 40 yards rushing to the Tory cause and Mike Gonzales had 32 yards and one TD to his credit.

The Britton squad finished the season with a 6-0-1 mark.

Farewell to Bill

BRITTON — William (Bill) R. Kuster, for many years a businessman in Britton, has sold his home and recently moved into a retirement center in Cape Girardeau, Mo.

For 33 years from 1921, Mr. Kuster operated Kuster's Grocery in Britton, finally selling the business to William McElroy in 1954.

After a few months of retirement, he entered the real estate business. He first worked with the late Rev. Ozro E. Priest and later operated on his own.

For the past several winters, Mr. Kuster has been living with his son, Robert, a professor of biology at Southeast Missouri State Univesity, and his wife Margaret, in Cape Girardeau.

Each summer he returned to Britton where sister, Myrtle Hoadly, would also return to live with him.

This fall he moved into his own apartment in the newly-opened Chateau Girardeau Retirement Center. This modern center not only provides housing and meals but opportunities for recreation and pursuit of hobbies as well as immediate nursing care, if needed.

Mr. Kuster is 88, but is not the oldest resident of the Chateau.

Friends of Mr. Kuster may write him at, Apt. 104, Chateau Girardeau, Mt. Auburn Road, Cape Girardeau, Mo. 63701.

The Lighthouse Principle

Maybe few of us landlubbers ever thought about it, but those graceful old lighthouses were built on a firm and logical principle.

They assumed their light would be **seen** and **understood**. In fog ships did not see the light and many foundered on the shoals. Occasionally captains mistook the light for that of another vessel and sailing across its bow or stern they came to grief upon the rocks. Yet despite hazards of nature and blunders of man, lighthouses became the landmarks of our coasts.

Whenever in your travels, work or play, you see a church think of it as a lighthouse. Its gleam may not reach every soul. But it's there for those who **see** and **understand**.

It lights our way to port while keeping us off the shoals.

Mediator Hears Facts, Still No Agreement

CLINTON — At a meeting with the State Department of Labor mediator, Thomas Badoude, Clinton Board of Education and the Lenawee County Teachers Association, Oct. 22, no agreement was reached.

During the session, the board increased the base salary schedule from four percent of four and one-quarter percent. It also responded to all other economic demands of the union.

The teachers association gave no counter proposal.

The mediator, after hearing the facts, dismissed the session and scheduled another meeting for Nov. 7 at 5 p.m.

Runaways Steal Car

CLINTON — A 1979 Oldsmobile, owned by Richard Hug, a counselor at Raisin Macon, was reportedly stolen Oct. 18 at 4:15 a.m. by two runaways from the school.

The automobile was recovered in Flushing by Genesee County Sheriff's officers, who found one of the runaways sleeping in the vehicle. Gary Dagenais, has been returned to Boysville.

The other boy, Jan Kurtz is still at large.

Hug will press charges. Apparently the keys were taken from the counselors office.

Resort Forming Ski Patrol

Shamrock Valley Ski Area is now in the process of organizing a ski patrol under the National Ski Patrol System, Inc. - a nationally recognized safety and first aid ski patrol program; according to William J. McCartney, president of the new management corporation operating the ski area at the Irish Hills Sports Park.

McCartney indicated that under the efforts of Tony Caruso of Clinton a former ski patrol leader, a group of former ski patrol members gathered at Shamrock Valley on Sunday to discuss reorganization of a ski patrol.

Former members came from Jackson, Adrian, Clinton, and Toledo and Archibold, Ohio for the meeting which included a tour of current lift renovation work and discussion of patrol members recruitment.

Skiers, 18 years and older possessing a first aid certification and interested in helping one or two times a week should phone Mr. Caruso at 517-456-7329.

National Ski Patrol members receive free season passes for themselves and their families for their many hours of volunteer service to a ski area.

MR. and MRS. ERIC HALLADAY

Celebrate 50th

CLINTON — Mr. and Mrs. Eric Richmond Halladay, Clinton, were honored by family and friends last Saturday in celebration of their 50th wedding anniversary.

Catherine Walker and Eric Halladay were married in Highland Park Oct. 24, 1929, the Great Depression's infamous Black Thursday. The Rev. Ralph Crissman performed the ceremony at the Highland Park Presbyterian Manse.

The festivities Saturday included a reception and dinner at the Smith-Kimball Community Center, Clinton, hosted by Mr. and Mrs. William Kolb, Wadesville, Ind., and Mr. and Mrs. Richard Halladay of Bloomfield Hills.

The anniversary cake was designed by daughter-in-law Marie-Ann Halladay, and was cut by Mrs. Floyd Halladay, Clinton.

The invocation was given by son-in-law William Kolb. The Halladay's son, Richard Halladay, served as toastmaster; and their daughter, Patricia Kolb, was toastmistress.

The benediction was given by their five grandchildren, Michael and Kevin Kolb and Malin, Sara and Anika Halladay.

Following the reception and dinner, guests adjourned to the Halladay family home in Clinton for dessert and coffee.

Guests attended from Caseville, Redford, Port Hope, West Bloomfield, Farmington, Clinton, Detroit, Grand Rapids, Farmington Hills, Bad Axe, Lake Orion, Livonia and Novi.

Grand Lodge Hosts Guests

Carl Greenwald, grand chaplain of the IOOF Grand Lodge of Michigan and Archie Lindsay, past grand chaplain, were guests of the Tecumseh Rebekah Lodge #338 meeting held Oct. 23.

Greenwald, chairman of the Grand Lodge Kidney Machine Foundation, spoke to the members regarding the successful program instituted by the Grand Lodge a few years ago and the need for additional equipment.

Lindsay, a member of the Michigan Oddfellow and Rebekah Visual Research Committee told of the continuing work in this program and the need for funds to carry on this important program.

All Degree Day, sponsored by the Grand Lodges, will be held in Madison School, Adrian, April 12, 1980, with the Adrian Lodges as host.

Margaret Crowley, a patient in Herrick Memorial Hospital and Mrs. Mary Mitchell, a patient in Bixby Hospial, were reported ill.

A tentative date of Dec. 14 was set for the annual Christmas party of the lodge. The group will meet at a local restaurant for dinner at 6:30 p.m. and then retire to the home of Mrs. Donald Escott for a gift exchange.

Farewell Dinner for Kruchkow Family To Be Held Sunday

CLINTON — The Rev. Thomas Kruchkow, who has serve the Clinton United Methodist Church for two and one-half years, will move to Landis, N.C., where he has accepted a pastorate.

The Rev. Kruchkow suffered a heart attack in 1978, while visiting in the South, and he says his main reason for leaving is health.

The Kruchkow family includes, his wife Sally, and daughters, Ann and Kelly, and sons, Dan, Chris and Brian.

Mrs. Kruchkow has been active in the Learn Through Fun Nursery School.

During his stay here, the Rev. Kruchkow initiated a drive to expose drug abuse among school youth.

He also encouraged the move to restore a bell tower and cross atop the church, a project completed recently, when a metal replica of the tower was installed.

His farewell sermon will be Sunday, when the topic will be "The State of the Church" with potluck dinner following in honor of the Kruchkows.

Australia Is Theme of 'Tour' Program

Xi Delta Gamma Chapter of Beta Sigma Phi continued their 'grand tour' with a program on "The Down Under Country - Australia" given by Mrs. John Ellis at a meeting at the home of Mrs. Harry Newton recently.

Boysville Plans Antique Fest

Registration for vendors is now being accepted for the "Antiques and Old Fashion Festival" to be held June 14 and 15, 1980 at Boysville of Michigan at its central campus in Macon.

The address to register is "Antiques Festival, Boysville of Michigan Campus, 8744 Clinton-Macon Rd., Clinton, Mich. 49236; or call the Boysville Offices, (517)423-7431.

The two-day event hopes to attract some 400 antique and arts and crafts vendors in Michigan and from around the country to Boysville's 250-acre campus.

In addition, the festival will include ethnic foods, farmer's market, carnival rides, Monte Carlo room, auctioning and entertainment for children and adults.

Proceeds will benefit Boysville and its work with delinquent children.

Boysville of Michigan is a non-profit social service agency that cares for Michigan's "troubled" youth. Boysville's program serves nearly 200 youth daily in six locations throughout the state.

In addition to its central camps in Macon, Boysville operates group homes in Detroit, Ecorse, Saginaw and Alpena.

WELCOME WAGON BAZAAR — These artists will be among the 30 local and out of town craftpersons at the first Welcome Wagon Christmas Bazaar, Nov. 17 at the Tecumseh Community Center, 9-6 p.m. From left are Wes Stratton of Columbus, Ohio, a wire sculptor; Suzan Jordan of Tecumseh, quilter; and Jackie VanEerden of Ann Arbor, pen and ink artist. Refreshments will be available for a small charge. (PHOTO BY KATHY BROWN)

Music Club Serves International Fare

The October meeting of the Tecumseh Music Club was held at the home of Mrs. Lois Caterina.

An international potluck was served. The countries represented on the menu were Poland, Italy, France, Germany, Spain, China, South Africa, Africa, Netherlands, England, Switzerland, Hawaii and Early American.

During the business meeting, reports were given by Mrs. Fred Oberlin and Mrs. Wayne Hulett, delegates to the South Central District meeting of the Michigan Federation of Music Clubs, held in Milan Oct. 8, with the Milan Music Study Club as host.

At the morning session, the state president of the Michigan Federation, Mrs. George Rickey, presented a slide presentation of the many activities of the state and national federation.

The afternoon program was an interesting demonstration of the building of a pipe organ by Gerrold Adams, an organ builder of Milan.

With the use of slides, various organ parts and tools, one could begin to realize the skills and talents required in the building of so large and complex an instrument.

Following the club business meeting, Mrs. Edwin Walters told of her visits to Egypt, covering Cairo and Alexandria, the Great Pyramids, the Sphinx, Pyramids of Giza, (The pyramids were moved to a higher level to avoid inundation of the building of the Aswan dam) Valley of the Kings, and the Nile.

She displayed several articles from Egypt, including miniature camels carved from the bone of the leg of a camel, inlaid metal trays, a carved gold necklace and other pieces of jewelry.

Members of the Music Club who attended the district meeting were Mrs. Martin Halley, Mrs. Paul Hawkins, Mrs. Perry Haden, Mrs. Jerry McDougall, Mrs. Edwin Walters, Elizabeth Wilson and Lilah Wintersteen.

The Nov. 13 meeting of the club will be held at the home of Mrs. Allan Gray.

TOP WINNERS — Tom Wilcox, George Nakou and Russel McMichael receive top cash awards in the Operations Improvement Program from William H. Siegmund, (second from left), plant manager at Fisher Body, Tecumseh plant.

Three Win Points for Job Suggestions

Three top winners in the 1979 Model Year Operations Improvement Program were honored Sept. 27 at a special luncheon held at Fisher Body-Tecumseh Plant with William H. Siegmund, plant manager as host.

Tecumsehite Georges Nakou, supervisor-production, earned the primary program honor of "Supervisor of the Year."

Tom Wilcox of Dundee and Russel McMichael of Onsted, both supervisors-plant engineering department, were designated the first and second runners-up respectively.

Collectively, the three men submitted some 66 operations improvement recommendations which earned a total of 89 award points to qualify them for the top cash awards provided through the O.I. program.

The O.I. program is open to salaried supervisory personnel who are not eligible for the GM Suggestion Plan.

Speaker Discusses Nuclear Energy

Michael Pratt, a nuclear engineer from Bechtel Power Corporation, spoke at a recent meeting of Iota Epsion.

Pratt presented the positive aspects of nuclear power. He stated that nuclear power is the safest and cleanest way to generate large amounts of electrical power.

Due to the lessons learned at Three-Mile Island, the nuclear power generated electricity will be made even safer.

During the business meeting, plans were finalized for the charity ball Nov. 10 at Peerless Union Hall.

Hostess for the meeting was Pat Patten. Next meeting will be held in the home of Rose Gadd.

Speaker Shows Unusual Plants to Gardeners

The Tecumseh Garden Club met Oct. 19, at the home of Mrs. Harry Jobes on Red Mill Drive. Mrs. Marshall Coulter was co-hostess.

Joan Emery from Emery's Flowers presented a program and displayed unusual house plants.

New officers were installed by Mrs. Neil Pearson. They are president, Mrs. Merrick Dibble; vice-president, Mrs. Harry Hans; recording secretary, Mrs. Richard Lewis; corresponding secretary, Mrs. Edward Macbeth; and treasurer, Mrs. Gordon McKay.

Mrs. Henry Pyzik and Mrs. James Snediker were welcomed into the club.

Next meeting will be Nov. 16 at the home of Mrs. Harry Hans on Oxford Court with Mrs. Allen Gray as co-hostess.

Mrs. Robert Frye will have a program on edible flowers and recipes.

4-H Friends Seek Members

Fabulous Friends 4-H Club met in October at the Tecumseh Friends Church.

Plans for the November potluck and installation of officers were announced by Alice Stanley.

New officers were elected and 4-H winter projects were chosen. A committee was selected to make plans for a Christmas party.

Anyone interested in joining the group may call 423-5033 for more information.

Weekend Focus: Mission Work

Grace Lutheran Church, Maumee and Shawnee Sts., will hold special activities Nov. 3 and 4.

In its continuing celebration of its new facilities, the congregation and Pastor Kenneth Strack will focus on the work of missions, which it carries on together with other congregations of the Wisconsin Evangelical Lutheran Synod.

This work involves supporting overseas missionaries in 11 foreign countries, establishing new mission congregations in our country, maintaining schools for the training of pastors and teachers, and aiding other charitable and Christian work.

Present at the activities at Grace will be Pastor Ed Frey of Mt. Olive Lutheran Church, Detroit. He will preach in the Sunday services at 9:15 and 10:45 a.m.

Saturday evening, following a dinner beginning at 6 p.m., he will speak on the subject of mission work. He has served on the mission board for many years.

Nov. 4 at a 4 p.m. service, the congregation will be privileged to have the President of the Michigan District preaching, Pastor Waldemar Zarling of Benton Harbor. Following the service will be a dinner served by the Ladies Aid.

Friends of the congregation are invited to attend.

Local Members Are Officers

Two local women were installed as officers in the River Raisin China Painters at a recent meeting.

They are Mrs. Howard Heiden of Britton, corresponding and recording secretary and Mrs. Richard Burns of Tipton, treasurer.

PONY EXPRESS — Norman Jolliff, mounted on the horse, leans down to receive a "saddlebag" from Harry Stanifer, a "station agent" in the Tecumseh United Methodist Church stewardship campaign. Though actual horses will not be mounted in the campaign, the metaphor is used to illustrate a principal of teamwork among church members as they pledge their support of the church.

Express Run Starts Sunday

A second "run" of Pony route Express will get underway Nov. 4 at Tecumseh United Methodist Church with a "trail boss" breakfast and worship service.

An estimated 25 church members acting as trail bosses and station agents are expected for the breakfast briefing.

The Rev. Allan Gray, pastor, said church families on the Pony Express "run", will again relay stewardship saddlebags to gather "estimate of giving" cards.

Saddlebags and run route lists will be handed out at the breakfast by Eugene Cooley and Bill Crost, general managers of the stewardship campaign.

The relay of saddlebags among church members will begin immediately after the morning worship service, he said.

Each saddlebag bears the names of 10 church families. Each family fills in a giving estimate card, seals it in an envelope and inserts it in the saddlebag pouch and then hand-carries the saddlebag to another of the families on the route.

"We're excited because of the enthusiastic reception the Pony Express received at our church last year," Rev. Gray said.

The program develops a spirit of teamwork.

Each trail boss is responsible for supervision of the relaying of one saddlebag to 10 families. The trail bosses report periodically to station agents.

Station agents are: Doris Kronberg, Donald Judd, Harry Stanifer, Michael Krueger and William Davis Sr.

Trail bosses are: Mary Lou Ford, Rosemary Poley, Beth Hatch, Lila Davis, Jane Clark, James Curth, Polly Judd, Rosemary Walsh, Sandra Purchell, Robert Wood, Warren Peck, Kenneth Wright, Allen Silver, Charles Williams, Gerry Greene, Charles Reppert, John Frazier, Robert Miller, Sara Wagner, Brenda Walters, Robert Meads, Dennis Bowman, Lillian Schooley, John VanOrsdal and Barbara Records.

THE TECUMSEH HERALD

SERVING TECUMSEH AND AREA SINCE 1850

VOL. 129 OUR 139th YEAR—NO. 15 | THURSDAY, NOVEMBER 8, 1979 | FOURTEEN PAGES—25c

Many Apply for Positions on Boards Here

A few years ago, Tecumseh City Council had trouble filling vacancies for the Tecumseh Planning Commission and a number of other city boards and commissions. No one wanted to serve.

Monday night, however, Council was presented a list of more than a dozen applicants for these various city boards.

The sudden upswing of volunteerism has created a new problem for Tecumseh City Council. That is to come up with a method of selection.

Council postponed appointment of a planning commission Monday night to fill the unexpired term of June Stone, which runs to May 1982. Mrs. Stone resigned three weeks ago.

City Council decided to invite the seven planning commission applicants by letter to the next regular city council meeting Nov. 19, to get acquainted.

Planning commission applicants are Scott Adair, 315 W. Shawnee St.; Larry E. Ash, 1004 Park St.; Larry Beardslee, 505 W. Chicago Blvd.; David Lemerand, 1114 Jane St.; James Manley, 216 E. Kilbuck; C. Raymond Puffer, 513 E. Logan St. and Edward G. Webber, 212 N. Oneida St.

Of the 15 applicants for city boards and commissions, two persons — Beardslee and Puffer — said they would serve on any of the city's 10 boards.

Five persons specified interest in serving the planning commission.

Eight Specified the Civic Center Board, which council recently created to manage the Tecumseh Civic Facility, under construction.

Four volunteers specified interest in the Parks and Recreation Board.

The following people are also applicants and their interests:

Larry E. Ash, and Ronald Frenzen, 106 Democratic, parks and recreation.

Steven Cameron, 411 S. Pearl St.; John Frye, 204 Maple St.; Howard Furry, 906 Sunset Dr.; Polly Judd, 607 Blanchard St.; June Macbeth, 400 Outer Ct.; Robert E. Miller, 906 N. Union St., all civic center board applicants.

Nancy Hollenback, 400 Outer Dr., civic center or hospital boards; James Manley, board of appeals, park and recreation; Edward G. Webber, civic center, housing commission, parks and recreation.

Fund Tops Goal

Tecumseh Community Fund Drive has reached its goal of $94,475, announced 1979 drive chairman Roger Proctor.

Proctor said that final totals will not be available until next week because employee contributions from out of town plants are still being tallied.

"Thank you to everyone who worked on the drive and especially to those who contributed this year. Our percentage of contributers was down, but the amount given was higher. We appreciate all efforts."

$1.5 Millon Loan for Senior Complex OK'd by FmHA

Tecumseh's senior citizen housing project pre-application was approved for a $1.5 million mortgage loan and up to 60 rental unit subsidies, according to Gary Goodemoot, district director of the Farmers Home Administration office in Fowlerville.

Goodemoot said that this gives Tecumseh's non-profit senior citizen housing corporation, Orchard Terrace Housing Corporation, "the authority to proceed with its application" which will include final working drawings and specifications, management plan, construction contracts, etc.

Deadline for the application is four months. The Tecumseh housing corporation expects to receive a letter with details later this month.

The approval came 18 months after Tecumseh filed its pre-application.

Goodemoot explained that there is no guarantee of the money and subsidies, but "essentially we're holding the money for them for that project," he stated.

The $1.5 million mortgage loan will build a project of 50 units and is less than the $2.3 million mortgage loan that the Tecumseh housing corporation applied for.

The original project was for a four-story, 122 unit structure to be built on eight acres on Adrian and Pottawatamie Sts., a gift to the city for senior citizen housing only.

However, the project was scaled down to three-story, 100 unit building. One reason for scaling it down was that Farmers Home Administration had never approved any project over two stories, said Assistant City Manager Paul Preston, the city's liasion with the local housing corporation. A waiver for a three story project is expected along with the application details.

The Orchard Terrace Housing Corporation met Thursday, Nov. 1 at Tecumseh City Hall with 14 of 25 members present.

The group asked Preston to update operating expenses and construction costs for the project.

The corporation will meet to discuss new data Nov. 12 at Tecumseh City Hall. Jens Touborg is president.

Meanwhile, the housing corporation is awaiting a letter with more details from Farmers Home Administration about application procedures.

Preston emphasized that the housing corporation is not taking applications for senior citizen housing at this time.

Goodemoot said that only $4,355,560 in mortgage loans were allocated for the southeastern Michigan district with 13 counties including Genesee to the north and Hillsdale to the west.

Tecumseh's pre-application approval was about the largest in the district.

Goodemoot said that FmHA received $150 million in applications and pre-applications and was appropriated only $28 million in Michigan this year.

Masonic Temple Dedication Set for Friday

Dedication will be Friday, Nov. 9 for the new Masonic Temple at 700 Bishop Reed Drive.

The half million dollar facility will be the fourth home for the Tecumseh Lodge #69 F.&A.M., founded in 1854. Joining them in the new facility will be the R.A.M. #42, founded in 1866 and O.E.S. #51, founded in 1888.

Cornerstone ceremonies will begin at 4:30 p.m. Friday. Banquet will begin at 6:30 p.m. with dedication at 7:30 p.m. Reservations are closed.

When it was first chartered, the Tecumseh Lodge met in the Union Hall building. In 1863, it moved to the Bidwell Building and in 1894, started meeting in the James Block at N. Evans and E. Chicago Blvd. until this September, when meetings began at the new Masonic Temple.

HS Open House next Tuesday

Education Week will be observed by faculty and administration of Tecumseh High School with an open house Nov. 13, 7:15 p.m. in the school gym.

The stage band will perform, physical education department will present a program, and Principal Clarence Lacny will introduce new staff members and orient visitors with the building and program.

Parents will be able to visit their students; classrooms, meet informally with teachers and arrange parent-teacher conferences. Refreshments will be served in the cafeteria to conclude the evening.

Parents will be asked to complete a survey designed to improve school programs and school-community communication.

Principal Clarence Lacny invites interested parents unable to attend to call him at 423-2167, ext. 206, between 7 a.m. and 4 p.m.

Report cards will be sent home with high school students Nov. 9.

HAROLD EASTON | WILLIAM FROWNFELDER | RICHARD MONTCALM

Voters Elect 3

Incumbent Harold Easton and two newcomers, William Frownfelder and Richard Montcalm were elected to Council here Tuesday in a light vote at city precincts.

Of 4,111 registered voters, only 748 cast ballots, according to figures from city clerk, Vera Gardner, or roughly 18 percent of the eligible voters.

Easton led all candidates with 521 votes, followed by Frownfelder with 474 and Montcalm, 461. Frownfelder and Montcalm will take office in January.

Breakdown of the voting is:

	Pct. 1	Pct. 2	Pct. 3	Pct. 4	AB	Total
Harold Easton	152	138	96	111	24	521

Tires on 21 Cars Cut; Three Caught

Three juveniles, ages 9, 11 and 14, went on a tire slashing spree in the south section of Tecumseh last Friday night and early Saturday morning.

Tires on 21 cars and vehicles sustsained damages either from a knife or an ice pick type instrument, according to Merlin Mowery, Tecumseh police chief.

Most of the vehicles were parked at the curb or in drives, and one was at Tecumseh Acres school. Area victimized included Sutton St., Blanchard, Spafford and Waskin Dr.

Vandalism started about 11 p.m. Friday and ended at approximately 7 a.m. Saturday when one of the juveniles was spotted at one of the cars, which already had some tire damage.

Mowery estimates total damages well over $1,000.

All three have been released to the custody of their parents. They will appear in Juvenile Court at a later date.

New Ordinance Affects Park Rules, Hours

Tecumseh City Council held the first of three readings Monday night of an ordinance setting park hours and a resolution that defines the duties of parks and recreation board and recreation director.

Both the ordinance and resolution were reviewed by the Parks and Recreation Commission composed of Gene Cooley, chairperson; John Deming, Raymond C. Puffer, Ruth Prettyman, the Rev. Kenneth Boyd. Ward Eardley is Parks and Recreation Director.

The park ordinance will:

+Set park and cemetery hours for daylight use only, unless otherwise posted.

+Specify Satterthwaite Park tennis courts be open at night hours for tennis playing only.

+Require a use permit from the Parks and Recreation Director for use at any other time and for any activity in excess of 20 persons.

+Prohibit use of alcohol or controlled substances (drugs).

+Prohibit camping in parks without permit from the recreation director.

+Prohibit disorderly conduct.

Violaters may either be arrested or ejected from the parks. Charge will be up to $500 or 90 days in jail.

The resolution defining the duties of the parks and recreation commission and the recreation director was aimed at revitalizing the current commission, which previously met only when necessary.

Under the resolution the Parks and Recreation Commission shall:

+Consist of five members, (current members to be retained): vacancies filled by council appointment for three year terms. City manager or designee will be an ex-officio member.

+Meet quarterly beginning January 1980, the first Thursday of January, April, July and October or upon call of the chairperson.

+Elect at the April meeting, chairperson and secretary. Minutes will be forwarded to council as soon as possible.

+Advise city council and parks and recreation director in all matters of public recreation and municipal parks.

+Recommend to city council general policies with respect to the recreation and park program.

Duties of the director require the director:

+Attend all commission meetings.

+Submit proposed budget to the Parks and Recreation Commission in April.

+Coordinate activities of the department "to achieve the highest degree of cooperation."

+Be responsible to employ and supervise department personnel, and to plan recreation and parks activities.

Shopping Hours for Christmas Are Suggested

Suggested Christmas hours for Tecumseh merchants were announced last week at the monthly Tecumseh Chamber of Commerce meeting.

Suggested store hours are Dec. 3-24, 9 a.m. to 8 p.m. and Sundays, noon to 5 p.m.

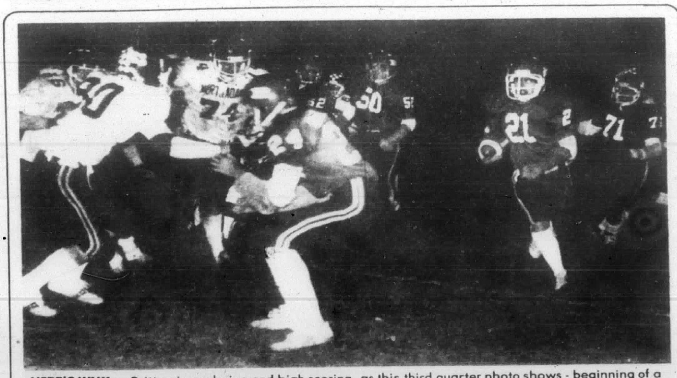
Santa's downtown headquarters will be at the H &R Block building on E. Chicago Blvd. McDonald's will host Santa Claus during his hours in the west end business district.

Santa will arrive in Tecumseh Nov. 25 with a parade. Six floats have entered. Local youth groups and organizations will march. A Snow Queen and King are being sought. Details are in this week's Herald. The parade and contest are chamber sponsored.

OK Free Parking

Tecumseh City Council granted the Tecumseh Area Chamber of Commerce free off-street parking from Dec. 8 to 24, during Monday's Council meeting.

A volunteer committee with chamber members Harvey Schmidt, Roger Proctor and Don McCallum will investigate the costs involved to do away with off-street parking meters.



HERE'S WHY — Britton is explosive and high scoring, as this third quarter photo shows - beginning of a 62-yard TD jaunt by Brad Rowe as the Tories snowed North Adams, 57-6, Friday night at Britton. Others in picture are Tom Wielfaert (24), Kent Kimerer (62), Paul Albring (50) and Don Zeemer (71).

Britton in Playoffs

For many years, Britton was well known for its big, strong basketball teams. They were tough enough to dominate the Class D schools for two years and to capture two state championships. They were the talk of every sport fan in the area.

Now, it's football and the Tories could well be on their way to another state title. They open the Michigan playoffs Friday night against Schoolcraft at Michigan Center. Game time is 7:30.

Coach Randy Salisbury has the most explosive team in the area, averaging 36 points per game in posting an 8-1 mark. Only an upset to Deerfield blots the record, and that lone loss probably prevented the Tories from being ranked one or two in the state.

Little is known about Schoolcraft, located just south of Kalamazoo, but every team that makes the playoffs must have an exceptional team and record.

Only other Lenawee County team to advance to the playoffs has been Hudson, which eventually lost and ended a long winning streak.

We're backing the Tories to go all the way.

County Tests EMT Run

Folks in the Tecumseh area may rest easier to know that EMT Ambulances, which was contracted with local townships for ambulance, passed the test and made a local run in the 15 minutes as required by the county emergency medical services plan.

Marc Grossman of Lenawee County Human Services said he was "pleased" that the EMT driver made the run to Ridge and Pennington Rds. in northeast Lenawee County in 15 minutes. The driver was not aware of the destination until the test run.

Since EMT Ambulance removed its Tecumseh based unit, county officials and citizens questioned whether EMT could make a run from Palmyra to this area in the 15 minute response time the county required under it subsidy plan.

The test, made last Friday, now answers the question, said Grossman. He added that the county has paid third quarter payments of the $1 per capita subsidy to local units of government participating in the plan.

Grossman said the Human Services Committee of the county commissioners recommended continuing the subsidy plan next year.

Ridgeway, Macon, Clinton and Raisin Townships are participants in this area. Tecumseh is not participating in the county plan. The city would not sign a required hold harmless agreement without additional liability insurance.

Tecumseh city officials said Monday night that EMT appeared glad to be out of Tecumseh because the subsidy did not make a Tecumseh-based ambulance economical.

City rejected an offer from Bennett Ambulance for local based service. Under that proposal, the city would collect 10 percent of operations and be required to man a private company's ambulance from the fire station.

Also Monday night, City Manager Cal Zorn advised council that the number of rescue calls from Ridgeway Township has increased. He said he will continue to discuss the matter with Ridgeway township officials. Council took no action on the report.

Zorn said that there have been seven rescue calls in Ridgeway since June 1, an increase from the one or two annually when Ridgeway's department requested assistance.

"This summer, Ridgeway made a change in their answering method. Instead of calling the department, the calls now go through the sheriff's office," Zorn reported.

Zorn learned the sheriff's department is acting on a request of the county fire chief's association to send a rescue to each accident. Ridgeway does not have a rescue unit. Tecumseh's rescue is the closest.

"I wish to point out, there is absolutely no problem with our reciprocal fire agreement, but I do feel we are not reciprocating rescues," Zorn said.

Artrain Here in April 1980

Artrain is expected to arrive in Tecumseh the week of April 14, 1980. The Tecumseh Area Chamber of Commerce has agreed to be one of its sponsors and will support its visit with up to $500. Other financial sponsors are sought.

A representative from Artrain is expected in Tecumseh Nov. 19 to inspect prospective location sites.

Committee chairmen to date are Ann Merrill, education; Paul Preston, facilities; Robert Dubler, services; Kathy Brown, publicity. A chairman is needed for the festival and fund raising committees. Contact the chamber office for more information.

Expand Service

HUSTLE — Human Services Transportation of Lenawee County — has expanded service to senior citizens, handicapped persons and other human services clients in Tecumseh on Tuesdays form 9 a.m. to 3 p.m.

Each Tuesday, the HUSTLE vehicle will be in Tecumseh during these hours to serve senior citizens or human service clients in town.

During the other days of the week Monday, Wednesday, Thursday and Friday the HUSTLE vehicle makes a circle trip from Tecumseh to Adrian once in the morning and once in the afternoon. It arrives in Tecumseh at 10 a.m. Return for the day is at 3 p.m.

In Britton, this 5-day schedule is 9:30 a.m. arrival and 2:30 p.m. return.

This schedule will allow senior citizens to plan and schedule appointments, shopping trips, banking, etc. Call 265-4444, 24 hours in advance, for transportation.

MRS. GARY BUTTERS

St. Paul's Nuptials for Olin, Butters

St. Paul's United Methodist Church in Rochester was the setting for the marriage of Patricia Clare Olin and Garv Steven Butters Oct. 13.

The Rev. Dr. Timothy Hickey officiated the double ring ceremony for the daughter of Mr. and Mrs. Carl Olin of Rochester and the son of Mr. and Mrs. Bentley Butters of Tecumseh, formerly of Rochester.

For her wedding, the bride wore an empire styled gown of sheer white organdy and lace, fashioned with a chapel train.

She wore a matching lace-trimmed bandeau headpiece and fingertip veil of silk illusion.

Her bouquet was composed of white roses, stephanotis, baby's breath and ivy in a cascade arrangement.

Mrs. David Bannick of Milan was matron of honor for her sister. Beth Butters, the groom's sister of Tecumseh, was bridesmaid.

Both were gowned in plum flowered calf-length dresses and carried arrangements of shell pink roses and burgundy silk flowers accented with green leaves.

David Marquis of Madison, Wisc. was best man. Completing the wedding party were Stuart Butters, the groom's brother, of Elkhart, Ind. and David Bannick of Milan.

The reception followed at the Rochester Elks Club.

The couple graduated from Rochester Adams High School, class of 1971. The bride earned a degree in retail management from Michigan State University and is presently a buyer for Gimbels in Milwaukee.

The groom is a General Motors Institute and a University of Michigan graduate with a master's degree. He is an analyst with A. O. Smith, Milwaukee.

After a wedding trip to St. Thomas, Virgin Islands, the newlyweds are at home in Brown Deer, Wisc.

Mr. and Mrs. Bentley Butters, the groom's parents, hosted the rehearsal dinner at the Great Oaks Country Club in Rochester.

Approve Wrong Way Transfer

Tecumseh City Council approved Monday night the transfer of ownership of 1979 Class C license from David F. Robinson to Michael P. Pelkey and Bernard J. Wyler, two Detroit area men, for 107 S. Evans St., Wrong Way Pub.

Missions Is Topic

Missions will be topic of a series of programs scheduled this week at the Tecumseh United Methodist Church, 605 Bishop Reed Dr.

Series will begin Sunday with the Rev. Frank Davenport's address to the men on Appalachia 7:30 a.m.

Dr. and Mrs. Jack Crump of Albion College will talk on India at the morning worship and church school at 10 and 11:15 a.m.

Kay Collins will talk about Ecuador to the junior high fellowship at 6 p.m. and the Rev. Douglas Crouder will talk on Zaire to senior high group at 5:30 p.m., both on Sunday.

Melvin Wilson will talk on Pakistan to the Irene Circle at 7:30 p.m. Monday at the Edith Covell home.

Tuesday, Mr. and Mrs. Charles Neurath will discuss Haiti with the Quester at 7:30 p.m.

A salad luncheon will be hosted by the Jennie Temple Circle Wednesday afternoon. Florence Becker will speak on the Dominican Republic and hunger.

The administrative board and council on ministries will meet with Douglas Strong Wednesday to discuss mission financing.

Thursday morning, the Charlotte Circle will meet at 9:30 a.m. with the Rev. Gordon Nuss to hear about India. Public is invited.

This is all part of the Ann Arbor District's Mission Saturation Program Nov. 11-15. About 110 missionaries will circulate among 73 churches in the district to share

14 Attend City Meeting

Fourteen adults attended a meeting at city hall Tuesday to learn more about organizing a Boy and Girl Scout Explorer Law group for teens interested in law enforcement careers.

Police Chief Merlin Mowery said another meeting for adults and interested teens will be announced later this month.

Group will be sponsored by the Tecumseh Police Department.

HOW DOES ONE DEAL WITH A DECEASED'S BELONGINGS?

One of the most painful jobs the family of the deceased must face after funeral is the disposition of the deceased's personal possessions.

Hastily discarding possessions is not always the wise thing to do. Memorabilia can become valuable with time; not intrinsically, perhaps but sentimentally.

Clothing, jewelry, books, a stamp collection, a camera, a pocket watch - are these items to be discarded? Or retained as keepsakes?

We've observed that many articles, like jewelry, or a watch, are not discarded; rather they are prized by members of the family as precious mementos. Nostalgia often takes over and a simple item, like a small pocket knife, becomes a son's pride and bittersweet pleasure. Clothing, on the other hand, may find its way into the hands of the needy by way of a favored charity; or, very often, many mourners take great pleasure in seeing a close relative regaled in a favorite suede jacket, a suit, a fur.

Taking The First Step

Prearranging funeral service is a considerate step which eases the burden of loved ones when bereavement comes. But because the need to act is not immediate, many people put off making pre-arrangements until it is too late.

Now is the time to discuss this thoughtful gesture with the people at Purse Funeral Home. Call or come by this week.

Review Athletic Field Project

CLINTON — A review of progress already made and plans for the completion of the Clinton High School athletic field, and baseball field was given to the Athletic Advisory Committee at a meeting in early October.

However, a report of that meeting was obtained from Superintendent Richard Wegner by the press only this week.

Installation of the field and track and the drainage system has cost $61,552, installation of the chain link fence around the football field has cost $8,880, for a total cost to date of $70,432.

The total cost was paid for by the school and the CCADP. The intention is that the CCADP will reimburse the school in full for the project. To date the CCADP has paid off $49,301, leaving an unpaid balance of $21,131.

Clinton Community Athletic Development Project was organized in 1974 and incorporated, in order to sponsor bingo games at the high school.

CCADP board made a committment at the time of its founding to use the bingo funds for the development of the athletic field at the high school.

Presently Monday night bingo games are raising about $1,000 per month.

Representatives of various government units and civic organizations on the Athletic Advisory Committee attending this meeting were:

John Jansen, representing John Jansen of the Village Council; Mr. and Mrs. Harry Comstock, representing Clinton Township board; Doug Goldsberry, Clinton Area Jaycees; Bernie Fraley, Clinton Rotary Club; Dale Porterfield, and Bud Porterfield, both of CCADP; Carl Kemner of Little League; Jim Wilson, of Board of Education; Randy VanGasse, Clinton baseball coach; Duane Pelz, assistant football coach and Fred McCrate, athletic director.

Advisory Committee was asked to consider priorities for the project.

It was agreed that the fence and dugouts for the baseball diamond be completed as soon as possible so the field can be used in the spring of 1980.

Doug Goldsberry, speaking for the Clinton Jaycees, volunteered to work with Bernie Fraley and the Rotary Club to supply the labor to install the fence and dugouts. An estimate is that the labor on the fence would have cost about $2,400. Estimated cost of above ground dugouts is $1,665.

Committee members felt that the football lighting system should be the second priority item, with the thought that the sooner the fixtures, poles and necessary materials are purchased, the sooner inflationary increases can be avoided.

Most cost for labor and hook-up and installation could be avoided through donated work, the committee said. Cost is estimated at $29,000.

Next priority would be for a press box and toilet facilities, also hopefuly with donated labor. Press box cost is estimated at $14,722.

Bleacher seating on the football field banks is estimated at a cost of $13,000.

All the above items total about $75,000. Currently the school has $3,500 available from past donations of the Clinton United Fund, and a $50,000 gift from an anonymous donor received some time ago, which is earning interest.

All representatives were asked to take the information back to their groups for consideration of ways to help with the project.

Supt. Wegner expressed his personal goal that the athletic field project be completed by 1981. It will take a total community committment to the project to get the job done.

Electrical Rate Increase Approved

CLINTON — Village Council has voted to increase the electrical rates, effective immediately.

Increase will be four mills per kilowatt hour. Also the fuel adjustment base will be reduced by two mills, which will make a total increase of approximatey two mills per kilowatt hour.

Board voted to hire Patricia Thorpe for general office duties.

Board appointed George Bowman to fill the unexpired term as president, effective by the Nov. 19 meeting. Bowman served as Clinton's president from April 1954 until April 1965.

Richard Dixon is president pro-tem.

Board officially accepted with regret the resignation of village president Clayton Strolle.

State Mediator Here for Second Time

CLINTON — A special meeting of the Clinton Board of Education Monday night, dealt with contract negotiations, in executive session.

Tentative agreement has been reached on contract with the secretarial union.

Board's last offer of 8.3 per cent increase for the teachers has not been accepted, and no change was made in Monday's board session.

State labor mediator Thomas Bedoude was scheduled to make his second visit here for negotiating session, Nov. 7 at 5 p.m.

In other business, discussed possible expulsion of two students, but voted not to act at this time.

Road Work Planned

CLINTON — Clinton Township Board discussed proposed road work for the coming year, in anticipation of the meeting with the county road commission on Nov. 8.

Available funds will limit projects to the completion of the Voorhees drain project on Pennington Rd., and the paving of the final 800 feet of that road, held up for the drain work.

Report of the Riverside Cemetery Board meeting, announced the hiring of Lester Buck as the sexton to replace Joe O'Donnell, who is moving away.

Charles Wilson reported a total of $42,600 in building permits that were approved.

Board voted not to pay dues to Region II commission, since they have joined the Michigan Township Association.

Harry Comstock reported on the meeting of the Athletic Advisory Committee, explaining the school's request for possible labor or money to help with the completion of the athletic field. No action was taken by the board.

Sponsors Food Fund

CLINTON — Members of the congregation of the United Church of Christ will receive a special appeal for funds for Church World Service to provide food for the starving refugees from Cambodia, at the morning worship service, Nov. 11.

Appeal was initiated by the board of deacons and approved by the mission committee.

Chamber Buys Clinton Belle

CLINTON — Clinton Chamber of Commerce, at a meeting Monday, decided to purchase outright the historic Clinton Belle from Joe O'Donnell, instead of a lease arrangement previously agreed upon.

Boron Oil Company has offered a permanent location on E. Michigan Ave. to display the bell.

The chamber will investigate the possibility of building a permanent enclosure for the protection of the bell.

Board accepted, with regret, the resignation of vice-president Joe O'Donnell, who is moving to Tennessee.

John Hoelzer was appointed to fill O'Donnell's unexpired term as vice-president.

Plans for the annual Christmas Walk by Clinton merchants Nov. 25, was discussed.

An after church Sunday Brunch at the United Church of Christ to be sponsored by the Fall Festival Committee, will start that day's activities, and a visit from Santa, tour of the Smith-Kimball Community Center, and open shopping hours from noon to 4 p.m. are scheduled.

Chamber voted to advance $1,500 to John Hoelzer, chairman of Fall Festival '80 committee, to get preparations started for that event.

Draper Found Guilty, Awaiting Sentencing

CLINTON — A second trial on charges of cruelty to children resulted in a conviction for James A. Draper, 26, in Lenawee Circuit Court, Oct. 31.

Draper was accused of mistreating a five-year-old child in a series of incidents from January to March.

At a trial in May, the 12-member jury was unable to reach a verdict after five hours of deliberation.

The young boy testified before the jury to the times when Draper mistreated him, and alleged that he had had two teeth knocked out, and was punched in the stomach and picked up by the throat and placed in hot bath water.

Mary Lawson, the boy's grandmother, who has temporary custody of the child, brought the charge against Draper.

Linda Lawson, the boy's mother, testified that she was unaware of any abuse to the child.

Bond was cancelled by Judge Kenneth B. Glaser, and Draper was remanded to the county jail until sentencing. The maximum sentence for the charge is a four-year prison term.

Draper will be sentenced by Judge Rex B. Martin.

Methodist Women's Potluck

CLINTON — Favorite poetry and prose were read by members attending the potluck supper of the United Methodist Women at the home of Sharon Kussmaul Monday night.

Recent projects were reported on. The Fall Festival rummage sale was a success under the direction of Doris Reiser.

Members felt they had obtained much information about the local churches on the tour and about the village, during the recent welcome coffee hour for newcomers in the village, hosted by the UMW.

The Dec. 3 meeting will feature a cookie exchange, with each member to bring two dozen cookies, to the church.

Faith Circle will meet Nov. 13 with Mrs. Doris Negus. Dorcas Circle will meet Nov. 28 with Nancy Warren.

CHS Presents 'Seven Nuns'

CLINTON — "Seven Nuns at Las Vegas," soon to be presented by Clinton High School students, is a humorous, charming comedy in two acts.

The initial production was given by the University of Notre Dame in 1954. It has since been seen all over the United States.

Clinton's play dates are Nov. 16 and 17, in the high school auditorium at 8 p.m.

The entire action of the play takes place in the parlour of a nearby convent. The time is a recent day in May during a late spring blizzard. The problems begin when Sister Columa and six other nuns find themselves, and the convent, in the warm sands near Las Vegas.

Las Vegas is a shock to the nuns, and the nuns have a startling effect on Las Vegas.

Discovering why and how they arrived in Nevada and whether and when to return to Michigan, provides the nuns with an interesting situation which is highly entertaining.

Student directors for the play are Kathy Beardmore and Genia Service. Gary Houghton and Darin Cates will handle lighting. Sound is the responsibility of John Shaw.

Auki Nikou will help Peg Stachnik with costumes and the set crew consists of Ed Schmidt, Scott Hough, Alex Krueger and other members of the cast.

Pet Geiger is the director.

Conditions Improved

CLINTON — A rear end collision sent three passengers from one vehicle to Saline Hospital, Nov. 3.

Roberta, 15, Rebecca, 11, and Rachel Rice, 10, children of Joan C. Rice, 38, 12460 E. Michigan Ave., were passengers in a car driven by Mrs. Rice, when it was struck by a vehicle driven by Ralph W. Wolford, 51, of 13496 E. Michigan, Clinton.

Rice slowed on US-12 to turn into a drive, when her car was struck in the rear by Wolford.

Clinton State Police issued a summons to Wolford for driving under the influence.

Accident occurred at 8 p.m. on US-12, half a mile west of Willow Rd.

Rummage Sale

CLINTON — The Rev. Constance Pipock, of Detroit, grand committee member, visited the Golden Rod Chapter OES meeting, Thursday, and told of plans of the Milburn-Jones grand family for 1979-80.

Another special guest was Mildred Koch, grand representative of W. Virginia in Michigan.

The ways and means committee announced plans for a rummage sale Nov. 10, at the Community Center from 9 a.m. to 7 p.m.

Items for sale may be taken to the center the day of sale or for pickup, call Diane Schuler, 456-7346 or Pam Thompson, 456-4278.

Max Steffens Is Hospitalized

CLINTON — Max Steffens is reported improving since major surgery in Veterans Hospital a week ago.

Daugher and son-in-law, Mr. and Mrs. Jerry Goldsmith of New York State came for the weekend to visit her parents and to attend the football game in Ann Arbor.

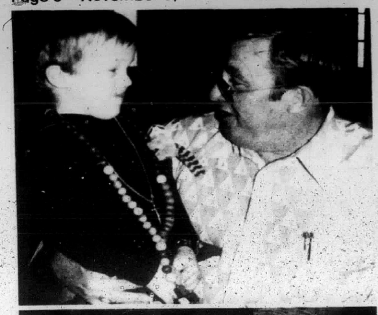
Tories Top Rams, 57-6, Head for State Tournaments



SAINTLY AUDIENCE — Elden "Ted" Cattell, 4, dressed as St. Francis, chats with Tecumseh Recreation Director Ward Eardley. Below, Lisa Burgess and Courtney Stapleton, both 4, came dressed as Raggedy Anns for the city's pre-school Halloween party at the Community Center. (PHOTOS BY KATHY BROWN)

The Britton Tories capped their regular season with a record of 8-1 after trouncing the North Adams Rams 57-6 Friday night. With that victory under their belt, Tories' coach Randy Salisbury felt confident that he and his team would enter this season's class D state playoffs.

Confirmation of that fact came Monday morning when Salisbury was informed that his team would face Schoolcraft in the first game of the playoffs.

The game Friday night was an utter rout with the Tories scoring almost at will. In all fairness, however, it must be stated that North Adams was playing under quite a handicap with the loss of their starting quarterback.

The Tories picked up points on both offense and defense scoring two touchdowns on interceptions and running in a fumbled kickoff. The scoring onslaught began with Slatick running one in from the 34 yard line very early on in the game.

The next score came on the very next play as Bruce picked up the fumbled kickoff and ran it in. The third TD for the Tories came before the end of the first quarter on a pass form Kimerer to Fanslau.

In the second quarter John Armstrong recovered a fumble on the Ram's 12 yardline to set up the Tories fourth TD. Kimerer connected with Bruce to make it 32-0 at the half.

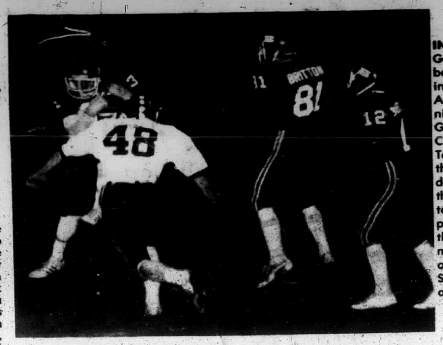
Late in the third quarter with the score 44-0 coach Salisbury sent in the reserves who promptly struck paydirt on 62 yard run by Brad Rowe.

The Rams' only touchdown came in the fourth quarter immediately followed by an interception and 94 yard romp by Montalvo to the goal line.

When the All-Conference team was announced it was no surprise to anyone to find five representatives from the Tory squad among the first team picks. They are Jim Slatick at running back, Greg Fanslau at offensive end, Chris Kimerer at quarterback, John Armstrong at offensive guard, and David Bruce at linebacker. Honorable Mention was given to John Armstrong, John Montalvo, Tom Lutz and Chris Barth.

The Tories 8-1 record this year is a far cry from the 2-7 record of last season. The difference lying obviously in the 36 point average per game that the team racked up this season. The team also averaged 348.5 yards rushing and passing per game and conceded an average of 11 points to its' opponents.

The Tories travel to Michigan Center this Friday to face Schoolcraft at 7:30 to begin their bid for a state championship!



INTERCEPTED — Garry Wilcox, number 30, goes up to intercept a North Adams pass Friday night. At right are Greg Fanslau and Chris Kimerer. The Tories literally blew the Rams away Friday 57-6 and upped their season record to 8-1. The win pushed Britton into the state tournaments and they open against Schoolcraft Friday at Michigan Center. (PHOTO BY KEVIN TRICKEY)

150 Join Halloween Youth Parties

Tecumseh's annual Halloween youth parties were held Oct. 31. Approximately 150 youths participated in events for their age group.

Pre-schoolers attended their party Wednesday afternoon at the Community Center.

Winners of the costume contest for, the girls are as follows: dressiest — Jessica Smith, age 1½; Courtney Stapleton, age 3; and Lisa Burgess, age 4;

Funniest — Lisa Howard, age 5; Laurie Bakers, age 2; and Stephanie Nichols, age 4;

Spookiest — Jennifer Baker, age 4½; Ann Brooks, age 3½; Alicia Camron, age 2½; and Anne Cathey, age 3;

spookiest — Scott Stone, age 1½; Ben Voss, age 4; and Elmer Gubbe, age 3;

Best design — Bobby Loomis, age 3½ and Davey Loomis, age 2½.

Many thanks go to Marge Wright, Ruby Neiman, Peg Segerstrom, Irene Woodcox, Helen Foster, Leitha Dewey and Catherine VanEtten, all of whom helped at the pre-school party.

The elementary age party was held at Patterson School from 6:30 to 7:45 p.m. Games, a costume contest, watching an apple cider press in operation, and enjoying cider and doughnuts were part of the evenings activities.

Winners of the costume contest for the girls are as follows: dressiest — Terese Nelson, age 5 and Heather Johnson, age 7.

Funniest — Janel Wonderly, age 10. Best design — Amy Korte, age 5. Winners in the boys' categories were: dressiest — Scott Turner, age 10. Spookiest — Greg Korte, age 9. Funniest — Jamie McBride, age 10. Best design — Dale Wonderly, age 7.

The Junior High Dance was held from 7 to 9 p.m. at the Community Center. Cider and doughnuts were served.

The Tecumseh Recreation Department would also like to thank the Kiwanis Club members who helped at the parties; Ethel Wright, as Buffie the Clown; Herb Hoag, demonstrated his homemade apple cider press; and Tracy Dinkens, Lisa Bowers, Laurie Kempf, Betsy Neilson and Cindy Anscheutz, all helped with the elementary and junior high parties; and all others, including the board of education.

22 Area Complaints

Of 22 complaints handled the past week by Tecumseh police, 13 were directly related to vandalism, one of which could have been costly to property owners throughout the school district.

Lighted flares were tossed through two windows at the junior high school building. One flare burned itself out and fortunately left only a 12-inch burned mark on the hardwood floors.

Second flare broke a window but apparently fell back and burned itself on the ground outside the building. Vandalism was reported to the police Monday morning by assistant principal, Richard Montcalm.

In several incidents, vandalism loss was somewhat extensive for property owners.

Resume of the complaints is:

Oct. 30 - Glenna Ahman, 705 Russell Square Apartments, reported the hood and left door of her vehicle painted.

Oct. 30 - Susan Spivey, 10 Pleasant Dr., reported egg damages to her home.

Oct. 31 - A vehicle, owned by Gerald Harris, Onsted, was egged in the vicinity of W. Chicago Blvd. and Occidental.

Oct. 31 - Traci Towne, 6, of 208 N. Maumee, suffered a cat bite on the hand.

Nov. 1 - Ronald Doncouse, owner of Cedar Shack, reported the windshield, two right windows and rear window of his car smashed, probably by a hammer.

Nov. 1 - Mayka Goodwin, 34, Ann Arbor, was picked up on a warrant from the Jackson Police Department.

Nov. 1 - Betty Bethel, 6123 Woodland Dr., told officers a garage door opener was stolen from her vehicle while parked at the high school.

Nov. 1 - Windshields on two cars at Long Motor Sales were cracked by a gun pellet.

Nov. 1 - Raymond Orozeo, 705 W. Pottawatamie, had a vehicle's windshield broken

Redskins Win Two

The Redskins ran their winning streak to four with two impressive wins last week over Dundee and Manchester. Clinton's girls basketball team played very well on offense and defense beating Dundee 60-48 and Manchester 62-40.

Clinton avenged an earlier loss to Dundee with a very balanced scoring attack led by senior co-captain Kris Pratt with 12 points. Barb Winder and Brenda Cark scored 11 each while Karyn Coward and Carrie Merillat added nine apiece.

Dundee jumped off to a 6-0 lead but the Redskins scored 16 straight points and led 18-8 as the first quarter ended.

A full court press enabled Clinton to increase its lead to 55-30 during the fourth quarter. Subbing freely, the Redskins ceasted to victory.

Barb Winder led Clinton with 14 rebounds and her pressure on the ball helped Clinton's press break the game open.

CHS enjoyed their best shooting nite of the season as they made 24 of 56 attempts for 43%.

On Thursday the Redskins scalped arch-rival Manchester 62-40. For the second game in a row, Clinton's full court pressing defense produced the victory as they exploded to a 31-13 advantage during the first half.

Clinton expanded its lead during the second half as Carrie Merillat used her speed to score several fast break baskets. "We used some man to man defense and three different zones and everything worked well," said Bob King.

Offensively Clinton shot 45% from the floor — their best this year. Center Winder led all scorers with 17 points. Merillat had her high varsity game with 13 points and eight steals. Karyn Coward added 10.

Clinton's season record stands at 7-6 and they are in second place in the LCAA with a 5-2 record.

The next home game is against Onsted Thursday, Nov. 8. The JV game will start at 5:30a Clinton travels to Hudson on Nov. 13.

Susie Is a 'Rarity'

If Susie Brown had the time, she would be a "woman for all seasons."

Still, the 5-foot-6 Tecumseh senior is a rarity among Central Michigan University women athletes in Mt. Pleasant.

Brown currently is participating in her fourth season of volleyball, awaiting her fourth varsity basketball campaign and, in the back of her mind contemplating a second year of track.

Brown says, looking back to her freshman year at Central when she participated in all three sports. "I just don't have much free time."

"I had a dream some day to run in the Olympics or a National meet, Brown admits. "I'd love to high jump. I think it would be kind of fun."

The 21-year-old physical education major's interest in sports goes back to Tecumseh High School, where she earned letters in track, volleyball and basketball.

Brown made the Huron Conference all-league selections in all three sports. In track, she finished as high as second in three trips to the state meet in both the high jump and the 100-yard dash.

With her as a four-year starter, Tecumseh lost only four basketball games, claimed one state championship and finished runner-up in another. And in volleyball she was a member of two league-championship squads plus district and regional title winners.

Friday and Saturday, Nov. 9-10, Brown hopes to continue her winning ways when host Central tries to defend its AIAW State Volleyball crown.

Brown plays a key role in the Chippewas' attack and title hopes.

"Susie is a good leader. She always has a positive attitude," coach Marcy Weston says of her co-captain. "She's a good server and our best digger. She has 90 percent serving efficiency."

With completion of her volleyball career in the weeks ahead, Brown will try to make up for lost time on the basketball court. The women began practicing in late October.

With her physical education major, Brown plans on teaching secondary education after graduation in december of 1980.

SUSIE BROWN

Men's Open Basketball To Start Season

The Tecumseh Recreation Department wishes to remind everyone that men's open basketball at the junior high gym will start Nov. 15. Each session is from 7-9 every Thursday for eight weeks, payable nightly.

There is still room for more couples in co-ed volleyball which meets every Wednesday night from 7-9 p.m. at Tecumseh Acres gym.

Also, men's over 35 volleyball is now in session at Tecumseh Acres gym every Monday evening from 7-9 p.m. If attendance does not pick up, this program will be discontinued.

CHS Loses 13-0

Clinton dropped its season finale game to Sand Creek Friday night 13-0.

It was an especially tough season for the Redskins, going the entire season without a win and suffering six shutouts.

Clinton coach Don Eaton has been forced to play many younger players most of the season and next season may well still be a long haul for the Redskins. Within a couple years, though, the Clinton fans will certainly see another strong CHS football team.

Friday, Sand Creek put seven points up on the scoreboard in the second quarter and then added six in the fourth quarter for the win.

Neither team was able to sustain a good offensive drive the first half, with Sand Creek's score coming on a 77 yard run.

Sand Creek drove 67 yards in eight plays for their last score and Clinton drove to the Sand Creek 38, but was unable to score in the second half.

In that third quarter drive by Clinton, the Redskins picked up two of its five first downs and moved from its own 25 before having to punt.

Statistically Bob Zimmerman was five of 10 in the passing category for 50 yards and Steve Wahl led the ground attack with 42 yards in 10 carries for Clinton.

Overall, the Clinton squad had 45 yards rushing while Sand Creek had 15 first downs, 275 yards on the ground and they were one for six passing for 30 yards.

If your brand new car is 'totaled' will your insurance company pay you for a brand new car?

Some insurance companies think a new car is a used car the minute you use it to drive out of the dealership. Not Auto-Owners.

With Auto-Owners, if you have an accident anytime within 90 days and your new car is a total loss, we'll pay you the total cost of your new car. And with Auto-Owners, your new car is covered immediately, automatically, under your previous policy.

Suif you're about to get a new car, talk to us at Auto-Owners. Maybe you should get a new insurance company, too.

Room Service
Only $1.00 a month for an extension phone.

If you run at the sound of a bell, maybe it's time you looked into an extension phone from GTE. For only $1.00 a month, you can have a phone in any room in the house.

Whether you're in the living room, the laundry room or even the bathroom, you can stay right where you are and let your extension phone do all the work.

And all it takes to get room service is a quick trip to your GTE Phone Mart. Just pick out a phone, take it home, put it in your favorite room and relax.

Not only because you can stop running, but because you've got a phone that's as reliable as the phone company.

THS Loses Finale, 50-0

Kristin Connors, the ball girl at the Indian games and daughter of head coach Pat Connors, has always been one of the top fans of the Indian football team and she remained a total optimist Friday night.

Even as the Indians were badly beaten 50-0, she said, "Oh well, there's always next year."

The Indians do have that to look forward to as their season record dropped to a final disappointing 3-6 mark Friday.

It has not been an easy year by any means for the coaches or the players, but the group as a whole has got to be given credit. They always have had a good attitude and the team has stayed in there fighting all the way.

Harper Creek may have looked like the exception Friday, but coach Connors let many players play that did not see a lot of action throughout the year and they made many mistakes, just as the regular first stringers did. Still they all fought and they fought hard.

Friday, for instance, Greg Langmeyer led the Indian tackling with 12 and Kevin Salters was right behind with 10.

Joe Ruggirello knocked down three potential TD passes and Mark VanBuren joined the defensive stats with one fumble recovery.

Offensively Salters was the leading rusher with 81 yards in six carries. VanBuren was the second leading rusher and has been impressive all year and will prove to be one highlight in the Indian offense in years to come.

Steve Palmer was out of Friday's game and was missed in his running back spot. Scott Schafer and Tim Steuwe also had injuries and were missed.

Scott Hans, John Southern, Chris Smith and Scott Gilpin are just a few of the others who have proved themselves all year long.

Tim Todd must also be commended. He was not particularly impressive Friday, but he is a proven leader and has proven himself more often than not with his throwing arm.

His stats, for instance, are not good, but then he has played catch up ball all year long. Harper Creek, like the other schools, just laid back and waited for the pass almost from the start of the game.

Statistically Friday, Harper Creek dominated the game with 21 first downs, 319 yards on the ground and 237 in the air.

Tecumseh had 10 first downs with 152 yards on the ground and Indian passers combined for 34 yards in the air on four completions in 21 attempts. They allowed four interceptions.

Harper scored twice in each of the first two quarters, two TD's and one field goal in the third quarter, and one last time in the fourth frame.

Britton Girls Split Pair

The Britton girls basketball team split a pair of games this last week, losing to Madison Thursday 44-41, but beating Whitmore Lake last Tuesday 37-33.

Tuesday, Britton stayed a few points ahead of Whitmore most of the game, but then the Trojans tied it at 25 all in the third quarter.

Britton was out scored that frame 8-3, but then held on to their slight edge and scored 10 points in the fourth quarter to Whitmore's eight for the final four point victory.

Jodi and Jami Smith led the Britton girls with 16 and eight points respectively.

Thursday the Madison Trojans turned the tables on Britton and squeaked out a three point win.

Britton took an early 10-4 first quarter lead, but then Madison pulled within one at half, 21-20.

The Tories found themselves tied at 31 all in the third fame and took a slight 41-38 point lead with 1:22 left in the game.

Madison narrowed the gap to one point and then connected on four free throws in the last minute for the 44-41 win.

Shannon Skelton and Jodi Smith each sank 13 points for the Tories.

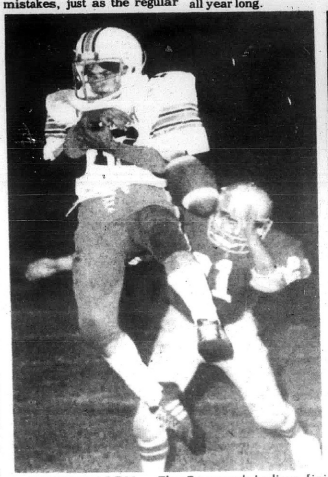
The Britton girls are now 10-5 overall, 6-4 in the league.

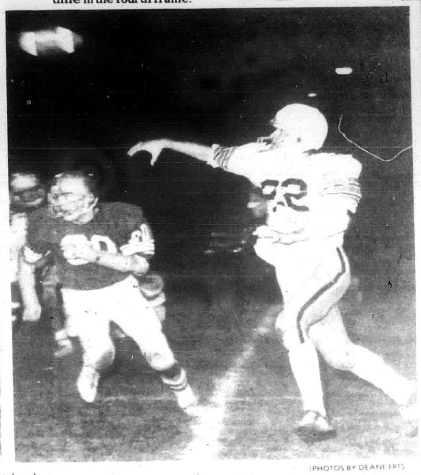
Biscupski Finishes 15th

Tecumseh's D.J. Biscupski finished 19th in the state Class B cross country meet Saturday.

Teammate Scott Betzoldt ran with muscle cramps and still managed to finish 44th in that same individual race.

Anne Smoke competed in the girls' individual race and she finished 21st with a 20:09 time.





FINISH SEASON — The Tecumseh Indians finished their season Friday with a 50-0 loss to Harper Creek. The game was certainly not the best showing of the year for the THS squad, but it can still boast of many good players, included the two here. At left is Mark VanBuren, in one pose he certainly wishes wasn't published. At right is Tim Todd throwing on the run. (PHOTOS BY DEANE LEE)

THS Varsity Wins 1, Loses 1

The Tecumseh girls varsity team won one and lost one this week, while the JV squad lost both of their games.

Tuesday, the varsity traveled to Airport and left with a close 36-31 victory.

Neither team played a particularly sharp game and Tecumseh found itself down 19-16 at half. The girls made up the three point difference to tie at 26 all in the third quarter and then found themselves up by two or four points right down to the end of the game.

The THS girls tried to control the ball at the end, but still gave Airport the opportunity to tie the score. Airport just didn't take their opportunities while Tecumseh's Kris McDonald hit two free throws and one last basket to give the Indians the win.

McDonald led the scoring with 13 points with Donna Bohannon scoring 11 to aid the win.

The JV's lost 64-31 with Sherri Svestka leading the young Indians in scoring with eight points.

The girls found themselves down 19-4 at the end of the first frame. They scored only three points the second quarter and never were able to threaten the Airport JV's.

Tuesday, the varsity girls lost to Grosse Ile 42-27.

The varsity suffered a bad shooting percentage again, as they just couldn't put the ball through the hoop.

They were down only 6-5 at the end of the first quarter and 17-13 at the end of the first half. Then Grosse Ile started to hit in the third frame and scored 19 points to Tecumseh's eight to pull out of reach for the win.

Bohannon led the scoring Tuesday with 11 points.

The JV's suffered the same fate at the hands of Grosse Ile as they never warmed up and lost 50-28.

Again the young girls could not hit the basket early in the game and scored only seven points the first half. Grosse Ile just took the 21-7 lead at half and stretched it out for the win.

Kim Creswell and Michelle Helms were the high scorers with six points.

The girls travel to Carlson Thursday and travel to Monroe Jefferson Tuesday, Nov. 13.

Address 'Fuller Property' Rezoning

To the Editor:

Those of us who attended the first Planning Commission's Public Hearing July 17, regarding a request for rezoning of the "Fuller property," were confused with the items of business.

The "Fuller property" is a 30-acre parcel, north of W. Chicago Blvd., west of North Democrat and south of Seminole Drive.

First of all, the commissioners began discussing a proposal to change the zoning ordinance to lower the density of multiple-family developments.

When some of us in the audience began questioning the commissioners in regards to the "Fuller property," Mr. Preston, Assistant City Manager, stated that there were two separate issues being considered and that the request to change the ordinance had nothing to do with the "Fuller property."

With this assurance, the audience made no objections when the commission recommended to lower the density in RM-1 and RM-2 zoning.

The meeting then continued with many objections being voiced concerning changing the residential zoning of the "Fuller property."

That meeting ended with the commission unanimously agreeing to recommend against rezoning.

Many changes have occurred since that original meeting: 1) The developer took members of the City Council and Planning Commission to dinner in Jackson and conducted a tour of some new multi-family developments. 2) The "Fuller property" has been surveyed and surveyor's stakes are in evidence. 3) A "new" site plan was submitted by the developer, which supposedly provides for a "through collector street" in addition to the Chicago Boulevard exit, and a "buffer" zone between existing homes and the development when, in fact, it does neither!

Now, it has come to our attention that, contrary to Mr. Preston's assurances, the proposed changes in the zoning ordinance do indeed have a direct bearing on building multiple-family dwellings on the "Fuller property."

In a letter from the Region II Planning Commission, a state-supported advisory board, its staff stated that it had originally recommended denial of the request to rezone the property and that one of the reasons was because of "the potential high density of development."

However, because of the new site plan which supposedly meets the Planning Commission's requirements, and having been "informed that it is probably that the amendments to RM-1 and RM-2 districts will be adopted," Region II changed its position and recommends approval of the rezoning ordinance before final action by the City Council.

The next night, Tuesday, Nov. 20, the Planning Commission will conduct a public hearing reconsidering rezoning the "Fuller property."

If you are concerned about the future of a lovely residential community, we hope you will attend these meetings and voice your opinions.

Chris and Sue Neilson
402 Seminole Dr.

Editor's note: As far as the Herald is able to ascertain, Region II Planners made the recommendations to amend the RM-1 and RM-2 zoning ordinance in its June report to the Tecumseh Planning Commission, independent of any request from either the city, city planning commission or developer.

The zoning ordinance amendments will:

1) reduce the density of multiple family development from 14 units per acre to 10 units per acre in RM-1 and from 20 units per acre to 16 units per acre in RM-2 districts.

2) Make multiple family development over 10 acres in RM-1 district and a project more than five acres in RM-2 district a conditional use, requiring planning commission approval.

3) Require RM-1 development to have 300 sq. ft. recreation area per dwelling unit and minimum 30,000 sq. ft. recreation area.

4) Limit senior citizen development in RM-1 to five stories, and make it a conditional use.

These controls do not exist in current zoning ordinance.

RM-1 district is multiple family housing used as "transition" housing between a single-family neighborhood and commercial development.

RM-2 is multiple family housing used in a downtown commercial district. Greater density is usually allowed in RM-2 because of land availability and costs.

Developer Ed Day said that he invited all members of the Tecumseh City Council and Planning Commission to see a multi-family and senior citizen development called Park Forest in Jackson. Dinner was not part of the invitation.

Two council members and four planning commissioners toured the project Oct. 2 from about 5-7 p.m.

The project is owned by F&S, financed by the Michigan State Housing Development Authority. Day said he retains a "minor interest" in the development.

Day said he wanted city officials to see, "that a mixture of senior citizen housing and 2-2½ story townhouse units on a site can look good aesthetically, the mixture of senior citizens and family units could form a community together, that there are different kinds of housing facilities available to senior citizens."

Day said the one he planned for the Tecumseh development would be "a carbon copy" of the Jackson senior citizen development.

That facility includes a separate community recreation building and outdoor pool. In the senior citizen complex are a librarv, kitchen facilities, crafts roc and, community recreation rooms. After the tour, Day said "it was their decision to stop and have something to eat. I paid for dinner. I thought it was a courteous move. I don't believe it was wrong, if I take 2-3 hours of someone's time, to pay for their dinner."

Day said he has not ordered any survey of the "Fuller property."

Day's site plan shows 238 units, 140 senior citizen units, 58 townhouses and 40 apartments.

Accept Les Dallas Bid

Tecumseh City Council accepted the bid of Les Dallas, Inc., Monday night in the amount of $8,497 for a cemetery dump truck.

Unsuccessful bidders were Erb Chevrolet Buick, Inc. at $8,898 and Underwood Chevrolet at $8,427. Council noted the tires on the Underwood bid did not meet specifications.

300 Signatures Are Collected

Approximately 300 signatures were collected by the Tecumseh Homeowners Association on petitions against zoning changes from single family to multiple family in the northwest section of Tecumseh.

The petitions will circulate until Nov. 15, said the association, and will be presented to the Tecumseh Planning Commission at its next meeting Nov. 20.

In other business at the Oct. 30 meeting at St. Peter's Church, the Tecumseh Homeowners Association elected officers. John Long is president; Bill Rawlins, vice-president; Jackie Royal, secretary; Murel Clark, treasurer; Larry Beardslee, political action chairman and Sue Neilson, publicity.

Yearly dues were set. Membership is open to any Tecumseh property owner.

The Association is urging concerned citizens to attend two public hearings. The first is Tecumseh City Council's public hearing Nov. 19, 8 p.m. to consider changes in the current zoning standards for RM-1 and RM-2, multiple family residential districts.

The second hearing is the next day Nov. 20, 7:30 p.m. when Tecumseh Planning Commission will hear comments on rezoning 30 acres of property commonly known as the "Fuller property" from single family residential to multiple family.

Next meeting of the Tecumseh Homeowners Association will be held after the public hearings and prior to the date which council sets to hear arguments concerning rezoning of the "Fuller property."

News From The Tecumseh Chiropractic Life Center

101 S. Pearl Tecumseh

Dear Doctor Can chiropractic help Colitis?

Colitis means inflamation of the colon, which is usually the last four or five feet of the digestive tract, known as the large colon. In realty it is a disturbed function rather than an inflamation.

Fecal material may become hard and dry and packed in the lower portion of the colon. This results in constipation, and gases not properly being expelled. These trapped gases become compressed, resulting in a sensation of fullness and bloating.

Sometimes the colon may become overactive resulting in frequent and loose bowel movements. There may also be an excessive secretion and elimination of mucous material which may be tinged with blood.

Alternating periods of constipation and diarrhea are often found with colitis. Colic and pain radiating to the stomach and spine are often a complaint.

The primary cause of colitis is a longtime interference with nerve flow to the area of the colon which interferes with function and action. Vertebral subluxations create pressure on nerves that transmit information from the brain to the colon. A disruption of function of the colon is the end result.

Correction of the vertebral subluxation removes the cause of the problem. How long it takes to get well depends on many factors, some of which are:

1. Length of time colitis has existed. A longer existing case will naturally take longer than a fairly recent one.

2. Age of patients. Younger people usually respond faster than older people.

3. Other body disturbances. If other conditions exist at the same time, results will be a little slower.

4. Other irritation factors, for example, bad eating habits, failure to heed the urge for bowel movements, etc., will prolong recovery time.

5. Cooperation - If your cooperation with your chiropractor is good, recovery time will be faster.

Other irritating factors are: worry; rapid and irregular eating habits; prolonged and repeated use of laxatives or enemas; unbalanced diet nervous tension; excessive over-eating, or drinking.

The chiropractor is trained in finding vertebral subluxations and in removing them so your health may be restored. Allow enough time for recovery and cooperate to get the best results under chiropractic care.

For further information on this question, or if you have other related questions, feel free to call 423-7360 or write Dr. Elwartowski at 101 S. Pearl St., Tecumseh, MI 49286.

Thru My Window

BY MARDA GENE DUNCAN

It all started way back last summer when the cherry crop was well past its peak. Mom went to the kitchen with breakfast on her mind but a casual glance out the window sidetracked her. Our coffee, toast and cheese were late that morning. She called from the kitchen and said that there was something in the cherry tree.

As I patched the story together there certainly was something in the cherry tree.

Three somethings, in fact. At first she thought they were the young squirrels.

We had been having such fun with them and part of the charm was that they were sticking so close together. But Mom quickly realized these were not our kid squirrels. A second look at those pointed noses was all it took to make her see that she was watching young raccoons.

With bodies only slightly larger than the squirrel's, those little guys could not have been out on their own for very long. They knew all there was to know about eating cherries though.

Finishing the fruit course the trio climbed out of the cherry tree, walked along the fence, climbed the fence, and hightailed it into the backyard walnut tree.

I had been enjoying Mom's play by play' description of what was happening when suddenly she announced that she was going out on the back porch, the kids were moving again. After a few minutes she was back inside and trying to call the neighbors. A busy signal.

Finally Jackie called and asked if Mom saw the raccoons. I said yes and added that we had tried to call her. She laughed. She had been talking to her daughter and suddenly saw Bernice on the porch and then in the yard.

Her obvious interest in something alerted Jackie and she started looking herself. Finally she too spotted the banded-tailed threesome.

At dusk that day the front doorbell rang. Jackie and her two youngest daughters had seen two of the kids climb into our cherry tree in the east yard.

Mom went out and the four of them wached until the ravenous mosquitoes drove them inside. Where was the third kid?

The next day, again just as it was getting dark, Royals saw the raccoons again scramble into the cherry tree.

These kids had certainly developed a taste for the sour red fruit. This time Mom did her watching through a window and away from the hungry mosquitoes. Now there were three raccoons again and they stayed in the tree until it was dark.

Several days went by with no further raccoon excitement. Perhaps they had crossed the creek and found a safe area further upstream. We all know that raccoons live in towns 'very successfully' with the fast cars, large dogs, and people.

However, it must be a rather perilous life and we hoped for better things for the kids. Besides, raccoons quickly learn about garbage bags and gardens full of sweet corn.

A week or so went by and then one day just as we had finished dinner, all at once both of us noticed a stripped-down jeep driving ever so slowly up Logan Street.

The two young men in the rather odd looking vehicle were smiling broadly and pointing. They were obviously pleased and excited. The raccoons!

"Mom went outside as the car drove in our driveway to turn around. The men had followed the two for several blocks. The kids went back into their favorite cherry tree but by now most of the red juicy fruit was gone; however, they must have found a few left-overs because they stayed long enough for Mom to alert a couple of the neighbors. Nothing like sharing the wealth.

Everyone was amazed at how much the youngsters had grown. They were certainly finding plenty of good food. About a month later I had my first look. It was a quick one, in fact a mere glance as they raced along the top of the creek bank and disappeared over the edge.

in mid-October a friend happened to drop in at lunchtime and as he rose to leave, a rather shocked expression crossed his face. A raccoon had just splashed across the creek.

Was it one of the summer trio? What was it doing out at noontime on a bright sunny day? Of course, our kids apparently had to make it on their own with no help or lessons from their mother. They could have developed all sorts of bad habits. Hope none of them get them in serious trouble.

Flu Vaccine Offered for the Elderly

Influenza vaccine will be available at the Lenawee County Health Department beginning Nov. 9 for persons 65 years and older, and other people age 13 and over with chronic health problems such as diabetes, disease of the heart, lungs, or kidneys, anemia an other chronic illnesses.

The vaccine produced my Merck & Company, called "Fluax," contains the recommended contemporary strains of influenza viruses — namely, A/Brazil, A/Texas, and B/Hong Kong.

This vaccine is being offered free of charge to the above described high risk individuals in a special clinic at the Lenawee County Health Department Nov. 9 from 9 a.m. to 4 p.m.

After the special clinic, the vaccine will be offered to the above people in regular Health Department clinics Wednesdays from 8 a.m. - 4:30 p.m.

Individuals who have not previously received influenza vaccine and those having any questions about their need for the vaccine should check with their physician prior to the clinic date.

Area Church to Host Missionary

The First Baptist Church, Milwaukee Rd., Tecumseh will host the Rev. Cecil E. Carder, American Baptist missionary to Thailand, Nov. 8.

A potluck dinner will be served at 6 p.m. A question and answer time will be provided.

The Rev. and Mrs. Carder were appointed to Thailand by the American Baptist Board of International Ministries in September, 1955.

They served the Karen people in Chiang Rai Province in northern Thailand until 1963.

At this time Mr. Carder became field secretary of the Thailand Mission which necessitated a move to Bangkok, the capital.

Since 1972, Carder has worked with the Chinese in their center programs in Bangkok. He has been advisor in the Maitrichit Center in a Muslim area and assisted in the work at the Sacred Light Baptist Church Center in Thonburi.

The public is invited.

Drama Class to Perform 'Dilemma'

The Tecumseh High School Drama Class will perform its fall play, "The Savage Dilemma" Nov. 15, 16 and 17 at the Tecumseh Community Center.

The play is a sequel to "The Curious Savage," which was the senior play in 1976. It is about the adventures of Ethel Porter Savage and her plight to save a sanitarium called the Cloisters.

Curtain will be 8 p.m. each night. Tickets may be purchased at the door, or from the cast.

Proceeds will go to the high school drama club.

Ray Hansen Named Bishop of New Ward

Ray Hansen of Tecumseh was named as the bishop of the new ward of the Church of Jesus Christ of Latter-Day Saints in Adrian.

The status of the local branch was changed to a ward recently which gives the Lenawee congregation of 275 members an opportunity to build a new church building in Adrian.

A lot has been purchased on Sand Creek Highway, next to the Lenawee County Medical Care Facility.

Church authorities from Salt Lake City, Utah also named counselors for the new bishop: Michael Leonard of Manitou Beach and Don Beebe of Adrian, local businessmen and members.

Because the church is a missionary church, actively proselytizing in the area, there are now six missionaries serving the area including Elders Clynn Wilker and Gyle Yearsley in Tecumseh.

The church also assigned two Spanish speaking missionaries to the area.

Ginger Spices Croswell Stage

Johnny Ginger of Detroit television fame will present a one-man show for the entire family Nov. 18, 4 p.m. at the Croswell Opera House.

The show is a benefit for the building fund of the Croswell Opera House. Tickets are on sale at the opera house business office or call 263-5674 for reservations.

Memoriam

In memory of our daughter Pat Gibson who passed away Nov. 12, 1978.

The angels came on that November day and took you oh, so far away.

And yet we know you're happier now, Able to walk and run and smile.

We miss you so, we always will, but yet we'll always cherish dear the memories of those funfilled years.

You taught us, and were so strong. Your love of life will be passed on to all of those who cared for you. You touched our lives, And we loved you.

Sadly missed by all her loved ones.

Duane Francisco Wins Grand Prize

Duane Francisco of 405 N. Union was the grand prize winner in the Tecumseh Area Chamber drawing held Oct. 31, 4:30 p.m. at the Tecumseh Community Center.

Duane is a barber at Gregory's Barber Shop in Tecumseh. He will receive a $1,000 shopping spree in Tecumseh. Sluyter's Electric sold the winning ticket.

Eloise Adams of 501 Nokomis won her choice of a portable color television set for second prize, courtesy of Gambles. She bought her winning ticket from her sister-in-law, Lynn Cook.

W.D. Hite of 308 W. Kilbuck was the third prize winner of a Meyers Canoe. Sluyter's Electric also sold that ticket.

Sharlene Hohnstreiter, 2166 Cadmus Rd., Adrian, will receive the fourth prize, a $100 gift certificate, courtesy of Trickey's Department Store. Nadine Seitz of Ken-Ray Drugs sold that winner's ticket.

John Damelio, retiring board member of the chamber, was coordinator for the drawing for the second year.

Chamber Plans 'Snow King, Queen' Contest

Tecumseh area children aged 12 and under are invited to enter the first Snow King and Queen contest, sponsored by the Tecumseh Area Chamber of Commerce.

The winners will be selected in a random drawing Nov. 23. The Snow King and Queen will ride in the Christmas Parade Sunday, Nov. 25 with Santa Claus. The parade is also sponsored by the Chamber of Commerce.

Prizes have also been donated by Tecumseh merchants.

There is no residency requirement. Entries are unlimited. Ballots are available at the area merchants and the chamber office.

Ballot boxes will have pink ballots for Snow Queen entries and blue ballots for Snow King entries. Since the selection will be a random drawing, the more voters a contestant has, the greater his or her chances are to be selected.

Prizes were donated by Proctor Shoes, McDonald's, Schmidt's Pharmacy, Nutty Gormet, Sluyter's Keyboard World, Toy Corner, Castlewood Bookstore, Volpi's Jewelry, Grey Fox Floral and In Things.

16-Piece Band To Perform at Holiday Ball

The 31st annual Holiday Ball sponsored by the Herrick Hospital Auxiliary will be "jazzed up" this year with the sound of The Big Band Machine.

Richard Sies, business manager of Herrick Hospital, is leader of the 16-piece band that will perform Dec. 1 from 9 p.m. at the Tecumseh Country Club.

Music from the 30's, 40's and popular tunes arranged in the big band style will provide the dancing and listening entertainment.

(Editor's note: Happily for some, there will be no disco!)

Sies said the Hillsdale-based group formed three years ago. It is composed of music teachers and semi-professional musicians who perform together as a hobby.

A pre-ball dinner will be served to those wishing it at the club between 7 and 10 p.m.

At midnight, a champagne breakfast will be served.

Proceeds from the dance will benefit the Herrick Memorial Hospital.

Mrs. William Mammoser is chairwoman, assisted by Mrs. Eugene Stiman who is taking reservations.

Mrs. Harold Ruhl has formed a decorations committee.

Invitations were sent to auxiliary members and Herrick Hospital staff.

Reservations will be limited to 250 persons.

Thanksgiving Union Service next Wednesday

A union Thanksgiving service will be held Wednesday, Nov. 21 at 7:30 p.m. at the Tecumseh United Methodist Church.

Service is sponsored by the Tecumseh Ministerial Association.

The Rev. Edmond Watkins of the First United Presbyterian Church will preach, and the Rev. Dane Ruff of Friends Church will be liturgist. First Baptist Church of Tecumseh will provide music.

Kiwanis will provide ushers.

The offering will be used by the Tecumseh Ministerial Association to purchase scripture portions to be distributed by the mininsters during the Tecumseh Area Chamber of Commerce Christmas parade Nov. 25.

Congregations of all Tecumseh area churches are invited to attend the union service.

NEVILLE HART, THS PRINCIPAL, 1951-1973

Services Held for Neville Hart

Funeral services were held Tuesday afternoon at Purse Funeral Home for Neville L. Hart, 68, retired Tecumseh High School principal who died early Saturday evening at Charlevoix Memorial Hospital in Charlevoix.

He was stricken while visiting friends at Norwood, near Charlevoix. Death has been attributed to a heart attack.

Although a strict disciplinarian as high school principal, Nev probably has more close friends living today than any other school administrator. He was tough, and sometimes rough, but students sooner or later loved him. Nev, big and husky, had charisma. He was a fair man and students appreciated it.

He was appointed high school principal on May 8, 1951, succeeding F. James McDowell who had been appointed superintendent to replace Earl Place. He retired 22 years later in June 1973.

He came to Tecumseh in 1940 as business teacher and coach. He coached both football and baseball, and his 1941 football team posted an 8-0 mark, the first Indian eleven ever to go through a season undefeated. Some say it was the best Tecumseh team ever.

Nev entered the Army in 1943 and served in the South Pacific, where he received the bronze star. Three years later in 1946, he returned to teaching in the high school, and five years later he became the school's principal.

He announced in October 1972 that he would retire at the end of the school year. On May 17, 1973, approximately 300 gathered in the high school gym to honor him.

He was born on June 18, 1911 in Green Bay, Wisc., son of A.G. and Minnie (Green) Hart. In 1937 he married Marion Wilcox, who died in 1955. On June 18, 1957, he married Lucille Schneller in Buffalo, N.Y. She survives.

After graduating from Escanaba High School, he attended Lawrence College before graduating from Ferris State. He later received a master's degree from the University of Michigan.

Before coming to Tecumseh, he started teaching at Jordan College and Menominee High School, both in Menominee.

Nev was a member of the First United Presbyterian Church, Masonic Lodge here, past commander of the Tecumseh VFW, former member of the Exchange Club and the Tecumseh Parks and Recreation Board.

Survivors include a stepdaughter, Mrs. Ray (Sandra) Crosier, of Lambertville, and two grandchildren.

The Rev. Edmond Watkins officiated at his service, and burial was in Brookside Cemetery.

Hart Memorial

Memorial contributions in memory of Neville S. Hart may be sent to the Tecumseh High School Neville Hart Memorial Fund, c/o of the high school.

Fund $7,000 over Goal

At its regular scheduled meeting held Nov. 13, the Tecumseh Community Fund Foundation, Inc. board received a wrapup report by Roger Proctor, drive chairperson for the 1979-80 fund drive. The following contributions by division were made:

DIVISION	ACTUAL	GOAL
INDUSTRIAL	$ 55,722	$53,000
COMMERCIAL	13,120	12,500
PROFESSIONAL	2,250	3,500
SCHOOLS	4,000	5,000
RESIDENTIAL	2,345	2,350
PUBLIC EMPLOYEES	1,314	1,650
SPECIAL GIFTS	23,150	16,745
TOTAL FUNDS RAISED	$101,901	$94,745
Less: Amounts designated to other United Funds	8,009	
Add: Anticipated funds from other United Funds	4,000	
TOTAL FUNDS AVAILABLE FOR LOCAL USE	$ 97,892	$94,745

In other business, a thank you letter was read from Gene Cooley, assistant superintendent thanking the board for the funds to purchase insulated drapes for the Tecumseh Library and for one half the cost of the football field scoreboard.

Loss Is Over $2,000 in B&E of Residence

A breaking and entering early Tuesday evening of last week at the Geraldine Jardine residence, 504 Occidental, résulted in a loss of well over $2,000 to the family.

Several rooms, including an upstairs bedroom, were ransacked between the hours of 6 p.m. and nine o'clock, while the family was away.

Loss includes a drum set, valued at $2,000, plus other musical equipment, TV, stereo and related equipment and jewelry. Drum set was owned by Ms. Jardine's son, James Erb.

Entry to the home was gained by breaking a rear door window and then reaching in and unlocking the door.

Police investigated a possible B&E just before midnight last Thursday when a window was broken at Ken-Ray Drugs. Two subjects, Donald J. Menominee, 23, of 416 W. Logan, and Garry A. Harrison, 17, of 9355 Macon Hwy., were found on the sidewalk in front of the store.

Neither could explain the broken window and Harrison denied breaking it. Menominee was charged with malicious destruction of property.

Saturday, three juveniles, two 13 and one 14, were caught vandalizing at Whelan Implement on N. Occidental. Headlights on three tractors were shot out by B-B guns, mirrors on a combine were broken, and a lens on a flashlight, taken from the combine, was shot out.

Other complaints investigated the past week consisted mainly of vandalism and minor thefts. Resume is:

Nov. 7 — David Holly, 1211 Shady Lane, reported a tire damaged, probably by an ice pick.

Nov. 10 — Patricia Ann Wilson, Marlboro Apartments, told officers four hub caps from her vehicle were stolen.

Nov. 10 — David A. Habecker, 307 Bidwell, reported orange paint sprayed on his car.

Nov. 10 — James B. Homer, Adrian, reported orange paint sprayed on his vehicle while parked on N. Maumee St.

Nov. 10 — Nancy J. Kinnard, Clinton, had two tires flatened while her car was parked at the Community Center.

Nov. 11 — Chad M. Thornton, 3, of 309 Parkway Court, suffered a dog bite and scratches to the face. He was treated at Herrick Hospital.

Nov. 11 — Thomas L. Rowe, 21, Britton, was cited for drunk driving after being stopped on W. Chicago Blvd.

Nov. 11 — David V. Hill, 22, Saline, was stopped on N. Maumee and charged with drunk driving.

Nov. 12 — Dan Righter, 5998 Rogers Hwy., told police another party purposely slammed a car door several times into the side of his van, which was parked in a downtown lot. Incident was witnessed.

Nov. 12 — McDonald's restaurant reported a 17-year-old girl wrote on the wall of a restroom there. Restaurant recently painted the wall.

Dies in Car Fire

A 27-year-old Newport man died in his burning car early Sunday morning, on M-50 between Billmyer and Hendershot, despite efforts of two motorists and the Tecumseh Fire Department.

Dead is Paul Jablonski, who was burned beyond recognition. Authorities, who identified him through jewelry and dental records, have ruled his death as accidental.

According to the State Police, trucker Frank Duncan of Toledo was first on the scene and attempted to extinguish the smoking car. Another motorist arrived and he too used a fire extinguisher as the car began to balze.

Tecumseh officer Gaylord Long arrived at the scene at 4:10 a.m. and found the car in flames. Local firemen were called at 4:13 and quickly extinguished the blaze, but too late to save Jablonski. All windows in the car had blown out and the top portion of the car was engulfed in flames.

Two Hearings Set for Zoning Issues

Two public hearings will be held next week in Tecumseh city hall.

The first will be at 8 p.m. Monday, Nov. 19 during the regular Tecumseh City Council meeting. Comments will be heard on amendments to the city's zoning ordinance.

The [illegible] will affect RM-1 and RM-2 zoning districts and in effect will reduce the density of developments built in those areas.

RM-1 district is multiple family housing used as "transition" housing between a single-family neighborhood and commercial development.

RM-2 is multiple family housing used in a downtown commercial district. Greater density is usually allowed in RM-2 districts because land is less available and costs more.

The zoning ordinance amendments will:

+Reduce the density of multiple family development from 14 units per acre to 10 units per acre in RM-1 and from 20 units per acre to 16 units per acre in RM-2 districts.

+Require a conditional use approval from planning commission for multiple family developments over 10 acres in RM-1 district and conditional use approval for a project over five acres in an RM-2 district.

+Limit senior citizen development in RM-1 to five stories, and make it a conditional use.

+Require RM-1 developments to have a 300 sq. ft. recreation area per dwelling unit and minimum of 30,000 sq. ft. recreation area. Development must also be within capability of city services.

These zoning ordinance amendments were recommended to Tecumseh City Council by the city planning commission, based on a report of the Region II planners.

The Region II planners are retained by the city for professional planning advice. Region II planners serve communities in Jackson, Hillsdale and Lenawee Counties.

Tecumseh City Council held three readings of the proposed zoning ordinance amendments at the Oct. 1, 15 and Nov. 5 council meetings, as required by city ordinance. Tecumseh Planning Commission's hearin the proposed zoning ordinance amendments was July 17.

Monday's public hearing by city council is required before the council can vote whether or not to approve the zoning ordinance amendments.

However, members of the month-old Tecumseh Homeowners Association say they are confused by the zoning ordinance amendments.

Some of them feel that the amendments will be adopted by city council only to make possible a federally subsidized, multi-family housing project on 30 acres of property north of W. Chicago Blvd. at Sunset St., commonly called Fuller property.

The Tecumseh Homeowners Association was established in formal opposition to the proposed multi-family development and rezoning of the Fuller property from single family residential RA-1 to multiple family residential, RM-1.

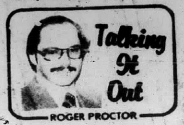
MATTHEW D. JONES



Do Widowers Need Help?

A respected minister we know quotes scripture appropriately to make his point. Borrowing a page from his text, the following passage of Genesis comes to mind:

"It is not good that the man should be alone . . ."

So, too, after a man loses his life's mate, his dearly loved companion, he should not be left alone.

No, we do not mean that he should hastily remarry. We mean that his friends should not forsake him because his status has changed; because he is now a widower.

In our couple-oriented society, the widower is disadvantaged by his singularity. Make him welcome as before. Share your hospitality with him as you did before. Go out of your way a little to seek his company; his conversation. Help make his grieving easier by sharing with him your presence and caring, as we know you do.

This "reaching out" by you will be important to him immediately after the funeral and for many months to come.

Schedule 2 Hearings on Zoning Issues

(Continued from Page 1)

"We were first told that the zoning ordinance change had nothing to do with our property or the proposed multi-family project. But we're uncertain. We're in the dark," said John Long, president of the Tecumseh Homeowners Association.

He predicted a "full house" for both public hearings.

The second public hearing will be held Tuesday, Nov. 18 in city hall beginning at 7:30 p.m. with the Tecumseh Planning Commission.

Comments will be heard on the request of developer Ed Day to rezone 30 acres of the "Fuller property" from single family residential, RA-1 to multi-family, RM-1.

According to the site plan filed with the planning commission, Day plans a 238 unit development to include a mix of townhouses, apartments and a multi-story senior citizen complex.

Tuesday's public hearing is required by the city's zoning ordinance. The planning commission is expected to make its recommendation on the rezoning request to city council at a later date.

Tecumseh City Council must then hold its own hearing before legislating a change in the zoning.

The zoning request has created quite a controversy citywide, but especially among the residents of Seminole Dr. and Evans Creek Drive that would be neighbors of the multi-family project.

Over 330 signatures were collected citywide by the Tecumseh Homeowners Association.

John Long, president, said that petition deadline is Nov. 15. Copies of the petitions circulated to date were given to each Tecumseh Planning Commissioner. The originals will be filed at city hall, said Long.

The petitions state that the undersigned are opposed to any change in the single family residential character of northwest Tecumseh bounded on the north by city limits, the east by N. Union, the south by W. Chicago Blvd. and the city limits on the west.

Long explained that the homeowners group opposes the project because federally subsidized housing would involve the federal government.

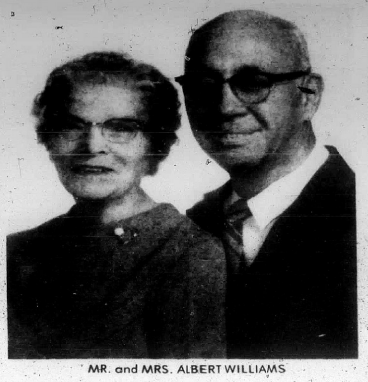
"When the federal government gets involved, they tell you exactly what you can do and what you cannot do," stated Long.

Long said the group's underlying concern is that property values will deteriorate if anything but single family units are built.

"We're for having things compatible with what's already built. Apartments will knock the value of the property already there. We have nothing against single family housing," Long said.

"I'm not trying to jam density. I want to build a project I can be proud of," commented developer Ed Day of Clinton.

"There are a lot of young people who grew up in Tecumseh that would like to live here but cannot afford a house at $70,000 or more. Not everyone can afford a house. I'm trying to answer the question of where our children are going to live," Day commented in support of his proposed project.



MR. and MRS. ALBERT WILLIAMS

Albert Williams Honored on 50th

Mr. and Mrs. Albert Williams, 111 S. Maumee St., will be honored on the occasion of their 50th wedding anniversary at an open house Sunday, Nov. 25, from 2 to 5 p.m. in Fellowship Hall of Tecumseh United Presbyterian Church.

'Web of Life' Is Topic

At the home of Olga Stephenson, 23 members of The Wit and Wisdom Club held a program on lake reclamation and waste water systems presented by Sylvia Baize of Water Improvement Technics, Inc.

To bring a lake back to life, a balanced "Web of Life" must be established.

The most common processes used today are dredging (which only lasts about a year), use of oil removal equipment, harvesting of the weeds, herbicides, etc. do not completely solve the problem of lake restoration.

Ms. Baize then explained the Clean Flo technic perfected by Clean Flo Laboratories, Inc. of Hopkins, Minn.

Lakes roll over their waters in the spring and fall when the surface water becomes heavier than the bottom water and sinks. This natural phenomenon is called inversion.

This is nature's way of supplying oxygen to the bottom waters and blowing away the noxious gases as they rise to the surface. However man's activities have brought in more pollutants faster than nature can keep up.

By mechanical means, Clean Flo discovered the secret of how to raise 360,000 gallons of bottom water to the surface every hour with only one horsepower, the same amount required to light three 250-watt light bulbs. This will completely roll over a 10 acre section of lake 10 feet deep once every four days.

This, Multiple Inversion, is a multiplication of nature's own beneficial methods. Fish seem to thrive in this naturally oxygenated water. Algae bloom and fish kills, too often caused by aeration, are avoided.

Once the Multiple Inversion System is installed, to speed up this natural removal of phosporus, a non-toxic soluble calcium compund (registered with the EPA) is added.

To quickly re-establish a Food Web, beneficial microorganisms, called Clean-Flo Living Organisms are added to the lake. They rapidly consume bottom muck and reduce it so there is less production of toxic acids and gases.

They compete with weeds and algae for phosphorus and nitrogen, accelerating the process by which weeds and algae are reduced by lack of nutrients.

As these organisms multiply on the lake bottom, they in turn become food for insects, worms and other small organisms that become food for fish.

In this inexpensive way, muck is reduced, weed growth slowed and the return of good fishing is accelerated. In this manner lakes are reclaimed and again made useful to man.

After a short business meeting, refreshments were served by Mr. and Mrs. Mervyn Boltz and Olga Stephenson.

Tecumseh Rotarians Show Colors

Tecumseh's Rotarians really know how to show their colors.

Every Tuesday during the weekly luncheon meeting, the Tecumseh Rotary displays an international rainbow of friendship: a few rows of the local club's collection of 1,400 Rotary banners. They represent every Rotary district in the world.

Herb Dillon, club member, rotates the banners each week to feature a certain continent or corner of the world.

The Tecumseh collection is believed to be one of the world's largest collections of Rotary banners.

The club started collecting the banners 15 years ago. Several club members began corresponding with Rotarians abroad. The late Robert Moore, another Tecumseh Rotarian, suggested the club exchange banners as well as letters.

A world traveler, Rotarian Moore returned with banners from his journies abroad. Many other banners came through the mail, while still other Rotarians brought back banners from Rotary conventions.

"Collecting all these banners hasn't been easy," said club President E.L. "Spec" Simmons. "Our banners constantly remind us of Rotary's internationality and strike up friendships with clubs that once seemed worlds away."

Rotary is an organization of business and professional men united worldwide who provide humanitarian services, encourage high ethical standards in all vocations, and help build goodwill and peace in the world.

"Service above Self" is a Rotary motto.

Rotary was first organized in Chicago, Ill. in 1905. In 1910, it became international with formation of a club in Winnipeg, Canada. The name Rotary International was adopted in 1922.

The name of the organization was derived from the fact that the original members met in rotation at their various places of business.

Membership is by invitation only, on the basis of one representative of each business, profession or institution, to ensure a cross-section of community representation.

There are more than a quarter of a million members, over 18,000 clubs worldwide in 153 countries.

400 Attend New Masonic Temple Dedication

About 400 guests and members of the Tecumseh Lodge #69 F&AM attended dedication ceremonies and banquet Nov. 9 of the new Masonic Temple at 700 Bishop Reed Dr., across from the Tecumseh United Methodist Church.

The half-million dollar building includes modern kitchen facilities, dining room able to seat 450 and be partitioned in half for small meetings, a lounge, lodge meeting room and two storage rooms. Present parking facilities serve 58 parking spaces.

First meeting in the new facility — the fourth temple home for the 125 year-old Tecumseh lodge — was held Sept. 7, 1979, 15 months after groundbreaking ceremonies June 7, 1978.

Ceremonies were conducted by Grand Lodge Officers, led by Charles S. Moulthrop Jr. grand master from Essexville and with Tecumseh Lodge members led by worshipful master Dean Moore.

A plaque will be installed in the lobby inscribed: "Dedicated in Memory of Ray W. Herrick 1979."

Wilmer Kiser, lodge secretary, was building chairman. He made a special presentation to Mrs. Lee Hastings during the dedication. Her late husband, an engineer for Krieghoff Lenawee, worked with Kiser in the design of the building until Hastings died April 16, 1979 of cancer.

Cornerstone ceremonies began at 4:30 p.m. and were held indoors in the lodge lounge due to rain. There was standing room only as invited guests from the community and city officials observed the solemn ceremony along with lodge members and members of the RAM #42 and OES #51.

Items pertaining to the new temple and Tecumseh Lodge were sealed in the cornerstone.

A roast beef dinner was served during the banquet by men and women of the Tecumseh United Methodist Church. About 430 diners were served.

Mayor Aden Mead congratulated the Masons on their new building.

Grand Lodge Officers and their wives invited to participate in the ceremonies were grand master Moulthrop; Robert N. Osborne, deputy grand master, Dearborn; Carl C. Worfel, senior grand warden, Grand Rapids; Robert W. Sandborn, junior grand warden of Clio; Robert A. Hockstad, grand treasurer, Elk Rapids; Royce E. Curtis, grand secretary, Grand Rapids; Harry E. Hicks, grand lecturer, Flint; Harold C. Prong, grand chaplain, Yale; Russell C. Wells, senior grand deacon, West Bloomfield; Henry A. Wilson Jr., junior grand deacon, Grosse Pointe Park; Richard H. Sands, grand marshal, Ann Arbor; Alton C. Darling, grand tiler, Battle Creek.

Grand Lodge Officers received a china plate with the Tecumseh Lodge symbols and history painted on it.

Tecumseh Lodge and RAM and OES officers and out of town members were introduced.

When it was first chartered, the Tecumseh Lodge met in the Union Hall building. In 1863, it moved next door to the Bidwell Building, both on W. Chicago Blvd., south block and in 1894, the lodge started meeting in the James Block at N. Evans and E. Chicago Blvd., above what is now D&C store.

Masonic Temple will be available for use by community groups. For information, readers may call the Tecumseh Masonic Association, 423-3120.

Menyhart Attends Bank Seminar

Tony Menyhart, assistant cashier, United Savings Bank of Tecumseh, was one of 88 bankers from 22 states that completed the 18th bank executive development seminar, sponsored by the Independent Bankers Association of America on the campus of Ball State University in Muncie, Inc. Oct. 21-25.

LISD Receives Shawnee Donation

The Lenawee Intermediate School District received a donation of $3,269 from the Shawnee Squares Oct. 28.

The group of square dancers which meets in Tecumseh, has sponsored dances for the past six years, to benefit the Milton C. Porter Education Center.

The ISD board will use the money to buy hearing aid equipment for the primary deaf room.

Highlights of the ISD board meeting Nov. 5 are:

+The board changed the administrative structure of special education by adding the position of deputy director of special education. Responsibility will include working with local school districts in the special education rooms. There are currently 37 in the ISD.

In related action, the positions of four special ed supervisor will be combined into two positions, with two of the supervisors returned to classroom work.

+The board purchased two mini-buses at a cost of $29,894 for special education transportation, to relieve runs that are now running up to three hours.

+The ISD board contracted Samborn, Stecketee, Otis and Evans for design and supervison of the Porter Center construction projects at a rate of 6.3 percent construction costs.

BY MARDA GENE DUNCAN

Juncos. Pretty little six inch gray and white birds but oh, what their appearance every fall means. Perhaps Birds of America edited by T. Gilbert Pearson says it better than most. In their discussion of various birds they often list alternate names or nicknames. For the slate-colored junco they give such descriptive names as snowbird, black snowbird, common snowbird, slate-colored snowbird, and blue snowbird. Shiver, shiver.

This book, by the way, is old but it has time for more than just the bare essentials of name, color, and distribution. They have the usual general description which says the juncos are gray on top and creamy white below.

But they have a more detailed description which, among other things, says, "... six middle tail-feathers, slate-blackish, edged with slate grayish; two outermost tail-feathers white...".

They also say that the iris of the juncos' eye is dark reddish brown or claret-purple.

Well, juncos come close but we have never noticed the subtle tints in the tail feathers, slate-blackish and slate grayish would be difficult to tell apart and I am afraid that the claret-purple eyes just look dark.

This is the time of year that the juncos fly in for the winter and, inspite of them reminding us that cold weather is on the way, it is always nice to bid them welcome.

They are friendly birds, quiet and attractive. They are congenial and enjoy not only their own company but that of chickadees, titmice, nuthatches and finches.

Whereas a feeder full of English sparrows is a noisy quarrelsome affair, the juncos seldom bicker and practically never fight.

They rival the chickadees in their acceptance of winter's worst but, unlike the chickadees who seem to meet the storms with high spirits and carefree attitudes, the juncos are more stoic and seem to accept a blizzard as just something that happens in winter.

Fortunately these gray and white, cold weather visitors are easily lured to well-stocked feeders. They are primarily seed eaters and thus the scratch feed and wild bird mix suits them to a T.

All winter they will spend their southern vacation in this climate. Actually their summer breeding range is not that far away so these are not great migrators in any sense of the word.

Although some do nest in the far north, others merely move into central Michigan, Wisconsin and Minnesota. A few eastern birds travel even less, they simply seek out the cool mountain valleys in Pennsylvania, New York and Massachusetts.

One of our best junco memories involves an incident which happened years ago. We were wandering through the Upper Peninsula enjoying a spectacular fall color show. Day after day the green of the evergreens accentuated the reds, yellows, and bronze. We were breathless.

When we happened into a state park in the Keweenaw Peninsula, it was like entering a world of gold. Bright sunshine and the brilliant yellow of a maple tree forest surrounded us.

And through this world of yellow flew thousands of juncos. They were everywhere and how lovely they showed up against the King Midas background. I can see it now, it is as vivid as it was then.

Checking various bird books to see what they say about juncos brought to light a rather surprising fact. Here in the east we have our slate-colored juncos but in the west, in the Rocky Mountains and along the Pacific Coast, there are some 15 to 20 varities.

Some sound most attractive, the white-winged, the pink-sided, and the red-backed. The Oregon junco is supposed to be a handsome fellow with a mahogany brown back.

Then, of course, there are the Montana juncos and the Arizona juncos. There is even a Point Pinos junco who is confined to a small section of the southern California coast. When territories overlap there is cross breeding which produces hybrids. And more confusion.

All in all we are perhaps fortunate in having but one member of the junco family. I just wish they would quit calling them snowbirds.

Ely Accepts State Job

Tecumsehite Jeff Ely has resigned as Democratic chairman of Lenawee County, effective Nov. 15.

He will be field staff coordinator for the Michigan Democratic party for four districts including the Upper Peninsula, Thumb area and northern lower Michigan.

An executive committee meeting will be held Nov. 15 at 8 p.m. at Vo-Tech to elect a new chairman and a delegate from the fourth district to the state central committee, a position that Ely held concurrently for the past three years.

Thursday's meeting is open to the public.

Lions Screen Vision Nov. 17

The Tecumseh Lions Club, in cooperation with the Adrian Breakfast Lions and the Evening Lions have purchased a new service for all residents of Lenawee County.

By dialing 263-2555, anyone can take a simple hearing test. A recorded message instructs the caller to listen to four tones in each ear.

If you hear the tones, your hearing is "essentially normal."

If the caller cannot hear the tones, a visit to the doctor may be in order.

As their share of the service, the Tecumseh Lions Club paid $200.

In the relatively short time that the Lions have been in Tecumseh, they have a long list of accomplishments. All of their resources have gone back to the community.

Among these gifts, the Lions have furnished two pair of glasses for $100. They have bought two white canes for $20, and they donated $150 to sponsor a team in the Tecumseh Youth Baseball League.

The Lions are a men's community service organization and they welcome any interested members of the general area to join them.

Their next activity will be a free sight screening test at the Tecumseh Community Bazaar Nov. 17, and at the Tecumseh Community Center.

For a Christmas fund raiser, super-hero pen pacs stuffers will be sold for stocking stuffers.

Clinton Girls Tied for Second

The Redskins traveled to Addison last Tuesday and the Panthers delighted a large parents' night crowd by easily defeating Clinton 57-33. Clinton's season record slipped to 7-7 while Addison stretched its unbeaten string to 15 in a row.

Addison jumped off to a 12-6 first quarter lead then outscored the Redskins 21-10 to take a commanding 33-16 halftime advantage.

The Panthers full court press enabled them to score 15 straight points during the first five minutes of the third quarter and Clinton trailed 48-16. Addison rested their starters during the fourth quarter but still coasted to victory.

It was Clinton's worst defeat in four years as Addison completely dominated the contest. "Addison has a very tough team, maybe the best class "C" team in the state. We were never in the game and that disappointed me very much," remarked Coach Bob King.

The 33 point total was the lowest offensive effort this season for Clinton.

CHS could manage to sink only 11 of 46 shots for a cool 24%. Karyn Coward led with 10 points and Barb Winder added 7.

Clinton entertained Onsted on Thursday and improved its overall record to 8-7 by defeating the Wildcats 47-26.

The Redskins started four juniors and a sophomore. They played well and were ahead 9-8 as the first quarter ended.

Seniors played the second quarter and they increased the lead to 23-16 at the half.

Switching to a zone defense and a half court trap press Clinton broke the game open outscoring Onsted 16-0 during the third quarter. Carrie Merillat converted four steals into baskets as she sparked the Redskins to a big 39-16 lead. Clinton coasted to an easy win 47-26.

The Redskins out-rebounded Onsted 41-36 with Brenda Cark leading the way with 11.

Merillat led a balanced scoring attack with 10 points, Co-captain Kris Pratt and Winder each scored eight and Brenda Cark had seven.

The win puts Clinton into a second place tie with Hudson in the LCAA as each team has a 6-3 record.

The next two games are at home against Blissfield Nov. 16 and Morenci on Nov. 20. The Morenci game will be the last game of the regular season and it will be parents night. Home games start at 5:30 p.m.

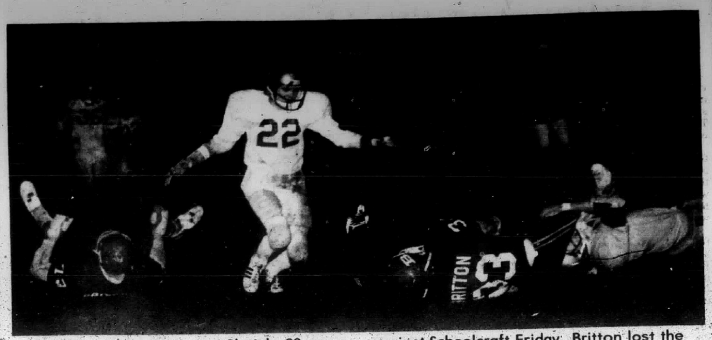
Clinton Hosts Districts

Clinton will be hosting a class "C" girls basketball tournament starting on Monday, Nov. 26.

The competing teams are: Addison, Clinton, Hudson, Manchester, Napoleon and Onsted. The drawing will be held Monday, Nov. 19 at 1 p.m. at Clinton High School.

The games will be played on Monday, Nov. 26 through Nov. 29 and the finals on Saturday, Dec. 1.

All tournament games will start at 7 p.m.



EXTRA YARDAGE — Jim Slatick, 33, goes for extra yardage in Britton's losing effort against Schoolcraft Friday. Britton lost the state quarterfinal game, 26-8.

Britton Tories End Football Season With 26-8 State Quarterfinal Loss

The Tories' football season came to a damp and disappointing end Friday night at Michigan Center. It had been a long and hard trail to the Class D quarterfinals and in the course of the season the Tories had established a record to be proud of regardless of what the outcome of this game might be.

The game started well for Britton. The Tories took the opening kickoff from the Schoolcraft Eagles and drove 82 yards in 12 plays ending in a three yard push by fullback David Bruce for the TD. Jim Slatic ran the two point conversion and the Tories were out in front 8-0.

It was not until the second quarter that Schoolcraft got on the scoreboard with a 27 yard pass for the touchdown. The conversion was unsuccessful, leaving the Tories still in front 8-6.

In the last minutes of the third quarter the Tories' luck began to fade. The defense, which played an outstanding game all night, had the Eagles on their own 41 yardline with fourth and seven. The snap to the punter was bobbled so the punter picked it up and managed to pick up the first down.

It seems like it was all down hill from there for the Tories. From a punting situation the Eagles pulled out a touchdown to put them ahead 12-8. The Eagles tacked on 14 more points in the fourth quarter to bring the final to 26-8.

Even with the loss to Schoolcraft the Tories have a fine season to look back on.

If your brand new car is 'totaled' will your insurance company pay you for a brand new car?

Some insurance companies think a new car is a used car the minute you use it to drive out of the dealership. Not Auto-Owners.

With Auto-Owners, if you have an accident anytime within 90 days and your new car is a total loss, we'll pay you the total cost of your new car. And with Auto-Owners, your new car is covered immediately, automatically, under your previous policy.

So if you're about to get a new car, talk to us at Auto-Owners. Maybe you should get a new insurance company, too.

Indian Varsity, JV's Each Score Two Wins

The Tecumeh JV and varsity girls basketball teams traveled to Carlson Thursday and Monroe Jefferson Tuesday to capture two wins each.

Tuesday, the varsity beat Gibraltar in a low scoring 39-25 game. Kris McDonald was the high scorer for the Indians with 15 points while Therese Rapin also hit double figures with 10 points.

The Indians went with their full court trap press and took an 11-5 first quarter lead. Rapin scored six of her 10 points in that quarter with the Indian trap pressure and turnovers.

The girls pulled ahead 17-10 by half and then started hitting McDonald on the inside more and Kris dropped in 10 points to help pull the Indians ahead, 31-17, at the end of the third frame.

The THS varsity then cruised to the six point win with each battling team scoring eight points the last quarter.

The JV's won a high scoring game, 52-27 with Tracy Walters and Kim Creswell chipping in 14 and 10 points respectively.

The young players jumped out to a 10-0 lead with press pressure as Walters dropped 10 of her game high points in the basket the first quarter.

The JV's continued the pressure to take a 22-11 halftime lead and then canned 22 points in the third quarter to pull well out of Carlson's reach.

Tuesday the girls traveled to Jefferson with the varsity taking the win 51-35.

Again McDonald was the high scorer with 23 points and Donna Bohannon was right behind with 16.

The varsity ran their full court trap press against Monroe and again capitalized on press pressure and hit McDonald on the inside and high percentage scoring.

McDonald went inside so much that she was fouled often and hit seven of eight from the free throw line to aid the Indian win.

The JV's won by one point, 31-30, with Creswell hitting double figures with 12 points.

The young Indians were cold and down 16-15 at half, but then pulled out to a 25-18 third quarter lead that they saw dwindle near the buzzer.

With five seconds left, the Indians were up by three and Monroe picked off an inbounds throw by Tecumseh and dropped it in for two points. There was no foul, so Tecumseh won the final effort by one point.

The two teams are now 7-10 overall and the varsity is 6-7 in the league, the JV's 7-6 in the league.

Final home game of the season is Thursday against New Boston Huron.

Girls Beat Ypsi-Lincoln

Tecumseh's 8th grade girls outscored Ypsi-Lincoln in all four quarters to claim a 55-18 victory last week. The win boosted the team's record to 5-3 with three games left to play.

Eleven girls scored in the game. Chris Clark led the team with 13 points, followed by Brenda Spagnoli nine, Lisa LaVoy and Kristin Long seven each and Lisa Evans scoring five.

The 7th grade team beat Ypsi-Lincoln 28-19, scoring the eighth victory of the season.

High scorer of the evening was Carla Bachman with eight points, followed by Kris Deatrick with five points. Lydia Marks, Amy Palmer and Donna Heeson added four points each.

The Tecumseh Junior High girls finished their season Nov. 14 at Chelsea.

Howe Military Rifle Team Is Admitted

The Howe Military School's varsity rifle team has just recently been admitted to collegiate competition.

Coach Jimmie Williams will be building this year's squad around four youths, including one from Tecumseh, Todd W. Herrick II. The young Herrick is the son of Mr. and Mrs. Todd W. Herrick and is a returning team member.

Howe will enter the shoulder-to-shoulder marksmanship competition with six major universities.

2nd Team Choice

Lyndon Hughes, a sophomore now at Adrian College, has been chosen to the second team offense as a lineman on the all-MIAA team.

The Tecumseh youth plays tight end for Adrian, which is enjoying its most successful football team in 44 years with 14 players chosen to the first and second all-MIAA teams.

Adrian finished the season with a 6-2-1 record.

Britton Splits

Britton's girls basketball team split a pair of games last week, winning a high scoring match over Whiteford Tuesday and losing a low scoring game against Ida Thursday.

Tuesday, the Tories were down by one, 22-21 at the end of the first quarter, but continued to drive to the hoop and hit from outside to go ahead 35-30 at half.

Jodi Smith continued to pace the Tories and then led a third quarter surge with 12 points that allowed the Tories to take a 56-42 third quarter lead. Britton then hit 16 points in the last quarter to Whiteford's 20 for the final 72-62 win.

Jodi tallied 29 points in the Britton winning effort. Jamie Smith added 17, with eight of the points coming in the Tory's first frame surge.

Amy Rohrs took the rebound advantage for the Britton squad with 12 to go with her 13 points. The local squad had the board advantage 37-24 with Jami pulling down eight and Shannon Skelton adding seven.

Britton hit 46 percent of its shots from the floor.

After that school high 72 points Tuesday, Britton put up a season low 40 shots Thursday against Ida and lost 47-33.

The Tories hit 35 percent of their shots, but Ida's 1-2-2 defense kept Britton from putting up enough shots to win.

Jodi Smith hit 12 points for the Tories in that losing non-league effort.

Britton was up by one, 8-7 at the end of the first quarter, but fell down by two at half, 17-15. The Tories continued to stay in the low scoring range with 10 and eight points in the second half while Ida pulled away with 13 and 17 points for the win.

Britton is now 11-6 overall, 7-4 in the conference.

Higher gas and weight taxes produced more revenue in the fiscal year that ended Sept. 30, but reduced fuel consumption and lighter cars have leveled the growth rate, the Michigan Department of Transportation reported today.

A two-cent-a-gallon gas tax increase that went into effect Jan. 1 pushed receipts to a record $477.6 million in the 12-month period, an increase of 14.3 percent from $413.7 million collected the year before. Income from the diesel fuel tax, also up by two cents, totaled $30.4 million, a 24 percent increase.

Without the tax boost, income would have shown no growth because of a decline in gas consumption during the last six months of the fiscal year.

Vehicle weight taxes increased to $235.6 million, up by 35.6 percent, the result of an increase in license plate fees last Nov. 1. The average passenger car fee was $25.36, and increase of 30.9 percent from the $19.38 average in 1978.

Vehicle registration increased only six-tenths of one percent, or 41,672 to a total of 7.3 million. It was the smallest increase since 1957.

Income from all highway user taxes, which makes up the Michigan Transportation Fund, totaled $760.25 million. The total is 20.8 percent higher than the $629.34 million collected in fiscal 1978.

Collection costs and various grants cost $50.1 million, leaving $710.14 million for distribution to the state, counties and cities and to state-supported public transit and rail programs.

In the quarter ending Sept. 30, the net amount for distribution totaled $138.28 million, up by $21.24 million, or 18.2 percent from the July-September period last year.

The State Trunkline Fund for construction and maintenance on the state highway system will receive $52.67 million as its 48.4 percent share of the fund.

The Comprehensive Transportation Fund, earmarked primarily for state-financed public transportation and rail programs, will receive $11.39 million as its 8.3 percent portion.

The 83 county road commissions will collect $47.64 million as their 34.3 percent share, a 20.2 precent increase from the same quarter 1978.

The 531 incorporated cities and villages will receive $26.58 million as their 19 percent share, a 19.8 percent increase.

Together, the state, counties and municipalities maintain more than 116,000 miles of highways, roads and streets.

Third quarter distribution amounts were: Britton, $3,191; Clinton, $7,910; Tecumseh, $35,486; Lenawee County, $567,626.

Library Offers New Equipment

Tecumseh Public Library now offers three new pieces of audio-visual equipment to its patrons. Families, clubs, and businesses should all find the slide projector, 8mm projector and screen useful. An added plus—there is no rental fee!

The Kodak Carousel slide projector comes with a remote control switch and automatic timer. The tray holds 140 slides.

The 8mm projector will be useful for family home movies and some educational films as it shows both regular 8 and super 8 films.

It comes equipped with its own daylight viewer, which eliminates the need for a separate screen, or it can be used with a conventional screen.

The library's new screen measures 50" by 50", just right for large group showings. The viewing surface is a special silver material that reflects well even in areas of high light.

The equipment circulates overnight and on weekends. Just to be safe, either call or stop by the library a few days or a week in advance to book equipment.

People should allow a few extra minutes when they come in to pick it up, so the librarians can train them to use it.

Investigate 3 Accidents

Police investigated only three traffic accidents on city streets the past week. None was serious.

Thursday, Richard J. Frolich, 45, Clinton, was cited for improper lane usage after cutting in front of Suzanne M. Dicks, 54, of 4460 Macon Rd., on N. Evans St. at Logan.

On Friday, Stephen R. Sowers, 30, of 209 N. Oneida, was charged with drunk driving after attempting to turn into N. Oneida from E. Chicago Blvd. His vehicle jumped a curb and struck a utility pole.

Karl R. Frankena, 40, Ann Arbor, struck a street sign on Occidental after he swerved to miss a car, which was stoped to make a turn. Other driver is unknown.

DIVINE COMEDY — "Seven Nuns in Las Vegas" provides a shocking theme for the CHS drama Friday and Saturday. Curtain time is 8 p.m. in Clinton High School. Pre-show entertainment will feature a vocal trio of Janet Hilderly, Laura Scott and Elaine Beardmore, also playing nuns, accompanied on guitar by Kelley MacRae. Beth Everett, who plays the Las Vegas showgirl has a special dance number in the pre show. Other nuns in the comedy are Peggy Stachnik, Beth Erickson, Audrey Thompson and Genia Service. Tickets available at door.

Daldins Narrate Colorful Mexico

CLINTON — Mexico was the theme of a talk and presentation of colored slides by Mr. and Mrs. Herman Daldin, for members of the Clinton Woman's Club, Nov. 7.

World travelers, the Daldins also spoke of conditions in Yugoslavia, Australia, Jamaica and New Guinea.

The Daldins commented that Mexico is noted for its beautiful churches, palaces, formal gardens and art objects.

Its art and architecture was greatly influenced by the ancient Mayan, Toltec and Aztex civilizations. Some of the frescoes of the famous Mexican painter Diago Rievera adorn the walls of the Detroit Institute of Art.

Mexican family life centers around its churches, whose altars and baptismal fonts are composed, mostly, of onyx and marble decorated in gold leaf or mosiacs.

The president Mrs. Dan Goodman welcomed Mrs. James Fischer of Silver Spring, Md., a guest of her sister, Mrs. Otto Strauss.

Mrs. Goodman and Mrs. James Meeks reported on the recent meeting of the Southeastern District Convention in Adrian, where it was noted that 600,000 women in the United States, with 11,000 in Michigan belong to the Federation of Women's Clubs.

Plans were announced for the Federation Fine Arts and Craft tea on Nov. 29, at the First Methodist Church of Adrian.

Club will host the Girls Scout carolers on Dec. 3, and will provide cookies and cocoa.

The Dec. 5 meeting will be at 12:30 p.m. at the home of Mrs. Dan Goodman.

Refreshments were served by the social committee composed of Mrs. Eric Halladay, Mrs. Otto Strauss and Mrs. Charles Surratt.

Churches Plan Nov. 18 Service

CLINTON — Community Thanksgiving Service will be held Sunday, Nov. 18 at 7 p.m. in the Assembly of God Church, Clinton-Manchester Rd.

Participating churches will be St. Dominic's Catholic, United Methodist, Clinton Baptist, St. John's Episcopal, United Church of Christ, and the host church.

Combined choirs of the United Methodist and United Church of Christ, directed by Irma Broniman, will sing, accompanied by organist Carolyn Dicks.

Speaker will be the Rev. Russell Cooper.

Offering will go toward Cambodian relief.

Jaycettes Plan Mitten Tree

CLINTON — A Mitten Round-up will be sponsored by the Clinton Jaycettes.

Homemade, purchased or good used mittens are needed. They may be hung on the mitten tree at State Savings Bank of Clinton.

Distribution of the mittens will be made through Clinton Schools.

For mitten pick up call 456-7858 after 5.

Truck Rolls Driver Safe

CLINTON — Jimmie E. Davis, 43, of 17910 Sheridan Rd., Clinton sought his own treatment for minor injuries, when he overturned in his truck pulling a utility trailer.

Mishap occurred at 6:45 a.m. Monday as Davis was eastbound on US-12 just west of Arkona Rd. The trailer started to sway, causing the truck to go out of control, overturn and land in a ditch on the south side of the road.

Driver told Clinton State Police that he forgot to insert a pin in the trailer hitch.

Dundee Man Lands in Ditch

CLINTON — Thomas E. Harris, 34, of Dundee was treated for injuries at Herrick Hospital and transferred to University of Michigan Hospital, Ann Arbor, when his vehicle went into a ditch on M-50 just east of Ridge Hwy., Saturday at 1:15 a.m.

Witnesses ahead of the Harris vehicle told Clinton State Police that Harris was weaving side to side, but not going fast, when he went off the wrong side of the road and down into the ditch.

Harris was charged with reckless driving.

Driver Misses Road Curve

CLINTON — Brenda M. Austin, 26, of Jackson was driver of an automobile which went out of control on US-12, 100 ft. east of Hudson Rd., and ran off a curve into a ditch and rolled over.

Passenger Ronald Fisher, 36, of Michigan Center was treated at Herrick Hospital for injuries.

Clinton State Police investigated the accident which occurred at 5:30 p.m. Sunday.

Young and Old Sample Christmas

CLINTON — "Year of the Child" will be the theme for the day's events as the Historical Society of Clinton has arranged for its paticipation in the Chamber of Commerce sponsored old-fashioned Christmas Walk, Sunday, Nov. 25.

The Historical Society will present an old-fashioned Christmas in the Smith-Kimball Community Center from noon to 5 p.m.

Many of the activities there will be performed by an adult along with a youngster, just as most pre-Christmas preparations might be done at home.

A cranberry wreath, pomander ball, paper chains and paper lanterns will be demonstrated.

A completed gingerbread house will be shown. How to make one will be demonstrated.

Other teams will make peanut brittle, pull taffy, make German bells (a paper folding art) from Christmas cards.

The Girl Scouts will present a Christmas play.

There will be sugar cookies available and visiting youngsters will be shown how to decorate their own, and take it home.

Sharon Scott has prepared quizzes on Clinton area history in small booklets to be given to the children, along with pencils.

Holiday cookies will be served at the tea table, with preparations made by the committee of Elsie Helgren, Elizabeth Strauss, Barbara Bower, Mary Jane Way, Mary Ann Hunter, and Anna Mae Waterman.

The Center will be decorated with antique dolls and toys and there will be an old metal disc style music box playing to set the mood.

There will be Christmas caroling on the Center lawn at 5 p.m.

Altar Society Hosts NCCW November 15

CLINTON — At a meeting of St. Dominic's Altar Society, Monday night, members made plans to host the meeting of the National Council of Catholic Women, Thursday, Nov. 15, for Mass at 11 a.m. at the church, and a salad luncheon at Water Wheel Estates Center.

The Rev. Fr. Chester Tomaszewski discussed the various activities planned for the Christmas holiday season.

The Society will conduct a canned food drive. Parishioners are asked to leave food at the church before Dec. 9, for distribution to local families.

Meeting on Dec. 10 will be a potluck supper at the home of Mrs. Thomas Kosky on Hack Rd. at 6:30 p.m. There will be an election of officers.

Tools Stolen

CLINTON — Joseph Caterina reported to Clinton State Police that a chainsaw and tool box were stolen from his property on Matthews Hwy., sometime Nov. 10.

Deer Ones Create Hazard

CLINTON — Clinton State Police and Lenawee Sheriff Department have investigated nine car-deer accidents within a short time recently.

They caution drivers of the danger of striking a deer on the highway at this time when crop cover is being removed from the fields and large numbers of deer are in the area. Drive with care, officers advise.

Teachers Vote 'No Work'

CLINTON — Following an early morning negotiating session, Nov. 8, teachers at Clinton Community Schools voted 83 percent for a work stoppage to begin Nov. 28.

If the LCEA—CEA negotiating team do not have a tentative agreement to present to the membership on the morning of Nov. 28, the teachers plan to walk out.

A few picketing teachers have been seen near the Middle School in preparation for the strike action.

Collect Clothing

CLINTON — Members of the Mary-Martha Class voted to sponsor a special Pre-Christmas collection at the United Church of Christ for distribution through Associated Charities in Adrian.

Collection box for donations of staple food, toys or clothing will be placed inside the front entrance of the church until Dec. 9.

Class will have mechanical needle threaders to sell before Christmas.

A white elephant auction during the evening raised $38 with Mrs. Roy Wagner serving as auctioneer.

Mrs. Mervyn Witherell gave the devotions on prayer and peace of mind.

Members will have their annual pre-Christmas dinner at the Bauerstube in Manchester, Dec. 13, meeting at the church at 6:30 p.m. to ride together. Afterwards they will go to the home of Mrs. Donald Corwin for secret pal gift exchange and revelation of secret pal names.

Aurelia Sweeney hosted the meeting, Tuesday, with nine members attending.

PVT. JOSEPH KUKRAL

Kukral 'Aide'

Pvt. Joseph W. Kukral, son of Mr. and Mrs. William Kukral of 9941 Nortley, in Tipton, has recently been assigned as a recruiter aide to the United States Army Recruiting Station at 2452 S. Main St., in Adrian.

Pvt. Kukral is a 1976 Tecumseh graduate. He joined the Army June 25, 1979.

Pvt. Kukral took his basic training at Fort Jackson, S.C., and attended the administration school at the same installation.

During his 30 day assignment, Pvt. Kukral will talk to local prospects about Army opportunities. Then he will leave for his permanent duty station in Hawaii.

Named Assistant

Ruth S. Gilkey of Adrian has been named assistant director of advising and career development at Adrian College. The appointment is effective immediately.

Before coming to the college, Mrs. Gilkey was a career consultant and counselor at the Lenawee County Vocational Technical Center in Adrian. She also served as an associate director of continuing education and as an assistant director of the women's program at Siena Heights College.

A graduate of Allegheny College, Mrs. Gilkey received a master's degree in educational psychology from the University of Michigan in 1978. She interned as a career planning and placement counselor and as an organizational consultant to the assistant to the vice president for student services at the U of M.

TODD HERRICK

Todd Herrick Named Member

Todd W. Herrick, vice-president of Tecumseh Products Company and president of Tecumseh International, has been named a member of the Board of Associates of Adrian College, announced President Donald S. Stanton.

The Board of Associates is a group of advisors representing business, industry, government, law, communications, education and other fields.

The Associates meet four times a year in an effort to develop better communications between college leaders and people interested in Adrian's educational programs, goals and philosophy.

Earlier this year, Herrick completed a three-year term as a trustee of Adrian College. He is a 1967 graduate of the University of Notre Dame.

Townsend II To Sponsor Toys For Tots

Townsend II is joining the Marine Corps Reserve Battalion to kick off this year's annual "Toys for Tots" program locally.

Realty World and Marine Corps recruiting offices throughout the southeast Michigan area will begin the program Nov. 15. Program collects new toys for children who otherwise would go without Christmas.

Along with the 25 Marine recruiting offices in the greater Detroit metropolitan area, more than 100 Realty World offices will open their doors as major drop-off points in the communities they serve.

Rather than the traditional Christmas trees, Realty World offices, functioning as collection points, will prominently display "Toys for Tots" toy boxes or playhouses.

Only new, unwrapped toys can be accepted because repair resources are limited and laws in certain areas prohibit distribution of used toys.

The Marine reservists will be collecting the toys brought into Realty World offices between Nov. 15 and Dec. 23. They will sort them and deliver them to children in orphanages, childrens hospitals, social agencies who work with children, and those children from needy families or broken homes.

Hosteling means traveling under your own power — cycling, hiking, canoeing, skiing, horseback riding.

It is quickly becoming more popular with many Americans, especially since more biking and back-packing trails are constructed.

Hosteling provides inexpensive eating and sleeping accommodations.

HOSTELING U.S.A. lists and describes facilities at over 225 hotels operated by the American Youth Hostels, Inc. Maps show the location, and often a photo accompanies the description.

Other information includes the number of accommodations available, bath and clothes washing facilities, kitchen facilities or meals provided, and the overnight charge.

In addition, the name, address and phone number of the people to contact for reservations is given. There are also listings of nearby grocery stores, railroad and bus stations, airports, churches, and special attractions for each hostel.

The first chapters of the book serve as an introduction to hosteling. There are chapters on customs and traditions, trip planning and packing, and a history of this expanding way to travel.

Tips on cycling, skiing, canoeing, and backpacking round out the description.

Although HOSTELING U.S.A. is primarily a guidebook for finding hostels on your trip, it is also a good primer on pre-trip preparations.

Equipment, clothing, and medical checklists should help hostelers have a safer, more enjoyable trip.

ALONE was written by three professionals to provide practical information to women who have lost their husbands through death or divorce.

Helen Antoniak is the "Grief Counselor." She is the founder of the Widowed to Widowed Program, Inc. Nancy Scott, the financial and investment consultant, is a specialist in estate planning for women.

Nancy Worchester, paralegal, clarifies legal terms, procedures, and forms.

Their book answers some of the questions these women were constantly being asked. Their answers represent not only their own knowledge, but also the professional advice of other specialists.

The opening chapter of ALONE deals with emotions - the kind a woman in either of these situations is likely to be feeling and how to respond to them.

After recognizing the importance of her emotions, the woman is directed in choosing an attorney and through the legalities of divorce, and widowhood.

For many women, this may be the first time they have been responsible for their own money. Chapters on managing money, investing, and obtaining credit should make the job easier. Planning for insurance needs and the disposal of one's estate are also discussed.

Thanksgiving Is...

Thanksgiving Is the light of Faith shining in the eyes of a child.

Thanksgiving Is a world pausing to consider its dependence on the goodness of God.

Thanksgiving Is a family remembering prayers that have been answered.

Thanksgiving Is a nation knowing its destiny must rise or fall in the spiritual vitality of its people.

Thanksgiving Is a visit to Grandma's, a happy day with aunts and uncles and cousins. Grandpa saying grace.

Thanksgiving Is Pilgrims at peace with their Indian neighbors, not dreading their first New England winter.

Thanksgiving Is realizing on ONE day what life should be EVERY day.

Hartley Installed as Worthy Matron

Ida Hartley was installed as worthy matron of Tecumseh Chapter No. 51, Order of the Eastern Star, during ceremonies held Saturday evening in the new temple on Bishop Reed Drive.

Mrs. Hartley has chosen "Love One Another" as her theme for the coming year; her emblem, the cup; and colors, red and white, with the red rose as her flower.

As she was escorted to the East, she was presented with an arm bouquet of red roses by her son, John Hartley and later presented with her gavel by her grandson, Lee Andrews.

Other officers for the coming year are Raymond Nichols, worthy patron; Clara Hicks, associate matron; Wilmer Kiser, associate patron; Mary Lou Moore, secretary; Alice Brackett, conductress;

Beverly Lendon, associate conductress; Mary Van Valkenburg, chaplain; Stanley Miller, marshal; Vera Driscoll, organist; Rogina Chase; Adah; Betty Dillon, Ruth; Marilyn Warner, Esther; Nancy Nichols, Martha; Connie Michling, Electa; Bettie Kiser, warder and William Chase, sentinel.

Gwen Beland presided as installing officer and was assisted by Carolyn Baker, installing marshal; Richard Baker, installing chaplain; Dennis Bryan, installing soloist and Deslyn Johnson was in charge of the guest book.

Mary Van Valkenburg, retiring worthy matron was welcomed into the Past Matron's club by the Past Matrons of the Chapter and presented with an arm bouquet of mums.

Mrs. VanValkenburg and her son, Kenneth Van-Valkenburg, retiring worthy patron, were presented with their jewels by Mrs. Hartley.

Among the guests present were Lois Franceour of Britton, a member of the membership committee of the Grand Chapter of Michigan, Order of the Eastern Star;

Officers of the Lenawee Monroe County Association, Mary Lou Moore, chaplain; Bettie Kiser, sunshine committee; Mrs. VanValkenburg, ways and means committee; Elizabeth Sayre of Onsted, a high priestess of the White Shrine of Jerusalem.

Refreshments were served by the Past Matron's Club from a table centered with a decorated cake, topped with the star emblem. On each point appeared a pin, denoting the emblem, which was presented to the Star Points by Mrs. Hartley.

Auto-Owners is for R.V. owners.

If you have an accident on your snowmobile, trail-bike, or other recreational vehicle, what insurance covers you? Homeowners? Car? Medical?

Or none of the above?

And what about your passenger? What insurance covers those medical expenses? Maybe you should talk to us at Auto-Owners. We have a modern insurance policy for snowmobiles and other recreational vehicles. A policy that protects you, your family, your passengers. It even protects you while you're driving someone else's vehicle. And you'd be surprised at how little this coverage can cost. But not as surprised as you'd be to discover you weren't covered at all.

OPENS RECORDING STUDIO — Richard Isley is owner of one of Tecumseh's newest businesses, Commercial Multi-trac, a recording studio located at 111 Herrick Park Dr. Facilities include a 20 track sound board and instruments. Commercials as well as tapes can be produced. (PHOTO BY KATHY BROWN)

Recording Studio Opens

by Kathy Brown

To paraphrase a slogan on a piece of his studio equipment, Richard Isley, 28, of Adrian, is "Bringing Recording within Everyone's Reach."

Isley is one of Tecumseh's newest business owners. He opened a recording studio at 111 Herrick Park Dr., next to A&P, about a month ago. It's called Commercial Multi-Trac.

Now, local musicians interested in recording their sound in an actual studio don't need to travel to Detroit or Ann Arbor, but can schedule recording time locally. The new business may also attract musicians to the Tecumseh area.

A musician and composer himself, Isley said he believes there are several groups and individuals right in Lenawee County that would use his studio and services.

Local school and college groups, ethnic musicians, vocalists, instrumentalists, church choirs, aspiring song writer are all potential users.

He offers complete recording facilities, including a 20 track board and instruments such as string ensemble keyboard which simulates a complete orchestra.

Recording time is by appointment.

Isley said he will also write and record commercials.

He is a member of a local group called "Easy Street." Isley has been recording for the past five years. He himself is pursuing a recording contract.

He plays all instruments in his studio and has himself recorded his own compositions, one track at a time, mixing the tapes in the control booth.

He describes his personal tastes in music as "middle of the road," influenced by such people as Frank Sinatra, Barbra Streisand, but he has performed a variety of music including disco and even punk rock.

This is the first time Isley has opened his own studio.

Local Woman Gets Region Board Job

Pat Shulters of Tecumseh was one of three members of the Lenawee County Chapter Parents Without Partners to achieve regional office during the recent elections.

Shulters, a charter member of the Lenawee Chapter, was elected secretary of the Mid-Michigan Regional Board.

Ray Ireland was elected president and Brenda Seigneur was elected vice-president south; both are from Deerfield.

The other three members of the executive board are from Flint.

Mid-Michigan Regional is composed of 2,400 members. The Flint chapter has 986 members and the Lenawee Chapter has 47 members, not all active.

"The statistics show that you don't have to have a large treasury or come from a real big chapter to have quality leaders," said Shulters, on behalf of the new officers.

The Lenawee trio will travel to Lima, Ohio in December for zone leadership training. Seigneur is also newly elected chairman of the ZAT Team, a zone leadership training and coordinating position.

The Lenawee Chapter will host the August 1980 Mid-Michigan Regional Council Conference at Siena Heights College. The Eastern Michigan Regional Board and the International Executive Board will attend.

This marks the first time one regional board will join another region's conference and also the first time an international executive board will visit.

News From The Tecumseh Chiropractic Life Center

101 S. Pearl Tecumseh

What are some signals that would tell me I need to see a chiropractor?

There are 8 danger signals that tell you it is time to consult your chiropractor.

1. Headache
2. Stiffness of the neck
3. Pain between the shoulders
4. Painful joints
5. Backache
6. Pain in arms or legs
7. Numbness in hands or feet
8. Nervousness

Any of these signals is an indication that the normal flow of nerve energy has been interrupted, interferring with your health. Your chiropractor is a specialist at finding the causes of the nerve interference. When a vertebra becomes subluxated (out of place), it pinches a nerve causing that nerve to not carry proper impulses to and from the brain resulting in a disease of the organ innervated. Your chiropractor will examine you, take X-rays if necessary, and by skillful adjustments correct the cause of your signal and help your health to be restored.

For further information on this question, or if you have other related questions, feel free to call 423-7360 or write Dr. Elwartowski at 101 S. Pearl St., Tecumseh, MI 49286.

Board Purchases School Bus

BRITTON — At the Thursday night meeting the School Board approved the purchase of a new 65 passenger school bus body and authorized Superintendent William Saxton to get bids on the price of a chassis.

The payment of $15,300 in monthly bills was approved by the board.

The board approved the hiring of an architect to study remodeling the old high school building. The architect is also to present the board with projected costs of constructing a school for grades K through 6 as compared to the cost for a building to house grades 7 through 12.

Employee contracts were signed by the board at the meeting.

A resolution was passed commending the Tory football teams and their coaches for a successful season.

An extension was granted on Mrs. Bandurski's leave of absence to cover the balance of the 1979-1980 school year.

Band Boosters Sell Wreaths

BRITTON — Band Boosters are taking over the Boy Scouts' Christmas wreath sale this year.

This is due to the Boy Scouts not having a leader this year.

The wreaths will be available after Thanksgiving from any Band Booster member or you can call 451-8145.

Circle Prepares Box of Goodies for Shut-ins

BRITTON — The November meeting of the Sunshine Circle was held at the home of Mrs. Raymond Seagert with a potluck dinner. There were nine members in attendance.

The business meeting was conducted by Vivian Brown because of the absence of the president and vice-president.

Effie Gibson was in charge of devotions. She read Psalms 95:1-7 for the scripture reading and then read a poem "Reason for Thanksgiving."

Members selected names of patients in a ward at Ypsilanti State Hospital to remember with a Christmas gift.

Those present were reminded to bring items for the boxes of goodies to be packed for shut-ins before Thankstiving instead of Christmas.

Donations for the supperless supper were made.

Frances Eberhardt presented the program using a poem "What Is Prayer" by Helen Steiner Rice and portions of the book "I Came Too Late to Love," a Guidepost story of Mary and Martha, by Joyce Landorf.

Postmaster Suggests: Package Properly

If the post office clerk tells you that your Christmas gift package won't go, it's because we want to be sure it will arrive at its destination safely, Tecumseh postmaster Bert Smith reports.

"Some customers get upset when their packages are so poorly wrapped that we can't accept them for mailing, but we do it for their own protection," Smith said. "Of course, our clerks point out the deficiencies and explain how they can be corrected."

Postmaster Smith said the problem of poor packaging is particularly troublesome during the Christmas mailing season when the mail volume rises dramatically.

To avoid delays and assure safe arrival of Christmas gift packages, Smith offered these suggestions:

Wrap each item individually with enough padding to prevent damage from shock and vibration. Separate wrapped items from outer package surfaces with padding or foamed plastic. Heavy items should be braced with fiberboard pads to prevent shifting and damage.

Fiberboard containers are recommended for all items weighing more than ten pounds. Paperboard containers are acceptable for up to ten pounds.

Rather than string or code, use either Kraft paper tape, reinforced Kraft paper tape, or pressure sensitive filament tape. The latter is preferable for prevention of accidental opening.

Smith said to put the name and address of the person to whom the package is being mailed and your own return address inside as well as outside the parcel. The outside address should be legible from 30 inches away. Always check to see that you have the proper address and zip code.

He also reminds mailers that the postal service no longer accepts letter mail that is less than 3-1/2" high or 5" long. In addition, First-Class mail that weighs one ounce or less is more than 6-1/8" high or 11-1/2" long reuires seven cents posage in addition to a 15-cent stamp.

However there is no oversize surcharge on First-Class mail weighing between one and two ounces. Postage is still 28 cents.

VOL. 129 OUR 139th YEAR—NO. 17 | THURSDAY, NOVEMBER 22 1979 | SIXTEEN PAGES—25c

Hey, Kids!

I'll Be In Tecumseh's Big Parade Sunday Afternoon

See You There!

Tecumseh's first Christmas parade, Sunday Nov. 25 at 2 p.m. sponsored by the Tecumseh Area Chamber of Commerce, will feature a local entry direct from the Detroit Thanksgiving Day parade — none other than Buck and lileen Maynard and family of Tecumseh.

The Maynard mini-mobiles will be in the parade line-up that will feature Santa Claus and the young Snow King and Queen. The royal couple will be selected by random drawing Nov. 23.

Sunday's parade will kick off the Chamber's 1979 Christmas promotion and downtown merchants will be open from noon to 5 p.m.

Groups of all ages and persuasions will be in Sunday's march.

The line-up will include at least four floats.

Groups expected to march are the Salvation Army canteen unit, American Legion and Auxiliary with float; Girl Scouts, Kentucky Fried Chicken Float, Cub Scouts float, Tecumseh Ministerial Association to distribute Christmas scripture passages;

Tecumseh Players dressed as Scrooge characters, Camp Fire Girls, Sally Covell Dancers as Sesame Street characters, Tecumseh United Methodist Youth with a double float, 4-H clowns;

Brownies, 1979 Tecumseh High School Homecoming court, City Council, Tecumseh Fire Department, school PTO, WABJ radio.

Jolly ol' St. Nick will parade in a sleigh.

A sing-a-long will be held at the parade's conclusion, at approximately 2:30 p.m. behind the fire barn.

The Tecumseh High School choir, directed by Jimmie Rice, will lead the crowd in traditional Christmas carols and popular holiday tunes.

High School instrumental ensemble groups will perform in various stores from 2:30 to 4 p.m. to entertain shoppers.

The parade will start at city hall at 2 p.m. and proceed on Chicago Blvd. to N. Union and U-turn back onto Chicago Blvd.

Santa will be escorted to his office at 116 E. Chicago St., the R&R Block building. Santa will hold office hours there and on the west side of town at McDonald's.

Any other units available for the parade should contact Jan Fox, 423-3735 for information about the parade line-up. Fox and Don McCollum are coordinators for the chamber's Christmas promotion.

Appoint Phelan to Civic Board

Tecumseh School Board has recommended Monday night that Dr. Donald L. Phelan be elected to serve on the Tecumseh Civic Center Board.

One member of the school board is to serve with the board's recommendation and city council's final approval for a one year term. School board member will serve for a three-year term after the initial one year appointment to insure continuity as Civic Board members change from year to year.

In other personnel matters, Walter Beham, a high school English teacher, was granted tenure as of Jan. 7.

Beham joined the school system a year-and-a-half ago this December to fill a maternity leave.

Change Method for Trash Sacks

A new method of distributing paper garbage sacks was proposed at Monday night's City Council meeting by City Manager Cal Zorn.

Instead of front yard delivery, a postcard will be sent to the 2,100 households in the city.

The card must be signed and returned during the last three Saturdays in December between 11 a.m. and 5 p.m. at the Tecumseh Community Center. A Lenawee Disposal truck and employee would distribute the bags.

City officials hope that this system will reduce complaints of stolen bags.

David Van Tuyle Was Banker, Leader, Friend

Services were held Saturday afternoon at St. Peter's Episcopal Church for David K. VanTuyle, 51, who died Nov. 13 at the M.D. Anderson Cancer Research Center Hospital in the Texas Medical Center, Houston.

The well known and popular Clinton banker had been in failing health for several months.

In February 1978, he was elected president of State Savings Bank of Clinton, succeeding his father, W. Percy VanTuyle, who had died in January and who had served as the bank's president since 1935.

David VanTuyle was only the bank's second president and had been with the bank since 1955.

A life-long resident of Clinton, he was active in village and community organizations and affairs. He was respected by everyone, not only as a banker and community leader but as a friend.

He was born on Feb. 3, 1929 to W. Percy and Martha (Finney) VanTuyle. In 1958 he married Barbara Lloyd in Clinton. She survives.

After graduating from Clinton High School in 1945, he attended the University of Michigan and Western Michigan University. He served four years in the United States Air Force and was in the Korean War. He also served in Europe.

Mr. VanTuyle's present and past activities and memberships were many. They include, member of St. John's Episcopal Church of Clinton; past president, Clinton Chamber of Commerce; president, Clinton Industiral Development Corporation; Masonic Lodge, No. 175, F&AM; former Clinton Rotarian and Irish Hills Lions Club member; past village councilman, and member of the Michigan Bankers Association and Lenawee Bankers Association.

In 1977, he and his wife were in charge of the Clinton Fall Festival, annually the village's largest community project.

Other survivors, besides the widow, are his mother, Mrs. Martha VanTuyle; two daughters, Karie Jane, student at Eastern Michigan University, and Martha Beth, at home; four sons, William Daniel, twins John Loyd and James Edward, and Thomas Ray; sister, Mrs. Robert (Jane) Brauburger, Ann Arbor; and one brother, Willard D., of Bay City.

Officiating pastors were the Rev. Russell Cooper and the Rev. Floyd Vaughn.

Burial was in Riverside Cemetery, Clinton. Proctor Funeral Home was in charge of arrangements.

Adopt New Fees

Council adopted new registration fees for licensed electricians and journeymen at the recommendation of the city electrical board.

Rate for licensed electrians was set at $50 from $10 and for journeymen, rates were set at $5 from $1.

Council Passes Zoning Changes Despite Protests from Citizens

Tecumseh City Council adopted amendments to the city zoning ordinance that will affect multi-family construction, Monday night.

The vote was unanimous of six council members present. Councilwoman Mary Bowers was absent.

The decision came after a tedious, 90 minute public hearing with about 40 persons in attendance.

In a straw vote called by the audience, more than half of the audience stood to oppose zoning ordinance amendments.

The changes that were adopted are:

+Density in RM-1 districts, will be restricted to 10 units per acre, previously limited to 17 units per acre. If the project is over 10 acres these conditions must be met: 1. development must be compatible with adjacent land use, 2. be within capabilities of public services and facilities and 3. require recreation area not less than 30,000 square feet.

+Senior citizen housing will be limited to a maximum height of five stories, 55 feet high. This applies to senior citizen housing only.

+Density of RM-2 districts will be restricted to 16 units per acre from 20 units per acre.

+Both RM-1 and RM-2 districts will require site plan review.

RM-1 districts are multiple-family residential districts which serves as transition housing between non-residential districts and lower density single family districts.

New Bilingual Program Here?

School Superintendent Robert Duhan reported that the school system here has completed its state mandatory bilingual home language survey and that the school system will most likely have a bilingual program next fall.

The survey is given to all public schools in order to determine how many students use a language other than English in their home, or if their native language at home is other than English. If more than 20 students fall into the same language category, then a school must provide assistance to the child in the bilingual situation.

In Tecumseh's case, 25 Spanish speaking children in grades K-2 qualified for the assistance, 25 students in grades 3-12 qualifed because their achievement tests showed they lagged behind in their studies.

A bilingual home language coordinator will meet with Duhan next Monday to discuss the program. The local board then can determine exactly what is involved in the program. Extra costs and the hiring of consultants are expected.

School board members generally showed disapproval over the Dept. of Education mandate with board member Dean Jones especially noting the program was just a "crutch to avoid our own language." Jones also voiced his disapproval over the huge cost possibilities and problems involved when a school could need as many as five or more language programs to satisfy state requirements.

Indoor Swimming Pool Is Memorial for Neville Hart

Contributions to the Neville Hart Memorial Fund will be designated to the construction of an indoor swimming pool for students and for the public in the school district.

Mrs. Lucille Hart has made known her wishes for the intent of the indoor pool, one that was sought for many years by Nev Hart, her husband who was THS principal from 1951 to 1973 and who died suddenly Nov. 10th.

Donations may be sent to the United Savings Bank, Gene Cooley at the Board of Education office, or to Mrs. Hart. Checks should be made out to the Neville Hart Memorial Fund.

Nev Hart had thousands of friends locally, and those supporting the swimming pool goal are hopeful they will contribute, whether the sum be large or small.

OK Senior Complex for 50-Unit Project

Tecumseh's Orchard Terrace Senior Citizen Housing Cor, poration decided at its Nov. 12 meeting to proceed with building as many units as possible with a $1.5 million mortgage loan available through Farmers Home Administration.

The corporation empowered its board of directors to proceed with the project pending receipt and review of a letter of confirmation on the mortgage from FmHA.

The mortgage will allow a building of about 50 units instead of the proposed 100 units.

To no one's surprise, the expenses for operating the proposed senior citizen complex were high, as Paul Preston, assistant city manager reported to the housing corporation.

With only 50 units in the project, it will mean that a greater share of the overhead expenses will be absorbed by fewer renters.

But the availability of as many as 60 rental subsidies from FmHA could make it easier on the senior citizens who will have to pay no more than 25 percent of their income in rent, according to the federal housing subsidy formula.

Average rent for a 53 unit project is estimated at $266.26 per month and for a 50 unit project estimate is $282.75 per month.

Estimates are based on proposed expenses of $108,966 for a year, a 13 percent inflation factor and consider that one unit will be rent free to the caretaker, as is customary.

Preston prepared the estimated expenses for the Orchard Terrace project based on estimates from local services. He also visited a 10-year-old, 60 rental unit project in Plymouth, Mich.

Preston's report showed utilities to be the greatest expense, with $42,292 for water, gas, electric, trash removal and office telephone (Renters pay for own phone).

Next largest expense was salaries at $23,374 including a part time manager at about $10,790 and part-time secretary, and full-time caretaker.

Maintenance was the third largest anticipated expense at $22,500, including a $15,000 replacement reserve or one per cent of the project's costs for the first 10 years, as required by Farmers Home Administration.

Council Adopts Zoning Amendments

(Continued from Page 1)

RM-2 districts are designed to provide sites for higher density multi-family dwelling structures near a central business district.

The zoning ordinance amendments could affect those areas of vacant land in Tecumseh's north east and northwest sections were development has not taken place.

"It was a waste of time," one of the audience members was heard to say after council's decision.

Another commented later that the public hearing was "only a formality".

The controversy over the zoning amendments resulted because it came on the eve of a Tecumseh Planning Commission hearing for a rezoning request for 30 acres north of W. Chicago Blvd. commonly known as the Fuller property.

Several members of the audience argued repeatedly that the zoning ordinance amendments were being made to accommodate a specific project.

Members of Council and Planning Commissioner chairman Harry Stanifer denied the charge.

"We feel the ordinance should be changed regardless of what happens to the Day request," Stanifer said. "We feel that some of our ordinances are outdated and as they come up, we try to review them to see if they are adequate."

"I think the timing was wrong because you have a group of people upset about a certain piece of property. Possibly, just possibly, these changes have no bearing on what we're trying to do," said John Long, president of the newly formed Tecumseh Homeowners Association. The citywide group has circulated petitions opposing the actual rezoning of the Fuller property for multi-family.

Several persons in the audience persisted in asking how the zoning amendments would affect the "Ed Day project."

"At no time does changing a zoning ordinance by zoning amendment change the zoning for a certain piece of property," said Assistant City Manager Paul Preston.

"We feel we were tricked. I'd like to send it right back to planning commission and get an open hearing," commented Chris Neilson, 402 Seminole Dr.

He maintained that Region II planners would not approve the Day project unless there were changes in the zoning ordinance. He cited an Oct. 2 Region II report to the Planning Commission which implied Region II made its new recommendation to approve the Ed Day project based on the assumption that the zoning amendments would be adopted.

"Granted these are two separate issues," Neilson continued, "But at the very base of the request of changing the zoning ordinance is the request to rezone the Fuller property."

Others directed their objections solely to the new maximum five story limit for senior citizen housing.

A few in the audience wanted council to at least send the ordinance back to planning commission and to limit the senior housing to three stories.

"Five stories in the city of Tecumseh is pretty high and will overshadow what we've got in Tecumseh," said Larry Beardslee, 505 W. Chicago Blvd.

Currently, the limit on senior citizen housing is four stories in the property zoned RM-2, restricted for senior citizen housing at Adrian and Pottawaamie Sts.

Citizens also challenged the fire threat of the building.

"Adrian doesn't have a fire ladder high enough for its 12-story senior citizen housing project in Adrian and our answer time with a volunteer fire department is much better than Adrian's, day in and day out," commented Councilmember Harold Easton.

Only one citizen spoke in favor of the zoning amendments.

"I would support the zoning ordinance changes to give future construction an opportunity to utilize our city. I am not making a value judgement as to whether it is good or not, but as long as you have site review, you have an opportunity to vote it down," said James Manley, 216 E. Kilbuck.

Before voting to effect the zoning ordinance change, councilmembers commented.

"We have to look out for our senior citzens. I am against five story buildings, but I think it is a reasonable economic trade off if we reduce the density per acre to allow for economic feasibility of a project by increasing the height," said Councilmember Cook.

"Housing has stood still for the past five years in Tecumseh," said Councilmember Palmer. "Our land use plan enabled us to develop some of this property. This zoning ordinance will give us more arm and strength to do what the majority of the community would like us to do with property development."

Council Interviews Six Candidates

Tecumseh City Council postponed until Dec. 3 Monday night, selection of a replacement for the Tecumseh Planning Commission job created by June Stone's resignation.

Council heard introductions from five potential candidates for the job. They were invited to meet Council. A sixth candidate sent a letter of introduction.

Each candidates said he was interested in the job out of concern for controlled growth of the city and interest in city government.

Candidates are:

Scott Adair, 315 W. Shawnee, 2-1/2 year resident, manufacturer's representative; Larry Ash, 1004 Park, 4 year resident, cost accountant Tecumseh Products; Larry Beardslee, 505 W. Chicago, 4 year resident, Department of Transportation employee; James Manley, 216 E. Kilbuck, lifetime resident, GM Willow Run employee and public administration student at EMU.

Ray Puffer, 513 E. Logan, retired Tecumseh Councilmember; Ed Weber, 212 N. Oneida, eight year resident, instructor of economics and government at Monroe Community College.

Funeral Services . . . For Thousands of Years A Part of Humanity

Archaeologists write that honoring the departed in a social ritual has been a part of civilization ever since the beginning.

We are privileged to continue that tradition by providing the highest standard of funeral service to the Tecumseh area. And in so doing, we endeavor not only to honor a memory . . . but also to provide peace of mind for the living.

New Equipment Collects Dust

Tecumseh Junior High School will soon have dust collecting equipment in its industrial arts area as the local school board approved a $3,355 purchase Monday night.

The dust collector is actually large air moving equipment with a vacuum attached to dust creating machinery. The dust is collected in a large drum. The equipment is similar to the high school's but smaller in scale.

Aget Manufacturing of Adrian has the bid for the dust collector, with monies for the equipment coming from the school board's building and maintenance fund.

Purchase of the dust collector comes out of concern from the junior high principal and instructors over environmental conditions there.

The school's U of M study and building inspectors did recommend the purchase.

Surveys Required

Parents that received opinion surveys from Tecumseh High School are urged to return them to the high school office as soon as possible, requested Clarence Lacny, principal.

The completed surveys will be used in the school's North Central Evaluation. All surveys are needed to make the study results more reliable.

Pick King and Queen

Mayor Pro-tem Dr. Carlton Cook will draw for the Tecumseh Snow King and Queen at 12:30 p.m. Friday, Nov. 23 at the Tecumseh Community Center.

Ballot boxes are located in Tecumseh stores. Children aged 12 and under are eligible to be nominated.

Macon Notes

Tuesday — 6:30 p.m., Quilting class. The CPR Classes have been postponed until after the first of the year because of an accident in the family of the teacher.

Wednesday — 7:30 p.m., Thanksgiving Eve Service. Chancel Choir members are asked to arrive at 7 and to stay afterwards for regular choir rehearsal.

Monday — 7:30 p.m., Council on Ministeries.

Saturday, Dec. 1 — 6:30 p.m., Annual Boar's Head Potluck Dinner and program. Sign up sheets are on the bulletin boards for food: main dishes, salads, desserts, etc. Beverages will be provided by the choir.

Contact Hallie Jane Mehler, Nancy Fisher or Emogean Morden if you wish to volunteer talent for the program.

Council Approves Rent Increase for Players

A 10 percent increase in the rent of the Community Center Glass Room to the Tecumseh Players was approved at Monday's council meeting.

Rent will be increased for the next year from $700 to $770. The Recreation Board recommended the increase to the council out of concern for increasing costs to operate the Glass Room, especially utilities.

MARINE CORPS SANTA — Marine SSgt. Elmer Flener and Pam Kurutz of Townsend Realty boost two tots, Kimmy Krueger and Ryan Miller, so that they can drop their contributions into the "Toys for Tots" collection box. From now until Dec. 23 the Marines and Realty World offices will be co-operating in the collection and distribution of toys for children in orphanages, children's hospitals and needy homes. Only new, unwrapped toys can be accepted because repair resources are limited and laws in certain areas prohibit distribution of used toys.

Indians Pull Out League Finale, 50-48

The Tecumseh Indian varsity basketball team was up by one, 10-9 at the end of the first quarter Thursday against New Boston, but then found themselves down 25-24 at half.

The girls then outscored Boston 15-10 and in the third quarter and hung on as Huron came back with 13 points to the THS squad's 11 in the final period for the final Indian win, 50-48.

The Tecumseh team had a five point lead late in the game, but then New Boston stole the ball from the Indians and laid it up to cut the lead to just three points. The Indians fouled one of the Huron players, and she connected on one of the foul shots to finish the scoring off for the Tecumseh win with just one second left in the game.

Two Get Deer

Robert Loomis of 743 N. Union and William Anderson of 2985 Gady Rd. each reported shooting deer this week.

Loomis reported the first deer of the season to The Herald after he shot a seven point buck at 10:30 a.m. Thursday. Loomis was hunting just north of Chelsea by himself.

Anderson reported shooting a 15 point buck Saturday morning by Onsted, off of Sand Lake Hwy. He was hunting with a party of four.

Kris McDonald led the Tecumseh team with 15 points and Donna Bohannon and Kathy Kruger each hit double figures with 12 and 10 points respectively.

The Tecumseh girls are now 7-7 in the league and 8-10 overall.

Clinton To Play Napoleon In Districts

Clinton High will play Napoleon in their first district game of the season Tuesday, Nov. 27. Clinton's basketball team is presently 10-7 while Napoleon has a 4-12 record.

Other teams in the district include Addison with a bye and 17-0 record, the only undefeated record in the district.

Manchester and Hudson go head to head Monday, the 26th and the winner of that match plays Addison Wednesday.

Onsted drew a bye also with a 2-13 record and they play the winner of the Clinton, Napoleon match from Tuesday on Thursday, Nov. 29th.

District finals will be Saturday, Dec. 1.

All games begin at 7 p.m. at the Clinton High School gym with admission for the events set at $1.50.

CHS In 2nd

With wins over Hudson and Blissfield last week, Clinton's girls basketball team assured themselves of second place in the LCAA with an 8-3 record.

Clinton traveled to Hudson last Tuesday with second place at stake as both teams were 6-3 in the league.

Playing one of its best games of the year, CHS exploded to a 16-2 first quarter lead. Hudson settled down and outscored the Redskins by two during the second quarter, but Clinton led 24-12 at halftime.

A full court press enabled Clinton High School to increase its lead by 20 points during the second half, 50-30, before Hudson scored the last seven points of the game. The 50-37 victory left the Redskins alone in second and they also avenged an earlier two point loss to the Tigers.

Senior Barb Winder led all scorers with 14 points and nine rebounds. Karyn Coward scored 10. Guard Kris Pratt assisted on eight baskets, a Redskin high this season.

Blissfield invaded "Redskin Country" on Thursday and was scalped 57-29, continuing their fine play of late. Clinton scored the first seven points of the game but led only 11-10 at the end of the first stanza.

However the Redskins full court press then started working and Blissfield was outscored 32-9 over the next two quarters.

Substituting freely during the last period, Clinton coasted to a 57-29 win. Balanced scoring and control of the boards plus excellent passing were the keys to the victory as the Redskins had 19 assists and outrebounded Blissfield 45-25.

Kris Pratt led in scoring with 10 points and six steals. Carrie Merillat scored nine points and had seven steals and Barb Winder had eight.

Sophomore Lisa Moore played the best game of her brief varsity career and she scored eight points, had six rebounds and four assists. Teri McKenzie and Beth Langowski also played well.

The two wins upped the Redskins season record to 10-7.

"The girls now have won seven of their last eight games and except for the Addison loss, have been improving with each game," Coach Bob King feels that his team has a good chance to defend their district championship - and starting Monday, Nov. 26 they will be trying to capture their fifth straight district title.

All district games will be played at Clinton High School and will start at 7 p.m.

Two Are All-League

Final standings for Tecumseh's girls basketball squad left Tecumseh with a 7-7 record this year, but the team has something to be proud of in two all-league selections.

Kris McDonald has been chosen to the all-league first team and Donna Bohannon has been selected to the second team.

Tecumseh's 7-7 mark earned the squad a fifth place finish with St. Mary finishing the season with the only undefeated season. They were 14-0.

The girls also drew Columbia Central as their first district game this week with that matchup to be Nov. 26 at 6 p.m. All district games for the Indians will be played at Columbia Central High School in Brooklyn.

Tecumseh or Columbia will go against Western on Nov. 28 for the quarterfinals and that winner will meet the winner of a Monday matchup between Lumen Christi and the Northwest-Parkside game Monday for the semi-finals on Fri., Nov. 30, 7 p.m.

BHS Wins, 40-38

Britton's Tories played one girls basketball game this week, a come from behind victory over Summerfield, 40-38.

Britton was down 14-8 and 28-21 at the end of the first two quarters in that Thursday game.

Jodi Smith then chipped in 12 of her game high 21 points in the third quarter to erase that large deficit and Britton found itself down by just one, 32-31.

After that third quarter, Britton stayed in command of the game with a four point lead most of the way and finally outscored Summerfield 9-6 for the total two point win for the Tories.

According to Britton coach Diane Matuszak, the game was two completely different games — the first half and the second half. Summerfield shot 46 percent in the first half to the Tories' 25 percent.

Then Britton turned the game around in the second half, shooting 38 percent to Summerfield's 29 percent.

Jodi Smith aided the game with six steals along with her 21 points. Amy Rohrs added six points and Jill Smith had seven.

Britton finishes in third place in the Tri-County league with a 8-4 mark. They are 13-6 overall with their final game at Pittsford Nov. 29th.

Thru My Window

BY MARDA GENE DUNCAN

What better time than this to talk turkey! Wild turkey though, not the domesticated kind with whom some of us will soon become knife and fork acquainted. There is something romantic and nostalgic about wild turkeys, the name conjures up wild forest regions, Pilgrims, and over-the-river-to-grandmother's-house.

Actually the wild turkey is one of the success stories in wildlife management. Although plentiful at one time over-hunting, destruction of habitat, and the chestnut blight almost eradicated this great bird with bronze feathers and the gobbling call....

And these are great birds, a tom turkey can be as much as four feet in length with a wing span of five feet, and weigh almost 20 pounds. The hen is slightly smaller.

By reintroducing the birds into carefully selected areas they have made such a comeback that some hunting is permitted. They are shy, wary, and extremely fussy. Wooded areas with many open spots are their preference and since a great portion of their diet consists of acorns and beechnuts, these trees are a must. One book suggests that plantings of soybeans, millet, and buckwheat in open spots in the woods are beneficial and tend to keep flocks in the area.

During fall and winter the females and young flock together while the males form their own group. In the spring the wild courtship begins with the toms selecting display areas.

They gobble, strut, fan their tails wide, and droop their wings. The excitement increases as the hens begin to show interest.

When properly impressed with a particular male's showing off, the hen will "throw herself at his feet".

Some claim that the females make the advances for if they didn't, the prideful males would simply go on strutting and gobbling forever.

Once mated the female washes her hands of the vain tom and goes off to concentrate on the serious business of family rearing.

In the protection of a dense thicket she scoops out a shallow hollow for her eight to 15 cream-colored eggs.

These eggs are spotted with reddish brown, an effective camouflage. However, so numerous are the predators — everything from foxes and skunks to crows and even the tom turkeys — that before leaving her nest she usually covers her eggs with leaves and grass.

I read in one book that it was not unusual for several females to share a nest and the responsibilities of family rearing. Once hatched, the poults, the name for baby turkeys, grow quickly and in about four weeks time are strong enough to roost in trees.

Strong fliers, wild turkeys are fully capable of flying away from danger but they are more apt to run for cover. Their long and strong legs can also scratch through a foot of snow to reach the mast upon which the birds dine.

At night a flock of turkeys will return to a familiar roosting area. They prefer dense stands of tall pines where they can settle high in the trees close to the trunks.

One year we vacationed in the east, there was a special day which found us on the Blue Ridge Parkway. At one lookout area, when Dad was scrambling to take pictures, Mom and I just happened to look back towards the end of the parking lot in time to see several wild turkeys strut into the underbrush. What a thrill!

Another thrill is knowing people who have their own resident flock of turkeys. We not only know them, they are family cousins living in the western part of the state. They tell marvelous tales about turkeys in their yard. My, oh my!

And to answer their question the long stiff "beard" which drops from the middle of the turkey's breast, is a characteristic of the tom turkeys. The hens never have them.

Happy Thanksgiving!

RONALD BROWN

New GTE Manager

Ronald C. Brown of Adrian recently was named customer service manager of General Telephone Company's Adrian division, according to Les Moench Jr., division manager.

He will serve as customer service manager for the General Telephone exchanges in Adrian, Blissfield, Britton, Clinton, Dundee, Erie, Grass Lake, Hudson, Ida, Lost Peninsula, Maybee, Saline, Tecumseh, Temperance and Tipton.

Brown succeeds Bill Gossett who has been appointed public affairs manager of the company's Alma, Owosso and northeastern divisions.

He, his wife Rita, and their two children, Regina, 15, and Richard, 13, live at 2803 Spielman Heights Dr., Adrian.

Mr. and Mrs. Don Dickerson, managers of the Tecumseh and Dundee offices of H&R Block, recently attended an H&H Block management weekend at the Imperial House in Findlay, Ohio.

Moore Serves College Group

Wendy Moore, daughter of Richard and Sarah Jane Moore, of Tecumseh, has been elected vice-president of the Ferris State College Organization of Optometric Technicians.

The Organization of Optometric Technicans foster communication among members of the College's Optometric Technician program and works to promote interest in the program.

Moore is a sophomore in the program. She is a 1978 Tecumseh graduate.

Chris Baker, 7, at 'M' Hospital

Seven-year-old Chris Baker is in University of Michigan Hospital, Ann Arbor, since Nov. 13 where he is undergoing yet another new drug treatment to ease his aplastic anemia condition.

Chris is the son of Mr. and Mrs. Paul Baker, 8347 Welch Rd.

Due to his condition, Chris' body is unable to make his own blood. Lately he has needed blood about every two weeks.

In late September he went to University Hospital, Minneapolis, Minn. for a drug treatment.

However, the drug caused a reaction and Chris was unable to continue the treatment. There were positive results for the first eight days, then the reaction occurred. A bone marrow transplant was mixed by doctors at present.

The drug Chris is now receiving in Ann Arbor was used only one other time, 10 months ago, with apparent success.

Chris has three sisters and a baby brother. His family is trying to meet the hospital and transportation expenses from their own resources.

Friends of the family have established a "Chris Baker Fund" at the United Savings Bank in Tecumseh.

If your brand new car is 'totaled' will your insurance company pay you for a brand new car?

Some insurance companies think a new car is a used car the minute you use it to drive out of the dealership. Not Auto-Owners.

With Auto-Owners, if you have an accident anytime within 90 days and your new car is a total loss, we'll pay you the total cost of your new car. And with Auto-Owners, your new car is covered immediately, automatically, under your previous policy.

So if you're about to get a new car, talk to us at Auto-Owners. Maybe you should get a new insurance company, too.

11-22c

In memory of Arling (Bob) Heavener who died Nov. 1, 1978. Sadly missed by his wife and children.

His smiling way and pleasant face, Are a pleasure to recall.

He had a kindly word for each, And died beloved by all.

Some day we hope to meet him, Some day, we know not when.

To clasp his hand in the better land, Never to part again.

Accidents Jump, None Serious

Traffic accident frequency jumped in Tecumseh the past week, but none of the accidents was serious.

Resume is:

Nov. 16 - Edward C. Foreman, 18, of 11711 Wisner Hwy., was turning at Maumee and E. Chicago when he hit Barbara D. Cooper, 17, of 310 E. Kilbuck.

Nov. 16 - Edward C. Stoner, 18, Tipton, was charged with leaving the scene of an accident after he struck a parked car on S. Pearl St.

Nov. 16 - William M. Powell, 56, of 5118 Milwaukee Rd., and Henry Ellinger Jr., 56, Addison, came together as both attempted turns off S. Ottawa St. into E. Chicago Blvd.

Nov. 17 - Gary W. Barrett, 23, Lee Villa Court, was cited for failure to yield after an accident on Russell Rd. with Julie A. Clark, 17, of 2843 Heritage Dr.

Nov. 17 - Lawrence F. Bakucz, 28, of 6885 Coachlite, was cited for improper lane usage after a mishap on N. Evans with Edmund P. Kollar, 17, of 11765 Macon Rd.

Nov. 17 - Jamie J. Weatherwax, 176 Evans Trail, reported his car damaged while parked on Murray Dr.

Nov. 19 - Oscar N. Emerson, 68, Tipton, was cited for failure to stop within an assured clear distance after hitting the rear of a vehicle driven by William F. Bellmore, 5031 Macon Rd., on N. Evans St.

Nov. 19 - Bobby D. Howell, 46, Brooklyn, backed into Sandra S. Kovaleski, 37, of 111 N. Pearl St., on Occidental at Russell Rd.

Four Complaints

Three of four complaints handled by Tecumseh police the past week involved motorists driving while under the influence of alcohol.

Saturday, Leonardo Montecino, 31, of 601 Stacy, was charged with drunk driving after observed driving on the wrong lane of Stacy St.

Sunday, Columbus Salyer, 44, Manchester, and Gordon R. Parks, 21, Dearborn, were both cited for drunk driving. Salyer was stopped on Russell Rd. after driving in the wrong lane, and Parks after speeding and driving off the road on M-50.

Other complaint was a possible B&E attempt at Sluyter's in downtown Tecumseh. While on patrol early Friday, police discovered a rear door window had been kicked in.

Past Chiefs Meet

The Past Chief's Club of Josephine H. Hall Temple #49 was held Thursday afternoon at the Temple on Pottawatamie Street. A cooperative lunch was served at a table centered with a fall arrangement of flowers.

Beatrice Schuch, president, presided at the business meeting. Annual Christmas party will be Dec. 20 at 12:30 p.m. with Beulah Todd as hostess. There will be a $1 gift exchange.

Games of cards were played and prizes were won by Arlene Buss, Beulah Todd, Nellie Wilson and the door prize was won by Mrs. Schuch.

Carrie Green was hostess for the day.

Driffill Is Omitted

Inadvertantly, the name of Vera Driffill, the treasurer, was omitted from the list of officers at the installation of Tecumseh Chapter 51, Order of Eastern Star, recently.

sundry expenses and other expenses including accounting, audits, legal expenses, completed the proposed operating expenses report.

Preston also reported that according to FmHA, construction costs for each unit o a two-story project cost between $25,000 to $27,000 per dwelling unit.

Preston estimated Tecumseh's construction costs running about the same at between $26,000 to $28,000.

From information given by tenants in pre-applications, eight percent could afford the basic rent or a total of four renters.

The average adjusted monthly income of the senior citizen pre-applications is $497; average montly rent or 25 percent of income is $125; average rent proposed is $265 making the average subsidy needed, $140, or a total of $89,000 a year in federal subsidy.

In other business, the Tecumseh housing corporation appointed three committees to work on design and construction, marketing and management.

Mini-Vehicles Are Popular Parade Entry

by Kathy Brown

Buck and Ileen Maynard "Love a Parade," and parade audiences from Sault Ste. Marie, Canada to Cincinnati, Ohio, from Chicago, Ill. to Niagara Falls love the Maynards, too.

The Maynards love parades so much, they have logged an estimated 15,000 miles in the past year to participate in 29 parades with their fleet of mini-mobiles. Before the year's over, they'll have chalked up 33 parades.

These lifetime Tecumseh residents have for the past four years, quietly served as good will emissaries for the city they think is "the greatest little town on earth."

They have paraded for cherry, apple, tulip, Independence Day, syrup, honey, melon, sauerkraut and other festival parades.

"I don't think there's many we haven't been in," said Buck. "And there are few roads in Michigan and Ohio we don't know," added Ileen. As road manager, she makes the bookings and keeps careful records.

But the milestone in their parade career of which they are most proud is the invitation to drive in this year's J.L. Hudson Thanksgiving Day parade in Detroit, one of the largest parades in the United States, seen across the country on network television.

As sixth in line from Santa Claus, the Maynards may get a spot on national television. Dave Faling of Tecumseh will join the Maynards as driver.

Upon closer inspection of the Maynard fleet, you will see why they are so special.

The star of the fleet is an 18 wheeler called "Small Fortune."

"So christened because of its cost to build. It's one of a kind," said its chief design engineer, Buck Maynard. "It's just a big toy, but has been inspected, licensed and approved for highway use by the State of Michigan."

This baby took its owner three and one-half years of spare time to build. It has the same safety equipment as a full sized 18 wheeler. The detail of the body by Buck is impressive, right down to the manufacturer's name "Buck" on the hood.

The cab holds two adults and comes equipped with full instrument panel, AM and CB radios and carpeting. It has a four cylinder engine, three speed transmission, golf cart differential, complete lighting system, diesel gas tanks, hydraulic and electric brakes, dual air horns and other items found on a full sized truck.

"I'd like to get the guy that gave him that golf cart," said Ileen jocking about Buck's devotion to his creation.

Maynard said he turned down a $30,000 offer for Small Fortune.

"When I was hauling it on the freeway, one trucker said, 'I've seen 18 wheelers hauling four wheelers, but this is the first time I've seen a four-wheeler haul an 18 wheeler.'"

Other vehicles in the Maynard fleet are a miniature van, pickup and Corvette, all production line units, and a "Meyers" aluminum boat and trailer, made by Buck. Boat was cut down from a full size boat to keep the shape of scale.

The van and pickup are equipped with two way radios, sirens, head and taillights, windshields and side glass, added by the owner. The van, boat and trailer are the "water rescue unit." The pickup and Corvette are the "racing team."

Maynard hauls four mini-vehicles with a ½ ton pickup truck and 32 foot trailer he specially made. Two units fit into the 18 wheelers' trailers and another stacks onto the bed of the full size pickup.

For the past two years, the units have been sponsored by Meyers Industries. But the first two years into the parade circuit, Maynard paid his own expenses.

The couple has trophies, ribbons and certificates from the parades they've entered. There may have been awards uncollected, too, because due to their heavy schedule, the Maynards seldom stick around for the awards presentations.

Maynard started tinkering around in mini-vehicle construction when he built a red "Hot Rod," back in the '50's. "Mostly we used it for running up and down main street with the kids, playing in parades," said Ileen.

Today the Maynards sons are grown. Randy is stationed at K.I. Sawyer Air Force Base, Jeffrey in the Aleutian Islands, and Gary lives in Tecumseh. They have two grandchilden, Doug, 10 and Greg, 8, that have their own little Jeep for parade occasions.

Then there was a '64 Chevy Buck made by cutting six feet from the middle of a full sized car and welding it back together.

Even earlier, Buck built a go-cart in 1948, before they came on the recreation vehicle scene.

Buck and Ileen owned Buck's Fleet Wing in Tecumseh from 1965-1976. It was started by her dad in 1932 and closed a year ago. Tecumseh parade audiences will recall the stage coach and ponies, retired since his death.

It wasn't until four years ago, when work on "Small Fortune" started, that the Maynards pursued parade dates. Early August, Buck decided to enter the Detroit parade on a dare. He wrote and said all his parade participants were experienced. Later pictures were requested. Finally, the invitation arrived with entry instructions.

"Each parade audience is different," said Maynard. "Some are deadpan. Some have lots of enthusiasm. They whistle, cheer, applaud, like in Frankenmuth. That has to be one of the most unusual events because they invite Canadian dignitaries to participate. It's about a '10' on a 10 point scale. Last Year I decorated the truck as a beer truck. The crowd went wild."

But it's unlikely that the Maynards will rest on their laurels.

"Next year Macy's Thanksgiving parade predicted Buck."

George Hansen Is Speaker

Lt. Col George Hansen will speak at the Tecumseh United Methodist Church Nov. 25, at 10 a.m.

Col. Hansen is the administrative officer of the Michigan National Guard in Lansing and will represent the Michigan Council on Alcohol Problems.

He is on the planning committee of the Clergy and Religious Workers Conference on Substance Abuse which is held each year. The public is invited.

Returns from Willow Bank

Mrs. Perry Hayden has returned from Willow Bank, Bermuda, where she spent a week with 225 members of the Bibles for the World Fellowship of Wheaton, Ill.

Also attending were her daughter and son-in-law, Mr. and Mrs. Ronald Wells of Spartanburg, S.C. and their daughter and husband, Mr. and Mrs. Pierce Hendon of Beaumont, Texas. The Hendons were vocalists for the occasion.

Meet Ridgeway's Bluebird Friends

RIDGEWAY — Eight girls from the Ridgeway School are in Dolores Thompson's Blue Bird group which they recently named the Ridgeway Blue Bird Friends.

The girls are: Monica Cheney, Tracy DeBow, Holly DeBow, Jani Hatchett, Jessica Moody, Bobby Scher, Melissa Scher and Teresa Thompson. Mrs. Thompson's daughter, Rose, is her helper.

The October meetings were spent making Halloween projects. A hayride was also held by the girls.

Tracy Debow is president and Jessica Moody is vice-president for the month of November.

The girls plan to march in the Santa Claus parade Nov. 25 in Tecumseh. Camp Fire Girls will have a float in the parade.

The latest project the girls will be involved in is the annual candy sales which will start Dec. 1. This year the sale will include a variety of new products and a Wisconsin cheddar cheese spread is also available.

Dorcas Class

BRITTON — Ten Dorcas Class members of the Britton Congregation Christian Church and five guests enjoyed a potluck dinner in the Fellowship Center of the church Nov. 15.

The meeting not only observed Thanksgiving but also the 57th anniversary of Mr. and Mrs. Roy Fournia.

In the afternoon, Helen Osterhout opened the business meeting by reading a poem "Thanksgiving" by Grace Noell Crowell.

Class members agreed to pay for a poinsettia for the church for the holiday season. They discussed packing goodies and gift boxes for patients in the State Hospital.

For the scripture reading, Thelma Younglove, who was in charge of devotions and program, read Psalm 95:1-7 then an article from a recent Ideals "America's First National Thanksgiving Day" and a poem "Thanksgiving" by C.W.L. Day.

Skating Party

BRITTON — The Grace United Methodist Church is sponsoring a roller skating party Nov. 26 from 6:30-8:30 p.m.

Proceeds are going to the "Chris Baker Fund."

Everyone is to meet at the church at 5:30 p.m.

For more information, call Sharleen Burgess at 451-8117.

Sell Wreaths

BRITTON — There is still time to order a Christmas wreath from any Band Booster member.

Band Boosters are taking over the Boy Scouts' sale this year since the Scouts do not have a leader this year.

The wreaths will be available after Thanksgiving. If you are not contacted by a Band Booster, call 451-8145.

Purchase Pizza Pit

CLINTON — Menzo and Rita Durr of Ypsilanti have purchased the Pizza Pit from Charlie Peart, and took possession last Monday.

The Durrs were Clinton residents until several months ago, when they moved to Ypsilanti. Sons Brad and Lance attended Clinton Schools.

Lance will assist Mrs. Durr in the business. She formerly owned a restaurant in Pontiac, and also worked at Clintonian Inn, while in Clinton.

Menzo's will now open for breakfast at 6 a.m. and serve lunches until 2 p.m. They'll close for two hours, reopening about 4 p.m. for the evening trade.

Menu will feature pizzas, submarines, hoagies and other sandwiches, served until 10 nightly. Saturday hours are 4 p.m. to 1 a.m., and Sunday 4 p.m. to 10 p.m.

Charlie Peart owned the pizza business for 10 years, and has sold out for health reasons. He was active in the Clinton Chamber of Commerce and the Frederick E. Pieper Post American Legion. He resides at Wamplers Lake.

Pickup Stolen and Recovered

CLINTON — A Boysville youth was found in a corn field, after he apparently abandoned a pickup stolen from the driveway of the Robert Voorhees residence on Pennington Rd., Nov. 17.

Incident occurred at 6:30 p.m. when Voorhees saw his pickup being driven away. He gave chase and a short distance away, the boy abandoned the truck and fled into a corn field, where Voorhees found him.

The youth told Clinton State Police he just wanted to get home for Thanksgiving. He was returned to Boysville.

Ratify Two Contracts, Board Ponders One

CLINTON — Meeting of the Board of Education Nov. 14 was marked by the attendance of 54 guests, largely members of the faculty, and a session that lasted two and one-half hours, concerned with the negotiating of teachers contracts.

In statements from the LCEA-CEA, president Candy Martin-Shade and vice-president, Karl Beach, it was restated that Clinton teachers do not want to strike, but would like to settle a fair and equitable contract, and that the LCEA-CEA bargaining team is ready to negotiate anytime.

Superintendent Richard Wegner made an oral presentation, and showed projection sheets on declining enrollment figures, revenue loss, ranking staff in Lenawee County, and budget sheets based on offer board has proposed for the teacher contacts for the 1979-80 year.

Discussion followed concerning the district's ability to pay, additional millage, and what cuts would occur if the board feels they must cut programs.

Board has offered five percent at the base, granting an overall increase of 9.31 percent to teachers. This offer was broken down and cost to the district explained, along with a salary schedule.

Teacher spokesman was asked what percentage they were asking for, and if they were aware of the district's ability to pay.

The CEA said it is asking the board for a 10 percent increase and no, the CEA has not gone over the budget with the board to determine their ability to pay.

Question was asked pertaining to potential cuts and Supt. Wegner explained that all educational field trips and conferences have already been cut.

A cut from the athletic budget of $3,000 has been made. More additional cuts are: junior high athletics, cut approximately $10,000; elementary music, all plays, dramas, etc.

Concerning additional millage, Wegner explained that the law will not permit a millage vote at this time of year. If a vote occurred, the millage would not be counted as receivable until the following December.

A meeting with LCEA-CEA negotiating team and administration to study the school budget was set up for Monday, Nov. 19.

State Assessment Test results were reviewed by Barb Spahr and Russ Pichlik, who noted that results of the tests show the curriculum is moving in a positive direction.

Board voted to finish the installation of the baseball diamond fence, and to pay all bills from the building and site fund, to be reimbursed from the trust fund, which has been established for this purpose.

Board ratified the contract with the secretarial contract, granting five funeral days, an increase from three; and an eight percent increase for all personnel.

Contract with the custodians' union was ratified, granting five funeral days, 7½ percent increase in salaries to all personnel, and one additional vacation day for all employees who have served 11 years within the system.

Board's attorney is requesting a postponement of the hearing by the judge in charge of the unfair labor practice case, from Dec. 4 until Dec. 27.

In response to parents letter expressing concern about the cut of the art program at fifth grade level, Richard Wegner responded that the art teacher has been deleted, but that the fifth grade classroom teachers are all qualified in the field of art education.

3 Tangle on US - 12

CLINTON — A three-car collision occurred Saturday afternoon, when Cheryl J. Walker, 18, of 3247 Clinton-Macon Rd., attempted to pass another vehicle on US-12 just west of Neblo Rd.

Walker was westbound, when she pulled out to pass, then saw the approaching southbound vehicle driven by Aloysius J. Bierut, 67, of Detroit. She tried to pull back into her lane, but struck Bierut head on.

Mary Lou Swidon, 611 N. Evans St., Tecumseh, following Bierut, struck his car in the rear.

Walker and Bierut were treated at Herrick Hospital for injuries.

Walker was charged with careless driving by Clinton State Police.

35 Bid Farewell

CLINTON — Clinton Chamber of Commerce board of directors said farewell to vice-president Joe O'Donnell and his wife Ellen at a dinner attended by 35 persons, Wednesday night in Clintonian Inn.

The O'Donnell family is moving to Franklin, Tenn., Dec. 1.

Joe has served as past president of the Chamber, and has served on the Fall Festival committees every year for six years, car ticket, salesman several times.

Chamber president Bob Camburn made the presentation of gifts, an engraved desk pen for Joe and a braclet for Ellen.

"SO LONG" — Farewells were said to Ellen and Joe O'Donnell, left, and Rev. Russell Cooper gave invocation at dinner hosted by Chamber of Commerce, as O'Donnells prepare to move to Tennessee.

Kurowicki Hits Deer

CLINTON — David Kurowicki, 24, 11011 Clinton-Macon Rd., was issued a deer permit, when he struck a doe about 7:50 p.m. Nov. 16.

Kurowicki was not injured, but his car sustained minor damage.

U of M Friars To Appear at CHS

CLINTON — A highly entertaining and humorous evening will be presented by the Friars of the University of Michigan, at Clinton High School, Dec. 8, at 8 p.m.

The University of Michigan has a rich musical heritage dating as far back as the 1860's.

One such tradition has been the Friars, a group organized as an octet within the University Men's Glee Club. They have performed selected lighter numbers with their forte being music from the 50's. Much of their music is accompanied by their own unique choreography.

Seats are limited so it is advisable to purchase tickets before the performance. Tickets will be available at the door, or on Fridays at the State Savings Bank in Clinton between 3 and 4:30 p.m. Also, tickets may be reserved by calling the Clinton High School, 456-7441.

Santa Highlights Walk with Noon Appearance

CLINTON — Clinton's Chamber of Commerce sponsored Christmas Walk will be Sunday, Nov. 25.

An after church Pancake Breakfast will start the day's events, served from 11 a.m. to 1 p.m. in the United Church of Christ. Fall Festival '80 committee sponsors this event as a fund raiser.

It's just across the corner from the UCC to Smith-Kimball Community Center, where all afternoon Historical Society members will demonstrate old-fashioned Christmas preparations, such as making cranberry wreaths, pomander balls, pulling taffy, and making peanut brittle. They'll serve refreshments there, too, and will have displays of antique dolls and toys.

Although the Community Choir and the Women's Chorale will not be appearing, there will be Christmas caroling led by Historical Society members, and the day's events will climax with the center's outdoor tree lighting and the Chamber of Commerce prize drawing after 4 p.m.

From noon to 4 p.m. local merchants will have their stores opened and stocked with a variety of Christmas gifts.

Santa will be at State Savings Bank from noon to 4 p.m. to greet youngsters.

REV. and MRS. JACK LANCASTER

Lancaster Is Pastor

CLINTON — The Rev. Jack Lancaster has been invited to pastor the Clinton United Methodist Church.

Formerly of the Detroit area, the Rev. Lancaster has been a pastor in Escanaba recently.

The Rev. Lancaster is 55, and has been in the ministry for 30 years. He is an artist, painter, sculpturer, formerly a professional trombone player and is also a singer.

His wife, Bonnie, has a grown daughter who is blind, and she has worked extensively with the blind, as well as counseling with those concerned with death and dying.

The Lancasters will move into the Methodist parsonage on Sunset Dr. next week, and he will preach his first sermon here Dec. 2.

Rate Hike for Sewer Is Planned

CLINTON — Village Council voted to establish an ordinance for the new sewer, and set the rate at $2 per $1,000 gallons of metered water, effective when the ordinance is completed.

Council recommended for approval the transfer of a liquor license for new owners of Clintonian Inn.

Because of the numerous accidents as motorists are making left turns from Jackson Rd. to US-12, Council will request the State Highway Department provide a left turn signal light for the intersection.

Cool Weekend for Girl Scouts

CLINTON — Girl Scout Troop 149, directed by Mary Ann Chellman, enjoyed a crisp and cool weekend at Camp O' the Hills, Irish Hills, Nov. 9-11.

The fun included singing and Girl Scout games. Much laughter was shared by all during the "gong show" and bubble gum blowing contest.

The weekend experience will earn the girls their camping badges.

Girl Scout calendars are still available from any Clinton scout until Dec. 2. Madaline Welch can also be contacted if you would like to purchase one of these attractive calendars, phone 456-7679.

Couple Weds in Tennessee

Clifton Ralph Depew and Mona Caterine Harmon were married Nov. 9, 5 p.m. in the Chapel at Mountain Home VA Center, Johnson City, Tenn.

The Rev. Roland E. Gabbert, Chaplain, performed the double ring ceremony. Close relatives attended.

Mrs. Depew is the daughter of Clarence Lightfoot of Deerfield and the late Margaret Lightfoot.

Mr. Depew is the son of Maude S. Depew of Johnson City, Tenn. and the late William E. Depew.

CHRISTMAS PARADE ROYALTY — Sally Lemanski, 11, and Scott Klingensmith, 11, reigned as Snow Queen and King with Santa Claus during the first Christmas parade sponsored by Tecumseh Area Chamber of Commerce. Sunday's showers didn't dampen spirits of families who attended the parade. The royal pair received a host of prizes from downtown merchants. Caroling was held inside the Bidwell building at Keyboard World instead of behind the fire station as planned. Santa will continue to greet young friends at his offices in downtown Tecumseh and at McDonald's.

CONTRACT TALKS FAIL

Clinton Teachers Strike

CLINTON — A "work stoppage" by Clinton teachers came early Wednesday morning after an eight-hour negotiating session between the Lenawee County Education Association -Clinton Education Association (LCEA-CEA) and the Clinton Community Schools' Board of Education dissolved at 1 a.m. Wednesday without agreement.

It is the first time in the Clinton schools' 101-year history that its teachers have taken such action.

Involved in the work stoppage are 61 teachers, and it affects 1,255 students in high school, middle and elementary schools.

The teachers are serving under a three-year contract, signed in 1979, with a salary reopener clause, which was used to resume negotiations in June 1979.

The school board's final offer early Wednesday morning was an increase of seven percent the first year and eight percent the second year.

Teachers negotiating team's last stand was for 9-3/4 percent increase the first year and cost of living adjustment (COLA) of 7-10 percent the second year.

Both sides have moved from their original bargaining positions since June.

In June, the teachers requested increases totalling nearly 20 percent and the board offered four percent, according to Candy Martin-Schade, president of the CEA and spokesperson for the teachers' bargaining unit.

Prior to Wednesday's statement, the school board's last offer was a five percent increase the first year and six percent the second year.

Then the board advanced again with an informal offer of six percent the first year, before it went to its last offer Wednesday of seven percent the first year.

The teachers claim that they requested a meeting with the school board for Wednesday morning or afternoon and that the board refused the request. Teachers say they then requested a meeting anytime before Monday, but the board had not responded by press time.

Supt. Richard Wegner denied that these requests were made.

Two Tecumseh Students Hit by Cars, 1 Killed

Services will be 1:30 p.m. Friday in the First Baptist Church, Tecumseh, for Gregory Gene Zimmerman, 7, 2374 Occidental Hwy., Adrian.

The boy was struck and killed when he ran across the road from [redacted] in front of the Midway Market, 2401 E. Occidental, in Raisin Township at 5:15 p.m. Tuesday.

According to the report of the Lenawee County Sheriff's Department, the boy's mother called out to caution him to stop as she saw the approaching southbound vehicle, but the youngster stopped in the path of the oncoming car.

Sheriff's officers report that the boy apparently died at the scene.

Susan Osborn, 33, of Clayton, the driver of the car, was treated for shock at Bixby Hospital.

It was drizzling and dark at the time of the accident.

No charges have been filed against the driver, said the sheriff's department.

Gregory was born Dec. 27, 1971 in Adrian to Richard and Francis Handy Zimmerman.

He was a second grader at Sutton School.

Besides his parents, Gregory is survived by a brother, Garry and a sister, Malissa; grandparents, Mr. and Mrs. Roy Handy of North Adams and Mr. and Mrs. Timothy Zimmerman, Adrian.

The Rev. Kenneth Boyd will officiate the services. Burial will be in Brookside Cemetery, Tecumseh.

Friends may call at the Braun [redacted] Funeral Home, Adrian, [redacted] after 7 p.m. Wednesday and until noon Friday.

Gregory Zimmerman, 7-year-old second grader at Sutton Elementary School.

Police File Two Charges After Mishaps

Only four accidents occurred on city streets the past week, but one involved a motorist who struck two vehicles and left the scenes before being apprehended.

Mary E. Brown, 41, of Paul's Trailer Park, was northbound on S. Occidental shortly after midnight last Thursday when she struck a parked car owned by William Rogers, 509 S. Occidental.

She continued on north and then struck a pickup at the intersection of W. Chicago Blvd. and Occidental. Driver of the pickup, Robert L. Yoder, 31, Hudson, ran to call the police when she failed to stop.

Brown was found in her car in a ditch, just north of Conklin, on N. Occidental and was attempting to start her car when officers arrived. Her automobile was badly damaged and had even lost a wheel.

Officers charged her with drunk driving and leaving the scene of a property damage accident. There were witnesses to both accidents.

Other accidents were:

Nov. 21 — Charles F. Poley, 50, of 206 N. Maumee, was backing from his drive when he struck Lois A. Fleming, 44, of 5999 E. Monroe Rd. He was cited for improper backing.

Nov. 22 — Douglas R. Radant, 31, Jackson, was cited for failure to stop within an assured clear distance after hitting the rear of a vehicle driven by Elnora L. Brooks, 78, Manchester, on E. Chicago Blvd.

Nov. 24 — Maggie V. Hale, 46, of 5580 E. Monroe Rd., told officers she was westbound on W. Chicago Blvd. when another car in passing struck her vehicle and continued on west.

Zoning Problem Back to Council

A multiple family development and senior citizen housing project proposed by Clinton developer Ed Day received a setback last Tuesday, Nov. 20.

The Tecumseh Planning Commission voted unanimously to recommend denial of the rezoning request for approximately 30 acres of the Fuller property. The area lies north of W. Chicago Blvd. at the west end of the historical district.

But the actual decision by Tecumseh City Council whether or not to rezone the property for multiple family development may not come until next year.

Since the planning commission routinely approves its own meeting minutes before sending them to council, the planning commission's recommendation will probably not be handed to council until its Dec. 17 meeting.

City Attorney Greg Forsthoefel told the Herald in his opinion, council "should hear arguments for and against the project and should not summarily reject the request" when it comes back to council with the planning commission recommendation.

Because council meets the first and third Mondays of the month, with Dec. 17 the last regularly scheduled meeting for the year, it could be a January meeting before City Council has a public hearing on the question to rezone the Fuller property.

The planning commission's decision to recommend rejecting the rezoning request came immediately after a 90 minute public hearing at which the majority of the some 50 citizens in the audience opposed the rezoning from single family to multiple family RM-1.

The planning commission's decision came with surprising quickness and without discussion by the planning commission members after the motion came to the floor.

A burst of applause from the audience greeted the vote. "We won this one," said Chris Neilson, 402 Seminole St.

He was one of several in the audience that had attended a public hearing the night before at city hall to oppose zoning ordinance amendments that would allow five story senior citizen housing in Tecumseh. Council unanimously approved that change despite citizen protest.

When the crowd dispersed after Tuesday's planning commission hearing, the commissioners drafted a list of eight to 10 reasons why it vetoed the rezoning request. Each of the eight commissioners apparently had an individual reason.

Those reasons included:

1. Ingress and egress of the proposed project on Chicago Blvd., 2. Lack of a through street guaranteed in the project. 3. Need for more senior citizen housing not proven.

4. Lack of positive senior citizen response to this project. 5. Lack of positive citizen response to the project. 6. Question of land use compatiblity of multiple family housing with existing single family housing.

7. Concern for setting a legal precident regarding the total acreage of the property that extends north. 8. Failure to have single family dwellings planned in the development.

"I don't think you are going to get people who are for a project like this to come out for a public hearing," City Manager Cal Zorn commented to the commission.

"I can't believe that in this size a community we can't have another ingress-egress on Chicago Blvd." he added.

In general, commissioners commented that the second site plan did not change enough to satisfy them. Some objected to federal subsidized housing for tenants other than senior citizens.

The prime objection voiced by members of the audience was the federal subsidized housing for the project which would be available to families, individuals and senior citizens, below a certain income level.

A set of petitions signed by over 330 residents citywide was presented to the planning commission by John Long, president of the newly formed Tecumseh Homeowners Association which opposed the federal subsidized housing project.

The petitions did not state opposition to federal subsidized housing, but opposition to a change in the "single family character" of the northeast section of Tecumseh.

Long said that the opposition to federal subsidized housing was explained verbally to each signer.

The meeting started to heat up after a priest from Adrian asked how federal subsized housing program was explained.

Peoples Federal Buys Building

Peoples Federal Savings and Loan of Monroe has purchased the former First Federal Savings and Loan building in downtown Tecumseh.

Dr. James Feeney of Adrian bought the property earlier this year and then resold it to the Monroe financial institution.

Officers of Peoples Federal were not available for comment when contacted by The Herald Wednesday.

HENRY NEWLIN

Appoint Newlin to County Post

Harvey A. Koselka, Lenawee County prosecuting attorney, has announced the appointment to the position of assistant prosecuting attorney of Henry H. Newlin of Tecumseh.

Mr. Newlin will perform his duties as assistant prosecuting attorney both in the new Lenawee County Judicial Building as well as in his present office at 304 East Chicago Blvd. This will provide a unique opportunity to bring prosecutorial service even closer to the large percentage of Lenawee County residents who live in the Tecumseh, Clinton and Britton areas.

He replaces William Kenyon who has resigned, effective Dec. 1, to become Assistant Adrian City Attorney.

Mr. Newlin holds a Bachelor of Arts Degree from the University of Michigan, a Master of Science Degree from Elmira (N.Y.) College and a Doctor of Jurisprudence Degree from the S.U.N.Y. Buffalo Law School.

He has been in the general practice of law in Tecumseh, since 1975, while serving part-time as a continuing education instructor at Adrian College.

Mr. Newlin presently serves on the Board of Directors of the Salvation Army, and the Lenawee Humane Society.

Ridgeway Pupil 'Fair' at Mott's

RIDGEWAY — Six-year-old Rafael William Poynter of 6978 S. Ridge Hwy. is reported in fair condition at Mott's Children's Hospital in Ann Arbor after surgery for repair of his spleen. He is expected to be home in seven days, said his family.

The child was struck while crossing M-50 at S. Ridge Hwy. to Ridgeway School, where he is a first grader.

The accident occurred at 8:35 a.m. Monday, about 200 ft. west of Ridge Rd. on M-50.

Poynter was hit by a car driven by Richard Bodziak Jr., 21, of Riverview.

According to the State Police at the Blissfield post, the driver said he slowed down when one child ran out across the road. Poynter ran out from behind an east bound vehicle when he was struck. At the scene, he appeared to have possible head and rib injuries.

State Police said that no citation was issued.

"I know the Lord intervened," said Mrs. Russell Slick, 6978 S. Ridge Hwy., about her nephew's recovery.

She said that her visiting nephew returned home that morning because he forgot to give his mother, Cecilia Poynter, a kiss.

"He was trying to keep up with the other children," when the accident happened, said Mrs. Slick. Rafael was hit as the vehicle turned the corner from N. Ridge Hw. west onto M-50.

Sunderland's Moving to New Insurance Office

Sunderland Insurance Agency will move this weekend to its new office facility at the corner of N. Ottawa and E. Logan Sts.

The agency's office in the former First Federal Savings and Loan building in downtown Tecumseh will be closed this Saturday for moving.

Donald and Mary Lou Sunderland purchased the new site, once known as the Kennedy property, earlier this year and employed Krieghoff-Lenawee Co. as general contractor.

Construction started this past summer.

First Snowfall

Tecumseh and area experienced its first real snowfall of the year late Tuesday evening and Wednesday morning.

Tuesday's rain gradually turned to snow, and by the next morning the ground was covered.

Woman Hurt after Car Rolls

Brenda Meads, 708 Ternes, suffered a possible broken leg early Wednesday morning when her car rolled over on the Tecumseh-Clinton Rd.

Local firemen responded to the call at 12:22 a.m. and discovered the car upside down and facing north, just north of Allen Rd. She was headed home from her job at Peerless Gear at the time.

Firemen report the road was snow covered and extremely slippery.

Ambulance enroute to the scene also had problems and ended up in a ditch. Mrs. Meads was eventually taken to Bixby Hospital.

Bank Dividend on Dec. 15th

Board of Directors of the United Savings Bank of Tecumseh, at its regular meeting Nov. 14 declared a quarterly cash dividend of 45 cents per share plus a year-end extra dividend of 20 cents per share. The dividend, totaling $130,000, will be paid December 15, 1979 to shareholders of record Dec. 1.

This amounts to $2.00 per share for the year and is the same as was paid out of 1978 earnings.

Electing Officers

Officers for the coming year will be elected at the next regular Tecumseh Area Chamber of Commerce meeting scheduled for Dec. 6, 7:30 a.m. at Don's Beef Buffet.

Zoning Request Faces Tecumseh Council

(Continued from Page 1)

The priest said his concern about housing was brought about through his work with senior citizens in Tecumseh. He cited a study by the Rand Corp. which showed positive results of federal subsidized housing under Sect. 8, which the proposed project would involve.

"I knew what I was signing," said Don Berkley, 104 Evans Creek Dr. "When you get federal subsidized housing, the government tells you exactly what to do. I don't want any more state or federal government telling me what to do."

Some in the audience applauded his opinion.

Berkley was also concerned, as were others in the audience, that Day was not interested in buildings single family dwellings between his proposed development and the single family residential neighborhood on Seminole St. "It has to be a coordinated effort as far as I'm concerned," said Berkley.

There was also conflicting evidence heard about what type of senior citizen housing would be desired by senior citizens themselves.

Nona Hicks, 708 Brook St., a senior citizen involved with senior programs at the city, county and regional levels, said that senior citizens were impressed with a similar type of multi-family apartment and six story senior citizen highrise development in Jackson. Developer Day retains an interest in that project.

James F. McDowell, 3 Evans Creek Dr., a representative of the National Retired Teachers Association, pointed to studies that show, "Senior citizens don't want five story housing."

Charles Chapman, 709 Brook St. drew applause when he stated, "I don't want to give up my home and my dog to live in a senior citizen apartment. I want my family to come to my home when I retire." He asked the commissioners and audience to consider what kind of senior citizen housing they would rather have.

"We need some citizen housing, but not this type of housing," Sue Dodge, 703 Ternes stated.

The planning commission also heard negative accounts of federal subsidized housing from people who worked with it and lived in similar projects.

Pat Housekeeper, a social worker formerly from Pennsylvania, now a Tecumseh homeowner, stated, "I have worked in these neighborhoods. Frankly, there is a deterioration of attitudes as well as facility. Tecumseh residents are independent, committed people. Don't destroy it. Think about it."

Kathy Boyers, now a Tecumseh resident, said that she lived in Section 8 federally subsidized housing in Essexville, Mich., a town the size of Tecumseh and a suburb of Bay City.

"After 1½ years, we moved out. It wasn't fit to live in," she said.

"People are scared that we're going to build a new ghetto," stated Gleason Amboy, manager of the Jackson project called Park Forest.

"But we are only trying to meet the housing needs of people 62 years of age and older, singles, couples, couples with children while trying to meet the economic goals of the community."

Day answered questions about management of the proposed project. "This is a free enterprise venture, strictly locally owned and operated. (The federal subsidy) doesn't mean government dictates who sits on the board of directors. I'm concerned about the project because I'll have a substantial investment. I want to be proud of it, and have the citizens proud of it, too. This is not something you peddle out in the street."

Amboy explained that about 70 percent of the development would be open to tenants with income levels at or below $12,500.

In response to questions about the racial make up of the tenants he replied, "We have to prove reasonable effort to show the apartments are available to minorities, but we are not required to fill them."

He added that management's goal would be to have the same percentage of minorities in the housing project that are in the city itself.

Day looked tired after Tuesday's hearing. "This time it took 90 minutes to do what it took (three hours) to do in July."

His request for rezoning on the first site plan was vetoed by the commission July 17.

"Not as many spoke against it this time. They were emotional arguments. You can't argue with emotionalism."

Day said he will not submit a new site plan. "A site plan is not germane to the issue which is zoning. Zoning is a concept. I think the issue was confused here. The reason I submitted the second site plan was to answer the kinds of problems that the commission was having with the first site plan.

"Unfortunately the kind of people that would be revved up for this kind of project did not turn out," Day stated.

New Cable for Park

The recent completion of placing a 200 pair cable which is designed to serve the growing Tecumseh Industrial Park was announced by Les Moench, Jr., Adrian division manager for General Telephone Company.

"Many of us have seen the new buildings going up in the Tecumseh Industrial Park," Moench said. "Such things as building foundations, electrical and plumbing work, the walls, roof, painting and decorating are visible. What most of us do not see is what goes down when a building goes up," he continued.

Many services in the park are located below ground, out of sight of the casual observer. Such is the case with the recent installation of the new telephone cable to serve the new residents of the park.

"We want to be ready to serve businesses locating in the park when they ar ready for their communications package," he said.

"In order to be ready, we assess the type of businesses, determine an average need for cable pairs, and design the project large enough to meet the forseeable growth," he explained.

"To meet the demands for service we are constantly working to learn of new growth before it happens," the manager continued.

Tecumseh Man in Who's Who

Bradley Sharp, the son of Fern Chrzan of 9393 Pleasant, Tecumseh, and the late LeRoy Sharp, has been named to Who's Who Among Students in American Universities and Colleges for the 1979-80 school year.

Sharp is a junior majoring in music education at Adrian College. He is a member of Phi Mu Alpha national music fraternity, the college jazz band and the tennis team.

In 1977, Sharp graduated from Tecumseh High School.

To be selected, Sharp was nominated by college officials and approved by the Who's Who staff. Selection was based on academic achievement, service to the community, leadership in extracurricular activities and potential.

Do It Now... Then Forget About It

It's only natural that we avoid thinking about our own funerals, even though we know that at some unknown time, our loved ones will be called upon to make arrangements. To minimize their burden, we urge you to prearrange your funeral at Purse Funeral Home this week, then forget about it. It's a thoughtful, considerate thing you can do now to help your family later.

Bartletts Reside in California

Penny Mueller and Ralph Bartlett were married Nov. 24 at 7 p.m. at the Congregational Christian Church, Britton with the Rev. Richard Case officiating the ceremony.

Parents of the couple are Mr. and Mrs. Donald Mueller of 9145 Short St., Macon and Mrs. Virginia Bartlett of Shrewsbury, Mass. and Hollis Bartlett of Thompson, Conn.

Gerald Bach of Morenci was organist.

For her wedding, the bride wore a white velvet gown with V-neckline, high waistline and chapel length train, trimmed with Chantilly lace.

The bride's and bridesmaids' gowns were all fashioned by the bride's mother.

The bride wore an opal necklace, a gift from the groom. Her veil of silk illusion was secured with a tulip shaped cap.

She carried white silk roses with fuji mums, baby's breath and English Ivy.

Denise Mueller of Ypsilanti was her sister's maid of honor. She wore a dusty rose gown, styled like the bride's, with a rose and grey sheer print blouse and wing sleeves.

Cathy Kopka of Macon, Linda Fawcett of Ann Arbor and Linda Lemon of Ypsilanti were bridesmaids attired as the honor attendant.

Peter Gray of Shrewsbury, Mass. was his cousin's best man.

Ushers were Douglas Sprague of Chicago, Ill. Paul Bartlett, the groom's brother of Shrewsbury, Mass. and William Cummings of Chicago, Ill.

A reception was held at the United Products Workers Union Hall.

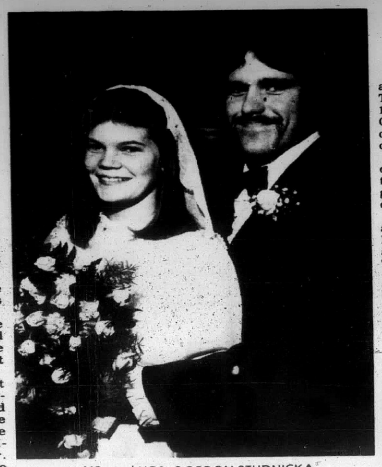
Vonnie Cadmus, Irene Cadmus, Elaine Renka and Jean Cadmus, aunts of the bride, poured refreshments at the reception.

The bride is employed at MDSI, Ann Arbor. She attended Cleary College and Tecumseh High School. The groom is a 1978 Michigan State University graduate, employed at MDSI, Ann Arbor.

After a wedding trip to Phoenix, Ariz., the couple will reside at 3295 Brookdale Dr., Santa Clara, Calif. 95051.

The rehearsal dinner was hosted by the groom's father, Hollis Bartlett, at the Hathaway House, Blissfield.

MRS. RALPH BARTLETT



MR. and MRS. GORDON STUDNICKA

Kershner-Studnicka Nuptials in Clinton

Christine Kershner and Gordon Studnicka were married Nov. 17, 7 p.m. at the United Church of Christ in Clinton.

The Rev. Roy Wagner officiated the ceremony for the daughter of Mr. and Mrs. James Kershner of 11085 Clinton-Tecumseh Rd., Clinton and the son of Mr. and Mrs. Marvin Glover 316 W. Michigan Ave., Clinton.

Candelabra and white bows with flowers decorated the altar for the nuptials.

For her wedding the bride wore an ivory chiffon gown with a high neckline and band collar with Alencon lace trim. The long full sleeves were gathered at the wrist with the same lace trim.

The full antique satin skirt had a wide flounce at the hem. The waistline featured a gathered cumberbund.

Her shoulder length veil of silk illusion was secured with a band and seed pearl trim.

She carried a cascade bouquet of ivory and pink roses, ivory carnations, baby's breath and asparagus fern.

Kathy Callison, the bride's sister of Clinton, was attired in a pink Qiana gown with rounded yoke of silk ivory crochet design and narrow tie at the gathered waistline.

She wore pink and ivory carnations, baby's breath in her hair and carried a colonial bouquet of the same flowers with burgundy streamers.

Jamie Callison, the bride's niece of Clinton was junior bridesmaid, attired with an ivory and pink print gown. It was styled with empire waistline and had an ivory lace and pink robbon trim.

She wore pink and ivory carnations baby's breath in her hair and carried a small wicker basket of the same flowers.

Alan Hively of Clinton was best man. Brent Keith, the groom's nephew of Tipton, was junior groomsman.

Chuck Warner of Tipton and Bob Keith of Tipton, the groom's brother-in-law, served as ushers.

A reception was held at Water Wheel Estates Club House in Clinton.

The bride is a 1978 Clinton graduate and is employed at Clinton State Savings Bank. The groom is a 1975 Clinton graduate, employed at Ford Motor Co., Saline.

The rehearsal dinner was hosted by the groom's parents at the Golden Nugget.

The couple resides at 5265 Tecumseh-Macon Rd.

Bowman-Chase Pledge Vows

Traci Bowman of Clinton and Douglas Chase of Tecumseh were married Nov. 17 in the Tecumseh Friends Church. The Rev. Dane Ruff officiated at the 4 p.m. ceremony.

The ring used in the ceremony was first worn by the bride's great-great-great-grandmother on her wedding day.

The parents of the couple are Mr. and Mrs. Jerry Bowman of Clinton and Mr. and Mrs. Ashley Chase of Tecumseh.

Escorted to the altar by her father, the bride wore a gown by Alfred Angelo. It featured crystal pleats in the front, lace bodice and long sleeves with high button cuffs.

Her bouquet was of peach roses, white daises, and carnations with baby's breath. She wore a heart-shaped necklace with a diamond center, a gift of the groom.

Miala Baker of Clinton was maid of honor and Timothy Fergason of Tecumseh was best man.

Bridesmaids were Karen Jedrey, Jody Comstock of Clinton, Anita Rank of Toledo and Caren Hayward of Grand Rapids.

All wore peach floral gowns with crystal pleated skirts and blouson tops.

Peach carnations with baby's breath adorned their hair, and each carried bouquets of rust and peach flowers.

Angela Feldkamp of Adrian was flower girl, wearing a peach dress with white yolk. Her hair was adorned with peach carnations and baby's breath. She carried a miniature rust and peach bouquet.

Serving as groomsmen and ushers were Bradley Bowman, brother of the bride; Robert Hess of Clinton; David McCrate of Tecumseh; John Bauer of Ann Arbor, Steven Radant, cousin of the groom of Chelsea, was the ring bearer.

Mr. and Mrs. Edward Fergason of Tecumseh hosted the reception following at Peerless Union Hall.

Bride is a Clinton graduate and is employed at Ann Arbor Biological Center.

Groom is a Tecumseh graduate and is employed at Peerless Gear in Clinton.

The rehearsal dinner was given by the grooms parents at Don's Beef Buffet.

After a short honeymoon, the couple will make their home in Tecumseh on Kilbuck St.

News From The Tecumseh Chiropractic Life Center

101 S. Pearl Tecumseh

Dear Doctor,

How are spinal subluxations produced, and can they be removed?

Many things can cause subluxations. A few things include:

1. Falls-down steps, roller skating, slipping on rugs, falling off ladders, stepping in a hole.
2. Accidents-any accident that produced injury to the body including auto, motorcycle, or bicycle accidents, even skateboards.

[illegible] grief, fear or intense emotional disturbances can create muscular contractions which may misalign a vertebra enough to produce an interference to normal nerve energy flow.

4. Some people have inherited spinal weaknesses that tend to lead to subluxations from job stresses or the pulling action of gravity.

The chiropractor spends six years of study. He is especially trained in neurology and the spine. He is trained in location and correcting spinal subluxations by a chiropractic adjustment by hand to restore normal nerve energy to the body part(s) affected.

[illegible] on this question, or if you have other related questions, feel free to call 423-7360 or write Dr. Elwartowski at 101 S. Pearl St., Tecumseh, MI 49286.

Brothers Discuss Clean Chimneys

Chimney maintenance and repair will be the topic of the Nov. 29 meeting of the Tecumseh Area Historical Society, 7:30 p.m. at the Community Center.

The Soot Brothers chimney sweeps, Scott and Steve Kampmueller, will discuss the how's and why's of chimney cleaning.

Pat Lamb, historical society members and historic homeowner, will show slides of chimney and fireplace reconstruction at her home.

Public is invited.

Dad Officiates Daughter's Wedding

Paula Janine Brantingham and James Thomas McClure Jr. of Asheboro, N.C. were married Nov. 17 in Trinity Friends Church, Martinsville, Va.

Officiants were the bride's father, the Rev. Paul Brantingham of Martinsville, Va., and the Rev. David Roudabush of VanWert, Ohio.

The Rev. Paul Brantingham was pastor at the Tecumseh Friends Church from 1957-72. During that time, the bride attended Tecumseh schools. The Rev. and Mrs. Paul J. Brantingham now reside at 1014 Chalmers St., Martinsville, Va.

Parents of the groom are James T. McClure Sr. and Carolyn V. McClure, both of Springfield, Va.

A program of wedding music preceded the nuptials.

For her wedding, the bride wore an ivory chiffon gown over Qiana. It was styled with a V-shaped neckline, an empire waistline and bishop sleeves.

The full skirt was trimmed in Venise lace and ended in a chapel length train. Venise lace accented the jacket and sleeves. She wore an ivory chiffon veil, attached to a Camelot cap of lace and pearls.

Honor attendants were Cindy Brantingham of Mountain Home, Ark., the bride's cousin; and Betty Hazelwood of Martinsville, Va.

They were attired in rust colored gowns fashioned with rounded necklines, blouson bodices, A-line skirts and dolman sleeves. They wore silk flowers in their hair.

Bridesmaids were Mrs. Samuel Brantingham of Martinsville, Va., the bride's sister-in-law; Mrs. Charles Herndon of Tampa, Fla. and Mrs. Ron Shifflett of Kernersville, Va.

William Eugene McClure of Springfield was his brother's best man.

Ushers were William Steven Hawkins of Kernersville, Va., Joel W. Hawkins of Portsmouth and David S. Hawkins Sr. of Charlottesville, the groom's uncles and David S. Hawkins Jr. of Nashville, N.C., the groom's cousin.

A reception followed in the First Baptist Church fellowship hall.

Tecumseh area guests were Mr. and Mrs. Clarence Randolph and Serena McClure. Mrs. Randolph made the wedding cake. Mr. and Mrs. Richard Thompson of Imlay City, former Adrian residents, furnished the flowers.

After a wedding trip to the Smoky Mountains, the couple will reside in Asheboro.

The bride is studying interior design at Randolph Technical College in Asheboro.

The groom attended the U.S. Naval Academy and received a bachelor's degree in Christian ministeries from Malone College, Canton, Ohio in 1979. He is employed by Stuart Furniture Co. in Asheboro.

Macon News

By Phyllis Thomas

MACON — Dean and Jean Shafer and her children, Eric and Jennifer Rozelle of Chatfield, Ohio spent Thanksgiving with Jean's parents, Mr. and Mrs. Carl Thomas. Other guests were Mr. and Mrs. Kim Gilson and two children, also of Chatfield.

++

A week ago, Charles and Luella Bigelow travelled to the home of their son and family, Bill and Nancy Bigelow, Brad and Brett of Somerset, Ky. for an early Thanksgiving celebration.

On their return trip, they had Monday, luncheon with Charles' brother and wife, Mr. and Mrs. Clayton Bigelow of Fairborn, Ohio.

On Thanksgiving Day, daughters Rebekah Bigelow of Oak Park and Beth and Don DeJonghe were home for dinner. Don and Beth joined his grandparents, Mr. and Mrs. Peter Perry of Ridgeway for supper that evening.

Sunday evening, Charles and Luella were supper guests of Mr. and Mrs. Earl Gaines of Fenton. Mrs. Gaines is recovering from a broken hip.

++

Pat and Sharon Connors, Tim and Kris left Tuesday and drove to Holt, Fla., where they spent a few days with their son and his wife, Mike and Linda. This was the first visit for Pat and Sharon to meet their only grandchild, Michael Patrick, almost three months old.

The two Connors families went to Linda's folks, Mr. and Mrs. Leon Johns and daughters Nina and Jamie also of Holt, for dinner on Thanksgiving Day. Pat and Tim went deer hunting with Mr. Johns and on Friday they visited the Ft. Walton Beach area.

After a very enjoyable stay (Sharon really didn't want to leave that new grandson!), the Connors drove in the rain all the way back North, arriving home on Sunday.

++

Jim and Phyllis Thomas and family went to Lansing Thursday, spending Thanksgiving at the home of her sister and family, Bob and Alice Debler, Tom and Terrie. The girls' mother, Mrs. Rupert Hadley of Plymouth was also a guest.

Jim, Phyllis and John stayed until Saturday while Jim II, Judy and Jayne returned home. Judy went back to Ypsilanti on Friday but returned home again Saturday evening, helping to celebrate Phyllis' birthday on Monday. Johshua Thomas of Grass Lake was a weekend visitor with his grandparents.

MACON UNITED METHODIST CHURCH CALENDAR

Thursday — 7 p.m., Chancel choir practice; 8 p.m., Committee on Nominations.

Saturday, Dec. 1 — 6:30 p.m. — Annual Boar's Head Dinner. Bring your own table service and sign up for the type of food you wish to bring. Beverages will be furnished by the choir.

Monday, Dec. 17 — 6:30 p.m. supper with our District Superintendent, Dr. Robert Seibert. A church conference will follow the meal. As this is a church instead of charge conference, all members of the church are voting members. Plan to come for this important meeting.

Homeowners Plan Meeting

The Tecumseh Homeowners Association plans to meet Dec. 4 at 7:30 p.m. in St. Peter's Church.

Agenda will include discussing that status of the request to rezone the Fuller property.

Also, a fact finding committee will be appointed to find more suitable locations for senior citizen housing.

"We want to thank the Tecumseh Planning Commission for its recent decision to recommend against rezoning of the Fuller property. As a group of citizens concerned about the future of Tecumseh, we feel the Commission considered the total needs of the community and acted responsibly when reaching its decision," stated the Tecumseh Homeowners Association.

THS Girls Win Squeaker, 36-35

The Tecumseh Indian girls took a 12 point lead midway through the third quarter, but then had to hold on for a 36-35 victory over Brooklyn Columbia Central in the first game of the district tournaments Monday.

Both teams came out cold in the first quarter and Martha Hans dropped in all the local team's point - four. Columbia also struggled to four points for the first quarter tie.

The Indian basketballers began to pull away at the start of the second quarter and enjoyed a momentary 12-6 lead before Central's Sue Meko hit two late baskets to pull Central closer at half.

With that 14-10 lead at the beginning of the third quarter, the Indians came out on fire and dropped in six unanswered points to take a 20-10 lead. Donna Bohannon then began to work the ball well under the basket and she hit three baskets to push her team to a 26-14 lead with just over four minutes left in the third frame.

Then Central's Meko hit three more long shots to lead the Brooklyn squad to a one point deficit at the end of the third quarter, 27-26. She hit still another at the beginning of the fourth frame to give Central its only lead of the game.

Then the Indians again took control with seven free throws from Bohannon, Kris McDonald, Kathy Kruger and McDonald again. They then led 36-30 and only three minutes remained on the clock.

Meko then hit a three point play and second Central basket closed that six point gap to just one point with a minute left on the clock.

Kruger could then have put the game out of reach for the Indians, but she missed two free throws and the game was up for grabs with just under half a minute left on the clock.

Meko took the last shot for Central after they called a time out, but it spun around the basket and never did fall in for the final one point Indian victory.

Bohannon and McDonald led the Indian offensive attack with 14 points each. As a team, the girls hit 13 of 42 shots from the floor for 31 percent.

The Indians now advance to the semi-finals Wednesday, again at Brooklyn Columbia Central's gym. If they get by Western in the Wednesday match, they advance to the finals Friday. All games begin at 7 p.m.

10 Wrestlers Return, Plan Balanced Attack

Tecumseh's head wrestling coach Pat Connors has 10 returning varsity wrestlers this year and with that nucleus of 10, Connors hopes to put together a well-balanced wrestling attack.

Last year the team was very young with two senior varsity wrestlers and the squad ended up 4-6 for the season. That record should improve this year with such a large returning body.

Still, the team is young with only five senior wrestlers of 10 returning. And they have lost their "shoo-in," Jack Bagby. Bagby has the second best win-loss record ever at THS. He is lost to graduation, as is Randy Halvin. Halvin won better than 50 percent of his matches last year and his heavier weight class is "thinly occupied" this year.

And while the team as a whole has good potential, the team's one big weakness is that lack of upper weight class wrestlers. Only one wrestler is currently available for the 185, 198 and heavy weight classes.

Varsity wrestlers returning and their weight class last year include: Jeff Day at 98, Marty Barrett at 105, Stewart Williamson at 112, Lenny Castorena at 119 and 126, Matt Barrett at 132, John Southard at 138, Randy Baxter at 145, Chris Silberhorn at 155, Tim Steuwe at 165 and Greg Aranda at heavy weight.

Castorena, Matt Barrett, Southard, Silberhorn and Steuwe are the five seniors and all boast 50 percent winning seasons or better. Matt Barrett has the best returning record with a 15-7 season last year.

Five other wrestlers will certainly fit in to the varsity schedule. Don Ringman, Tim Day, Nick Osburn and Tim Connors are all returning to the squad with at least some wrestling experience. The fifth young wrestler is Rodney Partridge is young, but looks good at 98. In all, Connors and assistant coach Ron Frenzen have a squad of 35 wrestlers to work with.

The league overall looks tough with defending league champion New Boston Huron returning a powerful squad. Monroe Catholic Central and Grosse Ile also promise good teams.

The THS wrestling season opens Tuesday against Saline, a very tough opener for the Indians. Saline was undefeated in dual meets last year and returns many wrestlers.

Winder on First Team

Three basketball players from Clinton were honored this week with all-league selections. Barb Winder earned the highest CHS honor as she was chosen to the all-LCAA first team.

Kris Pratt was chosen to the second team and CHS's Carrie Merillat was also honored. Merillat received an honorable mention.

Addison dominated the LCAA honors with three players chosen to the first tea and two to the second team. Girls receiving the basketball honor, first team, included Clinton's Winder, Theresa and Martha Nieto, and Peggy Quigley, all of Addison, and Sue Anderson of Hudson.

Clinton Wins Finale, 37-35

Although not playing well, the Clinton Redskin Girls basketball team pleased a parents' night crowd by edging Morenci 37-35, Tuesday.

The victory ended the regular season for CHS and upped their season record to 11-7. It was Clinton's eight win the last nine games. The Redskins finished in second place in the LCAA with a fine 9-3 league record.

Both teams were very cold during the first three quarters of the contest as they appeared to play in slow motion. Clinton led 20-19 starting the last period - their lowest offensive total during the past four years.

Clinton and Morenci came out shooting and scoring during the fourth quarter and with just :51 seconds left in the game, Clinton led 37-31.

Morenci came back and with :05 seconds left had the ball but their last second shot failed and the Redskins hung on to win 37-35.

Clinton shot a respectable 38% from the floor but their 1 for 13 from the free throw line and several missed lay-ups almost cost them the game.

Carrie Merillat led in scoring with nine points and she had six steals. Barb Winder and Brenda Cark gave Clinton a slight edge in rebounding as they both hauled down 11 rebounds.

District tournaments in Class "C" began this week at Clinton High School. Clinton beat Napoleon on Tuesday with the winner meeting Onsted on Thursday in the semi-finals. Addison (18-0) and the favorite, will play the winner of the Manchester - Hudson game on Wednesday night.

If everything goes according to form for Coach Bob King, Addison and Clinton will meet in the finals Saturday night, Dec. 1.

The Redskins have won the past four district championships and will be attempting to make this year's title their fifth straight. All tournament games start at 7 p.m.

8th GRADE TEAM — The 8th grade girls at Tecumseh Junior High finished their basketball season this last week with an 8-3 record. Team members include: back, l-r, Cheryl Hottinger, Lisa Evans, Chris Clark, Teresa Withrow, Sherrie Wright, Rita Lemanski, Helen Tressler. Front, Gaylee Smith, Jennie Nix, Kristin Long, Brenda Spagnoli, Lisa LaVoy, Tammy McMahon, and Janet Humphries.

7th GRADE TEAM — The 7th graders at TJHS finished up their basketball season undefeated this year, posting a perfect 11-0 record. Team members include, front, l-r, Angela Bechtol, Carla Bachmann, Amy Palmer, Kathi Muncie, Renee Solarski, Donna Heesen, Lydia Marks. Back, Sherrie Kanous, Lisa Valdez, Kay Elwartowski, Kris Deatrick, Sue Palmer, Amy Neitling, and Mike Maynard.

8th Graders 8-3, 7th Grade 11-0

Tecumseh Junior High girls finished the 1979 basketball season as winners. The 8th graders ended the season with a record of 8-3. The 7th graders finished up with an impressive 11-0 record.

The eighth grade team's five top scorers for the year included Lisa LaVoy (110), Chris Clark (76), Brenda Spagnoli (44), Kristin Long (28) and Gaylee Smith (16). Throughout the season, a total of 346 points were scored by Tecumseh as compared to 197 points by the opponents.

Even though the 8th grade record reveals three losses, this team never lost by more than seven points. In fact, the loss to Jackson Catholic was by one point.

The top five scorers for the 7th grade team were Kris Deatrick (68), Renee Solarski (40), Carla Bachman (37), Amy Palmer (31), and Lydia Marks (29). A total of 286 points were scored by Tecumseh team, while opponents racked up 140.

Looking at the final record of the 7th grade team, an interesting fact to note is that the highest score of this team in any single game was 36 points. The highest score in any single game of the opposing team was 19.

Jeff Hans Joins Kent State Team

Jeff Hans, of Tecumseh, has just recently joined the varsity basketball squad at Kent State University.

Hans, a 6-4 sophomore, transfereed into Kent State from Jackson Community College and offers good size for a guard and is an excellent shooter. He lettered once in Jackson and has three years eligibility at KSU.

In high school here, Hans lettered three times, each in basketball, football and baseball. He earned all-league honors in basketball. In football, he was all-league and all regional quarterback.

The 19-year-old computer science major is the son of Mr. and Mrs. Harry Hans, 2555 Oxford.

Britton Plans Annual Fall Sports Awards

Jim Statick Chosen to All-State Team

Britton's Jim Slatick was chosen to the Associated Press and Detroit News, first team, all-state honors, Class D, this last week.

The 5'10", 165 pound junior led the Tory rushing attack this year with 1465 yards on 168 carries for an average of 8.7 yards per carry. He has 20 touchdowns to his credit and 10 extra point runs for a total of 140 points.

Slatick was the leading rusher and scorer in Lenawee County, a fine blocker and defensively he had 49 tackles and two pass interceptions.

Other honors include unanimous first team, all-league honors, and first team all-county. The Detroit Free Press's all-state selections have yet to be published.

And while one all-state selection is a great honor for a team, Britton's David Bruce was also honored by the two released polls with honorable mention, all-state.

Santa Plans Saturday Visit

BRITTON — The Britton Businessmen Association announces the plans for the annual Santa Claus visit to the village.

Santa will arrive at 9:30 a.m., Dec. 8. He will ride the fire truck and proceed to the fire hall. Santa will visit there from 9:30 a.m. to noon giving each child a bag of goodies.

From 1 to 4, Santa will be at the Britton-Macon School where the PTO is sponsoring a Santa's workshop and bazaar.

School To Present 'Blow Your Horn'

BRITTON— The Britton-Macon High School fall play will be presented on the school's stage this Thursday and Friday evenings at 7:30 p.m.

The three-act comedy "Come Blow Your Horn" by Neil Simon stars Bruce Raeburn and Mike Sanders as the Baker brothers, Alan and Buddy.

Mark Crittenden and Lisa Sanders play the boys' parents, and Dawn Sanders and Debbie Slatic are Alan's girlfriends.

The part of Aunt Guzzie is played by Shari Morgan.

The story begins as Buddy arrives at Alan's bachelor apartment in a desperate act of defiance and independence, leaving home and family business.

Hot on his heels come his parents who disapprove of Alan's lifestyle and fear the worst results from Buddy's close association with the irresponsible playboy Alan.

The play is produced by the senior class and directed by Larry Jacobsen.

Britton Women Meet

BRITTON — The Britton Woman's Club met at the home of Delta Croll on Nov. 20, with 17 members and two guests present.

President Vivian Brown called the meeting to order with the group saluting the flag and repeating the collect.

Frances Eberhardt gave a tribute to Lillian Kniffen, followed by the 23rd Psalm.

Two new members were voted into the club, Lorene Edelbrock and Janet Furgason.

Lorene Edelbrock accepted the office of second vice-president to fill the vacancy left by the death of Lillian Kniffen.

Reports were given on the County Federation meeting, the Southeast District meeting and Historical homes in the county.

Craft Day will be held Nov. 29. Members may leave crafts that they wish to exhibit with Frances Eberhardt Nov. 28. Mark each articlie, stating whether it is to be sold or just for exhibition.

The club voted to pack plates of cookies for shut-ins at the next meeting. Each member is asked to bring cookies for this purpose.

An interesting auction was auctioneered by Vivian Brown and Thelma Frayer.

Next meeting will be Dec. 18 at the home of Helen Millyard.

November Meeting

BRITTON — The Ridgeway Township Firecrackers had their November meeting in the Britton Village council room with nine members and seven guests present.

Dawn Moore, president, presided over a short business meeting. She read the second reading of the constitution and by-laws. It was decided for the coffee committee for fires are to remain the same for the next month.

Members sold 229 tickets for the turkey raffle and trimmings. The winning ticket was sold by Josie Davilla, and Pricilla Herevia of Tecumseh was the winner.

A T-Shirt party followed with Bart Stewlow demonstrating. The door prize was won by Josie Davilla. Refreshments followed the party.

Next meeting will be Dec 11.

PTO Sponsors Santa Workshop

BRITTON — The Britton-Macon PTO is sponsoring a Santa's Secret Workshop and Bazaar Dec. 8 from 9 a.m. to 5 p.m. in the school cafeteria-study hall.

The workshop will be a store where the children can purchase inexpensive gifts for the entire family.

The PTO is asking for craft items to be donated for the bazaar. Any item from bake goods to sewing would be greatly appreciated.

For pick-up on these items call Sue Aldrich at 451-8154 or Geri Gilbrt at 451-8212.

Santa will be at the bazaar from 1 to 4 p.m. for any children who missed him at the fire hall.

Church Groups Meet at Parsonage

BRITTON — The Baraca-Philathea Class of the Britton Congregational Christian Church met at the parsonage with the Rev. and Mrs. Richard Case Nov. 18.

A potluck dinner with 13 members were present. A business meeting was held and thank-you note read.

The Rev. Case gave devotions and talked about the beginning of Thanksgiving and how it had changed through the years.

A Christmas party with gift exchange Dec. 9 will be at the next meeting at the home of Mr. and Mrs. Percy Cadmus.

Tipton Welcomes Santa

TIPTON — Santa will arrive in Tipton Dec. 1 at 2 p.m. on the Sand Lake fire truck.

He will ride up and down in Tipton, then go to Franklin Township Hall where Santa will turn on the tree lights, which were furnished by the fire department.

Santa will then move to the Tipton Grange and will greet children until 5 p.m.

Pictures will be taken and developed on the spot for anyone who wants them.

The Sand Lake Fire Flyes will conduct their 5th Annual Christmas sale, Nov. 30 from 5 p.m. to 9 p.m. and Dec. 1 from 9 a.m. to 5 p.m.

Auxiliary members have been busy making and buying items for the sale all year.

There are over 1,000 different items available, including decorations, tools, candles, games, doll's and items for all ages.

The Fire Flyes will wrap all gifts free. There will be free coffee.

This year items were also taken on consignment.

Fifteen local people will also have items for the sale.

This Christmas sale is not a profit making sale, but donations are received. Any profit received is used to purchase clothing, a Christmas gift, and a complete dinner for a needy family in Franklin Township.

This sale is for all ages and often to the public.

Feldkamp Shows Skin Care

Welcome Wagon's guest speaker for the November 15 meeting was Nancy Feldkamp of R-Bon's.

Feldkamp discussed the importance of beginning proper skin care during the teen-age years. She also demonstrated the skin care necessary prior to the application of make-up. Feldkamp then applied make-up in subtle fall tones to Rose Barbre.

A gift certificate to R-Bon's was the door prize won by Nancy Anklin. A turkey raffle and blind raffle of various homemade food items were also held. The turkey raffle was won by Shirley Mansdorfer and the blind raffle by Kathy Scott.

Hostesses for the evening were Janis Moore, Nancy Baillargeon, Kathy Scott and Barb Dubier.

Welcome Wagon's first Christmas bazaar was held at the Tecumseh Community Center Nov. 17. Bazaar receipts totaled $350. Money earned by the club is donated to various civic and charitable causes.

A Christmas potluck and recipe sale will be held at the next general meeting, Dec. 13, 7 p.m. at the United Methodist Church on Bishop Reed Dr.

Readers who are new to the community or know of anyone who is, may contact Patsy Littlefield, 423-2035, or Carol Blaine, 456-4373, for more information about Welcome Wagon.

CELEBRATING THANKSGIVING — Children in elementary classes of Tecumseh Public Schools marked Thanksgiving last week with the traditional and non-traditional celebrations. Above, kindergarteners of T. C. Roekle's Ridgeway School class pause for a class picture before their annual Indian and pilgrim Thanksgiving play. Below, first graders from Patterson School, that meet in rented St. Elizabeth school classrooms, gathered in the gym for a Charlie Brown Thanksgiving dinner with buttered toast, popcorn, soft drinks and jelly beans. Children ate their banquet wearing pilgrim hats and Indian bands and placemats, all their own design.

ORDINANCE

Regular meeting of the City Council for the City of Tecumseh, County of Lenawee and State of Michigan, held on the 19th day of November, 1979, at City Hall, 309 E. Chicago Blvd., Tecumseh, Michigan, at 7:30 p.m.

PRESENT: Mayor Mead, Councilmen Cook, Easton, Palmer and Tressler.

ABSENT: Councilwoman Bowers.

WHEREAS, it is considered to be the best interest of the City that article VIII - RM-1 and Article VIII-A RM-2 Multiple-Family Residential Districts be changed;

NOW, THEREFORE, CITY COUNCIL FOR THE CITY OF TECUMSEH, IN ORDER TO ACHIEVE A MORE REALISTIC APPROACH TO MULTIPLE FAMILY DEVELOPMENT IN THE CITY HEREBY ORDAINS:

1. That Articles VIII - RM-1 Multiple Family Residential Districts and VIII - A-RM-2 Multiple Family Residential District be repealed in its entirity and there is enacted revised Articles VIII and VIII-A to read as follows:

ARTICLE VIII - RM-1 MULTIPLE FAMILY RESIDENTIAL DISTRICTS

Preamble: The RM-1 Multiple-Family Residential Districts are designed to provide sites for multiple-family dwelling structures, and restricted uses, which will generally serve as zones of transition between the non-residential districts and lower density One-Family Residential Districts. The Multiple-Family Districts are futher provided to serve the limited needs for the apartment type of unit in an otherwise low density, single-family community.

SECTION 800 PRINCIPAL USES PERMITTED: In a Multiple-Family District, no building or land shall be used and no building shall be erected except for one or more of the following specified uses unless otherwise provided in this Ordinance:

A. All principal uses permitted and all conditional uses as regulated in the One-Family and Two-Family Residential Districts with the lot area, yards, and floor area requirements for single-family dwellings equal to at least the requirements of the immediately abuting residential district.

B. Multiple-family developments on parcels of ten (10) acres or less with dwelling units of a type including but not limited to:
(1) Rowhouses
(2) Terraces
(3) Apartments

C. Accessory buildings and uses customarily incident to any of the above permitted uses.

SECTION 801 - CONDITIONAL USES: The following uses may be permitted upon the granting of a permit for such use by the Planning Commission, subject to the conditions hereinafter imposed for each use and subject further to such other reasonable conditions which in the opinion of the Planning Commission are necessary to provide adequate protection to the neighborhoods and to abutting properties.

A. Multiple-family developments on parcels of ten (10) acres or more with dwelling units of a type permited in Section 800 B when the following conditions are met:
(1) The development is designed compatible with adjacent land uses and the natural environment.
(2) The development is within the capacities of public services and facilities it will use and affect.
(3) A recreation area shall be provided at a rate of three hundred (300) square feet for every dwelling unit, and shall not be less than thirty thousand (30,000) square feet in area. Such recreation area shall be located in a place conducive to safe, uninterrupted recreation and shall have facilities, equipment, or apparatus suited to the life styles of anticipated residents.

B. General hospitals, except those for criminals and those solely for the treatment of persons who are mentally ill or have contagious disease, not to exceed four (4) stories when the following conditions are met:
(1) All such hospitals shall be developed only on sites consisting of at least five (5) acres in area, and shall not be permitted on a lot or lots or record.
(2) The proposed site shall have at least one (1) property line abutting a major thorofare.
(3) The minimum distance of any main or accessory building from bounding lot lines or streets shall be at least forty (40) feet for front, rear, and side yards for all two (2), story structures. For every story above two (2), the minimum yard distance shall be increased by at least ten (10) feet.
(4) Ambulance and delivery areas shall be obscured from all residential view with an obscuring wall or fence six (6) feet in height. Ingress and egress to the site shall be directly from a major thorofare.
(5) All ingress and egress to the off-street parking area, for guests, employees, staff, as well as any other uses of the facilities, shall be directly from a major thorofare.

C. Convalescent homes, not to exceed a height of two (2) stories, when the following conditions are met:
(1) The site shall be so developed as to create a land to building ratio on the lot or parcel whereby for each one (1) bed in the convalescent home there shall be provided not less than fifteen hundred (1,500) square feet of open space. The fifteen hundred (1,500) square feet of land area per bed shall provide for landscape setting, off-street parking, service drives, loading space, yard requirements, employee facilities, and any space required for accessory uses. The fifteen hundred (1,500) square foot requirement is over and above the building coverage area.
(2) No building shall be closer than forty (40) feet from any property.

D. Housing for the elderly not to exceed five (5) stories, when the following conditions are met:
(1) All housing for the elderly shall be provided as a planned development and shall provide for the following:
(a) Cottage type dwellings and/or apartment type dwelling units.
(b) Common services containing, but not limited to, central dining rooms, recreational rooms, central lounge, and workshops.
(2) All dwellings shall consist of at least two hundred fifty (250) square feet per unit.
(3) That the number of stories is in character with the surrounding neighborhood and meets the minimum standards as follows:

No. of Stories	Maximum Height	Setback from Lot Line:	Setback from Single-Family Property*
1 or 2 (See regulation in Article XV.)	35 ft.	30 ft.	50 ft.
3	45 ft.	50 ft.	70 ft.
4	55 ft.	60 ft.	100 ft.
5			

*Single-family property is any lot or parcel with single-family dwelling or zoned RA-1 or RA-2.

(4) Any building exceeding four (4) stories or forty-five (45) feet shall have a fire control sytem and be constructed in such a manner that meets the approval of the City of Tecumseh Fire Chief and any other applicable building codes.

(5) Other minimum requirements of Article XV, "Schedule of Regulations" not otherwise addressed in this section.

E. Accessory buildings and uses customarily incident to any of the above uses.

SECTION 802 - REQUIRED CONDITIONS: All principal uses permitted and all conditinal uses in the ARTICLE VIII shall be permitted only after review and approval of the site plan by the Planning Commission. Subsequent development of the site shall comply with the approved site plan. Such review of the site plan is required in order to minimize the possibility of adverse effects upon adjacent property; and furthermore to develop proper relationships between development features as they relate to traffic safety of service roads, driveways and parking areas, and also to relate principal buildings, accessory buildings and uses, and open spaces one to another, and to the traffic pattern effective within the surrounding such development.

SECTION 803 AREA AND BULK REQUIREMENTS: See Article XV, "SCHEDULE OF REGULATIONS limiting the height and bulk of buildings, the minimum size of lot permitted by land use and the maximum density permitted.

ARTICLE VIII - RM - 2 MULTIPLE-FAMILY

Preamble: The RM-2 Multiple Family Residential Districts ae designed to provide sites for higher density multiple-family dwelling structures, and related uses, which will be located in the proximity of the central downtown business district of Tecumseh. The RM-2 Districts are further provided to serve the limited needs for the apartment type of unit in an otherwise low density, single-family community.

SECTION 900 A PRINCIPAL USES PERMITTED: In RM-2 Multiple-Family Residential District, no building or land shall be used and no building shall be erected except for one or more of the following specified uses, unless otherwise provided in this ordinance:

A. All principal uses permitted and all conditional uses are regulated in the One-Family and Two-Family Residential Districts with lot area, yards and floor area requirements for single-family dwellings equal to at least the requirements of the immediately abutting residential district of least density.

B. Multiple-Family developments on parcels of five (5) acres or less with dwelling units of a type including but not limited to:
(1) Rowhouses and Condominiums
(2) Terraces
(3) Apartments

C. Accessory buildings and uses customarily incidental to any of the above permitted uses.

SECTION 901 A CONDITIONAL USES: All conditional uses permitted in the RM-1 Multiple-Family Residential District.

SECTION 902 A - REQUIRED CONDITIONS: All principal uses permitted and all conditional uses in this ARTICLE VIII-A shall be permitted only after review and approval of the site plan by the Planning Commission. Subsequent development of the site comply with the approved site plan. Such review of the site plan is required in order to minimize the possibility of adverse effects upon adjacent property and furthermore to develop proper relationships between development features as they relate to traffic safety of service roads, driveways and parking areas, and also to relate principal buildings, accessory buildings and uses, and open spaces one to another, and to the traffic pattern effective within and surrounding such development.

SECTION 903 A - AREA AND BULK REQUIREMENTS: See ARTICLE XV, "SCHEDULE OF REGULATIONS" limiting the height and bulk of buildings, and minimum size of lot permitted by land use, and the maximum density permitted.

THE CITY COUNCIL FURTHER ORDAINS THAT NOTE (C) TO ARTICLE XV BE AMENDED TO READ AS FOLLOWS:

In an RM-1 District, the gross density shall not exceed ten (10) dwelling units per acre. In the RM-2 District, the gross density shall not exceed sixteen (16) units per acre.

The foregoing Preamble and Ordinance was offered by Councilperson Easton and supported by Councilperson Palmer.

AYES: Mayor Mead, Councilmen Cook, Easton, Palmer and Tressler.

NAYS: None.

ORDINANCE DECLARED ADOPTED.

Aden E. Mead, Mayor
Vera Gardner, City Clerk

DATED: 19 November 1979

WHEREAS, The City of Tecumseh Electrical Board has recommended adjustments;

NOW, THEREFORE, THE COMMON COUNCIL OF THE CITY OF TECUMSEH RESOLVES:

That a resolution authorizing collection of an annual registation fee for licensed electricians dated January 20, 1964, and as amended March 4, 1968, be recinded in its entirety and the following is hereby resolved:

The City Manager is authorized and directed to collect an annual registration fee of $50.00 from licensed electricians and $5.00 from journeyman electricians who normally conduct business outside the city; this fee shall be in lieu of any other fee charged for the doing of business within the city.

AYES: Mayor Mead, Councilmen Cook, Easton, Palmer and Tressler.

NAYS: None.

RESOLUTION DECLARED ADOPTED.

Holloway Happenings

Thru My Window

BY MARDA GENE DUNCAN

Two weeks ago my topic was the pretty junco. These are nice birds, attractively garbed in dark gray or black and pearly white. Every fall we are glad when they arrive to spend their winter vacation with us. However, in that article I did a bit of tongue-in-cheek complaining about them being called snowbirds. Lets not jump into that stuff any sooner than necessary.

Snowbirds made me think of snow-buntings and they are called snowbirds too. These are birds of the far north who only occasionally venture this far south.

A number of winters ago we enjoyed such an invasion and oh, what excitement it caused.

Large flocks of white birds with russet markings suddenly appeared along the edges of roads and in fields where the weed stems rose above the thick snow blanket.

Actually their roadside congregating was not very safe. Many were killed. They could not seem to handle our heavy traffic. A weedy field was a different matter.

Snow-buntings are experts at balancing on the tiny tip-ends of seed bearing weeds and either knocking the seeds to the snow, where they can easily be picked up, or simply running their bill along the stem and thus stripping the seeds.

It is assumed, but in no way proved, that food is the main reason these birds are such erratic migrators.

Undoubtedly, severe weather which limits the food supply in the north must account for their occasional appearances south of their normal range. However, it seems much too simple to claim that it is the one and only reason.

Snow-buntings are gregarious birds who travel in flocks. They have that special talent of flocking birds, individuals seem to sense what others in the group will do and therefore the flock seems to move as a whole. They veer and turn with never a collision.

Having white underparts they present a spectacular sight when the flock turns and the gang of nondescript and rather darkish birds suddenly flash white.

Another interesting sight must be offered by a flock of snowbirds in a weedy field. As the birds in the rear glean the seeds around them they rise up and fly over the heads of the rest of the flock and land so as to become front — well, not front-runners but front-eaters.

Again their white fronts and underwing areas glisten and gleam if it it is a bright sunny day. Some claim that it is this maneuver which earned them the nickname of snowflakes.

These are truly birds of the far north. They nest in the treeless tundra of the Artic and sub-Artic. In such featureless country it must be difficult to find protected nest sites but they do the best they can and hide their nests beneath rock outcroppings or tangles of vegetation.

Good builders, their nests have three distinct 'walls' — the first of earth and mosses, the middle weed-stems and grasses, and the inner cup has a soft lining of fur and feathers.

Unfortunately few of us are apt to see the snow-buntings on their summer range. A shame too for the males in breeding plummage must be handsome fellows with their wings and backs. Even their eyes and bills are black.

The females have brownish bills, a bit of black on their wings, but their heads, backs, and upper breasts are streaked and spotted with rusty brown/red. By the time snow-bunting flocks have moved south, the males and juveniles look much like the females.

Most books comment on two things in their descriptions of snow-bundings. First, their tinkling sprightly voices as they chit-chat on their way north. Purring, whistling, and trilling are but three of the descriptions. Next the books mention the change in diet, from strictly seed eaters in the winter to insects in the summer.

Raising their families in areas which literally teem with insect life, it is not surprising that the nestlings are fed primarily a diet of mosquitoes, moths, and flies.

Not very appealing by our standards but the snow-buntings seem to enjoy it and thrive.

Crop Claims Due

Federal Crop Insurance Corporation reminds farmers insuring their corn and/or soybeans and who will file a claim because of damage or low yield, to report to the Coldwater office 15 days after harvest is completed on a unit or by Dec. 10, 1979, whichever is the earlier.

For information or assistance contact the office located at: FCIC, 1123 W. Chicago Rd., Coldwater, MI. 49036 or call 517-279-8471.

Sorority Plans Christmas Meet

BY Helen Smoll

HOLLOWAY — Margaret Mitchell and Agnes Judson hosted the Raisin Presbyterian Woman's Association at the church.

The meeting was called to order with prayer by Betty Green. Alma Mumaw gave the secretary's report and Harriet Johnston, the treasurer report. The Presbyterial meeting was discussed.

Shirley Moll is chairpeson of Christmas cheer boxes for the elderly.

It was decided to give to two charities this year. The sewing quota will be distributed in January.

Harriet Johnston was program leader and read a mission report, an article by Norman Vincent Peale, "Believe in Yourself," "Childen in the Bible," and a poem on "Thanksgiving" by Edgar Guest.

++

Lois Withrow hosted the Raisin Sparkettes with 11 attending.

Betty Hannah opened the meeting. Twenty-five dollars was donated to the Milton Porter Center. They purchased glass guard and cases.

The decorations which were ordered for the Christmas party has arrived. A Christmas dinner party will be held at station two, on Dec. 2 at 1 p.m.

Mystery gifts were won by Russie Kendall and at the last meeting by Betty Hannah.

The January meeting will be with Mary Schauffele.

++

Mrs. Arden Neuman and daughter, Tannia of Blissfield, were guests Sunday afternoon, of her grandmother, Blanche Walters.

++

Mr. and Mrs. John Young, Mr. and Mrs. Burl Howe and Orin Robinson attended 6th district meeting of World War Barracks at Jackson. Adrian will host the 6th district in April at D.A.V. Hall.

++

Mr. and Mrs. Carl Gritzmaker spent Sunday in Ann Arbor with Mr. and Mrs. Jerry Shull and family for a pre-Thanksgiving dinner.

++

Winnifred Curry was a guest Thanksgiving day of Mr. and Mrs. Calvin Dixon.

++

Mary Hoyt of Jackson and Frances Wright of Toledo, came Friday to celebrate their mother's birthday, Addie Brackney. They and Grace Brackney had luncheon at the Country House.

++

Elsie Cochran had Thanksgiving day dinner guests, Mr. and Mrs. Joseph Garland and family of Adrian. Other guests came from Ohio, later in the day.

THANKSGIVING ART WINNERS — Paul McCann, Marc Nelson and Heidi Carson were $25 savings bond prize winners in the Kiwanis sponsored second annual Thanksgiving original art contest. Paul was a winner last year, too. (HERALD PHOTO)

Three Are Honored in Drawing Contest

Winners were announced in the second annual Kiwanis Thanksgiving drawing contest.

Family life at Thanksgiving was the theme for the original art drawings submitted by almost 200 elementary school children.

Heidi Carson, fifth grade, Herrick Park; Marc Nelson, second grade, Sutton; and Robert Paul McCann, third grade, Sutton were the major winners in their age category.

Each will receive a $25 savings bond, said Scott Adair, youth services chairman.

Judges were the Tecumseh Senior Citizens.

Seven runners-up will receive a free dozen donuts from Doby's. They are Laura Ross, 308 E. Pottawatamie; Tiffaney Winzeler, 2510 Russell Rd.; Tricia Mabrey, 1561 Ives Rd.; Tom Landrum, 903 River Acres Dr.; Paula Proffitt, 3440 Breckel Hwy.; Heather George, 4259 Haven Dr. and Jennifer Leon, 6284 Valrod Ct.

All entrants will receive a free Coke at Doby's.

MASON DEGREES — Three Tecumseh men received the Scottish Rite Freemasonry 32nd degree at a recent reunion at the Detroit Masonic Temple. From left are Charles O. Squires Jr. of 116 S. Ottawa St.; Troy L. Wallace, 104 E. Pottawatamie St. and Jerry J. Dicks of 519 W. Chicago, Britton.

If your brand new car is 'totaled' will your insurance company pay you for a brand new car?

Some insurance companies think a new car is a used car the minute you use it to drive out of the dealership. Not Auto-Owners.

With Auto-Owners, if you have an accident anytime within 90 days and your new car is a total loss, we'll pay you the total cost of your new car. And with Auto-Owners, your new car is covered immediately, automatically, under your previous policy.

So if you're about to get a new car, talk to us at Auto-Owners. Maybe you should get a new insurance company, too.

Legislative Report from Jim Hadden

Teacher strikes — The House is now considering HB 4645, which would allow teachers and other public employees to strike. Initial amendments included one which would prohibit supervisory employees from belonging to teachers' unions; it failed.

Tabs for sale — Passenger vehicle license plate tabs for 1980 are now on sale at Secretary of State offices throughout Michigan. Since we are now shifting to registration by birthday, your fee will be for more or less than a year, accordingly.

ERA opinion — The Attorney General has ruled that state department directors may not prohibit employees from traveling to states which have not ratified the Equal Rights Amendment to the U.S. Constitution. 35 of a required 38 states have ratified.

Wayne County — Now in the House is SB 652, which provides for reorganizing Wayne County government to include a strong county executive and accountability at all levels. Governor Milliken has insisted on reorganization before approving any more financial aid to the county. Meanwhile, a Detroit Senator has urged instead a two-mill property tax increase there.

Essential insurance — The Governor has now signed into law SB 428, which guarantees the availability of automobile and homeowners' insurance in all but a few cases. This was partly required by the Supreme Court to make our no-fault auto insurance law constitutional; also, it restores fault to auto accidents, allowing drivers to sue others for up to $400 for damage.

Refugee number — Governor Milliken is organizing a special Michigan volunteer effort to help get food and medical supplies to Indochinese refugees in camps in Thailand. Many existing groups are helping with this; information can be obtained by calling 800-221-2870, toll-free.

Gas down — The Energy Department has reported that gasoline consumption in Michigan has been dropping ever since February and now stands at 4 percent below last year. Presuming this positive trend continues, we will feel little or no effects from the Iranian oil cutoff.

Family Week — November 18 through 24 has been designated as "Family Week in Michigan," calling attention to society's most fundamental social institution. The stability of a community, state or nation depends to a great extent on the influence of families.

Sheriff Germond Is Guest Speaker

Richard Germond, Sheriff of Lenawee County, was the guest speaker at the November annual family night of the Tecumseh Monday Club.

Fifty-two members and guests attended the event which began with a 6:30 p.m. dinner served by the Woman's Fellowship Circle at the Tipton Community Church, with Mrs. Raynor Hardy as chairman.

Sheriff Germond spoke to the members regarding safety in the home and safety for Senior Citizens.

He suggested marking valuables with the proper identification so that they may be returned if found later.

He also said that if you detect anything unusual around your home on the neighborhood, you should call the police or sheriff's department.

Tips were also given to senior citizens regarding ways to protect themselves. Booklets citing 40 ways to protect the home were distributed. A question and answer period concluded his talk.

A musical interlude was provided by soloist, Mrs. Gilbert Purse, accompanied by Mrs. Fred Oberlin at the piano.

Devotions were given by Cecile Smith and Olga Stephenson was program chairman.

Gray Reviews Fielder's Contributions to Music

The November meeting of the Tecumseh Music Club, a member of the Michigan Federation of Music Clubs, was held at the home of Mrs. Allan Gray.

Following the business meeting, the Rev. Allan Gray reviewed the life of Arthur Fiedler, who was conductor of the Boston Pops for 49 years.

Fiedler was born of musical parents in Vienna. He studied violin as a boy and at age 21 he became a member of the Boston Symphony.

At age 12, he heard the violinist, Jascha Heifetz, and, at that early age, decided to become a conductor and not an instrumentalist.

In 1930, he was asked to conduct the Boston Pops, becoming its eighteenth conductor and the first American to conduct that orchestra. He modernized the repetoire by introducing Gershwin music and other American composers, which met with some opposition in the beginning from the musicians, mostly Europeans, to which he replied, "Gentlemen, you are playing in America for American people, for American money, and will play American music."

The July 4, 1976, concert on the banks of the Charles River, with the playing of the Tchaikowsky Overture of 1812 for the 400,000 people who lined the banks of the river when the cannons boomed, accompanied by a brilliant display of fireworks, he reached a milestone in his career.

His greatest sadness was that he was never accepted as a serious musician in spite of always devoting the first half of his programs to serious music.

The program closed with the singing of familiar American songs directed by Mrs. Daniel Reilly on the violin and Mrs. Louis Caterina at the piano.

Refreshments were served by Mrs. Gray and Mrs. Harold Smith.

The Dec. 11 meeting will be held at the home of Mrs. Richard Broniman in Clinton.

Schools Advise Parents, Children

Because of their concern for the safety of children, superintendents of Adrian, Blissfield, Clinton, Deerfield, Morenci, Onsted and Hudson School Districts and the Porter Education Center and Vo-Tech Center (Lenawee Intermediate School District) issued the following statement.

"We do not currently have contracts with the teachers in our schools.

(Note: Since this state was released Adrian contract

Cub Scouts Earn Badges

Cub Scout Pack 607 met Nov. 21 at St. Elizabeth School.

The Weblos Den, led by Mrs. D. Francoeur, earned the attendance award for having the most parents present.

Badges were presented to: Terry Knoll, a Bobcat; Joseph Newell, one gold and two silver arrows and one year pin; and Mike Conrad, naturalist.

The following boys all earned their naturalist activity badges plus:

Troy Brown, athlete; Kelly Cue, engineer; Charlie Green and Marcus Francoeur, traveler; and Brett Schaap, aquanaut.

Plans were made for the December meeting.

Each den will report on Christmas celebrations, and costumes or decorations in a foreign country.

The annual Pinewood Derby to be held at the January pack meeting, was discussed.

This year a new feature has been added and parents may make a car and enter the "Parents Run-Off."

Interested parents may contact scout leaders for details. Pack members will continue selling candy bars to earn money for activities.

Teachers Strike

(Continued from Page 1)

MEA staffer Chuck Keeling noted that the teacher negotiating team has examined the Clinton school budget and feels that there is room to make the accommodation to the teachers' needs without requiring a millage vote "at least for the first year," said Keeling.

Supt. Richard Wegner said Wednesday that he was very disappointed that "we were not able to fill the contract."

Regarding the teachers determination that the budget will permit granting their demands, Wegner said he wants the teachers to prove it.

"We don't have the money. If we cut enough programs we could have the money, by cutting athletics, band, etc. Is that what the district wants?"

Wegner said he will meet with a school attorney Thursday to consider court action in the work stoppage.

Meanwhile, the Clinton teachers have filed unfair labor practice charges against the Clinton Board of Education, said CEA president Candy Martin-Schade, for what she termed "regressive and surface bargaining."

"Our purpose is to get a swift and equitable contract and to bargain in good faith," she said.

"The teachers are ready to engage in bargaining for 24 hours at any time mutually agreeable to both parties," Mrs. Schade concluded.

Duane Winter, Michigan Education Association (MEA) representative who has been assisting Clinton's teachers, and Chuck Keeling, LCEA negotiating staff member, both indicated Wednesday morning that the teachers have shown flexibility.

Winter and Keeling said the teachers gave up demands for an "improvement index," agreed to accept a five track system for degree and experience increments, reduced from a seven track system, and accepted a small improvement in dental insurance.

The Clinton School Board was convinced that their teachers just wouldn't strike, said Keeling.

Mary Lancaster, member of the CEA negotiating team said, "You know we had to be desperate to do it."

Despite the work stoppage, all the Clinton School athletics will continue since this is considered a coaching, not teaching activity, Candy Martin-Schade said. However, teachers will picket at the games.

Vo-Tech students will continue to attend their classes in Adrian.

Also two events will continue to be scheduled, the football banquet, at the Middle School, Nov. 29, and the Women's Chorale trip to Greenfield Village, Saturday.

Headquarters for the CEA is in the Smith-Kimball Community Center from 7 a.m. to 4:30 p.m. daily.

Negotiating team for the teachers includes Chuck Keeling, LCEA-MEA representative; **Candy Martin-Schade, CEA president; Thomas Mueller, Mary Lancaster and Wes Maki, CEA members.**

Negotiating team for the school board includes Supt. Richard Wegner, John Hoelzer, Shirley Fraley and Jim Wilson, alternate, all school board members.

agreement was reached Nov. 20, in negotiating session and is still to be voted upon by teachers, and Blissfield teachers reached agreement with the board there, Nov. 26.) Clinton teachers were negotiating with board Nov. 27, with a Nov. 28 deadline, before a strike was threatened.

Statement continues:

"This situation causes us concern for your children because of the possibility of a work stoppage by the teachers. Because of this possibility, we are asking that you, as a parent, have a plan developed for use in the event that school is closed on very short notice and your child is sent home.

"We also ask that you carefully discuss this plan with your child please bear in mind that we will do everything possible to keep you informed through local radio stations and telephone calls if such a work stoppage does occur.

"If such a stoppage occurs, it will be an action on the part of local teachers' unions and of the Lenawee County Education Association and the Michigan Education Association.

"We are doing everything possible to reach an equitable settlement while at the same time recognizing that the final settlement can not and must not bankrupt our individual school districts.

"We are most hopeful that settlement can be achieved without a strike, and we believe that the majority of the teachers support such a position.

"While negotiations are underway, we ask for your support and awareness of the problems involved, recognizing that your boards of education and administrators are working on your behalf to arrive at equitable settlements."

"REPOSSESSION AUCTION"

State Savings Bank Names 3 New Officers

CLINTON — The board of directors of the State Savings Bank of Clinton announced changes in officer titles and assignments.

Robert Brauburger has the title of chairman of the board; Dan J. Boutell is the president and Jerry Langowski is the executive vice president and cashier.

Robert Brauburger is the chief engineer of the technical computer and instrumentation center for Chrysler Corporation and is responsible for directing all activities for the center and the instrumental laboratory as well as providing technical computer services to the engineering and research and styling officer, and other corporate staffs in both the United States and Canadian plants.

He holds bachelor degrees in electrical and mechanical engineering from Layfayette College, master of automotive engineering degree from Chrysler Institute of Engineering and a masters degree in mechanical engineering from Wayne State University. He resides in Ann Arbor with his wife, the former Jane VanTuyle Mabry.

Dan J. Boutell has been senior vice-president of the bank since coming to Clinton in 1970.

He has held executive positions in three other banks as well as serving as a bank examiner for the Michigan Financial Institutions Bureau during his over 40 years experience in banking.

He will continue to serve in a part-time capacity as a consultant to the bank.

Jerry Langowski has been with the bank since 1973 and recently was made a director and cashier. He is now the chief executive officer.

He started his career in banking at the Ann Arbor Bank and also has served as personnel director of Double A Products Company in Manchester.

He has completed many American Bankers Association courses in banking and is a graduate from Michigan Bankers Association, University of Michigan course in banking and also is a graduate of the school of Banking at University of Wisconsin. Jerry holds an associate degree in business administration from Cleary Business College.

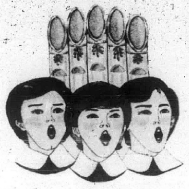
COME TO CHURCH THIS CHRISTMAS



Churches Planning Annual Christmas Programs, Services

Tecumseh's churches will celebrate Christmas this Sunday and on Christmas Eve with cantatas, Sunday school programs and Christmas Eve Candlelight services.

Two of the programs reported to the Herald will be presented in an ecumenical spirit. The First United Presbyterian Church and Baptist Church choirs will combine to present a cantata this Sunday, first at the Presbyterian Church at 11 a.m. and that evening at 7 p.m. at the Baptist Church.

Three other churches will have their third meeting in a study of the Advent season, "Living Advent Together." Members of St. Peter's Episcopal Church, St. Elizabeth Catholic Church and Gloria Dei Lutheran will meet at Gloria Dei for an ecumenical service at 6:30 p.m.

Following is a schedule of services for the next week, reported by the churches.

First Baptist
Sun., Dec. 16

11 a.m. Ann Arbor Flute Trio with Nancy Surratt will present special music during the worship hour at First Baptist.

Also at 11 a.m. at 211 W. Chicago Blvd., the Baptist choir and First United Presbyterian choirs will join for the cantata, "In the Heart of God."

7 p.m. Program will be repeated at the First Baptist Church, Milwaukee Rd., followed by refreshments.

Sun., Dec. 23

11 a.m. Christmas Sunday sermon, "Stand Up and Be Counted" will be given by the Rev. Kenneth Boyd.

Mon., Dec. 24

11 p.m. Christmas Eve candlelight and communion service. Message: "Wise Men Seek Jesus," by the Rev. Kenneth Boyd.

The annual White Christmas project is in progress. Food and money are collected and distributed to the less fortunate by the diaconate board.

Assembly of God
Sun., Dec. 16

9:45 a.m. The Children's Christmas program will be presented during the Sunday School hour. The program will be "Wee Little Children." All parents invited. Treats for everyone Sunday morning.

9 p.m. "In My Father's House," a play presented by the youth department.

Gloria Dei Lutheran
Sun., Dec. 16

10:30 a.m. Advent service with combined Chancel and Junior Choirs, "A Little Child."

6:30 p.m. "Living Advent Together" ecumenical service.

Sun., Dec. 23

10:30 a.m. Youth Sunday, Christmas program of the Sunday School during the regular service. Junior Choir will present "Wise Men Traveled Afar." The "Michael's Meaningful Christmas" pageant will be presented.

6:30 p.m. Luther League Potluck and caroling.

Mon., Dec. 24

11 p.m. Christmas Eve Candlelight Service with anthems, carols and prayer. Chancel Choir will present "Come to the Stable."

GT Is Preparing New Directories

General Telephone is now compiling information for the new telephone directory.

"Telephone customers in the communities of Adrian, Blissfield, Britton, Clinton, Hudson, Tecumseh and Tipton who want to make corrections or additions to the directory must contact the company's service office before Friday, January 4," Les Moench, division manager for the company, said today.

During the information compilation period, both residential and business customers can change their listings. There may be a normal "records change" charge for revisions made to white page listings.

Most changes can be handled by telephone and a personal visit is usually not required. Publication and distribution dates for the new directory will be announced later.

Estimate $5,000 Fire Damages

Fire extensively damaged a garage Tuesday evening at the Albert Dickerson residence at 201 W. Russell Rd.

Local firemen have estimated the damages at $4,500 to the building and $500 to contents.

Ronald Rentschler, fireman, was taken to Herrick Hospital for smoke inhalation. He was treated and released.

ROGER PROCTOR

Proctor New President of Chamber

Roger Proctor of Proctor Funeral Home was elected 1980 president of the Tecumseh Area Chamber of Commerce during its election of officers last Thursday.

Alan Beatty was elected to serve as vice-president. He is president of Meyers Industries. Opal Dickinson, branch manager of First Federal Savings and Loan of Lenawee, was elected treasurer.

Betty Preston was selected by the board of directors to continue serving as board secretary, a non-voting position.

Among the 1980 projects of the chamber will be sponsoring the Artrain the week of April 14, the annual antique sale during Promenade the Past weekend in May and the chamber drawing and promotions.

EMU Promotes Former Herald Staff Member

The Eastern Michigan University Board of Regents promoted Frank F. Weir from information specialist to assistant publications editor in the Office of Information Services at its regular monthly meeting Dec. 5.

Weir replaces Nancy J. Mida who was promoted to promotions and production coordinator in Information Services.

Weir, a 29-year-old native of Rockford, Ill., will assist the publications editor in the overall operation of the publications division within the Office of Information Services including the preparation of materials for publication.

Weir will write, proofread, prepare layouts and edit materials for publication. Also, he will schedule and assign work to the support staff of the publications unit. Meeting with vendors and clients to negotiate job orders and delivery will also be a part of his new responsibilities.

Weir, a resident of Ypsilanti, is a 1972 graduate of Southern Methodist University where he majored in journalism. Prior to his employment at Eastern, he served as the sports editor and photographer at The Tecumseh Herald.

Since coming to EMU, Weir edited "Focus EMU," the faculty-staff publication and prepared and distributed news released at EMU as an information specialist.

His promotion is effective immediately.

Station Sold

After 40 years of operation by the Bugbee family, Bugs Super Service, 304 N. Evans St., has been sold to James R. Sisty, 6870 Green Hwy.

Bugs Super Service was started in September 1939 by brothers Ivan Bugbee and the late Elwyn Bugbee who died in Oct. 1978.

OK 15-Bed Unit for Mental Care

The Michigan Department of Public Health has granted a certificate of need to Herrick Hospital to establish a Hope Unit Rehabilitation Program for mental health patients.

The program will serve as 15 bed acute psychiatric in-patient care unit for short term care.

Herrick Hospital will convert a 19-bed second floor south wing for the new program.

The project cost is estimated at $4,000 for furnishings and expects to operate in March 1980, said Hospital Administrator William Groover.

The Hope Unit Program will function under a management contract between Comprehensive Care Corporation, A Missouri based health care management company and Herrick Hospital.

The hospital will provide the in-patient beds required for the in-patient phase of the treatment program, the nursing and all supplementary space including 15 acute care beds, and areas for group patient dining, group therapy and lectures and a lounge-recreation area.

Comprehensive Care Corporation will provide the rehabilitation program, including a treatment team in residence, a training program, back-up personnel, clinical and administrative management and community public relations.

Commission Reviews Capital Improvements

Planning Commission reviewed possible capital improvements by the city for the 1980-81 fiscal year Tuesday night. Suggested improvements, which will be taken into consideration in formalizing the city's 1980-81 budget, will be presented to Council.

Possible improvements include curb, gutter and bituminous base of 750 feet on Burt St. and 400 feet on E. Cummins; expenditure of $90,000 for a new city fire truck; resurfacing 1,350 feet of S. Union St. and 900 feet of S. Maumee; removal of chimney at the Community Center, office equipment at city hall, and senior citizen housing.

Annual Kettle Drive by Rotary, Kiwanis

Tecumseh Rotary Club and Kiwanis will have their annual Kettle Drive for the Salvation Army in Tecumseh on Friday and Saturday.

Friday, Dec. 14, the Tecumseh Kiwanis will be stationed at strategic locations in the business district, and at the branch offices of banks.

Saturday, Dec. 15, Rotarians will take their turn at bell ringing in the business district.

Proceeds go to providing a Christmas party for underpriviledged Tecumseh children which will be held Tuesday, Dec. 18 at St. Peter's Church.

The Tecumseh Rotary will change its meeting to that evening instead of at noon. The Kiwanis will send representatives to the party. The Salvation Army will assist in coordinating the party.

Expect Little Action in Zoning Problem

Question of rezoning a portion of the Fuller property, just north of W. Chicago Blvd., will come before Council next Monday night, according to city manager Cal Zorn, but action will be limited.

Zorn says Council may ask for an ordinance for the necessary three readings and schedule a public hearing early next year. Planning Commission has recommended denial of a zoning change, and its minutes will be before councilmen at the Dec. 17th meeting.

Church Sets Up Fund for Coffey

A memorial fund has been set up in honor of Lt. Cmdr. William Jackson Coffey at the St. Elizabeth church in Tecumseh. A memorial service was held Dec. 4 at the naval air station at Whidbey Island, Wash.

Lt. Cmdr. Coffey is presumed lost at sea along with three other crewmen aboard the radar jamming plane that crashed into the Indian Ocean Nov. 28.

Police Charge Youth Twice in Accident

Only three traffic accidents on city streets investigated the past week by Tecumseh police, but one driver received two citations after smashing into a parked car.

Michael W. Fagan, 17, of 4865 Holloway Rd., was northbound on N. Maumee when he struck a parked car, knocking it approximately 45 feet over the curb and onto a lawn. He told police he was looking at the high school and didn't see the car.

Officers charged Fagan with drunk driving and failure to stop within an assured clear distance. Accident occurred Friday.

Also Friday, Guy E. Rickard, 19, Adrian was cited for following too close after hitting the rear of a vehicle driven by Margaret Ann Morgan, 31, of 807 Adrian St., as she was attempting to turn into a driveway.

Leo Judson, 724 Ternes, told police that his parked vehicle was damaged while parked on Ternes. Other motorist is unknown.

Send Letters to Santa by Friday

Friday, Dec. 14th, is the last day for The Herald to receive "letters to Santa Claus."

Approximately 70 letters have been received to date, and they, along with others, will be published in the Dec. 20th issue of the newspaper.

The Herald regrets that it does not have space for drawings and other sketches which accompanied some letters.

Siena Cooks Serve Multi-Nation Fare

BY KATHY BROWN

How many times have you gone to a dinner party, gorged on a marvelous dinner and heard the guests clamor, "Please give us the recipe."

Well, the 50 guests of the first Christmas Melting Pot international dinner were presented with a recipe for not one, but each of the items on the nine course dinner menu that began with an hors d'oeurves buffet and ended with two gourmet desserts.

The meal was prepared and served by the seven members of the International Cuisine Class at Siena Heights College, Adrian. It was their final exam.

Mrs. Gil (Marilee) Purse is the instructor and Siena's food service, lodging and institutional management program director for the past five years.

In the student oriented class, students select a country, prepare lectures and a menu on that country's cuisine. Then the class prepares a complete meal in that culture. The final exam represents the best of the best.

And ooh la-la, I don't believe I ate the whole dinner.

The hor d'oeurves table I'm afraid was my downfall. To be more specific it was the

Reasons For Pre-Planning?

We are frequently asked why one should consider pre-planning one's own funeral now. There are several basic reasons:

First, economy. You save money by stipulating only as much as you wish to spend.

Second, inner security. You have taken a weight off your mind, knowing that your personal arrangements are complete. And the cost won't become a burden on your family.

Third, personal choice. You can choose your own service - your own minister, music, extent and kind of service, right down to the smallest detail.

And Fourth, simply so that your family won't have to.

We can help you, as we've helped so many others in the community, in making pre-arrangements. You may wish to call for an appointment to discuss pre-arranged funeral services with me or one of our directors. There is no obligation, of course.

Karen Schmidt, Kevin Malus Marry

Karen R. Schmidt and Kevin J. Malus were married Dec. 1 at 7 p.m. in Emmanuel Lutheran Church in Britton.

Pastor Thomas Trapp officiated the ceremony for the daughter of Mr. and Mrs. Edward H. Schmidt of 11134 Murphy Hwy., and the son of Mr. and Mrs. Joseph Malus, Bloomfield Hills.

Mrs. Donald Bush was organist. Paul Bush played trumpet. Theodore Tiede, the bride's uncle was soloist.

Vases of red carnations and white mums decorated the altar.

For her wedding, the bride wore a white sheer polyester gown lined with taffeta. It was styled with an empire waistline, long sleeves, sweetheart neckline and chapel length train. Her jewelry was a gold necklace, a gift from the groom.

Her headpiece of lace appliqued with pearl trim secured her fingertip length veil.

She carried red and white satin roses.

Donna M. Schmidt, the bride's sister of Tecumseh, was maid of honor wearing a red satin gown with white feather trim. She carried a white velvet muff trimmed with red roses. She wore red roses in her hair.

Bridesmaids were Judy Malus, the groom's sister of Pinckney, Joellen Wojtowicz of Clinton and Nancy Robinson of Saline.

Julie Tiede, the bride's cousin of Tecumseh was flower girl attired as the other bridesmaids.

Alan Malus, the groom's brother of Bloomfield Hills, was best man.

Ushers were Lee Bissel, the groom's brother-in-law of Pinckney, Edward Schmidt Jr., the bride's brother of Tecumseh and David Kehoe of Bloomfield Township.

A reception was held at the United Products Workers Union Hall.

The groom's relatives from Clifton, N.J. were among the special guests.

The bride is a 1975 Clinton graduate and works for Sycor in Ann Arbor.

The groom graduated from Paris, France University of Michigan and is employed at Sycor in Ann Arbor.

After two weeks in New Orleans, La. the couple resides in Canton, Mich. until January and then will move to Minneapolis, Minn.

The groom's parents hosted the rehearsal dinner at Leutheuser's in Saline.

MR. and MRS. KEVIN MALUS

Makes Acknowledgements

Acknowledgements were made at the Dec. 6 meeting of the Tecumseh Area Chamber of Commerce and preparations were made for meetings to discuss 1980 goals.

Dr. David Blanden, outgoing president of the chamber for 1979, received the thanks of the board and a plaque.

Janet Fox was applauded for her efforts in the Christmas parade and promotion. She reported that Christmas assessments were collected from 54 merchants, including several new participants.

The city of Tecumseh was also thanked for putting up the Christmas decorations.

In committee reports, John Damelio, past raffle sales chairman, reported that the chamber has sent letters to the winners of the shopping spree with specific spending instructions. A letter and money earned will be sent to the various clubs that helped sell tickets.

Paul Preston, chairman of the Artrain committee, reported that a financial chairman is still needed.

In addition to the Chamber's and Kiwanis contributions the Tecumseh Rotary has agreed to contribute to the finances of Artrain.

Lincoln Lloyd presented three membership sticker designs to the board. The current design will be retained to 1982. Cost to print will be about $75 per 200.

New businesses will receive a complimentary membership for the calendar year in which their business opens. This will be so stated in a welcome letter.

In other business, an IBM Selectric II typewriter was ordered for $787, plus $70 service contract and $80 typewriter stand.

Under new business, the chamber voted to finance the costs for the Promenade the Past home tour flyer at a cost not to exceed $350.

In other business related to 1980, Mike Volpi was appointed chairman of the annual meeting with Alan Beatty co-chairman. Tentative date is Jan. 29, 1980 at St. Peter's church hall.

A budget and goal setting meeting will be held Jan. 3, 7 p.m. at the United Savings Bank, board of directors room Evans St. entrance.

Regular monthly meeting of the chamber will be 7:30 a.m. Jan. 10, 1980 at Don's Beef Buffet.

'Advent' Is Topic

"Advent Today" is the topic of the third ecumenical program with the congregations of St. Elizabeth, St. Peter's and Gloria Dei Sunday, Dec. 16 at the Gloria Dei Lutheran Church.

Two successful gatherings in the Catholic and the Episcopal churches.

The program starts at 6:30 p.m. Participants are Ruth McCann representing the Catholic church, Mrs. Raye Lynn Mattis representing the Episcopal Church, moderator: Donna Rohweder of the Lutheran church, invocation: Pastor Laszlo Gero of Gloria Dei and benediction: the Rev. Gary Seymour of St. Peter's.

Sister Denise will lead the children's program. Discussion periods precede with fellowship and refreshments.

3 Concerts Scheduled

The halls of Tecumseh High School will be filled with the sound of music this week. There are three concerts scheduled, two of them are especially for the holidays.

The first will be the Christmas Band Concert, Dec. 17, 7:30 p.m. at the school gym. The seventh, eighth, freshmen, concert and symphonic bands will perform. Directors are Richard Reamsnyder, junior high and Jimmie Rice, high school.

Dec. 19, 8 p.m. at the high school cafeteria will be the Choir Concert. Jimmie Rice will direct the chorus composed of ninth through 12th grade students.

Dec. 20 at 7:30 p.m. in the high school choir room will be a special recital featuring two THS alumni, Tim Ries, tenor saxophone, a college junior and Tina Feezel, piano, a college senior, both from North Texas State, will perform a jazz and classical music program.

TJHS Initiates Praise Program for Students

Don't be surprised, parents, if somehow, sometime when you least expect it, you get a letter from your son or daughter's junior high school teacher commending your student for a project or a job well done.

The name of the program is the Tecumseh Junior High School Recognition program. Its purpose is to enable teachers to recognize a student's individual effort in either a class project or after school activity--a teacher commendation for something that ordinarily wouldn't be recognized.

Richard Reamsnyder, one of the teachers who proposed the idea, explained the reason.

"We want to fill in the parents on what the student has done and make the public a little more aware of what's going on in the junior high school," said Reamsnyder. "As the students do something outstanding, their work will be recognized."

Reamsnyder explained that this is a volunteer effort on the part of any teacher that wishes to participate in the new program.

"As time goes on, we hope that more teachers will take advantage of this opportunity," he added.

Holloway Happenings

by Helen Smoll

HOLLOWAY — The annual Ecclesiastical meeting of the Raisin Presbyterian Church of Holloway will be held Dec. 13, followed by the Christmas dinner at 6:30 p.m. Donations of mittens, scarves and socks are welcome for the Christmas tree.

+++

The Friendly Neighbors Farm Bureau meeting was at the home of Mr. and Mrs. John Young, Wednesday evening. A donation was given to the Salvation Army. A card was sent to Bertha Wagner.

In the absence of Louis Machan several of the group gave the package report. Prior to 1850, cups had no handles. Teas was poured into a saucer to drink. It was Queen Victoria, who ordered the dainty addition of handles to cups.

Intoxication is actually fairly common among butterflies, humming birds, bees, fruit bats and woodpeckers, as well as chickadees, parrots, ruffed grouse and cedar waxwings, from eating fermented nectar in fruit, according to a recent report published in Smithsonian.

"Agriculture is the Strongest Commodity in World Trade," was the topic for discussion, led by Lawrence Smoll. American farmers, exported more than 50 percent of their wheat production during the last year, along with more than half of their soybeans and 28 percent of their corn. If it weren't for farm products, nearly half a million farm people could be looking for jobs elsewhere.

"A Thanksgiving Prayer", and "The Other Side of Thanksgiving", were two poems, read by president Mrs. Young.

A Christmas dinner party will be at the home of Emily Faust Dec. 19, at 6:30 p.m.

+++

Mr. and Mrs. Clarke Wilson and family spent Thanksgiving with Elizabeth Hesler of Hillsboro, Ind. They also visited her father, Cloid Whitamore of Ridgefarm, Ill.

+++

Martha Bohanfon, the daughter of Mr. and Mrs. Arthur Teske, arrived home Tuesday afternoon, from Fort McClellan, Ala. She has graduated from Military Police School, and will go to Fort McPherson, Ga.

+++

Mr. and Mrs. Elwyn Green had dinner guests Sunday, Dorothy Kopke and Mr. and Mrs. Gail Austin.

+++

Mr. and Mrs. John Young accompanied Emily Faust and son, Charles, to North Branch. They attended their grandsons wedding. Timothy Griewahn was married to Beth Ann Leonard at the Wesleyan Methodist Church, Saturday. They also attended the reception of 200 guests.

+++

Carole Wilson, R.N., the daughter of Mr. and Mrs. Clarke Wilson, came home Saturday evening from Kalamazoo. They all spent Sunday with Mr. and Mrs. Carrol Wilson.

ANDREW NEILSON

Neilson Awarded

Active in several of Eastern Michigan University's music programs, Andrew Neilson is a freshman who is the recipient of a Regional High School Award.

His music skills earned him the Dillman Music Scholarship and a Music Service Award from Eastern.

Majoring in music education at EMU, he is a member of both the Barbershop quartet and Brass Quintet, and plans to join the Phi Mu Alpha Sinfonia professional music fraternity.

Besides all this, Andrew finds time to serve as a governor of Goddard Residence Hall, where he lives.

It was the EMU Music Department that attracted Andrew to the campus.

An active band student throughout high school, Andrew graduated from Tecumseh High School in 1979 with several academic achievements to his credit. A National Honor Society member, he was a semi-finalist for both the National Merit Scholarship and the Michigan Math Competition. Winner of a Century III Award, he was also involved with the student council.

Chris and Sue Neilson of 402 Seminole in Tecumseh are Andrew's parents.

Reye's Syndrome Info Available

Children in the Tecumseh Public Schools will receive information about Reyes Syndrome in school either this week or next to help keep parents informed about this often fatal disease.

The information campaign in the local schools is a public service program by the Tecumseh Kiwanis Club.

Reye's Syndrome is a non-communicable disease which attacks generally healthy children 18 years of age and under.

It usually follows a viral illness such as the flu or chicken pox. Reye's Syndrome is not rare, but rather a little known disease that is frequently devastating and frequently fatal.

Symptoms of Reye's include sudden, persistent, uncontrollable vomiting, then listlessness and tired feeling, followed by change of behavior, disorientation, hostility, and eventually coma.

The pamphlet that the children will be given to bring home has a chart on the stages of Reye's Syndrome and information about Children's Hospital in Detroit where the Reye's Syndrome Study Center of Michigan a nonprofit organization dedicated to resolving the specific problems arising from Reye's Syndrome — is located.

If a parent suspects Reye's Syndrome, call the family physician or go to a hospital emergency room immediately.

New Daughter Born to Sears

If your brand new car is 'totaled' will your insurance company pay you for a brand new car?

Some insurance companies think a new car is a used car the minute you use it to drive out of the dealership. Not Auto-Owners.

With Auto-Owners, if you have an accident anytime within 90 days and your new car is a total loss, we'll pay you the total cost of your new car. And with Auto-Owners, your new car is covered immediately, automatically, under your previous policy.

So if you're about to get a new car, talk to us at Auto-Owners. Maybe you should get a new insurance company, too.

(a) No person shall bring into, use, consume or sell alcoholic beverages or controlled substances in any municipal park.

(b) No intoxicated person, or person under the influence of a controlled substance shall enter, be or remain in any municipal park. Any such person so found may be ejected.

SECTION 7 - USE OF PARK

No parade, procession, exercise, event or activity of a non-recreational nature, calculated to attract, or which does in fact attract, more than 20 persons shall be permitted within any municipal park unless sponsored by or scheduled by the Director or unless a permit therefor has been issued in writing by the Director. Any person who shall sponsor, engage in, participate in or attend any such parade, procession, exercise, event or activity of a non-recreational nature shall be deemed to be in violation of this ordinance.

SECTION 8 - POLICE AND PARK EMPLOYEES:

No person shall resist any police officers or city employee exercising his or her duty within any municipal park, or fail to refuse to obey any lawful command of any such police officers or park employees or in any way interfere with or hinder or prevent any such police officers or park employees from discharging his duty, or in any manner assist or give aid to any person in custody to escape or to attempt to escape from custody, or rescue or attempt to rescue any person when in such custody.

SECTION 9 - EJECTION FROM PARK.

Any person found violating any provision of this ordinance may either be arrested or ejected from any municipal park.

SECTION 10 - PENALITIES

Any person charged with violating any provision of this Chapter shall be fined in any sum not exceeding five hundred dollars, or imprisoned up to ninety days.

SECTION 11 - INCONSISTENT ORDINANNES

All City of Tecumseh Ordinances that are inconsistent with the terms of this ordinance in whole or in part are herby repealed.

SECTION 12 - EFFECTIVE DATE

This ordinance shall become effective 15 days after adoption and after publication thereof.

The foregoing Ordinance was offered by Councilperson Cook and supported by Councilperson Tressler.

AYES: Mayor Mead, Councilwoman Bowers, Councilmen Cook, Easton, Palmer and Tressler.

Baptists Hold Family Fest

The third Annual Family Christmas Festival was held at the First Baptist Church, Milwaukee Rd., Dec. 2, with 170 people present.

The main purpose of the event was to involve as many people as possible, doing things together, sharing their talnts and making gifts for others.

Twelve new holiday craft workshops were available with Esther Lamkin providing the many unique ideas.

Pine cone wreaths were made, bird puppets assembled and black walnut meats picked from the church's own tree during the workshops repeated by popular demand.

Sally Glenn and Jean Smith coordinated the event.

A musical program entitled "Space Odyssey - Christmas 2001" was presented by grades five through nine, directed by Carol McLeod and her assistant, Carol Clark.

A colorful blinking spaceship landed on earth with with space children who wanted to learn about Christmas from the earth children.

All were whisked back in time 2000 years to Bethlehem and to the birth of Jesus.

Lynn Boyd protrayed Mary and Doug McLeod was Joseph.

Following the program, all returned to the fellowship hall for potluck refreshments.

Ernest Lamkin showed slides of previous festivals.

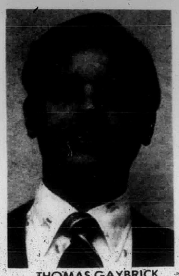
Pastor Returns from Seminar

Pastor A. Dane Ruff of Tecumseh has returned home after taking part in a three-day meeting of more than 220 leading evangelical pastors from throughout the United States and Canada.

The Rev. Ruff is pastor of the Tecumseh Evangelical Friends Church.

The Here's Life National Pastors Advisory Conference drew ministers of many denominations.

Trinity Baptist Church and Campus Crusade for Christ were co-hosts for the event, which was held at Campus Crusade headquarters at San Bernardino.



THOMAS GAYBRICK

Gaybrick Is New Director

Thomas Gaybrick has been appointed director of the Catholic Community Service Agency of Lenawee County.

The agency serves the Tecumseh area and is supported with local community fund and United Fund monies.

Currently, Gaybrick was public affairs consultant for the Michigan Catholic Conference.

Appointment was announced by Fr. Richard J. Groshek, director of the tansing diocese community services and John Walper, president of the board of directors of Catholic Society Service of Lenawee County.

Gaybrick, a Lansing native, received his master's degree in social work from the University of Michigan. He worked for Catholic Family Service Agency in Bad Axe and Community Mental Health Agency of North Eastern Michigan before coming to the Michigan Catholic Conference.

Gaybrick suceeds Richard Giesige as director of the Lenawee County agency. Giesige resigned to continue his studies.

New Staffer

Jennifer Hamlin, a free lance writer and former member of the Adrian College faculty, has rejoined the college staff as an information specialist in the Office of Publications and Information.

In the position, Hamlin is involved in the development of college publications and feature news. During the 1979 spring semester, she taught English and journalism at Adrian, replacing a professor on leave.

Safety Class for Snowmobilers

Sheriff Richard L. Germond has announced a snowmobile safety training program for youth between the ages of 12 and 16. Those who successfully complete the training program will be issued a snowmobile safety certificate.

Michigan snowmobile law (Act 74, 1968) requires youth who are at least 12 years and less than 16 years be under the direct supervision of an adult except on land owned or under the control of the parent or guardian, or unless they have completed the snowmobile safety course and has in his possession a snowmobile safety certificate.

The training classes will be held at the Lenawee County Sheriff's Department on Dec. 11, 6 p.m. to 8 p.m.; Dec. 13, 6 p.m. to 8 p.m., and Dec. 15 from 8 a.m. to 12 noon. Students will be required to attend all sessions.

To register for the class call 263-0524 between the hours of 8 a.m. and 5 p.m. Monday through Friday. Classes will be limited to 25 students.

Williamson Is 8-0, Southard Now 8-1

The Tecumseh wrestlers were very busy this week, taking a fifth place at the New Boston Huron Invitational, beating Stockbridge and Jackson Northwest in a double dual meet, and splitting with Columbia Central and Lumen Christi in a second double dual.

Tuesday, the wrestlers had one of their best showings of the year, beating Stockbridge 35-27 and Jackson Northwest 42-36.

Stuart Williamson at 112, John Southard at 138, and Matt Barrett at 145 were all double winners with one pin and one decision each. Tony Turner turned in his double win with two pins at 198. With that match, Williamson now posts a 8-0 record and Southard is now 8-1.

Single winners in that match were Jeff Day, Marty Barrett, Tim Day, Chris Silberhorn, Tim Stuewe and Greg Aranda. Aranda posted the fastest pin of the dual meet and of the year for the Indians with a 17 second effort at the heavyweight position.

In the Huron Invitational three days earlier, Saline took top honors with 176 points. New Boston took second at 168 and the Indians finished in fifth place with 80.5 points in that Saturday meet.

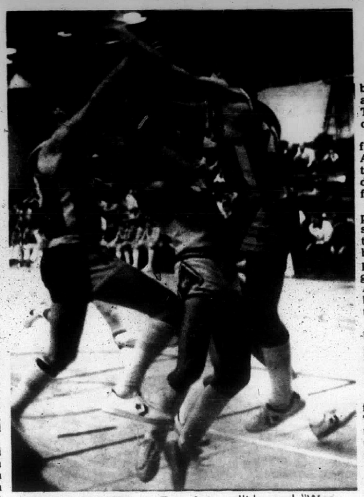
Williamson turned in a tournament championship for the Tecumseh team, winning his 112 weight division with 7-0, 7-1, 9-0 decisions. Matt Barrett, at 132, turned in the only second place finish with a 45 second pin, a 16-1 decision, and a 5-2 loss.

Southard finished third for the Indians with a pin, a 5-2 loss, and then two final wins with 10-6 and 6-2 scores. Silberhorn finished fourth overall.

In an earlier double dual meet, the Indians lost to Columbia Central and beat Lumen Christi Thursday. Scores were 35-29 and 42-21 respectively.

Winners for the Central meet were Jeff Day with a draw, Marty Barrett with a pin, Williamson with a pin, Southard with a decision, Baxter with a decision, Stuewe with a decision and Tim Connors with a pin.

Winners in the Christi match were Jeff Day with a decision, Marty Barrett with a decision, Williamson with a decision, Nick Osborne with a pin, Matt Barrett with a decison, Southard with a pin, Silberhorn with a pin and Connors with a decision.



DOUBLE TEAMED — Two Jets collide and "Wee Wally" Foster goes down for the count. The foul did not go unnoticed by the officials in Friday's opener.

Indians Lose Two Games

The Tecumseh Indians got beat twice this week but if it is any consolation, the young THS squad was beaten by two of the better teams in the area.

Friday was the local favorite's opener against Airport and the Huron League team literally blew the Indians off the court with a 79-41 final score.

The THS squad's inexperience showed as the tension of the opener did not allow the local team to play their best. Saturday, the team played a much better game, good enough to have given Airport a tight game or even beat them, if they had played the same the day before.

Still the local favorites lost, but the team effort was there and two Scotts, Schafer and Hans, deserve the credit for that total team effort with their leadership on the floor.

Airport jumped off to a 21-12 first quarter lead and Tecumseh never could threaten. The teams finished the half at 40-20. Airport finished out their scoring with 17 and 22 second half points to the Indian's nine and 10 in that Friday game.

Leading scorers for the Indians were Ron Smith and Scott Shafer with 11 points each. Overall, the THS squad hit 13 of their 54 attempts from the field for 24 percent while hitting 15 of 33 from the charity line for 45 percent.

In rebounding, the team pulled down 41 boards, eight from Kevin Brown and seven each from Schafer, Smith and Scott Hans.

Saturday was a much more relaxed game for the Indians, but the team lost to a highly skilled Jackson Parkside "five" 78-52.

Parkside came out in command of the game and took a 22-12 first quarter lead and finished the half up by 13, 40-27. Parkside finished the second half with 18 points each quarter while the Indians hit the basket for 12 and 13 points respectively.

Leading the way for the Indians in that Saturday game were Steve Pope with 13 points, Smith with 10 and Kevin Brown with eight.

Overall, the local team hit 15 of 43 shots from the field for 34 percent and they were 22 of 35 from the line for 78 percent. Parkside hit 33 of their 97 shots for 34 percent and hit 12 of 22 free throws.

Tecumseh lost the battle on the boards, pulling down 33 team rebounds to Jackson's 46. High rebounders for the Tecumseh team were Schafer with 11, Brown and Pope with six.

The Indians travel to Grosse Ile Friday and host Ypsi-Lincoln Tuesday.

Clinton's Close, But Onsted Wins

Clinton's basketball team came off a bad loss to Britton Friday to give Onsted much more than they expected Tuesday. Clinton still lost the game, but not before they battled one of the strongest LCAA teams for the first three quarters.

Clinton's final score left them with a 23 point loss, 75-52, but that score does not explain the game going into the fourth quarter. Clinton was actually up by two at the end of the first quarter 20-18.

Then Onsted continued on their hot streak and outscored the Redskins to take a 35-27 half lead. Still in it, Clinton added 19 points the third frame, but Onsted was able to hit for 24 points.

Then the hot Onsted team continued to score, stole the ball a few times and their bench helped boost the home team out of the Redskin's reach.

High scorers for Clinton were Brian Dettling with 16 points and Tom Foreman with 11. Overall, Clinton was 21 of 58 from the field for 36 percent. They were 10 of 17 from the line and committed 15 fouls.

On the boards, Onsted took a slight advantage with 38 to Clinton's 30 rebounds. Leading the way again was Dettling with 11 and Foreman with eight.

Clinton hosts Manchester Friday and Addison Tuesday.

Britton Beats Pittsford by 1

Britton's basketball squad pulled out a squeaker against Pittsford Tuesday night, 49-48.

Two players hit double figures for the Tories with Greg Fanslau and David Bruce each posting 16 points.

Further details will be published next week.

Jodi Smith Is High Scorer

Britton Tory Jodi Smith laid claim to the girl's basketball county scoring title this year by dumping in a total of 398 points in 20 regular season games. She averaged 19.9 points per game and scored in the double digits in 19 of those 20 games.

Also finishing high in the scoring department were Kris McDonald with an average of 13.3 and Donna Bohannon with an average of 10.3 of the Tecumseh Indians finishing eighth and fourteenth.

Clinton was represented by Barb Winder who finished tenth with an average of 11.6.

Beat Vandercook

Clinton opened its wrestling season Thursday at Onsted where the Redskin's hosts defeated the CHS grapplers in a close match, 33-27.

Winning for Clinton were, Greg Parker at 112 with a 9-5 decision, Scott Thilo at 132 with a pin, Lindy Grinnell at 145 with a pin.

Also winning for the Redskins were Chuck Grinnell at 167 with a pin, Alex Kragor at 185 with a 12-6 decision, and Chris Douglass at 198 with a 4-1 decision.

Clinton then placed fifth Saturday at the Whiteford Invitational.

The sole first place finisher for the Redskins was Lindy Grinnell at 145. Adding third places were Chris Bonomo at 126 and Parker at 112. Finishing fourth for Clinton were Jack Hartung at 119, Douglass at 185 and Greg Kosky at heavyweight.

The Clinton Redskins matmen edged out Vandercook Lake Tuesday night 36-33.

The 'Skins posted three pins in the match from Rick Armstrong wrestling at 105 lbs., Greg Parker at 112, and Jack Hartung at 119.

The Redskin cause was also aided by wins from Tom Grossman (138) who took his match 11-4 and Chris Douglas (185 with a 5-1 decision.

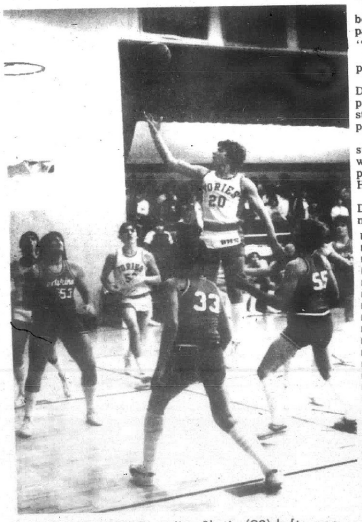
UP & OVER — Tom Lutz shoots for two over the head of Redskin Tom Eddy. Britton easily out-classed Clinton 70-27 in non-league action last Friday. (PHOTOS BY KEVIN TRICKEY)



FROM OUTSIDE — Jim Slatic (20) lofts one in as teammate Tom Lutz (52) and three Redskins, Tom Eddy (52), Brad Mash (33), and John Santure (55) watch from the floor.

Britton Beats Clinton, 70-27

The Clinton Redskins traveled to Tory country Friday night and probably wished they hadn't as the Britton squad handed CHS a 70-27 loss.

It was the case of a returning, more experienced Britton team playing a new, inexperienced Clinton team. Britton jumped out to a 17-5 first quarter lead, they were up 33-9 at half and then continued on their rampage with 19 and 18 points in the second half to Clinton's nine both quarters.

Leading scorers for the Britton team were Randy Dusseau with 16, Troy Bailey with 12, and David Bruce and Greg Fanslau also hit double figures with 11 points each.

Brian Dettling was the leading scorer for Clinton with 12 points. Britton's Bruce gets the defensive credit for holding the high Clinton scorer low in scoring and rebounding.

Overall, Britton held a large advantage on the boards with 38 to Clinton's 22. Dan Harriott was the high rebounder for the Britton squad with 11. In turnovers, Britton committed 18 while Clinton had 30.

In scoring, Clinton was 11 of 40 from the field for 28 percent and they were five of 13 from the line. Britton was 32 of 80 from the field for 40 percent and six of 10 from the line.

Thru My Window

BY MARDA GENE DUNCAN

It was a strange, a very strange Saturday. We woke early and Mom opened the drapes to reveal a world of white. It snowed just enough so that everything was covered with the white stuff. How fresh and clean it all looked. Most exciting.

The snow was still falling and, from the looks of the heavy gray sky, it could continue most of the day. The first storm of the year — it should be a good day of window watching.

As it turned out the snow did not quit until late in the afternoon. Sometimes it was heavier than others and more than several times we thought it had quit but a closer look showed there were still tiny bits of white stuff in the air.

It was a wet snow, of course, and piled up on bushes and trees. Every limb and branch wore its own white frosting. The black and white world was lovely.

But something was definitely wrong. I am too fond of saying that snow brings birds. Well, it usually does. On this particular Saturday though none of the usual cold weather bunch seemed at all interested in what our feeders were offering.

As soon as she could Mom scraped the snow off the near-my-window feeders and put out fresh rations of sunflower seeds and cracked corn.

Off and on during the day she brushed the snow away thus uncovering the food. A neat and trim tufted titmice dropped in for a snack or two as did a bouncy black-capped chickadee, but usually on a day like this the food trays would have been mobbed.

And it was not only the near-my-window feeders which were being ignored, the new thistle feeder in front of the other window was neglected too. Whatever was wrong?

The winter garbed gold-finches had seemed perfectly happy with this new dispenser of their favorite food; in fact, our resident flock of gold-finches had reached a count of seven and possibly eight.

There was no apparent reason at all for them not to be busy — they just weren't.

With no birds to watch my mind began wandering. Last year one of the books under the Christmas tree was Edwin Way Teale's "A Walk Through the Year."

Excellent reading of course because this man is a written—naturalist of the first magnitude. The form he chose for this book was that of a diary and each day's entry is something of interest which he and his wife had either seen, discovered, found, or thought about while walking the trails or paths on their New England farm.

I have tried to read a day or two at a time thus the book is a whole year's project but how interesting it has been to keep 'current'.

On this birdless, snowy day I looked out at the still untracked snow covering the yards and thought about moles. Let's not even investigate the thought association which produced such an odd combination.

Quite frankly I never thought nor worried about what moles did in cold weather. They are ugly, bothersome creatures.

They are not necessarily things one dwells on while curled up in front of a friendly fireplace sipping hot tea on a cold winter afternoon. But even Teale can make moles interesting —

Did you know they migrate?

However this does not mean that come the onslaught of cold weather, there are hundreds of thousands of mole runs all pointing south.

Instead of a vertical migration, it is a horizontal one. As the ground becomes colder and colder these tunnel diggers simply move deeper underground.

That takes care of moles but it does nothing to explain the strange snowy Saturday when we had no birds.

Set-up Planned

Young adults of the Gloria Dei are asked to be at church next Sunday at 2 p.m. to set up the nativity scene before the church. Refreshments and a short meeting will follow the outside activities.

Tipton Topics

TIPTON — The Addie Kemp Past Chiefs Club will meet at the home of Helen Bale in Tecumseh for their Christmas party Dec. 13 at 6:30 p.m.

A potluck supper will be served and members are to take table service, and a vegetable or salad.

Secret Sisters are to bring their gift and anyone not having a secret sister should take a gift to exchange. The officers are invited guests.

++

Any area resident wishing to contribute donations of candy, cookies etc., or money to be used in packing cheer boxes for the shut-ins would be appreciated by the Women's Fellowship of the Tipton Community Church for a community project.

The boxes will be packed Dec. 18 at the church. Contack any member of the fellowship or leave with Lillian Luce or Carl Tuckerman or at the Church.

Members are to take one or two covered shoe boxes, ready to be packed. There are a few cook books left. They would make a good Christmas present.

++

The Minnehaha Temple No. 43 of the Pythian Sisters met Monday night at the hall. Initiation for Leona Bell was given.

"Tis the season to be jolly," carol the loudspeakers in the department stores, but each year it becomes harder. Days are frantic with shopping, wrapping, and addressing. There's too much to do, too many things to remember, Sally's school play, a white elephant for Joe's scout party, the Kirby's gala on the twenty-second.

There's no time for thinking, but sometimes late at night; a moment for reflection. In the rush of doing all the right things have we forgotten our reasons for doing them? Have we come bearing gifts, like the Magi, with hearts empty of the wonder and awe that was theirs?

Perhaps we need to hear anew the age-old story of a tiny Babe wrapped and gently laid in a manger while shepherds quaked and angels sang. The door of your Church stands open. Worship there the newborn King this Christmas and every Sunday.

JA Groups Win Award

Y.A.W.T — a Tecumseh Junior Achievement Company — has existed only since October but has already scored in the business world in creativity.

The group called Young Associates Working Together received fourth place in recent regional competition for its novel yet functional product, a table lamp with fire alarm box bases.

The regional includes five states, approximately 32 cities and about 75 products were entered, said Philip Volponi, executive director for the southern region of JA.

Officers of the Y.A.W.T. Junior Achievement company are Jackie Swanston, president Cindy Every, treasurer; Wendy Schierer, secretary; Pete Graham, vice-president of sales; Scott Schafer, vice-president of personnel.

All are Tecumseh High School students. There are approximately 20 students in the company sponsored by Faraday, Inc. of Tecumseh, local manufacturer of fire alarm systems.

Advisors are Patrick Corso, Bruce Jones and Lynn DeJonghe, all of Faraday.

There are two other Tecumseh JA companies.

Tecraft is sponsored by the Tecumseh Products Company. Catherine Lapham is president with Laura Quigley, treasurer; Carol Cangley, secretary; Lisa Sprague, vice-president of sales; Scott Johnstone, vice-president of production and Kim Jahner, vice-president of personnel.

Advisors are David Hohenstein of Peerless Gear, Hervey Berry, Gary Shafer and Bob Hoffman, all of Tecumseh Products.

Tecraft's product is a finch bird feeder.

The third group is IGMA sponsored by General Motors Fisher Body Tecumseh plant. Its officers are Greg Gadek, president Kim [redacted], treasurer; Beth Butters, secretary; Lori Seal, vice-president of productions; Steve Palmer, vice-president of sales and Cindy Baker, vice-president of personnel.

IGMA's product is telephone pad for emergency phone members.

The groups may decide to continue manufacturing and marketing their current product through March or select new ones. For more information about the products, readers may contact the above mentioned individuals.

The students are participating in the county's first Junior Achievement program in about 12 years, organized in October through the regional JA office in Jackson facilitated by the Lenawee County Chamber of Commerce.

More than 100 high school students have formed the six Junior Achievement companies, three each in Adrian and Tecumseh.

After forming a company, the students elect a board of directors, solicit stockholders by selling a limited amount of stock at $1 each share for capital, begin manufacturing a product and sell it. Any profits the company earns after the bills are paid are returned to stockholders at the end of the year. The students work every Wednesday night at Tecumseh High School. Other after school work sessions are also held.

The advisors work with the students, helping them critique their products and improve sales techniques.

Nancy Hrebec, site manager for the Tecumseh JA programs at Tecumseh High School, is a JA success story herself.

The Jackson native is a business administration major at Siena Heights College. The recipient of a 80 percent renewable tuition scholarship up to $6,000, she was one of the top 50 JA officers from across the country.

The JA program concept is 60 years old. More than 3 million students participate nationally in the JA program.

Besides the local industry support, the Tecumseh Area Chamber of Commerce helped the county program get off the ground with $100 contributions this year.

[redacted] regional executive director Philip Volponi announced that the tri-county regional of Jackson, Lenawee and Hillsdale county, plus the city of Albion, received the top growth award for increasing its enrollment by 65.4 percent. Forty percent of the increase was due to the Adrian and Tecumseh Centers.

He said he hopes to expand Lenawee's program in the next year, organizing JA companies in other areas of the county.

JA WINNERS — Officers of the Junior Achievement group called Y.A.W.T. are from left, Cindy Every, Wendy Schierer, Jacki Swanston, Scott Schafer, Pete Graham and Julie Sheldon. Their prize-winning product, a firebox meter lamp, was unfortunately not available for photo. (HERALD PHOTO)

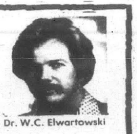
Dear Doctor



Dr. W.C. Elwartowski

Dr. Mary Lou Sackett

News From The Tecumseh Chiropractic Life Center
101 S. Pearl Tecumseh

Dear Doctor,

What can be done to help stop young children from wetting their beds?

Enuresis, or bedwetting, in children or even adults over the age of six can be the result of urinary tract abnormalities caused by disease genetic defects or severe emotional disturbances.

However, chiropractic science has found that involuntary bedwetting is usually caused by an abnormality of the nervous system's control of breathing during sleep.

Deep breathing during sleep is necessary to clear excess carbon dioxide from the lungs. Shallow breathing causes carbon dioxide to build up in the blood stream causing muscles, including those controlling the bladder, to relax.

Therefore, most cases of bedwetting should focus on returning the nervous system to function properly and control deep breathing during sleep. Chiropractic can, in most cases, alleviate this disorder by removing spinal subluxations that can cause the nervous system to malfunction.

Dr. M.L. Sackett

JOE MALAK OF CLINTON VILLAGE ELECTRIC & FIREPLACE

Open Fireplace, Electric Shop

CLINTON — Joe Malak, formerly of Trenton, has opened Clinton Village Electric and Fireplace business at 233 W. Michigan Ave. at River St.

Malak is a cousin of Dr. Thomas Kosmyna, owner of the building, which was formerly a service station.

The major work was done by Malak alone, and included extensive interior and exterior remodeling during the past three months.

Malak was formerly an auto service manager, who says he likes sales and people.

His new business will feature wood burning stoves, fireplaces and electric lighting fixtures.

Malak and his wife, Sharon, and two children under four years old, recently moved to Sand Lake.

He says he's impressed with the friendliness of the people in Clinton.

Chorale Concert Is December 20 at Local Church

CLINTON — A Winter Concert will be presented by the CHS Women's Chorale and the newly formed 80-member Young Singers, Dec. 20 at 7:30p.m. in the United Church of Christ.

The Chorale will perform both traditional and contemporary music of the season.

The Young Singers, composed of children in grades 3-6 will perform separately, then combine with the Women's Chorale to sing a medley of carols.

Program will also include a popular cantata written for children, describing the birth of Jesus Christ, performed by both groups.

Soloists will be Alison Bailey, a CHS graduate, now attending EMU, and Alan Brown, a voice major at U-M.

Santa Arrives by Helicopter

CLINTON — Santa will arrive via helicopter at 11:45 a.m. Dec. 15, for the "Lunch with Santa" event arranged by the Clinton Jaycettes.

Jaycees arranged for the helicopter, which will land at the Middle School. And the Jaycees will also serve hot chocolate at the ice skating rink across from the Middle School. Ice skating will be free.

More than 200 reservations have already been made for the lunch with Santa to be served from noon to 12:30 p.m. and there is still time to reserve a place by calling 456-7888.

Young Singers, a group of 80 youngsters from grades 3-6, will entertain during the lunch.

Mrs. Carl Kemner expressed appreciation from the Jaycettes for the fine response to the Mitten Tree project.

Yuletide Setting for Woman's Club

CLINTON — Mrs. Dan Goodman, president, entertained members of the Clinton Woman's Club in her home Dec. 5. Guests were Mrs. Goodman's sisters, Mrs. Stan Kemner and Mrs. John Sanders of Adrian.

The Goodman home was decorated for the Yuletide season with two lighted trees.

Tea table was covered with a red-trimmed red net cloth and centered with a red poinsettia.

Hostesses were Mrs. Charles Helgren and Mrs. Mervyn Witherell.

The 30 members had brought a variety of Christmas cookies, which were served at the meeting, and also for the Girl Scouts' caroling party Dec. 7.

Other cookies were given to Irene Baldwin of the Foster Grandparents of Boyesville, to be included in Christmas gift packages for the boys there.

Girl Scout committee included Mrs. George Wolf, chairman; Mrs. Roy Bower, Mrs. Helen Beal, Mrs. Loren Dornes, Mrs. Helgren, Mrs. Harold Hertler and Mrs. Otto Strauss.

At the meeting, members voted $25 to the CHS Women's Chorale for their Hawaii trip.

Mrs. James Meeks announced the CPR classes to be held Dec. 10, 12, 19 from 7-10 p.m. at the United Methodist Education Building.

Mrs. Goodman played the organ for the singing of Christmas carols.

Next meeting will be Jan. 2 at 12:30 p.m. in the Community Center, when the club will be entertained by the CHS Women's Chorale.

Shamrocks

CLINTON — Shamrock Seniors will meet for crafts, games and cards from 10 a.m. to noon, Dec. 13.

At noon there will be soup and beverages served.

The 12:30 p.m. program will be on the theme "Rememberance of our Christmas."

United Fund Raises $14,000

CLINTON — Clinton United Fund drive was topped off Friday by a check for $3,549, presented to Fund Chairman Jerry Langowski by Mike Littlefield, public relations representative for Peerless Gear Division, Tecumseh Products.

Check represents $2,500 corporate gift and $1,049 from the employees.

Clinton United Fund drive is completed by reaching a total of $14,000 of its goal of $15,000. There may still be some further contributions still coming in.

Raise Funds for Hawaii

CLINTON — The 32-member Women's Chorale of Clinton High School, under the direction of Ed Aduk, have been invited to participate in the Ninth Annual Hawaiian Festival of Music in Oahu, April 1-8, 1980.

Non-professional music groups representing high schools, colleges, and community groups will compete against a world class standard of music for a variety of awards.

Competing musical groups were screened for excellence from an audition tape.

In addition to the Waikiki Shell competition, the festival groups will appear at city hall, Kapiolami Bandstand, shopping centers, hospitals, churches, hotels and local schools.

For the sixth year, the Hawaiian Festival artistic director is Shigeri Hotoke, director of the Honolulu Symphony Opera House Chorus and the "Sounds of Hawaii."

The Women's Chorale has many projects and an ambitious work program to raise funds for their trip to Hawaii.

They will do all sorts of odd jobs such as housekeeping, baby sitting, car cleaning snow shoveling or other work.

Call 456-4336 or 423-2338 to request as many girls as needed to do your jobs. You set the fee.

Create Jobs

At a special meeting of the board of the Lenawee Intermediate School District, Dec. 5, five special education positions were created.

A teacher aid position for the trainable mentally impaired in physical education, a secretary-receptionist two full-time and one part-time bus drivers.

Two special education administrative positions were filled, including the appointment of Tecumseh ite Bonnie Berkley to one as supervisor for programs for the physically impaired.

An insurance counselor presented bid specifications to the LISD.

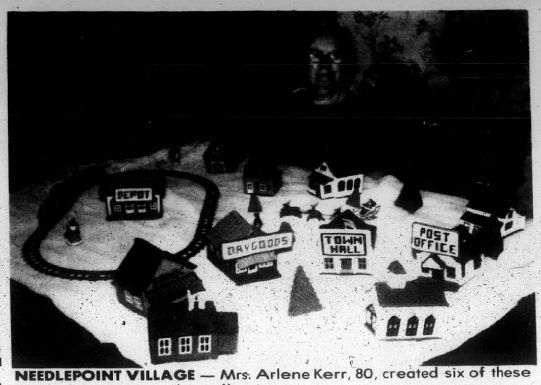
The board approved expenditure of $15,405 for the purchase of classroom wireless hearing aides that will affect approximately 20 people in the Tecumseh School District.

The FM transmitters can be used in any environment and assist the hearing impaired.

Part of the funds came from a $3,219 gift of the Shawnee Squares, designated for the purchase by the LISD board with the remainder from general funds.

In other action, the board adopted an energy conservation policy.

LISD board was scheduled to meet Dec. 12 at noon to ratify the union contracts if teachers ratify them. Board will also approve non-union salaries and discuss bids on the bus garage at the Milton C. Porter special education center.



NEEDLEPOINT VILLAGE — Mrs. Arlene Kerr, 80, created six of these Christmas villages with needlepoint.

Flying Fingers Create Village

by Kathy Brown

This time of year you've probably heard the stories about flying reindeer.

But this is a story about "flying fingers." If there is such a term, those belonging to Arlene Kerr of 514 W. Pottawatamie St. in Tecumseh would qualify with flying colors.

This adept needlepoint artist has fashioned since March no less than six sets of three dimensional needlepoint Christmas villages.

One of them — which includes 11 buildings the scale size of a model railroad engine — is displayed beneath the Christmas tree at the home of Mrs. Kerr's daughter and son-in-law, Opal and Fred Dickinson with whom Mrs. Kerr lives.

The set includes a barn, church, school, dry goods store, post office, three different styles of houses, a depot, bank and town hall and seven assorted pine trees.

The first eight buildings were originally part of a needlepoint kit. The last three were designed by Mrs. Kerr.

Each roof is made of a different pattern of stitches. The detail is uncanny from the wreaths on the doors to the stained glass windows in the church, from the tiny school bell in the cupola to the plastic flag that waves from atop the town hall.

The kit was originally a project of daughter Opal's, said Mrs. Kerr. "Opal said she wanted me to teach her needlepoint so she bought this kit. Then I ended up making it."

(Ed's note: Sound familiar moms?)

What happened to the other five sets of Christmas villages? Well they have found a Christmas home with:

Mr. and Mrs. Mahlon Sebring and son, Eric, 15; of Bristol, Va., also Mrs. Kerr's daughter;

And Mrs. Kerr's grandchildren, Mr. and Mrs. Ronald George (nee Carolyn Sebring) and two sons of Lansing; She is a school teacher.

Mr. and Mrs. Greg Sebring and two children. He is a state police officer at the Clinton post.

And Opal and Fred's children, Dr. and Mrs. Thomas Dickinson and two children of Milwaukee and Dr. and Mrs. Timothy Dickinson and three children of Allegan, Mich.

Mrs. Kerr was born Arlene Coller, a former Macon resident.

Today at 80 years old, she is a proud mother, grandmother of four and great-grandmother of nine. She is also prized by all of the above.

Tractor Is Stolen from Garage

Richard Gentz, 6640 M-50, Tipton, reported to Clinton State Police that his garage was broken into Dec. 8, and a lawn and garden tractor and accessories were stolen.

Tracks were followed to Hidden Lake Gardens, where the tractor was apparently loaded on a truck.

Entry was gained by a window.

Pack 632 Holds Meet

Pact 632 met Nov. 19. Bob Davis, Webeloes leader had the opening ceremony. Assistant leader, Jim Scudder led the boys in a skit called "The Ugliest Person" which led to a joke on Cubmaster Harold Robinson.

Den 3 leader Gretchen Lovett and assistant leader Valerie Griewahn led their boys in a skit.

Cubmaster Harold Robinson presented the following boys with awards.

David Halford, David Church, John Sabbadin, Guy Gregg and David Meyers each received their Bobcat patch and pin for mom or dad.

John Getson, gold and silver arrow for wolf rank; Andrew Lovett, wolf patch and one year pin; David harris and Tim Ritzler one year pins;

Keith Lane, aquanant badge; Mike Carter, forester, naturalist badges, Webeloes patch, summertime award; Bobby Davis, forester, traveler, naturalist, Webeloes patch, summertime award; Steven Drow, aquanaut, naturalist, summertime award; Tom Gove, Forester, naturalist, summertime award; Brian Metz, aquanaut, forester, naturalist;

Brad Scudder, aquanaut, forester, naturalist, summertime award; Bryan Barkway, Webeloes den number, colors and book, clean sweep patch, one year pin athlete, forester, naturalist, outdoorsmen, summertime award.

Each den received a Summertime Fun Ribbon to be attached to their flags.

Dennis Rice, presented Roene Gove, Cheryl Metz and Carolyn Carter with leadership training certificates and pins.

Pack 632 will meet Dec. 17 for their Christmas Party at the Conservation Club on Sutton Road.

but can you bank on it?

It used to be that only diners were open at 3 a.m.

Not so any more.

At Commercial Savings Bank we realize that you may need a bank when most banks are closed.

For your convenience, we've installed the CSBank 24 automatic teller at our South Main Street office. CSBank 24 is open for business 24 hours a day, 7 days a week, to perform any of 11 common bank transactions. You can withdraw cash from your checking account, get a cash advance on your VISA or Master Charge card, transfer funds, pay utility bills, and more. And you get a receipt for every transaction.

All you need to use CSBank 24 is our VISA or Master Charge card. To get your card, just stop by any of our offices and fill out a short application.

If you're not already a CSB customer, isn't the 24-hour convenience of CSBank 24 a good reason to become one?

CSBank 24 — safe, convenient banking when you need it — even at 3 a.m.

Kettle Drive Begins Friday

The weeks before Christmas are busy ones for the Tecumseh Kiwanis.

Dr. Bowers Scores Ace

Although conditions were far from ideal last Thursday, Dr. Robert Bowers scored a hole-in-one on the sixth hole at the Tecumseh Country Club, the second time that he's aced the hole.

About 10 yeas ago, Bowers recorded an ace three with a five iron. Last week, he was playing with his wife's clubs and dropped the tee shot on the 165-yard hole with a seven wood. He had an 84 for the round.

Witnesses to the shot were Dick Erb and Dr. Walter Elwartowski.

Ice Skate Exchange

CLINTON — Jane Holt has arranged for an ice skate exchange Saturday, Dec. 15 from noon to 3 p.m., at the Community Center.

Anyone may bring ice skates to trade. If there is a great difference in value, those exchanging may have to make a deal, otherwise there will be no charge.

Anyone wishing to donate skates may leave them at the State Savings Bank or First Federal Savings anytime before Saturday.

If the weather cooperates, Chamber of Commerce and Clinton Jaycees will try to have the ice skating rink ready this weekend.

Dec. 14 the club will participate in the annual Kettle Drive downtown Tecumseh. Proceeds will benefit the underprivileged through the Salvation Army.

Dec. 18 Kiwanis families will have their annual Christmas caroling night for shut-ins. They will return to the Presbyterian Church for hot chocolate and donuts.

Also that evening, Kiwanis will be represented at the Salvation Army-Rotary-Kiwanis party for underprivileged Tecumseh children.

Dec. 20 is the annual Christmas party for the youth at the Milton C. Porter Special Education Center.

And on Jan. 19, the Kiwanis will be joined by members of the community in a special tour of Meadowbrook Hall, the Dodge Estate in Rochester.

About 24 couples will tour the estate built in 1929 for $9.5 million. Later they will be feted to a cocktail hour and then dine in the elegant halls with china and silver of the estate. Mike McAran is coordinator for the night out.

Recently the Kiwanis worked with the Fellowship of Christian Athletes at Tecumseh High School to renovate a home for a Tecumseh resident.

COMMISSION ORDER
(Under authority of Act 230, P.A. 1925, as amended)
WALLEYE AND SAUGER SIZE LIMIT
The Natural Resources Commission, at its meeting on November 9, 1979, under authority of Act 230, P.A. 1925, as amended, renewed for a period of five years beginning January 1, 1980, their order of July 9, 1976, which increased the walleye and sauger size limit to 15 inches. This regulation applies to all waters, including the Great Lakes and connecting waters, except Lake Gogebic, Lake Erie, Lake St. Clair and the Detroit and St. Clair rivers, and the Muskegon River from M-20 in Big Rapids to Croton Dam.

Pleads Innocent

CLINTON — Terry Glenn Buter, 1140 W. Michigan Ave. pled innocent on charges of three counts of receiving and concealing stolen property, before Judge Rex B. Martin in Circuit Court last week.

Buter is accused of storing stolen trucks at his Clinton farm by a special investigation squad of State Police. A fourth count was dropped by the prosecution.

Buter's case will be heard in February.

$189 Taken from Dr. Guild's Office

Approximately $189 was taken from the office of Dr. Gordon Guild Wednesday noon of last week.

Theft occurred during the lunch hour when the office was vacant. Entry into the office was apparently made through a glass section by the receptionist's desk.

Other complaints investigated the past week were minor. Resume is:

Dec. 5 — Michael J. Fowler, 28, of 3628 Osburn Rd., was observed driving on the wrong side of the road. He was charged with drunk driving.

Dec. 5 — Marvin Lipp, 28, of 204 S. Ottawa, reported a slashed tire on his pickup while parked on Chippewa St.

Dec. 6 — Anthony W. Helms, 21, Britton, stopped for a loud exhaust, was cited for driving on a suspended license.

Dec. 10 — Jane Wanzeck, 603 W. Chicago Blvd., suffered a dog bite while visiting at 514 N. Evans St. She was treated at Herrick Hospital.

Dec. 10 — Philip McCartney, Morenci, reported a CB radio was stolen from his car while parked at 126 Maple St.

(Continued from Page 2)

Quiche Au Framage (Open Faced Cheese Tart-French). I admit to having seconds of this rich and cheesy creation with bacon, heavy cream, egg yolks and Swiss Cheese.

The melon balls (Chinese), including watermelon, cantaloupe, honeydew, mandarin orange slices and dark red cherries, was a refreshing addition to a late fall menu.

What surprised me the most was the delicate flavor of the Jamaican Stamp N Go Cod Cakes which I expected to be bland. The onion and hot peppers gave them an appealing flavor. Then there was a cheddar beer spread (German), simple in recipe yet flavorful.

[illegible] were not unusual, but the sherry and beef bouillon gave them a distinctive flavor.

The punch — made of strawberries, white grape juice and carbonated water — was delightful as the American Spritzer.

Then came the soup course, Baden Leek Soup (German The ingredients were not extraordinary, but the flavor certainly was. Leeks are an onion family vegetable with a flavor of their own. The other ingredients included margarine, onions, bouillon, milk and ham, a recipe that could easily be duplicated on a chilly winter day. And how delightful it was with the homemade pumpernickel bread. What texture and flavor it had.

I never thought that a lettuce salad could be rich, but a little of the sour cream, mayonnaise-style dressing with the Polish Salata Ze Smietana went a long way.

Even the relish tray offered something out of the ordinary: coconut, a sweet and chewy Jamaican custom.

At this point, the guests were definitely slowing down their pace.

The accompaniments were two: rice and potatoes Brioches, an Italian variation with mozarrella cheese filling. Mmmm good.

The hot vegetable even showed imagination: Japanese style peas with crispy water chestnuts. Her again, the ingredients were not exotic, but combined to create a tasty dish.

Then came the entrees. The Sherry Chicken was a decided favorite of mine for flavor and ease of preparation. The soy sauce-sherry marinade, seasoned with garlic, ginger, pepper and sugar, is a simple but interesting variation of the same old chicken.

Finally we came to a dish that although may not be everyone's meat and potatoes, certainly has an international flavor diners won't soon forget.

It's Curried Lamb (Indian). Although I learned to serve this dish with leftover turkey, chicken and even tuna in my college days, I never had this recipe with such a variety of fruits and spices to pique my interest, not to mention the taste buds: apples, bananas, onions, curry powder, cumin, fennel, sugar, coconut, cloves and orange and lemon Zest.

Marilee said the class used only half of the spices, a wise choice, but a swallow of Inglenook Vin Rose did exactly what a good dinner wine is supposed to do, clear the palate and serve as a delightful dinner beverage.

I owed it to the readers to try it all, so I did. The Easter Babka (Polish) was flavorful and moist. Surprisingly, it contained 12 yolks per yeast bread along with the almonds, citron, etc. Each bread was made individually, said Marilee. The wonderful texture was proof of the labor.

What did they do with the egg whites? They transformed them into an elegant, yet light dessert of peppermint ice cream, topped with creme de menthe in a meringue shell (French). Yet, the meal didn't end there.

Next came the Greek Baklava, the aristocrat of pastry desserts made with chopped nuts, butter and honey-brandy syrup layered between at least 20 sheets of a delicate pastry called filo. (Filo is now available at the Nutty Gourmet.)

And for the chocoholics, there was a sinfully rich hot [illegible] as you've never had it, with dark sweet and bitter chocolate (a la Tecumseh's Cake Shoppe) and light cream and heavy cream topping. Only half a cup, thank you!

The diners and instructors agreed that the class passed its final exam with flying colors.

Marilee's husband, Gil, enjoys these international banquets, held each spring, too, for the past five years. But the Purse twins had a milder reaction. Their tastes are somewhat simpler and more appropriate for two 11-year-old sixth graders at Patterson school: Pizza is their favorite food.

Deck the halls, the bedrooms and the den with phones from your GTE Phone Mart. And you'll hear about it all year long.

A phone is the perfect gift because it's practical (they'll use it every day), yet a luxury. What could be more luxurious than an elegant Cradlephone in the boudoir? Or a sleek Styleline® phone next to the living room sofa?

Put Mickey Mouse under the tree, and just watch the reaction. Or see what happens when you give an old friend an old-fashioned Candlestick phone. You'll find enough phone styles and colors to wish everyone a merry Christmas, at the GTE Phone Mart.

And it's a lot closer than the North Pole.

$30,000 Approved for Senior Complex

In what was one of its final acts for 1979, Tecumseh Council unanimously agreed Monday night to advance the non-profit Tecumseh Orchard Terrace Senior Citizen Housing Corporation $30,000 for architects and related fees.

The advance will enable the housing corporation to move full steam ahead to meet a March 31 application deadline for a $1.5 million federal mortgage loan from the Farmers Home Administration.

The complete architectural drawings and contract bids must be submitted to FmHA to qualify for the mortgage loan.

If the application is successful, the architect's fees will be reimbursable as a legitimate expense of the loan funds, said city officials.

However, Council made two conditions for the loan of the money.

If the project is not funded by FmHA, first the architect's plans will become the city's property and second, the housing corporation's option on the city-owned property for the senior citizen complex will expire.

The eight-acre site at Adrian and Pottawatamie Sts. was a gift to the city for the sole purpose of senior citizen housing. It is still owned by the city.

The housing corporation has a one year option to it to build a three story, 53-unit senior citizen housing project which the $1.5 million mortgage would provide initially.

The architect for the project will be Francis A. Faulhaber and Associates of Adrian, who has [illegible] corporation in the initial stages of the project.

His fee will be $90,000 or six percent of the project. Normally, he would be entitled to 80 percent of his fee through the bidding phase or $72,000. But because of the situation, Faulhaber as agreed to do the architectural drawings for the $25,000 advance until the federal mortgage loan comes through.

The Housing Corporation attempted to raise the money locally, but did not have enough time due to the immediate deadline.

Officials Seek Lower Speed Limit at School

Tecumseh School Board approved a request Monday night for the Lenawee County Road Commission in an attempt to reduce the speed limit of vehicle in front of the Sutton Elementary School.

[illegible] that school zone signs are posted on Sutton Rd. in front of the school, but that the speed limit through the area is 55 mph. The board has not received any complaints, but Duhan explained that autos travel too fast through the area by his observations.

The Lenawee Road Commission stated that such a move on their part required School Board request, and then they would consider the reduction. Blinking lights are required by law if the speed limit is decreased along that short stretch of Sutton Rd.

Duhan stated that the reduced speed limit would aid the buses traveling to and from the school as well as reduce the possibility of student injury.

Last week, Raisin Township residents presented petitions to the Commission, asking for a 35 mph zone between Gady Rd. and Valley Rd., on Occidental, and for a traffic light or four-way stop at Occidental and Sutton Rd.

Three Pledge Financial Aid for Artrain

Tecumseh Rotary has joined the Tecumseh Kiwanis and Tecumseh Chamber of Commerce in each pledging $500 financial support for the visit of the Michigan Artrain to Tecumseh, April 14-21, 1980.

About $500 remains to be raised locally to finance the visit.

Paul Preston, chairman for the committee spearheading the project for the Chamber, said that Conrail has given tentative approval to use the railroad tracks at St. Peter's Episcopal church.

The committee will work with the church to secure use of the church hall for related displays and events.

The Artrain will actually be open for public showing from April 16-21, with scheduled visits for local school children as well as the general public.

Artrain, which originated in 1971, is a traveling five railroad car museum of art operated by Michigan Artrain, Inc., a non-profit corporation.

The walk-through visit enables the fine arts to come to local communities and in many cases, results in the establishment of a permanent arts council, heightening local awareness of the performing and fine arts.

On-board gallery guides will be recruited from the community. Volunteers may contact Robert Dubler, 423-3696.

The Herald will be published next Wednesday, Dec. 26th, and will be on the newstands that afternoon and in the mail for Thursday delivery as usual.

Since New Year's Day, like Christmas, falls on Tuesday, the same publication schedule will be repeated for the first issue in 1980. Early news and ad copy will be necessary for both issues.

The Herald's office will close at noon each Monday before the holidays.

Newlin New USB Director

Henry H. Newlin, 43, Tecumseh attorney, has been appointed to the board of directors of the United Savings Bank of Tecumsh.

Kenneth C. McElroy, chairman of the board of the Bank, announced the appointment which occurred at the Dec. 12 meeting of the bank's board of directors.

Newlin, who resides with his wife, Dr. Nancy Newlin, at 710 West Pottawatamie, Tecumseh, has practiced law in Tecumseh for the past five years.

He holds his doctor of law degree from the State University of New York at Buffalo Law School, a masters degree from Elmira (NY) College, and his bachelor's degree from the University of Michigan.

Newlin spent 10 years as an eductor prior to entering the field of law. He has taught at Elmira College, Corning (NY) Community College and Niagara County (NY) Community College as well as several other locations. He currently is teaching at Adrian College and is offering a course at Siena Heights College.

Prior to attending law school, he was director of Community and Legislative Relations for Corning Community College.

In addition to his general practice, he is Federal Bankruptcy Trustee for Lenawee County and is attorney for Tecumseh Township and the Village of Britton.

Newlin is a member of the advisory board of the Salvation Army of Adrian; vice-president of the board of directors of the Lenawee Humane Society, Inc.; and a member of the President's Board of Associates of Adrian College.

He is a member of the sections of family, business, corporation, real estate and probate law of the American and Michigan Bar Associations, a member of the American and Michigan Trial Lawyer's Associations and the Commercial Law League of America.

Delayed to 1980

Recommendation of the Tecumseh Planning Commission to deny rezoning request for the Fuller property will be continued under new business for Council in 1980.

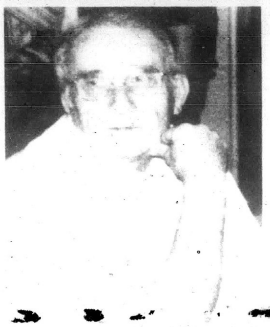
City officials indicated Monday night that before council decides the question, a public hearing is expected to be held on a controversial request to rezone approximately 30 acres north of W. Chicago Blvd., from single family to multiple family.

4 AMERICANS SLAIN IN AMBUSH

Gunmen Kill Former Resident in Turkey

A religious memorial service will be held Friday evening, Dec. 21 and full military funeral will be Saturday, Dec. 22 in Fort Worth, Texas for Tecumseh native and retired Air Force Lt. Col. James B. Clark, 61, of Fort Worth.

A civilian working for Boeing aircraft, Mr. Clark was one of four Americans who were ambushed by extremists in an Istanbul, Turkey suburb last Friday. Mr. Clark died instantly Dec. 14, about 10:45 a.m. Detroit time.



This family photo of Jim Clark was taken while visiting his two sisters and friends here recently. Clark, a 1939 Tecumseh High School graduate and a retired lieutenant colonel of the United States Air Force, apparently died instantly at the scene when Turkish or Iranian terrorists ambushed a bus outside Istanbul last Friday. Terrorists gunned down three other Americans, all of whom later died in a hospital. Clark was a Tecumseh visitor twice this past fall, the last time just before Thanksgiving.

The family expects to announce a local memorial service for Tecumseh area friends and relatives at a later date.

His body will be cremated.

According to national news reports, three civilians and a non-commissioned officer were gunned down with automatic weapons fire as they stepped off a bus taking them home from their jobs at the Cakmakli NATO munitions base.

Four or five persons are believed to have ambushed the Americans. It is speculated that the gunmen might have been Iranian extremists.

The bus carrying the Americans was reportedly shadowed by another bus that opened fire when the Americans tried to flee on foot. The gunmen [illegible].

Observers are speculating that the incident might be a warning to the United States against trying to use Turkey as a staging base for any military effort to free the 50 Americans held hostage by Iranian militants in the U.S. Embassy in Tehran.

Mr. Clark last visited family and friends in the Tecumseh area prior to Thanksgiving. He was a civilian employed with Boeing aircraft, a position he accepted just two years ago.

Less than two weeks before his death, Mr. Clark attended the funeral of his son, Robert, 23, who died as a passenger in a private plane that crashed in Fort Worth, Texas.

Mr. Clark was born in Tecumseh June 2, 1918 to Hollis and Elsie (Stark) Clark. His parents and his stepfather, Leland Cheever, preceded him in death.

Mr. Clark was a 1938 Tecumseh High School graduate.

He worked at the Tecumseh Products prior to enlisting in the United States Air Force in 1942, and he served in World War II.

He had a 23 year career in the Air Force, retiring as a lieutenant colonel in 1965. He was an Air Force pilot for about 15-18 years and graduated from Xavier University in Cincinnati, Ohio.

While in the service, Mr. Clark was stationed with his family in Japan for three years and in Spain for four years where he also attended a university. His tour of duty also included Guam and Africa.

He was self-employed before accepting the job with Boeing.

He married the former June Spitler in 1940 at St. Peter's Episcopal Churh in Tecumseh. She survives.

Also surviving are four sons, James B. Clark III, John R. Clark, Steven T. Clark, all of Fort Worth, and Daniel Clark, at home; three daughters, Mary Grace, Margaret and Martha; three grandchildren; two sisters, Mrs. James (Jeannine) Hibbard of Tecumseh and Mrs. Clare (Jane) Griffin of Britton and a step-brother, LaMar Cheever of Hillsdale; several nieces and nephews in the area.

He was also preceded in death by a sister, Joyce Clark Johnson.

City Wants Contract

In an effort to recoup its $500 expenses for each rescue run to Ridgeway Township, Tecumseh Council unanimously decided Monday night to submit a written contract to the Ridgeway Township Board.

To this date, the Ridgeway Board has rejected the city's verbal offer of a contract.

However, Council considers it unfair for the city to absorb the costs of service to the township, not only to the Tecumseh taxpayers, but also to the other communities with which the city has a rescue service contract or mutual aid agreement.

Number of rescue calls to Ridgeway Township has increased for Tecumseh since the township does not have a rescue squad and since the county firemen's association has requested the sheriff's department to call for the nearest available rescue in personal accident or medical emergency situations.

Council has wrestled since early this fall with whether or not to simply cut off service to the township of find some equitable alternative.

The humanitarian concern for the potential accident victims has prompted the city to continue answering the calls without payment.

As councilmember Harold Easton put it, "If it were a Tecumseh person pinned in a car, I'd feel pretty bad."

Plan Auditions for Jan. 7-8

Tecumseh Players announced auditions for its forthcoming production of "Strange Bedfellows".

Auditons will be held Jan. 7 and Jan. 8 at the Tecumseh Community Center Glass Room from 7-10 p.m.

The play, by Florence Ryerson and Colin Clements, is about an old politician of the 90's who has kept his women folk under stern rule.

The director is Betty Jo Hancock who has directed for the Tecumseh and the Croswell Players.

The cast for this play requires seven men and 11 women. The characters range in type from young adult to the elderly.

Anyone interested in audition or in volunteering to help with set construction, props, wardrobe, etc., is welcome. A copy of the script is available to read at the Tecumseh Public Library.

If there are any questions, call 423-4484, after 5 p.m.

Sentence Youth to 15-30 Years

A 15-30 year prison sentence was handed down by Judge Kenneth B. Glaser in Circuit Court last Thursday to a teenager who was bound over for trial as an adult this summer on charges stemming from the rape and robbery of a Tecumseh woman at her home.

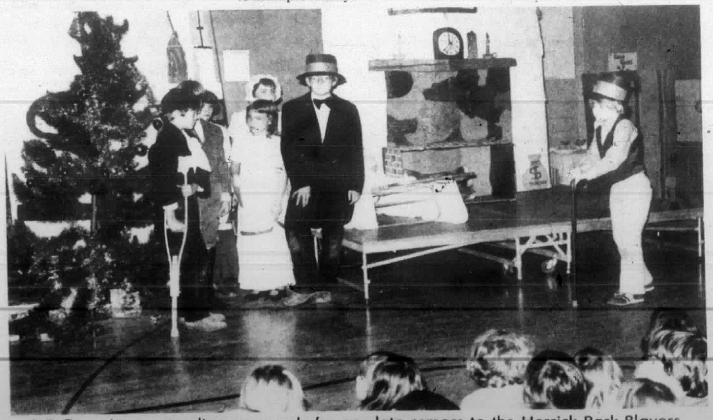
Michael Girard Brown, 16, a Detroit resident lodged at Boysville at the time of the June incident, received the sentence on a first degree criminal sexual conduct charge.

Brown had been facing three other charges, but these were plea bargained when he pled guilty in October to the sex charges.

Glaser's sentence included recommendations for counseling and also placement in an educational training facility.

OK Computer

Council approved Monday night the request of the Herrick Hospital Board to purchase outright a new Burroughs B-800 computer system for $62,055. New computer will offer addition capacity to the hospital's computer system.



S.R.O. — It was standing room only for any late comers to the Herrick Park Players production of "Scrooge". The cast, playing to a packed house, drew rave reviews from critics and audience alike. The performance was enhanced by lavish props and costuming provided by a dedicated backstage crew and music from the live orchestra pit lent the proper atmosphere. Pictured above, in a scene from the last act, are the Cratchett family; Tiny Tim - Don Chrisman, Cratchett daughters - Michelle Ford, Terri Wegner, and Shelly Lamons, Mrs. Cratchett (in bonnet) - Julie Foss, Bob Cratchett - Randy Pyzik and Ebeneezer Scrooge - Sean Lorichon. Four Are Injured in Local Accidents

Four Tecumseh residents suffered injuries in traffic accidents which occurred on city streets the past week. Apparently none of the injuries was serious.

A resume is:

Dec. 12 — Douglas A. Ketchum, 18, of 9811 Tecumseh-Clinton Rd., was cited for failure to yield after a mishap with Sandra D. Mayer, 43, of 716 W. Pottawatamie, in the intersection of W. Pottawatamie and Park St. Mayer was taken to Herrick Hospital by a friend for treatment.

Dec. 12 — Milton W. Wiedmayer, 72, Saline, was cited for an improper turn after an accident with Paul E. Cox, 32, Tipton, on W. Chicago Blvd.

Dec. 15 — Joseph J. Bartenslager, 37, of 315½ W. Logan St. was charged with a traffic signal violation after his vehicle was struck on W. Chicago at Union St. by Henry J. Wiesmann, 45, Palmyra. Bartenslager, a volunteer fireman, was responding to a fire alarm at the time. He and wife, Marilyn, 28, were both injured and taken to Herrick Hospital.

Dec. 17 — Mildred C. Chase, 70, of 205 N. Ottawa, suffered injuries when she was struck while walking across E. Chicago Blvd. and was taken to the local hospital. Thomas G. Gray, 22, of 607 N. Evans St., made a left turn off N. Evans into E. Chicago Blvd. when the accident happened. Gray was not cited.

Dec. 18 — Josephine F. Dusseau, 59, of 3720 Britton Hwy., was charged with running a red light at E. Chicago and Ottawa. Her vehicle was struck by Wendy K. Gainey, 30, of 114½ E. Pottawatamie.

Board Appointments Delayed by Council

Monday evening Tecumseh Council postponed until its regular meeting of Jan. 21, 1980, the appointments to the Civic Center Board.

Council has a nominee from the school board and Tecumseh Player to consider, as well as the names of 10 other community candidates for the seven member board that will include a member of city council.

Harry Cregers Celebrating

by Kathy Brown

"Merry Christmas" and "Happy New Year" are the greetings of the season. But for Mr. and Mrs. Harry Creger of 517 N. Union, there are additional greetings of "Happy Anniversary" and "Happy Birthday."

Dec. 23 the Cregers will celebrate their 65th wedding anniversary.

Dec. 24, Christmas Eve, Mr. Creger will celebrate his 84th birthday.

This year they will have three busy days of celebration ahead of them. Sunday they will celebrate their anniversary with family at Don's Beef Buffet. Monday they will gather for Harry's birthday at one of the granddaughter's and Tuesday, it will be the family Christmas party at another granddaughter's home.

Bertha Whaley, a Clinton native, and Harry Creger of Tecumseh were married Dec. 23, 1914 in Adrian at the courthouse.

They traveled to Adrian from Tecumseh by train in "the deep, deep snow," Mrs. Creger recalled.

A few days later they celebrated their first Christmas with her mother in Tecumseh.

The Cregers have made their present address their lifelong home. Mr. Creger has lived there since he was about two years old.

The couple has three children. Their two daughters are Mrs. E.J. (Maxine) Francouer, 714 N. Union and Mrs. Charles (Sinkey) of Dillingham Dr. Their son is Darwin Creger of 404 W. Brown St. They have five grandchildren and seven great-grandchildren.

The Cregers were introduced by his father. The young couple met while ice skating on the Red Mill Pond, a recreation activity they continued to enjoy in the early years of their marriage.

She was 17 and he was 19 when they married. Today she is 82 and he will be 84 next Monday. Mrs. Creger, who celebrated her birthday in June, smiled at the suggestion that theirs was a June-December romance.

Mr. Creger worked for the Tecumseh Products for 22½ years. He retired there 16 years ago. He also worked at the Cyclone Fence Company in Tecumseh, for Henry Ford's railroad and Macon farms. And a long time ago, he worked at the ice houses that were located at the Tecumseh Community Center when it was the mill.

Until about three years ago, Mr. Creger was an avid bowler. His wife enjoys reading true life stories such as biographies. They attend Tecumseh Friends Church, which was an important goal for her family's life, said Mrs. Creger.

"I don't believe you can just take your kids and leave them at Sunday school," she commented. "They've got to see you there in church with them, to make an impression."

Their home is cheerfully decorated with golds and greens in the kitchen and living room. It is bright and sunshiny with lot of light from the long, narrow frame windows, and it is cozy warm with their hospitality, too.

Though they don't consider their life extraordinary, the Cregers long marriage is a testimony to their care and concern for each other and their family. "It's a lot of give and take," Mrs. Creger said.

CELEBRATING COUPLE — Mr. and Mrs Harry Creger, 517 N. Union St. will celebrate their 65th wedding anniversary Dec. 23. In addition, Mr. Creger's birthday is Dec. 24. He will be 84 on Christmas Eve.

Stereo Is Stolen in B&E at Center

Complaints investigated by Tecumseh police the past week were routine with one exception, a B&E at the Community Center.

Officers on patrol discovered a rear garage door ajar Monday. Hinges had been forced off the door to gain entry. Once inside, pins were removed from an office door and a stereo system was stolen from the office.

Other complaints were:

Dec. 15 - Carol Cline, 2300 Occidental, reported a 42"x64" window broken by a rock in the Fox Photo building at 875 W. Chicago Blvd.

Dec. 16 - James K. Arft, 21, of 10378 Sutton Rd., was cited for having open intoxicants in a motor vehicle, and his passenger, Ronald F. Benham, 20, of 4871 Rixom Rd., for being a minor in possession of alcoholic beverages.

Dec. 17 - Michael A. Barrett, 20, of 601 Brook St., was cited for driving while his license was revoked.

Dec. 17 - Charlotte Boike, 9590 Ridge Rd., reported damage to her car while parked in the employees lot at the hospital. A screw driver was used in an attempt to pry off an outside mirror.

Dec. 18 - Eric G. Amstutz, 11075 Billmeyer, reported damages to the grill and a hub cap while his vehicle was parked in a downtown parking lot.

JA Company Is Named 'Outstanding'

Y.A.W.T., a Junior Achievement company, sponsored by Faraday, Inc., has been named the outstanding company of the month for the Tecumseh area.

Y.A.W.T. received this honor because of its efficiency in conducting a miniature business.

Fifteen local students and four advisors from Faraday, Inc. make up this mini-business. Their product is an attractive fire box lamp selling for $75.

By Dec. 1, Y.A.W.T. had sales of $1,000, and had realized a net profit of $.35 per share. The company began by capitalizing for $200 by selling stock in their company at $1 per share to the general public.

Company members are Tecumseh High School students Evelyn Campbell, Susan Compton, Diane Craig, Carolyn Cubberly, Cindy Every, treasurer; Richard Graham, v.p. sales; Margaret Mitchell, Derek Nahabedian, Scott Schafer, v.p. production; Wendy Scheirer, secretary; Julie Sheldon, personnel director; Lynda Sprague, Jacki Swanston, president; Lois Furry and Tim German.

The Faraday, Inc., advisors are Patrick Corso, Bruce Jones, Patti Peterson and Lynne DeJonghe.

The criteria for company of the month is based on attendance, sales profit, quality of board meetings, reports, public relations and record keeping.

Philip A. Volponi, executive director of Lenawee County JA will present a plaque to the company for their efforts.

Dump Beer, 3 Are Charged

Three Tecumseh men will appear in district court on charges of transporting open alcohol in a motor vehicle.

Michael Lee Martin, 22, 303 Outer Dr.; Tim Jack Mayers, 20, 716 W. Pottawatamie and Steven Mayers, 22, same address; were observed by Clinton State Police as they poured a quantity of liquid determined to be beer, from their automobile in the parking lot of Townsend II Realty office.

Officers had followed them from a nearby intersection.

Settlement Is Reached

Hollis Turnham and Paulette Stenzel, attorneys with Legal Services of Southeastern Michigan, held a press conference Wednesday to discuss settlement of the nationwide class action Underwood v. Harris.

According to the terms of settlement, approximately 400 Lenawee County families are eligible to share in $60 million. These families resided in federally subsidized housing complexes Village Green of Adrian, Carriage House, and Kiwanis Riverview any time during February 1, 1975 through September 30, 1977.

Eligible families are entitled to a rent refund which the Department of Housing and Urban Development and plaintiff's counsel estimate could reach up to $500 for each family.

The two attorneys discussed the history of the litigation and how to apply for the rent refund.

Ruettingers Host Party

Chapter AJ-P.E.O. members with their husbands had a Christmas party at the home of Bud and Olive Ruettinger Tuesday evening.

Their home was decorated in keeping with the holiday season.

After greetings and visiting the group adjourned to the family room where dinner was served to 33 guests.

Jane Gray, chairman, introduced the Rev. Dane Ruff and Mrs. Ruff who collaborated in showing slides of "Old Covered Bridges" taken during their travels.

Olive took pictures of the group also.

CHRISTMAS FOR OTHERS — Children from Herrick Park School brought a record number of canned goods and boxed staple foods for the needy during a recent canned food drive spearheaded by members of Mrs. June Stone's second grade class. According to local sources, Tecumseh Public Schools is one of the top donors of canned goods for county charities.

Pornography Is Topic

Problem of enforcement has shelved a petition of local ministers and concerned parents asking for a new city ordinance that would regulate the display of pornographic magazines on public newsstands.

In a verbal report to the Tecumseh Council Monday night, Police Chief Merlin Mowery explained that the Lenawee County prosecuting attorney's office and local attorneys advised him that enforcement of the proposed ordinance would be "tacking an expensive and most likely losing battle."

City Attorney Greg Forstoefel explained further that the problem with enforcement will focus on the definition of what is pornographic material and what isn't.

Though a local community may disagree with the publishers or readers, any material that has "socially redeeming value" would in all probability be exempt from the enforcement.

He warned the city that other communities, faced with similar problems, have spent in courts and several thousands of dollars defending their position with legal specialists in court battles to define pornography.

IS YOUR FAMILY HEALTHY? Answer the following questions honestly:

1. Is anyone sick in your family now?
2. Are you or someone else taking medication now? (Don't forget aspirin and other pain killers, too)
3. Do you feel run down, lack energy?
4. Do the children run fevers and get upset stomachs regularly?
5. Mom, do you have a problem with your monthly menstrual period?
6. Dad, how about your back or shoulder pains?

If you can answer "yes" to any of these questions, then it's time to correct the cause of your problem and correct it through skillful spinal adjustments. Once your problem is corrected, let chiropractic help you continue that good health with maintenance care on a regular basis. Only your chiropractor knows what is right for you. (S)He knows best what your health and body needs.

Season's Greetings from the staff at the Tecumseh Chiropractic Life Center.

Local Library Home for Tax Records

Tecumseh Public Library has become the new home for the city's older tax rolls, 1860-1948.

Tecumseh city hall recently gave the valuable records to the library, where they will be used by people compiling histories of their houses.

Pat Lamb, a member of the Tecumseh Area Historical Society, moved the 54 hefty volumes to the library.

Although volumes for the teens and 1920's are missing, coverage at other years from 1860 to 1948 is fairly complete.

Tax rolls 1949 to the present are still housed at city hall.

Tax records are valuable tools in dating the construction of older houses, stated Deborah Harris, library director.

Entries in each volume are listed alphabetically by property owner and include the assessed valuation and a description of the property and, frequently, buildings on the land.

A sudden jump in assessed valuation may indicate a house was added to the property and thus provides a clue for researchers trying to date a house.

To help them further, the library provides a guide, "Research the History of Your House," which is available free at the Circulation Desk. The guide was written by former staff member Patricia Eby.

"We are pleased that city hall has given the library this valuable addition to our historical room," said Miss Harris. "We're also grateful to Mrs. Lamb for moving the books. It was a dusty, back-breaking job!"

40-Year Collection

by Kathy Brown

"Schmidtville" is just about like any village in the Mid-western states.

It has an old town hall, a train depot, jail, supermarket, two banks, a motel, two restaurants, a five and dime, a few service stations, farms, church, several well kept homes and a skating pond and park. And just in time for the holidays, penty of the white stuff, snow.

Only visitors won't find Schmidtville located on any map, for you see it's only 9½ feet square. It's located under the Christmas tree at the home of Barbara Schmidt's son.

There's barely enough space in the living room to trot across the carpet and change the station on the television set.

Schmidtville is the 40 year old Christmas village collected by Barbara Schmidt.

"It's harder to put together than any jigsaw puzzle," Mrs. Schmidt admitted. "It usually takes a whole day to put it up. Sometimes we rest and finish it the next day."

"My family has enjoyed every bit of it. They still do," she added.

And there has never been an unfortunate casualty by little hands. Each of Barbara Schmidt's six children and 12 grandchildren have grown up appreciating it.

The oldest children have expectations that their own Christmas villages might grow.

The grandchildren, like grandson Shane, 16 months, are fascinated by it.

During a recent interview with grandma, his tiny eyes spied a white poodle amidst the snow of the village. The white on white one inch figure seemed to absorb all of his attention. His description of it was his proud contribution to the interview.

Mrs. Schmidt had no explanation of how or why the collection grew. It simply did.

Schmidtville experienced a boom time about 10 years ago. It grew 12 feet square. But as most things have, Schmidtville has felt the effects of inflation and age.

Mrs. Schmidt bought several of the plastic buildings in hobby shops and assembled them from kits, about one a year. Now the kits are harder to find and run over $3 each. The first houses were papermache.

One of the original pieces in the collection is a rubber car. There are several toy cars and trucks, some of plastic, others of metal.

The detail is fascinating to the visitor. There are stop signs, billboards, street lights supplemented by strings of Christmas tree lights lining the streets. There's even an orchard, a snowmobile and outhouses at the skating pond.

The streets are actually a black tarp that is covered with shredded styrofoam for snow.

"About the only thing I don't have is a motorcycle," said Mrs. Schmidt.

Of course the focus of the village is still the nativity scene under the tree with the Holy Family, thus creating a modern Bethlehem beneath the Schmidt Christmas tree for the past 40 years.

CHRISTMAS VILLAGE — Mrs. Barbara Schmidt and grandson, Shane, 16 months old, relax in front of the nine-foot square Christmas village at the home of Mrs. Schmidt's son, Bill, on Macon Hwy. The 40-year-old collection includes a number of features, such as street lights, stop signs, billboards and other attractions which are highlighted by a Nativity Scene.

'Wagon' Is Host for Yule Potluck

A Christmas potluck was held Dec. 13 by Welcome Wagon.

Pat Nicholson organized the potluck into a full course meal consisting of punch, appetizers, salads, main course and desserts. Recipes for these dishes were then sold.

Christmas doorknob covers were given as favors.

Five miniature Christmas trees were won as door prizes.

Hostesses for the evening were Teri Compton, Rose Barbre, Connie Carlson, Jane Silcox and Pat Orr.

Welcome Wagon used its funds to provide food for a needy family at Thanksgiving. The club has adopted four needy families this Christmas season and is providing them with donations of food and clothing.

Several sponsors of Welcome Wagon are also contributing to these families.

Next general meeting of Welcome Wagon will be Jan. 17 at 8 p.m. at the United Savings Bank, West Chicago office.

Dr. Jan Hoffer from Adrian College will speak on "Women and Stress". A book sale will also be held.

Readers who are new to the community or know of anyone who is, may contact Patsy Littlefield, 423-2035, or Carol Blaine, 456-4373, for more information about Welcome Wagon.

Fund Support Appreciated

To the Editor,

The board of directors of the Tecumseh Community Fund Foundation wishes to take this opportunity to thank all of the many, many people of the Tecumseh area for their generous support to our recent fund drive.

And too, our congratulations to the many volunteer workers for their time, their enthusiasm, and their dedication.

Although the work of the foundation is not directly associated with the holiday season, the spirit of the community and the results of the drive certainly reflect a holiday spirit throughout the year.

Many thanks to all of you.

Test Results Are Reported

Tecumseh's curriculum consultant, Wayne Kaiser, reported the results of the 1979 Michigan Educational Assessment Tests to the School Board Monday night.

The reports are not based on a national or state average, but allow local educators the opportunity to see areas where student learning is the lowest.

The tests have been taken in Tecumseh for four years now in grades four and seven and two years in the 10th grade. The state recently returned the results of the latest September tests and reported those results in 15 catagories, as they have in the past for both math and reading.

The catagories, for example in math include percentages, decimals and fractions, three areas where students here and throughout the state continually score low. Students also scored low in reading comprehension areas.

Kaiser explained the results Monday, using the percentage of students in the Tecumseh school system that passed 75 to 100 percent of the objectives. Students in that catagory are considered on the fourth level for state results.

In the fourth grade, 69.9 percent of the children were on the fourth level in reading in 1979. They answered at least 75 percent of the reading objectives correctly. That figure has been on a gradual rise since 1976 when the tests first started and the students scored 54.4 percent.

In math, fourth graders scored 83.4 percent. The 1976 percent was 82.3, with the results going down after 76 and then gradually back up.

In the seventh grade, 61.7 percent of students were tested on the fourth level in reading, a figure that started at 65.3 percent in 1976. That figure went up after 1976 and then down again to the present 79 percentage.

In seventh grade math, 57.3 percent of the students tested at the fourth level in 1976 and that figure has decreased until it reached 47.3 percent in this September's tests. This is the only catagory where Tecumseh rated below the 50 percent mark.

The tenth grade scores have changed little from 1978 to 1979. In reading, 78 scores were 63.6 percent and they rose slightly to 64.1 percent in 1979. In math, students in the fourth level dropped from 60.4 percent in 1978 to 57.5 percent in 1979.

Kaiser further explained that the state may recommend areas to the Tecumseh school district that need strengthening. If the recommendations come, the recommendations will most likely be concentrated in the fourth, fifth and sixth grade levels.

In those math areas, 82.3 percent of the 1976 fourth grade students scored in the fourth level and that figure dropped to 47.3 percent in 1979 when the same students reached the seventh grade.

Refuse Sacks at Center

Refuse sacks will continue to be distributed at the Tecumseh Community Center from the Lenawee Disposal truck by its personnel.

Dates are Dec. 22 and 29 from 11 a.m. to 5 p.m.

Refuse bags will not be delivered door to door this year.

Instead, residents will be asked to take their postcard notice for 1980 bags to the Community Center at 703 E. Chicago Blvd. on the above listed dates. The signed card must be presented for pick up by bearer.

Join us in a special prayer for peace in 1980, as our gaze turns to the future and the good things it holds.

A WHALE OF A CHRISTMAS TALE — Members of Nancy Griffin's morning and afternoon kindergarten classes joined forces with Jan Marsh's resource class to present the premier performance of The Christmas Whale, the book adapted for stage by Mrs. Griffin. About 60 students from the Sutton School classes prepared for the play, each with lines to say. They portrayed Santa's elves, reindeer, the animals of the forest, and of course, the voice of the Whale. The story line is about the time Santa's reindeer got the flu and the animals of the forest try to find a way to deliver Christmas packages. Finally, the great whale consents to deliver the presents to children around the world.

Parents Want Crossing Guard, Better Equipment

Two Ridgeway school parents attended the Tecumseh School Board meeting Monday night to request a review of Ridgeway's playground equipment. Also, they inquired about the possibility of a crossing guard on M-50 in the school area.

According to the parents, equipment at the Ridgeway school needs improvement and updating to put it in line with other Tecumseh schools. The request was passed onto the building and grounds committee by the board for investigation.

The request for the crossing guard was given to the policy committee for investigation. Parents suggested that if the costs could not be absorbed by the school district, perhaps a bus pickup would be possible, to taxi the students across M-50.

The schools presently have two crossing guards, one at Chicago and Union Intersection and the other on Adrian St., across from Tecumseh Acres. Both guards are paid by the city of Tecumseh and their liability insurance and benefits come from the city.

Ridgeway Township and the Ridgeway PTO initiated a crossing guard program in the 75/76 school year, but that experiment was terminated because of the added liability

Ruettingers Host Past Matrons, Patrons

Mr. and Mrs. Melvin Ruettinger hosted the annual Christmas party of the past matrons and past patrons of Tecumseh Chapter No. 51, Sunday evening in their Sunset Drive home.

Thirty-nine were present for the potluck dinner. Guests were seated at individual tables decorated with candles and holiday arrangements.

The buffet table was centered with a large decorated cake bearing the Eastern Star emblem and also noting the 45th anniversary of the Past Matrons and Past Patrons Club.

Carolyn Baker acted as mistress of ceremonies and introduced Thelma Frayer, who gave a short history of the club.

She stated that the idea of the club was originated by Aunt Adelea Lowe McIntyre of Holloway, who although blind, was active in many organizations and made her way around the village assisted only by a gold headed cane.

She called a meeting of several Masonic wives and the idea of the club was formulated. Mrs. Frayer wore an antique shawl which belonged to Aunt Dell, as she was called.

Ida Hartley and Kenneth VanValkenburg, the present worthy matron and worthy patron of the Chapter were guests.

Reader Writes

To The Editor,

I'd like to thank those who have taken the trouble to provide special Christmas blessings for Tecumsehites.

The city's beautiful, natural street decorations.

The merchants who have made our town glitter.

The many homes with candles glowing in the windows.

The new attractive telephone booth downtown.

The Tecumseh Service Club who unpublicized, help so many. Please keep it going.

Sincerely,
Mrs. Carlton Cook

Carriers Need Help

Rural mail carriers expect to deal with more than their share of snow and sleet and freezing rain, but Postmaster Bert Smith today reminded customers in the Tecumseh area that his carriers will need some assistance during winter months.

Rural carriers will make every reasonable effort to serve as many customers as possible during severe winter weather, but Smith said carriers are not expected to leave their vehicles and provide service on foot when roads, entire blocks, or other large portions of their routes are impassable.

Rural carriers are expected to leave their vehicles to serve temporarily blocked individual boxes where there is no risk of personal injury or unusual physical exertion," Smith said, but not when access to several mailboxes along a continuous segment of a route is blocked."

Smith said his office keeps in close contact with traffic and weather advisories to determine if delivery should be suspended on a particular day, and with highway department officials to make sure public roads are passable and in good repair.

"We need everyone's cooperation in keeping approaches to boxes clear of snow and other obstructions," Smith said, "so we can avoid cutting anyone's mail delivery even temporarily."

Cubberly Sinks 2 to Ace Win

Dave Cubberly was the "man of the four seconds" for the Indians Tuesday night as he dropped in two key free throws with just four seconds left on the clock to ice a two point Tecumseh victory over Ypsi Lincoln.

The two free throws put the Indians up by four and then the THS squad let Ypsi take the ball down court to score to end the game. Final score was Indians 68, Ypsi 66.

Tecumseh jumped off to a six point first quarter lead, 17-11 and held a three point edge at half, 32-29. Ypsi then got hot and dropped 20 points in the basket in the third frame and the Indians could manage only 10.

Tecumseh found itself down by 10 early in the fourth quarter and began a full court press that Ypsi could not handle efficiently. Two key steals each by Kevin Salters and Dave Duhan and drives by Scott Hans and Ron Smith aided the Tecumseh comeback. The Indians out scored Ypsi 26-17 in that last quarter.

High scorers for the Indians were Smith with 21, Hans with 15 and Scott Schafer with 14 points. Schafer also proved to be a key for the Indians Tuesday as he helped the Indians dominate the boards with 20 individual rebounds.

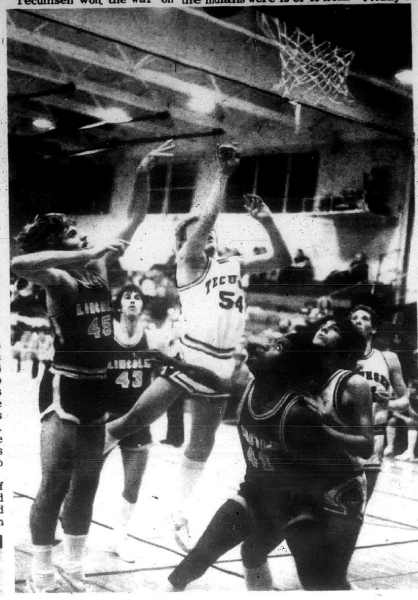
Friday's game did not have the happy ending Tuesday's had. The Indians lost to Grosse Ile, 51-47.

Tecumseh held a 26-25 half time lead, but then the Red Devils began to pull away and out scored the Indians 13-8 in the third frame. The two teams then dropped in 13 points each in the fourth frame for the four point Grosse Ile win.

Tecumseh won the war on the boards by a 30-23 margin with Schafer pulling down 13 to lead the Indians.

In scoring, Smith led the way with 19 points. Overall, the Indians were 15 of 40 from the floor for 37 percent. They hit 17 of 31 from the charity line.

The Indians are now 1-3. They play Gibraltar Carlson Friday at home.



SCHAFER SHOOTS Scott Schafer shoots two of his 14 points in Tecumseh's winning effort against Ypsi-Lincoln Tuesday night. The Indian win is the first of the season and Scott was instrumental in the win with his shooting and game high 20 rebounds. Many other players also deserve credit for the win, especially Dave Cubberly who dropped in two free throws with four seconds left on the clock to ice the two point Indian victory.

Sue Richter at Crisler

Sue Richter fans will be able to see the Clinton "star" in action Saturday as the Bowling Green women take on the University of Michigan team Saturday at 4 p.m. in Crisler Arena.

Richter, a freshman at Bowling Green, is playing approximately half the game for the young team and is averaging 8.5 points a game. Their squad is now 2-2 for the season.

The girls' game follows a basketball game between the U of M men and Western Michigan at 2 p.m.

THS Wrestlers Win 1, Loose 1

Tecumseh's wrestlers won a decisive match over Chelsea Tuesday, 38-21, but lost a close one to Milan Thursday, 38-36.

Tuesday, Greg Aranda set a new score record for the Indians with a nine second pin at heavyweight. Four other Indians won by pins. Three wrestled to decisions and two to draws.

Winning by pins for Tecumseh were Aranda, Ed Fisher at 119, Tim Day at 132, and John Southard at 138. Winning by decisions were Matt Barrett, Chris Silberhorn and Tony Turner. Stuart Williamson and Tim Stuewe each wrestled to a draw.

Against Milan, five Indians pinned their opponents. Winning by pins were Williamson at 112, Barrett at 132, Silberhorn at 155, Tim Connors at 185 and Aranda at HW. Southard won by a decision at 138 and Stuewe wrestled to a draw at 167.

Tories Suffer First Loss

Friday was not a good day for the Britton Tories as they suffered their first loss of the basketball season to undefeated Whiteford 58-48.

Britton came out cold in the game and scored only four points the first frame as Whiteford took a 16-4 lead. Britton topped the Bobcats by one, 11-10, the second quarter for the 26-15 half time score.

Britton began to close up to the score early in the second half when Randy Dusseau scored seven points, but the Whiteford team returned the high percentage shooting and quickly regain the momentum. That third quarter score left Britton with 21 points to Whiteford's 18 and then the Bobcats began to stall with the ball in the last half of the fourth quarter for the final 10 point win.

Dusseau was the high scorer for the Tories with 16 points. David Bruce was second high with nine. Greg Fanslau pulled down seven individual rebounds.

Overall, the Tories hit 20 of their 68 shots from the floor for 32 percent. In rebounding, the Bobcats held a slight advantage 29-25.

Earlier in the week, Britton clipped Pittsford 49-38, not by one point as reported earlier by the paper.

Fanslau and Bruce each dropped 16 points in the basket to lead the Tories to the victory.

Britton took an eight point lead at the end of the first quarter, 14-6, and never allowed Pittsford to get any closer than eight points the rest of the game.

Bruce also led the rebounding with 11. Overall, the Tories dominated the boards with a 41-25 edge.

As another year draws to a close, we thank you for your **friendship** and **goodwill** and sincerely wish you an abundance of **happiness, health** and **prosperity** throughout the New Year.

Redskins Up Record to 2-2

Clinton won two basketball games this week, beating Manchester Friday and Addison Tuesday to up their record to 2-2.

Friday, the Redskins pulled out at 58-54 victory in a rugged match. The Clinton squad was down by two, 25-23, at the end of the first half, but then pulled away in the third quarter. They scored 17 points to Manchester's 12 and held a three point lead at the end of that third frame.

Good defense continued to make Manchester shoot from the outside and fine free throw shooting by the Redskins gave the Clinton squad a one point fourth quarter edge for the final 58-54 victory.

Clinton scored 18 points in the last quarter, 14 coming on foul shots. Barry Yocum's steady shooting led the Redskins in that quarter as he sunk six of seven free throws.

Brian Dettling led Clinton scoring for Clinton with 16 points and Tom Foreman added 14. Overall, Clinton hit 20 of 55 from the floor for 36 percent And they were 13 of 27 from the line for 67 percent.

Manchester was 19 of 56 from the floor and 16 of 23 from the line. Manchester held a slight edge on the boards with 36 rebounds to Clinton's 34. Individual leaders in rebounding for Clinton were Dettling and Foreman with eight each.

Tuesday the Redskins beat Addison 53-41 with Dettling scoring 15 points to lead the way. Yocum and Kevin Cymes also hit double figures with 10 points each.

In that Tuesday game a shaken Clinton team allowed Addison to take a 14-10 first quarter lead. The Redskins then got going in the second quarter while Addison managed to hit only two of 15 shots from the floor.

Clinton continued on their hot streak in the third frame, hitting for 17 points and Addison continued their cold streak. Clinton then hit 11 points in the last frame and Addison scored 13 for the final 12 point Clinton victory.

Lose 37-31

Clinton wrestlers lost to Manchester Thursday by a slim 37-31 LCAA mark.

Winning for the Redskins were Rick Armstrong at 105 with a decision and Greg Parker at 112 with a forfeit in the lighter weights.

In the middle weight area, Lindy Grinnell at 145 pinned his opponent, Randy Wierich pinned his at 155, and Chuck Grinnell won by forfeit at 167. Mark Gerstler won by decision at 185.

Clinton played a good defensive game and dominated the boards with 45 rebounds. Yocum brought down 11 boards and Dettling got 10 rebounds.

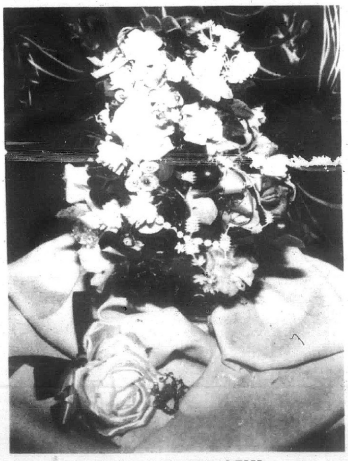
Overall, Clinton was 22 of 55 from the floor for 40 percent and they hit nine of 23 from the foul line for 39 percent. Addison hit a very cold 22 percent of their shots from the floor and sunk nine of 11 free throws.

Onsted Tops CHS

Clinton's freshmen opened the season with a 67-33 loss to Onsted last week.

High scorers for Clinton were Dave Gibson with 13 and Don Coward with 12. Chuck Mayse, Bob Jurasek, Don Mrause, and Bob Rhoem each added two points.

Next game is home Thursday against Manchester.



VICTORIAN CHRISTMAS TREE

Create Your Own Self-Styled Christmas with Leftovers

by Kathy Brown

Leftovers from the sewing basket and Christmas tree trim box can be recycled into a self-styled Victorian Christmas decoration for mantel or table.

All it takes is a cue from an idea by Venus Etter of Tecumseh and your own imagination.

Mrs. Etter used fabric flowers, especially velvet roses, velvet ribbons, miscellaneous strands of lace, miniature bells, charms and even pieces of jewelry.

The base for the tree is a styrofoam cone. The size of the tree will be determined by the cone and also the size of flowers and trims selected.

The tree is more attractive if displayed in a pedestal dish, but anything might be improvised as a base for easy moving.

For example, the base could be constructed by gluing together two glass ash trays of the same size and in proportion to the tree, then gluing the bottom of the cone to the ash tray base.

Simply push the stems of the flowers, bells and ribbons into the styrofoam cone. Charms may be attached by sewing to flower petals or use hat pins. Deck with lace as one would with tinsel.

The end result is a new table centerpiece of mantle decorations from materials that might other wise have been discarded or hidden away in the sewing box.

A Tussie Mussie and pommanders can add to the Victorian theme. Both are suggested by Greenfield Village. The Tussy Mussies and pommanders can be used to mark place settings for a Christmas dinner lunch, as hostess gifts or as stocking [illegible]

The pommander serves as both decoration and a room freshner.

To make an old-time pommander, take a ripe, thick-skinned orange. Take two lengths of narrow tape. Wrap these around the orange so they divide it into four sections. The tape will later be replaced with a colorful ribbon.

Take a large quantity of cloves and insert into the orange--except in the taped areas--until there are no spaces left between clove heads.

Place some orrisroot (if available) and cinnamon in a paper bag and place the pommander in the bag. Shake. Let pommander dry for two weeks without sunlight.

(Orrisroot is the fragrant root stock of any of several European irises used especially in perfumery.)

Replace tape with ribbon, allowing for a loop to hang pommander, which is now ready.

These can be easily made by children as gifts for grandparents of aunts.

The Tussie Mussie is a miniature arrangement of dried flowers and can be traced back to Victorian Times.

Boys would send them to their sweethearts and, because each flower in it had a specific meaning, a special message would be conveyed.

To make one, select a flower to be the center. A silk rosebud, carnation bud, etc. would make a good center. Next surround it with three or four straw flowers about ¼ to ½ inch in diameter. Add springs to statice, German statice and-or baby's breath. The stems can be elongated by wrapping flower stem to piece of florist's wire with florist's tape, green or white.

Now add a bow, attached with [illegible] hole in a paper doily, about four inches in diameter, large enough to slide it up the stems for a background. Wrap it to be the bouquet with florist's tape. Trim stems to all one length. Finish by wrapping all stems together with florist's tape.

Tussie Mussies can be used as package decorations, not only at Christmas but year around.

It's interesting to note that the celebration of Christmas as we know it today with gift-giving, card-sending and tree-trimming were not widely popular until the late decades of the 19th century. They actually came about due to the romanticism of the Victorian era.

America's changing Christmas traditions over 300 years can be seen in the decorations at the homes of Greenfield Village in Dearborn, from the simple decor Connecticut saltbox house to the lavish decor in the Susquehanna, Md. plantation home.

TUSSIE MUSSIE

Spokane Bluebirds

On Tuesday evening, Dec. 18 the Spokane Bluebirds had their Christmas party at the VFW.

They sang Christmas carols and presented their parents with fir branch door hangings.

The legend behind the fir branches was told.

The Christ child, with a fragrant branch of fir in His hand, wanders over the earth on Christmas Eve seeking homes where He is remembered and loved.

Whenever He finds such a home, He sees as a sign of this love a bit of fir in the window or door.

He then reaches forth His hand in blessings."

Mrs. Claus made a surprise visit and passed out gifts to all the children present.

The Spokanes from Sutton School that were present were Chris Bandurski, Sara Clark, Tammy Clark, Carmie Curry, Heidi Drow, Alyson Fogelsong, Kim George, Jenny Kastel, Wendi McCarty, Beth Menges, Jenny Righter, Brandie Rozsa, Annette Scudder, Kathy Vargo, Julie Dusseau and Jo Hartman.

The Spokanes from Herrick Park School that were present were Becky Ford, Kristen Knisely and Kellie Tirb.

The Spokanes from Tecumseh Acres School that were present were Jewell Cottrell, Jeni Hawkins and Chrissy Tooman.

They plan to go Christmas caroling and present fruit baskets, which they made, to their sponsors and adopted grandparents Dec. 22.

CONGRATULATIONS PERRY AND GENEVA — Friends and business associates gathered at the home of Vera Driscoll Dec. 10 to wish Perry Satterthwaite a happy birthday. He is 87. His sister, Geneva, celebrated her 85th birthday Dec. 11. Friends and neighbors from Rotary, St. Peter's Church, the hospital board, bank, Tecumseh city and township government and Perry's office greeted and honored the pair.

Immunization Deadline, Feb. 1

Tecumseh school system has held three free immunization clinics in conjunction with the County Health Department, but many students still have records that are not updated in the school system.

Supt. Robert Duhan explained to the School Board Monday night that the state requirement of immunizations requires that students without updated files by Feb. 1 must be excluded from school. Immunizations are not necessary if parents waive the shots for religious or medical reasons, but the waver must still be on file with the school system.

Parents with children in grades K-7 have been notified twice by mail and parents with children in grades 8-12 have been notified once by mail, if their children's records are incomplete.

The Lenawee County Health Department will announce two clinics in January in an attempt to finalize area records. Those clinic dates will be announced in the future.

The Sand Lake fire department and auxiliary held its annual family Christmas party at St. Joseph hall Sunday with 140 attending.

As dinner was served, all of the men had to leave for a rescue call. They arrived back about 30 minutes later to continue the party.

Members and children, after dinner, had a sing-along conducted by Tommy Hunt, son of Mr. and Mrs. Thomas Hunt, until Santa arrived.

All children visited with Santa and each received a gift. Each table was decorated with a Mr. and Mrs. Santa with gifts inside for each man and woman.

Children then saw movies and adults shared in a "This is your life Sand Lake fire department" program presented by Ollie Koons, Marian Krapp, and Bonnie McCollum.

The fire department was organized in 1962 and the first equipment was red buckets. Six of the original members still belong either in the fire department or the auxiliary, and were present, Charlie Rodgers, Marian Krapp, Marian Weaver, Verna Parkes, Loraine Oberst, and Esther Horton.

Each received a new red bucket. Pictures were shown of everything and everybody. Each fireman and auxiliary member received a joke award of something he or she had done during the year from burying a fire truck in the mud to running to answer a call.

There was a tie this year for fireman of the year and also Fire Flyes of the year, the winner's were: Howard Krapp and Charlie Weaver and Ollie Koons and Bonnie McCollum, each was presented with a trophy.

The auxiliary presented a shop vacuum cleaner as a gift to the men for the fire station.

Fire Chief Ken Koons presented a commercial coffee pot to the station as a gift from the family of the late Ken VanDoren.

The conclusion of the party was the drawing of the Christmas raffle which the Fire Flyes have been having for the last month.

The winner's were - Candlera, Tom McCollum, Onsted; Quilt, Susan Vaillancourt, Dayton, Ohio.

Dear Santa,
I am 5 years old. I have been good. I want race track, train.
David Davis

Dear Santa,
Hi, I've been good this year. I want a ball, a doll and a flower.
Pleas bring a bone and a new collar for my dog, Rex.
Merry Christmas and to all a good night.
Love,
Meigan Maher
Age 6

Dear Santa,
My Christmas wish is...Coral Sea weed.
Dear Santa,
At night we will put out some cookies and some milk.
Love,
From,
Jenny Schick

Dear Santa,
I want Mickey Mouse telephone. We are going up north.
From,
Erin Schick

Dear Santa,
I am 9 years old. I have ben very good and I love you And this what I want I want a Walkie Talkie: guns, Electronic, football, stuntcycle, Electronic Bowling, Mr. quarterback, Chutes away, [redacted] Star trek phaser guns, ENergized spiderman, Mathbox Speedtrack and a very Merry Christmas.
Jeff Davis

Dear Santa,
For Christmas I would like to have "PEACE" on earth. I would like this wish because I want the Iranians and Americans to be friends, and return the hostages. If my wish comes true all people will be friends and live happily.
I also wish, for my brother who had his tonsils out 2 weeks ago, to recover. My reason is that he is really a nic kid, and fun to play with.
If you will grant me these wishes, I will be extremely happy and grateful.
Your Truly,
Kristin

Dear Saint Nick,
My grandpa was killed last year.
My wish is for the person who killed him: I want you to give him some love and joy so he won't kill anybody else. You can take one of my best toys and give it to him. This way, maybe, it will make him happy so he wouldn't feel bad and left out.
Love,
Dianna

Dear Santa,
David Guild is in a coma in the hospital. He was hit by a truck while riding his bike.
He has had his birthday while he was in the coma and he will probably have Christmas in bed also.
I know it will take time but I "Hope" you can give his body a lot of power to heal.
Yours truly,
Bruce

Dear Santa,
I want the whold world to have friendship so there wouldn't be any more wars fights, arguments or bloodshed. The the world would be a better place to live.
If I could have my wish, I would try to spread joy all over the world fifty times or more because I would be so happy. Then there could be friendly westerns without guns or junk like that, so will you grant my wish or won't you?
I would be so happy if you could grant my wish because my brother and sister always pick on me and call me names and do stuff like that just because I tell good riddles and jokes and they don't and I win in monopoly and they say I cheat so grant my wish please.
Yours Truely,
David
P.S. Once in a while I try to get them back but I get into trouble.

Dear Santa,
I wish there would be peace on earth. It will probably be impossible but I wish would happen so the president can get he hostages out of Iran. If it did happen thee would be a big change in everyone's lives. People in Ireland would be safe. That's why it would be nice to have good will toward men, women, children and animals.
Your Friend,
Todd

Dear Santa Claus,
I will not be here on Christmas because I am going for a trip down Florida. I am staying with my Gamu. She has a house down Florida.
From
Jeff Cook

Ho, Ho, Merry Christmas!
I have been very good boy this year. I would like you to bring me a blue tractor. My brother Timmy wants a little blue tractor. And my little brother Bobby wants a little tractor.
I would also like a big choo choo train. I love you.
My Grammy wants a blue tractor, too.
Love,
Davy Havens

Dear Santa Claus,
I would like a pocket full of joy to my whole family. Santa, my mom needs all the joy she can get for she got laid off from work and our dad doesn't live with us anymore. Dad also needs some joy for he's always looking sad and unhappy. My grandma and grandpa need it too for they have lots of things on their mond. I need it too for all my friends to share. Thanks Santa. Have a Merry Christmas and a Happy New Year.
Yours truly,
Bonnie

Dear Santa,
Hi Santa! How have you been? Busy I guess. It must be hard for you this time of year. [illegible] is all I want for Christmas is a sewing machine. And I want you to spend Christmas Day at my house if you can. It would be so nice if you could. Will you tell Mrs. Santa Claus hi for me, the elves too, and I can not forget the reindeer. United Savings Bank is people.

Like Christine Fairbanks, Britton Office Teller.

Chris Fairbanks knows almost everyone who comes in the Britton Office of United Savings Bank. And no wonder. She and her husband, Douglas (no, he's not the swashbuckler of movie fame) have raised a family, lived and worked in Britton for over 30 years.

Chris is an energetic person. She served Britton Village as Treasurer for 7 years and was a columnist and news reporter for the Tecumseh Herald too. She is also a member of the Congregational-Christian Church where she is currently Assistant Treasurer.

When we opened our Britton Office of USB 6½ years ago, it seemed natural to have Chris join our staff.

Her experience with accounting procedures and knowledge of Britton area people has proved to be a valuable asset to both customers and bank alike.

If you haven't met Chris Fairbanks, introduce yourself the next time you're in our Britton Office. She probably already knows you and will make you feel very welcome. Chris is just one of the hard-working people at USB who cares about you.

Programs Cut in Clinton Schools, Board Studying Further Action To Save Money

CLINTON — Several parents were present at the meeting of the board of education, Dec. 12, when discussion was held concerning possible cuts in the school program, necessitated by the need to save funds to meet the requirements of the teacher contract increase.

Board estimates current school year will have a deficit of $84,000, which can be reduced to $17,828 by using the fund equity. Cuts in program need to offset this amount, it was explained by the board.

Supt. Richard Wegner emphasized that the fund equity will be completely wiped out with no additional funds for emergency needs. At this time a project is being studied to insulate and board up some of the windows in the old section of the Middle School that has become a hazard and has a large heat loss. The thousands of dollars for this must come from somewhere Wegner said.

After considerable input from the parents present, the board voted on the following cuts in program:

+ Junior high track
+ One full time library aide
+ All educational and non-educational field trips
+ Secretarial time at the Middle School and Elementary cut by 2½ hours
+ Junior High cheerleading
+ Ninth grade cheerleading
+ Junior varsity baseball

Also Supt. Wegner was granted authorization to purchase only those items necessary to run the district, and to look into the possibility of cutting high school remedial programs, math coordinator position, entire basketball program, volleyball program and remainder of junior high sports.

Board was informed that teachers had ratified the changes in the contract for 1979-80 and 1980-81. Board voted to approve the addendum and salary schedules for the years as presented.

Board voted an eight percent increase for all cafeteria personnel. At present, revenue exceeded expenditures and is necessary lunches would be raised five cents.

An eight percent increase was granted to all central office secretaries.

An increase of 9.8 percent was voted for transportation supervisor, bus mechanic, Bill Jedele, to raise him to the equivalent of the maintenance engineer.

Work schedule had been discussed with the principals as a previous meeting, Dec. 10, and Supt. Wegner brought to the attention of the board that principals work five extra weeks more than teachers and put in many more hours after school than regular staff.

Board approved the recommendation for a $1,800 raise to all administrators excluding the superintendent.

The average certified teacher staff member will get a $1,680 increase this year, which figures out to 11.9 percent.

Supt. Wagner stated he felt comfortable with his present salary and asked that he not be given an increase this year. Issue was tabled until a later date.

Board approved authorization for the Village of Clinton to make a utility easement along the western edge of the High School site from Kehoe Rd.

A communication has been received from Bob Inman, hourly personnel union representative, requesting that negotiations for all custodial, secretarial and bus drivers be reopened for the year 1979-80, since he felt the increase granted to these hourly groups was not sufficient, when compared to the recently negotiated increase to teachers.

Wegner stated he felt that this type of move would gain nothing for either party and that in the spring, when contract negotiations are opened for the 1980-81 year, the board will deal with the situation then.

Candidates File

CLINTON — Petitions filed by candidates for village office, Tuesday, were for:

Two year terms, president, George Bowman; treasurer, Sherry Campain, Little Acorn St.; clerk, Evelyn Harrison, incumbent, all Republicans. Two year terms, three trustee positions, Richard Dixon, incumbent; Glen Robinson, Water Wheel Estates; Frederick Miller, Tecumseh Rd.; Jimmie Clark, 222 W. Michigan Ave., all Republicans; and Thomas Parr, Tyrrell St., independent.

One year term, one trustee, Ed King, Smith-Kimball Community Center Board; two trustee positions for three year terms, Martin Hoelzer, Genevieve Reilly, incumbent; Shirley Campbell, all Republicans, and Ernest Olds, Water Wheel Estates.

These nominating petitions could not be certified by press time.

A primary election will be held Feb. 18.

Ing Resigns

CLINTON — At a recent meeting of the Clinton Township Library Board, the resignation of Shirley Ing was accepted.

Board named Robert Braden to fill the position on the board, until the 1980 election. He is a former township treasurer and served as a library board trustee.

Board re-elected all the officers: president, John Colton; vice-president, Esther Schmidt; and secretary, Karen Bolgos.

Idea Works

CLINTON — A novel idea by Jane Holt worked out well, Saturday, as 40 pairs of ice skates were exchanged at a session at the Community Center.

Besides individuals bringing their own skates, Clinton Area Jaycees brought in nearly 70 pairs of skates, which had been donated to them, and many of those were exchanged.

Another exchange day may be held after Christmas.

Helping with the project were Sharon Scott, Pat Deude, Joan and Jenny Reeve, Kelly Pawlak, Nick, Jane and Diane Holt.

The ice rink will be filled as soon as weather permits.

Citizens Complain

CLINTON — Several citizens who reside in Oak Tree, Inc. subdivision were present at the meeting of the Village Council to complain about the workmanship in some of the houses being built there.

They requested closer inspection and that the builder be required to correct the faulty workmanship.

Council will seek legal advice before considering action.

Council gave approval for the application for Farmland Agricultural P.A. 116, designation by Virginia Thomas, for land on Clinton-Macon Rd. Final approval will come from Clinton Township and State of Michigan.

Holloway Happenings

by Helen Smoll

HOLLOWAY — The Raisin Slickers 4-H Club, enjoyed caroling, preceded by Christmas party and dance.

In January they plan group roller skating as an activity. Jan. 24 the 4-H project parents annual meeting will be at the Extension Center.

Mall day was discussed. They will have a booth and bake sale Feb. 16.

—

The 4-H Service Club went to Frankenmuth recently Dec. 17 at 7:30 p.m. there was a meeting at the Extension Center. Canned goods were brought in for some needy family.

Any teenager from 13-18 is welcome to attend their meetings, the third Monday of every month.

—

Mrs. LaVern Moll, hosted the Main St. Friendship Club, with a Christmas dinner party. Gifts were exchanged. Her home was beautifully decorated in keeping with the holiday season.

The club decided not to have a January meeting.

—

An oyster and chili supper was held at the Raisin Presbyterian Church of Holloway. The group sang carols and decorated the church.

—

Mr. and Mrs. Carrol Wilson had dinner guests Saturday, Mr. and Mrs. Harold Munger of Lansing.

—

Arthur Golembiewski entered St. Joseph Mercy Hospital in Ann Arbor, Sunday, as a medical patient.

Emily Faust and son Charles, hosted the annual oyster dinner and open house Sunday. This is a tradition and has been for 80 years or more for the Peter Schneider family.

Mrs. John Young is a granddaughter of the late Mr. Schneider. Other relatives attended from Riga, Tecumseh, Blissfield, Adrian, Britton, Palmyra and Toledo, Ohio.

—

Pam Young and Todd Shandley attended the Adrian High Sub-deb dance in Adrian, held at Ritchie Hall.

—

The Around the Block Extension Club had their Christmas dinner at Bonanza, in Adrian and then returned to the home of Dianne Wegner. Co-hostess was Jean Glenn.

Bingo was played and prizes were won. There was a gift exchange of hand made items, followed by refreshments.

Anticipate Higher Utility Bills

Consumers Power Company announced today that electric bills are anticipated to be significantly higher over the next three months as a result of higher fuel and purchased power costs which the utility has experienced.

K.L. Chichester, manager of the company's Adrian district, said electricity costs for the months of December, January and February will be higher than in recent months.

As an example, he stated that the December bill for a residential customer using 500 kilowatthours of electricity will be $26.68, compared to $21.54 for the same amount of power in November.

Chichester cited increased use of coal and oil to generate electricity and the purchase of large amounts of power from other utilities as the principal reasons for the higher bills. The increased use of fossil fuels and the power purchases result from a reduction in nuclear-generated electricity during the past three months.

Chichester noted that under Michigan Public Service Commission rules, fuel costs above a specified base and costs of power bought from other utilities are not included in the customers' bills until three months after they are incurred by an electric utility. The MPS further restricts utilities to pass on only 90 percent of those costs, on which the Company makes no profit, to customers.

Chichester said the bills for December reflect fuel and purchased power costs incurred last Setpember when the 740,000-kilowatt Palisades plant was shut down for refueling and maintenance and the Company's 63,000-kilowatt Big Rock Point nuclear plant was out of service for repairs.

Spend $500 On Playground

BRITTON — The payment of monthly bills totaling $7,047 was authorized by the Britton-Macon school board, at the Dec. 13 meeting.

The board approved spending $500 for elementary playground equipment.

The board will share the cost of purchasing a tuba with the Tory Band Boosters.

The balance of the 1975 Building Fund ($437.43) will be used to upgrade the sound system in the gymnasium.

Schneider's Frame and Axle was the low bidder on a 1980 school bus chassis. The price of the chassis was $12,153. The total cost of the 65 passenger bus will be $21,343.

Payment of $24,885 to Maumee Structures, Inc. for work done to date on window alterations was approved by the board.

Package Boxes for Shut-ins

RIDGEWAY — Fourteen teenagers from the Ridgeway Church of the Nazarene packed boxes Dec. 12 for the Sunday morning program.

The boxes that were left over were taken to shut-ins and people at nursing homes.

The Adult Sunday School class held a Christmas mystery dinner Dec. 15. It was attended by 50 members.

The dinner was enjoyed even when the adults didn't know what they were getting.

After the dinner, games were played and everyone sang songs with Christmas gifts exchanged later.

The dinner was directed by Jenni Szabo with the teens serving.

Present 'Joys of Christmas'

RIDGEWAY — The Ridgeway students, under the direction of Kaye Bowman, music teacher, presented "The Joys Of Christmas" Dec. 22.

Christmas songs were sung by each class to a packed gym of parents, teachers and friends.

The sixth grade band also played during the concert under the direction of Richard Reamsnyder, band instructor.

A Christmas sing-a-long was enjoyed at the end of the concert by everyone in the gym.

Jannette Meyer, fourth grade teacher, played piano for the students during the concert.

Refreshments were served to the students after their performances.

Memoriam

In loving memory of our father and grandfather John F. Marine who left us suddenly 11 years ago Dec. 19, 1968. When sorrow comes as it must, in God we must place our trust, no voice however sweet and low can comfort us or ease the blow. We must believe throughout the test that God has willed it for the best. And truly knows the reason why, so beautiful a soul must die.
Deeply missed by his children and grandchildren
12-20p

In loving memory of Linda Lee Williams beloved wife, mother and daughter who passed away December 20, 1978.
Her loving face we hoped to see again though the days have passed away. Sleep on dear wife, and take your rest, They miss you most who loved you best. Sunshine passes, shadows fall, Loves remembrance out last all. And though the years be many or few, They are filled with remembrance dear of you.
Sadly missed by her husband, children and parents.
12-20c

Memoriam

In memory of Virgil Bortel who left us Dec. 20, 1974.
My world is smaller now that you are gone, With one less love I can depend on, I'm crushed beneath a thousand things unshared; The knowing you were, reachable, and cared. Grief echoes through lonliness with empty space inside, Where small regrets and angers dart and hide. I wonder if you see me try and play my part; And if you know the sorrow in my heart. I doubt, I reason, and at last I pray. To see beyond today and yesterday - Then, gently as a breeze on curtain lace, I feel your presence in my empty space. Proclaiming wordlessly, death isn't so - And my spirit answers back, I know, I know.
Edna Bortel

Macon News

MACON — The Priscilla Circle met last Tuesday evening in the seasonally decorated home of Emogean Morden for it's December meeting.

After a short business meeting, Hallie Jane Mehler played Christmas carols for singing. The 12 members, minister Martha Cargo and two guests enjoyed Santa's helper, who had just returned from a trip to Hawaii.

She was appropriately dressed, complete with sunglasses and grass skirt, but as she had to return to the colder temperatures of Macon, wore snow boots instead of being barefoot.

After the regular gift exchange which followed the funny one, holiday refreshments were served by the hostess at the decorated tables.

Kenneth and Marie Frost announced the arrival of a new granddaughter, Kendra Joelle Summers, born Dec. 4 to Dr. and Mrs. Fred Summers of Alameda, Calif. Mrs. Summers is the former Susan Frost.

++

Mrs. Donald DeJonghe entertained 23 members and guests for the annual Christmas brunch of the Macon Women's Club at the home of her mother, Mrs. Charles Bigelow, Dec. 13, 10 a.m.

President, Mrs. Russell VanValkenburg opened the meeting with the salute to the flag, followed by devotions which included an article about the early life of Christ.

Group singing of several Christmas songs was accompanied by Beth DeJonghe.

Gifts were exchanged and a car was signed for Celestine Riddel, a former member who has recently moved to New Mexico.

Guests were Mrs. Miner of Tecumseh, Mrs. Busch of Clinton, Mrs. Studnicka of Blissfield, Mrs. Downing of Britton and Mrs. Gilmore, Mrs. Moore, Mrs. Pilbeam and Mrs. Youngling of the Macon area.

Honorary member, Martha Cargo of the Macon United Methodist Church was also present.

Mrs. VanValkenburg asked that members bring items for the patients at the Medical Center near Adrian.

Next meeting will be Jan. 10 at the home of Betty Ross for a potluck luncheon at 12:30 p.m.

++

Judy Thomas was home from Ypsilanti for a long weekend, celebrating her 21 birthday Dec. 17 at the home of her parents, Jim and Phyllis Thomas.

Phyllis and daughter, Jayne, had just returned from Lansing, where they joined Phyllis' mother, Mrs. Rupert Hadley of Plymouth at the home of her sister, Alice Debler.

The three generations of "girls" spent four days baking an assortment of Christmas goodies.

The Macon United Methodist Sunday School Christmas program "Keeping Christmas" was held Sunday evening, Dec. 16.

Ways of keeping Christmas: "Christmas Acrostic" was presented by the first and second grades; "Blessed Are They", first and second grades; songs, "On Christmas Day" and "The Friendly Beasts" and "Christmas Packages", gifts from God and Jesus by the third and fourth grades were given.

The congregation joined in singing Christmas hymns played by Howard Mehler at the organ and Lois Harsh at the piano, while a living pageant by the youth group, with adults assisting, was held. Rick and Diana Ruhl and infant son, Ryan, portrayed the Holy Family. A reading, given by Evelyn Hawkins, chairman of education followed.

A living Christmas tree from members of the community, including representatives of Boysville, ended with everyone singing "Joy to the World".

Gadek Addresses Local School Board

Greg Gadek addressed the Tecumseh School Board Monday night, asking that envelopes be used by the schools when passing out report cards.

The school system stopped mailing the reports a number of years ago to save postage costs and since have hand distributed them. Since the 1977-78 school year, envelopes have not been used.

Gadek requested that envelopes should be used to keep the progress reports as private as possible.

Lacny Tours Marine Bases

Tecumseh High School Principal Clarence Lacny recently returned with 60 other educators, counselors and media representatives from a five day tour to Marine bases in Southern California Dec. 11-15.

The purpose of the trip was to provide the group with a first-hand look at the life styles, training and educational opportunities in today's Marine Corps. With the review, the educators are able to let the youth of their area know of opportunities available to them.

While in California, the educators toured the Marine Corps Recruit Depot, San Diego, and Marine Corps Air Station, El Toro, Santa Ana.

The group of 60 started their tour, Tuesday, Dec. 11 with a luncheon at the Selfridge Air National Guard Base Navy Enlisted Club. From there, they boarded a jet to the Naval Air Station at North Island.

After exploring the San Diego area the rest of the day Tuesday, the group began a busy tour Wednesday and continued their visit Thursday at the Marine Corps Air Station, El Toro. The educators were able to view every phase of the Marines.

Friday the pace slowed after the visitors were treated to a recruit parade and musical performances. Saturday everyone boarded the buses for the trip to North Island and the flight back to Selfridge and Michigan.

The trip was especially pleasing to the Tecumseh High School principal as he was able to attend a recruit graduation Wednesday with the rest of the group, a graduation that included his son, John.

LISD Ratifies

At a special meeting last Wednesday, the Lenawee Intermediate School District Board ratified contracts for Vo-Tech and Special Education teachers.

Increase was about nine percent each year for a three year term.

Salary and wage increases and adjustments for non-union employees were also approved.

Finally, the board will seek bids for the bus garage at the Milton C. Porter Special Education Center. Bids will be considered Jan. 7.

Thru My Window

BY MARDA GENE DUNCAN

"This is a day the Lord has made — rejoice and be glad in it!" Not a bad affirmation with which to start each and every day. The past three years have not been as Mom and I would have ordered. Dad passed away in '77 and since then I have had three sessions in the hospital.

Nevertheless, life is good and there are few complaints; in fact, Mom and I both agree that we have oh, so very, very much for which to be grateful.

Once again it is the time of year when it behooves us all to spend a few quiet moments re-thinking our priorities and re-evaulating our faith. For us it takes but a quick look outside to believe that yes, indeed there is a Power greater than ourselves.

When the glorious autumn color show is over and the leaves are down we rediscover sunsets. How beautiful and how spellbinding they can be. And when winter comes, snow is sure to follow.

On a bright sunny morning when cardinals and chickadees visit the feeders, which are blanketed under fresh fallen snow, it is hard to remember that anything else was ever as lovely.

Then comes spring with its warm weather, its explosion of flowers, and its awe inspiring bird migration. Robins, orioles, and all their fellow travelers are most welcome.

Summer is a blessing of porch living, watching birds raise their families by day, and enjoying the fireflies' light-shows in the evenings.

Fall brings pretty color and an exchange of summer birds for winter ones.

In other words, the world we see through my windows, be they the glass of winter or the screen of the porch in summer, is incredibly varies. Always there is something to see, to enjoy, to study. Often there is a challenge and always there is inspiration.

Oh, of course this is not a Pollyanna world and there are, quite naturally, days of dark moods and spells of discouragement. Both Mom and I have found that a few quiet moments looking outside sets things straight again.

So why then does a wise Creator who showers us so abundantly with such beauty and loveliness allow seem...ly cruel and tragic things to happen.

Well, a long time ago Mom, Dad, and I decided it was not meant that we should have all of the answers or know all of the reasons.

By now I am sure that most of you know my story. An automobile accident and spinal cord injuries left me paralyzed from my neck down.

But, God never closes one door without opening another. So, when one door closes, it is up to us to find the others which are open. The search will be all-consuming and leave no time for self pity or bitterness.

One of my open doors has been, of course, bird watching and as a spin-off from this there has been the opportunity of writing these Through My Window columns.

To share with others is a joy. Please believe me that just as bird watchers enjoy watching birds they also thoroughly enjoy comparing notes with each other. Thus not only have I told you about wood duck visits and evening grosbeak invasions but you have been most kind in telling me of your adventure.

I thank you all for the notes, letters, and even phone calls. I am only sorry that it is impossible to answer each and every one.

There now remains time and space for but two things. First I would like to quote the short Serenity Prayer which has been all important to the Duncans.

"God grant me the Serenity to accept the things I cannot change/the courage to change the things I can and the Wisdom to know the difference."

Finally, Mom joins me in hoping that you all have a beautiful holiday season. May your Christmas be full of good [illegible] and in the New Year we hope your lives will be full of peace and happiness. Good bird watching too!

RICHARD McROBERT

Onsted Graduate Hired as Britton's Village Manager

BRITTON — Richard McRobert, a Lenawee County native, was hired as village manager Dec. 17 by the Britton Village Council.

McRobert will be employed in the village under the Public Service Employment program of CETA, for 78 weeks, or approximately 18 months.

McRobert, an Onsted High School graduate, has experience in his field as an administrative intern with the city manager of Plainwell, Mich.

His experience included federal grant preparation, personnel policy and purchasing policy development.

A 1979 graduate of Western Michigan University, Kalamazoo, McRobert has a masters degree in public administration.

He received his bachelor of arts degree in political science from Siena Heights College, Adrian in 1976.

In his role as Britton Village Manager, McRobert will assist council in developing projects for the community and coordinate projects with funds available through federal state grant programs.

He said he plans to institute professional management techniques to serve village residents.

"Already, I am enjoying the friendly, close atmosphere of this small village. If the rest of the community is as concerned and committed to the village as their Councilmembers, then I am looking forward to an exciting and productive tenure as manager," said McRobert.

"I hope to maintain an open and responsive relationship with the community. If any resident has any questions or concerns which they would like to discuss, they can stop by the village council room on Monday through Friday, from 8 a.m. to 5 p.m. or call 451-2860," McRobert stated.

Membership Drive Starts

Tecumseh Area Chamber of Commerce started its annual membership drive last week when letters were sent to present and prospective members.

There are approximately 250 potential members in the area, and they're being asked to pay their memberships by Jan. 15th.

Chamber is the only organization here actively supporting local industry and business, and memberships are necessary for most of their functions, many of which not only affect business but the community as a whole.

Long Distance Circuits Added

General Telephone Company personnel have completed installation of 48 additional long distance circuits between Adrian and Tecumseh, Les Moench, Jr., division manager for the company has announced.

"This addition was needed to meet the continued growth of long distance calling to and from our Adrian and Tecumseh exchanges," Moench stated.

Installed at a cost of $23,700 this addition is designed to meet present and future growth requirements.

General Telephone Company presently provides service to 18,630 customers in the Adrian and Tecumseh exchanges.

Chamber Plans Special Meeting

The Tecumseh Area Chamber of Commerce will hold a special meeting Thursday, Jan. 3, 1980, 7 p.m., at the main office of United Savings Bank (Evans St. entrance) for the purpose of organizing and planning for 1980.

Also at this time, the proposed budget for the new year will be discussed and Chamber committee appointments ratified.

Because of this special meeting, the next regular monthly meeting for the Chamber will not be held until Thursday, Jan. 10, 7:30 a.m., at Don's Beef Buffet.

One of the topics to be discussed at this time include the Michigan Artrain which is scheduled to be in Tecumseh April 14-21, 1980.

Early News, Ads

The Herald's business office again will close early next week at 12 noon on Monday. The newspaper will be printed as usual on Wednesday, day after New Year's day, and will be on the newsstands that afternoon and in the mail for Thursday delivery.

Early news and advertising copy will be necessary to meet deadlines, and cooperation is asked.

Concealed Weapon Plus Other Charges Faced by Mississippi Man

Gordon G. Barta, 29, of Gulfport, Miss., probably wished he had stayed home after Tecumseh police arrested him at 1:18 a.m. Sunday.

After being stopped on Russell Rd. for driving left of center, officers discovered a loaded .38 caliber revolver under a front seat, 12 marijuana cigarettes, open intoxicants in his vehicle and a fuzz-buster.

Barta has been charged with carrying a concealed weapon, but other charges are pending. His passenger, Steven A. Wagner, 29, Adrian, was cited for open intoxicants in a motor vehicle.

Wagner was released by local police, but Barta was lodged in the county jail. He was the second driver within a week to be arrested on a concealed weapon charge.

About 2:30 last Friday morning, police stopped Paul F. Rohlan, 35, of 2985 Gady Rd., for erratic driving on S. Evans. He was not only charged with drunk driving but also for carrying a concealed weapon.

Rohlan was wearing a shoulder holster under his coat when stopped. Officers then discovered a loaded Colt .357 magnum revolver in his vehicle.

Nine other complaints were handled the past week, including four involving intoxicants and one B&E. Resume is:

Dec. 19 — Jay Tressler, 311 W. Chicago Blvd., told officers that entry had been gained into the kitchen at his residence and approximately $211 taken from a purse and wallet there. Entry was gained through a rear door.

Dec. 20 — A door at Cal's Tog Shop was kicked in but apparently nothing was taken.

Dec. 20 — Arthur W. Sommers, 63, of Raisin Valley Estates, N. Adrian Hwy., was cited for driving under the influence after driving in the wrong lane on S. Evans St.

Dec. 20 — Dennis Knight, 32, of 1204 Shady Lane, reported a damaged mail box.

Dec. 20 — William L. Dove, 31, Petersburg, was arrested for drunk driving after driving over a curb on S. Occidental. Two passengers, Albert F. VanVoorhies, 27, Temperance and Duane M. Labun, 26, Ottawa, were cited open intoxicants in a motor vehicle.

Dec. 22 — Robert M. Boss, 19, Port Richey, Fla., was cited for being a minor in possession of alcohol, and his passenger, David D. Merrick, 23, Adrian, for open intoxicants in a vehicle.

3-Day Rainfall Here Equaled 18" of Snow

Seldom does the area enjoy Christmas without snow, and Tuesday was one of the exceptions - thanks to mild weather.

According to city records, Tecumseh had 1.79 inches of rain Saturday, Sunday, Monday and to 8 a.m. Tuesday, Christmas morning. If converted to snow, we would still be digging out.

City manager Cal Zorn says one inch of rain equals approximately 10 inches of snow. Simple arithmetic shows the rainfall could have meant nearly 18 inches of snow.

A little bit of the white stuff would have been welcomed, but 18 inches?

City Council Reorganizing January 7th

Tecumseh City Council will have its reorganizational meeting for the new year Monday, Jan. 7 at 7:30 p.m. at the city hall.

New councilmembers are William Frownfelder and Richard Montcalm with Harold Easton returning to council after the November 1979 election.

Council will elect the mayor and mayor pro-tem.

Other councilmembers are Jay Tressler, Mary Bowers, Carlton Cook and James H. Palmer.

The regular meeting of Tecumseh city council is expected to follow the reorganizational meeting. Both are public.

GM Reports Jumps in '79 Employment, Wages at 2 Plants

General Motors plants in Adrian and Tecumseh pumped a record $46.4 million into the Lenawee County economy in 1979. The 1979 totals were a dramatic 29.6 percent ahead of last year's $35.8 million record.

William H. Siegmund, Fisher Body-Tecumseh plant manager and chairman of GM's Adrian/Tecumseh Plant City Committee, reported the average employment for the two GM plants was 1,492 people in 1979, up from 1,427 last year. Payrolls in 1979 totaled $33.7 million — up from the $26.3 million figure of 1978.

Siegmund said area suppliers from whom the GM plants purchased goods and services rose to 265, up 15 from the previous year. Purchases from local suppliers totaled $12,660,000, compared with last year's figure of $9.5 million.

"The economy of the nation remains fundamentally strong, despite the continuing problems of inflation, energy and some current signs of sluggishness," Siegmund said. "With the exception of housing and automobiles, there have been few signs of weakening in the general economy. Automobile sales should stabilize in the new year and strengthen as the year progresses."

Siegmund continued, "We at GM are confident in the underlying strength of the U.S. economy as we enter the decade of the 1980's. We also believe that the strong sales recorded in 1978 and early 1979 are indicative of both, the long-term demand for personal transportation and the degree of acceptance accorded the new products being introduced by the automotive industry."

Other highlights of the local GM year-end statement include:

- Lenawee County United Fund and the Tecumseh Community Fund Foundation received pledges of $100,975 from the Fisher Body and Chevrolet employes and the General Motors Foundation.
- Employes purchased $520,000 in U.S. Savings Bonds through the payroll deduction plan.
- Employes were awarded more than $28,000 under terms of the GM Suggestion Plan for ideas to improve quality and efficiency.

Smoking Blamed in $2,000 Fire

Fire damage of $1,000 to the house and $1,000 to contents occurred here early last Friday morning when firemen responded to a blaze at 110 W. Shawnee.

Martin Chavez Jr. apparently fell asleep while smoking on a couch. He carried the burning furniture outside before firemen arrived.

He was treated for burns on his hands at Herrick Hospital and released.

Keith Family Discovers 'Past' in Attic

by Kathy Brown

Twas the week before Christmas when all through the Willard Keith House, 410 E. Logan St., there were ohhs and ahhs.

The family was cleaning its attic, making way for packages of Christmas ornaments when what to their wondering eyes did appear but a time capsule of sorts.

"At first there was this newspaper," said Mrs. Keith, still unbelieving and holding up an 1880s copy of a never before heard of journal: "Then we reached inside between the layers of the floor and started pulling out more and more of it."

Her husband, a Tecumseh Products employee, located a remnant of a 142 year old math book. "He said, 'Oh, look at this.' And I said, what is it? What is it? We couldn't believe that it was 142 years old."

"It may not all be worth anything to anybody else," admitted Mrs. Keith, "but it still makes me feel kind of good that it is here and that something lasted this long."

That fragile remnant of a math book was one of the oldest items believed to have been left behind by the Richard and Louise Holdway family with sons, Edward and Thomas. They were among the first owners of the Keiths' century plus home, according to the property abstract.

Coincidentally, it is located across the street from the Musgrove Evans home, the oldest in Tecumseh.

The rest of the Keith family — Jeff, 14, Tina, 13 and David, 10 — is just as intrigued by the assortment of historic leftovers.

Most of the items are what one might describe as "business souvenirs" or tokens, like calendars and almanacs.

Some of them bear the names of Tecumseh area businesses including druggist J.W. Patterson, for which the Tecumseh Public Library did not have a record, on first check.

Mrs. Keith said that she didn't know what previous owners might have found or if they found anything at all. Further, she doesn't know why anyone would leave items like this stuffed in the attic between the layers of the floor like a primitive, but highly combustible, insulation.

"It's kind of weird," said Mrs. Keith. "Maybe we had an intuition about the whole thing." After living in the house for three years, "our curiosity just got the best of us when we started looking up there," she said.

The Keiths said that they will try to clean up the items and preserve them for family interest.

Successive trips to the attic with what she called "strangling dust" as thick as rich garden dirt, produced these items:

A copy of "Blair's Common and Decimal Arithmatic: The art of numbers may be learnt in a tenth of the usual time" London 1837;

Several volumes of Beadle's Boy's Library of Sports, Story and Adventures including "Kit Carson: King of Guides" by Albert W. Aiken;

Ed Holdway's "Olney's Practical arithmetic volume dated 1879-81;

A wedding invitation for Thomas Holdway for the wedding of Libbie Lehn to W.H. Lehr, Oct. 24, 1883 at St. Mary's Church, Manchester;

Thomas' Bible dated Dec. 25, 1870, inscribed "The present of a friend;"

A boy's tie with button loop at the back neck;

Two pie tins;

A liver pad from Brooklyn, N.Y. Perhaps it was used with a poultice to cure some liver ailment;

Several almanacs "for gratuitous distribution" by J.W. Patterson, druggist, including one with the story of the Shakers, an extinct religious sect;

A collection of bottles with labels, including lemon extract, Rye Whiskey from a Toledo, Ohio distiller; Dr. Kings New Discovery for Consumption, Elkhart, Ind.; a perfume bottle; prescription bottle from J.W. Patterson, Tecumseh pharmacist.

(Continued on Page 3)

100 YEARS LATER — Mrs. Willard Keith and daughter, Tina, 410 E. Logan St. show the assortment of historical items that they uncovered in their attic. The collection includes a type of dart game from Avery & Ellis, onetime Tecumseh grocer, and a flour sack from Tecumseh Steam Mills, an assortment of bottles with labels intact and a number of almanacs, from J.W. Patterson, pharmacist, all just about a century old. (PHOTO BY KATHY BROWN)

Ken Hall Honored, 'Man of the Month'

Former Tecumsehite Kenneth Hall, 77, of Bradenton, Fla. was recently honored as "Man of the Month" in the Bell Ringer newsletter of the Bradenton, Fla. High Twelve Club #386.

Ken, who has been a Mason for 56 years, was one of the attendants at the dedication of the new Masonic Temple in Tecumseh.

Nov. 9, 1979, the night of the dedication, was the anniversary of his joining the Masonic Lodge 56 years ago.

He served as worshipful master in the Tecumseh F&AM #69 in 1938. According to the newsletter story, he is the oldest living past-master of his lodge and three are only nine members living who joined that lodge before he died.

He was born in Ohio in 1902, but his family moved here so early in his life that he considers Michigan his home.

After school, Ken became associatied with the United Savings Bank, where he was assistant cashier until the infamous bank holiday that eliminated all bank jobs.

During his banking career, Ken involved himself in local politics, serving successively as city clerk, member of the board of trustees, and finally superintendent of the cemetery, for a total of 14 years in civic service.

In 1939, Ken took employment with the Tecumseh Products Co., a munitions maker for Uncle Sam.

He worked well with the government in the settlement of account. Ken was later apppointed assistant treasurer and board secretary. He was in charge of the 30 employees in the accounting department and of the executive payroll for six divisions until his retirement.

Married to Bernice in 1926, they have one son, one grandson and one granddaughter. The highlight of their golden wedding celebration was a trip to England in 1976.

After retirement, Ken found time to become a 32 degree Mason, a Shrin er, a Hight Twelvian where he has a perfect attendance for 12 years, and a member of the Manatee Scottish Rite Club, as well as a member of the Egypt Temple Past Masters Unit.

His brother is Clarence Hall. Macon Cemetery sexton.

CARDBOARD KIDS — Among the members of the junior class at Tecumseh High School that impressed the judges with their decorating talent and Christmas spirit were from left Tim Walsh, Barb Marcotte, Sue Phelan, Terri Geisen, Karla Sutherland, junior class advisor, Scott Hans, Mike Hoffman and Joe Ruggirello. Junior Class Without Equal

by Kathy Brown

They said it couldn't be done, but the junior class of Tecumseh High School proved that among the classes there, they have no equal when it comes to teamwork and class spirit.

The latest honor awarded to the class in a string of many accomplishments was the first place nomination for the class Christmas decoration display.

The members of the class turned out on Friday and Saturday, after school hours, to design and decorate their designated hallway as a Santa's Workshop.

Their use of cardboard both in this project and their prize winning homecoming float has earned them the nickname, "The Cardboard Kids."

For their Christmas display, the students put appropriate signs above each of the classroom doors, such as "misfit toys, stuffing room, chief elf (over Don Brazee's office of student activities), doll room, etc."

Letters to Santa Claus from members of the class were artfully posted on the walls.

Above the lockers, they assigned cardboard elves that were realistically painted with poster paints. And wrapped packages tempted passersby.

At the end of the hall was Santa's fireside corner, complete with Christmas tree, wood stove with aged supply, rocking chair and assorted wrapped packages.

A block letter banner was strung throughout the hall proclaiming "Welcome Home Santa" and also "Merry Christmas from the Juniors and Welcome to Santa's Workshop."

Each class received $15 from the student council to use in the Christmas spirit promotion.

The seniors used Peanuts characters. One of their banners declared "Mistletoe Season." The sophomore and freshman classes decorated their hallways more traditionally with garland, crepe paper and bells. Some of the classroom doors were gift wrapped.

The Christmas spirit honor capped a semester dominated by junior awards that included homecoming float award, spirit award, most magazines sold, most canned food collected for the needy.

"I think that the whole student body should be commended for their cooperation. There was no vandalism of the display and I think that was because they appreciated the amount of work that went into the project," said junior class advisor Karla Sutherland.

Apparently the school's pride impressed other people too, since the Herald received an anonymous call from a gentleman that tipped us off to the story. He too, praised the student body for their respect for property, artistic efforts and spirit.

The Herald adds its congratulations, too.

4 Minor Accidents

Only four minor traffic accidents occurred on city streets the past week. Resume is:

Dec. 21 — A car owned by L.E. Brown was struck in the front and pushed back 15 feet while parked at the Embers Bar. Other vehicle and driver are not known.

HANDLE WITH CARE
During a time of crisis and need caused by the loss of a loved one, we really do need t be "handled with care." We need the presence of friends. Comfort. Reassurance.
We also need the competent, qualified, understanding assistance of someone who knows what to do, someone who can ease the burden of our grief. This is what we, as experienced funeral directors, provide for every family we serve.

Mr. and Mrs. Calvin Dixon were dinner guests Sunday of Winnifred Curry.

++

Kevin Bordine and friends accompanied Mr. and Mrs. Harold Bordine to attend the "Kiss Concert", at the Sports Arena in Toledo, Ohio.

++

Mr. and Mrs. Roy Brosamer had a pre-Christmas dinner Thursday evening. Guests were Mr. and Mrs. Dennis Irelan and daughters, Kelly, Marnie and Corbin of Tecumseh and Mr. and Mrs. Max Hawley of Onsted.

++

Frances Wright of Toledo, Ohio, spent part of the weekend with Addie and Grace Brackney. They celebrated her birthday.

CHRISTMAS SPIRIT DONATION — George Eidson, Asst. Superintendent of Special Education, happily receives a check for $469.50 from the employees of the United Savings Bank. Mary Leinaar, center, got the idea to not buy Christmas gifts for exchange this year and all the bank employees agreed and decided to donate the money to a good cause. Earl Mason, left, was more than happy to make the presentation to the Porter Center.

Riley Joins Staff

Lenawee County Prosecuting Attorney Harvey A. Koselka has announced that Frank C. Riley of Blissfield, has joined his staff as an assistant prosecuting attorney.

He fills the vacancy created when former assistant prosecutor, William Kenyon, resigned to take the position of assistant Adrian city attorney.

It had been previously announced that attorney, Henry Newlin, of Tecumseh would be filling that vacancy, but Newlin subsequently decided that the authorized salary and benefits available were not adequate to compensate him for the hours he would be required to devote to the position.

Elected Director

John Frye of Tecumseh was elected as a director for the Croswell Opera House and Fine Arts Association, a non-profit corporation formed in 1967 to operate and maintain the Opera House and stimulate interest in the cultural arts in Lenawee County.

Library Plans Activities

When the "End-of-Christmas-vacation Blahs" invades Tecumseh, Tecumseh Public Library will be there to help.

Thursday, Jan. 8, between 2 and 4 p.m., the library will host a mini-film festival for Tecumseh-area elementary students.

These two hours of free films include animated and real-life action movies "to interest all ages of elementary children."

Young viewers will explore several kinds of thrilling auto races in "The Wild and Wonderful World of Auto Racing."

Stick cars, dragsters, funny cars, Indy 500 racers, and their drivers come alive on the screen in exciting racing action.

A Hollywood stuntman demonstrates the tricks and moves to his trade in "Stuntman." He explains everything from fist fights to car crashes.

Several Disney cartoons will be shown. They include "Peter and the Wolf," "Magic Whistle," "Litterbug" (narrated by Donald Duck), and "Little Toot."

"Playful Pelican" and "Three Little Wizards" round out the film schedule. "Playful Pelican" features Andy Panda.

The three little wizards in the other cartoon can conjure up anything they want, but only in one color (red, yellow, or blue). Red and yellow get along well, but blue destroys the harmony. They finally discover what working together can do for colors and people, too.

Grim Finances for Red Cross

Calling its financial situation precarious and grim, the American Red Cross announced it is taking the unusual step of launching a $15 million dollar nationwide fund drive to bolster depleted reserves needed for disaster relief.

In launching the special campaign for funds, the Red Cross has advised the Lenawee County Red Cross Board of Directors that a quota of $4,098 has been assigned to this county.

Citizens and businesses in Lenawee are urged to respond to this critical need. During this "season of giving" it is imperative that the community consider a gift to the disaster relief fund, if Red Cross is to fulfill its obligation. If each family would give just one dollar the goal could be met.

The nation's largest volunteer relief organization reports its already has exhausted the amount budgeted for disasters this fiscal year, which runs from July 1, 1979 to June 30, 1980.

Relief and preparedness expenditures along with committments thus far are more than $23 million. The total budgeted for the year, including contributions, was $18 million.

The major reason for the financial crisis was placed on heavy relief expenditures to help hurricane and flood victims this past summer in this country, involving seven states, Puerto Rico and the Virgin Islands.

Ther have been a total of 21 national disaster operations since July 1. Emergency feeding was provided to 453,331 victims and extended assistance were given to 70,688 families.

Readers may send tax deductible contributions to American Red Cross Disaster Relief, 204 N. Broad St., Adrian.

If your brand new car is 'totaled' will your insurance company pay you for a brand new car?

Some insurance companies think a new car is a used car the minute you use it to drive out of the dealership. Not Auto-Owners.

With Auto-Owners, if you have an accident anytime within 90 days and your new car is a total loss, we'll pay you the total cost of your new car. And with Auto-Owners, your new car is covered immediately, automatically, under your previous policy.

So if you're about to get a new car, talk to us at Auto-Owners. Maybe you should get a new insurance company, too.

Thru My Window

BY MARDA GENE DUNCAN

Just lately the squirrels have been IT. At least, in this viewing area, the four-footed, bushy-tailed acrobats are by far and away the most numerous and the most dependable actors. In fact, there have been times when they were the only actors.

We keep telling ourselves that this yo-yo weather is partially responsible for the lack of birds. The temperatures swing from almost warm to positively freezing and, as the weather goes, so goes the bird watching.

During the milder periods many of the winter gang, who would ordinarily be flocking to the food trays, are scrounging on their own and dining at Mother Nature's banquet boards.

These are always well stocked at this time of year and it is only right that the birds fend for themselves.

However, the squirrels seem under no such compulsion to assert their independence. They are at the feeders every day. Oh, how they are at the feeders.

It is no wonder that they are all big and fat, they look almost stuffed into their heavy fur coats. On some the fat shows in regular rolls.

Of course, a steady diet of corn and sunflower seeds should put on the ounces. As usual they will munch on the sunflower seeds and, only after they are gone, tackle the corn.

It takes practically no time at all for a squirrel to pick up a sunflower seed, spit out the outer shell and gobble down the seed itself.

With corn they bite off a kernel, eat only the germ and the rest is dropped.

This is the first eat through. On the second time around they are a bit more choosy. We have chuckled at our big toxies when a new supply of food is not forthcoming, they will carefully check through the leftovers.

Sometimes there might be a bit of sunflower seed left in the shell and often they will pick up and eat the germless kernels of corn.

Many of the birds, when they do come to the feeders, are perfectly happy with leftovers.

Mourning doves and bluejays eat the corn while chickadees and their cohorts glean through the piles of sunflower seed shells.

I have tried to stay away from names but occasionally a squirrel comes along and demands some special attention. Thus I would like you to meet Dark-Face/Straight-Back/Light-Front. She is a lovely, lovely gal. She might be a trifle smaller than the others but, the way she eats, she will catch up soon.

On the front of her face, starting on the top of her head and running triangular fashion to her nose, the fur is noticeable darker.

Her underside is slightly darker than cream but is a little lighter than light tan or fawn. When at the feeders she, more than any squirrel we have ever had, spends much time standing or sitting with her back ramrod straight. She either looks quizzically through the window as if wondering what is going on in here or she's gazing up the creek wondering who knows what.

Often she will stand with one hand casually braced against the ear of corn, or hold her right hand over her heart as though pledging allegiance, but what makes us chuckle the most is when she clutches both little front hands/paws tightly to her breast. She looks so worried and we just know she is sighing, "Oh my-oh my."

Of course, not all of the squirrel performances are staged on the near-my-window feeders. After all, there are but two food trays there and our resident troop of squirrels now number eight.

We've actually seen that many at one time. (How many are waiting in the wings there is no way of knowing.)

But anyway, much of the good theater is confined to the tree tops. Their dare-devil, breath-taking acrobatic feats will have to wait for another week -- believe me, it is a first class thrill show.

Thieves Take Blazer Tires Valued at $600

CLINTON — William Schulz, Adrian, was the owner of a Blazer, left for service at John Underwood Chevy garage Dec. 22, when thieves broke out a window vent, and, using a jack removed three Uniroyal Landtrack tires.

The fancy, 10 inch off road vehicle tires were valued at $600.

Clinton State Police are investigating.

Ed King Candidate

CLINTON — In last week's announcement of candidates filing petitions for Clinton Village positions, the name of Ed King was inadvertantly listed with the candidates for the Smith-Kimball Community Center Board.

Ed King is a candidate for a one year term as trustee of the village council.

Singers Entertain Thursday Gathering

by Maxine Calhoun

CLINTON — The community was treated to a highly entertaining Winter Concert presented by CHS Women's Chorale and the Young Singers of the Clinton elementary Schools, Thursday evening.

More than 200 persons were cozily crowded into the United Church of Christ, where beribboned garlands decked the sanctuary and candlelight and Christmas tree, made an appropriate setting for the hour and one-half program, with the religious music entirely in celebration of the birthday of the Christ Child.

Directed by Ed Aulk, and accompanied by Carolyn Dicks at the organ, the Women's Chorale sang a medley of the less familiar hymns and carols of the season.

They were colorfully attired in light blue vests and long skirts, worn with white blouses.

By using stage risers, the Chorale and the 80 Young Singers could be seen and heard comfortably by the audience.

Besides charming their audience with their fine musical performance, the exemplary discipline of the 80 youngsters during the entire program is a credit to them and to their director, Ed Aluk, as well.

The last half of the program featured the cantata "Let the Whole World Know," by John F. Wilson.

Featured guest soloists included Alan Brown and Alison Bailey.

Women's Chorale is working diligently to travel to Hawaii to attend the Ninth Annual Hawaiian Feestival of Music competition in the spring, and the concert offering will go toward that goal.

Santa Brings Rescue Van

by Maxine Calhoun

CLINTON — A three-year project by Clinton Firemen's Association, resulted in delivery of a new rescue van, to the community, just in time for Christmas. It's expected to be in operation by this weekend.

Actually delivered six months ago, the Dodge Carry-Van has undergone extensive interior conversion to accomodate the various emergency equipment, generator, scanner, Jaws-of-Life, medical supplies, etc.

Birch cabinets were custom-designed by Bob Wojtowicz of Bob-Craft, Clinton, and lettering was done by Bob Decker, local sign painter.

Vehicle, valued at $20,000, was purchased entirely by efforts of the Clinton Firemens Association and the Cinderettes, from fund raising such as Firemen's balls, Fall Festival projects and other private donations, during the past three years.

No taxpayers funds were used for the van purchase.

Fire Chief Harlon Ruhl recalled that Clinton had had some sort of rescue vehicle since before he joined the department 19 years ago, a modest Jeep for many years.

Department, jointly supported by Clinton Township and Village of Clinton, has a complement of 25 firemen including Chief Ruhl, all local volunteers.

Of these, 14 are trained emergency medical technicians, (EMT) and the van carries three men on a rescue run.

This year, 1979, set a new record, as the Clinton firemen have answered 140 calls to date, with an estimated 70 percent being rescue runs.

This was an increase from 1978, when 89 calls were answered.

Chief Ruhl said most of the calls are for personal injury accident calls on US-12.

We suggest that Clinton area folks will want to hunt up a fireman or a Cinderette, shake their hand, and express appreciation for this fine gift to the community.

A SAFE MILLION — Jim Kotts, at left, driver for the past 12 years at Budd Co., recently received a special award for driving one million miles without an accident. Beside him are Tom Mansdorfer, Budd traffic manager, and Larry Rees of the Michigan Trucking Association. Jim wanted to make sure that his wife, Roxana, received credit, too, "for keeping those meals warm when I was late." Jim will be eligible for a driver of the month and driver of the year award through MTA. This is the first such safety award for the Budd Company, said a spokesman.

Legion Honors Frank Allen

CLINTON — Frederick E. Pieper Post American Legion honored it's oldest living member, Frank Allen, 91, as a charter member, recently.

Only other living charter member is former Clinton postmaster, Walter Pieper, of Tecumseh.

Both served in World War I and helped establish the Legion here in 1919. Frederick Pieper, who was killed in France, was Clinton's only WWI casualty.

A resident of rural Clinton all his life, Frank Allen graduated here in 1908. He operated the family farm east of the village on US-12.

In more recent years, he retired to a residence north of Clinton on Manchester Rd. He served for many years as village sexton.

Due to ill health, several months ago, Mr. Allen and his wife, Alta moved to the home of a daughter, Mrs. Robert Pollock in Decantur, where Mrs. Allen died recently.

Presentation of a Golden Certificate marking more than a half century continued membership, was made at Decatur to Mr. Allen, by members of the Legion.

Seaman Sanders Returns from North Atlantic

Navy Ship's Serviceman Seaman Rickey R. Sanders, son of Jewel Francis of 9625 Tecumseh-Clinton, has returned from a deployment in the North Atlantic.

He is a crewmember aboard the destroyer USS Manley homeported in Mayport, Fla.

During the two-month patrol, the Manley participated in two major NATO exercises, "United Effort" and "Ocean Safari 79," as part of a NATO strike fleet.

These exercises were designed to demonstrate and improve NATO's capability to provide maritime support to Europe in time of crisis or war. Ships of his task group visited 25 different cities in eight countries during the deployment.

The Manley is 418-feet long and carries a crew of 304 officers and enlisted men. She is armed the guns, torpedoes and anti-submarine rockets, and can travel in excess of 32 knots.

Sanders joined the Navy in February 1976.

MASONIC LODGE OFFICERS — The 1980 officers for the Tecumseh Masonic Lodge F&AM No. 69 were the first to be installed in the new Masonic Temple on Bishop Reed Dr. Dec. 12. They are from left, Larry Stalls, junior warden; Gil Purse, worshipful master; Jim Tonneberger, senior warden; Jack Baker, steward; Wilson Miller, marshall; Marvin Stoller, treasurer; Dean Moore, chaplain; Wilmer Kiser, secretary; Charles Squires, junior deacon; Russell Smith, senior deacon; Dick Baker, tyler; Jim Bone, Lonnie Stalls and Jeff Baker, all stewards.

Plan Early for Credit

A new year's resolution of farmers and other borrowers should be to plan credit needs in advance and make sure additional credit is really needed, according to Dr. John Brake.

Brake, agricultural economist at Michigan State University, says the confusion and volatility surrounding national money markets at the closing of 1979 are clouding the outlook for credit and interest rates in 1980.

Many experts believe the economy moved into a recession in the fourth quarter of 1979 but are unsure of the recession's severity.

A number of circumstances are contributing to economic uncertainties.

The freeze on Iranian assets in U.S. banks and concern over tensions in the Middle East could trigger other nations to withdraw deposits from U.S. banks, according to some analysts.

Many Americans, apparently skeptical about the government's ability to control the 13 and 14 percent annual inflation rate, are purchasing goods now in anticipation of higher prices ahead.

Recently concluded labor contracts will boost wages at least 10 to 12 percent higher than productivity increases for several years, given expected inflation rates, Brake says.

Interest rates set record highs last year and may fluctuate more in 1980 as a result of the Federal Reserve Board policy, announced in October, emphasizing money supply growth rather than interest rate levels.

Short-term interest rates are expected to continue fluctuating more than long-term rates.

Brake says money market short-term interest rates will have peaked before January 1980 and will decrease during the first and second quarters of next year, along with decreasing bank interest rates.

But short-term rate decreases will be only two or three percentage points during the year, depending on the inflation rate and the severity of a recession.

Production Credit Association interest rates are likely to increase into the first quarter of 1980.

With interest rates of 12 to 18 percent, costs can be cut considerably by avoiding unnecessary credit purchases, says Brake, who also recommends using extra checking account funds to reduce debt.

Pfc. Swain was home on leave in November and is now stationed at Schofield Army Base in Honolulu, Hawaii. He is in bridge engineering.

Music Club Meets

The December meeting of the Tecumseh Music Club, a member of the Michigan Federation of Music Clubs, met at the home of Mrs. Richard Broniman of Clinton.

Mrs. Broniman's home was decorated for the Holiday season, the tree containing several ornaments she has kept since her childhood.

The program opened with a musical quiz on musical terms and general information concerning music, conducted by Elizabeth Wilson.

The musical program began with a duet arrangement of "O Little Town of Bethlehem" by Fred R. Bolton, sung by Mrs. Broniman and Caroline Harris, accompanied by Mrs. Larry Dicks.

"Hush, the Baby Is Sleeping" by Kurt Kaiser, was sung by little Melissa Hayes, accompanied by her mother, Ruth Hayes.

"Is He Fair?", by Alberta Childs Wright, was sung by Mrs. Hayes, accompanied by Mrs. Broniman.

"And There Were Shepherds", by Ira B. Wilson was sung as a duet by Mrs. Broniman and Miss Harris, accompanied by Mrs. Dicks. The program was concluded by the group singing Christmas Carols.

Refreshments were served by the hostess, assisted by Mrs. Daniel Reilly.

The Jan. 8 meeting will be held in the home of Mrs. Wilson.

Tecumseh Library To Host Passive Solar Heating Program

Tecumseh Public Library will present a free program on passive solar heating for homes Jan. 8, at 7 p.m. in the library meeting room.

Ann Arbor builder Don Price will bring pictures of his three story passive solar house, which he built himself.

He will describe his own home and discuss how solar heating concepts may be planned for new houses or used in remodeling existing houses.

"Passive" solar heating is accomplished by methods which do not require mechanical power, such as fans and pumps, to move heat.

The Price home exhibits passive solar features such as south-facing windows to let in the sun and natural convection which allows the warm air to flow upward through the three stories.

The Prices supplement sun power with five wood stoves, which used only 2½ cords of wood to heat the house last winter.

Two solar heating panels on the roof collect sunlight, which provides heat for the Prices' hot water heater, the only "active" part of their system.

In October, the Price home was featured on a tour of Michigan solar homes during the Michigan Solar Energy Association's Sunburst 79 Conference in Ypsilanti.

Singing in the New Year...

. . . is what Gramps called it! Every year at five to twelve he and Grandma would strike up a rousing chorus of Auld Lang Syne. Somehow we knew it would be a wonderful year because the family *sang* it in.

Facing the future as a family is a wonderful idea . . . not just on New Year's Eve, but *every* day in *every* season. Joys mean all the more when we share them with those we love. Disappointments are easier to accept when we stand together.

Every member of the family needs a shared spiritual foundation. The trust of each in God fortifies the faith of all the rest.

That is why our family worships *together*. And why, as we go forward into this exciting New Year, the song in our hearts is really a *Hymn*.

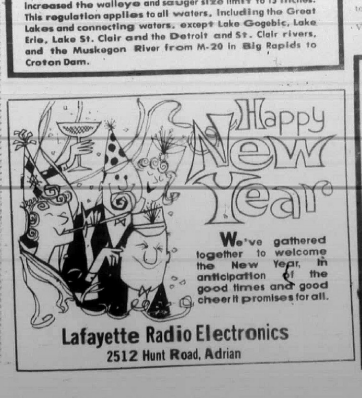
COMMISSION ORDER
(Under authority of Act 230, P.A. 1925, as amended)
WALLEYE AND SAUGER SIZE LIMIT

The Natural Resources Commission, at its meeting on November 9, 1979, under authority of Act 230, P.A. 1925, as amended, renewed for a period of five years beginning January 1, 1980, their order of July 9, 1976, which increased the walleye and sauger size limit to 15 inches. This regulation applies to all waters, including the Great Lakes and connecting waters, except Lake Gogebic, Lake Erie, Lake St. Clair and the Detroit and St. Clair rivers, and the Muskegon River from M-20 in Big Rapids to Croton Dam.



We've gathered together to welcome the New Year, in anticipation of the good times and good cheer it promises for all.

15 Attend Woman's Club

BRITTON — Fifteen members of the Britton Woman's Club met for their December meeting on the 18th. Hostess was Helen Millyard, with cohostesses Vivian Brown and Dorothy Hindes.

After pledging allegiance to the American Flag, and Michigan flag, the group sang "The Battle Hymn of the Republic," in honor of "National Unity Day."

For devotions, Mae Willis gave a Christmas reading and prayer.

During the business meeting, contributions were voted for Girl's Town, Music Camp Fund, Lenawee Youth Center and Goodwill L.A.R.C.

Coming up in February, Clubs of the Lenawee County Federation will honor past presidents at a 10 a.m. meeting at the Tipton Church.

Hazel Fish, program chairman for the December meeting, read poems by Helen Steiner Rice, "Where Can We Find Him," and a Christmas prayer. Each member told about "A Christmas I Remember." Melva Kanous accompanied on the piano for carol singing.

Cookies for shut-ins were packed at the end of the meeting. However, the group first shared cookies that were brought by each member, a cheese ball and crackers, tea and coffee.

Next meeting will be held in the home of Frances Ebershart Jan. 15.

Cub Den 63 Holds Party

BRITTON — At the Tuesday evening pack meeting of Den 63, a Christmas party was held.

The Cub Scouts' party was enjoyed with exchanging of gifts and having Christmas treats.

Each boy took turns at leading the group in Christmas carols.

Three boys were presented their bobcat badge, Mike Luvier, John Andrews and Larry Kasarue.

Wolf badges were presented to Adam Bury and Marcus Kempf.

Need Leaders

BRITTON — Britton Webelos are still without a leader.

One Cub Scout den is also without a leader.

Anyone interested in making some boys happy should call, 423-4538 or 451-8035.

Families Plan Celebration

BRITTON — Families of the Britton Bethel Baptist Church plan to celebrate New Year together.

They will meet in the Britton Junior High School gymnasium Monday, Dec. 31 at 7:30 p.m. All area families are invited to participate in the schedule of events for all ages, including food and fellowship.

Wednesday - Fish stick or hot dog, mashed potatoes with butter, bread and butter, gelatin, milk.

Thursday - Lasagna, tossed salad, bread and butter, pineapple and milk.

Friday - Pizza burger, mixed vegetables, fruit cup, cookie and milk.

You Told Us

In the Christmas Eve mailbag, we got cards and letters:

MaryAnn and Jim Bone and family send greetings from Moose Jaw, Saskatchewan where they celebrated Christmas with her family on the Canadian prairies.

Bob, Betty, David and Mike Kline sent a Christmas greeting. They found time, they said, to make merry in between decking their halls of their turn of the century house with wallpaper. Of course the card is a Kline original, depicting each of the family members constructing a "Noel" greeting from the cardboard boxes, ladders and paint they said is decorating their home this holiday.

Virginia Murray sends Christmas greetings and New Year wishes from Boyne, near Gaylord, where she said she is skiing. From the looks of Christmas Eve from our office window, however, we hope she brought her water skis! Wet weather for Christmas 1979. Gin is a nurse practioner at University of Miami, Coral Gables, Fla.

The staff was reunited with Dorothy Grigg for a Christmas party Dec. 15. As of this writing, we're not sure how long she'll stay in the area before returning to Harlingen, Texas. Her plans to snowmobile with sons Marv and Norman and families seem temporarily washed out by the rain. But we hope she'll stay long enough to see the Michigan winter's first cover of white and visit with old friends again.

Clare Virginia Eby, 711 W. Pottawatamie was named to the dean's list for the second semester at Indiana University Bloomington, Ind.

++

Spc Nancy Bishop came home Dec. 23 to visit her parents, Mr. and Mrs. Lonal Bishop. Nancy is stationed at Fort Carson, Colo. This was her first visit home from the army in a year. She will return to Colorado Jan. 3. She enlisted July 1978. Dec. 25 guests at the Bishop home were Mr. and Mrs. John Millspaugh of Ann Arbor and Ken Millspaugh, brothers of Mrs. Bishop.

PVT. WILLIS CRIST

Completes Training

Marine Pvt. Willis R. Crist Jr., son of Madeline Crist of 305 W. Pottawatamie, has completed recruit training at the Marine Corps Recruit Depot, San Diego.

During the nine-week training cycle, he learned the basics of battlefield survival.

He was introduced to the typically daily routine that he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills, including first aid, rifle marksmanship and close order drill.

Teamwork and self-discipline were emphasized throughout the training cycle.

A 1977 Tecumseh graduate, he joined the Marine Corps in June 1979.

Blue Birds Christmas

RIDGEWAY — The Ridgeway Blue Birds Friends held their Christmas party, Dec. 18, at McDonald's.

The girls exchanged gifts and got to visit wi[illegible] the party.

Before arriving at McDonalds, the girls sang Christmas carols for Mrs. Willis Gray, Mrs. Ronald Harper, Pam Harper and Kristen Crawford of Tecumseh.

Next meeting will be Jan. 8 at Mrs. Thompson.

Abundant good wishes to you all in appreciation of your continuing support. The best is yet to come in 1980, a year of prosperity and plenty!

News From The Tecumseh Chiropractic Life Center
101 S. Pearl Tecumseh

Why does a Chiropractor take X-rays?

There are two main reasons why your Doctor of Chiropractic x-rays your spine: One, x-ray is the best way he can "Look inside" the body and see if there are any fractures, malformations dislocations, etc. Some conditions are not chiropractic cases and would need to be referred out.

Once the chiropractor determines that there is nothing present that would prevent the patient from getting results through chiropractic care, a thorough analysis of the spine is done to find the underlying cause of your condition, whether it can be corrected and how it can be corrected. Misalignments of the vertebrae of the spine, causing pressure or irritations to the nerves within the spine or as they leave the spine, can cause many diseases throughout the body.

X-rays of the spine are used to determine which vertebrae are out of place. Then the chiropractic adjustment can accurately correct the misalignment, removing the cause of the condition and allowing the body to restore health without drugs or surgery.

Happy New Year!

THS Cagers Rout Carlson

Indian Ron Smith led in scoring again Friday night to help up the Tecumseh record to 2-3 as the Indians won their second straight basketball game, 55-37.

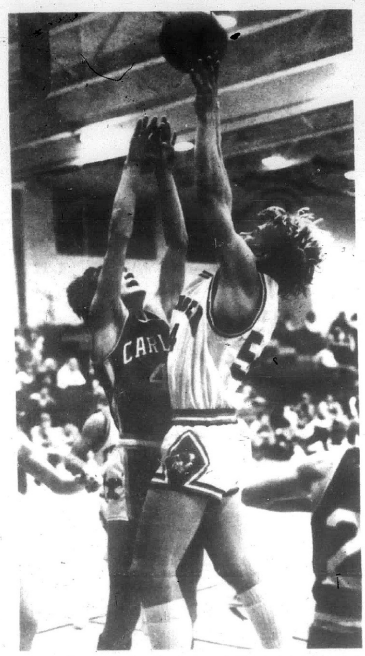
The win over Gibralter Carlson was the first victory in the Huron League for Tecumseh.

Carlson dropped in the first two points of the game, but Tecumseh saw to it that the visiting team never led again. The Indians were up at the end of the first quarter 10-6 and expanded that margin to 23-16 at the end of the half. Smith paced the Indians to that half time lead with six baskets in the second period.

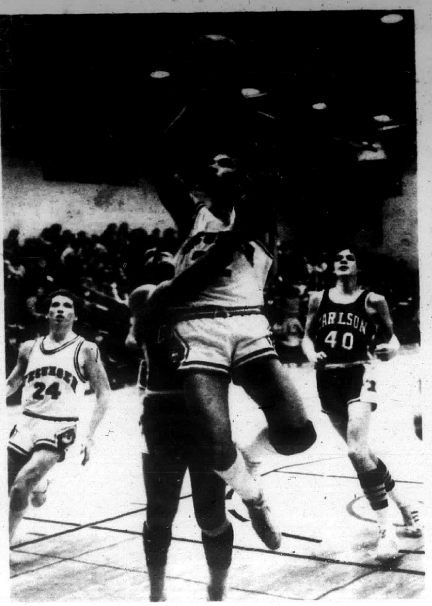
Tecumseh then scored 13 and 19 points in the second half while Carlson never did threaten. They scored eight and 13 points in the last quarters.

The Indians hit 22 of 58 attempts from the floor for 38 percent and they hit 11 of 20 free throws. Smith led in rebounding with a game high boards for Tecumseh in their 29-22 edge. Aiding the scoring for the Indians were Scott Schafer with 11 points and Dave Duhan with eight.

Tecumseh's next game is here Jan. 4 against Monroe Jefferson.



UP FOR TWO — Tecumseh's Scott Schafer goes high for two points Friday.



HIGH SCORER — Ron Smith repeated his high scoring performance for the Indians Friday in their 55-37 win over Gibralter Carlson. Smith tossed in a game high 19 points. (PHOTOS BY KEVIN TRICKEY)

WORKS IT INSIDE — Scott Hans works the ball inside, around and then goes to the air for two points against Carlson in the Indian win Friday. The victory was the Tecumseh squad's first in the league.

Gymnastic Preview

The Tecumseh High School gymnastic's team is offering a demonstration of their competitive work and gymnastic judging Jan. 7 at 7 p.m.

Everyone is invited. Demonstration will be held at the THS gym.

Christmas Tourney

Clinton sports action in the waning days of the decade will include a Christmas tournament at Deerfield for the varsity boy's basketball team on the 28th and 29th of December.

In the opening days of the next decade we will see the volleyball team swing into action on the 7th of January against Morenci and the Redskin matmen resume their schedule with a match hosted by Addison on the 10th of January.

Volleyball To Begin

Tecumseh girls volleyball and gymnastics and Britton volleyball are set to begin the first part of January.

Gymnastics for THS opens Jan. 9 at East Jackson while volleyball begins the 7th at Jackson Northwest. Volleyball for Britton begins the 7th and they host Waldron in their opener.

Tecumseh JV's Split Pair

Tecumseh JV was in action twice this week, losing to Ypsi Lincoln 62-63, and beating Gilbralter Carlson 49-37.

In the Ypsi game, Tecumseh battled back from a 12-4 deficit in the first quarter to take the lead in the second quarter. However, Ypsi led at half 46-33. After the half, the lead changed hands numerous times with Ypsi finally victorious.

A balanced attack paced the JV Indians with Herb Kelly's scoring 16, Jeff Corley scoring 15, and Scott McDonald accounting for 14 points. Rex Robison grabbed eight rebounds.

Friday night, Tecumseh jumped to an early 15-2 advantage and had a halftime margin of 31-17.

Carlson made a comeback in the third quarter, closing the Tecumseh lead to seven points at 38-31. Tecumseh rallied in the final quarter, leaving the game victorious at 49-37.

McDonald led Tecumseh scorers with 10 points, Rex Robinson added eight. Rebounding power was led by Guy Spreeman with 10.

Tories Win Big, Loose Squeaker

Britton's Tories blew Summerfield off the court Tuesday with an 80-53 victory, but lost to Deerfield Friday by a slim four point margin.

Tuesday the Tories never gave Summerfield a chance as they jumped on to a 26-10 first quarter lead. They then hit 24 points in the second quarter to lead 44-22.

The Tories came out hot again in the third frame and hit 26 points to Summerfield's 12. Summerfield took the fourth frame edge, 19-10.

Randy Dusseau led the Tories with 24 points, sinking 12 baskets from the floor. Dusseau had a lot of help, however, with every Tory scoring in the game.

Other leading scorers were Troy Bailey with 14 points and David Bruce and Jim Heiden also hit double figures with 10 each. Heiden and Jim Slatick helped key the win with good off-the-bench performances.

Britton hit a very impressive 51 percent of their shots from the floor and also dominated the boards with a 51-22 edge. Bailey was high for the Tories with nine rebounds and he also had seven assists.

Friday was a different story for the Tory players as Deerfield's Wayne Keinath sank two free throws with 10 seconds left on in the game to ice a 56-52 Deerfield win.

The Tories took a 17-11 first quarter lead, but saw that lead reverse in the second quarter as Deerfield pumped in 16 points to a cold five for Britton. Britton then hit 16 points in the third quarter to Deerfield's 11 to tie the game up 38 all.

The game stayed close from that point on with Heiden narrowing the Deerfield lead to 54-50 with just under three minutes left in the game. Tory Dan Harriott then hit a short jumper to shorten that margin up by two. Britton could score no more and the Tories were force[illegible] Deerfield's Keinath[illegible].

Dusseau was the leading scorer for Britton with 16 points. Harriott added 12 points. Britton overall was 22 of 64 from the floor for 34 percent and eight of 18 from the charity line.

Britton's next game is Jan. 4 against Sand Creek.

THS Matmen Tie Parma

The Tecumseh matmen tied their match against Parma Western 35-35 in a non-league meet Thursday.

After trailing in the lower weight divisions the heavy weights muscled the Indians to the draw.

Stalwart Stu Williamson came through for the lightweights at 112 and defeated his opponent 13-3.

Other decisions for the Indians went to John Southard at 132 and Tony Turner at 198, Matt Barrett wrestling at 132 and Chris Silberhorn at 155 both came up with pins for the Indians.

The next match will be held at Airport January 3rd.

Tecumseh Gymnasts Limber Up

Tecumseh gymnastic coach Mary Wood returns an impressive squad of competitors this year after losing only one girl to graduation. Three seniors, three juniors and four sophomores return to the squad and all are proven gymnasts.

Seniors include Joanie Spencer, who participates in all four events — the bars, floor exercises, beam and vault. Becky Schneirla competes on the beam and on the floor and Judy Harris competes on the bars.

Juniors returning include Theresa Dangler and Leslie Oliver. Theresa competes in all events and Leslie specializes on the floor exercises.

Sophomores include Martha Hans, Susie Erb, Toni Vargos and Tammy Moulton. Hans competes in all events, Erb on the beam and floors, Toni on the beam and Tammy in the vault.

Twelve freshmen are also on the team, but most are relatively inexperienced and coach Wood does not know where they'll fit into the team this early in the season. Two, Cheryl Salters and Jill Schmidt, look promising.

The team as a whole then is experienced after losing only one girl to graduation. Spencer, Schneirla and Hans, who return to the team, traveled to regional competition after the '79 season. Consequently, coach Wood expects another year of high level competition.

The team will be off to slowed up start this year after two of the most promising girls are working off early injuries. Still the team opens Jan. 9 and the girls plan to be ready. The 1980 schedule overall is a little lighter for the girls with class A schools Adrian and Huron eliminated from the competition.

As an interesting sideline, Tecumseh competes in no league in gymnastics because of the lack of schools with the sport in their athletic program. Next year, three schools will be on their schedule in the new SEC league and the local favorites may soon have the additional competition of a league championship fight.

Boat Show Scheduled

The 50th Anniversary Chicago Boat, Sports and RV Show is scheduled for Jan. 2-6 at McCormick Place, Chicago.

The show will cover two entire floors of McCormick Place, 401 N. Michigan Ave.

Like Mary Jane Winzeler
Russell Road Office Manager

United Savings Bank chose Mary Jane Winzeler as the manager of their new Russell Road office for two very good reasons.

First, Mary Jane knows banking. She has worked at USB for 13 years and knows how to provide the right banking services for each customer—quickly and efficiently. And second, Mary Jane just naturally likes people. She makes an old friend or a new customer feel equally at home at USB.

Mary Jane knows a lot of people in the Tecumseh area. She was born and raised in the area and is married to Jim, who is both a farmer and an employee of Tecumseh Products. Together, through 27 years of marriage, they have raised three children, worked the farm and been involved in community projects.

Come to the new Russell Road Drive-In office of USB and meet Mary Jane Winzeler (if you don't already know her). She'll make you feel welcome and provide you with the very best in banking service. Mary Jane is just one of the hard-working people at USB who cares about you.
